Chapter 861 - Sword Soul Stone

If Wu Lian and the others wanted to reach the hut, they had to shake off or kill the Bone Devil. At this time, everyone cleverly chose to shake off the bone demon, as their speed was a bit faster than the Bone Devil's, and now, the four of them were going even faster than the one in front of the hut.

BOOM!

The surging waves of air directly blew the wooden house away, at the same time, it also blew away the tables, chairs, and other furniture that had already decayed. Long Chen looked carefully, the only thing that appeared in front of him, was two things.

One of them was a meter long black ruler. This black ruler had a black light circulating around it, and it gave off an aura as cold as the edge of a sword.

The appearance of this black ruler instantly attracted everyone's attention. Everyone used a blazing light to look at this black ruler in a short amount of time, and from this black ruler's body, Long Chen felt a power that was not inferior to 3000 star fields!

Without a doubt, this black ruler was a type of high-grade Emperor level divine weapon!

In the Imperial Domain, most of the strong warriors at the seventh or eighth level of Heaven Martial Stage only used high level Royal Grade Divine Weapons. It could be seen how precious these high level Royal Grade Divine Weapons were.

In the Realm of Myriad Kingdoms, there was originally only one high level Emperor level Divine Weapon, which was the Divine Sword Bai Lian.

Later on, the Azure Lotus God Sword appeared, along with the 3000 Star Domains.

And now, another black ruler had appeared. Although he didn't know the name of this black ruler, this black ruler was definitely a high-grade Royal Armament. This kind of thing, could be considered a rare treasure even in the Imperial Domain. At least an expert of the sixth or seventh level of Heaven Martial Stage would fight to the death for such a divine weapon.

The six demon clans were not suited to using human Divine Weapons, so they did not go and snatch their things. Otherwise, how could they, who were merely at the first or second stage of Heaven Martial Stage, possess such precious Divine Weapons?

Even Wu Lian was unable to unleash the full power of the white lotus god sword.

The black ruler attracted everyone's attention in a very short period of time.

The other thing in the hut was actually two people. Long Chen had the Spirit Devouring Demon Pupil and could see clearly that the two were actually corpses.

The two of them sat cross-legged together. It was too dark around them and they were quite a distance away, so their appearances could not be clearly seen. After so many years, their flesh and blood were still alive. From this, it could be seen how powerful they had become when they were still alive.

At the very least, he should be an expert on the level of a Purple Blood Dragon.

The two of them should be a man and a woman. They were wearing light blue robes with the patterns of gossips on their sleeves and chest.

"Who are these two? Why are they here?"

While Long Chen was pondering about this question, the others had forgotten about the two corpses and were fighting over his high level emperor level black ruler.

There were two corpses and not a single object. Obviously, this black ruler was a weapon left behind by them.

He didn't know why, but perhaps it was because Long Chen had 3000 star domains and wasn't interested in the black ruler, but he felt that the two corpses were very strange. It was as if Long Chen could feel a similar aura from them.

A very strong sharp sword qi!

"That's right, it's this type of sword aura!"

Long Chen was suddenly awakened!

As his eyes focused on the eight trigram diagram on the body of the two people, he noticed that there was actually a longsword that went straight through them!

The longsword pierced through the pattern of the eight trigram diagram!

This meant that when the two of them were alive, they should have been the same as Wu Lian, Sword Fighter who had an Innate Sword Embryo!

"It's actually the Sword Fighter! Did the corpse leave anything behind?!"

Long Chen only felt that it was a little strange, but at this time, he realised that Wu Lian, who was originally the strongest competitor, had actually dropped out of the competition for the black ruler!

She explosively retreated, and then used her shocked eyes to look at the two corpses!

"What did she find out?" Long Chen was shocked!

To Wu Lian, the black ruler was also an important treasure. If he could bring it back to the God Clan, it would definitely make the God Clan more prosperous. However, why didn't she pay attention to the black ruler and instead look at the two corpses?

After Wu Lian withdrew, only Bai Lan and Jin Zu were left to compete with each other. Within this narrow area, the three of them fought intensely. Everything happened in an instant, and the reason why the three of them were able to obtain the black ruler was mostly due to luck.

Bai Lan's strength and luck were all better than the other two!

Amongst the three of them, he was the only one who had a Royal High Rank battle skill!

His high level Royal-ranked battle skill naturally came from the Demon God Emperor!

The Demon God Emperor, was not the Sword Fighter. Although he did not leave any weapons behind, he still had a type of high level emperor level combat skill. The Nine Revolutions of the Gods and Demons was just an ordinary combat skill, and the strongest combat skill in the Demon God Emperor was the Demon God Emperor Fist!

In truth, Bai Lan suddenly retracted his fist, and released a Demon God Emperor's Fist. The energy wave was like a wave of death, a black demonic energy condensed into a fist imprint that shook the heavens and the earth, fiercely erupting forth!

"Break!" With a punch, the Demon God Emperor Fist Technique directly forced the Long Beard Man and the Jin Zu back. With such a high level Royal Rank battle skill, the two of them indeed didn't have any way of fighting back. It was already quite difficult for the two of them to not get injured.

Of course, the combined attack of the two was very strong as well. They had sent Bai Lan flying backwards, but it had helped Bai Lan.

"You two, I, Bai Lan will accept this Divine Weapon. There are still five levels to the Dark Bone Tower, and they will definitely have to be countless treasures. I hope the two of you do not secretly hate me, Bai Lan." Bai Lan laughed and turned, maintaining a certain distance from the others.

At this time, those Bone Devils were still returning to kill, Jin Zu and the rest immediately threw themselves into the slaughter, and after taking care of all the Bone Devils, the two of them panted, and Long Beard Man said: "Brother Bai is too courteous, getting that thing was because of your strength, we are convinced, but the following treasures, we will definitely get it as well."

"That's good." Bai Lan said with a smile.

Their strength was not far from each other, so they were most afraid of being surrounded. Bai Lan did not want himself to be the target of everyone's hatred after getting ahold of a small thing.

However, why is it that Bai Lian isn't interested in the Black Ruler?

Long Chen's gaze concentrated on the two corpses. At the same time, he was also quickly approaching, and after Bai Lan obtained the black ruler and dealt with all the Bone Devils, Long Chen suddenly felt that the two corpses had suddenly changed!

From the beginning, the two corpses had actually turned into dust, dissipating into the air without leaving anything behind.

First the head, then the body, and finally the legs.

Before, other than Long Chen and Wu Lian, the others did not care about the two corpses, but now, everyone understood that these two corpses had their own secrets.

"What is that!"

After the corpse disappeared, two rocks appeared at the location of the dantian.

A single golden pellet was filled with manliness and blazing heat!

It was a black color, filled with a feminine coldness!

The two stones seemed to reveal the edges of a sword. Although they were stones, they erupted with Sword Qi, instantly forcing everyone around to retreat a few steps, even Wu Lian who was closest to them!

"Long Chen!"

Just at this moment, the most excited person was actually Long Chen's little kitten!

From Little Cat's excited tone, Long Chen knew that these two things were definitely treasures, and super treasures at that!

"Sword Soul Stone, hurry and take it!"

Sword Soul Stone?

Little Cat had told Long Chen before that when Long Chen asked him about how he could become a Sword Fighter, Little Cat told him that it would be fine as long as he obtained the Sword Soul Stone s left behind by others.

Sword Soul Stone s, one in a million, was hard to obtain. It was not possible to obtain Sword Soul Stone just by being strong.

Furthermore, even if they obtained Sword Soul Stone s, who would be willing to spend their entire life's worth of comprehension to someone else?

Moreover, inheriting the Sword Soul Stone also had a lot of risks. If one was not careful and the sword qi leaked out, if one did not have enough strength to suppress it, it was very easy to be chopped into pieces!

More importantly, who knew when they would die?

Only a seriously injured and dying person would have the chance to keep their Sword Soul Stone.

Therefore, even in the Imperial Domain, there were very few people who could inherit the Innate Sword Embryo.

Innate sword embryo inheritance was very rare.

Long Chen's nerves instantly tensed up to the extreme!

He also wanted to become a Sword Fighter and properly comprehend the way of the sword, so that he could improve his combat power. And the two Sword Soul Stone in front of him, gold and black, were the key to his success in becoming a Sword Fighter!

The Dragon Fighter, and the Sword Fighter, how strong would he be?

"Among these two Sword Soul Stone, the Innate Sword Embryo has a good understanding of the way of the sword and is at the third stage of the way of the sword! It can explode with seven times the lethality! "

As Long Chen was advancing, Little Cat asked excitedly.

No wonder it was so excited.

If it was the Innate Sword Embryo that Wu Guangyu and Wu Lian had. The kitten probably didn't even like it.

Long Chen did not hesitate, and immediately escaped with his blood!

At this moment, Bai Lan and the others simply did not know what it was. That Wu Lian was also blocked slightly by the sword qi of the Sword Soul Stone, but she turned into a streak of blood light, and instantly appeared in front of the Sword Soul Stone!

At the first moment, Long Chen held onto that golden Sword Soul Stone with his scaled hand!

"Scram!" At this time, Wu Lian, who was originally very close to him, transformed into a white light and quickly rushed forward, arriving in front of Long Chen in a flash. Without saying a word, he directly grabbed the black Sword Soul Stone with her hand.

If Long Chen were to be hit by this White Lotus Divine Sword, he would definitely not be able to escape unscathed.

Therefore, Long Chen could only use Blood Escape to dodge!

Chapter 862 - Beast Trapping

There were a total of two Sword Soul Stone here, and Long Chen could only use one of them. Him and Wu Lian moving together at almost the same time, to be able to get one Sword Soul Stone was already more than enough.

At this time, the two of them were holding onto a Sword Soul Stone.

Just as Long Chen was about to put the Sword Soul Stone back into the Great Void Realm, a strong suction force suddenly exploded out from within the Sword Soul Stone. The two Sword Soul Stone instantly clashed and produced a gigantic black golden vortex that directly sucked in Long Chen and Wu Lian.

"Long Chen!" Bai Lan was shocked, his body suddenly exploded forward, but he helplessly discovered that he was still unable to catch up to Long Chen and the others' speed. In the blink of an eye, Long Chen and Wu Lian both disappeared in front of the three of them!

"What's going on?"

Bai Lan and the other two looked at each other.

Long Chen and Wu Lian both disappeared. What was going on?

Where did they go?

Long Beard Man and Jin Zu were secretly delighted. This meant that Wu Lian was probably going to push the competition for the Five Emperors' Treasures.

As for Bai Lan, he had long thought of Long Chen as a close relative of a junior. He had originally wanted to protect Long Chen, but didn't expect such a change to happen to Long Chen, to have him disappear along with Wu Lian.

"Is this child really destined to die?"

Bai Lan sighed in his heart.

When he thought about how sorrowful his daughter would be after hearing that this child had died, Bai Lan's heart was a mess. He clearly remembered that Long Chen still had a dream of going to the Imperial Domain, he vaguely felt that this young man still had a lot of things to carry, but he didn't think that, at this critical moment, something would happen.

It turned out that this wooden house was not the end, and the yellow path in front of them still did not stop. Not far away, the startled Bone Devil was still gradually waking up.

"Where did the two of them go?" Jin Zu asked doubtfully.

"Who knows? This Five Emperors Secret Realm is so strange, let's continue forward." In any case, I can't find anyone here. " Long Beard Man said indifferently.

"You guys go first, I'll wait." Bai Lan immediately waved his hand.

He wasn't willing to give up just like that.

Perhaps, a miracle would happen?

Jin Zu and Long Beard Man looked at each other. In their hearts, Bai Lan was simply too stupid, to actually give up the chance to quickly fight over a Five Emperors' Treasures for a Long Chen.

However, if it was just the two of them, they really didn't know how to deal with the many dangers ahead.

For example, along the way, with so many Bone Devils, if it was just the two of them alone, they really didn't know how long it would take to kill them all.

Thinking of this, the two of them did not act.

"In that case, let us wait here as well." Jin Zu said.

They were not willing to let Bai Lan take advantage of them.

Bai Lan was extremely clear about their little thoughts. He let out a cold laugh and sat down cross-legged, recovering his own primeval essence.

Time slowly passed.

In the blink of an eye, one day had passed.

The Jin Zu and Long Beard Man didn't have much patience left. The Five Emperors' Treasures in front was still waiting for them, however, before they could speak, Bai Lan had already stood up.

In a day, there was no hope left for him.

Having lived for so many years, Bai Lan had long seen many life and death situations.

"What a pity for such a talented and tenacious young man." Bai Lan sighed, then looked towards the other two: "Sorry for the wait."

"It's fine." Finally able to move, the two of them heaved a sigh of relief.

They didn't want Bai Lan to stay after they had killed all the Bone Devils. He did not intend to sincerely wait for Bai Lan.

Seeing the yellow path, Bai Lan's eyes focused, and stepped onto it again.

Five Emperors' Treasures were everyone's targets.

"Where is this place?" Long Chen rubbed his head, then stood up with much difficulty and looked around. This was a grey sky and land, and it was as if they had returned outside of the Dark Bone Tower. However, the difference was that there was no sea of bones here. In addition, it didn't seem like the surrounding space was very wide. In the distance, it would be the grayish fog.

After a while, Long Chen remembered that he had obtained a golden Sword Soul Stone. And then he came here, along with Wu Lian!

But, where did the Sword Soul Stone go?

Just as he thought of this, Long Chen suddenly felt a terrifying Sword Qi attacking him!

"Who is it!" Long Chen suddenly turned around and used the Big Dipper Steps. That snow white sword qi directly brushed past him and the overbearing sword qi directly rubbed against his back, on his back that was covered in blood-red scales, it directly wiped a deep bloody wound!

Pch!

Long Chen inhaled a breath of cold air, his back was burning in pain, it had been a long time since he was harmed by such a blade and sword!

Although these wounds were painful, they were not fatal.

Although there was a deep sword wound on his back, there was no blood. Right now, the muscles on his back were twitching rapidly. It was estimated that it would completely heal in a short period of time.

The powerful vitality of Long Chen's body, which had merged with one percent of his ancestral dragon blood, was not a joke.

Some people's recovery ability when using the life combat technique might not even be as strong as Long Chen's.

He suddenly turned around, only to see that Wu Lian was actually standing in front of him. In this dusky world, her clothes fluttered in the breeze. Her white robes fluttered, and her veil fluttered, revealing half of her pure-white cheeks.

"This is over, I don't know if I can take the Sword Soul Stone, but I was brought here. Can it be that I can only get the Sword Soul Stone or leave after defeating Wu Lian?"

Long Chen had already cursed the person who let him in countless of times in his heart, and that was useless. Right now, the most important thing was to protect his own life in Wu Lian's hands!

This woman was waiting for such a time. How could she show mercy now?

The attack just now was incomparably vicious; if Long Chen did not dodge, he would probably have been cleaved into two halves.

"Long Chen" Wu Lian walked towards Long Chen step by step. It was the second layer of the 'Domain' of Heaven Martial Stage, and when used on Long Chen's body, the second layer of the domain was much stronger than the first layer.

"I didn't think that even the heavens would help me. You are destined to die, so I won't be polite." Wu Lian looked at Long Chen with an arrogant gaze. With a gentle wave of her hand, the snow-white skin on her sleeve was revealed.

"For you to have today's achievements, you must have a lot of secrets. It's just that if it's a Monolith of the War God, it won't be able to make you progress so fast. But from today on, everything you have will be mine."

"So you're actually targeting laozi's darling?" Long Chen previously thought that she simply wanted to take revenge.

"Cut the crap. Being trapped here, it should be only by killing you that I can get out. If I'm too late, the Five Emperors' Treasures would fall into someone else's hands. That's not worth it."

Separated by a veil, Wu Lian's expression could not be seen. Her voice was extremely ethereal, and one could not make out her expression.

"It's a pity, you are also an extraordinary young genius of the Realm of Myriad Kingdoms. You did not join our god race and instead harmed my son. What a pity."

"Then you can only blame your son for offending me. If it wasn't for him offending me, I would have been so free as to go and kill him." Long Chen laughed coldly.

His heart, however, was searching for other methods.

"What can I do to get out of here? No one gave any hints, it seemed like it was not as simple as killing Wu Lian. Furthermore, there is a huge gap between us, so how can we kill her? "

"Blood sacrifice?"

He was only one step away from Heaven Martial Stage. At this time, unless he had no other choice, he did not want to use a blood sacrifice. The space here was so narrow that he had no idea where he could escape to even if he wanted to.

"How troublesome!"

"I don't believe that Wu Lian is that strong, so let me try and see what the strength of someone at the second level of Heaven Martial Stage is like!"

Thinking about it here, Long Chen's eyes gradually turned blood-red.

After arriving at the Five Emperors Secret Realm, he had not withdrawn from the state of the Dragon Soul Transformation, because he was always in a battle state!

"My son, now I will personally behead your enemy and send him to the Infinity Hells!"

Wu Lian laughed at the sky, and with a move, she immediately pounced at Long Chen!

"What a sharp attack!"

Long Chen was shocked!

"The Five Great Emperors Seal is one!"

In a short period of time, Long Chen had already unleashed his Five Great Emperors Seal s, and under Long Chen's control, a huge multicolored palm swept towards the opponent crazily!

Strong gales surged, the air trembled, and sand and rocks flew everywhere!

"Domain!"

A look of shock flashed past Wu Lian's eyes, but quickly turned into an endless ice cold, as an endless Sword Qi surged through her body.

The moment Wu Lian's domain expanded, it erupted, instantly giving Long Chen a strong oppressive force. Long Chen's battle skill, etc. was much weaker than before, and he estimated that at least a quarter of the the power of the Five Great Emperors Seal's fusion had disappeared!

The domain of the second stage of Heaven Martial Stage was actually this strong!

"The sword qi can sweep through 30,000 miles!"

At this time, the white lotus on Wu Lian's sword swept out, a resplendent sword aura swept towards the fusion of Long Chen's Five Great Emperors Seal!

The resplendent sword light instantly illuminated the world!

That dazzling light flashed across Long Chen's eyes!

"This is the end!"

Long Chen increased the input of his true essence, and the fusion of the Five Great Emperors Seal and the sword qi clashed with each other for a distance of 30,000 miles.

"What a strong woman!"

That sharp sword force directly forced Long Chen to retreat, and countless of sword qi dispersed, passing through the Emperor Seal, sweeping across Long Chen's body, and in a short period of time, Long Chen was completely turned into a bloody person!

Chapter 863 - Battling the Celestial Patriarch

The violent Sword Qi swept past Long Chen's body, cutting apart the dragon scales on his body, piece by piece!

Fresh blood appeared in Long Chen's wound. To Long Chen, his blood was the most important thing, he could not bleed it at all.

The burning pain all over his body caused Long Chen to scream out hoarsely. He clenched his teeth, the sword wound looked terrifying, but most of it were only superficial wounds, not really injuring him. The small wounds on his body were squirming, and under Long Chen's powerful vitality, they were slowly recovering.

However, his recovery speed was definitely not comparable to the speed of Wu Lian's attacks!

"Can you still hide?" At this moment, the woman in front of him had an ice-cold look in her eyes, and a mocking smile appeared at the corner of her lips.

"The weak should be in such a sorry state. "No matter how talented you are, you will still die in my hands."

While he was speaking, Wu Lian did not stay idle. One after another, snow-white sword auras rushed towards Long Chen. This Wu Lian was many times stronger than him. Although Long Chen could kill him, Long Chen did not have any ability to resist him!

"This won't do. If this goes on, I must cripple this woman!"

His blood and flesh wriggled as he recovered.

"Blood Escape!"

Long Chen was still very cold and lonely at the moment. This was his only option, although he didn't know where the blood escape would send him, it was still better for him to quickly leave this woman.

"Want to run?" Wu Lian snorted, her jade-like hands revolving, causing the power of the domain surrounding Long Chen to suddenly erupt.

"Turn back!"

With a light shout from Wu Lian, although she had turned into blood light, Long Chen was still controlled by the domain's power. Under the effect of the violent force field, Long Chen was forced to flee far and wide. The power of blood escape was actually used up by Wu Lian just like that, but Long Chen still did not manage to escape!

The difference between the two was too great!

Blood Escape. This was the first time it had been broken. In the past, whenever Long Chen used this skill, it would usually be able to solve his crisis!

With a whooshing sound, Long Chen was immediately thrown flying by her second stage Heaven Martial Stage. He rolled on the ground for a few rounds, and if not for Long Chen's control, the blood on his body would have grazed the ground.

"Crap!" Long Chen immediately jumped up, this Wu Lian was the rare kind of ranker that he could not handle!

Although the situation was dire, Long Chen was still able to maintain his calm. His blood red body released a huge amount of killing intent, he stared at Wu Lian, his eyes filled with a blood red killing intent. At this time, he still did not feel any fear, which had greatly expanded Wu Lian's horizons.

"You still don't know? Are you already someone who will die?"

Wu Lian chuckled, her curvaceous and alluring body was trembling slightly, the ample bosom hidden under the white robe was quivering slightly, her clothes fluttering about, revealing her snow-white legs, her skin was as smooth and smooth as a perfect piece of jade, fair and attractive, without a single blemish.

The movement of her clothes caused people to be unable to help themselves from thinking about how grand the scenery was at the base of her thigh.

As Long Chen retreated, the killing intent in his eyes did not decrease at all. Honestly speaking, it was Wu Lian's first time seeing a young man who dared to be so arrogant in front of him.

"Who said I'm going to die? Until the final moment, don't ever boast about it. Who knows if you will end up begging under my crotch? " Long Chen said with a faint smile.

If he couldn't escape with his blood, he could only think of other ways.

"How dare you!" Wu Lian was furious, his body was like a torrential storm as she rushed towards Long Chen, the tempting fragrance from his body immediately pounced in front of Long Chen.

"Nineteen Prefectures of Light."

As he neared Long Chen, Wu Lian waved the white lotus in his hand, instantly transforming into a small ray of sword aura that rushed towards Long Chen!

In that instant, Long Chen had the same feeling as when he was facing Wu Guangyu's Blue Lotus Sword Art, as though the entire world had disappeared, and the only thing left was this sinister and cold sword light!

"Hu!"

This sword light that was basically unstoppable whistled over from right in front of Long Chen's eyes! It instantly appeared in front of Long Chen.

"In your next life, remember to open your eyes wide and take a good look. Some people aren't people you can touch." Wu Lian's ethereal voice quietly floated towards Long Chen as if it was within reach.

Her tone was extremely calm, as if she was narrating an insignificant matter. However, that ray of sword light had already directly swept across Long Chen's body when he was completely unable to resist it!

Under Wu Lian's tyrannical strength, Long Chen was directly slashed into nineteen prefectures by Guang Han. The white lotus god sword directly slashed through Long Chen's waist!

This meant that Long Chen had no choice but to die!

Who would be able to survive a cut at the waist?

"It's all over."

Wu Lian explosively retreated, she did not have the slightest bit of mercy.

"The weak will only die, it's useless no matter how much potential they have. You, Long Chen, have suddenly appeared out of nowhere and established such a great legend in this Archaic Graveyard, but in the end, didn't you still end up dying in my hands? "

With a cold face, he stared at Long Chen's body that was gradually separating. He looked at the painful and stunned body that Long Chen had, and also the fear of death!

A deep bloody wound appeared on Long Chen's blood-red waist at this moment. Even though he had a mid-grade Emperor Level battle skill like the seven star body, the Immortal Sword Bai Lian still cut his body in half!

The upper and lower half of his body had collapsed!

As long as the two halves of the corpse split open, Long Chen's life would completely disappear from this world!

This kind of young man, to Wu Lian, was already a threat to her position in the Realm of Myriad Kingdoms. With Long Chen's speed of advancement, who could be sure that one day, he would suppress Wu Lian and directly become the strongest warrior in the Realm of Myriad Kingdoms?

So now, Wu Lian heaved a sigh of relief.

Such a heaven-defying youth couldn't be allowed to become stronger.

Pch!

The upper half of Long Chen's body and the lower half of his body had been separated from each other. The lower half of his body was still standing on the ground.

To Wu Lian, this meant that it was over.

But right at this moment, a gray halo of light rippled out from Long Chen's chest. Wu Lian could vaguely see that on Long Chen's chest, there was actually a complicated rune mark.

"What is this?" Wu Lian's bright eyes suddenly lit up.

But right at this moment, Long Chen's body underwent a miraculous transformation. Under the enveloping of the gray colored halo, Long Chen's upper body which was originally falling down, and the splashing of blood, actually went back to its original trajectory, returning to Long Chen's body. The upper half of his body and the lower half of his body completely clashed, and the splashing blood returned back to the position where Long Chen's body was originally at.

It was as if time had flowed in reverse as Long Chen's body returned to its previous state. His originally dim eyes were now filled with a blood-red light!

To Wu Lian, this kind of scene was enough to make her feel sluggish.

"How is this possible!" Even though she was known for being cold, at this moment, her cherry lips slightly parted as she let out a cry. Her face was filled with disbelief.

The Great Void Dragon Symbol's ability to reverse the flow of time was simply beyond the comprehension of an ordinary person. It was even more unbelievable than the Devouring Blood Realm and the Blood Refinement Realm.

such an impossible thing, yet it was actually discovered in front of Wu Lian alive.

In front of him, the lips of the young man who had just revived from death hung a trace of an ice-cold and ridiculing smile, which caused Wu Lian to retreat a few steps, and look at Long Chen in a daze. From his body, Wu Lian saw mystery and strangeness.

To her, Long Chen was currently wearing a mysterious veil.

"Impossible, you obviously died," Wu Lian muttered to herself, her eyelashes slightly trembling. Subconsciously, she brought the white lotus, the divine sword in her hand, in front of her eyes.

Compared to her previous cold and bloodthirsty attitude, her current somewhat panicking appearance was even more indescribably mature.

Of course, to Long Chen, this was nothing at all.

He only knew that the person before him was someone who had almost killed him.

Seeing the shock on the other party's face, Long Chen smiled. He spread open his own palm and said indifferently: "Since you didn't kill me, and gave me the chance, if I don't take revenge, I won't be Long Chen anymore."

The problem was, his strength hadn't improved, so how could he take revenge?

was still unable to fathom the Heaven Martial Stage. In the domain of the second stage of the Heaven Martial Stage, Long Chen had truly experienced this kind of pressure, and at the same time, he compared it to the Tianwu Fist Index. There were also the Three Thousand Domain Spear Arts. He only had a vague idea on how to use her domain, but there seemed to be a heavy cloth that blocked his comprehension of it. Perhaps this heavy step was the so-called Heaven Martial Extreme Wall.

Many people were stopped in front of the Extreme Heaven Wall.

The current Long Chen was also no exception.

If he failed to escape with his blood, then it would be the end of time for him to reverse the flow of time. Long Chen no longer had any other choice.

In the midst of Wu Lian's ice-cold yet shocked gaze, blood-red flames suddenly ignited all over Long Chen's body. These blood-red flames seemed to be made of fresh blood, and they had an incredibly scorching and ruthless flavor. The blood-red flames shot up into the sky, enveloping Long Chen within them as furious roars rang out from his body one after another.

Two blood red fire Divine Dragons rushed out from Long Chen's eyes and coiled around Long Chen's body. The scarlet dragon heads looked towards Wu Lian, swallowing and spitting out blazing flames.

The pressure from the Ancient Desolation pressed onto Wu Lian's body, causing him to retreat continuously.

This terrifying aura caused her to feel panic.

Chapter 864 - Bai Lian Jiange

At this time, Long Chen's true essence strength was quickly increasing. Although he was originally at the ninth stage of the Earth Martial Stage, he had forcefully raised it by a level, and reached the true essence strength of the Heaven Martial Stage. Adding to the original tenfold properties of the Dragon Soul Transformation, the explosive true essence in his body was almost the same as Wu Lian's!

"Blood Sacrifice, Level 1!"

After he finished using the power, Long Chen felt that the overbearing power had almost exceeded the scope of his control. If not for the seven star body suppressing the power of the place, he might have died by now.

Under Wu Lian's suppression, Long Chen had no choice but to give up on the Heaven Martial Stage that was within reach and choose to sacrifice her life.

The two of them faced each other in this vast, gray land.

Long Chen who burned with blood red flames was especially terrifying.

On the other side, Wu Lian, after a short period of shock, had a face covered in frost once again.

"Huh?" In a corner that neither Long Chen nor Wu Lian knew of, after seeing Long Chen's blood sacrifice, a cry of surprise appeared out of nowhere behind the images of the divine dragons.

Of course, Long Chen and Wu Lian were both nervous and did not hear this voice.

"Blood sacrifice, you have to finish the battle quickly!"

"Unbelievable!" Wu Lian had to unleash her strongest strength in order to prevent herself from panicking. Her domain had already been opened to its strongest degree and was suppressing Long Chen's body. The power of her domain prevented Long Chen from everything, including the battles in his body and the circulation of her true essence!

"Devouring Blood Realm!"

Having strengthened a rank of Devouring Blood Realm, had an even stronger might. Wu Lian had finally tasted the might of Long Chen's Devouring Blood Realm. She had placed the Blood Refinement Qi on hold, but the Devouring Blood Realm was still one of Long Chen's trump cards!

The Devouring Blood Realm suppressed nearly half of Wu Lian's true essence!

With this increase in strength, Long Chen temporarily obtained the absolute advantage!

Roar!

A dragon's roar burst out from Long Chen's body!

"The Five Great Emperors Seal is one!"

Since it was a blood sacrifice, then he had to end it quickly. In the shortest amount of time possible, he must give this woman, Wu Lian, a fatal blow! There was no need to care about what the number one beauty was, she could shake the Realm of Myriad Kingdoms, and if she angered Long Chen, she would die!

"Golden Emperor Heaven Shrouding Seal!"

"Emperor Qing Qing Tian Ji!"

"Scarlet Emperor Burning Heaven Seal!"

"Profound Emperor Seal of the Sky!"

"Yellow Emperor Sky Movement Seal!"

In the midst of Long Chen's grandiose aura, the Five Great Emperors Seal was being struck out one by one. One after another, the seals finally fused into a gigantic multicolored palm!

Although Long Chen could not use all of his battle prowess with this high level emperor level technique, it was still extremely powerful when used!

Break!

With an explosive shout, the fusion of the Five Great Emperors Seal brought along the colors of the heaven and earth. The five colored palms that covered the sky, smashed towards the white-robed Wu Lian!

For a moment, Wu Lian suffered a destructive attack!

The current Long Chen was bloodthirsty and bloodthirsty, he had no emotions whatsoever, and this already made Wu Lian's heart tremble.

She never thought that Long Chen would actually be able to become so strong in such a short period of time. Although she didn't know what he had done, this move, even if it was her own, might not even be able to be used!

However, as a warrior at the second level of Heaven Martial Stage and one who had comprehended the first level of the sword path, how could she be simple?

"White Lotus Sword Spell!"

Amongst the white lotuses on the sword, there was also an earth-shattering sword technique!

Wu Guangyu had only comprehended a tiny bit of the Blue Lotus Sword Art, and after Bai Lian had studied it for more than ten years, he had already practiced the White Lotus Sword Art to an extremely profound level. If she had used this White Lotus Sword Art on Long Chen from the very beginning, Long Chen would definitely not have been able to survive!

At this time, Wu Lian's eyes were shrouded by a layer of white brilliance.

Her body quickly danced, creating waves of breast-waves. Her long robe fluttered in the wind, and the white lotus in her hand danced like a dream, causing her to appear like a fairy in the gray earth.

Ling Xi was also an expert in using the sword. Every time she used the sword, she would look extremely beautiful, as if she was a fairy from the heavenly palace.

To Long Chen, this was just an illusion!

Wu Lian's moving figure did indeed cause Long Chen to be stunned for a moment, but it did not hinder his killing intent!

"Die!" The multicolored palm struck down!

And at this time, the sword beam in Wu Lian's hand pierced forward, a sword that gathered all the strength in her body, explosively shot out, clashing violently with Long Chen's multicolored palm!

"Bai Lian Jiange!"

A white lotus flower appeared from within the white lotus on the divine sword, spinning like a dream. The lotus flower was formed from sword beams, and at this moment, it had become one with Long Chen's Five Emperors Seal.

At this time, the power of Long Chen's Five Emperor Prints was even stronger than that of the White Lotus Sword Arts. The destructive power directly pressed down on the other party and surged towards him.

Dust filled the air!

Long Chen's Spirit Devouring Demon Pupil could firmly hold onto Wu Lian's position!

Rumble rumble rumble!

Explosions rang out one after another!

As the sword qi surged, Bai Lian Jian Ge's power was also not weak. However, in the end, he could not hold on and was dispersed by Long Chen with a loud bang. That small amount of power smashed into Bai Lian's body!

Long Chen had originally thought that even with the remaining strength left, he would still be able to kill Bai Lian instantly. However, he still underestimated Bai Lian, as the power of the rebellion only caused Bai Lian's clothes to turn into ashes, but she was only injured!

After the clothes were torn, what appeared before Long Chen's eyes was a perfect naked body, this body was shining with the brilliance of a white lotus, and a picture of a white lotus appeared on Wu Lian's delicate body, dispersing the energy Long Chen had launched at her.

Bathing in the white light, Wu Lian's body was as tender and smooth as milk.

This Wu Lian should have mastered a middle level Emperor level body tempering technique, and her battle skill was even more outstanding than Long Chen's. This resulted in her body being able to withstand Long Chen's attack!

"Puchi!"

Bai Lian spat out a mouthful of blood and retreated!

Despite the body tempering technique, Long Chen was still severely injured. Her Qi was in disorder, his five organs were in disarray, her body was in chaos, blood Qi roiled, and the fresh blood that stained her snow white body had a unique charm and visual impact.

Honestly speaking, just looking at her delicate body and face, she didn't seem like a person of several hundred years old at all. She was almost the same as a charming woman in her twenties.

Her snow-white body flashed in Long Chen's eyes as she flew backwards. In an instant, her butt was like a wave, a truly spectacular sight. With such a shocking curve, as well as her fox like eyes, peachy cheeks, pointy chin, and fox like face, no wonder she was able to captivate countless of men. She was called the number one beauty in Realm of Myriad Kingdoms.

It was just that this beautiful scenery only stopped right in front of Long Chen for a short amount of time.

After his clothes were completely destroyed by Long Chen, although he was heavily injured, Wu Lian was still trapped within the ring for a period of time. She took out a long skirt, and it instantly blocked the spring light that leaked out of her body.

It was only after he fell to the ground and rolled a few rounds did Wu Lian finally stand up in a sorry state. His face was filled with a panicking expression and he was full of clothes, so there were many places that he could not block.

To Long Chen, they were all nothing.

He remembered that this astonishingly beautiful mature woman almost killed him before.

No matter how beautiful a woman was, if she held a saber in her hand, then it was impossible for her to be easily touched.

After not killing the woman in one move, a cold light flashed across Long Chen's eyes. His body flashed, and instantly appeared in front of Wu Lian as a fist pierced towards her head!

"AHH!" Wu Lian cried out in alarm, staggered backwards, and stepped on the corner of her skirt. Instantly, her long skirt was pulled down, and a deep ravine appeared on her chest. It almost tore her clothes apart.

"A woman like you usually likes to wear long robes. I didn't think that her figure would be so attractive." To see such a pitiful God Clan Patriarch in such a sorry state was a little unexpected for Long Chen.

With his blazing gaze sweeping across the rich curves of her chest, Long Chen gave a praising laugh.

"Close your doggy eyes. Am ... am I something that you can look at?" In the moment of his death, Wu Lian's face was still as cold as ice. Without batting an eyelid, she quickly donned on her clothes, concealing her spring colors, and continued: "Don't forget, you haven't defeated me yet!"

"Is that so?"

As the other party was speaking, Long Chen was holding onto three thousand star fields. His Big Dipper Steps flashed as he instantly appeared in front of Wu Lian!

He looked like he was drooling over Wu Lian's body, but in truth, he was not merciful at all. He attacked viciously, with one spear and one spear, he forced his way towards Wu Lian's most fatal part!

There wasn't much power at the first level of the Blood Sacrifice Realm. Long Chen was already unable to use that level of attack from before, and could only use the incomplete Three Thousand Domain Spear Art to kill Wu Lian time and time again!

Although Wu Lian was injured, a skinny camel was still bigger than a horse. Although she did not have the chance to retaliate, she could only panic and dodge Long Chen's crazy assassination!

Was Long Chen the one who exhausted his energy first, or was she stabbed to death by Long Chen first?

"How is it? This young master's spear is very powerful, right? " Long Chen's eyes were bloodshot as the three thousand star regions fiercely pierced towards Wu Lian's ample chest. It was not because of anxiety, but because this spot was Wu Lian's heart!

"The spear in her hand is powerful. I don't think I can use it against this woman."

At this time, the little kitten in the Great Void Realm suddenly spoke nonsense.

"Get lost, your father here is invincible in this world with the long spear under my feet!" This woman is also my opponent? " Long Chen shouted in anger!

Chapter 865 - Yin Yang Sword Sea

As he spoke, a cold light flashed across Long Chen's eyes!

The move just now caused Wu Lian to stagger and almost fall to the ground!

Long Chen's Three Thousand Star Domain seized this opportunity to poke its way up towards Wu Lian's lower jaw. This dignified and voluptuous beauty was in front of him, like a normal prey.

"What a fool, such a beauty, she actually doesn't know how to care for the fairer sex, how good would it be if she were to leave it to the cat-lord!" The kitten sighed.

"Then I'll leave you a corpse!" In case others despise your toothpick! " Long Chen let out a cold laugh. Three thousand starfields, unstoppable, stabbed at Wu Lian's lower jaw!

At this moment, Wu Lian finally revealed a terrified expression!

She thought that she would die, but she also didn't think that she would die in such a miserable manner.

And at the same time, Long Chen felt a sense of powerlessness in his body.

"Crap, the power of the blood sacrifice is almost over, I am about to return back to the eighth stage of the Earth Martial Stage!"

At this critical moment, being able to kill Wu Lian meant that he was still alive. After the blood sacrifice, there would definitely be a huge period of weakness. If she did not kill Wu Lian by then, he would definitely be ravaged.

"Die!"

With a furious roar, the three thousand star regions had already pierced Wu Lian's skin!

Such a beauty was much more attractive than the girls, such as Soo Xue and Su Yan. But after being hit by Long Chen's spear, she was ultimately turned into a female skeleton.

"Hur hur."

Suddenly, this kind of laughter came from the heavens and earth. In that instant, Long Chen felt as if his entire body had been frozen still.

At the same time, Wu Lian's body could not move at all. At this time, Long Chen's long spear had already pierced into Wu Lian's body, and a drop of blood slowly dripped down along his long spear.

This chuckle was actually so terrifying.

Long Chen was stunned for a moment, but he could only accept his fate. He knew that there was definitely someone else in this space, and that it was definitely related to that Sword Soul Stone.

In the end, Long Chen was still unable to kill Wu Lian.

At this time, the power in his body was quickly fading, and a sense of weakness washed over him. Long Chen suddenly felt very tired, but because Wu Lian was not dead, he could not rest, otherwise the one who would be dead would be him.

Wu Lian, who was standing opposite of her, was extremely terrified at the start. Her black eyes were filled with watery mist and a pitiful appearance she had never seen before made her look like a little girl who was moving. However, after seeing Long Chen's situation, her face instantly revealed a sinister killing intent!

"Long Chen, you did not kill me this time.

"Let's wait and see."

Long Chen knew, that person did not let him kill her, nor would he let his kill him. The reason he brought the two of them here, was definitely for a purpose, and right now, was the time that he had achieved his goal.

Just as he finished speaking, Long Chen felt that his body was no longer under his control. Under the restraints of a mystical force, the two of them flew in the same direction.

"Where are we going?" Long Chen looked around suspiciously, while Wu Lian had a puzzled expression.

They could do nothing but talk.

During the flight, Wu Lian's clothes fluttered under the strong wind. The two proud peaks under the dress, her perfectly round thighs, and her white and tender skin continuously flashed past Long Chen's eyes.

"If the people from the Realm of Myriad Kingdoms knew that the high and mighty Patriarch of the God Clan was actually dancing naked in front of my eyes, I wonder what kind of expression they would have right now?" During the flight, Long Chen was bored. He could not help but laugh out loud as he savored the beautiful scenery.

"Close your eyes, or I'll dig them out first!" Wu Lian seemed to cover his leaking happiness, but he could not do anything about it.

In these countless years, she had never allowed anyone to see her own body. Even the pitiful person who was killed by her, Wu Guangyu's father, had never seen it.

If it wasn't to nurture a descendant, she would never have a man in her life.

But the current Long Chen was unrestrainedly using his gaze to desecrate her.

"If you want to dig, then dig. I've seen enough. I have to say, do you have some kind of secret recipe? How could this twin peaks still be so proud and stand so upright, looking as if they could be picked at any time. If I don't pick them properly, how would I be able to face them?" Long Chen chuckled.

His words caused Wu Lian's entire face to turn red. This was not out of shame, but out of anger. A man who was countless times younger than him was commenting on his sensitive parts and asking about the secret recipe for his maintenance?

"Shut your dog mouth, don't force me, Long Chen, I will make sure you die an ugly death!" The current Wu Lian, Three Corpses God, jumped up, flustered and exasperated. Her snow-white body slightly trembled in front of Long Chen's eyes.

"Hehe, an old woman, no matter how beautiful she is, do you think that I, Long Chen, really care about her? I have so many young girls waiting for my favor. Do you think I really covet your old body? "Sorry, even if you take off all your clothes and send it to my bed, I would be too lazy to take it."

When Wu Lian's anger reached its peak, Long Chen gave her a heavy blow.

At this age, even though she still had more than five hundred years of life left, even though she was still young and upright, but being told by Long Chen, no matter how strong and firm her heart, she could

only temporarily faint from anger. At this moment, she was firmly biting her lip, and her eyes released a ray of bloody light.

"What? You're not convinced?" Long Chen laughed and no longer looked at her. It was true that her body was beautiful and captivating, but even Long Chen felt that his lower abdomen was burning up after looking at her body a few times.

It was best not to touch a dangerous woman.

"You, will die for sure."

Wu Lian took a deep breath. After feeling extremely furious, her expression turned into one of indifference. It was extremely cold, exactly the same as her usual state.

Whoosh.

Suddenly, the two of them seemed to have reached their destination. Their fast moving bodies suddenly stopped. Long Chen opened his eyes and looked in front of him.

Streams of sharp sword qi assaulted his face!

A wave of scorching masculine energy and a wave of cold feminine energy!

In front of Long Chen, a lake that resembled a giant one appeared. There was no water in the lake, but it was made up of countless tiny sword Qis.

Billions of tiny sword energies formed a lake. Every single sword energy was filled with a shocking lethality, shaking the space.

The sword qi formed a lake, splitting it in half.

The sword qi on the left was a pure gold, full of scorching yang energy, while the sword qi on the right was a sinister black, filled with a bone-chilling cold. One hot, one cold, one yang, one yin, it formed a sharp contrast.

Although Long Chen was still standing far away, he still felt pain all over his body, and the current him, the power of the blood sacrifice had already passed. If not for the strange power that was still binding the two of them, Wu Lian might have already killed him!

The current Long Chen had already released her Dragonsoul Transformation. With his injured martial spirit, he did not have any true essence to maintain the Dragon Soul Transformation.

"Where is this place? What is this place?" Long Chen was flabbergasted as he looked at the vast scene in front of him.

"Puchi!"

Streams of sword Qi danced in the air. The golden sword Qi and the black sword Qi were from two different camps. At this moment, they were clashing unceasingly, while bursting out with tyrannical fluctuations time and time again.

When the question appeared in Long Chen's mind, a voice that came from the distant answer appeared in the sky.

"This is the Yin-Yang Sword Sea!"

Long Chen was certain that this ethereal voice definitely came from the same person who laughed before.

"Yin Yang Sword Sea? What does this have to do with the two Sword Soul Stone from before? Amongst the two Sword Soul Stone, one of them was golden while the other one was black. It seems to have something to do with the Yin-Yang Sword Sea? "

Long Chen made a cautious guess.

At the same time, he was also wondering who the owner of this voice was.

It had to be known that since this was the Five Emperors Secret Realm, there should be treasures left behind by the Five Emperors. And what kind of people were these two Sword Soul Stone, and the two corpses wearing the Eight Trigrams Robe?

He couldn't figure it out no matter how he thought about it.

While he was thinking, he suddenly found that his body was being manipulated again.

"Enter the Yin Yang Sword Sea. Let me see how far your understanding of the way of the sword has progressed."

This faint voice once again rang out.

Long Chen and Wu Lian were separated. Under the encirclement of strength, Long Chen rushed towards the golden sea of swords on the left, while Wu Lian rushed towards the black sea of swords.

"Men are the yang and women are the yin. It just so happens that the two of them are able to obtain the legacy of my junior sister and I will depend on your luck!"

The voice that seemed to have come from the sky came over once again.

"Feng Yangzi?" Long Chen had never heard of this kind of person.

However, when this person was alive, he had to be a supreme expert.

"The two corpses, the man amongst them should be Feng Yangzi. The golden Sword Soul Stone should have been left behind by him, and the black Sword Soul Stone should have been left behind by his junior sister."

If these two died together, then the relationship between them must also be extraordinary.

At this time, Long Chen had already arrived at the golden sea of swords, and at the same time, he reached his own position. She was not stupid, and knew that both himself and Long Chen had obtained the chance to inherit the Sword Soul Stone at the same time.

A Sword Soul Stone could at most inherit one. Wu Lian was a Sword Fighter in the first place, so she had an Innate sword embryo in her Dantian. If he were to inherit this Sword Soul Stone, this Innate sword embryo in the middle of the Sword Soul Stone would definitely swallow her Innate sword embryo and fuse with it.

Chapter 866 - Drilling the Sword Truth

If one of them were to be swallowed by one person, then there would definitely be a fight between the tigers, and one of them would definitely be injured, especially between these two Sword Soul Stone s, who were from the strong to weak, while the other was from the cold to cold. If the two of them were to be consumed together, the result would be unimaginable.

No one had ever possessed two Upper Sky sword embryo.

When the two met, they would either fuse together or explode.

Wu Guangyu was already dead, so it was useless for Wu Lian to get two Sword Soul Stone, thus she calmed down and focused on facing her own test. If the black sea of swords below her was the black Sword Soul Stone, then she was not confident that she could pass the test.

And Long Chen was even more unsure, because he himself was not a Sword Fighter. He knew nothing about this so-called Sword Truth.

Fortunately, with the protection of the mysterious man, a transparent light circle isolated Long Chen from the rioting sword qi, allowing him to avoid the attacks of the Golden Sword Qi.

Under the control of the mysterious person, Long Chen gradually sunk into the Golden Sword Qi. This was a sea of golden swords, and Long Chen had a feeling that he was completely covered by the ocean.

"Sword Truth?"

At this time, Long Chen was thinking about this word.

Perhaps, this was the same as martial dao, something that was illusory and intangible.

The journey in martial dao was simply too long. The four great foundation realms could only be considered as the stage of preparation for the opening of the martial path, and the three great martial realms were the stage of consolidating the foundation of martial arts. After the three great martial realms, Long Chen had once heard Cat say that the tribulation stage was above the martial realm.

What would happen after tribulation stage?

All of these things were uncertain. The only thing he was sure of was that the journey of martial arts must be very long. Long Chen was still at the lowest level of the three great Martial Realms.

Although Long Chen had not stepped into the way of the sword, it was definitely not comparable to the path of martial arts. It was a side door to martial arts.

The Dao was a part of the natural law. Since it was the Dao, then it was the natural law of this world.

Just like a drowning man, Long Chen sank into the golden sea of swords. Perhaps it was because of that mysterious person, but the revolting Golden Sword Qi treated Long Chen like family, and Long Chen quickly fused with the golden sword qi. He wasn't harmed.

"Whether you can get it or not will depend on your luck."

These were the words spoken by the mysterious person.

At this time, Long Chen's head was already spinning, he knew nothing about the way of the sword, how could he know how to control the golden sea of the sword?

However, we demi-humans are different. We only need to strengthen our physical bodies, our demonic powers, and our divine abilities. These three aspects will determine our fighting strength. Your human race's innate condition is too weak, so you can only use your continuous comprehension to allow your weak soul and body to receive amplification and strengthening. You also have a variety of combat skills that can amplify your attack power.

Seeing Long Chen thinking in doubt, the little cat proudly said.

"Even though you have the ancestral dragon blood and your martial spirit is a Ancestral Dragon, your soul is still a human, so you will have to follow the rules of the successor. No matter how strong your physical body or ability is, you still have to constantly comprehend the rules, furthermore, things like dragons are not a demon, they are perfect creatures, not only do they have a perfect physical body, ability and power, they also have power that surpasses the human race's ability to control the rules. Of course, this is only a legend. This god also thinks that this is nonsense. Back then, didn't my strength surpass many divine dragons? "

"What are you trying to say?" Long Chen looked at him with contempt.

"Uh, that's because I can't help you with your insights into the way of the sword. Feel it carefully. This god will sleep too!"

"Die!"

Long Chen ignored it. Just as the kitten said, he still had to comprehend all of this himself.

The golden sea of swords, scorching hot and masculine, was like boiling water. All the Golden Sword Qi were rolling non-stop, whistling through the air and churning up layers of ripples as they surged towards the black sea of swords.

From this, Long Chen felt a kind of fighting will.

"Yin and Yang are at loggerheads. Both sides are fighting nonstop. However, what does this mean?"

In the dense encirclement of the sea of swords, Long Chen kept thinking.

Wu Lian was a Sword Fighter, and had already comprehended a level of sword dao, so it was definitely easier for her to obtain this inheritance than him. However, Long Chen knew the principle that one could not eat hot tofu in a hurry, and only if he calmed his heart and focused all his heart would he have the chance to obtain this inheritance.

Otherwise, if Wu Lian obtained the inheritance, and he did not, Wu Lian would become the mysterious man's inheritor, and Long Chen would become the trash, how would he have the chance to live?

However, every step he took was extremely shocking.

The golden colored Sword Qi was like a fish, gathering and touching Long Chen's body. Long Chen closed his eyes, and tried to feel the Qi of the Golden Sword Qi, and when he closed his eyes, he felt that what surrounded him, was not the Sword Qi, but life?

"How could this be?" Long Chen had thought that it was just an illusion, but upon closer inspection, he realized that it was true. These Golden Sword Qi were like swimming fishes, all of them beside Long Chen, obediently swam around, but the fish that swam around them, displayed a ruthless and cruel side, whistled, unrestrainedly releasing its sharp light, continuously churning in the golden sea of swords, sprinting forward. Their eyes were fixated on the black sea of swords in front of them!

"What a joke, these sword Qis also have their own emotions." Long Chen was dazed for a moment, thinking that it was just an illusion.

Sword Qi was something that came from a person's sword. Everything was under the control of a person, so how could one possess their own emotions?

Continuing like this, Long Chen had no leads.

In front of him, the black colored sea of swords circled around where Wu Lian was, gently revolving. It had already been about two hours, and from the looks of it, Wu Lian had already taken control of the black coloured sea of swords. At this time, the golden sea of swords on Long Chen's side was still in chaos.

Far above, the mysterious man faced the black sea of swords and let out a satisfied laugh.

"This woman is the Sword Fighter. She has already comprehended the first stage of the way of the sword, as expected, it's easy to master it. If this goes on, she will definitely obtain my Junior Sister's inheritance."

When he said the two words 'junior sister', his tone was filled with boundless gentleness.

"However, this woman has exhausted all her potential. Even with the help of my Sword Soul Stone, she wouldn't be able to reach the Divine Martial Stage, so she has the highest potential in her entire life. Even if I were to obtain the inheritance, it wouldn't be of much use to me and my junior. It can't be used to avenge me. "

His gaze turned towards Long Chen.

"This young man, on the other hand, is extremely talented and knows nothing about the way of the sword. Even though he does not possess the Innate sword embryo, he has already begun to perceive the true meaning of the first stage of the sword dao. Furthermore, his potential is so great that even I can't see it clearly. The method he used to raise his True Essence to just barely see the image of a divine dragon from within. This young man, could he be the rumored Dragon Fighter? "

Although he thought this way, he didn't dare to be sure.

"No matter what, everything depends on him. If he is unable to obtain this Sword Soul Stone, his path in the path of the sword will not be very far."

As such, he quietly watched on.

On Wu Lian's side, the progress was very fast. There would be a day when she could control the entire sea of the sword, and obtain the black Sword Soul Stone, while on Long Chen's side, there were many suspense, so the eyes of the mysterious person were mostly on him.

Bathing in the golden sea of swords, Long Chen kept touching these Golden Sword Qi, trying to overthrow them one by one.

Gradually, he began to walk on the right path.

At the beginning, he was thinking about himself as a part of this golden sword sea. His thoughts were like a fish swimming in water, surrounded by countless fish swimming in the water.

"These sword Qis really have emotions?"

For example, he himself was one of them, and he had emotions. As for those sword energies, he had seen thousands upon thousands of him.

During the process of charging forward again and again, Long Chen suddenly saw that the countless black colored sword Qis were actually revolving around Wu Lian.

"This woman's comprehension is definitely higher than mine."

The image of the whirlpool kept replaying in Long Chen's mind. Long Chen was the smart guy who made the decision, and he gradually realized one thing, and that was, how could he be considered to have succeeded.

That was controlling this golden sea.

"Firstly, I have to realize that these sword Qis are all living and alive. I have to believe that I am a part of these sword Qis, too, and through countless sprints, I can slowly grow stronger, slowly turn others into myself, and finally, I can become an emperor who controls the entire golden sea of swords. After controlling this sea of swords, I probably possess the golden Sword Soul Stone!"

Thinking to this point, Long Chen finally had an accessible continent, and a clear future!

The next step was an endless process of comprehension.

Long Chen's Martial Spirit had found a way to control the Sword Qi correctly. In his mind, the Golden Sword Qi that he transformed into, or like a fish, became stronger and stronger. In his mind, the Golden Sword Qi that he transformed into, or like a fish, became stronger and stronger.

"Indeed, this young man is a genius." In the sky, the mysterious person revealed a knowing smile.

The golden colored sword sea began to revolve around Long Chen under his control. In the beginning, only the surrounding Golden Sword Qi revolved around Long Chen and, very quickly, the spinning area became larger and larger.

Very quickly, Long Chen had already controlled about three-fifths of the golden sea.

As long as he had enough time, he would be able to succeed.

Chapter 867 - Confluence of Yin and Yang

On the other side, the black sea of swords was already revolving around Wu Lian. Because she had comprehended the way of the sea of swords first, Wu Lian's speed was much faster than Long Chen's.

He was completely immersed in the golden sea of swords and had forgotten about everything else. More and more Golden Sword Qi s started to spin under his control, revolving was the easiest way to manipulate. If he wanted to control the sea of swords and do other things, that would be his next step.

If Wu Lian were to control the black sea of the sword, she had to proceed with the next step.

In the sea of black swords, the woman's eyes were tightly shut, her peachy face radiating an alluring luster. Under the gentle caress of the sword aura, her absolutely beautiful body was faintly discernible.

With her will, all the black sword Qis were under her control.

"It has already been a few days right? The next step is the last step, I wonder if Long Chen can obtain the inheritance? His understanding of the way of the sword is not painful at all. Right now, it's probably difficult even for him to step into the Dao of the Sword. "

After mastering this level, when she finally controlled the sea of black swords, Wu Lian's eyelashes lightly trembled, and her sparkling eyes slightly opened. When she saw Long Chen's situation, a surprised light shone out of her eyes.

At the same time, the golden sea of swords was mostly under Long Chen's control. Long Chen followed closely behind and had almost caught up to her footsteps.

"No, this kid is too heaven-defying. I can't let him succeed!"

Wu Lian's eyes flashed coldly, following that, she controlled the black sword aura around her, and did a huge job, which was to reunite Long Chen's golden sea of swords time and time again!

BOOM!

Under Wu Lian's control, the black sea of swords suddenly rose up, controlling so much black sword qi. Although Wu Lian was not familiar with it, she could still roughly control it, and add them to the battle in the golden sea of swords. This control became more and more familiar, and very quickly, the roaring black sea of swords moved towards Long Chen like tides!

"Die."

The current Long Chen was at the most critical moment.

His martial spirit's power gradually permeated into the sea of swords, catching all the fish and joining his team. Under his control, the Golden Sword Qi would rarely attack the black sea of swords anymore, but at this moment, like the black sea of swords erupting, countless black sword qi shot towards Long Chen!

"You want to kill me?" Long Chen was shocked.

In the endless void, the mysterious person was also shocked.

"Junior sister and I are in love. This Yin Yang Sword Soul Stone was originally prepared for a couple, and hopes that they can take revenge for us. However, this man and woman age doesn't match, and they are even enemies who are fighting each other.

"That woman is truly a bit too impatient. She just controlled the Black Sword Sea and she wants to attack us. My countless years of sweat and blood cannot be destroyed in an instant."

Both Long Chen and Wu Lian could not hear these words. At this time, Long Chen was shocked, he was at the critical juncture of recovering all his golden sword ocean, and Wu Lian's attack had completely interrupted his footsteps.

"You're so vicious."

In his haste, Long Chen controlled the sea of golden swords and formed a defensive line.

"Can I compare to you!?" Wu Lian let out a cold laugh, as countless black colored Sword Qi swept out from her body, rumbling and killing towards Long Chen. Every single black Sword Qi possessed unrivaled strength, if struck, it would be enough to cause Long Chen to be riddled with holes.

"Hiss!"

Wu Lian was becoming more and more proficient in it. At this moment, she was floating in the air above the sea of black swords and countless black colored sword auras swirled around her before returning to the sea of black swords. Her dress was fluttering and she had already taken off her veil, revealing a mature and tempting face.

"Slut!"

Wu Lian attacked him at this time and destroyed his original plan. Long Chen could only be very unfamiliar with the situation, controlling the Golden Sword Qi that he could control to fight against Wu Lian!

On one side, yang energy was rising, while on the other side, yin energy was pressing!

Under Wu Lian's powerful control, the black sea of swords extended towards the golden sea of swords, causing the other party to feel like an incomparably huge mountain was pressing down on him, forcing Long Chen to retreat!

Under the enemy's assault, the range of the golden sea became smaller and smaller!

At this rate, there would be a day when Long Chen would be engulfed by the black colored Sword Qi!

The only advantage was that under Wu Lian's suppression, it was much easier for Long Chen to control the Golden Sword Qi. It was as if every golden sword qi had a natural hatred for the black sword qi, and Long Chen wished to defeat the other party too. Both of their emotions matched, so the power of control, under's suppression, increased greatly!

Just that, when Long Chen could completely control the golden sea of swords, the other party might already be able to kill him. At that time, he would no longer have any chance to turn the situation around.

"What should we do?"

To Long Chen, his Blood Escape, his blood sacrifice, and his Time Reversal, all of his trump cards, Long Chen had already been forced out by Wu Lian. This was his first time encountering an enemy that was so difficult to deal with.

"Die!"

From beginning to end, Wu Lian kept repeating this word, but her beautiful eyes were filled with hatred and malice. The grudge of killing her son was irreconcilable, she had no choice but to use all of her powers to take Long Chen's life, if not, if she missed the chance, she would be the one to die in the future.

This youth caused her to feel fear in the depths of her heart.

He was clearly far weaker than her, yet he was still able to give her death threats time and time again?

Thinking of this, Wu Lian felt a chill down her spine.

This allowed her to crazily instigate her own attack. The countless black sword Qis unified, and under Wu Lian's control, they reached a perfect state, and released waves after waves of sword Qis that could topple mountains and overturn the seas, bombarding towards Long Chen!

"This is bad!"

The size of the golden sea of swords became increasingly smaller, and from a glance, it was only one-tenth of the size of the sea of swords left, while the black sea of swords had already occupied an area of 10 minutes. Under Wu Lian's crazy attacks, it was very likely that the golden sea of swords would be completely engulfed!

Long Chen was not willing!

All the Golden Sword Qi s were extremely unwilling!

"Break!"

When the two emotions blended together, Long Chen successfully fused with all the Golden Sword Qi. His comprehension of the sea of swords, had already reached the same level as Wu Lian!

On one side, they were facing the same enemy and facing the same enemy together. On the other side, Wu Lian was controlling the black sword sea, in comparison, Long Chen and the Golden Sword Qi's fusion was even more perfect!

When the shout came out, Long Chen began his counterattack. All of the Golden Sword Qi condensed into a giant golden sword, fiercely slashed apart the black sword sea, and began his counterattack!

At the moment of his death, Long Chen had crossed the final step and begun his crazed reversal!

"What!" Wu Lian's charming face revealed an expression of shock. She had already sensed that the golden sea of swords seemed to have gone mad, attacking towards her direction with no regards for her life. The originally dispirited Golden Sword Qi, however, seemed to be in heat now, as yang energy surged, forcing the black sword qi away!

The scope of the golden sea gradually expanded!

Wu Lian was forced to retreat again and again, in an extremely sorry state.

Her face was filled with disbelief, and even a hint of fear emerged. In her eyes, Long Chen was omnipotent.

In this sort of situation, he didn't know a single thing about the Dao of the Sword. But to have such a deep level of comprehension, wasn't this what it meant to be a freak or something?

The mysterious person in the sky also saw all of this.

His hand stroked his long beard, and tenaciously stared at Long Chen, his eyes revealing an expression of admiration.

"He really is an intelligent young man. His perception is extraordinary, and is already stronger than many geniuses in Imperial Domain. If he is a Dragon Fighter, then he will definitely be even more heaven defying, and will be an exceptional inheritor. As for that woman, her potential is exhausted, and

although her talent is good, she is still inferior to this young man, and is not an ordinary person. If she were to inherit my junior's Profound Yin Sword Spirit, it would be a waste.

Thinking of this, the mysterious man revealed a hesitant expression.

Suddenly, he seemed to have thought of something, and his expression became agitated.

"It's better to be lacking than sloppy, creating two. One of them is excellent, while the other one is lopsided. It would be better to risk it all and create a peerless genius in the way of the sword." "Even though this method is risky, I still have to give it a try. Otherwise, how could this young man deal with the powerful enemy of Junior Sister and me?"

Thinking of this, the mysterious man thought for a while and finally made this crazy decision.

"You are also my lucky successor. I cannot side with that boy. If you want to succeed, it will depend on your yin aura to beat that boy's masculinity."

At this point, the mysterious person chuckled.

"solar qi, Xuanyin Qi, the confluence of Yin and Yang, is it really Yang energy, or is it Yin Yang energy?"

He gently waved his hand. A beam of golden, blazing aura and a streak of black, dark and cold aura instantly traversed the air to the left and right, and arrived above Long Chen and.

At this time, Long Chen had already activated the golden sword aura, occupying all the territories the golden sword sea had lost. The scope of the golden sword sea had become larger than the black sword sea.

That golden and black aura, both of them were already attacking before Long Chen and Wu Lian could even react. One of the golden auras suddenly poured into Long Chen's body from the top of Long Chen's head. It gathered at his four limbs and bones for a moment, and even more golden solar qi s were instilled into Long Chen's vitals!

When the solar qi entered Long Chen's body, it immediately confused Long Chen.

"Cat, what's this?" At this time, Long Chen could already feel the changes in his body, his entire body was hot and dry, his blood vessels and heart vessels expanding.

The little kitten was stunned for a moment, but when it saw Wu Lian's reaction, it laughed out loud and said, "So that's how it is. The solar qi and Xuanyin Qi are the most powerful aphrodisiac energies in time.

After speaking, the little kitten quickly escaped into a corner of the Great Void Realm, sneakily laughing.

"As a Dragon Fighter, you cannot lose to an ordinary woman."

The current Cat was even more excited than Long Chen.

"Aroma?"

Long Chen only heard this word, and adding on the feeling in his body, it was easy for him to imagine what exactly was the solar qi that had just poured into his body.

And in front of him, Wu Lian was floating above the sea of black swords, she was also affected by the black Qi, and at the moment, her entire body was covered in the black mist, and in Long Chen's eyes, was covered in the black mist.

"The heck!"

Long Chen was completely dumbstruck.

"What exactly is this? What solar qi, what Xuanyin Qi, where the f * * k did this come from, how did it end up on me? "

Just who was it that suddenly made him joke with Wu Lian when he was about to launch a counterattack at the golden sea of swords and get rid of him? Was it the mysterious controller of this space?

To be honest, although Wu Lian had toppled the masses and was the goddess in the hearts of countless men in Realm of Myriad Kingdoms, and had looked at her with blasphemy before, he had never thought that such a thing would happen.

solar qi and Xuanyin Qi were the auras of both men and women in the world, but they were very, very small. However, only this small amount of solar qi and Xuanyin Qi was able to activate the characteristics of the man and the woman, and also created the thing called Yin and Yang Attraction. And at this time, the amount of solar qi that had entered Long Chen's body, in such a short period of time, had completely confused Long Chen.

If it was just him, he could still slowly lead the solar qi out. The problem was that in front of him, there was a black vortex that had a fatal attraction, and that was Wu Lian, who had been poured with the Xuanyin Qi!

Yin and yang intertwined with each other.

On the other side, Wu Lian had already lost part of her consciousness and was in a daze. The Xuanyin Qi encircled her body, and to Long Chen, it was filled with a fatal attraction, causing him to be unable to control her own body, and was getting closer to Wu Lian!

"My god, I can't do this!" Long Chen realized that he was already slowly being drowned by the boiling blood energy in his body. He was incredibly hot, and even his breath was accompanied by the heat of the flames, as if they were flames. His body was incomparably hot, and the only source of cold in the world was Wu Lian, who was ten meters away from him.

It was as if he was in a dream, he could not control his own body at all. In his body, under the guidance of the solar qi, the most primitive beast nature was activated, and the male symbol was like a ferocious beast, raising its sinister head, staring fixedly at the snow white body that was flickering in the black mist.

Under the corrosion of the Xuanyin Qi, Wu Lian, who had not slept for many years, became even more miserable. Even though she only had killing intent towards Long Chen, even though Long Chen was her sworn enemy, even though she had always been holy and pure, she could not control her own body. The light source in front of her, which was like the sun, currently exploded into its most primitive form, attracting Wu Lian to throw herself at her!

When he came into contact with that soft and shocking body, all of Long Chen's rationality disappeared. This was a battle between a solar qi and a Xuanyin Qi, and they simply did not care about their own matters.

The golden solar qi and the black Xuanyin Qi had completely fused at this moment. In the sky, it congealed into a ball of gold and black, and right now, Long Chen and Wu Lian were inside it. It didn't seem like a ball of gold, but more like a battle, as they let out bursts of intense colliding and delicate panting sounds.

Bang! Bang! Bang!

One after another!

The golden and black sea of swords beneath him suddenly converged. In the sky, they circled around the large sphere formed by the solar qi and Xuanyin Qi, forming a large golden-black sword ball. The countless black colored sword Qis merged with the countless golden sword Qis. At this moment, there was no conflict between the Golden Sword Qi and the black sword Qis, but they blended together harmoniously, as if they were their masters.

In this grey space floated a large ball of gold and black, and from it came a collision sound even more violent than that of wild beasts.

In the middle of the air, the mysterious figure smiled as he watched this scene.

"This is not a battle, but a battle. In the end, the girl saw that the boy's yang energy was even stronger, and the girl's yin energy was even stronger. Whoever wins will be able to obtain the Yin Yang Sword embryo, and can even obtain all of the opponent's insights into the martial way. These solar qi and Xuanyin Qi were all obtained by me after much effort, but I ended up letting all of you off the hook. "

"Young man, I'm helping you. If you don't work hard and you lose to him in this aspect, then it's none of my business."

"Even though this woman's aptitude doesn't match my expectations, under the effect of the dual Yin Yang Sword Embryo, she can also regain her potential. Furthermore, after obtaining everything from you, she can also become an exceptional expert in the future."

"Success will depend on your good fortune!"

As he mumbled to himself, time quickly passed.

"Not good. That girl is stronger, her yin aura is stronger than the young man. That young man's yang aura is about to leak out. If the yang aura is released, then everything will be absorbed by that woman." Did I decide to harm this youngster? "

The mysterious man's face turned ugly.

To be honest, he was biased towards Long Chen. However, that woman rarely touched a man. Even if she gave birth to a son, her yin qi was still as stable as before.

"A thousand miles of yang energy will dissipate, and all the efforts will be for naught. Although this young man is not weak, he is inferior to that woman. "

Just when the mysterious person thought that he had failed, suddenly, a violent dragon roar shook him until he was stunned. On the large ball formed by the golden and black swords, a blood-red dragon shaped simulacrum appeared. It was a gigantic blood-red divine dragon, and although it was extremely blurry, when it appeared, Long Chen's yang energy instantly climbed to the peak of time!

Roar!

As the yin and yang energy interweaved, blood-red scales appeared on Long Chen's body, as boundless power gathered and flowed into his body. He, who was originally about to explain the situation, suddenly erupted with endless combat strength.

Bang! Bang! Bang!

As the blood-red dragon shadow appeared, the music that was even more intense became even more violent and violent. The delicate breathing within the music had almost become a scream of pain.

"It really is the Dragon Fighter! However, what kind of dragon was this? The lowest grade Red Dragon? No, that's not right. Such a bloody aura, could it be that Ghost Shadow Bloodthirsty Dragon? "

The mysterious person's face revealed a shocked expression.

And excitement, of course.

"With this Divine Dragon Body, this youth will win for sure. Even a hundred of those women won't be his match."

Sure enough, the yin aura on Wu Lian's body was being forced back bit by bit, and was completely absorbed by Long Chen!

Time gradually passed, and Long Chen didn't know how much time had passed. It seemed that long after, the current Wu Lian was unconscious, and a snow-white body powerlessly fell from the sky, falling onto the gray ground. This vibration woke Wu Lian up, and she weakly raised her head to look at the sky.

On top of her head, the golden and black sword Qis were converging crazily as all the sword Qis gradually condensed into a black Sword Soul Stone and a gold Sword Soul Stone, fusing together. It turned into a golden and a black ball.

At this time, Long Chen's body that was shining with half golden and half black light was incomparably strong. Under the intersection of the solar qi and Xuanyin Qi, Wu Lian lost miserably in the end. She felt as if her own martial spirit had been completely duplicated, and flowed into Long Chen's body through the intersection.

Long Chen not only received Wu Lian's complete understanding of the martial way, at the same time, the Yin Yang Sword Soul also belonged to him.

At this time, under the convergence of the yin and yang energy, the two Sword Soul Stone s congealed into one and fused into Long Chen's body. The Sword Soul Stone s were only objects to be carried.

The innate sword embryo had evolved from the sword spirit. Compared to the illusory sword spirit, the innate sword embryo was still a sword spirit, but it had already solidified.

One half was black, exuding a sinister aura. The other half was gold, emitting a scorching aura. The little person formed of gold and black was Long Chen's Innate Sword Embryo.

After entering Long Chen's body, the little person occupied the inside of his dantian.

"Phew ..."

In an instant, the little fellow's body began to transform into a small golden and black dragon.

Dragon shaped Sword Soul!

In his Sea of Consciousness was the Dragon Martial Spirit!

This meant that Long Chen had not only obtained the Innate Sword Embryo, which was a combination of Yin and Yang, but he had also assimilated it into his own.

At this time, within Long Chen's sea of consciousness, his dragon-shaped martial spirit had undergone a rapid change.

Wu Lian's comprehension of the martial way, completely replicated onto his martial spirit. Long Chen's comprehension of the martial way, slowly climbed up.

Chapter 869 - Feng Yangzi

During the process of the confluence of Yin and Yang, everything that originally belonged to the Martial Spirit was detected by Long Chen. This solar qi and Xuanyin Qi were indeed good stuff.

Long Chen had initially been troubled over how to break through the Heaven Martial Stage, but this time's predicament was like offering charcoal in a snowstorm. Even though the method of breaking through was a bit shameless, the benefits it brought him were incomparable to anything else.

In the sky, the endless sea of swords had completely disappeared at this moment. All the sword qi had condensed together, forming the Innate Sword Embryo in Long Chen's Dantian, which was gold and black in color. In other words, it was the dragon-shaped Sword Soul.

In his dantian, Long Chen had a dragon-shaped sword soul. In his sea of consciousness, Long Chen had the dragon martial soul.

At this time, Long Chen had absorbed Wu Lian's comprehension of the martial way, and his martial spirit was quickly evolving. Because of the blood sacrifice, he had fully recovered in a short period of time, and then reached the peak of the ninth stage of the Earth Martial Stage.

The result of Wu Lian's painstaking efforts for several hundred years, had reached Long Chen's Martial Spirit in just an instant. His Martial Spirit had rapidly grown stronger, and to him, the Heaven Martial Extreme Wall was more or less the same.

Long Chen directly crossed that realm, and reached the second realm of Heaven Martial Stage. The same level as Wu Lian.

Such growth, it was simply unimaginable.

It was very likely that Long Chen would not encounter such a situation again in his entire life.

From the first stage of Earth Martial Stage to the first stage of Heaven Martial Stage, the dragon martial spirit became more and more corporeal, until it finally became a complete entity, just like a goosebumps divine dragon, vivid and lifelike. Regardless of whether it was the Dragon Eye, Dragon Tooth, Dragon Tooth, Dragon Claw, or Dragon Body, they were all similar to true Divine Dragons.

This was the martial spirit after the Earth Martial Stage had matured.

Starting from the Heaven Martial Stage, Long Chen's martial spirit started to change towards Long Chen. Because of Wu Lian, his cultivation immediately jumped to the second level of Heaven Martial Stage, so the color of his martial spirit also started to change to blood-red.

It was possible that when his martial spirit had completely turned into a blood-red divine dragon, he had already completed Heaven Martial Stage's cultivation.

now had the second stage of the Heaven Martial Stage's Martial Spirit, but his primeval essence was still the ninth stage of the Earth Martial Stage.

In order to obtain a large amount of true essence, Long Chen only had two methods. One was to swallow the blood essence of a demon beast and use Blood Refinement Qi, and the other was to slowly refine the Emperor Crystal.

The Emperor Crystal was the same as the king crystal, it was filled with a large amount of martial Yuan, and the martial Yuan inside was countless times more than the king crystal. And on Long Chen's body, there was no Emperor Crystal, nor any martial Yuan.

When he truly possesses the Heaven Martial Stage's True Essence, he would be considered a true expert of the Heaven Martial Stage. Right now, he only has the powerful martial spirit of the Heaven Martial Stage.

"In that case, I'll lend you a hand."

In the sky, when he saw Long Chen's work, which he was extremely satisfied with, he chuckled. With a roll of his hand, a surging wave of energy rushed towards Long Chen.

"This, this is a gift from him?"

Looking at the energy that was being poured into him from the sky, Long Chen was ecstatic. He immediately absorbed it into his body and quickly refined it into his own blood red dragon soul true essence.

Hu hu!

An enormous amount of spirit energy descended from the sky and rushed towards Long Chen. Above Long Chen's head, a huge vortex appeared, as it absorbed the spirit energy of heaven and earth, time quietly passed by, and this spirit energy was extremely abundant, even more abundant than the spirit energy in the Emperor Crystal.

"Am I now a real powerhouse at the second level of Heaven Martial Stage?"

There was no doubt about that as he felt the strength in his body.

"If one is at the second level of Heaven Martial Stage, then the dragon soul transformation is the third level of Heaven Martial Stage. If one uses this innate sword embryo that combines Yin and Yang, then one is ..."

The Innate sword embryo of the two Sword Soul Stone s had a comprehension of the way of the sword. Both of them were at the third stage of the way of the sword, and could explode with seven times the lethality!

If you combine the two of them together and Yin and Yang coalesce, then I presume that they can release ten times the attack power, which would be equivalent to the fourth stage of the sword dao. However, Cat said that since I can release fifteen times the attack power at the highest level of the sword dao in Three Great Imperial Domains, doesn't that mean that because I inherited the Sword Fighter's Innate Sword Embryo, my comprehension of the way of the sword is almost at the peak?

"The higher the level of comprehension, the fewer people there will be. There might be a lot of people at the first stage of the way of the sword, and it's normal to take into account the second stage, but the third stage should be something that can be considered as an expert's comprehension. As for the attack power, I reckon there aren't many people in the entire Three Great Imperial Domains!"

The reason why he was so certain of Long Chen's power was because he was a Dragon Fighter, which was why he could unleash an attack that was ten times stronger than normal. If anyone else had to launch ten times the attack, they would naturally be quite strong. Of course, this was also the reason why Long Chen's Ancestral Dragon blood essence did not display the greatest amount of power.

If it really worked, then what else could it be?

The growth of both the martial way and the sword, was the biggest gain Long Chen had today.

The knowledge he had accumulated in his mind seemed to belong to him in the first place, and his comprehension of the way of the sword came from the two Sword Soul Stone. At this time, he had also completely mastered the innate sword embryo, so Long Chen had to use it multiple times to be able to assimilate it.

However, this did not affect his ability to use the Innate Sword Embryo.

When he was completely promoted to the second level of Heaven Martial Stage, Long Chen had already started to think about the matter of the Yin Yang Sword Soul.

The combination of the Five Emperor Prints could display powerful strength, so Long Chen thought that the direct clash of Yin and Yang would not have a special effect.

The use of weapons required the Innate Sword Embryo to be completely imbued into the weapon in one's possession, forming the same link as one's own blood.

The 3000 Star Regions was a high level Royal Grade Divine Weapon. For a long time, this Divine Weapon was still extremely useful to him.

At this moment, that bright blue three thousand star field appeared in Long Chen's hands.

The so-called Sword Fighter, Sword Soul, Innate Sword Embryo and so on were just terms, they did not have to directly use the sword. It was originally called Soldier, but because there were too many Sword Fighter, it directly replaced them.

In Long Chen's eyes, the dragon-shaped sword soul in his dantian was just like the sea of swords in gold and black before. Now, under Long Chen's control, this sword soul that had perfectly fused into one, rushed towards the three thousand star domain in Long Chen's hands.

That sword spirit seemed to have become Long Chen himself as it went straight to the world of the 3000 star region.

Before his eyes was an incomparably resplendent starry sky.

Long Chen was already very familiar with the 3000 star fields in the first place. After Long Chen also possessed the Sword Soul, the 3000 star fields were like children and quickly submitted to him. At this moment, Long Chen felt that the 3000 star fields were like his own arms.

"The Dao of the Sword, being able to mobilize even the slightest amount of power, making it come into close contact with weapons and even summoning the power within them, it's no wonder why it could unleash such a strong power."

Long Chen pondered and finally understood the reason.

When his dragon-shaped sword soul entered the 3000 star fields, the previously resplendent blue light suddenly underwent a strange transformation. The color of the blue 3000 star field gradually changed to gold and black, each occupying half of the long spear. The left side was gold and the heat was incomparable.

Inside the three thousand star fields, under the assimilation of Long Chen's powerful sword soul, a huge change had also occurred.

"As expected, with this three thousand star field in my hands, with the guidance of the Yin Yang Innate Sword Embryo, I can indeed release a power that is ten times stronger than before! "In addition to the Dragon Soul Transformation."

Long Chen could estimate that his current fighting strength was almost equivalent to the fourth stage of Heaven Martial Stage!

"This time, my strength has really increased by a lot. All of this, I have to thank this woman?" Or the mysterious manipulator? "

When Long Chen thought of this person, he raised his head and looked at the sky.

"You can't see me because I'm already dead." That ethereal voice came from far away.

"Thank you for your benevolence, senior. This junior will never forget it!" I wonder if there is anything that Junior can do for Senior? " He guessed that this person must be the male corpse from before.

"I bestowed you the Yin Yang Sword Soul, resulting in you, a Sword Fighter who has comprehended the fourth stage of the way of the sword despite only being at the third stage of the way of the sword. I have to admit, I do want you to do something for me." In the sky, the voice slowly spoke.

"My name is Feng Yangzi, the golden sword spirit on your body came from me, and the black sword spirit belongs to my junior sister." Pausing for a moment, the man continued: "Since you have obtained my power, then go to True Martial Emperor Domain and help me kill a person called Jiang Qing. There may be a lot of people named Jiang Qing, but there is only one Jiang Qing who knows Feng Yangzi."

"Jiang Qing? Three Great Imperial Domains is so big, how can I find him? " Long Chen was stunned.

"So many years have passed, with his means and talent, he should have long been someone to sweep through Imperial Domain. You just need to spend some time and effort to find out, I think if you go to True Martial Imperial Palace, you should be able to find him."

The True Martial Imperial Palace was the core of the True Martial Emperor Domain, Long Chen knew about this very well.

Since that's the case, he nodded and said, "Senior gave me these two Sword Souls today, allowing me to become a Sword Fighter and also allowing my strength to grow faster so that I wouldn't have to face the fate of being killed. Junior will definitely repay today's kindness with my own death. "

Chapter 870 - Jiang Qing

He, Long Chen, kept his word. This unknown person had done him a great favor today, so he had to kill this person called Jiang Qing.

"That's good." In the sky, that person said with some excitement.

However, we, who were severely injured, still do not have much time left to live. Only I, with the help of a sliver of the Divine Martial Spirit's power, have lived to this day, and have cultivated you today, it is time for me to follow the footsteps of my junior. Child, I will send you to the top of this Dark Bone Tower, there are still a lot of good things there.

"Top floor of the Dark Bone Tower?" Long Chen was pleasantly surprised.

He originally thought that if he stayed here for so long, he would not be fated to meet that Five Emperors' Treasures. He didn't think that this Feng Yangzi would be able to send him directly to the top floor of the Dark Bone Tower.

"After today, I, Feng Yangzi, will no longer exist in this world. We will never meet again. Child, the sword spirit of Junior Sister and I is the only thing that we have left in this world. I hope that you can keep it safe for us. "

This Yin Yang Innate Sword Embryo was now Long Chen's possession, of course Long Chen would keep it safe. He laughed and said: "Senior, do not worry, the sword spirit will always exist. Your grudge, if there

comes a day that I, Long Chen, traverse the entire Three Great Imperial Domains, I will definitely avenge you!"

"Heh heh." Long Chen's words made the old man very happy.

"This woman, what are you going to do with her? Kill her or release her?"

He was talking about Wu Lian who had been ravaged by Long Chen for a long time.

Long Chen looked down, and saw that the woman was lying on the ground without any strength left in her body. She could only raise her head, and looked at Long Chen who was in the sky with a hazy gaze. Her crystal clear eyes were cloudy, and filled with fear.

Whether it was in terms of body or spirit, Long Chen had fiercely suppressed her, causing this insufferable woman to feel as if he were in a nightmare.

Long Chen thought for a while, but still couldn't decide to kill her. It was just a Casanova, Long Chen did not see her as his woman. In any case, this was not the first time, and his age was not young either. This sort of thing was fine as long as he let it go, but this was just a life and death struggle.

Everything was happening in a situation where he was unable to control himself, so Long Chen didn't feel that it was a burden in his heart. And most probably, in Wu Lian's heart, there was even more hatred.

From the depths of the woman's eyes, it could be seen that she still hid her killing intent. It wasn't that she didn't want to kill Long Chen, it was just that she was completely terrified at this moment.

Only, the place Long Chen wanted to go to was the Imperial Domain, so from then on, he wouldn't have anything to do with her. Long Chen had already killed her son.

Today's matter was not a beautiful and joyful one, it was just another form of slaughter. If Long Chen lost, he would probably be lying on the ground naked with fear written all over his face.

"Let her go and send her back."

Long Chen said and did not look at Wu Lian again.

His strength had risen by several levels, and he was no longer on the same level as this woman. After today's miraculous situation, Long Chen had truly become the strongest warrior in the Realm of Myriad Kingdoms.

Realm of Myriad Kingdoms probably hadn't appeared for a long time with the battle strength of the fourth stage of Heaven Martial Stage.

"With my insights into the Dao of the Sword, if I were to use the Three Thousand Domain Spear Art with the Three Thousand Star Domain, would it have such a great power?"

On this point, Long Chen was very much looking forward to.

It was just that in the Imperial Domain, he no longer had any opponents.

The strongest among them, Wu Lian, was now easily trampled by him. As for the six Spirit Demon races, who were only at the ninth level of the Emperor Realm, Long Chen was even weaker than them by a little more.

For Ling Xi's sake, Long Chen could be considered to have guarded his own life like jade for a very long time. Along the way, Long Chen didn't touch any of the good women, because he didn't want to hurt those good girls. As for today's situation, he could not control himself at all. Everything was an external force, and he had no chance to resist.

Furthermore, in Long Chen's perception, this was indeed a battle to the death. Only in a different way.

If he wasn't careful, he would have suffered a crushing defeat.

If he did not kill this woman, Long Chen would have done everything he could.

Wasn't there killing intent in the man's eyes?

"Alright, then I'll send her out of the Dark Bone Tower first and then send you to the seventh floor of the Dark Bone Tower." The old man immediately did as he was told. Under his control, Wu Lian, who was looking at Long Chen resentfully, was directly sent out of the Dark Bone Tower and disappeared before Long Chen's eyes.

"Feng Yangzi? This person is preparing to send me to the seventh floor. Presumably, Uncle Bai and the rest haven't gotten their hands on the Five Emperors' Treasures yet. However, along the way, there would probably be some good items, like the black ruler. If Uncle Bai can obtain these things and return to the Realm of Myriad Kingdoms, he can probably make the demon race stronger. That way, I can be at ease. After that, I can properly find a way to go to the Imperial Domain. "

Only, there was one other thing that made Long Chen very uneasy.

"If those six demon clan members want to obtain the Five Emperors' Treasures, what would happen if I were to go out after obtaining the treasure?" This question made Long Chen very agitated.

"It's only right that we arrive at the end of the bridge. Let's not think about it for now, we'll talk about it when we get there."

Long Chen just had this thought, when he suddenly felt that Feng Yangzi's power had already reached his own body.

"Let's go to the seventh floor of the Dark Bone Tower."

With a light call, Long Chen realised that he could no longer control his body. Even if he became stronger, in the hands of Feng Yangzi, he would not be able to control his own body.

As the space warped, Long Chen felt as if he had been dragged out of a small universe.

The Five Emperors Secret Realm was originally a small Qiankun world, and this place, was the small Qiankun world within the Five Emperors Secret Realm, which was also the world within a world.

"Finally, I'll let you know one thing. The Five Emperors' Treasures that you guys want to leave from is not inside the Rainbow Gate. It's best if you don't have anything inside the Rainbow Gate."

After a short period of confusion, Long Chen heard Feng Yangzi's voice.

"Understood, senior." Long Chen carefully recorded what he said.

Soon enough, he discovered that he seemed to have been sent to his destination.

"Goodbye, child. "No, it should be, goodbye forever." After saying this, his voice gradually faded away.

"Remember, True Martial Imperial Palace, Jiang Qing!"

He had bit on the last two words very hard. From this, he could tell that he actually hated and hated the person called Jiang Qing very much!

It was all thanks to him that Long Chen was able to make this progress, which was why she was filled with gratitude towards him.

"To take someone's money, to help them get rid of this calamity, this Jiang Qing must be killed."

This was not something that could be completed in a short period of time. Long Chen then hid this matter in his heart, and then shifted his attention to the highest floor of the Dark Bone Tower.

This was the highest place in the Dark Bone Tower.

When he first arrived, Long Chen had already noticed that there were people fighting here. Focusing his gaze, he saw that it was Long Beard Man and Long Beard Man.

From their bodies, it could be seen that they had already paid a great price to reach the seventh level. Every one of them had injuries on their bodies and they weren't light.

Behind them was a five-colored gate!

This was the gate that Feng Yangzi spoke of. Feng Yangzi and Long Chen had once said that Long Chen could not lightly touch the things within the gate.

Long Chen naturally would not forget Feng Yangzi's warning.

And at this time, Bai Lan and the other two were obviously going to enter the Rainbow Gate to make their final stand. It was possible that Jin Zu and the others felt that Bai Lan was the greatest threat, so they chose to gang up on him.

Under the encirclement and killing attacks of the experts of the second level of Heaven Martial Stage, the already heavily injured Bai Lan was immediately shocked to the core. He was in an extremely sorry state.

"Bai Lan, didn't you hear what I said? On the way here, you have already obtained quite a few things. You have obtained high level Royal Class battle skills, Divine Weapons, and even spiritual medicines. Jin Zu said with jealousy in his eyes.

"Right, there are so many things. Most of them have been taken by you. You should stop." The Long Beard Man said ruthlessly. In front of the treasure, his previous jovial attitude had long since disappeared.

"If you still don't stop, the two of us don't mind killing you and taking away what you obtained before. At the same time, that devil race and devil god Holy Dynasty of yours will belong to Brother Long Beard Man." In order to win over the Long Beard Man, the Jin Zu even threw out this benefit.

If he could kill Bai Lan, he would give the Demon God Holy Dynasty to the powerless Long Beard Man!

At that time, Long Beard Man's position would no longer be so awkward.

At this time, Bai Lan was not scared. He coldly snorted and said: "The two of you are just spouting nonsense. Compared to the Five Emperors' Treasures, what are the things I had before? If you join hands, you can indeed kill me, but I will make you pay a heavy price! Don't underestimate the Demon God Emperor's inheritance! Furthermore, even if you kill me, you will only end up fighting to the death. Haha, I advise you to be careful of the people beside you.

Bai Lan's last sentence reminded them that in the midst of battle, they had no choice but to distance themselves from the other party. Their attacks on Bai Lan were also restrained, afraid that they would be injured by the other party.

As a result, Bai Lan was in a much less dangerous situation.

"Demon God Emperor Fist!"

Bai Lan immediately had a sinister expression as he angrily rebuked the two of them like a wild beast. He roared: "Since the two of you are so, then don't blame me, Bai Lan, for being impolite. I, Bai Lan, can die, but I definitely have to pull someone along, who can I pull?"

His gaze swept across both Long Beard Man and Jin Zu.
