Chapter 7: Chapter 7 Kang Li: Never fight battles without confidence Chapter 7: Chapter 7 Kang Li: Never fight battles without confidence Before she could finish speaking, Cai Xiufen turned her head and spat repeatedly on the ground...

after several more remarks, she turned her head back and gently patted her daughter's arm, saying, "Making up nonsense! If you won't have kids, you won't — why talk about dying? Listen well, if anything happens to you, your mom won't go on living either!"

Kang Li was visibly moved, "Mom..." Truly, she was a good mother!

"My daughter is so good, she's definitely going to live a long, hundred-year life!"

Her Li Bao was very well-behaved, and she would never allow anything to happen to her little cotton jacket!

"Alright, I won't speak such inauspicious words anymore, but Mom, think about what Dad said, those three kids of Comrade Luo, in the future I'll take good care of them,

and since they'll spend more time with me than with Comrade Luo, as long as I treat them sincerely, over time, they'll definitely feel my affection."

In case those three little brats get influenced by others and don't listen to her and grow up properly, at worst, she would have done her best and let them develop as they will. However, such a scenario, in her case, is destined not to happen.

Because she never fights battles without assurance!

"You've already said so much, what else can Mom say?!"

Kang's Mother shook her head helplessly, "But you should know, the reason I fought with your dad and didn't agree to you marrying that Comrade Luo is because I pity you, I don't want to see you suffer." She didn't want to see her become a stepmother as soon as she entered the door.

"I know, I know... I know it's because you pity me that you argued with Dad. Mom, you're the best, you're the best mom in the world, I love you so much!"

Snuggling into her mother's arms, Kang Li's voice was tender, entirely in the manner of a doting daughter, as she cooed at her mother.

"Just your sweet talk!"

Gently tapping Kang Li's nose, Kang's Mother looked at her with full affection, sighed lightly, and said, "Now that your marriage is set, Mom won't say anymore, but you must remember, if ever you feel slighted..."

Kang Li didn't let her mother finish, immediately responding, "Don't worry, Mom. I'll keep everything you said in mind and call you or Dad as soon as something bothers me, not keeping it to myself."

Though she said this, Kang Li didn't really take any displeasure to heart.

She said it just to reassure her mom.

After all, in Kang Li's past life, the phrase "feeling slighted" had never come into play.

Mother and daughter talked for a long while, and Kang's Mother left.

"Come out."

As the footsteps outside the room faded, Kang Li summoned the System through her sea of consciousness.

“Host, System is here.”

“You know about Bing Dwen Dwen, right? From now on, you’ll be called Dwen Dwen, and you should also change what you call me.”

A pie from the sky only exists in dreams, she wouldn’t bother about what this so-called System really was, but that didn’t stop it from keeping her company in this world.

“Okay, okay, I’ll listen to my big sister! From now on, I’ll call myself Dwen Dwen and address the host as big sister!”

System transformed into Bing Dwen Dwen’s appearance, happily spinning around.

Big Sister?

Kang Li felt slightly uneasy for a moment at the nickname “Big Sister,” but since she had a soft spot for cute things, she didn’t object to the System calling her “Big Sister.”

“Whatever you like.”

Clearly, by the words “whatever you like,” it was apparent that Queen Kang Li was being tsundere.

Dwen Dwen: “Big Sister, there’s a new member gift pack; do you want to draw it now?”

“Hmm.”

Following Kang Li’s response, a big wheel appeared in her mind.

Dwen Dwen: “Big Sister, I’m starting now!”

The wheel began to spin quickly.

Kang Li: “Stop.”
