

Weak B 931

Chapter 931

Kang Yihong also felt awkward. He gently tugged on Yan Rou's sleeve, "My aunt is talking to you."

"I didn't mean to cry, but the tears in my eyes just wouldn't stop falling. I'm sorry... I'm sorry!" Yan Rou wanted to stop the tears, but it was beyond her control. Her voice choked, and with tears streaming down, she looked at Kang Li, repeatedly saying sorry.

"It's not..." Kang Li didn't know what to say. She rubbed her forehead, stood up, and said, "Have a seat."

Kang Yihong left the room for a moment, and shortly after, he brought another chair for Kang Li.

Seeing this, Kang Li sat down on that chair and once again invited Yan Rou to sit.

Then she said, "Educated Youth Yan, there's no need to apologize to me. After all, we just met and haven't even said a few words. There's nothing for you to be sorry for."

Yan Rou looked at Kang Li with tearful eyes, "Do you have something to ask me?"

Hearing this, Kang Li was momentarily stunned, then nodded, "Yes, I have a few things to ask you, but if you don't want to talk about it, that's okay too." She gestured for Kang Yihong to close the door, and then Kang Li's voice sounded again, "My nephew Yihong wants to marry you, you know that, right?"

Yan Rou nodded.

Kang Li: "But my family disagrees, you also know that, right?"

Yan Rou nodded again.

"Do you know why?" Kang Li asked.

"Because of the child in my belly."

Yan Rou answered bluntly, which left Kang Li frozen. Before she could continue asking, Yan Rou went on: "Kang Yihong just wants to help me. He has nothing to do with the child in my belly. I know... I know it wouldn't be fair to him if he marries me. I wanted to refuse, but I... but I want to see my father again..."

Hearing this, Kang Li couldn't help but feel somewhat confused.

Kang Yihong's voice sounded at the right moment, "Aunt, Educated Youth Yan is someone I rescued from the mountain a few days ago. At that time, she was standing on a large rock, jumping to the ground repeatedly, trying to get rid of the child in her belly in that way, but she didn't succeed. Instead, she fell, hitting her head on a rock and fainting.

When I was carrying her down the mountain, she woke up, and then I asked her why she did it. She cried and told me what had happened to her..."

Kang Li: "So you decided to marry Educated Youth Yan and help her out of her predicament because you have feelings for her?"

Kang Yiyang: "Aunt, I..."

Yan Rou, not wanting Kang Yiyang to be troubled, said with a sob, "Don't blame Yiyang, it's all my fault. He knows that with my situation I can't go to the hospital, and I can't get rid of the child that way. Knowing that my belly would grow bigger day by day, Yiyang suggested we get married. I'm truly, truly sorry!"

"What's the situation between you and your partner?"

Hearing Kang Li's question, Yan Rou didn't intend to hide anything. She cried and said, "Not long after I was assigned to our village, I went to the town supply and marketing cooperative to buy toothpaste and was almost harassed by two hooligans. At that moment, a male comrade appeared and helped me. He chased away the two hooligans and sent me back to the Youth Educated Institute.

On the way, he told me his name was Wen Sihan, an educated youth from North City, assigned to the next brigade. Later... he came to see me once or twice, and we started dating... He originally said that once we both got into university, and when we went back to North City to see his family, we would get married. But I didn't do well in the exam because I wasn't feeling well before the college entrance exam..."

Chapter 932

Yan Rou was sobbing uncontrollably. After a while, her emotions calmed down a bit, and she continued, "He got accepted, but I didn't pass because of health reasons..."

Perhaps her emotions were unstable once again, and Yan Rou found it difficult to continue. Looking at her, Kang Li felt a mix of emotions and picked up the conversation, "So your boyfriend proposed breaking up and returned to North City alone." It was not a question; she used a statement.

At the same time, Kang Li secretly chewed on the name "Wen Sihan."

Could it really be such a coincidence?

His name is only different by one character from Wen Siyuan, who lives next to her family. Could it be that this Educated Youth Yan's boyfriend...is Wen Siyuan's brother?

Yan Rou responded with a "Hmm," pulling Kang Li's thoughts back. She paused silently for a moment before asking, "So what are you planning to do between you and Wen Sihan?"

"Since we've already broken up, he and I won't have anything to do with each other in the future." For a man who doesn't want her, why should she dwell on it or have any association with him?

Kang Li's gaze fell on Yan Rou's abdomen, "How many weeks?"

Tears still fell like rain as Yan Rou replied, "Over two months."

"So about ten weeks." Her expression was slightly solemn, "Does your boyfriend know?"

Yan Rou shook her head, "Before I could tell him...he proposed breaking up with me..."

Kang Li: "Why didn't you tell him? If you'd told him, maybe he would have married you."

"No, he broke up with me because I didn't get into college. If he knew I was pregnant with his child, he would definitely think I'm a big burden. He might even deny knowing me and refuse to acknowledge the child is his." Yan Rou's expression looked extremely painful at this point. "My father is at a farm in the Northeast. I want to take care of myself and see my father again."

Regarding Yan Rou's topic shift, Kang Li didn't show any surprise. She asked casually, "Which city is your home in? Besides your father, are there any other family members?"

Yan Rou: "Originally, there were just the three of us—my mom, dad, and me. But then my mom divorced my dad and immediately remarried, taking me with her. In the new family, my stepfather has two daughters and a son."

Kang Li: "How is your relationship with your stepfather's family?"

"I came here for the countryside labor because my stepsister convinced my mom to let me take her place." It's easy to understand—at her stepfather's house, Yan Rou was actually quite pitiful.

Her biological mother didn't protect her; instead, she helped the stepsister to wrong her own daughter.

Kang Li was silent for a moment before she said, "If I can help you contact your boyfriend and make him take responsibility, would you..."

Before Kang Li could finish, Yan Rou shook her head, "He would never agree."

Kang Li: "I mean if."

With her lips tightly pressed, tears fell down Yan Rou's face. She shook her head, her voice firm, "I don't want to! He could break up with me, which shows he doesn't truly love me. Given that, marrying him wouldn't bring happiness."

Kang Li nodded internally, thinking this female educated youth had a clear mind, not the kind to lose herself in romance, doing anything to stay with a man who doesn't love her in return.

"Do you want to keep the baby you're carrying now?"

"I can't go to the hospital, and keeping it would definitely lead to a lot of gossip...I'm afraid I can't bear those harsh words..."

"What if I could help you?"

"..."

Yan Rou remained silent for a long time.

Kang Li: "Do you still want to take the college entrance exam?"

Yan Rou nodded.

Chapter 933

"Less than half a year left until the summer high school exams..." Kang Li was speaking but suddenly stopped, her expression complex. She quietly watched Yan Rou for two or three minutes before her clear voice softly emerged between her teeth again, "It's getting late, let Yihong take you back to the Youth Educated Institute."

As she finished speaking, her eyelids drooped, lost in thought, completely unaware of the longing and reluctance in Yan Rou's tear-filled eyes.

Outside the door, Ming Han knocked: "Mom!"

Ming Wei: "Mom, Vivi misses you!"

The door wasn't closed, just ajar. Kang Yiyang heard the voices of the twins and opened the door:
"Come in, your mom is sitting inside."

The twins looked up, beaming as they greeted Kang Yihong: "Hi, cousin Hong!"

Kang Yihong smiled, affectionately touching the earmuffs on their heads. Then he turned his gaze to Yan Rou: "Let's go, I'll take you back to the Youth Educated Institute."

Yan Rou seemed not to have heard him, her tearful eyes steadily locked onto the twins.

Kang Yihong: "Educated Youth Yan."

Looking visibly distracted, Yan Rou got up and walked toward the door, but her gaze never left the twins.

Ming Wei: "Hello, sister!" Why was this sister watching her and her brother? The little girl, puzzled, blinked her eyes and gave Yan Rou a sweet smile, planning to ask her mom later.

Ming Han also greeted Yan Rou.

"Mom, Mom, what are you thinking about?" The twins cuddled in Kang Li's arms. Seeing that his mom wasn't looking at him, Ming Han couldn't help but ask in a childish voice.

Kang Li snapped back to reality, her eyes gentle and doting, smiling: "I'm thinking about our Hanhan!"

Ming Wei got jealous: "Mom didn't think about me?"

"I did, you're Mom's little cotton-padded jacket, of course Mom thinks about our Vivi!" Hearing this, Ming Wei instantly burst into delighted giggles: "Vivi loves Mom the most, most, most!"

Standing by the door without moving, she watched Kang Li and the twins, her eyes full of envy.

"Let's go."

Kang Yihong observed, more puzzled by Yan Rou's odd behavior tonight.

His voice pulled Yan Rou back from her thoughts. She nodded and said "Mm," withdrawing her gaze, and left with Kang Yihong, disappearing outside the door.

"Mom, that sister just now was watching me and my brother for quite some time. Why was that?"

"Because you're both well-behaved and good-looking."

"Really?"

Ming Wei felt a little shy.

Kang Li: "Remove the 'really' part."

Ming Wei paused, then burst out laughing again: "Mom's praise makes me a bit embarrassed!"

Kang Li hadn't replied yet when Ming Han said: "Why didn't I see you embarrassed?"

"Second brother's annoying!"

Ming Wei glared at him.

Ming Han mimicked Ming Wei in a high-pitched voice: "Second brother's annoying!"

"Mom, look at my second brother, he's bullying me."

Ming Wei complained to Kang Li.

Ming Han: "Boo, boo, boo!" making faces at his sister.

"Your second brother is just playing with you. Our Vivi has the heart of a prime minister, you can tolerate it, don't get angry." Amused by the two, Kang Li said with a smile, "Come on, let's go to Grandma and Grandpa's room."

Walking on the road back to the Youth Educated Institute, Yan Rou suddenly said, "Your aunt really takes good care of those two kids!"

Kang Yihong: "Mm."

Yan Rou: "My mom used to be good to me too, but ever since she married my brother-in-law, she gave her love to my stepfather's children... I've decided, if I can return to North City, I'll live with my dad and not go back to my stepfather's place."

Kang Yihong: "Do whatever you want, I support you."

Chapter 934 You're Thinking Pretty Far Ahead

"Thank you."

Yan Rou pursed her lips, her tone earnest: "No matter what happens between you and me, I thank you!"

Kang Yihong: "Don't worry, my aunt will help us."

"So, should I go to the hospital?"

Thinking that she might not have been clear enough, Yan Rou couldn't help but add: "I mean, with your aunt's help, we can marry, but then... should I still go to the hospital?"

"It depends on whether you want it or not." Kang Yihong didn't hesitate at all: "I don't care either way."

Yan Rou was silent for a moment, then she said: "I'll go! If I can marry you, I'll go to the hospital and have it taken care of; otherwise, it will affect my taking the summer entrance exams."

Kang Yihong: "By then you'll be over seven months pregnant; some disguise might get you through it."

By the months, the due date would be around September. At most, after school starts, you could take a month's leave before officially attending classes.

This was the plan that Kang Yihong thought of considering Yan Rou's current situation.

"Do you want me to keep it?"

Yan Rou was conflicted as she said: "If I truly keep it, it wouldn't be fair to you."

"Getting rid of it would be bad for your health. I've heard my mom and my third aunt say that."

Third sister-in-law Kang and Third Brother Kang already had three children, and unexpectedly found out she was pregnant with a fourth. To be honest, she didn't want it at the time, but Third Brother Kang insisted on keeping it.

And Third sister-in-law Kang heard from Elder sister-in-law Kang that a miscarriage would have negative effects on her body, so she dismissed the idea of going to the hospital, and when the two sisters-in-law chatted, they didn't deliberately avoid people, thus coincidentally Kang Yihong overheard them.

At that time, even though Kang Yihong didn't quite understand it, now being two or three years older, and with Elder sister-in-law Kang often mentioning finding a match for his eldest brother, even if Kang Yihong was slow-witted, he understood a little more.

Moreover, Yan Rou was the girl he liked, so he certainly didn't want her to be harmed.

"But we're still young, and besides, it's not really your responsibility... and what if this child turns out to be ungrateful in the future?"

Yan Rou voiced her concerns, and upon hearing this, Kang Yihong laughed: "You're thinking quite far ahead!"

Yan Rou blushed with embarrassment.

Kang Yihong: "No child in our family has grown up the wrong way. I believe in the environment of our home, even if he was born a little monster, he will grow up upright."

Unexpectedly, Yan Rou contemplated for a while, then firmly said: "I decide to abort it!"

"..."

Kang Yihong was stunned and even stopped walking. He turned to look at Yan Rou: "Are you serious?"

In the hazy moonlight, Yan Rou stood beside him, the two facing each other. He looked straight into her eyes and saw Yan Rou nod decisively.

"I don't want to have any more entanglements with Wen Sihan, but if I give birth to the child, who knows what will happen in the future..."

Before Yan Rou finished speaking, Kang Yihong interjected: "If you and I get married, the child will be mine. As long as neither of us says anything, my family will definitely stand by us. In that case, who would ever find out the child's real lineage?"

"You don't need to persuade me anymore. I won't change my decision."

As she spoke, Yan Rou lifted her foot and continued walking.

Seeing this, Kang Yihong pursed his lips and could only follow her.

He escorted Yan Rou to the entrance of the Youth Educated Institute, watched her unlock the door and enter the dormitory, and only then did Kang Yihong turn to leave.

The night was silent, the whole family sat together laughing and chatting until after eight o'clock in the evening. Luo Yanqing took Min Rui and the other two to rest, and Third Brother Kang and Third sister-in-law Kang also led their children from their section of the house away.

Chapter 935 Why Should I Care About You?

Kang Guoan called for the two nephews from the Fourth Family to leave, leaving Kang Yiyang, Kang Yihong, and Kang Yiheng among the younger generation.

As for the second son of the First Family, Kang Yichen, and Second Brother Kang's family, they hadn't returned yet.

Big Brother Kang: "What are you all standing here for?"

Upon hearing this, Kang Yiyang touched his nose, pulled a smile at the corner of his mouth, and said, "I'll leave now." With that, he beckoned Kang Yihong and Kang Yiheng: "Third Brother, Fourth Brother, let's go."

Leading the way out of the room where Captain Kang and his wife lived, Kang Yihong hesitated for a moment, his gaze brushing past his aunt Kang Li, before following his younger brother Kang Yiheng, catching up with his elder brother.

Captain Kang: "Li Bao, is there something you want to say?"

Smiling and nodding, Kang Li spoke up: "I've talked with Yihong, and also with that Educated Youth Yan," her eyes landing on Big Brother Kang and Elder sister-in-law Kang: "The child isn't Yihong's."

At once, Big Brother Kang and his wife changed their expressions, Elder sister-in-law Kang gritting her teeth: "If this is the case, what's he up to then?" Suspecting is one thing, really knowing is another.

Elder sister-in-law Kang was so angry she was panting.

Big Brother Kang said with a darkened face: "I'm going to break that bastard's legs!"

The future was bright, yet he insisted on marrying a girl unwanted by others, and wanted to raise someone else's child, even thinking of hiding it from us as parents. Is the brat trying to flip the world over?

Seeing Big Brother Kang angrily get ready to get up from the kang bed, Captain Kang glared and scolded: "Sit down!"

Big Brother Kang: "Dad..."

Captain Kang: "What's wrong? Can't I control you anymore?"

Big Brother Kang: "You can beat me up, I promise I won't move, but can't you also handle Kang Yihong, that brat?"

Captain Kang: "If I handle it, what are you for?"

Big Brother Kang said with grievance: "But isn't this me wanting to discipline him, yet you're stopping me!"

"Why are you in such a hurry?"

Captain Kang said with a stern face: "Listen to Li Bao finish talking, find out what exactly is going on, then it won't be too late for you to tidy things up."

"Oh."

Sitting back down beside Elder sister-in-law Kang, Big Brother Kang responded rather moodily.

"Here's what happened..."

Kang Li told everything about the matter between Kang Yihong and Yan Rou, and what happened to Yan Rou, in detail. In the end, she said: "The root of the issue lies with Yihong; it's because he likes that Educated Youth Yan. Therefore, after saving her and knowing her difficulties, he took the initiative to propose to her.

As for Educated Youth Yan... she's quite decent. She knows that marrying our family's Yihong is unfair to him. Actually, to put it plainly, Educated Youth Yan wants to live, wants to see her father again.

After all, once her pregnancy is known, it will definitely affect her return to the city, it might even cost her life. I'm not exaggerating, sometimes a gossip can really drown someone, driving them to a dead end.

I can tell, just like she said to me, that Educated Youth Yan won't have any further dealings with her partner. And I can also see her feeling guilty toward Yihong... If she marries Yihong, and our family doesn't want the child in her belly, I believe she will resolutely go to the hospital to have it removed."

"Li Bao... so what is your opinion? Do you want me and your big brother to agree to that brat with Educated Youth Yan's matter? Even want us to accept the child in Educated Youth Yan's belly?"

Elder sister-in-law Kang asked Kang Li, but what she thought inside was a thousand, ten thousand refusals, even more unwilling to accept a cheap grandchild! And Elder sister-in-law Kang having such thoughts is indeed understandable.

Why?

Any mother who cares and loves her own child wants her son to get the best.

Chapter 936 I Did Not

Besides, Kang Yihong is barely eighteen years old, has been accepted into a prestigious university in North City, and is tall and handsome. In Elder sister-in-law Kang's eyes, her son is perfect, so how can he marry a girl abandoned by another man?

The most crucial point is that the girl is pregnant with that man's child!

Kang Li had not yet responded to Elder sister-in-law Kang when Cai Xiufen's voice rang out, "Li Bao, you say Educated Youth Yan has good character, but why can't your mother believe it? If Educated Youth Yan was truly decent, would she have gotten pregnant before marriage?"

"Mom, your words are somewhat biased!"

Kang Li gently shook her head and then said to her mother, "Having a pregnancy before marriage is not right, but it doesn't mean that the girl's character is problematic; maybe she was just naive,

just overly trusting of her partner, which led her to easily give herself to the one she loved, not realizing that the person she loved was two-faced, ultimately causing the girl to be deceived both emotionally and physically. In this regard, I don't think she is at fault, at least not in terms of bad character."

Cai Xiufen listened without speaking for a long while before her dear daughter continued, "Moreover, we are in a new society now, we cannot keep using old-fashioned thoughts to judge a girl who loses virginity or even gets pregnant before marriage as unworthy, to look at her with strange eyes.

For example, Educated Youth Yan's situation, or those girls who have been violated by beasts disguised in human skin, what wrong have they done? One misjudged a person, one suffered passive harm, to sum it up, they are all victims and should be cared for by those around them, otherwise, it's easy for tragedies to occur."

"According to you, we should sympathize with that Educated Youth Yan and then have your nephew marry her because of sympathy? Li Bao, if you think that way, aren't you just letting your nephew suffer and be gossiped about behind his back?"

Cai Xiufen was full of disagreement, she believed Kang Li was speaking for an outsider, while Elder sister-in-law Kang nodded repeatedly, agreeing with Cai Xiufen.

Captain Kang and Big Brother Kang remained silent.

"I am not."

Kang Li shook her head decisively and said, "Whether or not to marry Educated Youth Yan depends on Yihong's own opinion. I'm just conveying what I know, hoping that concerning Yihong and Educated Youth Yan's issues, you all would refrain from seeing Educated Youth Yan in a weird light."

Elder sister-in-law Kang: "If Kang Yihong doesn't marry Educated Youth Yan, what will she do next?"

"Either bear the child under public scrutiny, or find a way to quietly get rid of it, but hospitals likely won't perform the procedure for an unmarried girl like her."

Without hiding anything, Kang Li spoke the truth.

Elder sister-in-law Kang: "Are you sure Kang Yihong wants to marry that Educated Youth Yan out of love?"

Kang Li: "That's my guess, but I mentioned it in front of Yihong, and he didn't deny it. If Elder sister-in-law wants confirmation, you can ask directly."

"Will he tell me?"

Thinking of her family's third brother's clam-like mouth, Elder sister-in-law Kang felt distressed and annoyed.

Kang Li: "I think he will, given that I've made their affairs clear in front of both of them, there's no need for him to hide it from the family anymore."

"Mom, what do you think we should do now?"

Elder sister-in-law Kang turned her gaze to Cai Xiufen: "I feel very confused right now, not knowing what decision to make."

Cai Xiufen shook her head: "You and Big brother handle it, I won't say more, lest Li Bao believes I have issues with my thinking."

The daughter spoke logically, and moreover, she was once the village's Women's Federation Director. Well, last year she called home and voluntarily resigned from her position with the team leader.

Chapter 937 I Don't Agree—Let's See If That Works

The reason is simple. She has been living with her daughter in North City for years, and can't really oversee village women's affairs. How could she continue to occupy the position and annoy people?

So, after much hesitation, she made a call back to resign as the village Women's Federation Director.

As her thoughts drifted to this, Cai Xiufen realized there was another reason she didn't want to get involved in her grandson's matters: she recalled Elder Loh's granddaughter, Loh Xue.

A well-behaved and obedient girl, who, before dying, never told her family who the father of her child was, the child she had risked her life to give birth to.

Cai Xiufen suspected that it was probably similar to the situation with Educated Youth Yan, who was deceived by a man, lost her body and emotions, ended up having a child, but couldn't bear to terminate the pregnancy. So, she traded her life for the cry of the newborn.

From Loh Xue's issue, Cai Xiufen's thoughts returned to Educated Youth Yan... She had no prejudice against these deceived girls, but she still didn't want her grandson to fall for Educated Youth Yan.

However, her beloved daughter made it clear: it wasn't Educated Youth Yan pestering or clinging to their Xiao Hong, demanding to marry into the Kang Family. It was Xiao Hong who liked her and wanted to take responsibility.

If she opposed, even if the brat agreed not to marry Educated Youth Yan, resentment might grow among family members.

Sigh!

Cai Xiufen sighed inwardly, thinking as the kids grow, they become more complicated, and as a grandmother, why should she meddle too much? Parents should be in charge; it's only right, she should just watch!

"Dad, what do you think we should do?"

Not getting any advice from her mother-in-law, Elder sister-in-law Kang turned her gaze to her father-in-law, Captain Kang. Unexpectedly, Captain Kang said directly, "As I've said before, you and Big Brother Kang are the parents. You can decide about Xiao Hong's affairs, I have no opinion."

"This..."

Elder sister-in-law Kang was at a loss, she looked at Big Brother Kang. "What do you think?"

"Let's hear what you have to say first."

Big Brother Kang kicked the ball back to her.

Elder sister-in-law Kang glared at Big Brother Kang angrily. "I disagree, do you think it can work?"

Upon hearing this, Big Brother Kang did not respond immediately. He turned his head, opened half the window, and shouted out, "Kang Yihong! Get over here!"

Kang Li hesitated for a moment. She actually sympathized with Big Brother Kang and Elder sister-in-law Kang, and she understood their feelings now, but what could they do?

The son liked the educated young woman, actively proposed to bring her home. If the son refused to give up, parents, in the end, would have to agree even if they didn't want to.

Otherwise, if the brat said he wouldn't go to college, things could get out of hand!

Kang Li certainly didn't want such a situation to arise. If Kang Yihong really dared to be so foolish, she would be the first to smack him on the back of the head.

In short, issues should be resolved through discussions, not by indulging the brat to joke around with his future.

"Grandpa, Grandma, Auntie."

Kang Yihong entered the room, and greeted Captain Kang, Cai Xiufen, and Kang Li, then turned his gaze to Big Brother Kang and Elder sister-in-law Kang. "Dad, Mom."

Elder sister-in-law Kang: "I'm not your mom!"

Kang Yihong instantly stiffened, pressing his lips tightly together, not daring to say a word as he faced his parents.

"Your aunt has already told us everything. Now, let me ask what you think, what do you have in mind?"

Big Brother Kang stared at his son, and before Kang Yihong could speak, he continued, "Your mom and I raised you till now, is it just to let you take the blame for others? Speak up, tell us what's on your mind."

Kang Yihong: "I like Educated Youth Yan."

Big Brother Kang: "That's it? That's all?"

Kang Yihong: "That's all."

Chapter 938 So You're Actually Quite Noble!

Elder sister-in-law Kang, frustrated: "Just because you like Educated Youth Yan, you're okay with her carrying someone else's child and want to marry her, becoming a convenient father?"

That's when Kang Li chimed in: "If you marry Educated Youth Yan, and you don't mind her having the child, you may never have your own kids. Would you still be willing?"

" ... "

Kang Yihong didn't quite understand Kang Li's words, but recalling what Yan Rou said on the way back to the Youth Educated Institute, he couldn't help but say: "Educated Youth Yan intends to have the child removed."

Kang Li: "Is it because of you?"

Kang Yihong shook his head: "No, I said I didn't mind. It's her own decision to remove it. She's worried that having the child will cause trouble later on."

Kang Li: "Afraid her partner might come looking for the child someday, right?"

Kang Yihong: "Educated Youth Yan is likely thinking that way."

Kang Li stared directly at Kang Yihong: "Then tell me now, if Educated Youth Yan marries you and has her child, and you may not have your own children in the future, would you mind?"

Kang Yihong, without hesitation: "If there aren't any, then so be it. Her child is mine, as long as she is willing to remain my wife, I'll raise the child with her."

After quietly observing Kang Yihong for a while, Kang Li's gaze was clear as she spoke: "You are indeed generous, but have you considered your parents' feelings?"

Kang Yihong didn't look at Big Brother Kang or Elder sister-in-law Kang, he pursed his lips and responded: "My parents won't be lacking grandchildren."

Kang Li: "I have nothing more to say, Big Brother, Sister-in-law, please continue."

"What do you like about that Educated Youth Yan? We've never seen you interact with her. Tell me what you like about her?"

Elder sister-in-law Kang gritted her teeth and glared, almost wishing to smack her son's head a couple of times to wake him up.

Kang Yihong answered decisively: "I don't know. I just feel happy when I see her."

To everyone's surprise, Elder sister-in-law Kang immediately retorted: "You're totally blinded by lust!"

Kang Yihong's cheeks flushed red, trying to explain himself, but he didn't know how to start.

"Are you so easily swayed?"

Big Brother Kang said: "Is Educated Youth Yan prettier than your aunt? You've been following your aunt since you were little. Now, one Educated Youth Yan makes you disregard everything, go against the family, and clean up someone else's mess?!"

Kang Yihong: "Dad... don't listen to Mom. I'm not attracted to Yan nor by her appearance. Besides, liking Educated Youth Yan was something of the past. Even now, while I still like her a bit, it's not to the point of taking the blame for someone else. I... I just want to help her... And I've promised Educated Youth Yan that if one day she wants to leave me, I'll let her go."

Elder sister-in-law Kang gritted her teeth: "So you're quite noble in saying this!"

"Mom, I'm just thinking that if I can help, I will. If I hadn't seen Educated Youth Yan at the foot of the mountain using such a dangerous method to get rid of her unborn child, I definitely wouldn't have intervened."

He could tell that Educated Youth Yan didn't have romantic feelings for him, at least not yet. Given this understanding, being a fake couple with her to help her overcome current difficulties was perfectly acceptable.

If they eventually develop feelings for each other, it won't be too late to become a real couple.

Thinking this, Kang Yihong expressed his thoughts: "Dad, Mom, being fake spouses with Educated Youth Yan is fine as long as her child can be legitimately born..."

Chapter 939 Are You Sure You Won't Regret It?

"What nonsense are you talking about?"

Elder sister-in-law Kang rebuked, "Fake marriage? Do people outside know you're a fake couple? You think you're so kind-hearted, are you Buddha reincarnated?"

Hearing this, Kang Li couldn't help but burst into laughter.

Seeing everyone's eyes on her, Kang Li quickly waved her hand, "It's my fault, I shouldn't have laughed. Sister-in-law, go on."

As she spoke, she stuck her tongue out at her parents.

What could Captain Kang and his wife say? They shook their heads at their beloved daughter, feeling quite helpless.

"Do you have to marry Educated Youth Yan?"

This was Big Brother Kang's voice. Seeing Kang Yihong nod, Big Brother Kang's face darkened, "Are you sure you won't regret it?"

Kang Yihong: "I won't."

Big Brother Kang: "What if one day Educated Youth Yan leaves you with the child, you're not going to regret it? Raising someone else's child just to watch them leave, is that really what you want?"

"Dad, maybe in a year or two Educated Youth Yan will divorce me while I'm still in college, what's there to regret about that?! Besides, with my current age, wanting to get a license would take at least two or three years, by then, there's no need for any formalities, we'll just split up."

"But everyone knows you've been divorced, and when you try finding someone else, you'll be seen as a second-marriage candidate."

"Your son is so good, even if I'm seen as having a second marriage, I won't have trouble finding a nice girl."

"Get lost, get lost, your mom and I won't manage your affairs anymore, do whatever you want!"

Big Brother Kang waved his hand irritably.

Kang Yihong's eyes lit up, "Dad, are you agreeing?"

Big Brother Kang: "I said I'm not managing it."

"Mom..."

Kang Yihong looked pitifully at his mother. Seeing this, sister-in-law Kang's expression changed, asking, "What exactly is your plan for that child?"

Children are debts, and this stubborn kid is really a tough one, she had no way to deal with him!

Kang Yihong: "You've said to Aunt Cai before, a miscarriage is bad for health. I told Educated Youth Yan to have the child, but she's determined to terminate it."

"It's still a life."

Elder sister-in-law Kang rubbed her forehead, "Go to sleep, discuss it with Educated Youth Yan again later."

Kang Yihong knew his parents had agreed, he sighed in relief internally, nodded, and said "Got it."

Then he bid farewell to Captain Kang and his wife, Kang Li, and his own father, then turned to leave.

"Our family is soft-hearted, and we all spoil the children."

Kang Li commented.

Elder sister-in-law Kang: "If he himself won't regret it, my brother and I insisting on disagreeing will only push that stubborn boy away from us, making us grow apart. Besides, the old saying goes, children and grandchildren have their own fortune, my brother and I can't manage him for life, so let it be!"

Hearing this, Kang Li smiled and casually said to Captain Kang and his wife, "Since my brother and sister-in-law agree, let's set a date, arrange a couple of tables, and bring her home."

Upon hearing this, Cai Xiufen looked towards Captain Kang, "Do you want to set the date?"

With less than half a month until New Year, Captain Kang thought for a moment and said, "Let's set it for December 28th, just right to buy everything needed at the annual market."

After a brief pause, Captain Kang's gaze fell on Kang Li, "Your big uncle and third uncle's family each have two college students, and they arranged a couple of tables to celebrate before you returned. Do you think we should also arrange a few tables?"

Kang Li: "No need for a formal arrangement, just give the villagers a few more sweets when arranging for Yihong."

Chapter 940 What About My Contribution?

"Wouldn't this be a bit too much?"

Cai Xiufen said, "Let's not talk about you being the top scorer, even just being college students, our family suddenly produced five, and all of you got into good universities. If we do it too simply, the folks might gossip about our family."

"No worries. Times are tough for everyone. If we make it too grand, it'll definitely attract attention, and that's when people start gossiping. Mom, there's a saying, 'Keep a low profile in life, be high-profile in work.' I think it's a great saying, makes a lot of sense."

Captain Kang pondered for a moment, nodded, "Li Bao makes a good point."

Cai Xiufen: "What does it mean?"

Big Brother Kang and Elder sister-in-law Kang both looked at Kang Li.

"To put it simply, it means being humble and confident in what you do! Being low-profile in life makes you more resilient, and being high-profile in work makes you more excellent.

Take those with high moral values, for example, they're very low-profile, which not only avoids jealousy from others due to their excellence but also evades suspicion."

Hearing Kang Li's words, Elder sister-in-law Kang sighed, "Reading more books is indeed good. Listen to Li Bao's words, they're so sensible. If it were me, even if I racked my brains, I wouldn't come up with a single sentence."

Kang Li smiled, "I read it from a book."

"That's because you read a lot, so you had the chance to see it and be able to say it."

At this moment, the more Elder sister-in-law Kang looked at Kang Li, the more she felt having such a sister-in-law in the family was absolutely wonderful.

Sweet-talking and thoughtful, smart, and understanding, the whole family should treasure and protect her!

Big Brother Kang nodded, "Your sister-in-law is right."

Captain Kang: "Since you know the benefits of reading, why didn't you study hard when we sent you to school?" He glanced at Big Brother Kang, his face full of disdain.

"Wasn't I foolish back then? When it was time for Yangyang and his brothers to go to school, I listened to you, Dad, and sent them all to school."

Big Brother Kang said, scratching the back of his head with a smile. Fang Xu added, "Look at Yangyang and the others now, each one of them is doing well. Dad, there's credit to you as a grandfather and also to me as their father, wouldn't you say?"

Captain Kang snorted coldly, not responding to Big Brother Kang's words.

Elder sister-in-law Kang glanced at Big Brother Kang, "What about my contribution?"

"Yes, yes, yes, definitely your contribution. If it wasn't for you washing clothes and cooking for those little rascals and managing the household with Mom, no matter how capable Dad and I were, there wouldn't be Yangyang and the others today."

Big Brother Kang faced Elder sister-in-law Kang with a smile, and upon hearing this, Elder sister-in-law Kang withdrew her gaze from him, "That's more like it."

At this moment, Kang Li, with a smiling face, said to Cai Xiufen, "Mom, my big brother didn't forget your contribution, did you hear?"

"Yangyang, Chenchen, and Xiao Hong all got into university. Even if your big brother doesn't think Mom contributed, Mom doesn't mind."

Cai Xiufen said indifferently, her gaze sweeping past Big Brother Kang. When it fell on Kang Li, her face immediately lit up with a smile, "You see, your dad and I raised two students who got into the top universities in the country, and my daughter is the national science top scorer. In my heart, you and your little brother have already made us proud enough!"

Upon hearing this, Kang Li was first taken aback, then her beautiful eyes curved into a Crescent Moon shape. She linked arms with Cai Xiufen, jokingly saying, "It's only right for my little brother and me to make you and Dad proud, but it's also thanks to you and Dad's guidance from childhood to adulthood that we have the chance to make you proud."
