Chapter 89 Cute Baby Weiwei is So Annoyed

~ Milk Bun Ming Han was asking Da Minghan in his mind, “Da Minghan, do you think Mom is deceiving me and my sister? Are there really bad people who can get into the courtyard?”

Da Minghan said, “That’s possible.”

Milk Bun Ming Han said, “Are the bad people very powerful? There are two uncles watching at the entrance of the courtyard, it would be difficult for bad people to come in!”

“Bad people don’t have labels on their faces, if they want to sneak in, they will definitely come up with various methods. You must remember what your mom said today, you shouldn’t run around the courtyard without adults, and you definitely shouldn’t run around when you’re out shopping with adults, otherwise, there’s a great possibility that bad people might kidnap you and sell you away.”

Da Minghan paused slightly, then Fang Xu said, “I have something I haven’t told you, do you want to hear it?”

Milk Bun Ming Han said, “Go ahead, I will listen carefully.”

“When I was five years old, bad people lured me away from my mom with toys, and they lured away my sister Vivi as well. Before Vivi and I could ask the adults around us for help, we knew nothing.

When I regained consciousness, I had been sold to a family in the mountains. That family... they didn’t allow me to go to school,

and made me work from dawn till dusk every day. Had I not followed other village kids and learned to read, I would have definitely become a complete fool.”

Milk Bun Ming Han said, “I realize my mistake now.”

Da Minghan said, “You should tell Mom you realize your mistake, not me.”

Milk Bun Ming Han said, “Oh.”

“You’re just trying to scare me, I won’t ask Granny Qi!”

Cute Baby Weiwei was determined to believe that Kang Li, the stepmother, was lying, and she crossed her arms and said in a babyish tone, “Go ahead, do you agree to let me and my second brother go to Sister Lulu’s place to play?”

“Mom, Hanhan realizes his mistake.”

Suddenly, Milk Bun Ming Han spoke up and walked up to Kang Li with his short little legs, “I’m sorry, mom, I won’t do that anymore!”

Kang Li pretended to be puzzled, “I didn’t quite understand.”

Milk Bun Ming Han said, "It means... it means I won't run around on my own anymore!"

"All right, I understand now. Considering this is your first time making such a mistake, I won't punish you for it, but if it happens again, next time I will punish you for this time's mistake together with the new one, okay!"

"I promise not to run around on my own, whether in the courtyard or outside, I won't run around on my own."

Listening to the conversation between Kang Li and Milk Bun Ming Han, Cute Baby Weiwei widened her eyes: So annoying! Why isn't second brother following her plan? He's apologizing, so what should she do?

Gently pinching Milk Bun Ming Han's cheeks, Kang Li smiled with her eyes, "Go play with your brother." After sending the little one away, Kang Li turned her gaze towards Cute Baby Weiwei, "Don't you think you were wrong, Weiwei?"

"I..."

Cute Baby Weiwei pursed her lips, with no further words.

"Weiwei, mom wasn't trying to scare us. If we run around on our own, bad people really can kidnap us!"

After walking a few steps away, Milk Bun Ming Han suddenly turned his head back and said to his sister Ming Wei.

“Coward, I’m not afraid of bad people at all, nah nah nah...”

Glaring at her brother Ming Han, Cute Baby Weiwei made a face.

“Weiwei, are you sure you’re not afraid of bad people?”

Kang Li smiled and waved Milk Bun Ming Han into the room with a hand gesture, then turned back to Cute Baby Weiwei, “If that’s really the case, then consider my words unsaid! However, that would make me very sad, do you know why?”
