Chapter 2861 - Sweeping the Celestial King Ranking

"Why do you say that?"

Long Chen remembered that in the fourth place on the Divine King List, his name was 'Tian Yi'.

It was said that the top four of the Divine King Rankings had cultivated for many years, and were instead the smallest four out of the top ten.

Ling Luo explained in detail: "Tian Yi is from the Heavenly Sacrifice Realm, the domain of the Great World of the God's Sacrifice. The Sacrificial World could be considered an overlord of the dozens of worlds around them, but to the entire Heavenly Sacrifice Realm, they were not really big names. Heavenly Sacrifice Realm had a world called 'Sovereign Sun Refining Divine Realm'. This is a world that is slightly scarier than our 'Nine Yin ancestral realm'. Its overall strength surpasses ours. It is said that the master of the world, who is also known as the 'Heavenly Worship Domain Lord', is more powerful than my ancestor. The Heavenly Worship Domain Lord is called 'Shen Yi', and the fourth place on the Divine King List is called Tian Yi. Although he is the youngest son of one of the many sons of Shen Yi, he is also one of the most respected figures in the entire northern region of the Myriad Realm, one that no one dares to offend! "

"Damn."

Long Chen was a little confused.

When he was fighting against the fourth rank of the Divine King Ranking, he never thought that this fellow would be the son of one of the few 'Domain Lords' and that he would be the famous son of Shen Yi'. It was no wonder that this fellow was so arrogant, his status was so high that even the guardian of the king level Battlefield of Divine Devil did not dare to offend this fellow.

Compared to Li Xuanji's master and the disciple of the 'Tianyin Region Lord', the identity of this Tian Yi, the son of Shen Yi, was obviously higher. With the terrifying strength of that Heavenly Worship Domain Lord, Tian Yi would definitely be able to become a Divine Emperor in the future, and even have the possibility of becoming a Sovereign God!

He was far from his limit.

It was precisely because of this background that the other peak Divine Kings of the Divine King List were afraid of him and did not dare to offend him. If they wanted to curry favor with him, even if he said something unpleasant, the other Divine Kings would have no choice but to admit it.

"My ancestor masters also had many sons, but they all became Divine Emperor, so they weren't in the Battlefield of Divine Devil. Otherwise, they would have had to occupy one of the top ten places in the Divine King Rankings. Aside from the Tianyin Region, all the other four territories in the Star Alliance had children of the Hierarch present. Other than Tian Yi, who was ranked fourth on the Divine King List, Sky Rush Domain, celestial domain, and the Heavenly God Realm also had three children of the Hierarch, each occupying one of the top three places on the Divine King List. They will be even more powerful than you, but right now, your biggest problem is Tian Yi. "

She smiled lightly and said, "If you can challenge Tian Yi, I'm afraid that the entire 'Sovereign Sun Refining Divine Realm' will remember you. Tian Yi has a great reputation within the Sovereign Sun Refining Divine Realm, and even within the entire Heavenly Sacrifice Realm. It is said that he is one of the top three most talented sons of the Divine Yi Sect. Sovereign Sun Refining Divine Realm is the true ruler of the Heavenly Sacrifice Realm, and is also one of the Overlord Realms in the entire Northern Star Domain. "

It looked like it would be a huge commotion.

"To be honest, I underestimated the Divine King Ranking. I never thought that there would be such a character on the Divine King Ranking. No wonder so many people think I'm joking when I say that I want to be the number one on the Divine King Rankings. However, the more difficult it is for me, the more it will be for me to train. If I can't succeed once, then I can try a second time, a third time! If I can reach the top of the Divine King Ranking, not only will I be able to shake all ten thousand worlds, I will also be able to deal with the eight Divine Emperor of the Immortal God Clan.

That would mean that there would be even more Innates who would be interested in him and would protect him. Then, even if the Divine Emperor Emperor chased after him, he might not be able to take down Long Chen in a short time. It would be just like how the Immortal God Clan couldn't do anything with the protection of the Dark Star Divine Emperor.

"I hope you can succeed, and she will be proud of you. In fact, I think she's proud, and you're the only one she's ever heard of who admires that feeling. Long Chen, your future will definitely be exciting. You are a different person. " Ling Luo's eyes glittered as he said this in a serious tone.

Li Xuanji

"Will she worship me?" Long Chen suddenly felt quite embarrassed. After all, Li Xuanji had never displayed this point in front of him before.

"Then I won't bother you with your preparations. If you have any orders, you can ask me anytime."

With that, Ling Luo left the tenth floor of the Divine King Rankings.

Honestly speaking, if he could challenge Tian Yi, that would also be something that would happen three months from now. Long Chen did not need to worry, his opponent right now was only the ninth ranked Ghost King, he could not be too ambitious. Although Long Chen had spoken words of fury, against the Ghost King, he still needed to put his feet on the ground!

However, his arrogant words had long spread throughout the Battlefield of Divine Devil, and had even made many people in the Star Alliance aware of his existence. They also knew that there was such a youth, who actually wanted to be the number one on the Divine King Rankings! Many people were curious about Long Chen, and many people treated Long Chen as the laughingstock after a meal.

His reputation spread further and further.

As for Di Jun, he must have heard or was in the midst of rushing over. It took Long Chen more than ten years to travel from the Dragon Sacrifice Continent to the Divine Spirit Realm, and for Di Jun to come from the Eastern Star Region, no matter how fast it was, it would still take a few years.

Long Chen would never forget the fact that he was trying to kill his!

He was Long Chen's biggest enemy!

No matter what, everyone knew that in the next half year, this king level Battlefield of Divine Devil would become quite interesting.

Everything was very stable.

Ling Xi and the others were still trying to reach Battlefield of Divine Devil, while the kitten was still circling around Zhu Xi.

And in the blink of an eye, the battle between Long Chen and the Ghost King, began!

That day, the ninth floor of the Divine King List once again became filled with a sea of people. Many Divine Kings surrounded and watched the battle, and before the top three of the Divine King List even appeared, Tian Yi, who was ranked fourth on the Divine King List, also did not appear. Seeing that Tian Yi did not appear, the Divine Kings understood his meaning.

Sovereign Sun Refining Divine Realm, the son of Shen Yi! To place such importance on Long Chen, it almost showed Long Chen's strength. This made everyone look forward to it for the next three months!

The first battle began!

Long Chen against Ghost King!

Ghost King, a master of the world, possessed the Hun Yuan level Infinite Divine Art, 'Great Dream Ghost Art'.

This battle was being fought at high speed!

The Ghost King was most afraid of Long Chen's Sword of Time, so he quickly made his move, but the following scene still shocked everyone!

Long Chen unleashed another sword attack, heavily injuring Ghost King!

Ranked ninth on the Divine King Ranking, defeated!

Because of Indestructible God King's tragic encounter, he didn't dare to bet anything with Long Chen, so his loss wasn't too big.

After this battle, Long Chen's reputation had risen even further. Everyone was looking forward to him reaching the fourth rank on the Divine King List and fighting against Tian Yi!

"The fact that the son of Shen Yi did not appear in this battle means that he is certain that Long Chen can defeat the Ghost King."

"Tian Yi values Long Chen very much. To be able to receive the regard of this Hierarch's son, Long Chen's name can now be considered to be renowned throughout the world. It is likely that that current 'Sovereign Sun Refining Divine Realm' knows of the existence of this youth, and is currently rushing over to fight with their Young Master! "

The Ghost King was defeated and the fifth, sixth, seventh and eighth Divine Kings left without a word. They were acutely aware of Long Chen's power. Although they were not willing to believe it, they still had to go back and prepare for battle.

Long Chen's power was unstoppable!

The second battle, Long Chen against the Golden Corpse God King who was ranked eighth!

The time for the fight to end was much faster! Before the Golden Corpse God King even made its move, Long Chen's incomparably fierce Time Sword was directly pushed back! Under the attack of the Sword of Time, he was temporarily unable to fight back!

Long Chen was ranked eighth on the Divine King List.

More people were paying attention to his charge.

Since he wanted to be high-profile, then he would do it to the end!

Only the fifth, sixth, and seventh were left!

Every half a month, they would be able to watch a big battle, but so far, it had only been a one shot kill. There was nothing much to see, they were already really looking forward to the battle between Long Chen and the fourth on the Divine King List, the son of Shen Yi!

Tian Yi still had not come to this battle.

He was sure that the Golden Corpse God King was not Long Chen's match.

In the third battle, Long Chen fought against the Divine King Bitter Zen, who was said to be of similar age to Tian Yi and had a very high status. He was the only disciple of a Extreme Realm Divine Emperor, and his status was much higher than Long Chen, the Great Monarch of East Flower.

However, this Divine King was still defeated by Long Chen with a single sword strike!

The Battlefield of Divine Devil was once again stirred!

Long Chen's attacks were too powerful, it made people's blood boil. From this moment onwards, there were almost no Divine King challenges in Battlefield of Divine Devil, all of them stopped to wait for Long Chen's next battle!

Based on Long Chen's situation, everyone could guess that even if the fifth and sixth Divine Kings were stronger, they would definitely not be able to stop Long Chen. Just what was the end of this clash? Everyone was looking forward to it!

His heart was on fire!

As Long Chen got closer and closer to Tian Yi, his reputation in the "Sovereign Sun Refining Divine Realm" became even more famous, to the point that his name had already spread throughout the entire Star Alliance.

In this battle, the Godking had been defeated, and the son of Houyi had yet to appear.

Fourth battle, Long Chen against the sixth ranked demon clan — — Celestial Demon Marten!

The Celestial Demon Marten came from a completely demon race world called the 'Ancient Heavenly Demon Region'. This demon race was the son and son of the master of the Celestial Demon Ancient Region. It was a 'Hun Yuan' world and the master of that world was the strength of the Extreme Realm Divine Emperor.

He heard the news and instructed the Darkstar Divine Emperor to save his son's life, regardless of the outcome of the battle. Of course, he would not interfere. If he was a strong enough opponent, it would be a trial for his son!

In this battle, Long Chen did not instantly kill his opponent, but the Celestial Demon Marten did not struggle for long in his hands.

Soon after, half a month later, Long Chen fought against King of Formless, who was ranked fifth on the Battle God King's List.

Chapter 2862 - Non-Phase Colourless Invisible Bell

After battling with the fifth ranked King of Formless, the son of Shen Yi, Tian Yi, had finally arrived.

If he didn't make it to the arena stage, then no one would be able to enter the top ten of the Divine King Rankings.

This was because the sixth to tenth rankings were still in a wounded state and were still in a state of meditation.

To be honest, even until now, Long Chen had not obtained any great rewards from his battle with these people. Instead, in his battle with Ling Luo, he gained the most.

But these few people, were only able to let Long Chen sharpen the Time Sword and make it stronger.

Therefore, he desired to find a truly evenly matched opponent!

Obviously, the opponent was Tian Yi!

He appeared in a corner, completely silent with his short golden hair. He looked at the Godfiend Star, but no one dared to approach him. Tian Yi's appearance had instead become one of the main characters on the battlefield, causing all the Divine Kings to ignore him.

After all, King of Formless who was ranked fifth was also a legendary Divine King.

His strength had also reached the level where he could defeat Indestructible God King s in quick succession.

Long Chen remembered what Ling Luo had told him.

"King of Formless does not belong to the Star Alliance. He belongs to one of the eight great northern regions. However, his background was also very high. It was said that his master wasn't a Domain Lord, but was an existence at the level of a Sovereign God. He had the Creation Divine Tool, 'Formless Formless Formless Formless Bell'. Training in the Non-Phase Rules. There was nothing. Although there was nothing, it could transform all living things in this world. It was extremely strange. I have seen his battles before, they are extremely bizarre and hard to understand. It can be considered as the biggest stumbling block between you and Tian Yi. To fight him, you need to be careful of Fang Xing. It is said that he had once fought with the Divine Emperor, and scared him off. "

However, even such a heaven defying King of Formless, stuck between Long Chen and the son of Shen Yi, had lost all its luster.

This made him, who had always been proud of himself, extremely angry.

Of course, he also knew that Long Chen was strong.

Tens of thousands of Godkings were in position.

This battle was very critical!

Everyone wanted to see if the most bizarre King of Formless in the rumors could stop Long Chen from fighting against Tian Yi! If King of Formless loses, then Battlefield of Divine Devil would welcome an unprecedented climax!

"Although you are strong and fierce, your strength is like a hot knife through butter. However, today, I, Wu Xiang, will intercept you here. You want to fight Tian Yi, dream on! "

King of Formless wore tattered grey clothes, his appearance was ordinary, his eyes were blank, as if he had no eyes, but he looked extremely terrifying.

However, the moment he spoke, Long Chen and the son of Shen Yi were staring at each other. He was attracted by the sun-like eyes of the son of Shen Yi, and could vaguely feel Tian Yi's strong fighting spirit.

Being looked down upon like that, the King of Formless was enraged.

"To dare to underestimate me, Long Chen, make your move."

The King of Formless's voice was loud, indeed, his Creation Divine Equipment was also a bell, but when the 'Non-Phase Formless Formless Bell' appeared in front of Long Chen, it was difficult for Long Chen to see clearly, he could only see a blurry outline, and that terrifying crisis told Long Chen, it was a Hun Yuan's Manifestation Divine Equipment!

Focusing and looking at it, the rules of the King of Formless were somewhat similar to the Nothingness Demon, but also had something to do with 'nothing'. Long Chen slightly recalled Ling Luo's words.

"This King of Formless has a 'Hierarch' as his master, and that Hierarch might also be proficient at the 'nihility' rule. I just wonder if it has something to do with the person who killed Emperor Donghua?"

Long Chen took away the Immortal Sword Magic Tower and promised to avenge him.

At this time, he glanced at the distant Divine Emperor of the Dark Star Realm.

He did not expect the Darkstar Divine Emperor to nod slightly towards him. From his words, it seemed that he had some suspicions about the King of Formless's master! Of course, if it was really him, Long Chen and the Darkstar Divine Emperor could only sigh, because that was a Sovereign God. It wasn't something they could deal with, and currently, they didn't even have the qualifications to look up to it.

War!

When the battle begins, it would be the moment Long Chen will erupt!

On the battlefield, he did not care about the status of his opponent, nor did he care about what sort of weapon he used to create his good fortune! In fact, this King of Formless was the same as him, and also had a Hun Yuan level Infinite Divine Art.

BOOM!

Violent battles began to take place atop the Fiendgod Star.

Terrifying movements!

At some point in time, that Divine Demon Heavenly Star had exploded with a bang!

Even with the Dark Star Divine Emperor here, the seal of the Demonic Sky Star was still broken! However, with the Dark Star Divine Emperor in control, the shockwaves caused by the explosion of the Demonic Sky Star could not affect the tens of thousands of Divine Kings!

However, such a huge explosion of the Heavenly Demon God's star had several tens of thousands of Divine Kings scared out of their wits. With their Extreme Realm God King, they were still far from being able to achieve such a feat.

"This is simply heaven-defying!"

As the Divine King saw the broken Heavenly Demon God that had returned to the primal chaos, all of them could not help but retreat. They could not help but tremble with fear, and they could not help but sigh in admiration!

Breaking the seal was one thing.

The Godfiend Heavenly Star was also shattered!

"What was the result?"

It was difficult for them to clearly see the situation.

When they asked the question.

A bell rang out!

A figure flew out from within. It was the severely injured King of Formless, who had fallen into a completely unconscious state. Tian Yu went to borrow his power to check on King of Formless's injuries and announced: "Long Chen has won! He was promoted to fifth place on the Divine King List, while King of Formless was pushed back to sixth place on the Divine King List! "

This was not enough to express the feelings of the tens of thousands of Godkings.

He was just as everyone had expected, even though the King of Formless was so legendary, he still managed to defeat his opponent! Victory!

Amidst the feverish eyes of the tens of thousands of Divine Kings, Long Chen, with his left hand holding the tower and his right hand holding the sword, came out from the chaos. His clothes were fluttering in the wind, his hair dancing in the wind.

"Long Chen! Long Chen! " One person began, tens of thousands of Divine Kings began to shout Long Chen's name!

On the fifth floor of the Divine King Ranking, the huge boulders were completely shaken!

Outside of the Battlefield of Divine Devil, the fifth highest name had changed to Long Chen. Above him, the one who was ranked fourth on the Divine King List, was none other than Tian Yi!

Long Chen had already touched him!

From the time he made the haughty promise of seizing the number one rank in the Divine King's List to today, just two and a half months had passed. In another half a month, it would be three months, which would be the day he would challenge Tian Yi!

King of Formless was brought down by Tian Yu to recuperate. After Long Chen recuperated from the loss of time and energy, he would recover very quickly. He was about the same as the other Divine Kings that had lost to Long Chen.

The tens of thousands of surging and shouting Divine King in front of him, allowed Long Chen to see all of their feverish faces.

To them, they were a legend of a challenger!

To Long Chen, it was time to prepare for the new beginning.

"From the moment I comprehended the sword of time, Mystical Wind, Demon, and even today's Wu Xiang have all been unable to give me a true sense of danger. They have also been unable to make me stronger or challenge the rules of the peak. But with Tian Yi and the top three on the God King Board, he would probably be able to reach the top. It's finally a new beginning! "

The past two months of fighting, were all for the sake of fighting against the even stronger Tian Yi!

Indeed, Tian Yi had come today.

He was standing in the shadows, hiding his body. When Long Chen indicated to him, tens of thousands of Divine Kings quieted down. Long Chen and Tian Yi, were the true protagonists of today!

Long Chen looked in his direction.

Tian Yi stood at a high place and looked down at Long Chen from above. The only thing he could see were eyes that were like the scorching sun, and it was not even an ordinary scorching sun, but a scorching heat that surpassed an ordinary sun! When his gaze landed on his body, it was simply as if he was being set ablaze by Mo Xiaolang's Azure Sky Emperor's Ancestral Fire.

"In half a month, the outcome of my battle with you will be decided. If you defeat me, then you will have the qualifications to challenge the top three of the Divine King Board. "

Tian Yi was not a spoiled brat, he valued Long Chen's strength greatly. But he also trusted himself. He treated Long Chen as a truly strong opponent.

"Thank you very much." With his identity, to be able to fight head on with him, without the aid of his identity, could also be considered to be a form of respect towards Long Chen.

Tian Yi said in a heavy voice, and then said, "The Ranking of the Divine Kings is a battle of experts, it is all about surpassing the limit. In order to become stronger, you have to thank me because I can make you stronger, and I also thank you for giving me a new opportunity to surpass the limit. I will attempt to break through the realm of Divine Emperor in this battle. "

In terms of being magnanimous, King of Formless could not even compare to this Tian Yi. As expected, people of different identities and views were different as well. Although King of Formless trained in the Formless Rules, his restless heart was the biggest problem.

In the end, Tian Yi said to the Dark Star Divine Emperor, "Dark Star, in terms of today's situation, this Battlefield of Divine Devil's Divine Demon Heavenly Star is no longer suitable for us to fight. In half a month of battle, I want to move outside of the Battlefield of Divine Devil.

Although this was an exception, but if they really went beyond their limits, the king level Battlefield of Divine Devil would not be able to handle them. Therefore, there was no way the Darkstar Divine Emperor could disagree with this. He nodded and said, "No problem. I will go out and make some arrangements for the next few days to clear the area."

Battlefield of Divine Devil s were normally not allowed to enter.

But if they went out, they would definitely face many problems. For example, the Immortal God Clan.

Long Chen was not worried about this, with the Divine Emperor, they would not necessarily have the upper hand. Moreover, when the time came, even if tens of thousands of God Kings would leave the Battlefield of Divine Devil, the eight of them would not be able to break the rules! Furthermore, this was a battle for the Heavenly Worship Domain Lord, with the Realm of the Gods in the Heavenly Sacrifice Realm, they did not dare make a move on their son, the Heavenly Worship Domain Lord, and naturally did not dare to disrupt their battle.

So it was a deal.

"Waiting for your outstanding performance." Only after saying those last six words did Tian Yi turn around and return to the fourth floor of the Divine King List.

It was time for the other Godkings to leave as well.

Their emotions were far from calming, and instead, burned even more fiercely. In half a month, all the suspense would be revealed! At that time, all of Mount Zhou would be heated up because of this battle!

Long Chen was also looking forward to it.

Chapter 2863 - Refinement Day

In front of Long Chen, there were only four people left on the Divine King's List.

If he could defeat the son of Shen Yi, he would of course challenge the top three rankings of the Divine King List. Therefore, as long as Long Chen could defeat him, the entire Battlefield of Divine Devil would be pleasantly surprised.

Each time, it was more explosive than the last!

The tens of thousands of Divine Kings were even more hot-blooded than Long Chen himself.

They were all waiting for the birth of the legend!

In order to not disturb Long Chen from his final sprint, now that the battle between Long Chen and the King of Formless was over, the various Divine Kings had all returned to their own places.

The next time he would not have to go to the fourth floor of the Divine King Ranking, but head outside of Battlefield of Divine Devil, right next to this king level Battlefield of Divine Devil, to fight.

Silk stayed.

Long Chen needed her, after all, he did not understand Tian Yi at all. Previously, he had been studying on other Divine Kings, but now, he truly had the chance to fight fourth of the Divine King Rankings. He was only now prepared to study his opponent in depth since his opponent had watched two of Long Chen's battles, and had almost understood Long Chen completely.

Ling Luo had long since been prepared to gather information.

She said: "Regarding Tian Yi, we must first talk about him using her' Sovereign Sun Refining Divine Realm '. Because the rules that he cultivates and his Creation Divine Artifact are all related to this' Sovereign Sun Refining Divine Realm '."

This was a world of Eternity.

Seventh level.

It was even more terrifying than the 'Nine Yin ancestral realm'.

Ling Luo continued: "The Sovereign Sun Refining Divine Realm is a world of Eternity. In truth, Sovereign Sun Refining Divine Realm are very special, because right next to this world is an even larger existence: the 'Refining Sun'. Refining the sun, you can imagine it to be the same as the gods and devils, the same as not being able to approach the mountains. It was a place that mortals, not even deities, could not approach. It is a flaming planet, and its size is comparable to the gods and devils surrounding mountains. Its Sovereign Sun Refining Divine Realm is already big enough, but the 'Refining Sun' is ten times the size of its Sovereign Sun Refining Divine Realm! "

Long Chen understood.

Although he was still shocked in his heart.

He asked, "In other words, this Refinement Day is independent from the rest of the Myriad Realms, and is similar to the God and the Devil, the Zhou Mountain. Only the strong can barely get close to it. In fact, it was even harder to get close to the Refinement Realm. This way, if you only count it as a world level, then the day of refinement will be considered as the eighth level, the world of primitive level, right? "

Ling Luo nodded and said, "That's right. The Refining Sun is the world of primitive level, and Sovereign Sun Refining Divine Realm is a world of Eternity that revolves around it. However, there was no life force in Sun Refining, and even Divine King Realm Rankers who came close to it would be turned into dust, and even Divine Emperor s would only be able to stay on the surface. Only Hierarch Deity could truly explore Refinement. "Thus, refining the sun is actually much more dangerous than even the Fiendgod Zhou Mountain. The Fiendgod Mount Zhou actually has so many Divine Kings. There are even quite a few Divine Monarchs."

The ten thousand worlds were truly strange!

This sun that was countless times larger than the Three-legged Golden Crow's sun was definitely not a normal sun that could compare. This huge planet was probably even countless times larger than the Ling Ji Ji Xing. In front of this ' Refining Sun ', the Ling Ji Ji Xing would probably be like a ball.

"If you have the chance in the future, you can explore the wonders of the Refinement Realm again. Back to the main topic at hand, generally speaking, Sovereign Sun Refining Divine Realm were attached to the surroundings of the Refining Sun, where the spirits would all absorb energy during the Refinement Sun, and the majority of the gods cultivated the arts of 'Flame' and 'Burning Heat'. Tian Yi was like this, the

most powerful part of his rules was the way of 'Refining the Sun' that he inherited from the 'Heavenly Worship Domain Lord'. The art of refining the sun is extremely mysterious and terrifying, and I am not too familiar with it. "

Long Chen understood that it was probably related to the flames.

Ling Luo continued, "Also, because it's too close to the Refining Sun, the living conditions of Sovereign Sun Refining Divine Realm are quite harsh. Therefore, he cultivated the valiance of the people and the prevalence of martial arts. Everyone was like a dragon, and his overall strength was one of the top in the entire northern starry sky. In their tradition, there were two types of opinions regarding the day of refinement. However, when the day of refinement breaks out and lives are destroyed, they would loathe the day of refinement and hence, the whole world would be filled with the news of 'Shooting the Sun'. It was rumored that Heavenly Worship Domain Lord Shen Yi had once shot an arrow at the sun, causing it to dim for 10,000 years and breaking through dozens of 'Scorching Sun Storm' to save the life of everyone. For example, Tian Yi, you have obtained the most orthodox inheritance of Shen Yi, the two rules: 'Refining the Sun' and 'Bow'. Your names shake the world, and I can only say that it is extremely terrifying. "

After Long Chen finished listening, although the other party was truly terrifying, he did not have any reverence. What he had was a hot-blooded, fighting feeling, and a desire to fight. The stronger the opponent, the more excited he would be, and this might have something to do with his Primordial Blood Spirit Dragon personality!

"The days of refinement are extremely unstable, they will often erupt into violent storms that form terrifying flame storms. The Sovereign Sun Refining Divine Realm around the day of refinement will definitely suffer, and a strong sun refining storm may cause the annihilation of all the living beings within the Sovereign Sun Refining Divine Realm, and every time, Heavenly Worship Domain Lord will be able to shoot out sun refinement storms to save the common people. Ling Luo was deeply moved.

Just from this point alone, the Tianyin Region Master she was part of couldn't compare to that Heavenly Worship Domain Lord. This Heavenly Worship Domain Lord was one of the strongest people in the Northern Star Domain.

"I think I understand." With regards to Tian Yi, Long Chen pretty much knew what to do.

Ling Luo thought for a moment, then said, "His Infinite Divine Art and Creation Divine Equipment are both at the Hun Yuan level, and are also considered to be quite superior amongst the Hun Yuan levels. The Infinite Divine Art he cultivates is called the 'Sun Refining Divine Art'. It is said that it was created by the Heavenly Worship Domain Lord taking a bath in the Sun Refining Storm, and the forged 'Sun Refining Divine Power' is the most fiery and berserk type of power among all of the Hun Yuan realms. He is the

same as you, he also has two Creation God Equipment. They were refined day in and day out by the Heavenly Worship Domain Lord, and when they found precious materials in the process of refinement, they were given the names 'Shooting Sun God Bow' and 'The divine arrow of the setting sun', respectively. The combination of these bows and arrows will most likely cause the power to surpass that of your Magic Pagoda. After all, bows and arrows are the most compatible weapons. "

Both came from the Heavenly Worship Domain Lord.

Sun Refining Divine Art, Shooting Sun God Bow, The divine arrow of the setting sun. They were all aimed at refining the sun, not at the ordinary sun.

could even cut down on a normal sun.

Thinking about it this way, not only did he not have any advantages over this son of Shen Yi, he was also temporarily at a disadvantage. It's no wonder why it would have such a huge impact on Tian Yi, who wanted to challenge the fourth rank on the Divine King's Rankings.

In terms of rules, 'Sun Refining' and 'Bow', were first, violent, and second, strange. However, Long Chen had five rules, which should give him a slight advantage in this aspect.

In terms of the Infinite Divine Art, the nature of the 'Sun Refining Divine Art' to the 'Hun Yuan's level' was about the same, but in terms of quantity, Long Chen was still only in the realm of Divine Monarchs, which was obviously inferior to him. It was just that Long Chen had the power of all living beings.

In terms of the Creation God Equipment, the combination of the Shooting Sun God Bow and the The divine arrow of the setting sun would probably surpass that of the Immortal Sword Magic Tower.

On the whole, there was still suspense. He could only rely on risking his life for other things.

"I'll go first. I believe that you can break through yourself. Tian Yi fought with the same goal in mind. "

Ling Luo smiled faintly.

"She also knows that you will have this battle. Clearly, she trusts you even more than I do. This is because your final opponent will most likely be my Junior Martial Aunt. I feel that it will be impossible, but she is still waiting for you, filled with hope. "

After saying this, Ling Luo had already returned to her twelfth floor.

"She ..."

Even if it was for Li Xuanji, he would still fight this battle! These two months of battles were all for that day half a month later!

Such a short period of time passed in the blink of an eye.

"Long Chen."

Suddenly, the Darkstar Divine Emperor appeared before his eyes.

"Senior." Seeing that it was the Divine Emperor, Long Chen bowed respectfully.

The Darkstar Divine Emperor waved his hand and said, "I had wanted to introduce Tian Yi to you so that you could get prepared, but since Ling Luo has already said so, I won't say anymore. There was another piece of news, which was the battle half a month later. It was said that five Divine Emperors from the Sovereign Sun Refining Divine Realm were coming to watch the battle, and they were previously at The Diremonster Battlefield of the imperial level. One of the five is Extreme Realm Divine Emperor, so when the time comes for the battle, I do not have much authority to speak. You have to fight with all your might, but don't kill yourself, do you understand? "

This was truly grand.

The son of Shen Yi truly did have a delicate life. He could be injured, but not killed. If he was killed, things would become troublesome. This was an opponent with a higher status than Di Yao. Di Yao's father couldn't even be compared with that Shen Yi.

Long Chen understood.

At that time, the Darkstar Divine Emperor would have no way to protect him.

"Senior, I understand." Long Chen nodded solemnly.

However, you don't have to worry. Before you make any mistakes, they will not dare to cause trouble, and after all, the people from Sovereign Sun Refining Divine Realm are their heads. Even if you do anything rash, I will do my best to protect you.

It was a bit of an exaggeration for a mere challenge to reach such a level.

Long Chen knew what to do, and said: "Senior, don't worry, I know what to do."

I also think that you might succeed in the challenge. I understand Tian Yi, this child, he has a very good upbringing, even if he loses, it wouldn't make things difficult for you.

It was true that with a status as delicate and precious as this, the temper of a normal person would be a little too big, but that Tian Yi was indeed seeking to surpass his limits.

"In that case, I'll take my leave first."

After the Dark Star Divine Emperor left, Long Chen calmed his heart and carefully analyzed the information Ling Luo and the Dark Star Divine Emperor had brought. From the information gathered, it seemed that this battle would change Long Chen's fate.

"Forget it. Since it's time to go, I have to go!"

In that case, if they wanted to fight, they had to fight to the death!

Chapter 2864 - Divine Emperor Tu Shan

Fifteen days to prepare.

These fifteen days had been an ordeal, a time to challenge the heart.

Normally speaking, fifteen days was a very short period of time. In the blink of an eye, a battle had been fought, but in front of his eyes, time slowed to an infinite extent.

Long Chen truly experienced the feeling of time disorder.

In truth, time had not changed. What had changed was his own heart.

In reality, it still required a certain amount of endurance to possess. Especially Long Chen, who was facing an opponent that everyone believed would not lose.

However, his performance was astonishing. He had been studying the new rules for the past half month. Now, the rules of time had greatly improved. According to Long Chen's own order, he obviously wanted to explore more about the rules of killing.

That was what suited him the most.

However, it was difficult to obtain any gains in half a month.

To him, the easiest way to make a huge breakthrough was still fighting. When they were on the verge of death, many people would receive some profound answers, and Long Chen was the same.

After a period of training, Mo Xiaolang had already reached the ninety-ninth floor of the Battlefield of Divine Devil. In the blink of an eye, he was afraid that he would be able to make it into the Divine King List. When Long Chen was faced with such a battle, they all stopped fighting, and followed Ling Xi to his side.

It was time for the arranged battle!

Outside of Battlefield of Divine Devil, a large number of Divine Kings had already gathered. This was an unprecedented event, and the Battlefield of Divine Devil was almost completely empty. Almost all of the Divine Kings had left the Battlefield of Divine Devil.

"Big brother, everything is ready outside. It looks like it's time to go down." Mo Xiaolang and the others were all on the fifth floor of the Divine King List. Long Chen was currently cultivating quietly in a corner.

"Alright." He opened his eyes. There was no fear in his eyes, only surging fighting spirit.

"Beat this golden-furred brat up!" cat-lord thinks highly of you, kid! " Cat said in a weird tone.

Honestly speaking, even Zhu Xi had started to become nervous when he saw this scene. Only Little Cat himself was still worried, it was as if there was nothing that Long Chen could not accomplish.

The group of people walked out from Battlefield of Divine Devil.

Everyone had already repeated their encouraging words many times. Yang Lingqing was very nervous, and wanted to say it a few more times. However, seeing that nothing had happened to Long Chen, she felt relieved.

In fact, they had secretly asked around about Tian Yi's matter these few days, so they had a certain understanding of him. Of course they knew how powerful he was, if not for Long Chen being powerful, they would be worried sick of him.

"Tian Yi also wants to rely on you to break through his limits. He has the same thoughts as you, this battle will be the best you can hope for. Brother Chen, you must win!" Ling Xi's heart was a lot calmer than the others, because she understood Long Chen the best.

"If you're about the same strength, then the victor will depend on who has the stronger will. I have never lost to anyone in this aspect." Long Chen smiled faintly. He had already left the Battlefield of Divine Devil.

There was no one on the way.

In fact, all of the Divine Kings in the Battlefield of Divine Devil had already come out. Not a single one of them were still fighting, or staying in their cultivation rooms.

When they walked out of the Battlefield of Divine Devil, they discovered that there was a sea of people outside. The number of spectators for this battle had completely surpassed the number of people who had watched Long Chen's previous battles.

"Long Chen is here!"

When he appeared, someone from the crowd of Celestial King began to shout loudly.

The tens of thousands of God Kings were gathered together, their auras soaring to the heavens, causing the Fiendgods to scatter and dissipate the clouds outside the mountain. Under their divine might, the black fog that had previously covered the skies was dispersed, allowing them to see the boundless starry sky beyond the mountain.

"Long Chen!"

For a moment, countless searing gazes fell upon Long Chen's body!

A shocking battle!

On one side was the son of Shen Yi, ranked fourth on the Divine King Board!

On one side was Long Chen, who had killed his way up to the fifth place on the Divine King Rankings and possessed the Immortal Sword Tower.

The crowd surged, and made a path for Long Chen to enter the battlefield. Thanks to Long Chen, Mo Xiaolang and the others, they were able to reach a position close to the center.

Being watched by tens of thousands of Divine Kings was also an enormous pressure. If not for his tenacious mental fortitude, he would have been crushed to the ground before he could even reach the eyes of the Darkstar Divine Emperor.

"Little Wolf, the three of them are all depending on you." Long Chen warned her.

"Boss, don't worry, my cat-lord will protect the four of them." The little kitten saw that Long Chen ignored her, and immediately said this, causing everyone to laugh. The atmosphere became extremely relaxed.

"Fuck you!" You can even protect me, just watch me roast you into a pig! " Zhu Xi started to play with the kitten in a crafty manner. The group of people started to laugh happily, and Long Chen started to relax.

However, the moment he stepped onto the battlefield once again, the monstrous battle intent that exploded in his eyes shocked all of the Divine Kings. They understood that Long Chen had made absolute preparations to come.

Tian Yi had not arrived.

In the center of the crowd, there was the Darkstar Divine Emperor who presided over this battle. Today, he had to shake the field, who knew what kind of disturbance this would cause.

"Everyone, retreat to the vicinity of Battlefield of Divine Devil."

Under the orders of the Dark Star Divine Emperor, the tens of thousands of watching Divine King, following the orders of the Dark Star Divine Emperor, retreated to one side, allowing Long Chen and Tian Yi a huge space to fight.

In fact, there might even be Divine Emperor from Divine Emperor hiding among these tens of thousands of Divine Kings. However, they were only here to watch the battle and were not willing to reveal their identity.

But there were two exceptions.

When the Darkstar Divine Emperor allowed the Divine King to approach the Battlefield of Divine Devil, there were two spirits that did not listen to his orders. Instead, they remained in front of Long Chen.

"It's the two Divine Emperor of the Divine Sacrifice Realm!"

"They are Long Chen's enemies! Could it be that they want to use this opportunity to make their move against Long Chen? "

Tens of thousands of Divine Kings watched nervously. They did not expect that the battle had not even started, yet something was happening here. Since they were here to watch the show, they obviously liked it when something bad was happening.

The two Immortal God Clan Divine Emperor s squinted their eyes and sneered at Long Chen. They did not conceal their Divine Emperor's divine might and coldly targeted Long Chen, but allowed the Dark Star Divine Emperor to block them.

The Darkstar Divine Emperor was slightly angered and said: "You two, you are Heavenly Sacrifice Realm's people, you should know who is in charge here. Tian Yi values this battle so much, you two better not have any problems with your heads.

The son of Shen Yi truly did have this ability.

He valued his battle with Long Chen so much, if these two interfered and destroyed his battle, it would definitely be a terrible loss.

Hearing this, the two Immortal God Clan Divine Emperor s laughed at the same time. They even laughed at the same time, and then they said at the same time: "Don't misunderstand, we will not make a move now, we will wait for him to lose the battle, and at the most miserable time, we will apply to 'Divine Emperor Tu Shan' for Long Chen's death. I think, 'Divine Emperor Tu Shan' will definitely not be defeated and have mercy on him for this useless act."

The Divine Emperor he spoke of, was one of the five Divine Emperor s that had come from the 'Sovereign Sun Refining Divine Realm'. It was the strongest and the most senior Extreme Realm Divine Emperor and it was said that he was the younger brother of the Heavenly Worship Domain Lord.

It was precisely because of his arrival that the Darkstar Divine Emperor would say that he had no right to speak.

The Dark Star Divine Emperor was too lazy to reply. The battle had not started, and no one knew who would win.

However, both of his Divine Emperor s continued to speak at the same time: "What's more, even if Divine Emperor Tu Shan is willing to spare his dog life, we will still obtain the Sky Region Killing Order in two months. At that time, no matter how amazing your Dark Star is, it won't be able to protect him. "You are just a criminal prisoner. What right do you have to stand in front of me?"

However, they were actually nearing Mo Xiaolang and the others. The moment the Darkstar Divine Emperor came into focus, he reached out his hands to suck Mo Xiaolang and the other two in,

temporarily allowing them to enter his Divine Kingdom. He then said to Long Chen, "In order to prevent the two of you from launching a sneak attack, I'll protect them for you first."

"Yes." With regards to this Darkstar Divine Emperor, Long Chen was of course completely at ease.

"Tian Yi is here!"

"There are still five Divine Emperor s from The Diremonster Battlefield of the imperial level!"

After the arranged battle, Tian Yi left the king level Battlefield of Divine Devil for the The Diremonster Battlefield of the imperial level, and only today did he come here with the five Divine Emperor s. In these ten days, he had no idea what kind of preparations he had made in the The Diremonster Battlefield of the imperial level.

Of the five Divine Emperor s, three of them were Divine Emperor s with initial state, one was still Tian Yi's elder brother, the other was his elder brother, the last was The God Emperor of Perfection, the last one was Mount Tu, and the last one was an elder with long golden hair. Even though he was an elder, he was also very sturdy, his long golden hair had turned slightly white, and his eyes were blazing hot and terrifying.

The position he fought in, allowed the five Divine Emperor s to immediately recognize him as Long Chen.

Long Chen glanced at Tian Yi, the young man with short golden hair was dressed in embroidered clothes, he was in high spirits, his eyes were like a bright sun, shining brightly, his face was like a sharp sword, it was filled with determination! His entire body was filled with an extremely strong scorching aura and there was also that natural domineering aura. Among all the worlds, Tian Yi was definitely one of the best!

It was a level higher than Di Yao.

His burning gaze directly burned Long Chen's body, hotter than the five Divine Emperor s, causing Long Chen to feel as if he was standing in the midst of raging flames.

BOOM!

Tian Yi and the five Divine Emperor s landed in front of Long Chen.

The Dark Star Divine Emperor was the first to kneel on the ground, and said respectfully: "This junior, the Dark Star, pays his respects to Divine Emperor Tu Shan!"

From this, one could see the status of the Divine Emperor Tu Shan.

Long Chen could only bow to him, but just as he was preparing to leave, Tian Yi said: "Forget about it, you and I will fight. You cannot weaken your aura, so there is no need for you to bow."

Chapter 2865 - Egging the Stone

Just from this sentence alone, one could see Tian Yi's position in the Sovereign Sun Refining Divine Realm.

However, the more it was like this, the more it gave Long Chen a show of strength.

After all, Long Chen was just about to learn how to be a Divine Emperor of the Dark Star Realm. After all, he couldn't even treat this Divine Emperor with such respect.

Just when they were halfway done, Tian Yi's words made Long Chen take back his words.

Just a small matter actually allowed tens of thousands of Divine Kings to instantly see the difference in status between Long Chen and him. Originally, Long Chen challenging Tian Yi was equivalent to a lowly role challenging a favored son of heaven, but now, it looked even more similar.

Those two Divine Emperor from the Immortal God Clan couldn't help but laugh.

"Using an egg to hit a rock would increase the laughing stock."

Their laughter brought quite a few people into laughter.

Of course, this was only a small detail.

Or perhaps Tian Yi himself was only thinking for Long Chen's sake, to create such an effect, he also did not expect it, and so he coldly glanced at the two Immortal God Clan Divine Emperor s.

Behind him, Extreme Realm Divine Emperor Tu Shan looked at Long Chen a few more times, but he was not particularly concerned about it. He said: "Dark Star, please take charge of the battle and ignore the five of us. The reason we are here today, is mainly to check on Young Master Tian Yi's growth over the past few years, and will not interfere."

"Yes, Senior Tu Shan." If they insisted on managing it, under their suppression, it would be hard for Long Chen to obtain victory. For example, with the Divine Emperor Tu Shan, who was comparable to Di Jun, he would be able to easily fight in battles and affect Long Chen without anyone knowing, causing Long Chen to lose.

"You guys can just watch from the side. If you want to cause trouble, don't worry about me being impolite." Tian Yi didn't really like them coming over, so he said something nasty.

"Alright, alright." However, they had indeed arrived at the Battlefield of Divine Devil's side, and became one of the spectators. Around them, a large number of Divine Kings gave way, not daring to approach them, only daring to stand in the distance and nervously look at the five Sovereign Sun Refining Divine Realm Divine Emperor s with incomparable respect and envy.

Seeing that, the two Immortal God Clan Divine Emperor s hurriedly went over, and just as they were about to kiss up to them, Divine Emperor Tu Shan looked at them and said: "I know you two, don't come over while standing."

The two Divine Emperor s were immediately embarrassed, they were embarrassed to the extreme, but they only dared to stay where they were, with their faces and ears flushed red. They had originally wanted to come over and say some bad things about Long Chen, but did not expect to be looked down upon by the Divine Emperor.

Of course, what all the Divine Kings s paid the most attention to was still the shocking battle between Long Chen and Long Chen!

Long Chen and Tian Yi stood on opposite sides of the Dark Star Divine Emperor.

They looked at each other.

Tian Yi was like the blazing sun, his aura overflowed the heavens, and his battle intent surged!

Long Chen was mysterious and calm. His battle intent was hidden in the depths of his eyes, and he looked like he was completely suppressed by Tian Yi.

Seeing that the two sides were prepared, the Divine Emperors of the Dark Star Realm were just about to announce the start of the battle when Tian Yi raised his hand and said loudly in front of the ten thousand Divine Kings: "Long Chen, today's battle is to break through the limits of life and death, to pursue the higher realms of the divine way! This is a lofty battle, a battle to the death. Since we are going to surpass the limit, there must be life and death. Therefore, I want to place a bet with you. The bet is between the two of us because both of us have the most precious things in our possession. A battle of life and death, do you have the guts to do so! "

When those words came out, the Divine Kings trembled on the spot and was immediately stunned.

He looked at Divine Emperor Tu Shan in shock, and upon seeing that Divine Emperor Tu Shan and the others were also frowning, it was clear that this was entirely Tian Yi's own idea. Furthermore, he had not greeted anyone before, so Long Chen naturally did not know either.

"A life-and-death battle?" Long Chen was truly frightened.

He thought to himself: "In this battle of life and death, either he dies or I die, I must kill him in order to live, but he is the son of Shen Yi. If I kill him, and even Divine Emperor Tu Shan is present as well, he will definitely kill me. This was tens of times more terrifying than Di Jun. Not someone like Mo Xiao, who no one would bother about even if he died, thus ... "

He had only fought a battle with Tian Yi, and didn't have the intention of separating life and death at all.

Tian Yi gave him a huge problem, forcing him to his death. However, Tian Yi's goal was very simple, he wanted to make a breakthrough, so he wanted to create the harshest of battles. It was very difficult for him to consider what would happen if Long Chen won, which was not something that he could consider.

"In a battle of life and death, only the victor will be able to break through and the loser will die. But, to you, this is very normal. You won, you broke through, and Mo Xiao died. What I want today is a life and death battle, do you have the guts to do so? "

Tian Yi said tyrannically.

If Long Chen agreed, then no matter if he won or lost, he would definitely die. Therefore, he could only refuse, and only refuse, and that would weaken his momentum. According to Long Chen's previous lofty sentiments, he would definitely not refuse!

At this moment, Long Chen clenched his teeth.

"Long Chen!" The Darkstar Divine Emperor was shocked and quickly reminded Long Chen. If Long Chen agreed, then even he would not be able to save him.

"I refuse." However, he was overthinking it.

Long Chen had his own plan in his heart. To be able to fight to the death with Mo Xiao, to be able to fight to the death with Tian Yi, that was simply courting death.

Hearing Long Chen's resolute rejection, Tian Yi's face became extremely ugly. He said: "You've disappointed me greatly, I'm doubtful if you're qualified to be my opponent! "Do you have the qualifications to make me think highly of you?"

With Long Chen's rejection, the Dark Star Divine Emperor heaved a sigh of relief. Although he had been looked down upon, he had at least saved his life. Although Long Chen had been suppressed below the ground since the moment they met, the Darkstar Divine Emperor believed that he could release his brilliance during a true battle.

As for the Mount Tu Divine Emperor, when he heard Long Chen's rejection, his eyebrows relaxed and he praised Long Chen a little. They did not want a life and death battle either. Although they did not think that Long Chen could win, even if there was a one in a million chance of that happening, they could not let Tian Yi take the risk.

"However!"

Unexpectedly, at this time, Long Chen began to speak again, "The most precious thing is not only one's life, but many things cannot be thrown away. You want to break through your limits, not fight with your life, I have an idea, you have Shooting Sun God Bow s, The divine arrow of the setting sun s. I have the God Sword Magic Pagoda, which is a Hun Yuan level Creation God Equipment. They are all our most important divine weapons, and the Immortal Sword Demon Tower came from Great Monarch Donghua, so they are all my grateful people. I believe that those two God Creation Equipment are of extraordinary significance to you, so, do you dare to take out the Shooting Sun God Bow s, or the The divine arrow of the setting sun s, and gamble with me! "

This bet involved four Hun Yuan grade Manifestation God Weapons!

It could be said that he had created a history that had never been seen in king level Battlefield of Divine Devil before!

Hearing Long Chen's words, Tian Yi was startled for a moment, and said: "The Shooting Sun and the Setting Sun, these two Creation Divine Tools, are indeed the most precious gifts my father has given me. As important as my life. You're right, these two treasures can be compared to your life, but the Immortal Sword Tower is more important to you! You will fight to the death to achieve the result I wanted. "Then, it's decided!"

He needed to preserve his life and not weaken his aura to make everyone look down on him. This was Long Chen's only method.

In addition, to be honest, he was the same as Tian Yi, he also needed the determination to win! If he gambled on the Immortal Sword Magic Tower, the meaning would be different. Now that he lost the Immortal Sword Magic Tower, he would lose most of his strength! Of course he wouldn't be willing to part with it. It was precisely because he wasn't willing that he was willing to risk his life to fight, and that he had the possibility of surpassing his limits! At the same time, in order to not lose the sun or the setting sun, Tian Yi would fight to the death, not giving up at all!

The tit for tat!

If they were going to clash head on, then it was bound to be the most exciting battle!

All of a sudden, the onlookers' blood began to boil. Although the battle had yet to begin, this tit for tat exchange was not inferior to the battle at all! The Divine Kings was looking forward to it more and more.

To be honest, the only way could dissolve the life wager was by mentioning the Hun Yuan grade Creation God Equipment. Otherwise, Tian Yi would definitely not forgive him. He did not really want the Shooting Sun God Bow and the The divine arrow of the setting sun even though he had once used a Dragon Binding Bow and a Dragon Binding Arrow and his archery skills could still be considered decent.

"In that case, both of you, get ready!" The Darkstar Divine Emperor spoke in time and immediately announced the start of the battle, so that they wouldn't have to bet even more things.

"Everyone, retreat."

Under the orders of the Dark Star Divine Emperor, Long Chen and Tian Yi both retreated to a distance of tens of thousands of meters away. At the same time, they distanced themselves from the Battlefield of Divine Devil.

They were all Divine Kings here, and all the Divine Kings were gathered together. The black fog was forced back by the might of the gods, causing them to be able to see very far into the distance, where they could see Long Chen and Tian Yi on the battlefield!

"Let the battle begin!"

The Dark Star Divine Emperor announced.

BOOM!

Tens of thousands of Godking began to roar, and for a moment, the sound of their voices filled the air!

"Tian Yi, Tian Yi!"

"Long Chen, Long Chen!"

This time, the majority of the people believed that Tian Yi could obtain victory. After all, Tian Yi had the Mountain Shattering Divine Emperor supporting him, so his aura was even fiercer.

Dong, dong, dong!

Long Chen and the others had not made their move yet, but Divine Kings's heart started to beat even faster.

"This young man is not simple, he actually has five types of laws on him, or even more, and these are all mysterious rules. The rules of killing, although normal, allow him to cultivate to the peak of perfection, and there's also time such as these transcendent rules, and three more, that even I can't see clearly! Needless to say, this youth is a genius of the rules! "

"So astonishing?" The other Divine Emperor were slightly surprised.

But the words of Divine Emperor Tu Shan would not be false.

The Divine Emperor nodded: "The only thing that exceeds Tian Yi is his rule. As for the others, Tian Yi will be in the lead. "

Chapter 2866 - Wings of the Burning God

The tens of thousands of God Kings were by Battlefield of Divine Devil's side. They had too many people.

If he was injured, it would be even more troublesome.

This fight must be fair.

Within the countless territories and territories, the black fog surrounding Zhou Shan had completely dissipated, either from the tens of thousands of Divine Kings or from the Divine Emperor s. In any case, they had to ensure that they could see the details of the battle!

Long Chen had challenged the fourth rank of the Divine King Rankings! The son of God Yi, Tian Yi!

Now, it was precisely when Tian Yi's battle intent was at its highest, when he had made the Shooting Sun God Bow and the The divine arrow of the setting sun into a wager, that it had ignited a passion and

blood that was comparable to a battle of life and death. His gaze was incomparably ardent, and in his eyes, Long Chen was simply a treasure! A treasure that surpassed his own limits!

"Please, please don't let me down!"

This was the thing that Tian Yi was most afraid of. He was worried that with Long Chen's strength, he did not have the qualifications to exceed his own limits! All his hopes would be dashed today, and he would be very angry!

"Then, let's try this guy first."

To Tian Yi, this battle was simply an enjoyment! So he was carefully experiencing such an opportunity. When the battle began, the first thing he did was unleash the rules of the 'Refining Sun'! These were the insights he gained when his father, Heavenly Worship Domain Lord, forced him closer to Refinement when he was young!

"Wing of the Burning God!"

BOOM!

Above the skies, an incomparably intense light suddenly exploded out from within the darkness. Tian Yi's body was completely engulfed by the deep golden flames, and it made him look like a person who was refining the sun. The overflowing heat that erupted from it engulfed the entire world and even though it was above the skies, it had already scorched the land within a radius of a thousand kilometers around it red, so much so that even the energy of heaven and earth began to burn.

The entire world had gone from the icy silence of the God of Death, Zhou Shan, to a fiery red!

And it was at this time, on Tian Yi's body that seemed like a human refining sun, a total of three pairs of deep golden flaming wings appeared behind him, those wings were incomparably huge, and the flames were even more terrifying. This was the Burning God's Wings, if it was Mo Xiaolang who faced such an opponent, he would definitely like it, but Mo Xiaolang was definitely not Tian Yi's opponent now!

The difficulty of defeating Tian Yi, was actually no different from defeating a Initial stage Divine Emperor!

Beneath the Wings of the Burning God, Tian Yi swung his wings slightly, and instantly, a wave of flames swept across the sky and earth, surrounding Long Chen within this sea of flames. Even if it wasn't sufficient enough for Tian Yi to get close to him, it was still a great blow to his divine body.

Especially speed!

With the support of the Flaming Wings of the Gods, Tian Yi's speed was able to travel an endless distance in a blink of an eye. In just a blink of an eye, he was already far above Long Chen's head.

"It seems that the strongest aspect of the Wings of the Burning God is its speed!"

Actually, to Tian Yi, the simple effect of the Wings of the Burning God was to increase his speed. What he was most proficient in were bow and arrow, not close combat. He could move five million kilometers in the blink of an eye; even the world of primitive level could not restrict him!

"It has begun, Heart of the Sun!"

He extended ten fingers, and on the ten fingers, a pure golden fireball the size of an eyeball floated. It looked insignificant on the surface, but it was something that was born in Tian Yi's hands, and the more he looked at it, the more he feared that he would suffer!

"Go!"

With a swing of Tian Yi's arm, the ten Sun Refining Heart suddenly appeared in front of Long Chen's eyes. They had turned into ten streaks of golden light with incomparable speed!

"The rule of explosion!"

Long Chen understood.

This was actually the same as the Fire Seed of the Explosive Flame Devil, except that Tian Yi's rule was born during the day of refinement. This was destined to be the same principle, but what Tian Yi displayed was even more terrifying! Within these ten Heart of Alchemy, a monstrous explosion power

was hidden. Forget about Dragon Sacrifice Continent, even if it was just one of them, it would be able to completely destroy Ling Ji Ji Xing!

What followed was an explosion!

All the Divine Kings knew clearly that this was the rule that Tian Yi commonly used. Once put down, even if it was in this God and Demons Zhou Shan, the resulting explosion would destroy the heavens and the earth! Long Chen was right in the middle of the explosion!

"Long Chen is in danger!"

"How does he deal with this?"

Instantly, Long Chen was submerged by the explosive power!

What could be seen was a violent vibration that pierced through heaven and earth, and on the area around the God Realm's Zhou Shan, an incomparably huge fireball exploded, expanding towards its surroundings and engulfing countless amounts of black mist. The boundless flames even rushed towards the Battlefield of Divine Devil, but because the Battlefield of Divine Devil was a Eternal Creation Divine Artifact, it did not harm the Divine King! However, being surrounded by the Sun Refining Flame, there were still many Celestial Kings who cried out in pain from the heat!

The explosion of the Heart of Alchemy nearly submerged everything in its surroundings!

Now that Divine Kings could not see Long Chen's safety, he could only see scorching golden fury that filled the entire sky!

"How is Long Chen?"

The tens of thousands of Divine Kings watched nervously. Although this was just Tian Yi's appetizer, it was already exciting and terrifying to the point where they could not help but tremble.

"Withdraw!"

With a flap of Tian Yi's three pairs of wings, the flames that filled the sky were engulfed. In the blink of an eye, the world returned to normal, but this rugged Demon God, Zhou Shan, was still completely red, as if he would shatter at any moment!

Perhaps if the wind blew, a large amount of mountains would turn to dust!

"Where's Long Chen!?"

Tian Yi immediately found him.

Long Chen was still in his original position, there wasn't a single wound on his body, he smiled lightly as he looked at Tian Yi, and said: "Sir, please take it seriously, if you only have this little strength, then don't waste your time."

The Heart of Refinement was indeed powerful and powerful, the killing power it had for Long Chen was not even comparable to that of the King of Formless. He had relied on the Death Realm's Dragon Gate to absorb all the surrounding explosive power, so he was safe and sound at the moment.

Of course, he knew that this was Tian Yi's attempt to probe him. The real battle had probably just started.

"It's not bad." Being looked down by Long Chen in such a way, Tian Yi was not angry, but instead laughed. He did not speak anymore, and the Wings of the Burning God began to slowly flap.

"As long as you can survive under my rules, I will use my Shooting Sun God Bow s to deal with you! Right now, you are only winning the right to fight against me, understand? "

Tian Yi was naturally arrogant.

But his desire for Taiyuan Deity Realm, was also the most sincere!

Under his words, he spread open his arms, and all of a sudden, his body turned into one body after another. Every body was exactly the same as his, and even his godly might and the wings behind his back were completely identical.

He was tens of thousands of meters away from Long Chen, yet the doppelganger that he had transformed into actually surrounded Long Chen. Long Chen took a casual glance at him.

The pressure of tens of thousands of Celestial Kings ... every single one of them was real!

However, clones were actually not the main focus of this rule. The main focus was that every clone was currently flapping the wings of the Burning God! It was normal for the fire to be produced from each flap, but it was only for the tens of thousands of clones to do so. Furthermore, the frequency of the fanning gradually increased to the point where even the eyes could not see the wings!

"Sun Refining Storm!"

Suddenly, tens of thousands of Tian Yi shouted out in unison.

Sun Refining Storm!

Wasn't this a natural disaster that would cause the sun to set in the Sovereign Sun Refining Divine Realm, and was said to be able to destroy the entire Sovereign Sun Refining Divine Realm?

This Tian Yi did not need a Divine Creation Tool to be able to simulate it?

One could feel that the Sun Refining Storm was an attack that surpassed its limits. It was much more frightening than the Sun Refined Heart from before. With the flapping of tens of thousands of Tian Yi's wings, the Sun Refining Storm finally started to correct him. This was the combination of flames and storm, and there were even rules such as "Ripping", "Destruction", "Break". Long Chen was now trapped in an absolute whirlpool!

"The Sun Refining Storm that Young Master Tian Yi simulated already has no difference from the real Sun Refining Storm, it's just that there's a difference in numbers. The real Sun Refining Storm has the same power, but the amount is definitely hundreds of millions of times greater. If not for Big Brother being able to break the Sun Refining Storm every time, our Sovereign Sun Refining Divine Realm and the people below Divine Emperor would have been annihilated long ago!" Seeing the Sun Refining Storm, the Divine Emperor could not help but sigh.

The storm exploded!

Right now, his eyes could only pierce through the sea of flames, being able to see the tens of thousands of Tian Yi s. With fanatical eyes, he desperately pushed his strength forward, trying to imitate the Sun Refining Storm!

"Sun Refining Storm is the nightmare of our 'Sun Refining Divine Clan', but we are very smart, and will give you this nightmare. Long Chen, taste this nightmare, if you are still alive, then I will fight you to the death!"

Tens of thousands of Tian Yi's voices sounded like a nightmare!

Every bit of fierce wind brought along with it Sun Refining Fire. That was because the Sun Refining Divine Art Tian Yi cultivated, had truly transformed into a flame that was exactly the same as the 'Sun Refining'. As long as one was not in the realm of Divine Emperor, if one was contaminated with it, then it was extremely dangerous.

These flames formed a storm, naturally a crisis of extinction!

That was why Divine Kings was worried for Long Chen!

But in truth, if he couldn't even solve this, he didn't need to fight with Tian Yi, and he couldn't use Tian Yi's God Creation Art either. Otherwise, he would definitely suffer a loss, but! Long Chen could still transform into a dragon!

The Sun Refining Storm, the explosion, the flames of the storm, the shock of the assault!

Right at this moment, Long Chen suddenly turned into a Taiji Creature Dragon and fifteen dragon heads appeared in front of the Divine Kings!

"The Origin of Life!"

"Fourteenth Fiendgod Formation!"

"Fire of Life!"

Almost at the same time, Long Chen executed these three rules. The flame of life protecting his Divine Dragon Body, the fourteen life formations guarding his surroundings, to transform the Sun Refining Flame, and the source of life formed a green tunnel, passing through the Sun Refining Flame, piercing towards Tian Yi!

Chapter 2867 - Heartbreak

The appearance of the Taiji Creature Dragon indeed made many Divine Kings shocked, even the Divine Emperor Tu Shan was also shocked. But in truth, none of them recognized the Divine Dragon, so they could only treat Long Chen as a special kind of Goblin Tribe. After all, within the Myriad Realms, there were countless demons that had never been seen before.

"This body seems to be of a demon clan, yet it doesn't have the aura of a demon clan. It's truly strange."

"That's right. However, the natural laws that are being used are even more bizarre!" This strangeness actually has something to do with life. It can heal, it can transform, and it can attack.

Amongst the discussions of the Divine Emperor, Long Chen's Taiji Creature Dragon was currently in the middle of the Sun Refining Storm. Now that the fourteen formations had completely surrounded him, he was completely enveloped by the strongest flames of life, completely bathing in the green flames.

The fourteenth formation had been activated to its strongest state!

The blazing spirit formation, star spirit formation, storm spirit formation and so on, had completely protected Long Chen. When the violent and scorching Sun Refining Storm tore through the fourteen living formations, the formation began to spin extremely fast, swallowing the sun storm and transforming it into energy that Long Chen could control!

The Sun Refining Storm could destroy Long Chen, but its flames of life could constantly regenerate Long Chen's flesh and blood. After Long Chen's own divine power, which was made of Hun Yuan's divine power, had been completely converted into the fifteen colored power of his life force, he was able to temporarily stop the erosion of the Sun Refining Storm!

That was the premise!

The most important thing was the source of life!

From the dragon's head, a stream of the fire of life protected himself as well as the origin of life to steal the lives of others. Tian Yi executed the Sun Refining Storm and created tens of thousands of clones, yet, using the power of life, Long Chen found his true body.

The green tunnel unexpectedly broke through the Sun Refining Storm and enveloped Tian Yi's body with lightning speed.

"What is this!"

Tian Yi's entire body felt uncomfortable from the very beginning, his gaze passed through the green tunnel and saw the Taiji Creature Dragon at the end of the tunnel. Now that Long Chen's 15 dragon heads were swaying, the dragon heads in the middle suddenly opened their mouths, and the green gemstone appeared.

"What an amazing rule that can strip away one's life!"

Outside of the battlefield, Divine Emperor Tu Shan and the rest could not help but exclaim in admiration.

From the start of the battle until now, they were extremely satisfied with Long Chen's performance, especially now, when the origin of life's laws were released, they had completely suppressed Tian Yi. Although Tian Yi's Sun Refining Storm was still able to become even more violent, attacking Long Chen's fourteen living formations and burning him to ashes, Long Chen could still take away his life!

This was a battle of mutual destruction!

The longer the fight dragged on, the more serious their injuries would be.

Honestly speaking, with more and more Sun Refining Flames breaking through the fourteen living beings' formation, it caused Long Chen's body to be contaminated with too many Sun Refining Fire s.

"Forget it!"

Tian Yi laughed out loud.

What he meant was that the Long Chen that he had finally accepted, could become his true opponent! It was worth it for him to fight to the death! It was clear that at this rate, his life would first be taken away by Long Chen, but the Sun Refining Storm could not completely destroy Long Chen. After all, Long Chen was still alive.

"Let's remove the rules at the same time! Both sides will suffer, there's no meaning. " Tian Yi said very straightforwardly. His words were already extremely agitated, and the look in his eyes when he looked at Long Chen was even more passionate.

"The Young Master has acknowledged Long Chen, looks like Long Chen has barely reached the qualifications for him to fight seriously. I haven't seen him this excited in years. I hope this Long Chen can hold on for a little longer! "We, the Sun Refining God Clan, will at most only have half of our combat power if we don't take out our bows and arrows."

In other words, once the bow and arrow appeared, they would be twice as strong.

"Sure!"

When Tian Yi removed the Sun Refining Storm, Long Chen had also removed the rules of life. After the sun refinement storm dissipated, the surroundings regained its tranquility, and after experiencing the Sun Refining storm, the Divine Spirit Realm mountain seemed to have experienced the apocalypse as well.

As the storm dispersed, Long Chen and Tian Yi still maintained their peak battle strength, standing tens of thousands of meters in the air! Tian Yi's laughter was filled with incomparable fanaticism. His eyes pierced through the endless darkness, as his gaze swept onto Long Chen's body at all times. Now that he didn't need to say anything, it could be seen from his expression that he completely acknowledged Long Chen!

"I have three forms and they all depend on how far you can go. Based on your current performance, you probably won't be able to block my first arrow. It is your honor to have a taste of our Sun Refining God Clan's archery in your life! "

Tian Yi was full of pride. This was an astonishing confidence and pride.

Long Chen's previous performance had completely suppressed him. He actually said that with such a performance, Long Chen would not be able to withstand the first arrow? To be honest, Long Chen felt that he was just boasting, in an attempt to put pressure on Long Chen. He had tried it previously, but he knew very well how strong Tian Yi was. It was just that he was not sure how powerful his three arrows would be right now!

10,000 anticipation!

The gods shout!

The crowd was in an uproar!

It was as if their hearts were beating like a drum as they faced off against two people. This was a battle that surpassed the limit. It was the battle of the brave!

"Shooting Sun, Setting Sun!"

The Flaming God's Wings on Tian Yi's back was still flapping, but the tens of thousands of clones had already disappeared. A symbol of a bow and arrow appeared on Tian Yi's forehead and it was projected onto his hand.

Shooting Sun God Bow, The divine arrow of the setting sun!

These were two extremely majestic, glorious and domineering super divine weapons. The Shooting Sun God Bow was completely gold in color, it was noble and grand, its patterns were exquisite, and a strong gold Sun Refining Fire was burning on its surface. The light was strong, and the most dazzling were the nine gems embedded on it.

It was said that these were the nine flame cores that he had found inside the Refinement Grounds, and the value of each one was as good as the Dark Star Divine Emperor's Dark Star. The Dark Star Divine Emperor's Dark Star was formed from refining a huge star, and these nine flame cores were all left behind by a huge star that was swallowed by the Refinement Realm!

Then there was the The divine arrow of the setting sun!

It was a pure black iron arrow, which was much weaker than the dazzling Shooting Sun God Bow. In terms of time, this The divine arrow of the setting sun was even scarier, it was said that it was made from a kind of seventh grade 'Eternity' inside the Refining Sun, part of the material called 'Refining Sun Central Iron'. It possessed the nature and power to penetrate through everything, and it also had the rule of 'Ripping' it apart!

When the two God Creation Equipment came out, when Tian Yi held the bow in one hand and the The divine arrow of the setting sun in the other, his temperament suddenly underwent a huge change. From an ordinary God King, he became an envoy of bows and arrows, becoming an unshakable ancient god!

His entire body had become one with the bow and arrow, becoming a part of the bow and arrow. If Tian Yi had been fanatical before, then now he had become completely ice cold. He was extremely cold, cold-blooded and emotionless, and had become a puppet for the bow and arrow.

Seeing this scene, Divine Emperor Tu Shan said, "Tian Yi has improved quite a bit. From the looks of his current state, he could have naturally cultivated and reached Divine Emperor in a few hundred years. I just don't know if Long Chen has the ability to help him break through these shackles."

"The divine arrow of the setting sun, Shooting Sun God Bow, I think Tian Yi will be disappointed. Long Chen completely doesn't know what our Sun Refining God Clan specializes in, and when Tian Yi tested us earlier, it was also a type of paralysis. "

A Divine Emperor beside him analyzed.

Just at that moment, Tian Yi's eyes remained indifferent, like a condescending god looking down on Long Chen, he started to pull away his first arrow, this was a clan that had been proficient in bow and arrow since the ancient times. All of his posture, after going through trillions of adjustments, after going through thousands and hundreds of times of tempering, the feeling could only change, it was different!

The bow slowly drew back.

Every time Tian Yi increased the distance between them by a little, one of the gems on the Shooting Sun God Bow would suddenly become even more brilliant, erupting with an intense light!

The first purple gem burned with monstrous flames!

The second one, orange, shiny! The third one, green and shiny!

Until now, Tian Yi had pulled the Shooting Sun God Bow up by a third.

But he stopped, casually adjusted, and the The divine arrow of the setting sun's arrow tip was already aimed at Long Chen!

The first arrow, he actually did not plan to pull the Shooting Sun God Bow full. Long Chen reckoned that if it was fully pulled, all nine gems would light up.

But even so, the moment the The divine arrow of the setting sun was about to aim at him, Long Chen still felt a fatal crisis!

"Tian Yi is very strong, I have to go all out, only then will I have a chance of winning!"

Long Chen was not only challenging him, he was also dealing with the Immortal God Tribe. In order to give Li Xuanji freedom, in order to defeat Di Jun! He had to find those lost Divine Dragons in order to let the Dragon Sacrifice Continent regain its glory! He had no way out. He could only challenge and kill!

"Are you ready to lose everything the next moment?" Tian Yi was extremely calm, and laughed sinisterly, but the The divine arrow of the setting sun beside him was even colder, and sinister. The moment he saw the tip of the The divine arrow of the setting sun, Long Chen had a cold feeling that his heart had been penetrated!

At that moment, he felt that he had lost all of his strength and became a cripple.

This was a terrifying spiritual will!

Under everyone's anticipation, Tian Yi erupted!

He shouted lightly and released his hand. The The divine arrow of the setting sun, which had instilled with his boundless Sun Refining Divine Power, had absorbed the Spirit Creation Divine Power and Tian Yi's power from the Shooting Sun God Bow. Under the laws of the bow and arrow, it had a terrifying effect.

An arrow from the Sun Refining God Clan!

"Heartbreak stance!"

This arrow was aimed at Long Chen's Heart of Rules, his primordial spirit. This was the most typical move of the Sun Refining God Clan, a killing move. Generally speaking, they were used to staying in the distance, where a single arrow would be able to kill their opponent!

The black light surpassed the passage of time.

Long Chen had long since grasped the Immortal Sword Tower, and was prepared to fight against the enemy's most powerful bow and arrow for the first time!

However, this was a speed that surpassed the speed of the Piercing Heart Needle!

Chapter 2868 - Defeat

What Long Chen truly admired was before he had released the Heartcrush Slasher Art.

At that moment, Long Chen had already wielded the Immortal Sword Magic Tower, and his eyes changed at the same time. The goal was obviously to suppress Tian Yi and even control him, so long as the wishful eye could control his body, then it would be impossible for it to hit Long Chen!

had already thought of a plan to deal with him!

It was because Tian Yi, who was drawing his bow and arrows, had entered a state of selflessness. Tian Yi himself seemed to have disappeared from this world, only leaving behind the bow and arrow, thus, Destiny's Heavens was unable to suppress Tian Yi, and the wishful eye was actually unable to control him as well!

In truth, Long Chen did not know that this was also a part of the enemy's rules of archery!

That was why the Sun Refining God Clan had gained a lot of experience through countless battles. Especially when they were firing, they were able to completely fuse with the bow and arrows, forming a kind of protection based on rules. For example, they were able to block Long Chen's rules of fate right now!

In the past, the rules of fate had always been all-pervasive!

But today, he was stopped, and this had messed up Long Chen's plan!

Immediately after, the exploding Heartcrush Slasher stance completely disrupted Long Chen's plans, and he underestimated the power of the Heartcrush stance! When knowing that Tian Yi had three sets of rules for archery, he naturally had to be prepared to resist the last two rules, one of which he wanted to use time to break and the other to fight with Power of Sky Execution!

The two rules were fully displayed in the God-Slaying Sword!

If this first rule was forced out by the opponent, how was he going to deal with the remaining two?

The breaking power of time and the Power of Sky Execution were both soundless and formless!

And the The divine arrow of the setting sun, had suddenly arrived!

Swift and powerful, the black iron arrow wrapped around the Sun Refining Fire, penetrating through everything and arriving before Long Chen. Under the exclamations of the various Divine Kings, Long Chen unleashed his own strength to the limit, the God-Slaying Sword and the The divine arrow of the setting sun suddenly clashed!

Such a terrifying force!

The God Slaying Sword, with the addition of the Time Break and Power of Sky Execution, had actually been repelled by this power!

At that moment, Long Chen finally understood what Tian Yi meant when he said that he could not block his first arrow. The rules of this arrow was fearsome, and the moment it made its first rule, it broke through all of Long Chen's planned defense, let alone the fact that the Heaven Smiting Sword almost fell out of his hands, even the defense of the Demon Suppressing Pagoda that was pressing down on top of Long Chen's head shattered!

"Puchi!"

After experiencing the dual defense of the God Slaying Sword and the Demon Suppressing Pagoda, the The divine arrow of the setting sun still managed to stab Long Chen's body, slightly deviating from its original position, and pierced through Long Chen's shoulder. Even if the Heart of Rules was not destroyed, his primordial spirit still existed, but the Sun Refining Fire on the The divine arrow of the setting sun's body directly spread out from within, and that terrifying temperature instantly turned half of Long Chen's shoulder into ash!

One of his arms was destroyed!

It was still the flame of life that blocked the Sun Refining Fire, which stopped the injury!

However, the destruction of the divine body had indeed not happened in a very long time. Everyone could see that Tian Yi's first arrow had definitely dealt severe damage to him!

There were several rules that could not be countered when an arrow pierced through the body!

The The divine arrow of the setting sun had already returned to his hands. He once again placed the The divine arrow of the setting sun on top of the Shooting Sun God Bow and laughed coldly: "So I still underestimated you, I thought you wouldn't be able to withstand the first arrow. It seems like I need to use the second arrow in order to take care of you."

At this moment, the tens of thousands of Godkings were all silent.

In fact, they had always felt that Long Chen was very strong as well. They never thought that when Tian Yi truly displayed his strength, he would still be able to suppress Long Chen in such a way.

"It looks like Long Chen will lose the Immortal Sword Tower this time."

"There's no helping it, he's the same as us. Even though he was extremely careful, he still underestimated Tian Yi's power."

"That arrow was truly terrifying. Furthermore, it was only the first arrow!"

On the other hand, the Divine Emperor seemed to be taking all of this for granted. Of course they knew that all the abilities of their Ascetic Sun God Clan were actually on their bows. Even if everything was the same, for sure they would be able to suppress Long Chen!

"It looks like it's very difficult to get a chance to let Tian Yi break through." The Divine Emperor could roughly see the limits of Long Chen's abilities. Although the rules were very strange, their foundations were far inferior to Tian Yi's, let alone challenging the top three of the Divine King's List.

"I'll just finish the battle." Tian Yi concentrated his gaze!

It erupted once again!

When he withstood the arrow, Long Chen had deeply realized that if this continued, he would definitely lose. Tian Yi was unexpectedly strong, but he could not lose! He had to thank Tian Yi for giving him such a dangerous feeling, it caused all the hairs on his body to stand, the danger of death, was hanging on the The divine arrow of the setting sun, and at that moment, Tian Yi just needed to release the The divine arrow of the setting sun, maybe it would be his death!

He had seen the hope of increasing his cultivation level, and now his eyes were bloodshot. Such a powerful opponent had aroused the pride in his blood, and he could not help but celebrate it, and he could not help but hold onto the God Slaying Sword with both of his hands!

Thick blood color, exploded out from Long Chen's body!

"Struggle before death." Tian Yi was disdainful, he was high up in the sky, pulling out Shooting Sun God Bow s, but this time, his speed was extremely fast, in a blink of an eye, the Shooting Sun God Bow's gems all lit up at the same time, he had pulled the Shooting Sun God Bow close to perfection, a total of six gems lit up!

This very likely meant that the power of this arrow was double that of the previous one!

"Long Chen is finished!"

Seeing this scene, the various Celestial Kings could not help but suffocate! Even they could feel the danger of death brought by the The divine arrow of the setting sun! Beneath the The divine arrow of the setting sun, there was no life!

Even the day of refinement would fall!

And in that instant, the The divine arrow of the setting sun split into nine, nine The divine arrow of the setting sun each, and in Tian Yi's eyes, every single one of them was equally sinister. The rules of the

Smelting Sun God Clan, carried their resistance, fury, and unyielding attitude towards the Smelting Sun, a resistance to survival. In Tian Yi's eyes, today, was Smelting Sun!

Tian Yi stared at Long Chen!

Now that Long Chen was holding the heavy sword, his entire body enveloped in the power of laws and time, he appeared to be distorted in Tian Yi's eyes. The most nervous moment had arrived in an instant, and Tian Yi saw that Long Chen had finally used the sword that he was most afraid of, the power of time, but Tian Yi was not surprised. He already knew the power of this sword, and also knew that this arrow of his, could destroy Long Chen's sword!

"Sword of Time!"

This sword, exceeded the time, Long Chen instantly appeared in front of Tian Yi, the Time Sword in his hand erupted, endless time condensed into a killing move on his sword, forming a sword that overflowed the heavens, cutting down right in front of Tian Yi's eyes. Long Chen knew that he could not passively resist, he needed to actively attack!

The sword of time was his only chance! His last chance!

Of course, this was also the starting point for him challenging his limits! Initially, he had wanted to use the Sword of Time to clash with Tian Yi's final bow and arrow. But he was wrong, the Sword of Time could not be saved! Tian Yi was stronger than he thought, more tyrannical!

This was the son of the Hierarch!

"extermination!"

At this moment, this could be considered a clash of strength!

When the Sword of Light slashed down at him, Tian Yi was incomparably calm, and erupted with his extermination. The nine The divine arrow of the setting sun s were like huge beasts, releasing huge roars, and in a short moment, directly clashed with Long Chen!

An exciting moment!

Dang, dang, dang, dang, dang!

In that short moment, a total of six ear-piercing sounds were released. No one knew how far they were sent, but the various Divine Kings did not care, as what they saw was that in that instant, Long Chen used that terrifying Time Sword and hacked six of the The divine arrow of the setting sun into pieces.

It was already a heaven-defying strength to continuously destroy six of them!

But there were still three which pierced into his legs and left arm respectively. The Sun Refining Fire surged and instantly enveloped Long Chen, turning him into a human torch. Although he had cut off six The divine arrow of the setting sun this time, Tian Yi still won by a level, and still managed to injure Long Chen!

Tens of thousands of Divine Kings retreated, their faces pale as they watched this scene. According to their expectations, Long Chen should have been completely defeated now, with no chance of winning at all, and under the burning of the Sun Refining Fire, he would be burnt to ashes within a short period of time, and would completely die!

In front of him, the Fiendgods weren't surrounding the mountain, so the flames raged! could not see Long Chen at all.

The various Divine Kings turned pale and could not help but let out a sigh. Long Chen had worked hard, with unstoppable momentum, but in the end he still stopped at rank 5. If Tian Yi did not withdraw his Sun Refining Fire, he would lose his life!

There would be no surprises.

When the Darkstar Divine Emperor used the bow and arrow techniques on Tian Yi, he had already expected this scene. Tian Yi was just too strong. Inside his Divine Kingdom, Mo Xiaolang and the other three girls were watching with wide eyes, dumbstruck. Only Little Cat rolled her eyes and said, "Don't worry, if he dies, cat-lord will commit suicide to die for his love."

But even after making such a joke, no one laughed, especially Mo Xiaolang, his eyes became even redder, and was just about to turn into a demon.

And at this moment, in the sky, Tian Yi, who had defeated Long Chen, should have stopped but he did not expect that, while holding onto the The divine arrow of the setting sun, his gaze turned grave once more as he said, "Long Chen, I know you are resisting the Sun Refining Fire. It's been a long time since I've used this arrow. It's a pity that you don't have the qualifications to help me break through, but you took a lot of effort. No matter what, I have to give you this arrow.

At that moment, the Shooting Sun God Bow was filled up for the first time!

The nine gems simultaneously lit up.

Chapter 2869 - Revitalization of the Earth

"All nine or nine gems lit up! Long Chen really didn't die, was he really resisting the Sun Refining Fire!?"

"Just now, the second arrow had almost killed Long Chen, but Tian Yi was still using the third arrow, this is clearly asking for Long Chen's life."

"Long Chen has no power or influence, and doesn't have a background like Tian Yi. It's said that he came from a small place, and actually challenged Tian Yi, that he can't be killed by, but if Tian Yi were to kill him, no one can say anything about it."

Now that Long Chen was heavily covered by the Sun Refining Fire, above the blue sky, Tian Yi was extremely cold and indifferent, and her Shooting Sun God Bow had already reached its most perfect state, which was already his limit. At this moment, even his arms were trembling, and his face had turned deathly pale;

Honestly speaking, it would be quite difficult for him to use the last arrow!

If he really had to calculate it, he was actually just a little bit stronger than Long Chen. If he did not activate this last arrow, he knew that Long Chen's fire of life would ultimately be able to withstand the Sun Refining Fire that erupted from his body and recover! At this moment, he could see that Long Chen had already stood up within the scorching sea of flames!

"Die!"

Tian Yi could not allow himself to be defeated, this was an excellent opportunity, it was to completely turn Long Chen into dust in his direction. The last arrow, was his limit, he had paid all of his strength to condense it into this arrow!

"Setting Sun!"

From the Heartbreak stance to the extermination, and finally to the Setting Sun stance!

A single arrow pierced through the sun!

In the eyes of the tens of thousands of God Kings, the fatal arrow was released from Tian Yi's hand. When the arrow was released, Tian Yi's fingers were completely smashed, turning into a rain of blood, a mouthful of blood sprayed out of his mouth! Even so, his face was brimming with a smile. This was because he had ten thousand confidence in ending this battle with this arrow!

It was to deal with Long Chen who was on the verge of death.

His second arrow had already put Long Chen on the verge of death, yet he was using an even more terrifying finishing arrow. Tian Yi was not the only one thinking this, all of the Divine Kings looked at the terrifying arrow with a regretful expression. Long Chen's charge had actually ended at this moment!

It was clear that Tian Yi didn't care about his life.

Tian Yi was not as friendly as the Dark Star Divine Emperor and the rest had imagined. He must pay a heavy price in order to challenge! The last arrow had come from the sky, and it had cost him the most!

Using Hun Yuan's divine power to create a large amount of fire of life, he finally forced the Sun Refining Fire out of his body bit by bit. Actually, if only Mo Xiaolang could make a move, then he could just directly swallow this Sun Refining Fire!

almost caught the second arrow.

But he still missed three arrows, allowing the Sun Refining Fire to swallow him up and heavily injure him! He had no choice but to admire Tian Yi's power, but he still persevered on, spending a very short amount of time to force the Sun Refining Fire away, and then used the power of laws to charge out of the Sun Refining Fire!

However, he immediately felt the greatest and most terrifying danger!

"He did not show mercy and directly attacked!"

Long Chen immediately understood!

Under normal circumstances, if Tian Yi was more friendly, he could have just waited for Long Chen, there was no need for him to use such a killing method. However, he had not only used it, he had even risked his life!

"Obviously, in order to defeat me, he didn't even have to care about my life!"

Before this, Long Chen had always fought from the perspective of sparring, and never involved himself in life or death, but now he realised, he had one-sided wishful thinking, Tian Yi did not care about his life, what he cared about was victory, he cared about his own breakthrough! His status was noble, so it was naturally impossible for him to appreciate Long Chen's kindness!

This was Long Chen's biggest mistake today!

"Is he being looked down on again?" After rushing out of the Sun Refining Fire, Long Chen laughed bitterly in his heart. Indeed, no matter where he went, there would always be some people who would look down on his qualifications, even if their strengths were about the same as his. For example, in Tian Yi's eyes, if he lost to him, then he would be nothing!

Mercy?

Impossible!

He would not show mercy at all, and instead wanted to beat him to death!

After shooting out of the sea of flames, he saw the final arrow!

The arrow transformed into a Sun Refining arrow!

The dazzling light covered everything. What Long Chen saw was no longer gods or devils surrounding him. There was only a gigantic flaming planet, and that huge planet was filled with an endless amount of Sun Refining Fire. Standing in front of this planet, Long Chen was unbearably tiny!

"This is Refining Sun!"

He knew that he was still incomparably far from being able to refine the sun, but that terrifying burning sensation was not fake. As he gradually approached the refining sun, from the outermost layer of his body, all of it had already begun to disintegrate!

All the Godking had disappeared!

Tian Yi also disappeared!

The arrow also disappeared!

Refining the Sun was currently turning Long Chen into ashes, and could not even repair the flame of his life. He could only watch as his own body was destroyed bit by bit, and there was no way for him to resist Refining the Sun at all!

"Is this the feeling of imminent death?"

Long Chen was confused.

He had charged all the way to the fifth rank of the Divine King Ranking, never expecting that he would be restrained.

Nothing is done

Everything Father Delivered

All dreams

His most beloved Ling Xi still needed his protection, and his most anticipated daughter had yet to even arrive in this world ...

Li Xuanji was still waiting for him to give her freedom

His brothers and sisters all need his protection

He could not stop the Eclipse Tribe from destroying this world ...

He was unable to fulfill the gods' wishes!

So many missions had not been completed, so many unwillingness! He knew that he was going to die, but in his heart, he was unwilling! He was enraged, he roared, he screamed at the top of his lungs, he didn't want to die here, and he also didn't want to die in the hands of a mere son of Shen Yi!

The son of the Heavenly Worship Domain Lord, to others, he was exalted and terrifying!

Only, he was the hope of all ten thousand worlds, the sole successor to the divine dragon that ruled over all ten thousand worlds before this era! His identity was ten thousand, a hundred million times more noble than Tian Yi!

It was too laughable, too pathetic, to die here!

"I have no face. I'm going to see my father!"

Long Chen laughed in the midst of destruction. At this moment, the burning sun had already engulfed him and all hope had been shattered.

The road ahead was difficult.

He bravely advanced and fought his way through. He never gave up on protecting his loved ones, nor did he forget the important mission given to him by his ancestors. He fought fiercely, and even though his talent was the weakest at the start, he still caught up and reached an unprecedented level!

His future still had endless possibilities, and it would be even more glorious!

Even before it was destroyed, he believed that this was one of the obstacles in his life. As long as he crossed it, he would be walking down the path of glory!

At this moment, he left the Refinement Sun and stood within a dusky world. He was swallowed up by a gray vortex.

"Brother Chen." turned around and saw that it was Ling Xi. Her eyes were filled with tears that made Long Chen's heart ache, and when Long Chen's gaze landed on her lower abdomen, the little girl inside was also waving at him. She was also crying. Seeing them, Long Chen's heart ached greatly.

"We cannot live without you, Brother Chen."

Ling Xi's heartbroken voice caused Long Chen's heart to break.

"Chen Er."

On the other side, Long Qinglan stood there as he spoke in a serious tone: "Your journey has only just begun. You're just the son of the Hierarchy, and that's just an ant that's below your feet. "If so, how will you face me?"

We can't do without you!

How do you face me?

One request, one question!

Long Chen felt as if something in his mind had shattered. He let out a furious roar as if he had gone insane, that roar pierced through the gray space and brought him back to the Alchemist Sun, where only the World Tree and Heart of Rules remained after burning his body!

"No, this is an illusion!"

Those two sentences echoed in Long Chen's heart. Every time they echoed in Long Chen's mind, it would make his blood boil!

"I can't die!"

"I want to fight, I want to kill!"

That's right, a massacre!

He was bitten by an ant, he wanted to kill! When his eyes turned scarlet and the resonance between his emotions and the Primordial Blood Spirit Dragon's blood vessels was at its strongest, the new laws inside the blood dao seal loosened and turned into overflowing blood that washed away Long Chen's primordial spirit and body!

Amidst the blood, the dragon of battle roared and roared at the heavens!

RUU...!

Under Long Chen's berserk counterattack and incomparable desire to live, this scorching sun world shattered inch by inch! Amidst the countless cracks, Long Chen heard many fragmented sounds.

"Long Chen seems to be dead."

"The complete annihilation of the Primordial Spirit ... this sort of outcome is truly tragic."

"Tian Yi is too ruthless, it was not a battle of life and death, he was determined to fight."

"Long Chen has no choice, after all, he does not have the status of Tian Yi, even if he dies, no one would dare to do anything to Tian Yi, no?"

There were many other familiar voices.

"Big brother? "Are you alright?"

"Boss, are you for real?"

"Brother!"

Hearing these familiar voices, Long Chen's incomparably violent heart, which had completely merged with the Primordial Blood Spirit Dragon, finally calmed down. He felt warmth and gratitude, and understood even more clearly how important he was to them.

And there was also the Divine Kingdom's Ling Xi who helped him to raise her own children.

And there was also the infatuation that was waiting for him amidst his suffering!

When one's deepest feelings merged into the strongest form of slaughter, Long Chen's slaughter rules had undergone a tremendous change. The new rules he had comprehended had become mysterious and unfathomable, but they were also more perfect, because this was true slaughter!

Bang!

When everyone thought that Long Chen was dead, he suddenly opened his eyes!

Chapter 2870 - Extinction Dragon Seal

The The divine arrow of the setting sun passed through the center of her chest, stabbed into the Heart of Rules, pierced through the Great Void Cosmic Dragon Primordial Spirit, and finally exited her body.

Seeing this scene, Long Chen couldn't help but laugh. It had been a long time since he had received such heavy injuries.

Even when he was facing a Heavenly Demon, he had never been this injured.

He had actually lost to the fourth place on the Divine King List today.

Long Chen finally let others think that he was dead, but why did he not die? It was because he was different from others, he had an indestructible determination, there were too many unwillingness, not only did he not die, he had even put himself on the ground to live.

At this moment, Long Chen truly understood one sentence.

If he didn't break it, he wouldn't be able to stand up.

After it was destroyed, it would be erected!

In that grey world, what Ling Xi had said, was actually his own perseverance. The warning in his heart, was his responsibility and mission; Even though her primordial spirit was pierced through by the The divine arrow of the setting sun, he still did not die.

He stood on top of the bare mountain of Immortals and Fiendgods.

Tian Yi's face was cold as he descended.

With a casual wave of his hand, the The divine arrow of the setting sun returned to his hands. The battle had ended, and Tian Yi was preparing to keep the Shooting Sun God Bow and the The divine arrow of the setting sun.

"I don't have any use for it anyway. First, help me store it, then give it to someone else." Tian Yi said as he walked.

In front of him were tens of thousands of Divine Kings who were looking at him with fearful gazes.

None of the Celestial Kings dared to breathe. This battle was far too hopeless, and they could feel the sorrow of the weak. The only ones in the crowd who were overjoyed were the two Divine Emperor s of the Immortal God Clan. Long Chen didn't even need their help before he died.

The current him was simply unscathed and unharmed. Perhaps even he himself did not know, but this time he experienced yet another rebirth and transformation, causing his ancestral dragon's soul and body to grow once again.

Perception filled his body once again.

In that short moment, he miraculously arrived at a tyrannical state that he had never experienced before!

"Xiao Xi, thank you. It gave me the courage to reincarnate. " Long Chen took a deep breath. Ling Xi was simply too important to him. She was simply the most important part of his life.

"I'm not afraid. Yan'er, tell me, you will meet her." Ling Xi said quietly, his words brimming with happiness.

"It was this little fellow who saved my life."

The marvel of life was here. If not for this small girl waving at him with tears in her eyes, wanting him to go back, Long Chen would not be able to comprehend how important he was. At that moment, it was as if his soul had transcended ten thousand realms. If one were to really say what had reformed Long Chen's primordial spirit, Long Chen felt that it was the tears of the two of them.

His heart was half filled with tenderness, half with killing intent!

He gave tenderness to the man he loved most, and he gave killing to his enemies! The moment he opened his eyes was the moment of his counterattack! When he opened his eyes, he saw that a new, majestic life had been born on top of this Godly Demon Mountain. Long Chen stood in his original spot, but he had become even more frightening!

A terrifying feeling that could not be seen from the outside. It was in the heart! He had to thank Tian Yi for giving his soul a breakthrough, but facing this opponent who completely disregarded his life, he could not show any mercy, just like how the opponent did not show him any mercy at all!

"Long Chen!"

When he opened his eyes, the Celestial King saw this scene!

They saw that Long Chen's profound eyes, had gradually turned blood-red. His entire body was covered with blood-red dragon scales, and completely changed him into the killing state of an Primordial Blood Spirit Dragon. At this moment, he was a killing machine! Icy, cruel. His eyes only had one word, and that was death!

The Primordial Blood Spirit Dragon was a divine dragon that resonated with his soul. It was an emissary of death, an emissary of slaughter!

"He's not dead!"

"Long Chen did not die! How could he be unharmed! "

When all of the Divine Kings were shocked speechless, when Tu Shan and the rest had their smiles frozen on their faces, looking at the reborn Long Chen in shock, when all of their eyes were filled with disbelief, Tian Yi who was walking towards victory, had no choice but to stop in his tracks, and turn around in disbelief!

He remembered that he had used the setting sun to pierce through his opponent's origin soul!

He shattered Long Chen's primordial spirit.

As long as it was a life, without a soul, it would definitely die. Even if there was a remnant soul, it would be impossible for it to be reborn, nor would it be possible for it to be reborn on the spot.

But Divine Emperor Tu Shan could not joke around.

But when he turned back to see Long Chen's bloodshot eyes, he could not help but smile, and his entire body shivered, his face which had originally become pale after using the Setting Sun Art, became even paler.

"Long Long Chen."

He couldn't help but wipe his eyes. That's right, Long Chen was fine, he was looking at him.

"Tian Yi, the battle is still not over. Leaving like this, are you admitting defeat? If you want to admit defeat, then keep the Shooting Sun God Bow and the The divine arrow of the setting sun here. " Long Chen acted as if he didn't know what had happened just now as he calmly spoke to Tian Yi.

"I ..."

Tian Yi took a deep breath. No matter what had happened, he could only admit that his last arrow, his strongest arrow, had actually failed to kill Long Chen! This was a huge mistake, a huge loss of face! However, to be able to kill it the second time was just a small inconvenience!

"You still have a long way to go before you can take the Shooting Sun God Bow." He only believed that no matter how calm and indifferent Long Chen seemed, he must be forcing himself to stay. The power of the setting sun would never disappear.

"Since that's the case, I'll let you try your favorite extermination!"

Honestly speaking, with his current strength, using extermination was rather difficult. Tian Yi moved just like that, spreading out his wings and once again shooting into the endless sky. The Wings of the Burning God exploded into countless light rain, and the blazing Sun Refining Fire descended like a sky full of blazing stars!

"extermination!"

The battle resumed!

No matter what happened, the tens of thousands of Divine Kings could only try to clear themselves up a little through battle once again. Hence, they became nervous once again as they watched Tian Yi fight another extermination!

"Perhaps, this is just a reflection of Long Chen's back. The outcome, is destined, and also irreversible."

The Divine Kings did not believe in myths, but only in reality. Even though they saw the Demon Suppressing Pagoda on Long Chen's left hand and the God Slaying Sword in his right, they did not believe it!

extermination, The divine arrow of the setting sun, 1 divided into 9!

On the Shooting Sun God Bow, the six gems were shining!

The tens of thousands of people suffocated once again, waiting for Tian Yi's shocking archery technique!

In the midst of the nervous gazes of the crowd, he flung out the Demon Suppressing Pagoda in his left hand. It was the same Demon Suppressing Pagoda, but this time it was different, because this time, underneath the Demon Suppressing Pagoda, were blood-red colored words. Faintly visible to them were two twisted words!

"Whiz!"

When Tian Yi was condensing the extermination, the Demon Suppressing Pagoda appeared on top of his head and became incomparably huge, suppressing down!

Tian Yi laughed disdainfully: "When I used the extermination, a mere Demon Suppressing Pagoda wanted to affect me?"

Previously, Long Chen's Heaven's Eye of Fate and wishful eye s had both failed to affect him.

Only, how could the slaughter rules that Long Chen had just comprehended be so simple from the moment he died to the moment he was born!

"Tian Yi, be careful!" The Divine Emperor shouted!

These words stunned Tian Yi, and also stunned all of the Divine Kings s! Why be careful?

Then, everyone saw this scene!

Above Tian Yi's head, the Demon Suppressing Pagoda was spinning and suppressing, the bronze bell was ringing loudly, a hundred thousand spirits were releasing hundred thousand rules to suppress it, this was the Demon Suppressing Pagoda's own power, it was not surprising at all, but at this time, at the bottom of the Demon Suppressing Pagoda, it suddenly turned red, and a blood colored array formation appeared!

The moment this complex array formation appeared, tens of thousands of Divine Kings gasped in unison. What kind of killing intent was this, so majestic, even with the presence of the Divine Emperor,

even in the God Realm's Zhou Mountain, this blood colored array formation instantly became the core of heaven and earth!

What was terrifying was not the formation, but the two characters in the center of the formation! These were two ancient characters; twisted, complex, and difficult to read. All of the strokes were composed of eight blood-red divine dragons that had fused together. Each character was made from four divine dragons!

That was the core of the blood colored diagram!

Long Chen liked to research on Divine Dragons since he was young. These were the words from the Divine Dragons from before the era.

Very coincidentally, Tian Yi was also using the extermination!

And right now, the blood-colored writing diagram had become the focus of everyone's attention. Its name, was 'Extermination Dragon Seal'! This was not the extermination of Tian Yi, but the extermination of the Primordial Blood Spirit Dragon. This was a divine dragon in charge of death.

The two of them were extinct, but their meanings were completely different!

This was a completely new rule of slaughter. This was for the true slaughter, the extermination of the Dragon Seal!

At the moment, Tian Yi's extermination had been completed, and was aimed at Long Chen, and was about to be released!

He did not care about the Extinction Dragon Seal, even though the eight words that formed the divine dragon were extremely dangerous, he still released the extermination. The nine The divine arrow of the setting sun descended like nine suns, with the target being Long Chen!

Ferocious, fierce!

At the same time, extermination of the Dragon Seal, suppression!

The rule of death.

In the instant that Tian Yi was suppressed, his expression instantly changed greatly. In an instant, he was directly struck by the seal, causing him to instantly widen his eyes, loosen the Shooting Sun God Bow in his hands, and together with him, fall from the endless sky! Boom!!

On his chest, at the location of the Heart of Rules, that blood colored imprint had appeared!

Tian Yi did not move at all.

At the same time, the berserk extermination continued to attack and kill Long Chen, Long Chen was already prepared for it. The moment the Time Sword erupted, everyone heard a total of nine explosions, and nine The divine arrow of the setting sun were shattered by Long Chen, finally condensing into a The divine arrow of the setting sun that appeared beside Tian Yi, but Tian Yi was not able to grab onto it!

The three had all fallen on Mount Zhou, where the Fiendgods had taken control.

Tian Yi didn't get up again.
