The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 141: Oxhead and Horseface!

The setting sun was sinking in the west.

Qin Feng asked Su Ruolan, saying, "Are you sure there's nothing to buy? Should we head back?"

"Yeah, let's go back! I always feel like someone is watching us."

As Su Ruolan spoke, she looked around.

Just after she finished speaking,

A group of people suddenly rushed over and surrounded the two of them.

The surrounding crowd noticed and also gathered to watch the commotion.

Soon,

Qian Baiyu briskly walked over, and people quickly made way for him.

"Kid, do you really think you can leave here unscathed?" Qian Baiyu said with a smirk.

The crowd seeing this situation thought it was over.

It must be because Qin Feng had bought up all the good items from the Qian Family's raw stone shop, turning the remaining raw stones into unwanted waste.

"Alas, he shouldn't have picked out all the good stuff in one go, still so young!" one person sighed.

"If he had offended someone else, I would have wanted to protect him, given his unique talent in gambling on stones, he could help out in my store in the future. It's a pity he offended Mr. Qian, now he can only leave it to fate..." another person regretted.

At this moment,

Qin Feng still looked indifferent and said to Qian Baiyu, "Are you a sore loser? If that's how it is, I fear no one will dare visit your shop in the future."

"..."

Qian Baiyu frowned.

He wasn't thinking about teaching him a lesson just because some good items were picked out.

The Qian Family didn't lack that bit of money.

What made him furious was that he, Mr. Qian, couldn't gain any advantage in front of Qin Feng, a nobody, and even suffered a loss, making him feel his dignity was insulted!

"Hmph!"

Qian Baiyu disdainfully said coldly, "I'm looking for you, and it has nothing to do with business. Even if I shut down the shop, the loss would be just a drop in the ocean for the Qian Family."

With that said,

Everyone nodded.

Yes!

Just a stone gambling shop.

With the wealth of the Qian Family, it really wouldn't count as much, and there truly was no need to end up with a reputation as a sore loser.

"I'm looking for you simply because I don't like you."

Qian Baiyu added.

"Oh?"

Qin Feng shrugged his shoulders and said, "Seems like your temperament is lacking! I also don't like you, but I just treat you like air and that's all."

Pfft!

Qian Baiyu nearly spat blood.

Hearing this, everyone was also stunned.

They really hadn't expected this guy to dare to speak to Mr. Qian like this, and even treating Mr. Qian like air and ignoring him, he truly had the guts of a leopard!

Qian Baiyu was quite infuriated.

His two followers behind him angrily said, "What the hell are you pretending for! You, a mere nobody from a third-rate family, dare to speak to Mr. Qian like this, you don't even know the word 'death'!"

Third-rate family? This chapter was originally posted on *.

A nobody?

The onlooking crowd became puzzled.

They had thought that with Qin Feng being so arrogant, he must have had some significant background, at least just below the Eight Kings.

It turned out he was just from a third-rate family and married into it!

Seeing the crowd's puzzled expressions, Qian Baiyu hooked up his lips in a smile and said, "Maybe everyone doesn't know yet? He's just a nobody from a small family in Hanjiang Lake City, I heard at home he's worse than a dog, and anyone in his family can insult him at will, even his wife hasn't shared a room with him."

"What?!"

The crowd was in an uproar.

"To act like a dog at home, but a tiger's lackey outside, such a person is really disgusting!"

"Who says it's not, and the family he married into isn't even a prominent one. I really don't know how he has the guts to act tough in our territory."

"Clueless, doesn't know how vast the world is!"

...

People in the crowd started to look down on him disdainfully.

When Su Ruolan saw someone despising Qin Feng, she felt a pang of heartache. Her fine eyebrows furrowed as she said to Qian Baiyu, "What exactly do you want?"

"What do I want? Of course, to enact justice on behalf of heaven," Qian Baiyu smiled at the corner of his mouth, "Miss Su, you are so beautiful, how can you be deceived by that loser? Let me help you chase him away."

"No need!"

Su Ruolan retorted with a frown.

Qian Baiyu, seeing this, wondered what kind of love potion Qin Feng had fed her to make her so blindly devoted.

But no matter.

She'll see Qin Feng's cowardly side soon enough, no girl likes a weak man.

Last time, using money didn't work on him.

So this time, he'll get tough.

Qian Baiyu looked at Qin Feng and said, "Kid, I'll give you a chance. Kneel and kowtow three times, and I might consider letting you off. If you don't agree..."

He pointed at his two fiercely looking, sturdy subordinates behind him, and continued, "One will take an arm, and the other a leg, leaving you disabled and miserably living the rest of your life."

The two subordinates.

Immediately moved one to the left and one to the right towards Qin Feng.

The onlooking crowd widened their eyes in shock, exclaiming, "Is this 'Oxhead and Horseface'?!"

Many people knew that Mr. Qian had many ruthless subordinates.

Among them, the brothers 'Oxhead and Horseface' were the most ruthless!

Someone had once witnessed the elder 'Oxhead' tearing a live sheep apart, bloodily, without feeling any cruelty but instead excitement in his eyes, just like a devil!

The younger brother 'Horseface' was even more ruthless.

It was rumored that he once killed a person by smashing them with rocks.

According to the forensic report, the man he killed had all his bones shattered by the rocks until he took his life, extremely cruel!

At this moment, as the two of them stepped forward, the aura they emitted made everyone shiver and subconsciously step back.

"It's over..."

The audience thought as they looked at Qin Feng.

Qin Feng, now looking seriously at Qian Baiyu, asked, "Are you serious?"

"Of course."

Qian Baiyu shrugged with a smile, "To kowtow or not is up to you."

"Fine, same goes for you then,"

Qin Feng said.

In the crowd, a jeweler who previously admired Qin Feng's talent for gambling on raw stones sighed in frustration and called out to Qin Feng, "Young man, just kowtow three times quickly! They will really make a move, don't be stubborn!"

"Why persuade him? He brought this on himself, a nobody from a small family acting tough in front of Mr. Qian, he totally deserves it."

"This is our Southwest territory, how can we tolerate such a pretender?"

"He's asking for it!"

...

The crowd waited eagerly to watch the spectacle.

The smile on Qian Baiyu's lips grew thicker as he again addressed Qin Feng, "So, will you kowtow or not?"

Qin Feng scoffed.

"It seems you still want to act tough, so I won't be polite anymore!" Qian Baiyu spoke, signaling to Oxhead and Horseface, and said, "Make your move!"

After finishing.

He turned his back.

He too feared witnessing the cruel methods of Oxhead and Horseface.

"Alas..."

The jeweler who had tried persuading Qin Feng let out a deep sigh, utterly relinquishing any hope of persuading him.

Like the other onlookers.

As Oxhead and Horseface devilishly advanced on Qin Feng, fearing the bloody and cruel scene, they involuntarily tensed and turned their heads, covering their eyes...

Chapter 142: Whoever Messes with Mr. Qin, Dies!

Crack!!

Everyone immediately heard the sound of breaking bones that made one's blood run cold.

Immediately after.

The miserable screams echoed to the skies, akin to the wails of evil ghosts from hell.

Qian Baiyu, who had turned his back, clicked his tongue in sympathy.

"What a tragedy, such a tragedy... I told you, just bow your head three times and this would have been over. You wouldn't listen, and look at you now. Are you satisfied only when you lose an arm and a leg, living like a cripple? Oh wait—I'm wrong, you were always trash, haha..."

As he spoke.

At this moment, one of the young masters beside him said in a daze, "Mr. Qian, look..."

"Is it too cruel, too bloody? Nothing to be surprised about. For Oxhead and Horseface, this kind of thing is all too common," Qian Baiyu said with a smug laugh.

"No, it's not that, you—you better take a look..."

That young master spoke with a trembling voice, his legs shaking uncontrollably.

Qian Baiyu laughed and said, "Look at how scared you are, such a lack of nerve."

As he spoke.

He turned around, wanting to take pleasure in Qin Feng's sorry state.

But to his surprise.

Upon looking, his pupils dilated in shock and he stammered, "Wha-what?!"

The one lying on the ground, screaming in pain, was not Qin Feng.

It was his Oxhead and Horseface!

One with an arm horribly twisted, the other clutching his leg and wailing in agony. Judging by their pained grimaces, one could tell their suffering was extreme, wrenching at the heart.

But Qin Feng, he was unharmed, standing steady as Mount Tai!

At this moment.

Everyone was utterly dumbfounded, staring at this scene as if it were a dream!

No one could have anticipated this outcome!

Qin Feng brushed the dust off his clothes and turned his head to a disconcerted Qian Baiyu, saying, "You remember what I said, don't you?"

Eye to eye.

Qian Baiyu felt a chill of fear, his body involuntarily shivering, and his expression turning frantic.

He hastily ordered his subordinates, shouting, "What—what are you waiting for? Get him now!!"

But.

No one dared to move.

Oxhead and Horseface, considered formidable figures under his command, were reduced to such a state in the blink of an eye. Listening to their pig-like screams, their legs turned jelly, none of them daring to budge...

Seeing that he could not rouse them, Qian Baiyu quickly took out his cell phone with trembling hands, looking for a number while saying, "You—you're done for, I'll make sure of your death..."

He tapped the screen several times.

Finally, he found a number named "Vajra".

Vajra.

The strongest expert venerated by the Qian Family, a Half-step General who could face a hundred foes alone!

But.

Before he could make the call, his phone slipped from his hand due to nervousness and fear, hitting the ground and would no longer turn on.

In that instant.

He was completely desperate.

He raised his head in panic and cried out to Qin Feng, "I—I warn you, dare to touch me and you are absolutely dead! Like this—I—I won't pursue this matter any further, I won't trouble you again, just go, go now..."

Qin Feng continued walking forward as if he hadn't heard a thing, expressionless.

Seeing this, Su Ruolan said with concern, "Qin Feng, perhaps we should leave now?"

Regardless.

Beating two of his henchmen would have different consequences than hitting the Qian Family's scion.

Qian Baiyu kept panicking, "I—I swear, I won't seek revenge, and everyone here can bear witness..."

The full series is hosted on My Virtual Library Empire, known as *.

Qin Feng kept moving forward.

In the crowd.

The owner who had admired his talent in gambling stones became even more anxious and urged Qin Feng, "Young man, don't be rash! He is from the Qian Family!"

For a common quarrel.

Letting Qian Baiyu get his due would have let the matter rest.

But if he laid hands on Qian Baiyu.

It would mean conflict with the entire Qian Family, and the outcome spelled just one word—death!

And Qin Feng, still as if he hadn't heard, had already stepped in front of Qian Baiyu. With seemingly calm eyes staring directly at him, he said, "I'll ask again, do you remember what you said to me before?"

"You, you..."

Qian Baiyu was at a loss for words.

Of course, he remembered!

He wanted Qin Feng to kowtow to him three times, to trample his dignity and show his cowardice.

He also remembered what Qin Feng had said, that the same words applied to him.

But, but...

How could he, the great young master of the Qian Family, possibly kneel and kowtow in front of so many people?

If word got out, he would be thoroughly disgraced!

"You, you're delusional!"

Qian Baiyu gnashed his teeth and yelled.

Qin Feng shrugged his shoulders and spread his hands, "Then I'll not be polite. According to what you said earlier, I will break one of your arms and one of your legs, and you'll be disabled from now on."

As he spoke.

He lifted his hand and placed it on his shoulder.

Unexpectedly.

Before he even applied any force, Qian Baiyu's legs gave out in fear, and with a "plop", he kneeled on the ground!

"Oh? Have you come to your senses?" Qin Feng said.

"..."

At this moment, Qian Baiyu was panic-stricken with fear.

Especially since Oxhead and Horseface were still screaming in agony, which made his fear unstoppable.

Finally.

He couldn't hold out any longer, hastily kowtowed to Qin Feng, "I, I was wrong, I don't want to be disabled, I don't want my arms and legs broken, I, I'll kowtow to you..."

Bang!

Bang!

Bang!

He kept kowtowing to Qin Feng, begging for mercy, hitting his head on the ground more than a dozen times without stopping.

The people around were dumbfounded!

Those who had been yelling that Qin Feng deserved it were now even more shocked and frightened that Qin Feng would seek retribution, and they cautiously backed away.

At this moment.

A large crowd of people, yelling, rushed over here!

The crowd hastily made way.

It turned out to be Qian Baiyu's subordinates. They had quietly made a call and summoned all the people from the Qian Family at the Dragon Mountain Black Market, over forty people in all, who surrounded Qin Feng.

As Qian Baiyu, who had been kowtowing, saw his minions arrive, he immediately got up excitedly.

He quickly rose, pointed at Qin Feng with annoyance and rage, shouting, "You're dead, you're dead!! Everyone, beat him mercilessly!!"

At this moment.

Seeing the situation, the onlookers once again scoffed at Qin Feng, "Had the advantage and didn't leave, still trying to play the hero and force Mr. Qian to kneel, now you can't even escape, serves you right!"

Unexpectedly.

There was a sharp "slap" sound.

Facing the encirclement of dozens of people, Qin Feng was not only fearless but also slapped Mr. Qian to the ground in front of everyone, saying, "I dislike people who go back on their word."

It's over!

This time he's really done for!

The onlookers thought.

Sure enough.

Qian Baiyu, furious, shouted like a madman, "Attack, all of you attack, tear him to pieces!!"

Those forty plus people, upon snapping back to reality, charged at Qin Feng together!

Just then.

Someone shouted from the edge of the crowd, "Stop!!"

Subconsciously, everyone stopped and looked over.

An imposing man dressed in camouflage, with a tall figure, had arrived.

"Li Longjun?!"

Qian Baiyu, covering his pained face from the slap, recognized him and said with a frown, "Hmph, it turns out to be one of Lord Dog's men. Are you trying to intervene?"

"Lord Dog has instructed, whoever touches Mr. Qin, dies!"

As Li Longjun spoke, he drew his dagger.

Chapter 143: Arm Severed!

"Turns out he really is one of Lord Dog's men!"

Qian Baiyu stood up and sneered coldly, "No wonder such a useless visitor dared to be so arrogant with me just now; he was relying on Lord Dog, hahaha..."

The crowd realized what was happening.

They suddenly came to a realization, "So behind him is Lord Dog, no wonder he was so arrogant."

"But he was overly arrogant, Lord Dog is formidable, but he ranks last among the Southwest Eight Kings, while the Qian family ranks third..."

"Yes! Sadly, that kid overplayed his hand pretending to rely on Lord Dog, dragging him down as well."

"..."

After figuring out Qin Feng's backing, Qian Baiyu was no longer afraid, and told Li Longjun: "Go back and tell Lord Dog, his head, I've claimed it. If Lord Dog insists on protecting him, then don't blame our Qian family for being rude!"

Clearly,

The third-ranked Qian family isn't afraid of Lord Dog.

No sooner had he finished speaking,

When Qin Feng's slap came whistling again, and before anyone could react, it landed on his face with a "smack!"

Blood splattered.

It took a while before Qian Baiyu could regain his senses, then he shouted at his subordinates, "What are you all standing around for? A bunch of useless eaters, hurry up and fight!!"

But, no one dared to move!

They saw Li Longjun, playing with a gleaming dagger, standing beside Qin Feng, ready to fight if needed, deterring them from coming any closer.

No choice.

Li Longjun had reached the level of a martial master!

A martial master,

Capable of taking on fifty opponents by himself!

Moreover, being a former special forces soldier, he had abundant combat experience and was particularly ruthless.

The forty or fifty people present were no match at all.

"Good, very good..."

Seeing this, Qian Baiyu shouted angrily, "Go back and tell your Lord Dog, he'll have a bad end!—Qin Feng, don't get too cocky. The Lord Dog you rely on is merely the least of the Eight Kings, certainly no match for our Qian family!"

Who knew,

Before he could finish,

Qin Feng sent another slap flying, looking impatient, and said, "Are you ever going to stop talking? Just let your men attack me, I'll break your arms and legs, and let's settle this now..."

Saying this,

He then reached for Qian Baiyu's shoulder.

Qian Baiyu's heart sank.

Despite everything said, that guy still went on his own way, fearing nothing...

"I, I warn you again, our Qian family is much stronger compared to Lord Dog..."

He meant to say his Qian family was far more powerful than Lord Dog.

But this time,

Before he could finish, he heard a "crack" of breaking bones.

Immediately after,

An excruciating pain spread throughout his body!

"Ah—!!" This chapter was first seen on *.

Qian Baiyu screamed as if being slaughtered, the horrific and painful sight terrified everyone present!

"As for your legs..."

Qin Feng, looking down at him lying on the ground, said indifferently, "I'm too lazy to bend down, but I suppose you won't keep on with your endless prattle, will you?"

"No, no, no..."

Qian Baiyu's face turned pale as he shook his head repeatedly.

"That's better."

Qin Feng nodded, satisfied.

He turned to Su Ruolan and Li Longjun, "Alright, let's go."

While the crowd watched in stunned silence, he walked step by step out of the black market's main gate.

"He, he's a devil..."

People thought.

They stepped out of the main entrance.

Li Longjun's Hummer was parked at the gate. He said to Qin Feng, "Mr. Qin, Lord Dog instructed me to take you directly to the Mu Family to treat the Second Lady Mu tomorrow."

"That's fine." Qin Feng nodded.

The car started.

Li Longjun, who usually spoke little, finally couldn't restrain himself and asked Qin Feng, "Mr. Qin, are you... really not afraid of the Qian Family's retaliation?"

The scene just now.

Had also greatly shocked him.

Having followed Lord Dog for many years, although he was not afraid to fight with Qian Baiyu's subordinates, he dared not directly target him.

Because it would definitely provoke crazy retaliation from the Qian Family.

And.

If it wasn't for Lord Dog's prior explicit instructions to him that he must not let Mr. Qin suffer any disadvantage, even if the Heavenly King himself came, he would still have to protect Qin Feng, he would have definitely tried to stop Qin Feng from taking action just now.

Of course.

Actually, he wanted to stop but it was too late.

One, he never expected him to dare, and two, the distance was too far to intervene.

"Rest assured."

At this moment, Qin Feng waved his hand and said, "I know, you're worried that this trouble will burn Old Guai, it's a minor issue, don't worry."

"..."

Li Longjun was choked up.

Disabled the arm of the Qian Family's eldest young master in front of everyone, and still calling it a minor issue.

Who exactly is he?

...

The moonlight was bright, and the night was quiet.

Southwest, Gui City.

Painful screams of Qian Baiyu could still be heard from inside the Qian Family villa.

The Qian Family elders, one by one, had grim expressions and sat in the hall.

Qian Baiyu's Second Uncle, Qian Tianxiang, spoke, "This vengeance must be avenged! Otherwise, the Qian Family cannot have a foothold in the Southwest!"

"I agree!"

Qian Baiyu's Third Uncle, also filled with righteous indignation, said, "That mad dog actually dared to provoke us, he really has a death wish!"

At this moment, Old Sir Qian coldly said, "You bunch of useless people, is this the issue we should be discussing right now? We must seek revenge! What we need now is to wait for news, to see why that usually lowly mad dog suddenly dared to bite!"

"Right, right..."

"Now that you mention it, perhaps it's because of that bastard indeed, that bastard managed to cripple Oxhead and Horseface in the blink of an eye, his strength must be extraordinary."

"But the information we could find clearly says that guy is just a worthless visitor from Little Lake City, it's been confirmed."

"..."

Everyone fell silent.

At this moment.

The phone of Qian Baiyu's Second Uncle rang.

After answering, he told everyone, "There's news. Lord Dog has directly taken his two people to the Yun City Mu Family."

"The Mu Family?"

Everyone was puzzled, "What are they doing at the Mu Family?"

"The Family Head is also at the Mu Family, news came saying they are guests invited by Lord Dog to treat the Second Lady Mu," Second Uncle Qian explained.

"I see now!"

Third Uncle Qian, seemingly having an epiphany, said, "Isn't Lord Dog betting with our Qian Family on treating the Second Lady Mu? He would rather offend our Qian Family just to protect those two, putting his future hopes on them!"

"That's right!"

Second Uncle Qian thoughtfully said, "That Su Ruolan is the granddaughter of Holy Doctor from Lake City, also called a medical genius, Lord Dog must have specifically invited her to treat the Second Lady Mu."

"If that's the case, then Lord Dog is finished." Third Uncle Qian laughed, "The Second Lady Mu's sickness hasn't been cured by Holy Doctors either? Yet they brought in a newbie, really misguided."

"Yeah! I guess Lord Dog is just clutching at straws in his desperation, ha ha..."

"..."

After clarifying the cause and effect, everyone relaxed.

They did not believe that Lord Dog could win.

At this moment, Old Sir Qian said indifferently, "After winning tomorrow, we can use the excuse of Bai Yu's broken arm to take down all of that mad dog's assets in one stroke..."

Chapter 144 - 144 A Beauty in the North, Unparalleled and Independent!

"Brilliant!"

As the old man spoke, everyone's expression was taken aback, their eyes revealing excitement!

Previously, the Qian Family had made a bet with Lord Dog regarding the Second Lady Mu's healing.

If they lost,

they would transfer the ownership of two newly acquired mines to Lord Dog.

If they won,

they would get from Lord Dog the five largest entertainment clubs in the Five Southwestern Provinces.

It seemed like the Qian Family was at a disadvantage with this bet.

But the mining of the Qian Family's mines was risky, and if the gold or jade veins inside didn't reach a certain scale, the overall investment would be a loss.

And these two mines, being domestic, were statistically unlikely to yield large deposits.

The Qian Family had spent a total of four billion yuan to go through all the mining rights and procedures.

In comparison,

those five entertainment clubs owned by Lord Dog were worth much more.

Of course,

what the Qian Family wanted was not money but status!

The Qian Family was not short of money.

But if they wanted to climb higher, they needed influence in society in addition to the jewelry industry.

If they took over those five entertainment clubs, it would increase their dominion in the Southwest.

The most important point.

The Qian Family dared to make the bet because the doctor they hired came from the Hidden World, with medical skills above the Holy Doctor and second only to the Three Great Divine Doctors!

So, this was a certain win for them!

The Qian Family could already imagine, if Lord Dog lost, he would certainly fall from power, and his other industries would become targets for others, wondering how to find an excuse to take them down. Now, the excuse had presented itself.

Qian Baiyu's broken arm was a good reason!

"That arm of Bai Yu's was worth breaking!"

Everyone laughed in agreement.

...

Adjacent to Gui City, in Yun City's southeastern suburban villa by the lake, lies the Mu Family Manor.

The manor was vast.

The houses were all of antique style; the open space inside was filled with flowers and plants, and under the serene moonlight, one could hear the chirping of crickets, making the place extremely tranquil.

"This place is really nice."

Qin Feng, who was following behind Li Longjun, commented as he breathed in the fresh air.

At this moment,

a person hurriedly rushed out from a three-story mansion in front of them.

From the way he limped along with a crutch, it was clear that he was Lord Dog himself.

Lord Dog, not caring about his hobbling gait, hurriedly approached Qin Feng with a look of anxiety and asked, "Mr. Qin, I heard that... you have a conflict with the Qian Family's eldest son, and you broke his arm?"

"Yep."

Qin Feng nodded calmly.

"Oh no, what should we do..."

Lord Dog's face showed urgency.

Li Longjun, who was by his side, frowned upon seeing this.

He had been following Lord Dog for many years.

This was the first time he had seen him in such a rush.

Was it really that incident that had such a bad impact on Lord Dog?

If he had known earlier, he would have stopped Qin Feng at that time.

Su Ruolan, upon seeing this, also slightly furrowed her brows.

Even Lord Dog was so afraid of the Qian Family; how would Qin Feng deal with the Qian Family's impending frenzied retaliation?

While they were each worried,

Lord Dog still looked anxious and continued, "Qin Ye, I know this is difficult for you, but later you must control yourself! Bai Yu's father is also at the Mu Family, and you mustn't act against him now; it would affect the bet. You have to wait until after the bet concludes before you take action..."

"My temper is quite good," said Qin Feng.

"That's good, that's good..." Lord Dog wiped the sweat from his forehead, finally relieved.

"..."

Li Longjun and Su Ruolan were now confused.

Brought to you by the folks at *.

So Lord Dog's worry was not about the Qian Family's retaliation, but that Qin Feng would act against the Qian Family Patriarch.

Just how formidable was he that Lord Dog was worried about this...

"You all go ahead inside! I need to use the restroom first."

Qin Feng said.

"Okay, we'll wait for you in the hall."

Lord Dog replied.

After letting them go first.

Qin Feng glanced around, blinked blankly, and forgot to ask where the restroom was.

There was no one around, and he couldn't even ask if he wanted to.

"Right, there's no one around!"

Qin Feng then went over to a rockery at the end of the grass, and watered the flowers and plants beside the rockery, instantly feeling relaxed and refreshed, muttering to himself, "You little flowers, little grass, consider yourselves lucky to have met me..."

Just at this moment.

He suddenly looked up and saw a woman by the lake on the east side of the rockery!

The woman stood gracefully, with an exceptional bearing.

A pair of bright eyes, looking around with charm.

A nose delicate and upright, lips like a rainbow.

Under the moonlight.

Her stunningly beautiful face was even more like jade, like an immortal.

Hair strands by her ear, gently swaying in the night breeze, like the soft caress of spring willows.

The glimmer of the lake surface reflected in her beautiful eyes, revealing a trace of melancholy, making her beauty all the more charming.

Subconsciously, Qin Feng thought of a poem:

A beauty lives in the North

Peerless and independent

A glance from her tumbles the city

Another glance risks the nation

How rare is the beauty that can tumble a nation and a city!

...

This moment.

Qin Feng finishes his business, shivers, and then comes back to his senses, just about to fasten his trousers.

Little does he know.

The woman turns around to leave, just as she looks this way!

Immediately after.

She takes a sharp intake of breath, turns her head away, and exclaims, "Who's there?! How can someone be so indecent!"

"Misunderstanding..."

Qin Feng hurriedly fastens his trousers, wanting to explain further.

But he probably won't be able to clear the misunderstanding, and he hurriedly runs away...

The grand lobby of the residence.

Many people are drinking tea while waiting.

Several elders of the Mu Family are also here.

But from their expressions.

These elders seem very unhappy.

They have always opposed using the Moon Concealing Stone as the reward for treating the Second Lady, since it is the family heirloom, the cornerstone of the Mu Family's rise!

But the Family Head insists on it, and they can't do anything about it.

Apart from the Mu Family's people, there's also the Qian Family Patriarch Qian Tianao, and two invited Holy Doctors from the Hidden World.

Qian Tianao has a gloomy face.

It is apparent that he's already heard about his son's arm being severed by someone sent by Lord Dog, and he glares at Lord Dog, saying with a deep voice, "Old Li, you've been becoming more and more audacious recently!"

The Family Heads of the Southwest Eight Kings, being in a similar position to Lord Dog, do not need to address him with an honorific title; they just call him by his surname.

"Look, Old Qian, you better stop talking nonsense. I'm really doing this for your own good, otherwise, a hundred lives wouldn't be enough for you, really, I'm not trying to scare you," Lord Dog says with a wry smile.

"You, you..."

Qian Tianao is furious, snorts coldly, and says, "Hmph, I'll remember this debt!"

"You'd be better off forgetting it, really, it's for your own good..."

Lord Dog wryly smiles again.

At the same time.

He is also secretly relieved that Qian Tianao didn't fly into a rage right then and there.

It's very likely it's just as he expected: to hold back for now, complete the gambling agreement, get everything he's supposed to receive, and then settle the account with Qian Baiyu.

He can also guess that the reason Qian Tianao is holding back now is that he wants to use this as an excuse in the end to swallow him whole.

But he's miscalculated.

On his side is Qin Feng...

This moment.

Qin Feng, who has finished his business, arrives in the lobby.

Lord Dog stands up, obsequiously wipes the seat with his sleeve, and invites Qin Feng to sit down.

Seeing this, Qian Tianao and the people from the Mu Family can't help but feel puzzled.

He is nicknamed Mad Dog.

They have never seen Mad Dog treat anyone with such respect before...

Chapter 145 - 145 I'm Married Now!

Lord Dog and Qian Tianao's invited Doctors have all arrived.

The Uncle Mu spoke at this moment, "Gentlemen, let's get ready to proceed with the diagnosis first! As for any wager between you two, our Mu Family shall not interfere. Following the instructions of the Family Head, if you can cure Mu Jianglin, in addition to bestowing our Mu Family's Moon Concealing Stone, we will also extend a marriage proposal to Mu Jiangyue from our family."

"Oh?"

At this, Qin Feng blinked and asked Lord Dog, "Wasn't it just for the Moon Concealing Stone? Why include marriage too?"

"That's Mu Jiangyue!"

Lord Dog's eyes lit up as he said, "Mu Jiangyue, despite her young age, is already exceptionally gifted and holds the position of the Mu Family Head. Furthermore, she's considered the number one beauty of the Southwest; countless individuals covet her!"

"Why didn't you mention this before?" Qin Feng said in annoyance.

"This was a decision made by the Mu Family in the afternoon; I didn't know about it earlier," Lord Dog explained.

Qin Feng sighed and said, "The Mu Family is compassionate and noble; it's rare to see such willingness to pay such a high price to save a life."

What he didn't know was that the Mu Family had made this decision also because of the affair concerning the Moon Concealing Stone.

To save her sister Mu Jianglin, Mu Jiangyue was willing to use the Moon Concealing Stone as a bargaining chip, which greatly displeased them.

Though displeased.

They also believed that Mu Jianglin's illness was incurable, that no one could heal her, and thus didn't take it too seriously.

But then.

Qian Tianao managed to invite two Hidden World Holy Doctors, and that was dangerous!

Hidden World Holy Doctors, much more formidable than the Mortal World's equivalents, were only slightly lesser than the Three Great Divine Doctors, and the chances of curing her were significant.

So, they devised a plan—to force Mu Jiangyue into marriage!

You, Mu Jiangyue, are willing to give away the Moon Concealing Stone for your sister's sake?

Then muster the courage to offer yourself as a reward too!

Unexpectedly, she agreed.

This suited them just fine.

As the Family Head of the Mu Family, if they could marry off Mu Jiangyue, then they would have a chance to assume the position of Family Head!

Although they couldn't keep the Moon Concealing Stone.

But compared with obtaining the position of Family Head, it seemed much less important.

At this moment.

Hearing the information that Mu Jiangyue would serve as a bargaining chip for treatment, even the ever-composed Qian Tianao couldn't help but have his eyes shine and swallow hard.

That's the number one beauty of the Southwest.

Even nationwide, maybe worldwide, she ranked remarkably high.

Who under the heavens would not be moved?

Qin Feng then said to Lord Dog, "Let's make it clear, I shall cure the illness, but cannot marry her. I already have a wife."

Pfft—!

Upon hearing this, everyone internally spewed blood.

Damn it!

It's as if you could cure the illness!

Moreover.

With the earth-shattering beauty of Mu Jiangyue, craved by countless wealthy and noble families, you—such an insignificant character—are putting on airs!

"Hilarious."

Qian Tianao laughed loudly, "Old Li, this is the Doctor you invited? He's simply a joke."

Seeing this, Lord Dog quickly glanced at Qin Feng with shock, afraid he would lash out at Qian Tianao on the spot.

Fortunately, Qin Feng acted as though he hadn't heard it and ignored him.

Lord Dog breathed a slight sigh of relief and warned Qian Tianao, "It'd be best if you kept your mouth shut. Say one more word, and you might end up dead!"

"Hmph!"

Qian Tianao scoffed contemptuously, "You've been duped and don't even realize it. It's pitiful! As far as I know, it's Su Ruolan who is the Doctor, and the one you so respectfully call Qin Feng is nothing but a good-for-nothing son-in-law from a minor family in Lake City."

"You—you really have a death wish, huh? Shut it now!"

Lord Dog was really afraid Qin Feng would get angry. After scolding Qian Tianao, he quickly reassured Qin Feng, saying, "Please, don't be angry over the petty words of lesser men..."

"No bother, I can't be bothered to waste my breath on ants."

Qin Feng shrugged his shoulders.

"That's good, that's good..."

Lord Dog breathed easier once again.

Witnessing this, Qian Tianao sneered disdainfully. Please read this chapter on its original platform—*.

"Daring to call me an ant? Heh, that's truly overestimating yourself!"

"You, a mere worthless in-law, don't tell me you're so ignorant to think just by seeking the Holy Doctor's granddaughter, you can surely cure Second Lady Mu's illness, then Old Li gets my two mines, and you believe he can compete with our Qian Family?"

"That's utterly delusional!"

"There are ranks even among Holy Doctors, let alone you're only seeking a granddaughter of one. But the two I've invited are Hidden World Holy Doctors from the Three Great Divine Doctors."

"So, you should be crying and praying right now, not here pretending to be all that!"

Done speaking,

Qin Feng just gave him a faint glance and then stopped bothering with him.

"You..."

Qian Tianao's face flushed with anger.

To think he was scorned and ignored by such a lowly in-law.

He wanted to move forward and curse Qin Feng.

At that moment,

Mu Jiangyue returned from outside, immediately capturing his attention!

She was so beautiful.

Like a fairy on earth, stunning beyond measure!

Even the two usually prideful Hidden World Holy Doctors he had invited unconsciously widened their eyes, shocked by her beauty.

"Mr. Qin, he is the Mu Family Patriarch, Mu Jiangyue."

Lord Dog whispered.

Seeing Qin Feng with a surprised look, he thought Qin Feng was also captivated by Mu Jiangyue's astonishing beauty and smirked triumphantly, "See, I was right! She's truly a great beauty!"

At this moment,

When Mu Jiangyue saw Qin Feng, she was momentarily stunned, recognized him, frowned, and said, "You shameless wretch, what are you doing in our Mu Family!"

"Misunderstanding, misunderstanding..."

Qin Feng awkwardly chuckled twice, not expecting that even in the dark, she'd recognize him.

"Still trying to argue? Get out!"

Mu Jiangyue said angrily.

Everyone was puzzled, not knowing what had happened.

Lord Dog hurriedly stepped forward to explain, "Miss Mu, he's the doctor I invited for Second Lady Mu."

"Doctor?"

Mu Jiangyue was slightly startled.

She was concerned about her sister Mu Jianglin's illness. Hearing he was a doctor, she restrained herself.

Lord Dog, still confused, asked Qin Feng, "What on earth happened?"

"Oh, remember I went to the bathroom just now? She accidentally saw me," Qin Feng said helplessly with a shrug.

Damn!!

Lord Dog was dumbfounded.

No wonder Mu Jiangyue, upon seeing him, looked like she wanted to kill him!

She saw him; it should be an honor, yet here he is looking so wronged, no wonder she wants to kill him...

At this moment,

Not only did Mu Jiangyue want to kill him.

Even Qian Tianao and others were grinding their teeth with hatred, wanting to chew him up slowly in their mouths.

It was like a piece of flawless jade had been dirtied by him.

Meanwhile, Qin Feng still looked innocent.

Obviously, he was the one at a loss, so why does it seem everyone hates him?

"Alright, it's getting late, let's all proceed to the diagnosis," said Uncle Mu at this point.

Soon,

Everyone arrived at the door to Second Lady Mu's chamber.

Mu Jiangyue said, "We'll start with the diagnosis tonight, followed by treatment tomorrow. Of course, if it can be treated right away, that would be best."

The door opened.

Qin Feng and the others walked into the room one by one.

Upon entering,

They were greeted by a strange fragrance, like wildflowers and grass, refreshing to the heart...

Chapter 146: Emperor Qin?

Qin Feng noticed a "Purple Ling Grass" on the windowsill.

The refreshing fragrance that permeated the heart and spleen came from it.

Purple Ling Grass, a kind of Spirit Grass, not only purifies the air but also emits bursts of fragrance and replenishing Spiritual Energy to the human body.

This grass is very expensive.

Starting from fifty million, usually only those from the Hidden World would use it.

Unexpectedly, Mu Jiangyue had bought one just to aid her sister's illness.

On the bed.

A woman dressed in white was lying there quietly, like a sleeping beauty.

But her face was pale, without any trace of blood color.

Her breath was extremely weak, as if it could fail at any moment.

"Do she look just like you?"

Qin Feng looked at Mu Jiangyue.

Mu Jiangyue frowned slightly, not wanting to pay attention to the despicable Qin Feng.

Lord Dog whispered from the side, "The two of them are twin sisters."

At this moment.

The two doctors invited by Qian Tianao said, "Let us examine her first."

They went to the bedside and began to check her pulse, examine her eyes, and so forth.

Both the doctors diagnosed her with a somber expression.

Seeing this, Mu Jiangyue felt increasingly anxious.

Qian Tianao whispered, "Miss Mu, rest assured, these two are specially invited by me from Feihe Mountain; they come from a family of doctors. The slim and tall one on the left, Doctor Yu Huitian, is first-rate at acupuncture, and the slightly fatter and shorter one, Doctor Yu Huichun, excels at prescribing medicine, and can even perform Alchemy."

"Really?"

Mu Jiangyue, hearing that they could perform alchemy, her eyes showed a glint of surprise and hope.

Anyone involved in Alchemy must have incredible mastery over medicinal materials.

And these two were Holy Doctors from the Hidden World.

Perhaps, there was hope for her sister.

After quite a while.

The two finished the diagnosis and sighed deeply.

Seeing this, Mu Jiangyue's anxiety grew, "Doctor Yu, how is it?"

"Difficult!"

Yu Huitian spoke.

At his word, Mu Jiangyue's heart skipped a beat, and her legs nearly failed to hold her upright.

"But, I think it might still be possible."

Yu Huitian continued.

"..."

Mu Jiangyue's sinking heart rose again, and upon hearing the word "possible," her beautiful eyes were touched with immense joy and became somewhat moist.

"Fortunately, two years ago, I visited Dragon and Tiger Village and was taken in by Beidou Divine Doctor. Under his guidance, I learned a set of acupuncture techniques, and coupled with the medicines my younger brother prepares, it might be of use," Yu Huitian confidently stroked his goatee.

"Guided by Beidou Divine Doctor?!"

The crowd was astonished.

Especially Mu Jiangyue, who was nearly moved to tears, realizing their impressive capabilities—they were disciples of the Beidou Divine Doctor!

Qian Tianao was even more excited.

He hadn't expected that the people he invited had such impressive backgrounds!

If he served these two well in the future, the Qian Family would surely take a great leap forward!

"Cough cough..."

At this moment, Qin Feng coughed dryly twice and said with a touch of embarrassment, "Beidou Old Divine Doctor had only two disciples in his life, one male and one female. How did he accept you as a disciple? Besides, it seems that old man has declared publicly that he would never take disciples ever again, didn't you know?"

At this time, Mu Jiangyue was also slightly puzzled, "There are rumors that after taking two disciples, Beidou Divine Doctor announced that he would not take any more disciples."

"You, you..."

Yu Huitian's face darkened as he coldly said to Qin Feng, "What could you, an ordinary mortal, know? It's true that Beidou Divine Doctor has only two disciples, but who said we are his direct disciples?"

"Right, we only said that we are disciples from his lineage!" Yu Huichun also followed up.

"He has two famous disciples under his charge, one is 'Phoenix' and the other 'Emperor Qin'. The two of us brothers have taken 'Emperor Qin' as our master!" Yu Huitian's head raised slightly, a look of pride on his face.

"Ptui!"

Qin Feng nearly spat blood, caught between laughter and tears. Since when did he take these two clowns as disciples?

"From what I know, 'Emperor Qin' is only in his early twenties. You guys took him as your master?"

Qin Feng said with a mix of jest and disbelief.

"Hmph! That just shows your ignorance!" Yu Huitian glanced at him with contempt, assertively saying, "The capable are not judged by age. Not only is 'Emperor Qin' a disciple of the Beidou Divine Doctor, but his medical skills are also outstanding, extraordinary beyond compare. Becoming his disciples is a blessing we have cultivated over a thousand lifetimes!"

"This, this works?"

Qin Feng didn't know what to say after being praised like this.

"You don't know shit!" Enjoy the story by reading on *.

Qian Tianao also called out coldly at this moment, "A bottom-feeder from a no-name family, what qualifies you to know all this? If 'Emperor Qin' were here, it would be right for all of us to kneel and worship, yet you dare speak such nonsense here!"

"...Okay then!"

Qin Feng was almost in tears from laughter, and then said to Yu Huitian and the other, "Whether or not you two are 'Emperor Qin's disciples aside, the Beidou Old Divine Doctor left Dragon and

Tiger Village three years ago, and 'Emperor Qin's whereabouts are unknown. You said you went to Dragon and Tiger Village two years ago to take him as your master. How do you explain that?"

"You don't know a thing!"

Yi Huitian snorted at the question, disdainfully said, "How sacred is Dragon and Tiger Village? For a mundane person like you, it's a place you couldn't enter in your lifetime. How would you know whether the Beidou Divine Doctor and Emperor Qin have left or not? Ridiculous!"

"That's right!"

Yu Huichun also scornfully added, "Dragon and Tiger Village is beyond your wildest dreams. Don't think that whatever you hear and think it's true. Their world is too far away from people like you."

"..."

Qin Feng was left speechless, completely defeated by the two of them.

Seeing him fall silent, Qian Tianao sneered triumphantly beside: "Next time, don't spout nonsense if you don't understand, otherwise, you'll only be laughed at!"

Qin Feng couldn't be bothered to engage with him.

Yu Huitian and Yu Huichun, the two brothers, turned to Mu Jiangyue and said, "Give us one night to prepare. We'll begin treatment tomorrow. Also, I've listed some medicinal ingredients, you must prepare them tonight and deliver them to my room early in the morning."

"Sure, thank you so much, Doctors!"

Mu Jiangyue bowed her thanks.

Joy flickered in her eyes—there was finally hope for her sister's illness.

Yu Huitian and his brother soon finished writing down the medicinal ingredients and handed her the list.

She looked over it and her brow furrowed immediately.

Thousand Bird Fruit.

Spirit Grass.

Hundred-leaf Flower.

Jade Bone Lotus.

...

All on the list were rare medicinal materials!

And.

Some of the ingredients listed were extremely hard to find and exorbitantly priced.

Like the "Jade Bone Lotus," found only in the Northwest Tian Mountain among the glacier peaks. Even for a highly skilled individual, it was a matter of chance to find it, and a single plant was worth eighty million!

And the Thousand Bird Fruit.

Found only within the vast Qinling Mountains, likewise a matter of luck to come across!

Collecting these by tomorrow night would be incredibly difficult.

And.

The total value of these ingredients was likely to exceed one billion!

"Is there a problem?" asked Yu Huitian indifferently, "These ingredients are all for saving your sister."

"...No problem."

Mu Jiangyue said.

"Good, then get going!" Yu Huitian stood up and said.

As they were about to leave.

Qin Feng blinked blankly and said, "I haven't made a diagnosis yet."

"You?"

Yu Huitian cast a contemptuous look at him, "Letting you look would just be a waste of time."

Chapter 147 - 147 Consider for One Night!

Qian Tianao also scoffed disdainfully, saying, "A nobody from an insignificant family, do you really think you're capable?"

Lord Dog sighed again upon hearing their disrespect toward Qin Feng, saying, "Ah, I've warned you several times now, don't blame me when the time comes."

Mu Jiangyue glared at Qin Feng.

But she still decided to let him try, after all, he was brought by Lord Dog.

Qin Feng and Su Ruolan stepped forward to take the pulse of the Second Lady Mu.

Afterward, both of them looked worried.

Seeing this, Yu Huitian sneered from the side, saying, "How is it, realizing your own limitations now, aren't you?"

Su Ruolan sighed softly and said, "I have indeed never seen such a disease before. From a pathological perspective, her body fluctuates between hot and cold, her blood flows without pain, accompanied by heart disease, and her viscera are all lifeless. Under these conditions, I'm afraid there is only one 'Spiritual Medicine' that could be effective..."

"Oh? What Spiritual Medicine?" Mu Jiangyue hurriedly asked.

"Dragon Saliva,"

Su Ruolan said softly.

Meanwhile, as she spoke.

Her gemstone-like beautiful eyes glanced at Qin Feng subconsciously.

Dragon Saliva!

Capable of creating an Oasis in the desert, transforming a field of mulberry trees into a sea.

Su Ruolan diagnosed the Second Lady Mu's condition not as a disease but as a gradual loss of vitality.

Superstitiously speaking, it was as if her fate was sealed; even without illness, she couldn't live.

Of course, there were still solutions.

For instance, irrigating with Dragon Saliva could bring the dead back to life.

"Dragon Saliva?!" R+e!a^d@e@r su#pp!or^t. at M&*V@LE-M*P.Y-R! m^a&d.e t$h#i+s& t#ra#nslat!i&on* possi%bl.e.%

Mu Jiangyue's eyes widened.

Yu Huitian and Yu Huichun also brightened at that moment, muttering thoughtfully, "Right, this condition can be completely treated with 'Dragon Saliva'..."

After muttering,

Yu Huitian quickly adjusted his expression and arrogantly said, "Your suggestion, we've thought of that already! Dragon Saliva, who doesn't know it's an excellent Spiritual Medicine? But come on, Dragon Saliva is just a legend, who knows where to find it? That's why we didn't mention this treatment!"

"Yeah, yeah, you talked so much, but without being able to find such a thing, it's the same as having said nothing!"

Yu Huichun also chimed in with a sneer.

Su Ruolan then looked at Qin Feng once again, hesitating to speak, and finally shook her head regretfully at Mu Jiangyue, indicating she was powerless.

She knew Qin Feng possessed "Dragon Saliva."

But this was something his grandfather mentioned, and its veracity was still unknown.

If it was true, then it was all the more reason to keep quiet.

The effects of Dragon Saliva were too wondrous, and he might be captured and treated like a lab rat for research.

Moreover, since Qin Feng had not spoken up, how could she speak first?

At this moment.

After she shook her head, Qian Tianao laughed triumphantly, sneering, "I told you so, letting you diagnose was just a waste of time."

"Mr. Qin hasn't given his opinion yet!"

Lord Dog interjected at this time.

"Heh, you even venerate him as 'Lord'? Ridiculous. Among the two, only the young lady has real talent; he is nothing but a good-for-nothing!" Qian Tianao laughed loudly.

"You, you..."

Lord Dog was really at a loss with him.

Fortunately, Qin Feng had a "good temper" and wasn't provoked.

He looked toward Qin Feng.

Qin Feng sighed at this moment, and then he spoke, "This disease is curable, and it can be done right now."

What?!

Everyone was astonished, looking at him.

Especially Mu Jiangyue, who exclaimed in surprise, "Really? Right now?"

"Really." Qin Feng nodded.

Qian Tianao's eyebrows knitted tightly, and he immediately said, "Impossible, the Mu family has consulted so many famous doctors and Holy Doctors, none could do it. How could someone like you possibly?"

"Hmph, we don't believe it either!"

Yu Huitian and Yu Huichun also echoed.

Mu Jiangyue looked at Qin Feng again and said, "Then... can we start the treatment now?"

"No."

Qin Feng shook his head, looking deeply conflicted.

"Why?"

Mu Jiangyue hurriedly asked.

"Because... never mind, I'll think it over tonight!"

Qin Feng sighed.

Pfft!

Qian Tianao almost laughed himself out of breath, exclaiming, "If you can't do it, just say so, but to 'consider' it, you're really putting on a show—I have to hand it to you—I say, Old Li, where did you find such a top-notch character, hahaha..."

"Keep laughing, keep laughing, you'll be crying soon."

Lord Dog had already given up on trying to persuade and "save" him, as long as Qin Feng didn't get angry.

Mu Jiangyue also sighed in disappointment at Qin Feng, thinking to herself: "I never should have had any hope for this scoundrel..."

After the diagnosis.

Mu Jiangyue arranged a dinner for them and prepared guest rooms.

Then she utilized all of the Mu Family's connections to collect all the rare medicines needed by Yu Huitian and his group overnight.

In the room.

After taking a bath, Qin Feng lay comfortably on the bed, thinking of video chatting with his wife Xu Yunxiao.

Next door, Su Ruolan knocked and entered.

She was dressed in a white camisole nightgown, extremely beautiful and sexy.

"What's the matter?" asked Qin Feng.

"I... changed places, and I'm having trouble sleeping," Su Ruolan said embarrassedly.

"It seems to be the case, you never sleep well when you're out," Qin Feng said with a smile.

"..."

Su Lan's face flushed with color.

Thinking back carefully.

She had "slept" with him several times now, and nearly every time he took advantage of her.

Previously, during their adventure on Nine Dragons Mountain, she intended to sleep in Lin Xue'er's tent, but Lin Xue'er switched with Qin Feng, and she unknowingly spent the night sleeping with him.

That night in the cave, his hand reached into her embrace unintentionally.

Last night, she was drugged by Chen Hao and almost forced him...

The more she thought about it.

Su Ruolan's face became redder, and she even felt a bit inexplicably delighted.

She couldn't think any further.

She hurriedly gathered her thoughts and changed the subject, asking Qin Feng, "Speaking of which, did you refuse to treat her because you were worried about the impropriety between men and women?"

"Ah? How did you know?" Qin Feng was startled.

"Have you forgotten when you treated me last time?" Su Ruolan's calm face showed a blush, "Last time in Imperial Ginseng Hall, you used 'Dragon Saliva' to treat my Cold Heart Syndrome."

Qin Feng's spirit was jolted, his eyes slowly widening as he said, "You know I have 'Dragon Saliva'?"

"Yes, my grandfather told me."

Su Ruolan said.

"..."

Qin Feng was astonished.

Dragon Saliva, that must not be revealed!

Otherwise, it could very likely expose his identity as "Emperor Qin."

Last time Su Ruolan's Cold Heart Syndrome flared up, he was driven by necessity to save her using Dragon Saliva.

He thought that those in the Mortal World would not recognize it.

He didn't expect her grandfather to have such insight.

It seems her grandfather had put a lot of effort into her illness, even researching up to Dragon Saliva.

"Don't worry, my grandfather and I will absolutely not reveal it!"

Su Ruolan said hurriedly at this moment.

"Thank you."

Qin Feng gave a bitter smile.

But upon careful thought, it wasn't really a big deal.

Even if he told others, they might not believe it.

"Are you hesitant about using 'Dragon Saliva' for treatment because you would need to kiss her, and that's why you've been indecisive and considering?"

Su Ruolan said.

At the same time.

She was also secretly delighted in her heart.

When treating her with Dragon Saliva, he kissed her without hesitation, but now with Second Lady Mu, he was hesitating.

He... indeed treated her a little better.

Chapter 148: Drizzle, Can't Moisturize the Desert!

Su Ruolan was secretly pleased and then added, "Actually, I mean to say that a healer should see no gender; as long as it's helpful in saving someone, it should be fine."

"I understand that principle, but..."

Qin Feng sighed with difficulty.

The real situation was far more serious than what Su Ruolan had imagined.

He had discovered that Second Lady Mu's illness had been left untreated for too long and had reached a critical point.

Dragon Saliva was indeed useful, but it was akin to trying to douse a cartload of flaming wood with a cup of water.

Just like light rain that cannot moisten a parched desert.

Now, the only method was to maximize the effects of Dragon Saliva Holy Water through Yin Yang Complementary means, turning light rain into a torrential downpour to be effective.

What is Yin Yang Complementary?

Simply put, it means to perform marital relations.

If it were just a simple Dragon Saliva kiss, Qin Feng could accept that.

But it would mean betraying his wife Xu Yunxiao if he had to do that with Second Lady Mu.

Back in Lake City, he had withstood the temptations of Shen Lu, Jiang Yuexin, and others time and again, finally, even when Su Ruolan was drugged yesterday, he clenched his teeth and made it through. Holding out till today wasn't easy!

How could he do something to betray his wife?

Therefore, Qin Feng was extremely conflicted.

Seeing him still tangled in dilemma, Su Ruolan felt an inexplicable joy, thinking when he was eating her tofu, he hadn't hesitated like this; could it be that he had feelings for her? Th&is co@n&tent is ho-ste-d% at *.

Thinking of this.

Her cheeks flushed with color.

At that moment.

Qin Feng's cellphone rang; it was a WeChat video call from Xu Yunxiao.

Seeing this, Su Ruolan, feeling guilty like a thief, quickly stood up and said, "I, I'll go back to sleep."

"..."

Watching her hastily leave, Qin Feng wondered what she was panicking about.

The video connected.

Xin Feng saw Xu Yunxiao in the video, wearing a nightgown and rimless glasses, leaning against the headboard looking exceptionally beautiful and sexy. He said, "Honey, missing me?"

"Get lost! Who's missing you!"

Xu Yunxiao glared at him and said, "Tell me, if I didn't video call you, would you even think to call me?"

"Not at all, I was just about to video call you, a colleague just came to see me."

Qin Feng lied.

"Wow..."

Xu Yunxiao was surprised to see the room where Qin Feng was staying through the video call and exclaimed, "You guys stay in such a nice hotel on business trips? Must cost quite a lot per night, huh!"

"Heh heh, as long as you like it, we can decorate our house like this too, when we go back." Said Qin Feng with a smile.

"Where's the money to buy a house; have you forgotten when we met Chu Yuxuan last time, you gave me a million yuan to invest in the company, we don't have spare cash." Xu Yunxiao sighed.

"Uh, don't worry, there will be some, I'll work hard."

Qin Feng said.

Thinking to himself that once the villa No.1 at Cloud Peak was renovated, he'd still have to find an excuse to tell her.

"Hey, I told you to come work at my company, be a salesperson or in public relations to gain some experience, but you insisted on being a waiter at Wanfu Building, how can you work hard, really."

"Waiters can also achieve success."

"Forget it, forget it, the company is in a mess right now, we need talent, and there's no way to bring you in for training. By the way, when are you coming back? I've bought two new quilts, you pick whether you want the blue one or the yellow one."

Qin Feng paused for a moment, blinked, and said, "Aren't we supposed to share one quilt?"

"...Get lost!"

Xu Yunxiao's face turned red, and she glared at him, "I'm warning you, don't take a mile when given an inch. I agreed to let you sleep on the bed, but I didn't agree to anything else. You better behave, or I'll make you sleep on the floor again!"

"Alright, alright..."

Qin Feng hurriedly nodded in fright.

Finally, he was able to sleep in bed and must not roll back to the liberation time.

The two finished chatting.

Qin Feng put down his phone and delightfully turned over to sleep.

He had decided.

He must not do anything to betray his wife.

So, he would rather let the Qian Family win, give up the Moon Concealing Stone, than betray his wife!

That's settled!

...

The next day.

The lobby of the Mu Family mansion was full of guests!

The Mu Family, which usually preferred quiet, only entertained those who came to treat the second daughter.

But today's visitors were all big shots from the Southwest.

For instance, people from the Liang Family, the Tan Family, the Gu Family, etc., who were also part of the Southwest Eight Kings, were present.

First, they were invited by Qian Tianao to serve as public witnesses for the wager between the Qian Family and Lord Dog.

Second, they were there to serve as the Mu Family's public witnesses.

If anyone broke the rules, they would face the reproach of the Eight Kings.

Besides them, many other big shots from the Southwest had also arrived.

They came not only for the excitement but also because they heard yesterday that the Mu Family intended to raise the stakes: anyone who could cure the Second Lady could marry the Southwest's most beautiful woman, Mu Jiangyue.

They wanted to see who would be so lucky.

On the other hand.

Yesterday, young master Qian Baiyu of the Qian Family had his arm broken by Lord Dog's men, and now Lord Dog had made a bet with the Qian Family, everyone could anticipate that afterwards, one of these families would fall!

Most people hoped for Lord Dog's defeat.

Because only Lord Dog had risen from an insignificant figure, climbing step by step through the lowest form of fighting to mix amongst the elites.

In the circles of wealthy families.

The most looked down upon and seen as lowly were those who mixed in the underworld.

Moreover.

A considerable number of these people were also eyeing the position of the Eight Kings.

If Lord Dog lost.

They could "loot a burning house" and might even replace him, becoming one of the new Southwest Eight Kings!

Therefore, the Mu Family's hall was extraordinarily lively today, like a banquet being held.

Several representatives of the Eight Kings sat alone at a table, drinking tea and chatting with laughter.

The Tan Family Patriarch said with a smile, "I really don't know what kind of drugs that crazy dog has taken to not consider apologizing after his men broke Qian Baiyu's arm but to think of having a life-and-death struggle with the Qian Family, really seeking his own death!"

"Hehe, isn't that just the characteristic of low-level figures? Often those people have a strong sense of pride, give them a couple of words, and they recklessly engage in fights and killings, just like children, acting without considering the consequences,"

The Liang Family Patriarch also said with a smile.

The Yu Family Master then said, "What's even more amusing is that this crazy dog brought two kids to treat the Mu Family's second daughter. I really wonder if he's lost his mind or what, I laughed all night long after hearing this, haha..."

"From what I hear, it's because of these two people that he dared to completely fall out with Qian Tianao, and he even treats them with utmost respect. Could it be they really can heal the Second Lady Mu?" The leader of the Ghost King Mercenary Corps Group, Ghost King, said.

"Impossible!"

The Gu Family Master laughed and waved his hand, "My second brother, Gu Yuanshan, has businesses in Lake City. I've confirmed with him, one of those kids is the granddaughter of the Holy Doctor Su Muqing, who indeed has some medical skills, but that's all. The other one is even more ridiculous, just a good-for-nothing from a minor family, hahaha..."

"Hahaha..."

Everyone couldn't help laughing.

At this moment.

Led by Mu Jiangyue, Lord Dog, Qin Feng, and Su Ruolan, along with Qian Tianao, Yu Huitian, and Yu Huichun, all arrived in the hall.

All eyes turned to them.

Qian Tianao had a confident look, smiling brightly and greeting everyone.

While no one paid any attention to Lord Dog's group...

Chapter 149 - 149 Treatment Begins!

Of course.

Also, it's not that no one cared.

Tan Family Patriarch said with a smile, "I say, Old Li, why must you torture yourself like this? If there's an issue, can't we just sit down and talk about it? Why stir things up until both fish and net are destroyed? In the end, you're just digging your own grave. Is it worth it?"

"Yes!"

Liang Family Patriarch also sipped his tea and chuckled, "It hasn't been easy for you to climb to your current position, it pains my heart to see this."

"No need for you two to worry!"

Lord Dog said with a furrowed brow.

He could hear the ridicule and disdain in their words.

Ever since he started, climbing up to become one of the Eight Kings, he had never been accepted by them.

In the eyes of these traditional wealthy families,

He was like a nouveau riche who had entered the city, never taken seriously.

Lord Dog didn't want to continue like this.

Therefore, he had spent a lot of effort searching for famous doctors to treat the Second Lady Mu in hopes of fundamentally expanding his other businesses to increase his influence, not wanting others to only think of him as a nightclub owner, despite owning over two hundred nightclubs.

"This must be the two 'Little Divine Doctors' you invited?"

Gu Family Master now looked at Qin Feng and Su Ruolan, purposely mocking Lord Dog with a smile.

How could Lord Dog not know?

Therefore, he ignored him and invited Qin Feng to sit elsewhere.

Seeing him treating Qin Feng with such respect, people could not help but laugh again and shouted at him, "Old Li, do you really know his identity? You're groveling so much to him, yet he's just a worthless loafer, you are truly tarnishing the face of the Eight Kings!"

"Ha ha ha..."

The crowd burst into laughter again.

At this moment.

Everyone had arrived, and Mu Jiangyue wanted to start the treatment as soon as possible. She said to the crowd, "No more words, whoever cures my sister, our Mu family will offer the family treasure 'Moon Concealing Stone' as a reward! Secondly, I myself will also offer myself in marriage to the healer as a reward. Here is the contract, it will take effect after the doctors leave their handprint."

Saying this.

She took out the contract and placed it on the table.

People sighed upon hearing this.

Such a beautiful woman, not to mention marrying her, even spending one night with her was worth a lifetime!

Yu Huitian and Yu Huichun immediately rushed to sign and stamp their handprint.

Su Ruolan was a woman, so she didn't have to.

When it was Qin Feng's turn, he originally did not want to go up and stamp.

But he thought about how he had made up his mind the night before, not to betray his wife, and not to seek healing, intending to deliberately lose to his opponents, so it wouldn't affect the outcome, and went up to sign.

"Some people really have wild imaginations, ha ha..."

Many people below, knowing Qin Feng's reputation as a good-for-nothing, saw him going up to sign and smirked disdainfully.

Qin Feng ignored them.

After signing.

Lord Dog took out a contract, which was for the transfer of ownership of five major entertainment venues under his name.

If he lost, these five entertainment venues would be unconditionally given to Qian Tianao.

People below started discussing, "Those five entertainment venues are each the leading establishments in the Five Southwestern Provinces. If all are lost, Lord Dog will no longer be qualified to sit as one of the Eight Kings."

"Yes! Not only that, once the rising Qian family takes advantage, they will definitely use Mr. Qian's severed arm as an excuse to devour his other properties as well."

"I really don't know what got into his head, betting all his fortunes on two inexperienced kids."

"..."

At this moment.

Qian Tianao also took out two mining transfer contracts.

One was a gold mine.

The other was a jade mine.

If he lost, these two mines would belong to Lord Dog.

People below were also discussing.

"The Qian family is really quite cunning, using Lord Dog's crazy idea of wanting to expand his other businesses to lure him into gambling. These two mines are domestic and won't make much profit from mining. Only an outsider like Lord Dog would easily be deceived..."

"Yeah! That's why people like Lord Dog, who have climbed up from nothing, are ultimately just brutes."

"A hooligan in a suit is still a hooligan at heart."

"..."

After a moment.

As the notaries, the crowd said to the two, "You may begin now."

Then.

The two, along with their invited doctors, followed Mu Jiangyue to the Second Lady's room. Content presented by

Liang Jiuxiang, the Liang Family Patriarch and representative of the notaries, went to observe their treatment.

In the room.

The brothers Yu Huitian confidently said, "I'll go first!"

Seeing this, Lord Dog worried that if they cured her first, they would naturally win, so he quickly looked at Qin Feng.

Qin Feng waved his hand and said, "No matter."

He had already decided not to do anything that would betray his wife, Xu Yunxiao, and even preferred that they succeed in curing the patient so he wouldn't have to intervene.

As for the bet between Lord Dog and the Qian Family, he planned on compensating Lord Dog later, which would be worth far more than the value of a few entertainment venues.

"I will perform the acupuncture!"

Yu Huitian had someone help the unconscious Second Lady sit up.

He took out a silver needle and flicked it lightly.

The silver needle immediately emitted a pleasant metallic sound and the entire needle vibrated intensely.

"This is the Shaking Needle!"

Su Ruolan frowned slightly.

Shaking Needle required the use of Inner Strength.

A doctor's Inner Strength is called Medical Qi.

This indicated that Yu Huitian was one of the rare individuals who had cultivated Medical Qi.

Qian Tianao, seeing him display this technique, felt increasingly triumphant, believing victory was imminent!

Yu Huitian inserted the silver needle into the patient's Bai Hui Acupoint using the Shaking Needle technique.

Then, at acupoints like Shen Ting, Feng Chi, and Yangbai, he also inserted needles one by one.

Half an hour later, the acupuncture session was over.

Yu Huitian, exhausted from using his Inner Strength, drenched in sweat, said, "Done, it's time for the next step!"

Seeing some color return to the pale face of the Second Lady, Mu Jiangyue's eyes gleamed with joy.

Now.

It was Yu Huichun's turn.

He took out a Medicine Pill and told Mu Jiangyue, "This Medicine Pill, crafted from the medicinal materials you gathered last night, will cure the Second Lady's illness once taken."

"Really? That's wonderful!"

Mu Jiangyue expressed happily.

The rare medicinal materials from last night had cost the Mu Family a billion yuan!

Furthermore, several ingredients were obtained only after calling in numerous favors.

Yu Huichun proceeded to feed the Medicine Pill to the Second Lady.

At that moment.

Qin Feng suddenly frowned and called out, "Wait!"

"What's wrong?" everyone looked at him.

"There's something wrong with this Medicine Pill," Qin Feng said.

Yu Huichun immediately retorted, "You're the one with the problem, this is a Spiritual Medicine crafted by experts, you don't know anything!"

Qian Tianao sneered on the side, coldly saying, "Exactly, what do you know? Are you so afraid of us curing her that you claim there's something wrong with the Medicine Pill? Ridiculous!"

Qin Feng, still looking solemn, asked Yu Huichun, "Are you saying this Medicine Pill was made with the medicinal materials Miss Mu gathered last night?"

"That's right," replied Yu Huichun.

"Then why don't I smell Jade Bone Lotus and Hundred-leaf Flower in the Medicine Pill?" Qin Feng asked again.

"..."

Yu Huichun was momentarily stunned; how could he detect that?

Impossible!

Chapter 150 - 150 Three Returns Pill!

Upon hearing this, others were also stunned, but then burst into laughter.

"I say, lad, do you even know what Jade Bone Lotus and Hundred-leaf Flower are? These two medicinal materials are both rare nationwide, a single plant can be worth tens of millions and ordinary people have never even seen them before. You say you can smell them out? Hahaha..."

Qian Tianao couldn't help but scoff.

Liang Family Patriarch, Liang Jiuxiang, even more amused, said to Lord Dog: "Old Li, is this the person you found? Does it have to be so funny, hehehe..."

Mu Jiangyue looked at him, frowned, and shook her head too.

Even she, who comes from a family with a background in traditional Chinese medicine, is quite unfamiliar with these rare medicinal materials, let alone Qin Feng, thus he must be lying.

At this moment.

Qin Feng, however, remained composed and whispered a few words to Lord Dog, who then left the room.

Then, he began to speak again: "Jade Bone Lotus, grows in Northwest Tian Mountain, only exists on cliff sides above 3000 meters of elevation, likes the cold, has a light fragrance, fragrant like a lotus, like an orchid; Hundred-leaf Flower, grows in the vast mountains of Qinling, each petal resembling a leaf, and each having a distinct shape, making them difficult to distinguish."

"..."

Upon hearing this, everyone was astonished. He has such knowledge?

Qin Feng continued: "Jade Bone Lotus is a top-tier rare medicinal material. Because it grows in icy and snowy conditions all year round, it absorbs the cool and icy nature's spiritual energy, so the Medicine Pills that are made from it are naturally cold and retain a crisp, refreshing fragrance."

"Hundred-leaf Flower, also a top-tier rare medicinal material, has a strong and rich fragrance. Even after being processed, it still retains some of its scent."

"And on this Elixir of yours, there's no trace of Jade Bone Lotus or Hundred-leaf Flower."

"..."

After he finished speaking, everyone fell silent, filled with disbelief.

Rare medicinal materials were already difficult for ordinary people to encounter, not to mention top-grade materials. It's likely that even Su Ruolan's grandfather had seen very few of them.

Mu Jiangyue was even more shocked.

She had specifically observed these materials last night, and they smelled just like what Qin Feng described!

How could he know so much about such precious and rare medicinal materials?

At this moment.

In the midst of shock, Yu Huichun became panicked and yelled at Qin Feng: "You, you're talking nonsense! How could you have seen such precious medicinal materials like Jade Bone Lotus, it's all made up!"

"Yes, with your lowly status, you couldn't possibly have seen them, definitely all made up!"

Qian Tianao also shouted.

Qin Feng's lips curled into a smile, saying: "If I'm not mistaken, you didn't use those rare medicinal materials at all, it was all a deliberate scam."

"Vicious slander, spouting nonsense!" Yu Huitian cursed loudly, "Miss Mu, please allow me to kick him out. Having this trash here will only interfere with the treatment!"

At that moment.

Lord Dog, who had left earlier, returned to the room, carrying a bag of items.

Qin Feng signaled for him to open it.

Everyone looked.

Inside were all rare medicinal materials!

Blood Sunflower, Silver Heart Fruit, Jialan Vine, and most importantly, there were Jade Bone Lotus and Hundred-leaf Flower!

"This was found in your room, these must be the materials Miss Mu collected last night, right? Weren't they all supposed to be used in that Elixir on your hand, why are they all here?"

Qin Feng stated.

Upon seeing this, Yu Huitian, Yu Huichun, and Qian Tianao became furious, their faces turning red and bodies trembling: "You, you actually sneaked into our room, you're despicable, shameless!!"

Qin Feng laughed, spreading his hands: "Who really is the despicable and shameless one here? It doesn't matter if you don't admit it, but these materials were collected by Miss Mu, she should be able to recognize them, right?"

At this moment. Always read at the source—*.

The expression on Mu Jiangyue's face turned ashen.

It was now crystal clear, Qian Tianao and the others deliberately demanded a billion's worth of rare medicinal materials, indeed scheming against her!

Seeing the expression on Mu Jiangyue's face, Qian Tianao hastily spoke: "Miss Mu, the process is not important, what's important is the result, right? All you want to see is the second young mistress waking up."

"..."

Mu Jiangyue took a deep breath and nodded, "Yes!"

Despite feeling angry at their actions.

But now she still needed them to treat her sister. As long as her sister could be cured, she could tolerate it.

"Very well, then continue!"

Qian Tianao said to Yu Huitian and another.

At that moment.

Qin Feng spoke again: "Hold on."

"What the hell is it now?"

Qian Tianao was displeased with him.

Originally, a billion was easily within reach, but this guy exposed them on the spot, making everyone feel awkward. It seemed like he was about to cause more trouble.

"Miss Mu has already said that the priority is to cure the person. As for the matter of the medicinal materials, do you still want to meddle?"

Yu Huichun also angrily said.

"It's true, but your Medicine Pills will only worsen the patient's illness,"

Qin Feng stated.

"You're talking nonsense! The medicine I have is Spiritual Medicine. Do you know what Spiritual Medicine is? Even the great Mu Family can't refine Spiritual Medicine, so what makes you say it is ineffective!" Yu Huichun exclaimed.

"Hmph!"

Qian Tianao added, "Don't think that just because you planned ahead, sneaked into our room, knew about the medicinal materials, and then blabbered a few words, others would believe you know what you're talking about. If you really had the skills, why would you be a useless person who is worse than a dog?"

"..."

Hearing this, the others were also left speechless.

To say Qin Feng was impressive,

his earlier performance was indeed stunning.

But with such skills, how could he possibly be living under someone else's roof, facing disdain, and living a life worse than a dog?

So, perhaps as Qian Tianao said, he had guessed they tampered with the medicinal materials and just made up stories earlier.

Qin Feng then closed his eyes and carefully sniffed.

Then he spoke, "The Elixir in your hands is refined from Poison Dragon Grass, bamboo leaf green, White Day Flower, and other medicinal materials, mixed with essence Qi of Centipede, scolopendra, and grey snake powder and other insect-derived medicine."

"..."

People were once again dumbfounded.

This time, even Yu Huichun was stunned, his mouth agape in disbelief.

He hadn't refined this Elixir; it was beyond his capability and he had bought it.

He didn't believe that one could discern the constituents of a medicine just by smell.

Or to say,

this level of discerning medicine through scent was something perhaps only a Divine Doctor could achieve.

How did he do it?

At this moment, Mu Jiangyue and others looked at him with eyes full of surprise.

He was too incredible!

"Then, does this Elixir have any effect on our sister's illness?" Mu Jiangyue asked again.

"It's useless," Qin Feng said.

"Nonsense!!"

Yu Huitian immediately retorted, "Even if you identified the medicinal materials, how do you know it doesn't work without trying?"

"Not only is it ineffective, but it will also result in fatality!" Qin Feng looked at Mu Jiangyue, "This Elixir, called 'Three Returns Pill', is supposed to make a person on the brink of death experience a return to youth, essentially extending life for three more days. After three days, the one who takes the medicine will most certainly die!"

Having said that,

He then looked towards Yu Huichun and others, frowning and saying, "You knew the effects of this medicine, yet you still planned to use it. The only explanation is you intended to pretend to cure the patient, then take the reward and leave..."
