

Weak B 17

Chapter 17: Do I Seem Foolish and Naive?

Her sister, reborn, snatched the marriage right from under her, but instead of seeking to turn the tables, she came to the Great Northwest, to Aoli Village to do farming and, like a copycat, picked up a hoe to dig at her wall.

She really has some nerve!

Since she likes Zhou Weimin, that scumbag so much, she can have him!

In the future, all I need to do is sit back and enjoy the show!

According to the original plot, Su Qing, the elder sister of the female lead Su Man, doesn't meet a good end.

After all, she's an important supporting character, with a much bigger role in the story than my "cannon fodder" character could compare to.

"Li Bao, you were just saying that off the cuff, weren't you?"

Xu Chunxia's voice snapped Kang Li back to reality and dragged her gaze back as well. At this moment, there were no other people around, just Kang Li and Xu Chunxia standing face to face.

“You must think I’m really stupid and naive.”

This wasn’t a question. Kang Li spoke in a declarative tone.

Xu Chunxia’s heart skipped a beat, but she feigned ignorance on her face, “Li Bao, why would you say that?”

“No need to pretend in front of me. The me from before was indeed so naive as to be almost foolish, I don’t deny that, only blaming myself for my poor judgment of people.

But listen well now, we’re no longer friends. Also, it’s fine that you like Zhou Weimin, and there’s nothing wrong with fancying someone else’s man, but you made a mistake by taking advantage of my kindness towards you, treating me like a fool, and setting your sights on my man.”

Kang Li said this deliberately, she wanted to make it clear to Xu Chunxia, to prevent her from continuing the charade while wearing a mask.

Pondering how to use her to achieve her own ends.

“Li Bao, have you misunderstood me or something?”

Xu Chunxia looked anxious and explained, "I am your good friend, how could I possibly..."

Raising her hand to stop the other party from continuing, Kang Li said with an indifferent expression, "I don't want to hear your explanations. I am merely telling you that our relationship is over."

Having said that, Kang Li turned around and walked towards her home.

Her silhouette was graceful, and she looked quite carefree as she moved.

"How did it come to this?"

Xu Chunxia stood there with a blank look, murmuring to herself. She couldn't understand why Kang Li had become so unfamiliar, as if she had suddenly become very smart, smart enough to notice her hidden thoughts, and without regard for their past friendship, she bluntly exposed her intentions in front of her, and so decisively cut off their relationship... what was she supposed to do now?

So alienated, nearly indifferent, was there something wrong with her eyes and instincts, or had Kang Li always been playing dumb to eat the tiger?

—

As she entered the courtyard, she was immediately greeted by her anxious mother approaching her. Puzzlement appeared in Kang Li's clear and bright fox-like eyes, "Mom, do you have some urgent business to attend to outside?"

Cai Xiufen grabbed her daughter's hand and gave Kang Li a thorough once-over, then asked, "That bastard from the Zhou Family didn't bully you, did he?"

Upon hearing this, Kang Li felt a warmth in her heart, "Mom, I am the daughter of the Team Leader and the Women's Federation Director, even if he had ten times the courage, he wouldn't dare lay a finger on me."

"You're not covering for that bastard, are you?"

Cai Xiufen was skeptical, "Our family has no relations with that bastard anymore, Mom knows you are soft-hearted, but no matter how soft-hearted we are, we also need to choose who deserves it."

Hooking her arm through her mother's, Kang Li said in a tender voice, "I know all that Mom said, I am not foolish, why would I cover for a dog of a man who broke off our engagement? Rest assured, Mom, I see things clearly, from today onwards, your Li Bao and that Zhou Weimin will be nothing more than strangers to each other."

He was just a man unfaithful in love, even if offered to her on a platter, she wouldn't deign to want him!
