

Warm Wife 101

[Chapter 101](#)

Yun Yiming's words make people present show different expressions.

All three of the Qiao family were surprised, but they were different.

Qiao Qingdong is stunned. He looks at Huo Dongyang again. He is Thinking of what he said to him before, Qiao Qingdong felt his scalp was numb! This time he seems to be in trouble.

Liu Su's heart is tight, this man who comes along with Qiao Wei has such a big head. He is actually the object pursued by all the media recently!

After Qiao Xin was shocked, her eyes were even more envious. How could Qiao Wei hook up with such an excellent man. She had thought that such a man was not like a soft meal, and she regretted what she had said that day.

Mo Ling's eyes narrowed, looking at the woman holding Huo Dongyang in front of her, she felt threatened. And isn't this woman the person in charge of hd-qh east? How could Huo Dongyang come with her?

Yun Yiming looks at Huo Dongyang and smiles. "President William, I really didn't expect that you would condescend here. It's really hard! "

Qiao Wei is nervous, and Yun Yiyao is intentional. He just wanted to tell Huo Dongyang's identity in front of everyone.

Huo Dongyang's face is calm, he shows a smile. "I came with Qiao Wei today."

Hearing what Huo Dongyang said, everyone's eyes fell on him.

Huo Dongyang looked at Qiao Wei and seemed to be encouraging her. What he said just now was brave enough for Qiao.

Qiao Wei opened his mouth and said, "I'm here to send a gift, and I'll go right away."

She doesn't want Huo Dongyang to stay here. These people are not good people. If you stay here, Huo Dongyang will certainly be at a disadvantage.

Since he knew the identity of Huo Dongyang, Qiao Qingdong immediately changed his face.

"President William, please come in quickly!"

Qiao Wei took a look at Qiao Qingdong. This man is his father. His face is really faster than opening a book!

Huo Dongyang looked at Qiao Wei, "do you want to go in?"

Qiao Qingdong immediately winked at Qiao Wei, hoping that she and Huo Dongyang would stay.

Qiao Wei understands the meaning of Qiao Qingdong. He is now bent on saving senqiao, and will definitely try every means. Now Huo Dongyang is undoubtedly his best choice, and with his relationship with Huo Dongyang, he wants to seize this opportunity even more.

Qiao Wei ignored Qiao Qingdong, "No. I want to go back. "

"Since the present has been delivered, we will go back." Huo Dongyang followed Qiao Wei's words.

Qiao Wei really thanks Huo Dongyang very much. Every time he stands by his side. She took Huo Dongyang's arm, lowered her head and stopped looking at other people.

Yun Yiming continued: "President William, this woman can't be so spoiled."

Huo Dongyang smiles. "I'm very happy to see her do it once in a while."

As soon as this word comes out, all the women are envious red eyes, but the man does not feel the light on his face. How many meanings does Huo Dongyang mean?

Qiao Xin clenched her hand, fingernail prints were picked out from the palms of her fingers. Dare to feel Qiao Wei this evening is deliberately basking in happiness? I didn't expect that a divorced woman turned around and climbed the high branch!

"President William, you need to see people with your eyes." Qiao Xin couldn't help speaking. "You must find out who Qiao Wei is. Some women are very skilled at deception! "

Qiao Wei hears these slander own words in the heart to get up, every time Qiao Xin does not say a few more words, is really not comfortable.

Huo Dongyang answered: "but I heard more about Miss Qiao and Yun Er Shao."

Qiao Xin also became speechless. She could only turn her head to the other side.

Yun Yiming is also the first time to see Huo Dongyang's language skills. It seems that he is really good to Qiao Wei. After Qiao Wei and Huo Dongyang, the whole person has become different. Speak with strength, people have become more beautiful, now go out will also dress up themselves. Although she is not particularly grand today, it is not cheap!

Huo Dongyang is willing to spend money for her, which also shows that Qiao Wei is no longer what it used to be. Maybe she will become the wife of HD president in the future. If so, they would be much shorter in front of her.

"President William seems to be really good to Qiao Wei. I don't know when their good days will come?"

Huo Dongyang looked at Qiao Wei and said with a smile, "if there is good news, I will definitely tell you."

Everyone was shocked when they heard this. Huo Dongyang really wants to marry Qiao Wei?!

Mo Ling frowned. Is Huo Dongyang's words a cover up or a true word? How could he like this woman? This should not be possible. When did Huo Dongyang's standard drop to such a low level!

Huo Dongyang is aware of the sight of moling, but he is subconsciously avoiding. From a moment ago to now, he has never seen moling.

Mo Ling tried to endure the anger and doubt in her heart. She must have made it clear. And she won't let such a woman ruin Huo Dongyang. Qiao Xin's heart is even more jealous to crazy, such an outstanding man actually wants to marry Qiao Wei in such shabby shoes. It's really amazing.

At this time, Qiao Xin also secretly vowed in his heart. She must take Huo Dongyang! Why let Qiao Wei this cunt have everything. Yun Yiyan once owned it. Now the HD president is also around her! She couldn't swallow the breath. Since Yun Yiyan has taken down all of them, she can do the man in front of her!

Qiao Xin stepped on high-heeled shoes to Huo Dongyang. She also seemed to deliberately lift up her skirt to show her legs.

Mo Ling's eyes became cold. Qiao Xin was so shameless. It is unforgivable to tease Huo Dongyang in front of everyone.

Huo Dongyang simply ignored Qiao Xin, he knew Qiao Xin's mind. He put his arm around Jovi. "Since the gift is given, we'll go back first. And you're not feeling well, so let's not blow here. "

Qiao Wei understood Huo Dongyang's meaning, "Well!"

Qiao Qingdong comes forward. "Weiwei, if you don't feel well, you can go to the hotel and have a rest. I'll have a room ready for you right away

In the face of Qiao Qingdong's false kindness, Qiao Wei has long been used to seeing it. "No. I recognize the bed. "

"This..." Qiao Qingdong is blocked by Qiao Wei's words.

Huo Dongyang reached out and hugged Qiao Wei into his arms and covered Qiao Wei's forehead with another hand. Then she frowned gently, her forehead seemed to be a little hot.

Holding her hand just now, I felt that the temperature of her palm was a little high. The fool seemed to have a fever.

"Qiao Wei is not feeling well. I'll take her back!" Huo Dongyang's tone also became serious.

Qiao Wei wants to say that he is OK, but Huo Dongyang fastens her waist and directly hugs her to leave.

Xiang Qing will soon drive the car over.

Huo Dongyang helped Qiao Wei to get on the bus, and he also followed him.

When the car left, other people responded.

Yun Yiming always thinks that Huo Dongyang brought Qiao Wei here today, which should be more than just a gift. He should have something else to do, but why did he leave all of a sudden? Is it really because Qiao Wei is not well, so he temporarily changed his attention?

[Chapter 102](#)

Yun Yiming takes back his eyes. He looks back at Qiao Qingdong with a satisfied smile.

Qiaodong wanted to buy some medicine for his birthday party.

Results did not expect to see a good play, Huo Dongyang unexpectedly with Qiao Wei.

Yun Yiming turned to Mo Ling and said, "moling, I also give the gift I prepared to Chairman Qiao."

Mo Ling adjusted herself and handed the gift to Qiao Qingdong. "Chairman Qiao, this is a gift prepared by general manager Yun."

"Since the present is delivered, I'll go back first." Yun Yiming feels that there is no need to stay.

Mo Ling follows Yun Yiming on the bus, but she doesn't ask a word.

Yun Yiming is talking to Mo Ling. "Mo Ling, do you have nothing to ask?"

Mo Ling replied with a smile: "Mo Ling is just a small person. It's better not to know something. "

Yun Yiming is very satisfied with Mo Ling's answer. "Mo Ling, you are really smart. I really think it's the right choice to stay with you. But you should know about it. Maybe we'll meet again and again. "

"Mr. Yun, please say so."

"The man just now is William, President of HD. His Chinese name is Huo Dongyang. And the woman next to him is my brother's ex-wife. " Said Yun Yiming. "I don't know how they got together. It can be seen that Huo Dongyang is really good to Qiao Wei! "

Mo Ling heard Qiao Wei's identity more disgusted, such a woman is not worthy of Huo Dongyang. "So she and the Qiao family are?"

"Qiao Wei is Qiao Qingdong's eldest daughter, born in the main room. Unfortunately, Qiao Qingdong was not good to her and drove her out of Qiao's house. I really don't understand that Qiao Qingdong didn't have a little daughter to drive Qiao Wei away for that little use. His brain is really wrong. It's their own fault that senjo is today. "

Mo Ling clenches his hand while Yun Yiming is not paying attention. It seems that to get rid of Qiao Wei this woman, she will only drag Huo Dongyang. Such a disaster must not stay with Huo Dongyang. She had to find a way.

Yun Yiming sends Mo Ling to her place of residence.

"Thank you, Mr. Yun." Mo Ling gets out of the car and says politely to Yun Yiming.

"You're welcome." Yun Yiming nodded his head.

When Yun Yiming left, Mo Ling immediately changed his expression. She must find out about Huo Dongyang and Qiao Wei.

Are they acting on the spot or are they sincere. This is really important to yourself! She has been waiting for so many years. She never wants to give up Mrs. Huo Dongyang's position!

Mo Ling takes out her mobile phone and calls Qin Hao.

"What happened to Qin Hao, Huo Dongyang and Qiao Wei?"

Qin Hao was silent and didn't say a word.

"You and John both know that, don't you?"

"Mo Ling, you should know Huo Dongyang's rules. There are some things we can't ask about." Qin Hao replied.

Mo Ling frowned. Of course she knew.

"If you can't finish the task, quit now."

"I can do it!" Mo Ling immediately replied. It's the only chance she can perform, and she certainly doesn't want to let it go.

"Hang up."

Mo Ling clenched her mobile phone with firm eyes. This time she will do well. She also wants to let Huo Dongyang know that she can do anything or even sacrifice for him.

Jiangwan villa.

Huo Dongyang comes back with Qiao Wei.

"Dongyang, don't be nervous. I'm fine." Replied Jovi.

"You have a fever." Huo Dongyang said solemnly.

Qiao Wei was Huo Dongyang pressed on the bed, "you have a rest first, I'll let Xiang Qing call the doctor."

Seeing Huo Dongyang so nervous, Qiao Wei reached out and held Huo Dongyang. "I'll just sleep. Don't worry."

Huo Dongyang sat on the edge of the bed and clenched Qiao Wei's hand. "If you feel sick next time, you should say it earlier."

Joe closed her eyes and her mouth was smiling. "I just got a little rain yesterday, so I can take a medicine and sleep."

When Xiang Qing came with the doctor, Qiao Wei was already asleep.

Huo Dongyang gave up the bedside position to the doctor, let her give Qiao Wei examination.

Xiang Qing brings back also familiar doctor, this time also specially called a female doctor Helen.

"Mr. Huo, my wife just has a low fever. I suggest taking a medicine."

Huo Dongyang is still worried, "she is a little sleepy recently. And it's very easy to get tired! "

Helen's eyes flashed when she heard it.

"How long has it been like this?"

"In recent days. She also said that she was very tired now Huo Dongyang replied.

"Mr. Huo, I suggest you take your wife to the hospital for an examination. Don't take this medicine either

"What's the matter?" Huo Dongyang looks worried.

"I suspect the lady may be pregnant." Helen gave her guess. Hearing Helen's words, Huo Dongyang had no reaction for a moment.

After a while, Huo Dongyang looked at Qiao Wei and his eyes fell on her stomach. Do they really have their children in here?

Thank you Huo Dongyang said to Helen.

With Helen left, Huo Dongyang clenched Qiao Wei's hand. It's hard for him to describe his mood, excitement, worry and complexity.

"Jovi, what will our children look like?" In fact, Huo Dongyang's heart is still vaguely looking forward to the arrival of the child.

But when he thought about the cloud family, Huo Dongyang still felt worried. He didn't want Joe to have a baby in the middle of it. In fact, they are also in a gambling game, do you really dare to expect these?

At this time, Huo is contradictory again. Can he take care of Joe?

The next morning.

Huo Dongyang really took Qiao Wei to check.

After drawing blood, Qiao Wei doesn't know what's going on here?

"Dongyang, am I sick?" She was already asleep when the doctor came last night. So she had no idea what was going on.

This morning I saw Huo Dongyang so nervous that he brought himself to the hospital. Qiao Wei is also worried that he will not really get what disease?

Huo Dongyang held Qiao Wei's hand, "don't worry! Routine inspection. "

"Really?" Asked jo in a low voice.

Huo Dongyang nods. "Yes

In the process of waiting, it is indeed some suffering, Qiao Wei also felt Huo Dongyang some impatience. It's not really your problem, is it? Qiao Wei began to think, God will not be so bad to himself!

I just want to live a good life with Huo Dongyang, and then have a man and a half woman, and then live together. This wish is not greedy! If he really has a problem, then what should Huo Dongyang do? Who will accompany him in the future?

Helen came to Huo Dongyang and Qiao Wei with the examination results.

"Mr. Huo, this way, please!"

Huo Dongyang took Qiao Wei's hand and walked into Helen's office.

[Chapter 103](#)

Just a few steps away, Huo Dongyang and Qiao Wei seem to have walked for a long time.

Helen saw the two men coming in, and their expressions were both dignified.

"Take a seat, please." Helen said with a smile.

Joe asked Helen in a whisper. "Doctor, is there something wrong with my body?"

"There is nothing wrong with Madame's health. It's just a little empty recently. I suggest that my wife should recuperate. It's also good for having a baby in the future

Qiao Wei hears such words, finally is puts down the big stone in the heart, she is OK.

Huo Dongyang's mood also relaxed. "Is there really no other question?"

"No. It is estimated that the wife's work and rest is not very regular some time ago, so the body is a little empty. I'll give my wife some Chinese medicine to recuperate for a while, and I'll also strengthen my exercise in the future. "

Helen also gave Huo Dongyang a look, Qiao Wei is not pregnant.

Although he was a little disappointed, Huo Dongyang was relieved. In this way, he doesn't have to worry about the double stimulation of Qiao Wei, which is also a good thing.

"Thank you, doctor."

Helen gave Qiao Wei some Chinese medicine to recuperate, and also gave Qiao Wei some nutrition medicine.

Taking advantage of the gap between Qiao Wei and Huo Dongyang, Helen said to Huo Dongyang: "madam's body is a little weak, she should have had anorexia for a period of time before, the body's nutrition is not enough, and the whole person's state is not very good."

Huo Dongyang frowned at Helen's words. When I thought of the first time I saw her, she was really a little bad. "No other big problem?"

"It's OK. All indicators are normal." Helen replied. "It's better to keep the lady happy."

"I see."

"Madam, the situation has improved a lot. I think it has something to do with Hodgson. If your wife has a good appetite, try to make her eat more. " Helen went on: "this time it's supposed to be a cold and a fever, so the body's resistance is a little poor. If Mrs. Huo wants to have children, he should let his wife recuperate more. "

Qiao Wei just heard the last sentence. She stood at the door and felt her stomach. She and Huo Dongyang's children, think also feel magical.

Qiao Wei is determined to take good care of the body, so as to be pregnant with a healthy baby!

Back home.

Huo Dongyang also explained to Lin Juan.

"Don't worry, sir. I remember it all."

"Make more nutritious dishes in the future." Huo Dongyang continued to explain. "We must give priority to health."

"Good!"

Huo Dongyang walked into the room and saw Qiao Wei looking at the iPad seriously.

"What are you looking at so seriously?"

Qiao Wei nervously wanted to put away the iPad, but Huo Dongyang robbed him.

See Qiao Wei search content, Huo Dongyang eyes a soft, "nothing to do with this?"

Qiao Wei reached for the iPad and said, "it's normal! I'm married to you, and it's normal to have children. "

Huo Dongyang reached out and put Qiao in his arms. "We are not in a hurry."

"But in a few years, I will be a very old woman." Replied Jovi. She used to be bored to hear people talking about these things. But when I arrived, I felt normal. Is it not to say that a woman's life is complete only when she is a mother?

Huo Dongyang said with a smile, "I don't want you to take risks. When a woman gives birth to a child, it is equivalent to stepping into hell with one foot. " If he wanted to exchange a child for such a price, he would rather Qiao Wei not have birth.

Joe shook his head slightly. "Dongyang, I want to hold a child that belongs to us."

Huo Dongyang did not continue this topic with Qiao Wei. "Let's go with it."

"Well!" Qiao Wei leans in Huo Dongyang's arms.

The days are back on track.

But Qiao Wei's workload was reduced. She knew that was what Huo Dongyang meant.

But for Qiao Wei, it was no doubt a hard thing. She just couldn't sit still as she watched other people bustle around every day.

"Manager Qin, you also assigned me some tasks."

Qin Hao looks at Qiao Wei and shakes his head directly. "No! The boss told me that my wife needs to rest recently. "

"Then I'm a rice bug."

"I think boss wants you to stay at home more. He should be happier than anyone else." Qin Hao said with a smile.

Qiao Wei has no choice but to walk out of Qin Hao's office. Back in her place, she began to be dazzled again.

After work, Huo Dongyang came to pick up Qiao Wei.

Because there was no job, Qiao Wei took the bag and followed Huo Dongyang.

"I heard you applied for a job with Qin hao?"

Joe nodded. "I think I'm a loser. The doctor just told me to take care of my body and didn't stop me from working

Huo Dongyang a smile, "so you are blaming me?"

Qiao Wei quickly shook his head. "No, NoHuo Dongyang thought for a moment. "Since you want to do something so much, let Qin Hao arrange something for you tomorrow."

Hearing the work, Qiao Wei jumped up, and she put her arm around Huo Dongyang's neck, "Dongyang, thank you!"

With that, he gave Huo Dongyang a kiss on his face.

Huo Dongyang put his arm around Qiao Wei, worried that she would fall down.

"Husband, I find you are very kind to me!"

Huo Dongyang held out a hand and held Qiao Wei's nose. "You are my wife. Of course I want to be nice to you."

"Go home!" Huo Dongyang pulls Qiao Wei's hand to get on the car.

However, they just a series of movements to all into the eyes of moling.

Mo Ling originally wanted to ask Qin Hao for dinner, but she saw such a scene. The fire in the heart rubbed up, Huo Dongyang really played with this woman, really?

It can be seen that Huo Dongyang dotes on her, and those eyes and actions can't deceive people! And she has never seen Huo Dongyang do this to any woman. What magic does this Qiao Wei have to make Huo Dongyang treat her like this? Huo Dongyang is cold to other women, only to this Qiao Wei. Does this mean that Huo Dongyang has true feelings for her?

Mo Ling pulls her bag tightly. This woman really can't keep it. Mo Ling just want to take back his eyes, but slightly across the side of the car.

She also paid special attention to the license plate. This is Yun Yiyuan's car.

Mo Ling stood in the same place, she watched Huo Dongyang's car leave. Then I saw that Yun Yiming's car also followed.

As if thinking of something, Mo Ling showed a smile, she actually forgot the number one character Yun Yiyuan. Since he has followed here, does it mean that he has not given up on Qiao Wei? Or yunyiyuan is not as ruthless to Qiao Wei as the rumor.

He and Qiao Xin's affair may really be Qiao Xin's deliberate use of means, the purpose is to let Yun Yiyuan and Qiao Wei divorce, and she can sit firmly in the position of the second young grandmother of the cloud family.

It seems that Qiao Xin did not have less bad words about Qiao Wei in Yun Yiyan's ear. Now after the divorce, Yun Yiyan wants to recover it? If so, she doesn't mind helping Yun Yiyan, which is good for her.

Mo Ling turns to leave. She wants to go back and make a good plan.

[Chapter 104](#)

these days.

Yun Yiyan will come to hd-qh whenever he is free, but he sees that Qiao Wei and Huo Dongyang leave together.

Yun Yiyan will follow them silently until they get home.

In fact, Yun Yiyan did not understand why he was like this because he saw Huo Dongyang propose to Qiao Wei that day. So I had a different idea in my heart because I couldn't reconcile myself to find a better person than myself?

Yun Yiyan doesn't want to sort out those emotions or thoughts. At this time, he just wants to do what he wants.

I can see that Huo Dongyang loves Qiao Wei very much and is really good to her. In his mind, why did Qiao Wei know Huo Dongyang? Where is Huo Dongyang's identity? Is he sincere or insincere?

This day.

Yun Yiyan comes downstairs to hd-qh again and looks at the time. Qiao Wei should be off work.

After a few minutes, cloud Yiyan saw Qiao Wei come out. Today, I didn't see Huo Dongyang come to pick her up. Yun Yiyan just wanted to get off, but saw a car stop in front of Qiao Wei.

Cloud Yiyan stopped his action, even if Huo Dongyang did not appear, he also arranged everything for Qiao Wei.

Seeing the car leave, Yun Yiyan pushes the door open. He wanted to breathe, either because the car was too stuffy, or because he was depressed.

Just light a cigarette, cloud Yiyan's line of sight range appears another familiar figure.

When Jian LAN sees cloud Yi Yan, also slightly Leng. How could he be here?

Cloud Yi Yan's hand is holding smoke, he looks at Jian LAN. "Going back?"

Jane LAN nodded and wanted to ask why he was here. But she couldn't say it when it came to her mouth.

"Jane LAN, I owe you the money. Now I'll pay it back to you." Yun Yiyan found a topic to talk about.

Jian LAN knows that Yun Yiyan doesn't come to pay back her own money, but she won't talk too much.

"Good!"

Yunyiyan took out his wallet, counted a stack and handed it to Jian LAN. "Thank you last time."

"You're welcome." Then put the money away. "If nothing else, I'll go first."

Yun Yiyan looked at the cigarette in his hand, "don't you count it?"

Jane LAN shakes her head, "cloud two little won't give less. So I'm relieved. "

Yun Yiyan threw the cigarette on the ground. "I'll take you back on my way."

Jane LAN originally wanted to refuse, but later she also nodded.

In the car.

Yun Yiyan casually opened his mouth to ask about Qiao Wei.

"Qiao Wei and Huo Dongyang look very good."

After Jian LAN heard this, she laughed. "Yun Yiyan, I really admire you. You have been holding back until now. They are very good! "

Yun Yiyan frowned. "When do they get married?"

"Marriage?" Jian LAN doesn't understand the meaning of this sentence. How can Yun Yiyan suddenly be curious about these things.

Huo Dongyang and Qiao Wei got married long ago, and it was within an hour after Yunyiyan and Qiaowei divorced. But Jian LAN will not tell Yun Yiyan the truth.

Yun Yiyan's tone is not very good. "Didn't he all propose?"

Jian LAN looks at Yunyi and Huo Dongyang's proposal. How can he know.

"Did you see that day?" That's the only explanation.

Yun Yiyan did not answer, so Jian Lan also took him as the default. "I don't know their private affairs."

"Even if you knew, you wouldn't tell me." For this, Yun Yiyan still has self-knowledge.

Jian LAN did not go to meet Yun Yiyan, she turned to look outside the car.

"I heard that Huo Dongyang helped you with your divorce lawsuit with Zhong Jiansheng?"

Jane LAN nods. "Yes."

"Now you're all following him. It's going well."

Jane LAN smiles. "Because we want to live, we can't see the future."

This sentence of Jian LAN has been echoing in the sea of Yun Yi Yan's brain.

When I got home, I found the atmosphere was not right.

Fu Qing saw Yun Yiyan come back, staring at him in the eyes, "do you still know to come back?"

"What's the matter?" Yun Yiyan doesn't understand.

Yun Muxin winks at Yun Yiyan and asks him not to ask more.

Fu Qing looked at Yun Yiyan, "why did you reject your brother's plan today?"

"Mom, big brother's plan is really bad, and we don't know about the company. Rash purchase will have an impact on Yunshi!" Yun Yiyan explained.

Fu Qing knew that the old man promised to let Yun Yiyan go back to work. It would not be so simple!

"Mom, the second brother is also for the sake of Yun." Yun Mu Xin Bang Qiang. "And sometimes big brother is really in a hurry."

Fu Qing looked at his daughter, "what do you know?"

Yun Muxin closed his mouth, in her mother's eyes always see are big brother, she and second brother is just a decoration. Yun Yiyan looked at Fu Qing and said, "Mom, this is also for the sake of elder brother. Shouldn't we find out about each other's situation, so that we can be safe and sound. Now, if you just listen to those people's words, you can act rashly. It's very easy to make a question, and my grandfather certainly won't agree!"

"You don't have to move everything out, grandfather." Fu Qing said angrily.

At this time, YUNZHUO's voice also came. "I think Yi Yan is right. And I won't agree with it!"

"Dad..." Fu Qing looks back at YUNZHUO. "I just

YUNZHUO stood not far away on crutches, "I've sent people to check that company, and there's a problem indeed! Financial deficits for a year, now they are anxious to find a buyer, and then they can get out

Hearing Yun Zhuo's words, Fu Qing did not say a word. But her heart is very uncomfortable, the old man actually will help this outsider!

"Yi Yan, come here."

Yun Yiyan follows Yun Zhuo into the study.

"Grandfather, you have something to do with me." Yun Yiyan asked.

YUNZHUO picked up the information on the desk and handed it to Yun Yiyan. "You can sign this document and keep it yourself!"

Yun Yiyan saw that it was a transfer of shares. "Grandfather, this is..."

"That's what grandfather left you. You must take good care of it! Maybe it will be useful in the future." YUNZHUO's face was heavy.

Yun Yiyan feels that YUNZHUO seems to be telling the future. He doesn't understand why his grandfather wants to give his 10% shares.

"Yi Yan, if my grandfather is not here. You have to hold him for me and help him YUNZHUO told me.

Yun Yiyan doesn't understand the meaning of this sentence. Hold on to Yun and help him? Who the hell is he?

YUNZHUO saw Yun Yiyang's face puzzled, "Yi Yan, sign quickly. Only you and I know about it

In the face of his grandfather's advice, Yun Yiyang nodded and signed his name.

"Really a good boy!" YUNZHUO thinks that he may not see such a scene, but he believes that Yun Yiyang will do it.

When Yun Yiyang left YUNZHUO's study, Fu Qing saw him come out with a document. Did the old man tell Yun Yiyang other tasks in private?

Fu Qing saw holding the document back to her room, her heart could not be quiet.

[Chapter 105](#)

Later.

Fu Qing told Yunzhou and Yunyiyang about it.

Both father and son were angry. "What exactly did Yun Yiyang take away?"

"I didn't see it. But I see that Yun Yiyang is very cautious. I think it is definitely not an ordinary document."
"

Yun Yiming narrowed his eyes and refused to accept. "The old man didn't give any property to Yun Yiyang, did he? Now it's obvious that my grandfather is deliberately partial to Yun Yiyang, so that I'm just like an outsider! "

"No nonsense!" Fu Qing interrupts Yun Yiming. "You are the eldest grandson of the cloud family. No one can change that!"

Yunzhou also thinks that the situation has changed recently. He has to start early, otherwise he can't get anything in the end. First of all, it is very important for him to get the will made by the old man. And then he'll do something else.

"Dad, Huo Dongyang is also a threat." Yun Yiming reminds me.

Yunzhou nodded, "as long as he didn't go back to the cloud home for a day, everything would be easy to say."

"Are you sure he won't come back?" Fu Qing refuted. "Although Huo Dongyang has not acted recently, I think he has acted since he disclosed his HD president."

Yunzhou felt that Fu Qing was too cautious, so he was suspicious. It's definitely not a good thing.

Yun Yiming looks at the discordant couple in front of him. He has no hope for anyone. He's on his own now. That's the surest way!

Jiangwan villa.

Huo Dongyang sits in front of the computer, watching John make a plan for the acquisition of Yunshi.

There has been no news from moling in recent days, so John has not worked out a detailed plan.

"Sir, there are visitors!" Said Lin Juan, standing at the door of the study.

Huo Dongyang closes his laptop. "Who's here?"

"He said he was the lady's father."

Huo Dongyang narrowed his eyes. Qiao Qingdong came later than he expected.

"Let him wait in the living room, and I'll be down in a minute."

"OK."

Qiao Qingdong sits in the living room waiting for Huo Dongyang. He carefully looked at the furnishings in the living room, not like the luxury in imagination, but it was low-key with some extraordinary.

Lin Juan poured a cup of tea for Qiao Qingdong, "Mr. Qiao, please have tea."

Thank you Qiao Qingdong is a little nervous because he is about to face the president of HD. About this person's all, he also went to understand in detail in a few days, but he is still a fan like character.

Huo Dongyang came down from the upstairs. He looked at Qiao Qingdong's rigid appearance and knew that he must have come with a purpose. He narrowed his eyes, but for the sake that he was Qiao Wei's own father, he would not have met him!

"Chairman Joe."

Qiao Qingdong immediately stood up. "President William, I'd like to disturb you."

"Sit down, please."

Qiao Qingdong didn't dare to sit down first. "President William, please sit down first."

Huo Dongyang sits down opposite Qiao Qingdong, and Lin Juan brings him a cup of coffee.

Qiao Qingdong only dare to sit down at this time, and his face also has some unnatural.

"Chairman Qiao, what can I do for you today?"

Qiao Qingdong face Huo Dongyang is obviously lack of Qi, "is that slightly better body?"

"She's fine." Huo Dongyang replied. "I'm sure I'll take good care of her. It'll be better than her days in Qiao's house!"

"It's OK." Qiao Qingdong's face was full of embarrassment. Huo Dongyang's words have several meanings, and Qiao Qingdong also understands them.

Huo Dongyang took a sip of coffee. He was waiting for Qiao Qingdong to speak first.

Qiao Qingdong feels that his sweat has been dripping from his forehead. The man's aura is so strong that he is even more powerful than the old man of the cloud family.

Qiao Qingdong once in a while also reached out to wipe the sweat on his forehead, holding back his stomach and didn't know where to start.

Huo Dongyang seems to have no intention to open his mouth. Now it is completely in a cold state.

Qiao Qingdong moved his body, ready to summon up courage to go straight to the theme, Huo Dongyang's voice came, "Chairman Qiao, I think you seem very hot, do you need me to turn on the air conditioner for you?"

"No, No Qiao Qingdong waved his hands again and again. "There's really no need for trouble."

But Huo Dongyang didn't listen to him. He turned on the air conditioner with the remote control.

Qiao Qingdong was so made by Huo Dongyang that his face was even more embarrassed. I forgot the good lines I wanted to prepare.

The wind from the air conditioner soon dried Qiao Qingdong's sweat. After that, Qiao Qingdong felt goose bumps. He secretly looked at Huo Dongyang.

"President William, in fact, I'm here for business today."

"Well?" Huo Dongyang was patient this time. "What's the matter?"

Qiao Qingdong finally started from Qiao Wei and said, "you and Wei came to give me gifts without saying a few words that day, so you go first. I feel very sorry" "It's nothing." Huo Dongyang answers. "I didn't intend to let Jovi go that day. Because she was ill that day, but she insisted on going. After all, you are her father. You can only stay with me

Huo Dongyang this sentence directly into Qiao Qingdong's heart. Yes, he is Qiao Wei's father, but what has he done to him these years. It's not really a dad's job.

Huo Dongyang also from Qiao Qingdong's eyes to see a trace of guilt, it seems that his conscience has not been completely eaten by the dog.

"Qiao Wei didn't do anything sorry for the Qiao family." Huo Dongyang continued.

"But she..." Qiao Qingdong wants to say Qiao Wei's ruthlessness recently, but seeing Huo Dongyang's blue gray eyes, he can't say a word completely.

Huo Dongyang understands what Qiao Qingdong is going to say. "Chairman Qiao thinks Qiao Wei is merciless? Not in the same camp as you? "

Qiao Qingdong lowered his head and didn't go to meet Huo Dongyang.

"Has chairman Qiao ever thought about the reason why Qiao Wei has refused to hand over the 40% shares?"

Qiao Qingdong is stunned. He doesn't even dare to look at Huo Dongyang. Su Lirong owns 40% of the shares, and she also left it to Qiao Wei as a legacy.

"I think Mrs. Joe was forced to do so." Huo Dongyang says what he thinks. "Because someone wanted her to die and take the share."

Qiao Qingdong looks shocked. "What do you say?" *nOvelUSb.cOm*

"It seems that Chairman Qiao has never doubted that there is something wrong with his wife's death? You say that a good person dies just because he was stimulated once? Is there really nothing suspicious in this? As far as I know, Mrs. Joe founded senjo with you. Such a woman would fall so easily? "

Qiao Qingdong's face turned white, and Huo Dongyang said this with a firm tone. Did he know anything?

"What do you know?"

Huo Dongyang showed a shallow smile and did not answer.

[Chapter 106](#)

Neither of them spoke. They just sat there.

Huo Dongyang's coffee in front of him has cooled down, and he has no desire to drink.

Qiao Qingdong moved his body. "President William, I'll go back first."

Huo Dongyang raised his eyelids and looked at Qiao Qingdong faintly.

"OK." Huo Dongyang answered.

Seeing Huo Dongyang standing up, Qiao Qingdong also stood up. "I'll trouble you to take care of it."

"Of course." Huo Dongyang replied. "I hope chairman Qiao will go back to think clearly and see who is right and who is wrong."

Qiao Qingdong nodded. "I see."

"At the same time, I hope you won't disturb Qiao Wei again. She owes you nothing This is what Huo Dongyang wants to say today.

"Jovi is my daughter." Qiao Qingdong also wants to refute a sentence, "senqiao, she also has a share."

Huo Dongyang shook his head. "Senjo has nothing to do with her. Since you drove her out of senjo, her relationship with senjo ended. Now senjo is your responsibility. "

Qiao Qingdong understood the meaning of Huo Dongyang's words, "President William, I remember your words."

"Take your time."

After Qiao Qingdong left, Huo Dongyang turned to Xiang Qing and said. "Find someone to keep an eye on the Qiao family."

"All right, boss!"

Huo Dongyang doesn't believe Qiao Qingdong's words. He knows what he means now, but it's impossible for him to go back and listen to Liu Su's mother and daughter and change his attention. This is also possible.

Qiao Xin saw Qiao Qingdong come out, she immediately got out of the car.

"What about dad? He promised to help us? "

Qiao Qingdong's voice is not big. "Let's go back first."

Seeing Qiao Qingdong's expression, Qiao Xin knew that things had not been discussed well.

She clenched her hand. "That must be what Jovi meant. I think that man listened to Jovi very much

"Go home." Qiao Qingdong spoke again.

Qiao Xin finally came here. If she went back like this, she would not be reconciled. She had to meet that man anyway.

A turn around, Qiao Xin walked in quickly.

"William, why don't you promise us? You've already asked me, Dad

Qiao Xin finished only to find that there is no shadow of Huo Dongyang in the living room, only Lin Juan is cleaning up the table.

"Who are you? How can you break in all of a sudden. "

Qiao Xin takes a look at Lin Juan. "Let your husband come out. I have something to tell him."

Lin Juan frowned when she heard Qiao Xin's words and her tone.

"Sir, I'm not available. Please go out." Lin Juan really doesn't like this woman.

Qiao Xin stepped on high-heeled shoes, eyes very dissatisfied with Lin Juan. "You are a servant, are you qualified to take charge of me?"

Lin Juan put down the dishcloth in her hand, went forward and twisted Qiao Xin's arm behind her, "do you think I have the qualification?"

"Pain! Let go Qiao Xin's painful tears came out. The old woman didn't expect to have two sons.

Lin Juan let go of Qiao Xin, "get out now!"

"You wait for me!" Qiao Xin held out her finger and pointed to Lin Juan.

Lin Juan just want to move, Qiao Xin holding his injured arm ran out.

"Sister Juan, how do you do it? I'm supposed to do this. " Xiang Qing said with a smile.

Lin Juan glanced at her neck coldly. "Why didn't you do it just now?"

Xiang Qing shrugged, "I think this woman is in love with the boss! Now try to get close to the boss

Lin Juan snorted, picked up two cups and went into the kitchen.

Xiang Qing thinks it's good for Huo Dongyang to find Lin Juan. It's the best to deal with women's affairs. Although he had a bad impression on Qiao Xin, he was a big man who couldn't say anything about it.

In the evening.

Drive south to drive Qiao Wei back.

Lin Juan see Qiao Wei holding a pile of information come in, she quickly forward to pick up. "How can madam bring so much information back today?"

"Work needs it." Said Joe, smiling. "Mom Lin, where's Dongyang?"

"Sir, in the study."

Qiao Wei put down the bag and held the information again. "Then I'll go up and find him!"

Lin Juan smiles. His wife has a job to do today, and the whole person is in good spirits.

"Dongyang!" Qiao Wei went to the study with information.

Huo Dongyang raised his head and saw Qiao Wei holding those materials. "Why did you bring your work back?"

Joe gave a slight smile. "These are all I want to ask you about!"

"Put it down first. There's something to say after dinner."

"Good!"

Qin Hao's arrangement for Qiao Wei today is actually the re filing of several cases in the past. Results Qiao Wei in these cases, found that several are Huo Dongyang personally do the planning case. Suddenly, she was interested. To see Huo Dongyang's plan can only be described as surprise. Every case is very beautiful, so Huo Dongyang's success is inseparable from his talent and efforts!

"Dongyang, tell me about this case."

Huo Dongyang looked at Qiao Wei who was nestled in his side. He laughed. "Are you trying to understand my past?"

Joe winked. "Can't you? Actually, I don't know anything about you. It's rare to have such an opportunity today. Of course I want to understand it! Tell me about it. "

Huo Dongyang reached out and took Qiao Wei into his arms. "Which part do you want to know?"

"I want to know. You are my husband. As your wife, shouldn't I know something about it? "

Huo Dongyang's eyes had a trace of fluctuation, Qiao Wei's meaning he understood. It's just something that he doesn't want Jovi to know right now.

Huo Dongyang did not say, but asked a question. "Qiao Wei, if someone wants us to separate in the future, what will you do?"

Qiao Wei raised his head and looked at Huo Dongyang with a serious face. "And you?"

"I asked you first." Huo Dongyang suddenly wanted to know the answer.

Joe shook his head slightly. "Dongyang, since I am married with you, I want to live with you forever! If someone really wants us to separate, as long as you still need me, then I will not leave! "

Qiao Wei's reply let Huo Dongyang's heart miss beat. "As long as I don't want to go How simple words, but it brings Huo Dongyang strength.

"Qiao Wei, you really can't go?"

Qiao Wei lowered her eyes and her voice became very small. "Unless you don't want me. At that time, I will go! "

Huo Dongyang's heart thumped, this answer let him at a loss! If she does leave, what should she do?

"Dongyang, if there is one day, I want to hear from you personally." Qiao slightly lowered her head. She did not dare to look at Huo Dongyang.

Huo Dongyang reached out and lifted Qiao Wei's face and looked at her moist eyes. Huo Dongyang lowers his head and kisses Qiao Wei eagerly. He wants to tell Qiao Wei how much he needs her now and in the future

[Chapter 107](#)

it's dawn.

Lying on the ground was a mess of clothes, which seemed to have been thrown on the ground.

At this time, the person in bed suddenly turned over.

Qiao Wei opened his eyes, the sun through the curtain has sprinkled into the room, everywhere is warm.

He rubbed his eyes and reached for his mobile phone. Only when she found that there was no bedside table, she remembered that she had put her bag in the living room after she came back yesterday.

Jovi sat up and looked at the clothes on the floor beside the bed. Her face turned red, and she held her face in her hands. How fierce it was yesterday. The clothes were thrown like this.

After a look, his pajamas were thrown at the door.

"What should I do now?" Qiao Wei hesitated to go and pick it up. But now I'm naked. What if someone opens the door? In the heart incomparably tangled, this wardrobe is also close to the door, also is to walk to be able to find another clothes.

Qiao Wei took a deep breath hard, but he was stabbed both vertically and horizontally. Forget it! Qiao Wei opened the quilt and ran to pick up the pajamas with the fastest speed.

Just bent down to meet the pajamas, the door handle of the room moved.

Qiao Wei's heart immediately mentioned to the throat, she immediately picked up the pajamas in front of her. She took a look at the closet next to her, only that side could block it.

Qiao Wei just moved a step, behind him came Huo Dongyang's voice. "So flustered?"

Hearing Huo Dongyang's voice, Qiao Wei also breathed a sigh of relief. Her back was against the wardrobe, and her pajamas in her hands were in front of her.

She opened her mouth nervously

Hearing the sound of footsteps behind him, Huo Dongyang instantly closed the door of the room.

"Would you like breakfast, sir?" Lin Juan asked outside the door.

"Get ready!" Huo Dongyang replied.

When I saw Joviana, his eyes were very nervous because of his nervousness.

Huo Dongyang was amused to see her like this.

Huo Dongyang stepped forward and reached out to take Qiao Wei into his arms. "Are you still so shy now?"

"This This is not It's not the same. " Qiao Wei's words faltered.

Huo Dongyang hugs Qiao Wei. "I remember you were very enthusiastic last night!"

Qiao Wei certainly remembers how they got back to the master bedroom all the way from the study. That bold look, it does not seem like her. In the past, she would not be like this. Is it because the object is Huo Dongyang, and she can't restrain the great power in her body?

Huo Dongyang said in Qiao Wei's ear: "I really like your enthusiasm."

Qiao Wei stiff in Huo Dongyang's arms, because she feels the change of Huo Dongyang's body.

It's really not tempting in the morning. Huo Dongyang is looking for hardship. He let go of Qiao Wei, "wash quickly, or you will be late for work."

"Oh

Huo Dongyang stepped out with his long legs open and closed the door of the room. Ah, I can only go to the bathroom in my study and pour cold water.

When Qiao Wei appeared in the dining room after cleaning, her whole spirit was good. "Good morning, Ma Lin!"

"Good morning, madam." Lin Juan also nodded. "Sit down and have breakfast."

Joe nodded with a smile. "Mom Lin, I'm sorry to trouble you to make breakfast every day."

"Madame, I came home to take care of you and sir. I do these, of course. "

Thank you Joe said sweetly.

At this time, Huo Dongyang also changed his clothes.

"Dongyang, are you going out today?" Asked Qiao Wei.

Huo Dongyang nods. "Today, Qin Hao and I went to other cities to discuss a cooperation."

Qiao Wei put down his chopsticks as soon as he listened, "how many days to go?"

"Come back in the evening." Huo Dongyang replied. "But not too soon."

"Pay more attention to yourself."

"Don't worry."

After Qiao Wei went to work, Huo Dongyang also set out.

"Sister Juan, prepare dinner for Qiao Wei early in the evening." Huo Dongyang tells Lin Juan.

"Don't worry, sir."

Qiao Wei returns to the office and looks for Jian LAN.

"Is there anything I can do for you?" Qiao Wei sits down beside Jian LAN.

Jane LAN took off her glasses. "Don't you have other plans today?"

"No! Manager Qin is not in. He went on a business trip with Dong Yang Replied Jovi. "You can give me something to do, otherwise I will be very idle today and wait for work."

Jane LAN smiles. "General manager Huo is also for your good. Don't be born in bliss

"LAN."

"Good." Jian LAN handed several design drawings to Qiao Wei. "You can color this manuscript for me, and then scan it. I'll show it to manager Qin later."

Qiao Wei immediately nodded, "OK, I'll do it right away."

At lunch time, the office ushered in an unexpected guest. Mo Ling came in with her high-heeled shoes. She was on holiday today, so she came here to have a look, and also wanted to take a chance to see Huo Dongyang.

As soon as he came in, he realized that Huo Dongyang and Qin Hao were out on business. If they go together, it must be a big event.

Mo Ling glanced, just saw Qiao Wei.

I've been busy in recent days. I really forgot about this woman. It happened that Qin Hao and Huo Dongyang were not here today. It seems that God personally sent such a good opportunity to himself. So she should cherish it more.

Mo Ling went to Qiao Wei's side, "Miss Qiao."

Qiao Wei raised his head and looked at Mo Ling, but in front of him, the beauty seemed to have been seen somewhere. "You are..."

"I'm mauling." Mo Ling said, "do you have time? I want to talk to you. "

Qiao Wei put down the pencil in his hand and seemed surprised. "With me?"

"Yes Mo Ling's beautiful eyes reflect Qiao Wei's appearance.

Qiao Wei can see that the beauty's smile can not be seen, the eyes seem to have some hostility.

"Miss Mo, what would you like to talk to me about?"

"William!" Mo Ling looked at Qiao Wei and said. "Is that ok?"

Qiao Wei stood up, she was not as high as Moli, so she could only slightly raise her head. At present, it seems that she had seen Qin Hao bring back last time. She still thought that she was Qin Hao's girlfriend. She didn't expect there was such a meaning in this.

Mo Ling raised her lips. "It seems that William has not told you that I exist."

"Are you?"

"I'm William's fiancée." Mo Ling said in front of Qiao Wei. Anyway, some of the men they knew were not there, and what she said was right.

Qiao Wei楞 for a while, also did not seem to return to mind. Does Huo Dongyang have a fiancée? It's impossible. He told himself before that he didn't have any other women. And the woman who came out of the blue claimed to be his fiancée?

Mo Ling's voice was not small, and several people around her also heard her words.

"So you can talk to me, Miss Joe?" Mo Ling's face was full of pride.

Jian Lan also rushed to see the situation. "You say you are, and we will believe you?"

Mo Ling ignored Jian Lan, she just looked at Qiao Wei and said, "Miss Qiao, what do you say? Or are you afraid to talk to me? Because you seduced my fiancée behind my back

[Chapter 108](#)

In an instant, everything was quiet.

Everyone is waiting for Qiao Wei's answer. Of course they knew that Jovi was a real lady, but who was the woman who suddenly appeared?

Jian Lan some worry, she stretched out her hand to pull Qiao Wei's clothes.

Qiao Wei did not answer anything after hearing what Mo Ling had just said, and there was no expression on his face.

See Qiao Wei did not move, Mo Ling's show eyebrows wrinkled slightly. How did Qiao Wei not respond? Was she scared to be silly or did she despise it at all!

Moli clenched her bag. The most difficult thing to deal with was the people who kept silent all the time. Because you don't know what they're thinking.

"Miss Joe, are you doubting me?" Said Mo Ling. "I was appointed by grandfather Huo, and this time he asked me to come."

Jovi picked up his bag. "Let's go out and talk."

Some things, Qiao Wei also don't want others to know, because it belongs to Huo Dongyang's privacy.

"Good!" Mo Ling hooked the corner of his mouth. It's good for her to get out of here and do anything.

Jian Lan is worried about Qiao Wei. "Little, don't go out."

"Don't worry." Replied Jovi. "I think Miss Mo is also a learned person, and certainly won't do it."

Mo Ling was stunned and didn't expect Qiao Wei to say such a thing. She doesn't look like a soft persimmon either.

"Miss Mo, let's go!"

Jian LAN saw Qiao Wei and Mo Ling leave, still worried.

"Sister LAN, is your wife OK? I think that woman is a cruel character Others want to listen to Jian LAN.

Thinking of this, Jane LAN still picked up her mobile phone to call John. Huo Dongyang and Qin Hao are not here, so she can only find John.

"What's the matter?"

Jane LAN told John about it and waited for his reply.

"How long have they been out?"

"For a while."

"I see."

John hung up without saying anything. Jane LAN did not understand what he meant by "I know".

Jian LAN hesitated to call Huo Dongyang, the woman seemed not so easy to deal with.

At this time, Qin Hao actually called.

"Jane LAN, you can work at ease. We'll take care of it. Jovi won't be OK. "

"OK." Hearing Qin Hao's words, Jian Lan was relieved.

In fact, from Qiao Wei downstairs and moling out, South has told Huo Dongyang about this.

Huo Dongyang also ordered to protect Qiao Wei to the south, if there is anything wrong, you can do it.

Qiao Wei and Mo Ling are sitting in a nice cafe near the company.

Mo Ling ordered the most expensive coffee in the shop, while Qiao Wei ordered a cup of juice.

"William likes coffee very much." Mo Ling spoke first.

Qiao Wei holds the hand of cup to tighten instantly, Huo Dongyang really often drinks coffee.

When Mo Ling did not let go of Qiao Wei such a subtle action, she even felt that Qiao Wei had been affected by her own.

"We used to go out together and choose a quiet coffee shop. Sometimes it's a day. "

Qiao Wei looked at the juice in front of her. She didn't think too much and didn't care much about what moling said.

Mo Ling see Qiao Wei has been silent, think she is hit.

"For a man as good as William, there are bound to be a lot of women who will go up and even throw themselves in the arms without shame." Mo Ling continued. "I can understand all this because I believe he will be faithful to his marriage. That's why I turn a blind eye to those women

Hearing this sentence from Mo Ling, Qiao Wei showed a smile. Mo Ling's words are true, Huo Dongyang is true to his marriage, she has always believed it.

Mo Ling thought Qiao Wei's smile was very dazzling. "Miss Joe, why are you laughing?"

"Because I think you're right!" Replied Jovi. "He is such a man indeed."

Mo Ling is jealous in her heart, and Huo Dongyang is fond of her, and she has eyes to see.

Qiao Wei picked up the cup and sipped the juice. The orange juice was sour and sweet, and it was really good to drink, otherwise it was not worth the price.

"Jovi, William and I will be married soon." Mo Ling didn't think Qiao Wei's patience and patience were so good. He didn't mind at all and didn't get angry.

Qiao Wei raised his head and looked at Mo Ling, "and then?"

"And then? Of course we will live together. " Mo Ling replied. "Grandfather Huo has said that we will get married after the event in city a is over. This is a fact! Please look at it clearly. You and William will not have any results! "

After listening, Qiao Wei nodded. "I see what Miss Mo means."

"You don't look stupid." Mo Ling said with a smile. "You're with William for money. As long as you leave him, I can also give you a sum of money! ""Miss Mo, did you treat the women related to him like this before?" Qiao Wei asked Mo Ling in turn.

Mo Ling this no words, Huo Dongyang has no woman, where she needs to deal with! Now, Qiao Wei in front of her is the woman who made her first move.

Qiao Wei's hand touched the grain on the cup, "Miss Mo, can money really solve the problem?"

"Money is the most direct and effective way to deal with women like you." Mo Ling replied.

"What if I don't like money?" Qiao Wei asked again.

Moling is completely fire, this Qiao Wei really is not a soft persimmon, a few words let her stand and their own equivalent position.

"Qiao Wei, you don't want to leave the position of the second young grandmother of the cloud family. Is it just for money? Because William is the president of HD, that identity is enough to haunt him

Qiao Wei thinks for a moment, this is true in the outside world. So is this why Huo Dongyang has not disclosed his identity to the public? He doesn't want others to attack him? It seemed that he really thought of these things for himself, and Jovi was warm.

Mo Ling continued to be strong, "you and William will not have a result, and my grandfather won't agree! You're married! There are really few people who don't mind saving people like you. "

This point really stabbed Qiao Wei's weakness. Yes, she is indeed a second marriage! This fact can not be changed, and the elderly should also care about this. At this point, Qiao Wei knew that he could not stand firm. But for Huo Dongyang, she doesn't want to give up. She wants to keep her marriage.

Her eyes darkened and her confidence seemed to be hit.

"If you know the ropes, please leave by yourself."

Jovi blinked. "If he told me himself, he didn't need me. Then I'll go. "

"Qiao Wei, where are you confident?" Mo Ling was sarcastic. "Who do you think it is? People like William care about women like you? It's a joke

Qiao Wei looks at Mo Ling and looks at her seriously. "Miss Mo, you should like Dongyang very much, don't you? That's why you said these things to me today. In fact, you want to hit me, I know my past will make people think I am not worthy of Dongyang, but I will not leave him! This is also my promise to him! "

"You Mo Ling looks at Qiao Wei angrily. "I really didn't think that you should be shameless to such a state!"

"Isn't that how you love someone?" Joe gave a slight smile.

[Chapter 109](#)

Mo Ling picked up her cup of coffee and poured it directly at Qiao Wei.

When Qiao Wei realized that, it was still a step late. Coffee had been spilled on her clothes, and a few drops had splashed on Qiao Wei's face.

"Qiao Wei, you don't want to propose a toast or not to drink a fine wine!" Mo Ling said angrily. "As I said just now, William and I are engaged. You don't understand me, do you?"

Qiao Wei picked up the paper towel on the table, wiped his face, and then wiped his clothes.

With Qiao Wei's action, Mo Ling soon saw those kisses on Qiao Wei's neck. Those traces of different depth and size, like an arrow, directly shot into moling's heart.

Huo Dongyang and Qiao Wei

Mo Ling closed her eyes in pain and then opened them again. "Qiao Wei, you are so capable! Don't think you and William do a few times, you can climb the HD president's wife position! This position is not yours! "

Qiao Wei put down his hand. "Can that be yours?"

Mo Ling didn't expect Qiao Wei to be so bold to ask himself, "it seems that I am too gentle to you?"

"Mo Ling, if you like Dongyang, you can say it. So we can compete fairly. " Qiao Wei looks at Mo Ling and says. "But please don't make up some false facts."

Mo Ling thought it was funny. "I made it up?"

"Isn't it?" Qiao Wei looks at Mo Ling seriously. "Is your engagement with Dongyang true? Do you really have a story between you? As far as I know, Dongyang has no girlfriend and he has no fiancée

"Why are you so sure, Jovi?" Mo Ling really didn't know the confidence Qiao Wei brought.

"Because all these Dongyang told me!" Replied Jovi.

Mo Ling laughed out, "how do you know he won't cheat you?"

"I believe him!" said Jovi firmly

"Qiao Wei, you are too blind. A few words of a man are true. "

Joe gave a slight smile. "Because he is Huo Dongyang!"

Mo Ling bit his lips, Qiao Wei this sentence, she can't refute. Yes, because he is Huo Dongyang! So she would work so hard for him, want to pay for him.

As a result, Qiao Wei said such a sentence today. This is also the words that I dare not say!

Jovi stood up. "Miss Mo, I'll go back first."

Finish saying, Qiao Wei take out a few of the purse, Mao grandfather put on the table, then she turned around and left.

After Qiao Wei left, the South who sat on the next table also stood up.

He gave Mo Ling a cold look, and then left behind Qiao Wei.

City B.

Huo Dongyang and Qin Hao sit face to face with their mobile phones in front of them.

As a matter of fact, Qiao Wei and Mo Ling have already carried out live broadcast through mobile phone connection to the south.

They could hear every word clearly.

Qin Hao looked at Huo Dongyang and said with a smile, "I didn't expect it."

When Huo Dongyang heard Qin Hao's voice, he quickly closed his eyes. "Didn't think of anything?"

"I didn't expect our wife to be so tough." Qin Hao raised his thumb immediately. "She is the first woman who dares to speak so in front of moling. I will give her a compliment!"

Huo Dongyang picked up the coffee on the table, there was a moment of panic, and then saw him put the coffee down.

"No more?" Qin Hao asked.

Huo Dongyang nods. "No more!" In fact, Huo Dongyang doesn't drink coffee, which means he won't drink coffee in the future.

Later, Huo Dongyang asked the waiter to serve a cup of tea.

Qin Hao didn't go into Huo Dongyang's behavior. In fact, he also wanted to say that the coffee in this house is really bad.

"Dongyang, since moling and Qiao Wei met, then she will definitely move next."

Since hearing what Qiao Wei just said, he has confidence in Qiao Wei. Qiao Wei said those words, let Huo Dongyang's heart to now can't calm down.

Isn't that what love is like? Love a person, you can tolerate her everything, also can tolerate her some small problems, do not need her to change anything for herself, she just needs to be herself. Everything else, I will adjust or change for her.

"Qiao Wei, these experiences seem to be brought to me by you!" Huo Dongyang took a sip of tea and suddenly wanted to hold her.

Qin Hao actually saw Huo Dongyang's helpless smile. Such a smile, even himself was killed by seconds! At the moment, the person who appears in his mind should be Qiao Wei!

Huo Dongyang is really in love! If such a man really falls in love with a woman, it is a lifetime thing! He once discussed with John or Jason, would Huo Dongyang like a woman in his life?

Both of them gave a direct negative answer. Difficult! Huo Dongyang's heart contains too many things and carries too many responsibilities. There was no such position in his mind. Qin Hao also once agreed with them, Huo Dongyang's heart really can't hold a feeling. Otherwise, he didn't mean to walk around in front of him for so many years.

In fact, Mo Ling's ruthlessness has something to do with Huo Dongyang. She thought she could stand by Huo Dongyang when she became strong. But standing beside such a man, in addition to being strong, it also needs means.

"Ah..." Qin Hao sighed. In fact, they all think a little wrong.

What Huo Dongyang wants most is actually a plain and true feeling. And just at this point, Qiao Wei appeared, Huo Dongyang also met. So everything that follows is so natural.

Huo Dongyang heard Qin Hao sigh, "what's the matter?"

"Nothing! I feel like a single dog. How pathetic Qin Hao made a mockery of himself.

Huo Dongyang understands Qin Hao's meaning. "Qin Hao, I have never forgotten my responsibility, and I have always insisted on it! But it seems that there are always one or two accidents in life, and this accident makes you change. "

Qin Hao nods. "Dongyang, as a friend, I did not like you and Qiao Wei! But now I understand. "

Thank you

"You're welcome!" Qin Hao said with a smile. "There are more challenges waiting for you. I hope you can really spend it hand in hand."

Huo Dongyang became serious when he heard Qin Hao's words. "Qin Hao, since I have gambled on this game, no matter how the result is, I accept it."

"You are a big gamble! Maybe I'll lose my whole life. "

Huo Dongyang looked at the time. "Let's go back."

"In a hurry to see Madame?"

Huo Dongyang did not deny it. "Qin Hao, I'll bear with moling again."

Thank you Qin Hao nods. "In fact, I want to say that when I see Huo Dongyang's life-long mistake!"

About Mo Ling, Qin Hao knows that he has reached the bottom line of Huo Dongyang, and he has nothing to say.

Huo Dongyang picked up his mobile phone and went out first. For the first time, he felt like returning home. I really want to see her immediately!

[Chapter 110](#)

At eight o'clock in the evening.

Huo Dongyang returned to Jiangwan villa.

"You are back, sir." Lin Juan is waiting at the door.

Huo Dongyang nodded. "Well!"

Entering the living room, Huo Dongyang is quiet and strange. Qiao Wei seems not to be there.

Huo Dongyang took off his coat and said, "is Qiao Wei not here?"

"Well, Madame hasn't come back yet." Lin Juan replied.

Huo Dongyang immediately frowned. "Not back?"

"Yes." Lin Juan nodded. "I didn't come back to the South either."

Huo Dongyang was very nervous when he heard this. What's going on!?

Take out the mobile phone and call Qiao Wei immediately. The phone is connected, but no one answers.

At this time, Huo Dongyang began to be nervous, and an inexplicable uneasiness haunted his heart.

He'll call South right away. The mobile phone to the south is also connected, and no one answers.

Huo Dongyang immediately couldn't sit still. He took out his mobile phone and called again. He called out loudly, "Xiang Qing!"

"In a minute." Huo's voice is answered immediately.

As a result, Xiang Qing ran to me because of his untidy belt. He was just changing clothes.

"Boss!" Xiang Qing also found that Huo Dongyang's face was not good. It seems that something happened.

Huo Dongyang calm face, "immediately locate the position to the south."

"Yes Xiang Qing also became serious.

Soon, Xiang Qing was positioned to the south.

"Boss, it's been found."

"Go Huo Dongyang was worried. He felt like this for the first time.

Xiang Qing and Huo Dongyang set off immediately, and Lin Juan was also worried. I hope nothing serious happens, otherwise their Mr. Huo will explode! He was very nervous about his wife, which was obvious to all!

On the way.

Call back to the south.

Huo Dongyang immediately asked, "where are you?"

"I'm sorry, boss! I lost my wife. " The sound to the South was not loud, but Huo Dongyang could hear clearly.

Huo Dongyang immediately frowned. "What's going on?"

"I had a car accident on the way back from my wife. Now it's a mess. My wife and I are separated. "

"Wait! I'll be there in a minute

Xiang Qing speeds up the speed and hopes to arrive early.

The car was stopped before it arrived at the scene of the accident.

"The road is closed, please take a detour." The police came up and said to Huo Dongyang.

Huo Dongyang pushed open the door and got out of the car. He said to the police, "my wife is in it. I have to go in."

Hearing this, the policeman nodded. "People can go in, but cars can't go in."

"Here you are, hold on to me!" Huo Dongyang confessed directly into the scene.

Xiang Qing didn't have time to say anything, just saw Huo Dongyang's figure. "Boss, this time is really not calm."

Huo Dongyang ran into the scene and saw many people, as well as doctors and police. The scene was indeed in a mess. He walked a few steps forward and saw the cars that had happened.

It was a serial accident, including a bus.

Huo Dongyang stood in situ hoping to see Qiao Wei's figure, but after looking around, he still did not see.

"Boss!" South first found Huo Dongyang.

See the head do not dare to raise the south, Huo Dongyang's tone is not very good. "What's going on?"

He told Huo Dongyang what happened.

In the afternoon, Qiao Wei and Mo Ling separated and went back to the company. After work, Qiao Wei and Jian LAN completed the new design before leaving.

So it was seven o'clock in the evening when we received Qiao Wei in the south. When the car drove to this side, Qiao Wei suddenly wanted to eat cake, so he asked him to park south to buy it.

And the accident happened at this time. A BMW sports car seems to be out of control, one skids and hits another car in the opposite direction. The two cars were transformed in an instant.

Then the third car in the rear had no time to brake and hit again. After taxiing for a long time, I bumped into a bus waiting to get on and off the bus stop at the station.

Because of the impact of the bus, it flew onto the sidewalk beside the station. In a moment, many people were crushed and some died on the spot.

In a moment, it has become flustered. Many people are panicked. Some people run away in fear, and others rush to save people. The scene was really chaotic, and many people were scattered.

Looking at all this happening in front of his eyes, he still felt the lingering fear. A moment ago, if Qiao Wei didn't say he would stop, they would be in that position.

"That's what happened!" Looking back to the south, I feel breathtaking. "When I got out of the car to find my wife, she was gone. Sorry, boss! I didn't take good care of my wife! I'm willing to be punished. "Huo Dongyang heard such a description, his heart rate also accelerated. That's a little bit short of time, or I'm from two worlds with her.

Huo Dongyang raised his head and looked at the cake shop nearby, "Qiao Wei, you must wait for me!"

Forced to calm down, Huo Dongyang began to analyze. If Qiao Wei didn't leave, then she should be there.

"South, you wait here! I'll look for it. " Huo Dongyang opens his mouth.

"Boss, I'll go."

Huo Dongyang shakes his head. "No, you wait here. If you wait for Qiao Wei to come back, you will call me right away."

Qiao Wei's bag and mobile phone are in the car, so she must have no way to contact other people now.

Huo Dongyang went forward and started the search mode. He didn't miss every place. His eyes became sharper and sharper. He walked forward step by step. The scene was still very chaotic.

There were several ambulances, doctors and nurses everywhere. Traffic police are also helping to deal with the situation at the scene.

Huo Dongyang also saw the bus in the accident, and firefighters were rescuing people under the vehicle.

There are all kinds of noises on the scene. It's really noisy. Huo Dongyang frowned, these voices made him disgusted, especially those shrill cries. The scene was also filled with a smell of blood, which also made people feel uncomfortable.

There are a lot of nurses who bandage the wounded, and some enthusiastic people are helping.

It seems that this traffic accident is really more serious than expected, and the estimated death toll is quite a lot.

At this time, the two ambulances in front of Huo Dongyang's line of sight drove away.

Huo Dongyang saw that there was a temporary treatment point where he was blocked by two ambulances. Huo Dongyang just want to take back his sight, a familiar figure bumps into his sight range.

The figure in a white shirt and a pair of light blue jeans is sitting on the ground holding the child. While comforting the child in her arms, she cooperated with the nurse to help the child with the wound.

Huo Dongyang stood in situ, eyes tightly locked me not far away that white figure. It is difficult for Huo Dongyang to describe his mood at the moment, but there is one thing he can be sure of. He was relieved!

Huo Dongyang walked with his steps, and his heart beat faster with each step. Until a few steps away from the figure, he stopped his own steps.

He saw her face gentle in coax the child, Huo Dongyang even looked at her body at this time sent out the light. At the moment, she makes Huo Dongyang very moved. He knew that she would be a good mother in the future!

"Qiao Wei!" Huo Dongyang called out.
