### Chapter 1531

"Mom, are the people in the car behind us someone we know?"

Ming Han, holding Guoguo, sat in the front passenger seat, and out of curiosity, he asked Kang Li.

"Yes." Kang Li nodded and said, "It's your grandpa's car, and he's bringing your great-grandpa here to visit an elderly friend."

"Mommy, mommy, why didn't you let me and Second Brother, Fourth Brother, and Fifth Brother say hello to Grandpa and Great-grandpa?" Guoguo blinked her big glass-like eyes and tilted her head to ask Kang Li.

"It was mommy's oversight."

Kang Li admitted her mistake.

"It's okay, it wasn't mommy's fault. Guoguo knows you were worried about us getting cold, so you didn't let us get out of the car." Guoguo, being thoughtful, said this to prevent Kang Li from blaming herself.

Kang Li was first taken aback, then she smiled and said, "Actually, I didn't think that much; it was a genuine oversight!" When she saw her father Jiang Boya, she was quite surprised, but soon realized why he would be here; he was probably visiting the Xi Family.

She really had forgotten to let Ming Han and the others get out of the car to greet them.

Therefore, right is right, wrong is wrong, and facts are facts; she didn't need to find excuses for herself, even if this excuse was kindly provided by Guoguo. She couldn't set a bad example for the kids.

Later, she'll just have to apologize to her father and grandfather when she sees them.

Guoguo looked adorably earnest: "Mom, when I see Grandpa and Great-grandpa, can I apologize for you?"

"No need, mommy can do it herself."

Kang Li responded softly.

Following the route given by the officer, Kang Li drove to the gate of the Jhiang's home.

"Brother Xi! Sister Xuanxuan!" Guoguo leaned on the car window, and upon seeing Xi Chenyu and Jhiang Xuanyuan, she happily called out. However, she immediately frowned, "It's so cold outside, and Brother Xi and Sister Xuanxuan are waiting for us there. Mom, won't they catch a cold?"

"They've taken good care of themselves; they shouldn't," Kang Li reassured. After parking the car, as she opened the door, Xi Chenyu and Jhiang Xuanyuan approached to greet her, "Hello, Aunt Kang!"

"Hello, Little Yu; hello, Xuanxuan!"

With a smile in her eyes, Kang Li opened the back door and helped Bun and Tangyuan out of their seats.

On the passenger side, Ming Han, holding Guoguo, had already gotten out.

"Welcome Luo Mingting and Luo Mingchen, thanks for coming to celebrate my birthday!" Jhiang Xuanyuan happily exclaimed upon seeing Bun and Tangyuan, and then she hugged Guoguo: "Little Sister Guoguo, I'm so glad you came to celebrate my birthday!"

"Sister Xuanxuan, we're good friends, of course, I came to celebrate your birthday!" Guoguo said, gently patting Jhiang Xuanyuan's back, "Sister Xuanxuan, let go of me first, so I can give you your birthday present."

Jhiang Xuanyuan let go.

Guoguo took a beautifully wrapped rectangular gift box from Ming Han, with colorful ribbons tied around it, and handed it to Jhiang Xuanyuan: "Sister Xuanxuan, happy birthday! This is my gift to you!"

"Thank you, Little Sister Guoguo!"

Holding Guoguo's gift, Jhiang Xuanyuan felt so happy that she almost bounced with joy.

"Jhiang Xuanyuan, here's my gift to you."

Tangyuan presented a gift box roughly the size of two adult palms.

"Thank you for the gift, Luo Mingchen, I'm so happy!"

The gift box was placed on top of Guoguo's larger gift box.

"Here's my birthday gift for you, happy birthday!"

Bun also handed over his gift.

Kang Li and Ming Han watched with smiles, and then Ming Han stepped forward to ask Jhiang Xuanyuan, "Little friend Xuanxuan, do you need big brother's help to hold your gifts?" Though he was asking, Ming Han had already taken the stack of gift boxes from the little girl's hands.

"Thank you, brother!"

Jhiang Xuanyuan was a very polite child.

"Sister Xuanxuan, this is my Second Brother,"

Guoguo introduced Jhiang Xuanyuan.

"Hello, Second Brother, my name is Jhiang Xuanyuan; what's yours?"

Jhiang Xuanyuan looked up, her big eyes full of curiosity.

"Luo Minghan."

Ming Han smiled as he introduced himself.

"Then I'll call you Brother Ming Han from now on. I knew Brother Ming Rui before, and now I know four of Guoguo's brothers in total," Jhiang Xuanyuan said, turning to Guoguo, "Little Sister Guoguo, you said you have five brothers and a sister, I only need to meet one more brother and your sister to know all of them."

Guoguo: "That's right! You just haven't met my Third Sister and Brother Xiao En yet."

## Chapter 1532

"It's cold outside, Xuanxuan, you should invite the guests inside."

Xi Chenyu said this with a stern face to remind Sister Xuanxuan.

"Aunt Kang, Brother Ming Han, I'm sorry! Little Sister Guoguo, I'm sorry! Luo Mingting, Luo Mingchen, I'm sorry! Please come inside, my house is very warm!"

Holding Guoguo's hand, Sister Xuanxuan now had the demeanor of a little adult, inviting Kang Li and Luo Minghan, along with the three Buns, into the courtyard. Just then, Sister Xuanxuan's mom came out of the living room and greeted Kang Li with a smile: "Comrade Kang, please come in; it's warm inside!"

Sister Xuanxuan's mom's last name is Luo, with the name Sichun. She's a gentle yet enthusiastic woman.

She knows that her daughter Xuanxuan has invited those classmates over to celebrate her birthday. Seeing the three Buns, it's naturally easy to guess Kang Li's identity.

After all, her little girl often boasted in front of her about how good-looking her good friend Little Sister Guoguo is, along with how handsome her good friend's two brothers are, and how beautiful her good friend's mom is.

Seeing Kang Li at this moment, Luo Sichun felt her daughter's descriptions were spot-on; seeing Comrade Kang, she truly looks like a Fairy Girl.

Today, Kang Li dressed mainly for warmth and comfort.

A pure white knee-length down coat, fleece leggings paired with a fireworks-colored wool knee-length skirt, short boots on her feet, wearing a black beret, yet without a scarf or mask, so Luo Sichun could clearly see her appearance.

Plus, her unique charisma was accentuated. To be honest, Luo Sichun felt she dared not speak loudly, afraid of startling this beautiful lady.

Kang Li didn't linger long at Jhiang's home and took Ming Han with her when she left, but she did greet Sister Xuanxuan's mother, Luo Sichun, saying she was going to visit Elder Xi at the Xi Family's house.

At this point, the car had already arrived at the Xi Family's courtyard gate.

Kang Li got out of the car, opened the trunk, and took out two bottles of national liquor, a can of tea leaves, and a can of malt extract, placing them into two brown paper tote bags.

Ming Han reached out to take them.

"Let's go in."

After locking the trunk, Kang Li led Ming Han into the Xi Family's courtyard gate.

"Luo Minghan..."

This was the voice of Xi Chenyu's close second brother Xi Jingyu, around Ming Han's age, coincidentally attended the same middle school as Luo Minghan, competing for the top spot in the grade exams—and unfortunately, consistently came second to Ming Han.

One might say that ever since middle school started, Xi Jingyu felt like he'd been locked into second place in the grade.

Classmates jokingly called him "Perpetual Second."

Ming Han was momentarily at a loss for words.

Bun then said, "Second Brother, we must go; a person must not go back on their word."

Ming Han touched his nose and laughed awkwardly, saying, "Well, if I keep stopping you, Second Brother will be the bad guy. But you'll need Mom's permission to go, and how are you going?"

Guoguo: "Mom will drive us there."

"Has it been agreed?"

Ming Han asked Guoguo.

"I'll go ask my mom now." Guoguo started walking with short legs like a little penguin into the kitchen:  
"Mom, will you drive Fourth Brother, Fifth Brother, and me to Sister Xuanxuan's house?"

Kang Li was cooking when she heard her little daughter's sweet voice and immediately replied, "Of course, I will!" As for Sister Xuanxuan, Kang Li quite likes the little girl and naturally won't stop Guoguo from making friends with her.

Sister Xuanxuan called yesterday, inviting Guoguo and the Buns to her birthday celebration.

Guoguo answered the phone; the little girl didn't hesitate and agreed on behalf of the Buns.

Buns and Tangyuan didn't mind—they knew their sister wanted to go, and as brothers, they had nothing to do at home, so they'd accompany her. They couldn't just let their sister go alone to someone else's house—they wouldn't feel at ease.

In fact, due to being triplets, the Buns' bond is genuinely strong. They never fight over things, with the brothers yielding to their younger siblings, and the younger sibling offering courtesy to them.

Since they were born, the three have been almost inseparable.

Ming Han: "Mom, should I go with the Buns?"

"Won't you find it boring?"

Without waiting for Kang Li to instruct, after dishing up the cooked food, Ming Han insightfully picked up the dish to take outside the kitchen, responding, "No, I won't."

"Then you can go with them."

Kang Li realized Ming Han was concerned about the Buns encountering any incidents at someone else's house that the family wouldn't be able to know about promptly, hence he wanted to accompany them and ensure their safety.

Chapter 1533 Birthday Party at Jiang's House (Part 4)

However, in Kang Li's view, it wasn't really necessary.

Since little Xuanxuan invited the kids to her birthday party at home, her parents would naturally pay extra attention to the safety of all the children.

But since the second youngest in her family was worried about his younger siblings, as an open-minded mother, she didn't stop him.

...

At the Jhiang's home.

Xuanxuan invited about ten kids over to her house for her birthday party, but from the kindergarten class, only Guoguo, Bun and Tangyuan were invited, along with Xi Chenyu.

It wasn't because Xi Chenyu had a good relationship with her; it was because he heard Xuanxuan say she wanted to invite the three of them, so he proactively suggested he'd come to celebrate her birthday.

Such a straightforward offer, Xuanxuan couldn't refuse.

The reason?

After seeing the police officer dial the Jhiang's home for identity verification, Kang Li said goodbye to the officer. As she pulled open the car door, ready to get into the driver's seat, a familiar male voice floated into her ears.

Following the voice, Kang Li saw Jiang Boya get out of the car behind hers. She couldn't help but close the car door and walk toward Jiang Boya, "Dad, what are you doing here?"

"A week ago, Elder Xi had a minor surgery and got discharged yesterday. Your grandfather was quite restless at home, so I drove him over to pay a visit and to put him at ease."

After hearing Jiang Boya's words, Kang Li walked to the back window, greeted Jiang Hongfa, and smiled, "I'll drop Guoguo and the others off at the little friend's house in just a bit. Then I'll go see Elder Xi too." Coincidentally, she had a tin of tea and two bottles of national liquor, and two jars of malt extract in her car trunk.

The tea and national liquor were for Jiang Hongfa, the grandfather; she bought double portions when she bought them—one for the Jiang family old house and one to keep at home for her father.

As for the two jars of malt extract, one was for her mother and the other for the kids at home.

Later, when she would visit Elder Xi, not wanting to go empty-handed, she decided to use the tea and liquor for her grandfather and the malt extract for her mom and kids as the gifts for the visit.

"Are Bun and the others in the car?"

This was Jiang Hongfa's voice.

"Yes." Kang Li nodded and smiled, "Hanhan is also here. It's their good friend's birthday today, and they were invited to celebrate. Hanhan was worried about Bun and the others' safety, so he came along."

Jiang Hongfa said, "Then don't stand here blowing in the wind; get in the car quickly. We'll see each other at the Xi's house later."

"Okay."

Kang Li nodded and then turned her gaze to Jiang Boya, "Dad, get in the car too."

Jiang Boya acknowledged with a hum and got into the driver's seat.

Kang Li walked toward her car, and on the way, thanked the police officer while watching them dial the Xi family's phone. After the officer verified Jiang Boya's name and identity with no issues, she opened the car door, sat in the driver's seat, started the car, and drove into the large courtyard ahead.

"Mom, was someone familiar in the car behind us?"

Ming Han, holding Guoguo, was sitting in the front passenger seat. Out of curiosity, he asked Kang Li.

"Yes." Kang Li nodded and said, "It's your grandpa's car. He brought your great-grandfather here to visit an elderly person."

"Mom, mom, why didn't you let me, Second Brother, and Fourth and Fifth Brothers say hello to Grandpa and Great-grandpa?" Guoguo blinked her big glassy eyes, tilting her head to ask Kang Li.

"That was Mommy's oversight."

Kang Li admitted her mistake.

"It's okay, it's not Mommy's fault. I know Mommy didn't want us to catch a cold, so you didn't let us get out of the car." Guoguo, being a considerate little sweetheart, trying to comfort Kang Li worried she might feel guilty.

Kang Li was taken aback at first, then smiled and said, "Actually, Mommy didn't think that far; I truly just overlooked it!" The moment she saw father Jiang Boya, she was quite surprised, but she quickly realized why he was there—it was no surprise he was visiting the Xi family.

She really forgot to tell Ming Han and the three of them to get out and say hello.

So, whatever's right is right, and what's wrong is wrong; the facts are simply facts. She didn't need to make excuses for herself, even if it was a sweet little excuse offered by her little sweetheart—she couldn't set a bad example for the kids.

Later, she would just simply apologize to her father and grandfather.

Guoguo looked adorably cute, "Mom, when Guoguo sees Grandpa and Great-Grandpa, I can say sorry on your behalf, okay?"

"No need, Mommy will do it herself."

Kang Li responded gently.

Following the route given by the police officer, Kang Li drove all the way to the gate of the Jhiang's home.

"Brother Xi! Sister Xuanxuan!" Guoguo happily shouted as soon as she saw Xi Chenyu and Jhiang Xuanxuan from the car window. But then she quickly frowned, "It's so cold outside, and Brother Xi and Sister Xuanxuan are standing there waiting for us. Mom, will they catch a cold?"

"They've protected themselves well, so they should be fine." After stopping the car, Kang Li opened the door. Before she could speak, Xi Chenyu and Jhiang Xuanxuan came forward and greeted her, "Hello, Aunt Kang!"

The gift box was placed on top of Guoguo's large gift box by Tangyuan.

"This is my birthday gift for you, wishing you a happy birthday!"

Bun also presented his gift.

Kang Li and Ming Han smiled and watched from the side. At this moment, Ming Han stepped forward and said to Jhiang Xuanxuan, "Little Xuanxuan, do you need a big brother to help hold your gifts?" Although he was asking, Ming Han had already taken the three stacked gift boxes from the little girl's hands.

"Thank you, Brother!"

Jhiang Xuanxuan was a polite little girl.

"Sister Xuanxuan, this is my Second Brother."

Guoguo introduced Ming Han to Jhiang Xuanxuan.

"Hello, Second Brother, my name is Jhiang Xuanxuan. What's your name?"

Jhiang Xuanxuan lifted her small head, her big eyes filled with curiosity.

"Luo Minghan."

Ming Han introduced himself with a smile.

"Then I'll call you Brother Ming Han from now on. I already know Brother Min Rui; now I know four of Little Sister Guoguo's brothers." Xuanxuan said and then looked at Guoguo, "Little Sister Guoguo, you said you have five brothers and one sister. I'm just one brother and one sister away from knowing all of them."

Guoguo: "Right! You just haven't met my Third Sister and Brother Xiao En yet."

"It's cold outside. Xuanxuan, you should invite the guests inside."

Xi Chenyu reminded Xuanxuan with a serious face.

"Aunt Kang, Brother Ming Han, I apologize! Little Sister Guoguo, I apologize! Luo Mingting, Luo Mingchen, please come into my house, it's warm inside!"

Holding Guoguo's hand, Xuanxuan acted like a little adult, inviting Kang Li and Luo Minghan along with the three kids to enter the courtyard. At that moment, Xuanxuan's mom came out from the living room, smiling as she greeted Kang Li, "Comrade Kang, please come in; it's warm inside!"

Xuanxuan's mom's last name is Luo, and her name is Sichun. She is a gentle yet enthusiastic woman.

She knew exactly which classmates her daughter Xuanxuan had invited to the house for her birthday celebration. So, upon seeing the three kids, it wasn't hard for her to guess Kang Li's identity.

## Chapter 1534

To his surprise, Xi Jingyu laughed even louder, "Ming Han, haha... I tricked you, didn't I? I'm not so petty as to fall out with a friend over something trivial!"

Hearing this, Ming Han rolled his eyes at Xi Jingyu.

"By the way, you and Aunt Kang came to my house today, surely you didn't specifically come to see my grandpa, right?"

"Just passing by."

"Huh? What do you mean by that?"

"My younger brother and sister's good friend lives in your compound. She's having a birthday today and invited them to the party. I wasn't sure about it, so I came along."

"Isn't your sister Ming Wei? Who is she friends with in our compound?"

Xi Jingyu's eyes were filled with curiosity.

"I don't just have one sister." Ming Han raised an eyebrow and said, "Surely you don't think I only have two brothers and a little sister, right?"

Before Xi Jingyu could respond, Ming Han continued, "Do you even know which one is your brother's good friend in kindergarten? Or, before today, did you know my mom?"

"This is my first time meeting Aunt."

Xi Jingyu said, "But I've heard classmates at school mention that you, Ming Han, have a fairy-like mom."

"My mom has been to your house." Ming Han leaned back in his chair and said casually, "The day your brother invited my two brothers and little sister to your house to read, it was my mom who drove them to your compound."

"Guoguo? Your little sister's name is Guoguo, right? And your two brothers, one is called Bun and the other Tangyuan, right?" Xi Jingyu suddenly recalled he had been hearing the names Guoguo, Bun, and Tangyuan at home quite often lately and asked Ming Han.

"Yeah."

Ming Han nodded and then smiled, "You must've heard it from your brother." He said it in a matter-of-fact tone.

"My brother is quite the little ice cube and doesn't talk much. He's never brought it up on his own. Every time it's my grandpa asking him, and back and forth, they always mention Bun, Tangyuan, and Guoguo."

Speaking of this, Xi Jingyu chuckled and added, "Your brothers and little sister have such cute nicknames. If I'm not mistaken, Aunt must have given them those names, right?"

"Yes."

Ming Han nodded.

Xi Jingyu: "Are your two brothers and little sister really very clever?"

Ming Han: "What do you mean by that?"

Xi Jingyu: "Don't get me wrong, it's like this. My little brother, among the kids in our compound, is quite the genius. But my grandpa says his smarts don't match up to Bun, Tangyuan, and Little Sister Guoguo."

After hearing what Xi Jingyu said, Ming Han responded with an "Oh," and then said, "Our Bun, Tangyuan, and Guoguo are pretty smart, but I'm not sure if their cleverness surpasses your little brother's."

Xi Jingyu: "I trust what my grandpa says."

Ming Han: "You're quite the unreliable brother! Even though you're siding with my brothers and sister, thinking they might be smarter than your brother, blood is thicker than water. You're the brother; you can't just dampen your own kin's self-esteem."

"What are you talking about?!" Xi Jingyu waved his hand, "My little brother wouldn't care about that. You don't know him. Every time my grandpa praises your siblings' cleverness, my brother nods in agreement!"

The Jhiang's home.

"Xuanxuan, where are you and Little Yu taking your siblings?"

For Jhiang Xuanyuan's birthday celebration, Old Master Jhiang specifically invited a chef from a state-owned restaurant to the house to cook. Just as the meal was about to be served, Luo Sichun casually noticed her daughter and Xi family's little grandson, with Bun in tow, heading out the living room door, prompting her to quickly walk over and ask her daughter Xuanxuan.

"We're going to visit Grandpa Xi. Mom, we'll be back soon!"

Jhiang Xuanyuan blinked, hoping Luo Sichun would agree to let the five little friends go out.

"Dinner's about ready, and the cake has just been delivered home. Is it appropriate for you and Little Yu to leave with your siblings to Little Yu's house and ignore the other kids here to celebrate your birthday?"

Luo Sichun said softly and saw her daughter lower her head, pursing her lips in silence. She smiled, ready to say more, when suddenly Guoguo's sweet voice piped up: "Sister Xuanxuan, we can go visit Brother Xi's house to see Grandpa Xi after your birthday celebration. Otherwise, it wouldn't be polite to the other young guests you invited."

Xuanxuan looked up at Guoguo, "So we'll go to Xi Chenyu's house later?"

Chapter 1535

"Mm, going in a bit."

Guoguo's brows curved, and she nodded her little head with a smile.

"Alright, Xuan Xuan, you and Little Yu take your siblings and the other kids to wash their hands. Mommy will check the kitchen," Luo Sichun thought Guoguo was really sensible. Ever since seeing Guoguo, Bun, and Tangyuan, she'd taken a liking to the three little ones.

Not only because the three kids are cute, but mainly because these adorable three are especially polite and sensible.

Though they're so small, they each act like little adults, speaking warmly and considerately.

Not sure how Comrade Kang and her partner did it, giving birth to such exquisite, adorable, intelligent, and sensible triplets!

...

Since today's guests are all children, the chef invited by Jhiang's home prepared dishes suitable for kids.

The eight dishes were a feast for the senses.

The children celebrating Xuan Xuan's birthday enjoyed the food immensely.

When Luo Sichun brought the cake to the table, everyone smiled and clapped along as they sang the birthday song to Xuan Xuan.

Xuan Xuan was thrilled, and as the song ended, she blew out the candles and gave the first slice of cake to Guoguo.

"Thank you, Sister Xuanxuan!"

Guoguo accepted the slice of cake from Xuan Xuan, her delicate face beaming with a bright smile, her large eyes sparkling as if they could speak.

"You should taste it and see if it's good."

Xuan Xuan loved seeing Guoguo smile; she thought her little sister's smile was like a little sun that warmed her heart.

"It's delicious."

Guoguo took a small bite and gave Xuan Xuan an affirmative reply.

Xuan Xuan: "Then make sure to eat more!"

Guoguo: "Okay."

After cutting slices for each child, Xuan Xuan picked up her own piece and ate happily. About half an hour later, today's birthday celebration was wrapped up.

Around two in the afternoon, the children who came for Xuan Xuan's birthday started to leave with their families, leaving only Bun, the three little ones, Xi Chenyu, and Xuan Xuan at Jhiang's home.

"Mom..."

It was Xuan Xuan's voice.

"I know, I know, mommy will take you all there now." Luo Sichun shook her head with affection, went to her room to put on her coat and scarf, and returned to the living room quickly to say to the five cute treasures, "Let's go."

Bun, the three, Xi Chenyu, and Xuan Xuan were all bundled up, with only their eyes visible.

The five little ones left Jhiang's living room; before they left, Bun, the three were polite enough to say goodbye to the others at Jhiang's home.

Of course, Xi Chenyu was also a very polite and sensible child, naturally saying farewell to the Jhiang Family as well.

"Walk slowly, be careful not to fall!"

Luo Sichun walked behind them, her voice filled with amusement.

"Got it, Aunt Luo, we'll be careful!"

Guoguo replied in a cute voice.

"Got it, mommy, I'll hold Guoguo's sister's hand and won't let her fall." Xuan Xuan held onto Guoguo's little hand, not turning her head, answered Luo Sichun, then said to Guoguo, "Little Sister Guoguo, let's walk slowly so we won't fall!"

Guoguo nodded: "Mm, Sister Xuanxuan is right!"

Bun held Tangyuan's hand, walking behind Guoguo and Xuan Xuan, while Xi Chenyu walked beside Guoguo. He indeed wanted to hold Guoguo's hand, but with Bun and Tangyuan right behind them...

If he dared to hold her hand, Tangyuan would definitely cause trouble.

Bun would keep a keen eye on him until he felt uneasy, overly conscious, and only then would Bun look away.

Xi Chenyu didn't understand why Bun and Tangyuan didn't like him holding Guoguo's hand or even talking to her.

"Xiao Luo, where are you off to?"

"Taking the kids out for a walk."

"Why are there five kids? Looking at the height of these three, they don't seem to be your Xuan Xuan's classmates. Whose children are they?"

"Grandma Wang, this is Xi Chenyu, and these three are my good friends from kindergarten!"

Including Xuan Xuan, all five cute treasures wore masks; even familiar faces might not easily recognize them. Upon hearing Xuan Xuan's introduction, Grandma Wang, a woman around sixty, looked at Xi Chenyu with a smile and said, "I thought the child looked familiar. Turns out it's the grandson of the Old Xi Family."

Xi Chenyu: "Hello, Grandma Wang." Greeted her, then turned his gaze to Guoguo and said, "Let me hold your hand."

## Chapter 1536

Just like usual, before Guoguo could respond, Tangyuan said, "Xi Chenyu, my sister doesn't need you to hold her."

Bun was holding Tangyuan's hand and walked over to Xi Chenyu and Guoguo, directly took Guoguo's hand. Seeing this, Tangyuan glanced at Xi Chenyu: "You go your own way, my sister's got my fourth brother holding her hand."

"This kid is really interesting!"

Wang Yuqin, or Grandma Wang as Xuanxuan calls her, looked at Tangyuan amusingly and asked, "Whose child are you?"

"I'm my dad and mom's child."

Tangyuan wasn't shy at all.

"Auntie, these three kids are siblings, they're not from our compound, they're good friends Xuanxuan met in kindergarten." Luo Sichun smiled and explained to Wang Yuqin about Tangyuan.

Just then, another woman who had been silent next to Wang Yuqin suddenly walked up to Guoguo. Without saying a word, she took off Guoguo's mask: "Turns out it's you, you little girl!"

No wonder she thought the little girl's eyes looked familiar, now that the mask was off, it turned out the little girl was indeed the child she had in mind.

"Aunt Fang, what are you doing?" Seeing Guoguo startled, Luo Sichun's face changed with obvious displeasure: "Can't you speak properly without snatching a child's mask in silence?"

Indeed, the woman who removed Guoguo's mask, referred to as Aunt Fang by Luo Sichun, was none other than the Feng family matriarch, Fang Su.

She had a good relationship with Wang Yuqin; both were idle and planning to visit another woman friend's house but ran into Luo Sichun with her big family on the way.

While Wang Yuqin and Luo Sichun were talking, Fang Su's gaze was fixed on Guoguo. More accurately, her attention was locked onto Guoguo's eyes, not blinking for a while.

She thought Guoguo's eyes looked familiar and tried hard to recall where she had seen those familiar eyes, resulting in her earlier actions to verify her guess.

"Little girl, where is your dad Jiang Boya?"

Fang Su seemed not to hear Luo Sichun; she approached Guoguo, crouched down, and looked steadily at her: "If you tell me where your dad Jiang Boya is, I'll give you candy." She took out two White Rabbits from her pocket to show Guoguo.

"My sister doesn't eat candy!"

Bun glared coldly at Fang Su, then positioned his sister behind him, adjusted her scarf to cover her face, protecting her from the wind.

He didn't go for the mask Fang Su had grabbed in her hand.

"Sister? Don't tell me you're also Jiang Boya's child?"

Fang Su's face was dark as ink; if her gaze could turn to knives, Bun would surely have several holes by now.

"Grandma, who are you? You're very rude, suddenly taking off my sister's mask and talking nonsense to her and my fourth brother. Are you sick in the head? If you truly are sick, go see a doctor quickly, or else your condition will get worse!"

"Lunch will start soon, and the cake has been delivered to the house; you and Little Yu should bring your siblings to Little Yu's house and not leave the other kids celebrating your birthday behind. Is that appropriate?"

Luo Sichun spoke softly, seeing her daughter with her head down and lips pressed, silent. She smiled, ready to say more when Guoguo's childish voice chimed: "Sister Xuanxuan, we can go visit Grandpa Xi after celebrating your birthday. Otherwise, it's disrespectful to the other boys and girls invited to your party."

Xuanxuan lifted her head to look at Guoguo: "Then should we go to Xi Chenyu's house later?"

"Yes, later."

Guoguo's eyes sparkled, nodding her small head with a smile.

"Alright, Xuanxuan, you and Little Yu take the siblings along and remind the other kids to wash hands. Mom will check the kitchen." Luo Sichun thought Guoguo was very sensible. Ever since meeting Guoguo, Bun, and Tangyuan, she liked the trio.

It's not just because the three kids are good-looking, but mainly because these adorable children are also courteous and sensible.

They're all small but each behaves like a little adult, speaking warmly and considerately.

Who knows how Comrade Kang and her spouse managed to have such refined, lovable, intelligent, and well-behaved triplets!

...

As today's guests were all children, the chef hired by Jiang's home made dishes suitable for kids.

Chapter 1537: Birthday Celebration (Part 4)

Eight dishes, perfect in color, aroma, and taste.

The children who came to celebrate Xuanxuan's birthday ate very happily.

When Luo Sichun brought the cake to the table, everyone smiled, clapped their hands, and sang a birthday blessing song to Xuanxuan.

Xuanxuan was extremely happy. As the song ended, she blew out the candles and gave the first slice of cake to Guoguo.

"Thank you, Sister Xuanxuan!"

Guoguo took the slice of cake Xuanxuan cut for her, her exquisite little face bright with a smile, and her big eyes sparkling, almost as if they could speak.

"Quick, try and see if it's good."

Xuanxuan loved watching Guoguo smile, as she felt her Little Sister Guoguo's smile was like a small sun, warming her heart.

"It's good."

Guoguo took a small bite and gave Xuanxuan a positive answer.

Xuanxuan: "Then you should eat more!"

Guoguo: "Alright."

Unexpectedly, Xi Jingyu laughed even louder: "Luo Ming Han, haha... Did I trick you? I'm not the petty type to fall out with friends over small things!"

Upon hearing this, Ming Han rolled his eyes at Xi Jingyu.

"By the way, you and Aunt Kang came to my house today, wasn't it just to see my grandpa?"

"Passing by."

"Huh? What does that mean?"

"My siblings' good friend is from your compound. She has a birthday today and invited my siblings to her birthday party. I was worried, so I came along."

"Your sister is Luo Mingwei, right? Which one in our compound is her friend?"

Xi Jingyu's eyes were full of curiosity.

"I don't just have one sister." said Ming Han, raising an eyebrow. "You can't possibly not know I have two brothers and one little sister, can you?"

Before Xi Jingyu could respond, Luo Minghan said again: "Then do you know who your brother's best friend in kindergarten is? Or did you know my mom before today?"

"This is my first time meeting Aunt."

Xi Jingyu said: "But I've heard classmates talk at school before, saying you, Luo Ming Han, have a fairy mother."

"My mom has been to your house." Ming Han casually said while leaning on the chair back: "That day your brother invited my two brothers and little sister to your house to read, and it was my mom who drove them to your compound."

"Guoguo? Your little sister is called Guoguo, right? And your two brothers, one's named Bun and the other Tangyuan, isn't it?" Xi Jingyu suddenly remembered he had heard the names Guoguo, Bun, and Tangyuan quite a bit at home lately, and asked Ming Han.

"Mm."

Ming Han nodded, then smiled and said: "Heard from your brother's mouth, I suppose." He used a declarative tone.

"My brother's just a little ice cube and talks very little. He never brings it up himself; it's always my grandpa asking, and they repeatedly mention Bun, Tangyuan, and Guoguo."

At this, Xi Jingyu laughed and said: "Your brothers and little sister's nicknames are really cute. I bet these were given by Aunt, right?"

"Mm."

Ming Han nodded.

Xi Jingyu: "Are your two brothers and little sister really smart?"

Ming Han: "What do you mean?"

Xi Jingyu: "Don't misunderstand, this is how it is: take my little brother, for example. He's considered a genius among the kids in our compound, but grandpa says his brain doesn't compare to Bun, Tangyuan, and Little Sister Guoguo."

After listening to what Xi Jingyu said, Ming Han made an "oh" sound and then said: "Our Bun, Tangyuan, and Guoguo are very smart, but whether their smarts are better than your little brother's, I don't know."

Xi Jingyu: "I believe what my grandpa says."

Ming Han: "You're not doing your job as an older brother well! Even though you're supporting my siblings saying they're smarter than your little brother, a biological brother is still family. You should not let others' ambitions overshadow your own family."

"What are you talking about?!" Xi Jingyu waved his hand: "My little brother doesn't care about those things, you don't know. Every time my grandpa says your siblings are smart, my little brother always nods in agreement!"

Jhiang's home.

"Xuanxuan, where are you and Little Yu taking your siblings now?"

To celebrate Xuanxuan's birthday, Old Master Jhiang specially invited a chef from the state-run restaurant to cook at home. Now that the food is about to be served, Luo Sichun unintentionally saw her daughter and the little grandson from the Xi Family taking the triplet Bun siblings toward the living room door, so she quickly walked over to ask her daughter Xuanxuan.

"We're going to see Grandpa Xi. Mom, we'll be back soon!"

Xuanxuan blinked her eyes, hoping Luo Sichun would let the five little companions go out.

"It's almost time to eat, and the cake has also been delivered home. You and Little Yu taking your siblings to Little Yu's home now, leaving the other children celebrating your birthday behind, is that appropriate?"

Luo Sichun spoke softly, seeing her daughter lower her head, pursing her lips without speaking, she smiled, ready to say something else, but unexpectedly Guoguo's soft voice piped up: "Sister Xuanxuan, we can go to Brother Xi's house to see Grandpa Xi after celebrating your birthday, otherwise it's not very polite to the other boys and girls invited to your birthday party."

Xuanxuan raised her head to look at Guoguo: "Then we'll go to Xi Chenyu's house later?"

"Mm, we'll go later."

Guoguo's eyes curved as she nodded with a smile.

"Alright, Xuanxuan, you and Little Yu take your siblings and invite the other children to wash their hands, while Mom goes to the kitchen to have a look." Luo Sichun thought Guoguo was so considerate. Ever since seeing Guoguo, Bun, and Tangyuan, she liked the three little ones.

Not only because the three children looked good, but mainly because these lovely three were also very polite and very sensible.

Clearly they're so small, yet each one of them acts like little adults, speaking in a warm and caring manner.

No one knows how Comrade Kang and her spouse gave birth to such exquisite, adorable, smart, and sensible triplets!

...

Since today's guests are all children, the chef invited by Jhiang's home cooked dishes that are undoubtedly all suitable for kids to eat.

Eight dishes, perfect in color, aroma, and taste.

The children who came to celebrate Xuanxuan's birthday ate very happily.

When Luo Sichun brought the cake to the table, everyone smiled, clapped their hands, and sang a birthday blessing song to Xuanxuan.

Xuanxuan was extremely happy. As the song ended, she blew out the candles and gave the first slice of cake to Guoguo.

"Thank you, Sister Xuanxuan!"

Guoguo took the slice of cake Xuanxuan cut for her, her exquisite little face bright with a smile, and her big eyes sparkling, almost as if they could speak.

"Quick, try and see if it's good."

Xuanxuan loved watching Guoguo smile, as she felt her little sister Guoguo's smile was like a small sun, warming her heart.

"It's good."

Guoguo took a small bite and gave Xuanxuan a positive answer.

Xuanxuan: "Then you should eat more!"

Guoguo: "Alright."

After cutting cake for each of the children, Xuanxuan also picked up a slice happily eating. About half an hour later, today's birthday celebration was considered over.

Chapter 1538

Seeing Jiang Boya start the car and prepare to leave, Fang Su rushed forward to grab the car door handle.

At this moment, Old Master Feng was pushed over by the caregiver, Xiao Li, his face darkened as he angrily shouted, "Enough! If you want to go crazy, do it at home, don't embarrass yourself here!"

Fang Su heard Old Master Feng's voice and seemed to be instantly frozen in place, as if she had been bewitched.

"Uncle Feng."

Xi Guobang greeted Old Master Feng.

Out of politeness, Xu Dan also addressed Old Master Feng, and Xi Jingyu and Xi Chenyu, the younger ones, did the same out of courtesy. Then, Xi Guobang said, "Uncle Feng, why not come to my house for a visit?"

"Maybe some other day."

Old Master Feng said, signaling Xiao Li to push him back home, reminding Fang Su as he left, "Standing still? Do you think you haven't embarrassed yourself enough?"

His cold, anger-laden voice snapped Fang Su back to reality, and she instantly recalled what she had said and done previously, causing her face to turn ashen. Without waiting for Old Master Feng to prompt her further, she walked quickly towards the direction of the Feng family, head lowered.

Xi Family living room.

"What happened?"

Old Master Xi, still in recovery, didn't go out to see Jiang Hongfa and company off. Seeing Xi Guobang and his wife enter the living room, he couldn't help but ask.

Although there's a distance between the yard gate and the living room, Old Master Xi's hearing is quite good, and he vaguely heard the sound of a woman going crazy.

"Uncle Jiang and Brother Boya got blocked by someone at our yard gate."

Through this simple sentence from Xi Guobang, Old Master Xi immediately understood his meaning, which was nothing more than Fang Su not believing what she heard earlier, thus coming to the Xi family's door seeking confirmation from Jiang Boya.

Speaking of which, Jiang Boya and Kang Li, along with Bun, returned to the Xi family. Seeing their unpleasant expressions, Jiang Hongfa casually asked what had happened, and thinking there was no need to hide it, Jiang Boya recounted the incident with Fang Su.

Jiang Hongfa's face naturally became unsightly upon hearing.

Old Master Xi merely felt that Fang Su was too shameless and indecent.

Even if she had a past relationship with Jiang Boya, that time has long passed, and Fang Su has married someone else for many years, living her own life. Why must she bring up the past?

Doesn't she care at all about her current husband's face and feelings?

Not to mention, Fang Su abandoned her own daughter, Kang Li, right after she was born. What right does she have to stand in front of Jiang Boya and confirm Kang Li's identity now?

Alright then, regarding Kang Li's background, Old Master Xi learned it from Jiang Hongfa, after all, the two hadn't seen each other for years as old friends, and this meeting naturally led to chatting about what had happened over the years.

Undoubtedly, Jiang Hongfa casually revealed during their chat that Kang Li was the child Jiang Boya left overseas before, born from his affair with Fang Su, and later learned Kang Li was abandoned by Fang Su immediately after birth, but was kindly picked up by adoptive parents who took her in as their own beloved daughter.

Therefore, although Old Master Xi doesn't claim to know the details of Fang Su's past actions, just from what Jiang Hongfa told him, he had no good impression of Fang Su.

"Where's her dignity?"

Old Master Xi frowned, "I think I heard Xiao Feng's voice." Needless to say, Old Master Xi's reference to Xiao Feng was directed at Old Master Feng.

One, Old Master Xi was older than Old Master Feng, and secondly, Old Master Xi's status was higher than Old Master Feng.

It's usual to call him Xiao Feng.

"Uncle Feng probably heard about it and rushed over to our place, also thankfully Uncle Feng scolded her, otherwise Brother Boya might have found it very difficult to get away."

Xi Guobang's tone revealed no emotion, at this moment, Xu Dan said, "Lili is nothing like her, I must say, someone like her isn't worthy of giving birth to Lili."

After a brief pause, Xu Dan added, "Several years ago, I heard quite a lot of gossip about her in the compound, I didn't have any good impression of her then, didn't think she was worthy of being a mother, but today, she really opened my eyes, her shamelessness is akin to a city wall."

Seeing all family members listening attentively, Xu Dan coughed softly twice and revealed the incident of Feng Yi being driven out by Fang Su, then she sneered:

"Being a stepmother is difficult, but she treated her biological son as if he were nothing, while she cherished the kids from her husband's previous marriage as if she couldn't wait to worship them.

If I were that child, I wouldn't return once I left, even if I had to eat bran and swallow vegetables outside, I wouldn't go back to that kind of heartless home."

## Chapter 1539

"Mom, didn't their family go out to look for someone?"

Xi Jingyu asked.

"They just looked for a day, just for show for the people in our courtyard!" Xu Dan thought of the gossip about Fang Su, a hint of disdain in her expression, she said, "She probably wants to gain some advantage from Uncle Jiang's family now, maybe even thinking about becoming Mrs. Jiang, that's why there's such a big commotion today."

Xi Guobang: "Don't talk nonsense."

Xu Dan: "Am I talking nonsense? It's not hard to see from her actions today. Besides, people like her are never satisfied with mediocrity. Uncle Feng has stepped down, she's lost her former glory, can she really stay at the Feng family peacefully? Moreover, not only does Big Brother Jiang look young, but the key is he's rich. In the future, she's probably scheming to cause trouble for Big Brother Kang and Lili!"

"Even if she wants to cause trouble, it depends on whether Big Brother Kang and Comrade Kang take the bait or not." Xi Guobang said, asking Elder Xi, "Dad, what do you think?"

"A woman who doesn't know her place, what kind of storm can she stir up!?"

Elder Xi's face was calm, he said lightly, "Forget about how capable your Uncle Jiang is, just your Brother Boya isn't simple. Otherwise, he wouldn't have built a huge Jiang Corporation abroad, and in just a few years, achieved remarkable results domestically too. Facing someone as capable as him,

if she dares to recklessly cause trouble, the one who'll suffer is definitely herself! Besides, don't think of Lili as just cute and gentle, a university professor full of academic air, in reality, she's quite formidable too!"

Xi Jingyu was full of curiosity: "Grandpa, keep talking, how is Aunt Kang formidable?"

"Kids shouldn't meddle in adult affairs."

Xi Guobang slapped his son on the back of the head: "Go to your room and study, you're in middle school now, always coming in second in exams, how impressive!"

"Dad! You hit people, not faces, and you shouldn't expose people's shortcomings, you'll lose me as your son this way!"

Clutching his chest dramatically, Xi Jingyu felt hurt by his father's criticism, he said with a frustrated face, "I've been studying hard, but Luo Minghan is just an oddball, always beating me in exams. I'm already upset, and now you comment on it, Dad, I feel so miserable!"

Xi Guobang raised an eyebrow: "The kid who came to our house today with Aunt Kang is your grade's first place?"

"Yeah, it's him, his name is Luo Minghan. He doesn't seem particularly studious normally, but he always scores first in exams. I've made friends with him today, I plan to infiltrate the enemy camp to learn his secrets up close. Once I discover his secrets, haha, watch me snatch that top spot!"

Xi Jingyu grew more excited as he spoke, but then noticed his almost six-year-old brother giving him a look like he was an idiot. Instantly, Xi Jingyu glared, "Xi Chenyu! What do you mean by that look you just gave me?"

"Dumb!"

With a single word, Xi Chenyu directed his gaze at his second brother.

"You... you little brat, you've gone too far!"

Xi Jingyu grinded his teeth in anger.

"Childish!"

Xi Chenyu gifted his foolish second brother two more words.

"You little brat, how am I childish? At school, I am quite aloof!" Lifting his chin, Xi Jingyu wore a proud expression: "As I walk through our school, no one doesn't praise my steadiness and restraint, my full-on aloof style."

Unexpectedly, Xi Chenyu continued with the same two words, "Childish!"

"Fine, I'm childish, I'm dumb, you're very smart, but are you as smart as Little Sister Guoguo? Or as smart as Bun and Tangyuan?" Come on, let's hurt each other!

Xi Jingyu's expression carried a hint of triumph.

Elder Xi and Xi Guobang and his wife watched the playful banter between Xi Jingyu and Xi Chenyu with amusement and helplessness.

This scene was rare at home. Finding it finally appeared, the three of them found it quite entertaining, and no one intended to intervene.

"I'm not as smart as Little Sister Guoguo and the two brothers Bun and Tangyuan, but I'll work hard to become excellent enough, I won't be jealous or act petty just because the brothers Bun, Tangyuan, and Little Sister Guoguo are smart!"

Hearing Xi Chenyu's words, especially the latter part, Xi Jingyu felt a sense of implication.

Jealous?

Act petty?

The little brat was accusing him of being jealous of Luo Minghan, of being petty, this... this was too much! Xi Jingyu took a deep breath, shook his fist in front of Xi Chenyu, and said clearly, "You little brat, listen up, when I said 'infiltrate the enemy camp,' it was just a metaphor, and about spying on my enemy's secrets,

Chapter 1540

It's just an example. I'm not a petty person who uses dishonest methods to compete with classmates in school. Also, listen carefully, I'm genuinely friends with Luo Minghan, not pretending! I'm not jealous that Luo Minghan is smarter than me, understand?

Xi Chenyu heard this and responded with a simple "Oh" without any expression.

Xi Jingyu's eyes widened.

That's it?

After he said so much, the little kid in front of him just responded with an "Oh." Is this really how you bully people?

"Grandpa! Dad! Mom! Are you just going to watch while Xi Chenyu bullies me, the second brother?"

Xi Jingyu had a distressed expression, looking pitiful as if he'd suffered a great injustice.

Rolling his eyes, Xi Guobang and Elder Xi gave Xi Jingyu two words: "Impressive!"

Xu Dan laughed out loud: "Xi Jingyu, with you like this, still boast about being steady and reserved, full of coolness. I think you're the treasure of our family, haha..."

If Ming Han heard Xu Dan say this, he would definitely put his arm around Xi Jingyu's shoulder, saying, "We sure are good friends and brothers," both being treasures of the family.

"Mom~"

Xi Jingyu's face was hot.

"Oh my, he's starting to act spoiled!" Xu Dan laughed again, she said to Xi Chenyu: "Little Yu, in the future, let your second brother have his way, or else Mom will think I gave birth to a second sister instead!"

Xi Jingyu felt embarrassed when he heard this, he huffed and said: "Mom, go ahead and tease me, look at how happy it makes Grandpa and Dad. I'm going upstairs to read, laugh all you want!"

Before going up the stairs, Xi Jingyu glanced at his brother: "Xi Chenyu, I am your second brother, remember, not the second sister Mom was talking about!"

"..."

Xi Chenyu met Xi Jingyu's gaze, his eyes looking as if they were seeing an idiot again. Seeing this, Xi Jingyu was so angry he lost his temper, taking a deep breath to prevent his anger from causing him to speak carelessly, resulting in getting completely defeated by his genius brother again!

After adjusting his breath, he tossed his head, looking prideful from behind, as he "thump thump thump" went upstairs to the second floor.

Feng family.

Since Old Master Feng's leg stopped working, his study and bedroom were moved to the first floor. At this moment, he was in the study, his face dark, staring at Fang Su for a while before speaking: "Tell me, what's going on?"

Fang Su became tense upon entering the study, not daring to meet Old Master Feng's gaze.

"Look at me when you speak."

Old Master Feng's voice was authoritative without being angry, making Fang Su have to shift her gaze toward him.

"What do you want me to say?"

Fang Su feigned ignorance.

"Do you think I called you back without knowing anything?" Old Master Feng tried his best to suppress his anger. He was saving face for Fang Su, hoping she would tell him everything on her own.

However, Fang Su did not appreciate it: "If you know, why ask me? Or are you trying to humiliate me?"

"Are you despising me now?"

Old Master Feng's face slowly changed, he said: "You think because my leg can't move, and I've stepped down, you can't be the glorious Madam Feng anymore, you want to abandon me, chase after that Mr. Jiang, and maybe reconnect with him to be the glorious Mrs. Jiang, is that right?"

When her motives were exposed, Fang Su's face was a bit embarrassed, but she didn't say anything, which in Old Master Feng's eyes, was passive acceptance, agreeing that he was right.

Suppressing his anger, Old Master Feng tried to make his tone sound calm, he said: "You sure have plans, but do you think Mr. Jiang will give you this chance? Or do you truly believe I am entirely ignorant of your past?"

"W-what do you mean?"

Fang Su's eyes widened, her whole body tense, she stared straight at Old Master Feng, especially worried he knew her secret.

Because if he truly knew, it would prove he was aware she lied back then.

"I saved you by the river, it was an accident, but what you told me... was a mix of truth and lies. However, since I decided to marry you, naturally I wouldn't care about these.

Even later when you suddenly recognized a daughter and made up that story for me, I didn't mind much. You could say over the years I've been tolerant enough, never expecting you'd show me no face, in our big courtyard, you completely humiliate me, are you treating me as if I'm dead?"
