The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 191: Seize!

"Yun, Yunxiao, really?"

Li Cuilan asked blankly.

"Yes."

Xu Yunxiao nodded and said, "Grandma said it was to help Brother Chang Jian with a project negotiation, to temporarily use it, and once the business is settled, the shares would be moved back."

"Thank goodness, thank goodness..."

Li Cuilan patted her chest and breathed a sigh of relief.

She did not want that just after winning five million, and before she had even spent any, the money would be stolen.

Li Cuilan looked towards grandma again.

Knowing how cunning grandma could be, she worried that the shares would not be returned and quickly said with a flattering face: "Mom, it was our fault just now, please don't hold it against us, those shares... how long will they be used?"

"Hmph!"

Grandma sipped her tea indifferently and coldly said, "Dare you still talk about the shares?"

With that,

A chill went down Li Cuilan's spine!

What she feared was happening; was grandma really planning not to return them?

Seeing the situation, Li Limei, who had been agitated just now, also felt her heart skip a beat and scolded grandma: "You, you old witch, you wouldn't be trying to scam Yunxiao, would you? I warn you, the most important thing in life is one's face, at your age, surely you can't afford to lose face!"

"..."

Grandma's face turned dark as a storm.

She always prided herself on her reputation, and now being called shameless enraged her beyond measure!

At this moment, Xu Yunxiao, seeing grandma and Xu Changjian's expressions, seemed to suggest they had no intention of returning the shares, hurriedly said: "Grandma, wasn't it all agreed upon before, and moreover, a promise letter was even written..."

Seeing Xu Yunxiao taking out the promise letter, Li Cuilan breathed another sigh of relief, stopped Li Limei, and said: "Stop it, grandma always keeps her word, and we have the promise letter."

"Hmph, the promise letter is useless now!" Grandma coldly stated.

"Ah?!"

Li Cuilan, Li Limei, and Xu Yunxiao were all equally shocked, "Grandma, you don't mean to go back on your word, do you?"

At this moment, Qin Feng stood up and said with a frown: "How can you treat my wife like this, aren't you afraid of Haohan Company?"

Xu Yunxiao also looked towards grandma.

Hoping that mentioning Haohan Company would have some effect.

Grandma sneered again and said: "You still have the face to mention it? If it weren't for you, could the shares of Shuimu Company be taken away?"

"Taken away?!"

Xu Yunxiao's heart jumped, she asked hurriedly, "What happened?"

Xu Changjian sneered: "The other day, the regional manager of Hengyuan Group in Lake City, Mr. Hang Hang Chengzhi, came to the Xu family seeking justice because someone had beaten him up and came seeking compensation, specifically asking for Shuimu Company, what could we have done?"

"Hengyuan Group, as everyone probably knows, if they went against Xu family, it would be as easy as crushing an ant."

"They wanted compensation, would you dare not to give?"

"So, the shares of Shuimu Company were given out as compensation, that indirectly saved your life too."

"..."

The crowd was in an uproar!

Shuimu Company was now the pillar of the Xu family, what brought the Xu family to prominence as a second-tier family head.

If Shuimu Company was gone, the Xu family would be finished!

Li Cuilan hadn't thought about any of these.

She was just thinking about the shares that had, not so easily, come her way had vanished, like finding a pile of money in a dream, not having spent a penny, and then waking up.

Xu Yunxiao was even more stunned and said blankly: "No, it can't be, how is this possible? Besides, he is Mr. Hang, who would dare to hit him? There must be some misunderstanding here."

"Are you questioning us lying?" Xu Changjian said displeasedly, "He personally said that he came to your company's door the other day, wanting to talk business with you, but you drove him away, and afterward, he was beaten!"

Later, I did hear from the company people that there seemed to be a fight at the entrance, but I didn't pay attention; I never expected it to be him!

"But that doesn't prove that I was the one who ordered the attack!"

Xu Yunxiao was on the verge of tears.

"Who knows, anyway, it happened right in front of your company."

Xu Changjian coldly remarked.

At this moment, Li Yanyan suddenly remembered something and exclaimed, "I remember now! It was Qin Feng who ordered the attack. That morning, I heard Qin Feng making a phone call to attack Mr. Hang!"

Everyone turned their gaze towards Qin Feng.

Xu Yunxiao hastily asked, "Was it really you?"

"Yes, it was me."

Qin Feng shrugged his shoulders, admitting it openly.

Xu Yunxiao felt like she was dying inside.

This confirmed that it was because of her that Shuimu Company had to forcibly give away someone.

"Don't think that you're the only one who's unhappy!"

The grandmother took another sip of tea and said, "Though those 51 shares are yours, they're also part of Xu family's assets, affecting every member of the Xu family. Losing company shares due to

your fault when none of us did anything, means our loss is even greater than yours. We are more wronged!"

"..."

Xu Yunxiao's eyes turned red at this point.

Li Cuilan was the most agitated, rushing forward to hit Qin Feng: "It's all your fault! All your fault! If not for you, Yunxiao wouldn't have lost her shares, you good-for-nothing, I'll beat you to death!" Themostup-to-dateversionison*.

Seeing this, others started to mock.

Xu Changjian was especially amused.

The grandmother then raised her hand and said, "Enough, if you want to argue, go home and do it! Hurry up and get things ready, there's a distinguished guest coming soon!"

A distinguished guest?

People were puzzled.

On Mid-Autumn Festival night, it's usually about hosting a banquet at home, what kind of distinguished guest would come.

As they were speaking.

Suddenly someone reported, "Hengyuan Group's Mr. Hang Chengzhi's car has stopped outside the courtyard."

Everyone looked towards the entrance.

They saw Mr. Hang Chengzhi in a suit coming towards them, majestic, followed by two stern-faced suit-wearing subordinates.

Feeling the powerful aura, everyone unconsciously stepped aside to create a path.

Soon,

Hang Chengzhi approached the grandmother, smiled slightly, bowed slightly, and said, "On this Mid-Autumn Festival, Hang Chengzhi wishes grandma a round moon and everything in life to be complete and smooth! Please accept this small gift."

Behind him, two subordinates immediately presented a long box.

Upon opening the box.

Inside was a thirty-centimeter long Jade Ruyi, exquisitely made and evidently very valuable!

Grandma happily accepted it.

People were filled with confusion.

Wasn't it said that Qin Feng had someone attack him and that he demanded compensation from the Xu family? Why does he seem to have a good attitude towards the Xu family?

After exchanging a few words with the grandmother, Li Cuilan seized the opportunity, hurriedly approaching him, pleading, "Mr. Hang, you are Mr. Hang, right? Please, return the shares of Shuimu Company to our family! This is not Yunxiao's fault, it's all because of that good-for-nothing who barged into our home, I'll make him kneel and apologize to you..."

"Mom!!"

Xu Yunxiao's eyes reddened in urgency.

Without Shuimu Company, she was more anxious and heartbroken than anyone.

But she knew deep down that she couldn't blame Qin Feng since it was for her sake he acted against Hang Chengzhi.

Li Cuilan, ignoring her, turned her head and yelled at Qin Feng: "You good-for-nothing, what are you standing there for! Come over and kneel down to Mr. Hang!!"

Chapter 192: Humiliating!

Hang Chengzhi saw Qin Feng getting scolded by his mother-in-law and a smile tugged at the corner of his mouth.

Qin Feng's gaze was sharp.

He could not forgive himself for making his wife cry her eyes red, he just wanted to see what exactly Hang Chengzhi was up to!

At this moment.

Hang Chengzhi warmly helped Li Cuilan to sit down and said, "Auntie, don't be anxious, I'm here for another reason as well."

"What's the matter?"

Li Cuilan hurriedly asked.

"It's like this."

Hang Chengzhi looked gently at Xu Yunxiao and said, "I have liked Yunxiao for a long time, and I am here this time to propose to Yunxiao."

As he spoke.

He took out an engagement ring as large as a pigeon's egg, knelt on one knee in front of Xu Yunxiao amidst the astonished gazes of the spectators, and said, "Yunxiao, I truly love you, will you marry me?"

"..."

Everyone was astonished.

Hang Chengzhi, a distinguished figure, was proposing to Xu Yunxiao?!

Seeing this scene, Xu Yunxiao couldn't help but be stunned for a moment and said with furrowed brow, "Mr. Hang, I've told you before, I'm already married."

"I don't care."

Hang Chengzhi shook his head, his expression incredibly sincere.

On one hand.

He knew that Xu Yunxiao and Qin Feng slept separately and she was still a virgin; even if not, being with Lake City's number one beauty would be exhilarating.

On the other hand.

She had deep ties with Haohan Company.

Through her, he could connect with Haohan Company, which was also what his superior, Gao Yunkui, intended.

So, it was worth it in every aspect.

"I've already made myself clear before, sorry."

Xu Yunxiao said.

Seeing this, Xu Changjian frowned and said, "Yunxiao, don't be ungrateful! So many people wish to marry Mr. Hang, and he doesn't spare them a glance, isn't he giving you a lot of face?"

No sooner had he finished speaking.

With a smack, Hang Chengzhi slapped Xu Changjian across the face, saying, "Say another word against Yunxiao, and I'll cripple you!"

"..."

Xu Changjian's face immediately felt burning hot.

Hang Chengzhi then took out a contract and said to Xu Yunxiao, "I know, you fear that once you marry and leave the Xu family, your shares will be taken back by the family. Therefore, I've secured shares of Shuimu Company in advance, marry me, and Shuimu Company will still be yours!"

"..." My Vi*r#tu%a#l L$ib%rar.y Empir.e^ (!M-|V*|L&oEMP^YR@)& h.o+st%s& the o.rig&inal&.

Xu Yunxiao looked at the contract in his hand and couldn't help but shed tears.

She had toiled hard, like caring for a child, putting all her effort into Shuimu Company, but now it was in someone else's hands.

"What are you waiting for?"

Reacting at this moment, Li Cuilan said, "Hurry up and agree!!"

"Yes yes!"

Li Yanyan also recovered her senses and said, "Cousin, hurry and agree to Mr. Hang! Not only will the company return to your hands, but also, Mr. Hang's status and position are extremely high, and collectively, the entire Xu family dare not provoke Mr. Hang, you won't need to fear being tricked by that old hag anymore!"

"..."

Grandma was instantly full of black lines.

At this time, other people also came to their senses.

Indeed!

Even grandma had said that if Hang Chengzhi wanted to deal with the Xu family, it would be as easy as crushing an ant.

If she married such a man, wouldn't she turn from a crow to a phoenix!

Excited, Li Cuilan, Li Limei, and others urgently persuaded her again, saying, "Yunxiao, this is a once in a lifetime opportunity! Mr. Hang is so sincere, don't hesitate anymore, just marry him! It's much better than being with the useless Qin Feng!"

At this point, Hang Chengzhi added, "I promise you, if you marry me, I will let you be in charge of the Xu family!"

With that.

Everyone was shocked beyond belief!

Grandma and Xu Changjian looked at each other, confused. This wasn't part of the plan!

The original plan was to use Xu Yunxiao and her Shuimu Company in exchange for Hang Chengzhi's supply contracts for all projects. Then, Xu Changjian's building materials company would become the pillar of the Xu family, replacing Xu Yunxiao's position in the family.

What does Hang Chengzhi mean by this now?

"Mr. Hang..."

Xu Changjian was anxious and wanted to step forward to clarify the situation.

But one glance from Hang Chengzhi frightened him into silence.

"Xu Changjian, you'd better keep quiet, or I will ensure you won't see tomorrow's sun!" Hang Chengzhi said coldly.

Seeing this, Grandma quickly stood up to mediate and urged Mr. Hang to calm down.

But Hang Chengzhi coldly said to her, "You are an elder, and I'll address you as grandma out of respect, but if I don't, you are less than nothing!"

Thump!

Grandma fell to the ground, unable to utter a word from the embarrassment.

This was the first time someone had spoken to her like this.

And unfortunately, she couldn't afford to offend this person.

"Yunxiao."

Hang Chengzhi earnestly said to Xu Yunxiao, "I've learned that everyone in the Xu family is jealous of your abilities and is very unfriendly towards you. Therefore, if you marry me, no one in the Xu family will dare to say a word against you again; they will all treat you with the utmost respect!"

Li Cuilan was even more agitated upon hearing this.

After being ridiculed and looked down upon by the Xu family and Grandma for so many years, her time to turn things around had finally come!

"My daughter, what are you still hesitating for?" she wept with urgency.

Second Aunt Li Limei, seeing this, was also excited beyond measure.

Her family was from Jiang City, and naturally, she knew how influential the Hengyuan Group was there. By marrying him, she too could rise above her current station!

"Yunxiao, is it because of that useless Qin Feng?" Li Limei said, "Don't worry, with Mr. Hang here, that waste won't dare to do anything; even if he tries to persist, he won't succeed."

"Cousin, that waste is truly not worthy of you!"

Li Yanyan joined in.

Turning to Qin Feng, she coldly said, "Qin Feng, I'll be blunt with you—stop bothering my sister. Whatever you want, we can provide you. If you refuse, you need to think carefully about what being against Mr. Hang means; otherwise, you won't even know how you died!"

At that moment, the corners of Hang Chengzhi's mouth curled up, and he approached Qin Feng, saying, "Boy, was it fun when you ordered me to be beaten? How does it feel now?"

Slap!

Before he could react to what happened, he felt a scorching pain on his face.

"..."

Everyone else was stunned.

Qin Feng... actually slapped him?

Even Grandma didn't dare to provoke him, and Qin Feng just slapped him like that?

"You, you hit me?"

Hang Chengzhi couldn't believe this was real.

"Nonsense, you stole my wife's company and then used it to coerce her, if not you then who should I hit?" Qin Feng said indifferently, "Also, my wife has cried because of this, and you are largely responsible."

With that said.

Qin Feng delivered another slap, "smack," across his face!

"You, are you crazy??"

Li Cuilan said in shock.

Li Limei also screamed in astonishment, "You dare to hit Mr. Hang? You, you've completely ruined yourself!!"

Grandma and others were also utterly dumbfounded.

After coming to their senses.

Grandma frantically yelled, "You scoundrel, kneel down and apologize to Mr. Hang immediately!"

"Yes, hurry up and apologize to Mr. Hang!"

"..."

Other members of the Xu family also joined in shouting.

If Hang Chengzhi were to direct his anger towards the entire Xu family, it'd be the end of them!

Qin Feng simply glanced over them disdainfully and said, "Disgraceful!"

Chapter 193: Expelled from the Family Tree!

""""

..."""

The grandma's already embarrassed face instantly burned with humiliation.

She had just been verbally abused by Hang Chengzhi, with no dignity left, and now she was being mocked by Qin Feng, truly a disgrace.

Xu Changjian could no longer keep face, and cursed out loud, "Damn it! You think you're tough? There's a right way to show off, and it's not like this, you want to die, don't fucking drag us down with you!"

"Exactly, you want to die, you go die, it's got nothing to do with us!"

Others also grumbled angrily.

Qin Feng, however, remained indifferent and ignored them.

Having been slapped twice, Hang Chengzhi was now furious, cursing at his two bodyguards: "You two idiots, what are you standing there for? Kill him!!"

The two bodyguards finally snapped back to reality and charged at Qin Feng with raised fists!

"Hmph! Both of them are Martial Master Level, on par with Lake City's top expert Fang Wudi. Take one punch from them, and you'll end up hospitalized for years!" Hang Chengzhi sneered smugly.

But who knew.

As soon as they reached Qin Feng, before their fists could land, he promptly kicked each one, sending them flying back, crashing to the ground.

Hang Chengzhi was dumbfounded.

His immediate superior, Gao Yunkui, knowing about his operation tonight, had specifically lent him two Martial Master Level bodyguards to make an impression and intimidate the Xu family.

Now to see them kicked away so cleanly and crisply.

He suspected they might be fakes.

At this moment.

After kicking away the two men, Qin Feng stepped forward towards Hang Chengzhi.

Hang Chengzhi was panicking, stammering, "I... I warn you, if you dare hit me again, I swear, I'll not only make the whole Xu family pay with their lives

, but you'll also be torn to pieces!!"

Xu Changjian and the others were scared out of their wits, hastily shouting, "Qin Feng, stop it, damn it!!"

Qin Feng ignored them and continued to move forward.

When he reached Hang Chengzhi and was about to raise his hand, Xu Yunxiao suddenly cried out in a rush, "Qin Feng, stop!"

Qin Feng looked toward her.

He only listened to her.

"Stop it, otherwise the consequences are unthinkable."

Xu Yunxiao's eyes were red and swollen.

Mother-in-law Li Cuilan and Aunt Li Limei were quietly tugging at Xu Yunxiao, urging her not to interfere.

At this point, if Qin Feng slapped Hang Chengzhi one more time, the more hatred Hang would harbor, and without their intervention, Hang would make him pay and force their divorce.

Xu Yunxiao broke free from them, her eyes reddening further as she pleaded with Qin Feng, "No, don't hit him anymore..."

"I just have one question for you." Qin Feng looked deeply into her eyes and said, "Will you divorce me?"

"No."

Xu Yunxiao shook her head tearfully.

If it were about divorce.

She would have left him after recovering from her illness three years ago, let alone now.

She didn't know when exactly, but she had developed a sliver of affection for this good-for-nothing worthless man.

Despite feeling disappointed and disparaged by him, she had never considered divorce.

Hearing her reply, a slight smile appeared on Qin Feng's face, "I also won't let you be bullied anymore, nor will I let you cry again!"

With that said.

A "slap" resounded!

He viciously slapped Hang Chengzhi across the face. My V-irt%ua%l+ Li#brary E*mpir^e (*) ap#p.re*ci.ates! yo^ur re&a#de&r-sh%ip at the s#ou+rc%e#.

This slap, much harder than the previous two, knocked out two of Hang Chengzhi's teeth and sounded like thunder, blood splattering everywhere!!

Hang Chengzhi was flung onto the ground, tumbling over.

It wasn't over yet.

Qin Feng moved towards him step by step, looking down and said, "Those who bully my wife will suffer a terrible fate!"

When finished.

He kicked him like a football, sending him sliding across the floor, crashing into a pile of tables and chairs.

"Blargh!"

Hang Chengzhi spat out a mouthful of blood.

Everyone watched, terrified. Those who had been shouting at Qin Feng now stood frozen, not daring to move.

At this moment, Qin Feng was like a devil, exuding a chilling aura.

He walked up to Hang Chengzhi, intending to give him another kick.

Hang Chengzhi was now scared, fearing that one more kick could end his life.

He pleaded desperately, "Please, please, I was wrong, I won't dare again...I, I was forced..."

"Forced?" Qin Feng raised an eyebrow.

Hang Chengzhi hurriedly shifted the blame onto Gao Yunkui, saying, "Yes, yes, I was forced. I never planned to pursue Xu Yunxiao. It was my boss, Gao Yunkui, who forced me. He said if I could win her over, I could establish a connection with Haohan Company. Otherwise, how could I dare to do such a thing!"

"Where is he now?" asked Qin Feng.

"He's at the Bright Moon Tea House in the suburbs," Hang Chengzhi said hastily.

"Good, then you can go die first!"

As soon as Qin Feng finished speaking, he lifted his foot and kicked him hard in the face.

Blood splattered everywhere!

Hang Chengzhi immediately passed out.

This kick.

It wouldn't kill him, but it would definitely land him in the hospital, suffering for ten years!

Then.

Qin Feng turned and walked over to Xu Yunxiao, tenderly wiped the teardrops from her cheeks, and said, "Don't worry, just go home and sleep. Tomorrow will still be sunny and bright. What's yours, I won't let anyone take away."

After saying that.

He turned and left.

The courtyard quieted down, so quiet that the sounds of crickets in the grass beside the wall could be heard.

People looked at each other, not knowing what to say.

After a while.

The grandma reacted first, immediately asking someone to call for an ambulance to save Hang Chengzhi and his bodyguard.

"Damn, where did that Qin Feng bastard go?"

Xu Changjian said, frustrated.

It was Qin Feng who beat up the people, and they didn't want to take the blame.

"We're in trouble. That guy didn't run away, did he?" someone in the crowd shouted.

"Right, right!"

Others also snapped out of it, "He must have run away after hitting someone. He probably heard just now from Mr. Hang that President Gao of Hengyuan Fourth Construction is at a tea house in Lake City. He must have been scared that President Gao would come after him and ran away!"

"That bastard, hitting someone and then running away, leaving this mess for us to clean up, that's so hateful!"

"..."

Seeing the situation, the grandma said to Mother-in-law Li Cuilan and the Xu Yunxiao family, "Tonight's events, you've gone too far. From today onwards, you are no longer members of the Xu family. I have decided to expel you from the family tree, severing all ties with the Xu family from now on!"

"Gr-gr-grandma..."

Li Cuilan panicked.

With such a big incident now, the Hengyuan Group would surely seek revenge!

Though the Xu family was no match for Hengyuan Construction.

But at the very least, it was the most powerful force she could rely on. Being abandoned at this moment would only lead to despair...

Li Cuilan desperately begged for mercy and even pulled Xu Guosheng over to plead together.

But the grandma was cold and indifferent, paying no attention.

Other members of the Xu family also criticized, "Humph, this whole thing is your fault. You've caused this problem; you clean it up. Don't drag us into it! Get out of here now!"

"Don't just leave us like this..."

Li Cuilan started to cry out in despair.

She knew the grandma was also afraid of retaliation from Hengyuan Group, trying to cut ties in advance.

"Mom..."

Xu Yunxiao's eyes were red from crying at this point.

She was also feeling incredibly sad and anxious.

Just a couple of days ago, she had been eating dumplings made by her grandma and enjoying the warmth of the family she had been longing for.

Who would have thought, it was all just a use of her!

This caused her great heartache.

Added to which was the present difficult situation, which was not within her control.

"Slap!"

Li Cuilan fiercely slapped her across the face, furious, "It's all your fault!! If you had divorced that good-for-nothing earlier and agreed to Mr. Hang's terms, would we have ended up in this predicament? You, you... How could I have such a daughter, it's a sin!"

"If you're going to cry, go outside and do it!"

The grandma snapped coldly as she sat down.

Others also shouted, "Right, you're not part of the Xu family anymore, so get out of here now!"

"Get out, just get out!"

"..."

Chapter 194 - 194 Bright Moon Tea House!

Very soon.

Li Cuilan and her family were driven out of Xu Mansion, including Li Limei's family of three.

At this moment, Li Limei was also scared and said in a flustered manner, "Uh, suddenly I remembered, there are important matters to handle in Jiang City, we must hurry back now..."

"Exactly, exactly, there are very important matters, we need to hurry back, so we won't stay here anymore, we will go first..." Li Datong also said.

Following that.

Li Limei's family of three left as if they were fleeing.

Seeing this, Xu Yunxiao's tears also turned ice cold.

"Everyone left, hiding, departing, fleeing; now only we are left to take the blame," Li Cuilan cried dejectedly, "It's all that damn Qin Feng's fault, he initiated the trouble, yet he was the first to escape..."

"Mom, he won't escape," Xu Yunxiao said.

"He won't escape? Have you lost your mind? Then where did he go? Did he go to fight with President Gao?"

"..."

Xu Yunxiao was at a loss for words.

From all indications, it seemed that Qin Feng indeed "ran away" after hearing about Hengyuan Fourth Construction.

However, from her understanding of Qin Feng, he had never abandoned her to escape.

That was also why she refused to divorce him no matter what happened later.

...

The night breeze was cool, and the stars were brilliant.

The suburbs of the city had already quieted down at this time.

In front of a four-story classical teahouse.

Qin Feng finished his last puff of cigarette, stamped out the butt, and walked inside.

The waiter at the door approached and said, "Sorry sir, our establishment is membership-only, please show your membership card."

"I'm here to see someone, Gao Yunkui," Qin Feng said.

"Please wait a moment."

...

Fourth floor.

In a large tea room.

Gao Yunkui, sitting with a tall, scantily clad sexy woman to his left and savoring West Lake Longjing Tea with his right hand, spoke to the martial arts practitioner sitting opposite him.

"Duoming, actually I invited you to Lake City for no big deal; my two bodyguards could handle it, I just wanted to show the folks here what a real master is, so they stop the foolish swaggering they've never seen the world."

Gao Yunkui said with a smile.

Duoming.

A burly figure, appearing to be in his fifties, emanating an aura of a veteran in deadly battles.

He is the leader of the Sky Wolf Mercenary Group from Jiang City, with a cultivation level of Half-step General, ranking second biggest Mercenary Group in Jiang City.

The biggest being the Flying Dragon Mercenary Group.

"President Gao, like we agreed beforehand, regardless of what you ask me to do, the compensation cannot be any less," Duoming said with a furrowed brow.

Chapter source: My Virtual Library Empire (*).

"Of course," Gao Yunkui said with a smile, "I know Duoming urgently needs money recently, how about this, work for me for a year, and I'll provide the ten billion you need, how's that?"

"This..."

"I know the Sky Wolf Mercenary Group won't serve one person for a long time under normal circumstances, and usually, money is not an issue, but Duoming, you've been contending with the Flying Dragon Mercenary Group for the title of top Mercenary Group in Jiang City this past month, and the expenditure is huge. I offer ten billion just for you to work for our Hengyuan Group for a year."

"...I will think about it."

Duoming hesitated.

The Sky Wolf Mercenary Group, unlike individual experts, seldom serve just one person.

Of course, if the price is right, that is another story.

Ten billion, to have the entire Sky Wolf work for Hengyuan for an entire year, would be a joke among peers.

If it were any other time, he would refuse outright.

But now it was different.

Now we are short of one billion!

Now there's a big storm in the underworld of Jiang City, and the Flying Dragon Mercenary Group wants to dominate the underworld, creating utter chaos.

He is now the second largest mercenary group next to Flying Dragon, and also wants to take the lead.

But over the years, his cultivation has been stuck at the Half-step General level, unable to make any progress.

Later, he got the news that at the Dragon Mountain Auction, Dragon Crystal Stones had appeared.

It is said that Dragon Crystal Stones contain mysterious powers.

Perhaps with this supreme treasure as an aid, he could break through his cultivation and have a better chance against the Flying Dragon Mercenary Group.

But the recent struggles have consumed a huge amount of resources, and a lot of money has been lost.

And that Dragon Crystal Stone was reportedly auctioned off for eighty billion.

If he wants to buy it back,

He would need to offer at least ten billion more, and perhaps then the other party would be willing to sell.

So, he started gathering money everywhere, and by adding up everything the entire mercenary group owned, he barely reached eighty billion, still short by ten billion.

So,

This condition from Gao Yunkui made him hesitate.

"Heh heh, Duoming, it's only for a year, I don't think you need to hesitate for too long, right?"

Gao Yunkui sipped his tea and laughed.

If it weren't for the idiots of Fang Wudi in Lake City being brainless, he wouldn't have had to hire a mercenary group.

Everyone knows that Hengyuan Fourth Construction is not to be messed with; they even have a master "Iron Hand" in their home. Even though "Iron Hand" was inexplicably injured, anyone with a bit of brains would know not to provoke them.

Yet he was beaten pitifully under the table begging for mercy.

So, he had to hire someone to save face, and also because he feared running into such idiots again.

"This is the situation, I still need to go back and discuss with my brothers. Let's handle this task first, the payment is fifty million."

Duoming said.

"Fine, let's handle this task first!" Gao Yunkui responded, "Tomorrow, I want you to completely disable the specific people I mention, make them kneel in front of me and call me 'Grandpa', let them understand that they may act tyrannical in Lake City, but in my eyes, they are less than ants!"

Just as he finished speaking.

A waiter knocked and came in saying, "President Gao, someone outside says they came to see you."

"Is it Hang Chengzhi?"

Gao Yunkui's mouth curved into a smile, sipping his tea, "Didn't expect that kid to succeed so soon. Once he settles things with the number one beauty of Lake City, I'll have to try her out too, hehehe..."

"No, that person said his surname is 'Qin'."

The waiter said.

"Qin?"

Gao Yunkui raised his eyebrows, not recalling anyone with the surname Qin.

Right!

That must be Xu Yunxiao's useless door-to-door trash!

He remembered Qin Feng, his eyes filling with resentment.

That fight at Wanfu Building was because of that kid; a good-for-nothing son-in-law, yet Fang Wudi and Feng Guoqiang all listened to him, isn't it just because he's riding on his wife Xu Yunxiao's connection with Haohan Company that he can be so arrogant?

Thinking about the night he got beaten due to him, he was furious.

"Hmpf, Hang Chengzhi must have settled his wife, and now he's coming to beg for mercy from me." Gao Yunkui laughed arrogantly, "Let him come then!"

Soon.

Qin Feng arrived at the tea room, led by the waiter.

"Ha ha ha..."

Gao Yunkui laughed arrogantly, addressing Qin Feng, "Boy, did you come to beg for mercy? That night at Wanfu Building, weren't you quite arrogant? Now you come begging for mercy, where's your backbone from that night?"

Qin Feng remained silent, stepping towards him.

He continued to laugh arrogantly: "Is it because your wife got played, and you lost your backing, that you thought of begging for mercy? Heh, truly not giving up until you reach the Yellow River! But it's too late, on that night, you should have foreseen today's fate."

"How about this, first kneel down for me, knock your head a few times, call me a few 'grandpa', maybe I can make it a bit less painful for you."

"What do you say?"

Chapter 195 - 195 Duoming!

Qin Feng approached him, eyes fixed and said, "Maybe, if you kneel before me and call me grandpa a few times, I can spare you some pain."

"What?!"

Gao Yunkui's eyebrows tightened as he looked at Qin Feng and asked, "You aren't here to beg for mercy?"

"What do you think?"

Qin Feng looked at him as if he was an idiot.

"..."

Gao Yunkui finally understood and immediately became alert, saying to Duoming, "He is also one of the targets!"

"Good!"

Duoming promptly stood up, pulling out a Poison Dart, aiming it at Qin Feng.

"Hmph, kid, the expert I've hired is a Half-step General, eliminating Fang Wudi, the top master of Lake City, is as simple as squashing an ant!" Gao Yunkui sneered with pride.

At this moment.

Suddenly, a "whoosh" was heard.

A large group of about thirty or forty people, all trained in martial arts, poured into the teahouse!

These people were from the Sky Wolf Mercenary Group, following their leader, Duoming.

"This time you won't escape, even with wings, hahaha..."

Gao Yunkui laughed out loud.

"A bunch of ants!"

Qin Feng contemptuously muttered, and then with a flick of his long sleeve, a silver needle appeared in his hand.

At the same time.

The group was about to rush him collectively.

Suddenly!

A figure flashed by the outdoor window.

Someone had barged in!

The teahouse was side by side with a small open-air balcony, where one could appreciate the moon outside.

A person who entered from there quickly stood in front of Qin Feng and said, "Mr. Qin, be careful!"

Qin Feng blinked in confusion and asked, "May I know who you are?"

Before the person could answer.

Duoming sneered at this moment, "Turns out it's Little Six from the Flying Dragon Mercenary Group, hmph, I wondered how any of our moves were always known by you, turns out you've been secretly following us."

"Didn't you also send people to track our Flying Dragon Mercenary Group?" Little Six retorted unconvincingly.

People from Flying Dragon?

Qin Feng finally remembered.

No wonder he looked familiar, he had seen him once in a cave on Nine Dragons Mountain, he was with Flying Dragon, and in the end, he acknowledged Qin Feng as "Mr. Qin."

As Duoming said.

He had always been secretly following Duoming, to be well informed about his enemy, to be invincible in battles.

Ever since Qin Feng arrived, he recognized him at first glance.

Thus, at the moment of crisis, he came determined to protect him.

"Mr. Qin, that's Sky Wolf, leader of the Sky Wolf Mercenary Group, the last opponent of Brother Long, but he's very strong, a Half-step General. I'll cover you, you should withdraw first!" Little Six said.

Qin Feng was somewhat surprised at the words. This kid was quite loyal!

It seems that the guy from Flying Dragon also had some abilities.

To have won the loyalty of such devoted people.

"It's unnecessary, just stand aside, they're all but ants," Qin Feng said.

"..."

At this moment, Duoming was utterly speechless, and coldly said, "Still being arrogant when facing death?"

"Mr. Qin, he indeed is quite capable!" Little Six said anxiously, "His Life-taking Poison Dart is very powerful, it terrifies people in Jiang City just by the mention of it!"

"Poison Dart?"

Qin Feng blinked and then took a pair of chopsticks from the bamboo tube on the table, and said, "Then bring it on!"

"Court death!!"

Seeing himself being dismissed, Duoming threw a Poison Dart directly!

The Poison Dart reflected bits of cold light under the moonlight shining in.

But who would have thought.

With a "clang" sound.

Little Six saw the sharp Poison Dart being knocked away by a chopstick!

Moreover.

They were not at all on the same level of strength!

The chopstick, after knocking away the Poison Dart, continued rocketing forward and directly pierced through Duoming's palm!

"Ah!!"

Duoming screamed in agony.

At that moment, Little Six was stunned.

Chopsticks clashing with the poison dart, the opponent is just a Half-step General in terms of cultivation, yet he's completely crushed!!

"Damn you, you bastard!"

Duoming gritted his teeth in pain, then immediately ordered his subordinates, "What are you standing there for..."

He was about to say 'standing there for what, hurry up and get going!'

But to his surprise.

He only then noticed that the thirty or forty people at the moment were also pinned down by the chopsticks like nails, nailed in their arms, screaming in agony.

"How, how is this possible..."

Duoming said in shock.

It all happened in the blink of an eye; he hadn't even blinked, how could Qin Feng's speed be so fast...

One round, though not lethal.

But he had clearly felt the gap between him and Qin Feng, an insurmountable chasm!

"Mr. Qin, you are too amazing!!"

Little Six exclaimed in amazement.

Qin Feng shrugged and said, "I've said it before, they're just ants after all."

Following that.

He looked towards Gao Yunkui and said, "Alright, now it's time to settle our accounts."

Gao Yunkui was stunned and said in a daze, "You, you dare touch me? I tell you, if something happens to me in Lake City, you're done for..."

"Not dare to touch you?"

Qin Feng raised an eyebrow.

Then.

He went over and grabbed him like picking up a cat by the scruff, lifting him to the open-air balcony by the teahouse and made him look down.

Under the bright moonlight.

Gao Yunkui saw a dark mass of heads below!

At the front were Wei Yunxiang, Fang Wudi, Feng Guoqiang, Pang Dahai, Zheng Weiwei, and others from the Invincible Club, with an incalculable number of people behind them, easily in the hundreds!

"He said, I wouldn't dare to touch him."

Qin Feng said to the people below.

Immediately after.

The crowd below erupted like a volcano, each one cursing fervently, not giving a damn about treating him like a big shot.

"What if I hand him over to you guys, how about that?"

Qin Feng said again.

"Great, just hand him over to us, we're eager to get started!"

The crowd below shouted even more excitedly.

"My brothers haven't touched such a fat and white man for a long time, throw him down quickly! Don't worry, we'll catch him, he won't die from the fall! We won't let him die before we've had our fun, hehehe..."

"..."

Gao Yunkui's legs went weak, his body shuddered, and he subconsciously covered his butt, hastily pleading with Qin Feng, "I, I realize my mistake..."

"Really know your mistake?"

Qin Feng said.

Thud!

Gao Yunkui wisely knelt on the ground, while wiping the cold sweat dripping incessantly, and pleaded with Qin Feng, "Sir, I realize my mistake, please forgive me, I won't dare again..."

Seeing his pathetic state, Qin Feng lost interest, waved his hand and said, "Go down and see them yourself! As for how to preserve your 'virtue', it depends on your sincerity, you know what I mean." The la%t+e.s%t cha&pt*e$r-s are u&p$lo$ad+ed f-ir.s$t^ on *.

"..."

Gao Yunkui didn't dare to go down.

But Qin Feng directly kicked him at the doorway, and only then did he roll downstairs.

Inside the teahouse.

Duoming, with his palms painfully sweating, said to Qin Feng, "I accept defeat. Name your conditions."

"Not bad, you seem to be a man." Qin Feng looked him up and down, then said, "Join the Flying Dragon Mercenary Group, how about that?"

He had previously called Hong.

Saying that things at Flying Dragon haven't been fully settled, it probably only remains to deal with Sky Wolf and his gang.

"Impossible, if so, I, Duoming, would rather be beheaded!"

Duoming firmly refused.

He too wanted to be the boss, how could he possibly join Flying Dragon?

If the gap in strength was too big he might acquiesce.

But Flying Dragon is also at the level of a Half-step General.

Accepting him as the boss, what would his brothers think?

"Then... let's wait and talk about it later."

Qin Feng waved his hand.

Duoming's attitude was so tough, which was also the important reason that even with Hong's presence, Flying Dragon couldn't subdue everyone. Qin Feng didn't have any good ideas for punishment on the spot, so he decided to deal with other matters first.

"Oh yes, I have something to do, need to find that guy from Flying Dragon..."

He turned to look at Little Six.

Chapter 196: Selling for Just One Billion!

"Give these things to him," Qin Feng handed a parcel to Little Six.

"What's this?"

"Breaking Martial Pill," said Qin Feng. "It's used to enhance cultivation, suitable for everyone from an ordinary Martial Arts Master up to an Inner Strength Disciple, then to a Martial Master, and Military General Level. Later you give them to Fei Long, and tell him to only sell to those who bow their heads in submission to him. As for the price... what's the market rate on the black market?"

"There's no such Elixir on the black market."

Little Six said, "There are similar Spiritual Treasures that can help with breaking through in cultivation, but they're not primarily geared towards breakthroughs. It's usually that the aura contained within the Elixirs or Spiritual Treasures might benefit someone's cultivation, so they buy them to assist in training."

"I see."

Qin Feng remembered the Poisonous Insect King Bai Ghost and Dragon Slayer Taoist from the Southwest, one seeking Dragon Crystal Stones, the other seeking the blood of Lan Xin, both investing a lot of energy for these pursuits.

Of course, their desires to become Grandmasters played a part, but this also indirectly showed that such Elixirs seemed to be non-existent on the market.

"So, what do you think would be an appropriate price?"

Qin Feng asked.

Little Six dared not carelessly speculate and thought for a moment before saying, "For an ordinary Martial Arts Master looking to become an Inner Strength Disciple, it could probably sell for two million."

"Two million?"

Qin Feng was stunned for a moment, "Just to become an Inner Strength Disciple, it can sell for that much?"

Originally, Fang Wudi had spent hundreds of millions in resources to become a high-level practitioner of Inner Strength, due to his innate poor physical condition and his obsession with Martial Arts.

But for common Martial Arts Masters wanting to become high-level Inner Strength practitioners, diligent practice would suffice.

"Mr. Qin, this thing is really in high demand."

Little Six said with a grimace, "Normally, it takes us several years to cultivate Inner Strength, but after becoming an Inner Strength Martial Disciple, one's value greatly increases, and they can become core members of some smaller forces. For example, the Four Heavenly Kings of Tiger Sect may look impressive, but they are only high-level Inner Strength practitioners, yet they can make a few million a year."

"I see."

Qin Feng had a sudden realization.

So the First-grade Breaking Martial Pills he had refined in the past two days, amounting to over 200, were worth how much money then?

"And the Second Grade Elixir for advancing from Martial Arts Apprentice to Military General Level?" Qin Feng asked again.

"What?!"

Little Six was taken aback, his eyes wide, "There's a pill for that too?!"

"Yep."

Qin Feng nodded.

Just to become a lowly Martial Master, and he gets this excited?

"Mr. Qin, can I have it? I'll pay for it, I've saved a million or eight over the years, I'll give it all to you..."

"..."

Qin Feng was surprised.

A million or eight?

This Elixir was worth that much?!

It made sense when he thought about it.

Becoming a Martial Master meant one could become the strongest in some smaller places.

For instance, in a small place like Lake City, someone like Fang Wudi was considered the number one expert, receiving sacrifices from the upper echelons, making money much easier.

"Mr. Qin, please sell it to me..."

Little Six pleaded more earnestly.

"Not for sale," Qin Feng waved his hand, then took out a pill and handed it to him, saying, "There are a total of twenty Second Grade Breaking Martial Pills, I'll give you one." Th#is! is part- of a s#er#i*e#s from% My V*#l L.i-b$rar+y Em*p%ir^e (**%).*

"Give, give it to me?!"

"Take it! Don't be so excited, it doesn't look good."

Qin Feng said.

He was giving it to Little Six because the guy was loyal, knowing well he was no match for Duoming, but still stood in front of him; someone like that deserved the gesture.

And also.

It wasn't really a gesture, as long as the medicinal ingredients were sufficient, he could have as many of these Elixirs as he wanted.

"And from Martial Master to Military General Level?"

Qin Feng asked again.

Gulp!

The still excited Little Six suddenly paused, astonished, "There's something for that too?!"

"Yes! But there are only five pills," said Qin Feng.

"Five pills?!"

Little Six was flabbergasted.

Five pills?!

Are these considered few in quantity?

From Martial Master to Military General, the difficulty of cultivation for martial practitioners skyrockets.

For instance, if advancing from an ordinary martial arts master to a Martial Arts Apprentice feels like climbing one mountain, then from Martial Arts Apprentice to Martial Master, it's like climbing ten mountains, and from Martial Master to Military General, you must climb a hundred mountains!

And still, success is not guaranteed!

The more advanced the cultivation, the stricter the bodily requirements become.

To go from Martial Master to Military General often necessitates the use of a great amount of Heavenly Materials and Earthly Treasures to aid in cultivation, and even so, there are very few who can reach the level of Military General.

This is why Martial Masters, despite their high earning potential, seem poor and often work as underlings for worldly rich bosses; they are constantly making money and then using it to buy resources for cultivation.

But for Military Generals, it's different.

If one becomes a Military General, they will no longer be working under bosses but become a person whom bosses pay tribute to.

They don't have to do anything on a daily basis, perhaps show up for the occasional matter, and spend the rest of their time on cultivation, no longer hustling for money.

This is the status every martial artist dreams of attaining.

As for Grandmasters.

They're too far out of reach, generally not something one would daydream about.

So.

To have five pills that could assist a Martial Master in breaking through to become a Military General, and you're saying that's few??

Having just one would cause a frenzy!

Little Six was so excited he couldn't contain himself.

At this time.

Waiting for Qin Feng to deal with Duoming, someone suddenly cried out: "I offer 80 billion!!"

80 billion?

Qin Feng's heart skipped a beat as he looked at Duoming.

At this moment, Duoming's eyes were bloodshot with extreme excitement, saying: "I offer 80 billion for one pill, can I, can I? I need to improve my cultivation level as quickly as possible! Can you sell one pill to me?"

"..."

After careful consideration, Qin Feng understood.

Ordinarily.

This elixir is nowhere worth 80 billion.

But now it's a crucial moment in the struggle for the underground mercenary world of Jiang City between Duoming and Flying Dragon, an urgent need to boost cultivation in hopes of winning, so much so he is willing to spend all his savings to improve his cultivation.

"Not for sale," Qin Feng said indifferently.

"Why not?!" Duoming asked anxiously, "The price I'm offering is very fair!!"

Qin Feng smiled at him, saying: "Didn't I say from the start, these elixirs are only sold to those who bow their head in submission to the Flying Dragon Team. You'd rather die than submit, how could I sell to you?"

"..."

Duoming was left speechless.

Qin Feng then instructed Little Six: "Hand these all over to Flying Dragon, let's price one at 10 billion for now! We'll adjust according to the market later."

"10 billion?!"

Duoming felt like coughing up blood, "You won't sell for 80 billion, yet you're selling for only 10 billion?!"

Little Six was also utterly bewildered, failing to comprehend.

Little Six reminded again: "Mr. Qin, these could probably fetch 20 or 30 billion, after all, the position of a Military General is highly tempting to those in martial arts!"

"Let's sell it to our own people for 10 billion," Qin Feng stated, "As for self-sufficiency and selling elsewhere later, we can raise the price then."

From Duoming's reaction, he also knew that the Third Grade Breaking Martial Pill was worth far more than 10 billion.

But what is money for?

To him.

Money is just a tool for his rise to power.

He knows that Martial Masters make good money, but they're constantly depleting Heavenly Materials and Earthly Treasures, so their savings aren't substantial, with few being able to come up with 10 billion at once.

Of course.

Qin Feng wasn't sympathizing with them, but he wanted the Flying Dragon Team to grow quickly and become an extension of his power, while also attracting many to join willingly.

"So, shall I deliver these elixir...?"

Little Six said at this moment.

Chapter 197 - 197 He Doesn't Dare!

"Sure, you can go!" Qin Feng nodded.

"But, but..."

Little Six, holding the Elixir in both hands, began to tremble uncontrollably.

This thing was too valuable.

Not to mention it was more than two hundred First-grade Elixirs, with one selling for two million each—just five Third-Grade ones could fetch fifty billion. He had never owned something so precious in one go, and his legs were shaking.

"You mean, you want me to go?" Qin Feng said.

"No, no no no..." Little Six hastily shook his head and waved his hands, saying, "I'm just too moved."

With that.

He nearly started crying.

Considering he had only met Qin Feng twice, and Qin Feng was entrusting him with such precious items, it showed tremendous trust in him. It was so moving...

"..."

Qin Feng, on the other hand, was quite embarrassed.

On one hand.

He always trusted those he employed and did not doubt those he decided to use. He determined from previous observations that Little Six was unafraid of life and death and valued loyalty, and thus felt he was reliable.

On the other hand.

Those Elixirs seemed very valuable.

But they had only cost him two days to produce, and even the raw materials were just a few million.

"Alright, alright, cut out the tears, a big man like you, hurry up and go!"

Qin Feng waved his hand.

He believed that with these Elixirs, the Flying Dragon Team would effortlessly take care of the Underworld Mercenary Group.

"Okay, I'm going now!"

Little Six wiped away his tears, ready to leave.

At this point, Duoming, who had been standing by the side, could no longer hold back and shouted, "Wait!"

"I said no, I won't sell it to you, not for a hundred billion,"

Qin Feng said indifferently.

"I... I've decided, we'll join the Flying Dragon Team!"

Duoming gritted his teeth and said.

After saying that.

He helplessly faced the surrounding people who were injured by the chopsticks, saying, "Brothers, I'm sorry, we've lost this fight..."

There was no other choice.

Now that Qin Feng had such powerful Elixirs, the Flying Dragon Team's strength would soon surge.

And the Sky Wolf Team only had him as a Half-step General.

The appearance of Qin Feng's batch of Elixirs made it clear to him that he had fallen far behind the Flying Dragon Team and had no chance of winning.

"I admit defeat."

Duoming said to Qin Feng, "I agree to submit to the Flying Dragon Team, so... do I qualify to buy Elixirs now?"

"Of course."

Qin Feng smiled at the corner of his mouth and shrugged, saying, "A wise man submits to the times, well done. However, you need to go back to Jiang City with Little Six to find Flying Dragon."

Upon hearing this, Little Six said with a worried expression, "Mr. Qin, is that really a good idea? What if he on the way..."

Qin Feng knew what he was about to say and nonchalantly waved his hand, "He wouldn't dare."

No sooner than Qin Feng finished speaking.

Duoming hurriedly bowed, saying, "I absolutely won't!"

Indeed, he dared not.

Although stealing this batch of Elixirs could greatly increase his and the Sky Wolf Team's strength,

He had already witnessed Qin Feng's prowess.

He knew that a military general was but a tiny ant in Qin Feng's eyes.

How could he dare to rob?

Moreover, he disdained such actions.

"The night is deep, disperse everyone!"

Qin Feng addressed them.

Soon.

They all left the Bright Moon Tea House.

Wei Yunxiang, along with Fang Wudi and others, came up and said to Qin Feng, "We have reclaimed all the shares of Shuimu Company, and as compensation, Gao Yunkui is willing to compensate us with the Lake City project in its entirety."

"Good."

Qin Feng nodded and said, "Then we should register a construction company and take over their projects here!"

Speaking of which.

He looked at Li Jie and said, "You will run this company! They all have their own careers."

"Me? Thank you so much, Master!"

Li Jie said excitedly.

The last time Fang Wudi defeated Thunder King of Tiger Sect, his fame greatly increased, and many came to seek mentorship. Qin Feng handed this matter over to Li Jie, giving her a certain amount of authority. This chapter first appeared on *.

But she still didn't have a business of her own.

Now that she had this company, she wouldn't just be mooching off others anymore!

"Stop calling me Master. Don't call me that anymore; it sounds awful. And the same goes for all of you; otherwise, it makes me sound so old," Qin Feng said.

"Then... we will call you 'Mr. Qin'!" said Fang Wudi and the others, "Just now, when those people left, they seemed to call you 'Mr. Qin'; that title is good, haha..."

"Cough, cough, calling me 'Mr. Qin' also makes me sound old, doesn't it?"

Qin Feng wanted to argue.

But Fang Wudi and the others immediately opposed, saying, "Mr. Qin, you can't be like this; otherwise, it sounds too ordinary and won't showcase your awesomeness, which means it won't showcase us either!"

"Exactly, exactly..."

The others hurriedly agreed.

Qin Feng was speechless at their remarks and said, "Enough, scatter! Time to sleep."

"Mr. Qin."

Fang Wudi's expression turned serious and he said, "After all, we are dealing with Hengyuan Group, and even though Gao Yunkui has agreed to the compensation, he's just a General Manager, not a director. I'm afraid the compensation might be difficult."

"It's okay. I'll arrange for someone to accompany Li Jie to Hengyuan Construction later to talk with their chairman."

Qin Feng said.

"Who will you arrange? I'm afraid I don't yet have that power."

Fang Wudi said with a wry smile.

He knew his current strength well; it was enough for a small place like Lake City but nowhere near enough to mix in Jiang City.

"Don't worry about it."

Qin Feng then turned to Li Jie and said, "Someone you know, Hong."

Hong?!

Li Jie thought carefully and immediately remembered the time she and Xu Yunxiao encountered Yang Junchao begging on the street, only for him to kidnap them in a hotel and try to forcefully impose himself upon them.

Later, a woman dressed in leather kicked the door down and delivered several kicks to Yang Junchao's groin.

Only then did Li Jie realize that Hong was arranged by Qin Feng!

At the same time.

She also realized that it wasn't some mysterious person infatuated with Xu Yunxiao who had been protecting her all these years in secret; it was Qin Feng!

"Okay, I understand."

Li Jie said with a smile.

In any case, Qin Feng was paying more and more attention to her, and now he had introduced her to Hong, which made her very happy.

She even felt that maybe he had a little bit of affection for her.

After their discussion, everyone dispersed.

...

The next day.

Before dawn.

Qin Feng was sleeping when he suddenly heard a knock on the door.

Getting up to open the door, he saw it was Wei Yunxiang.

"What's the matter so early in the morning?"

Qin Feng yawned and saw her eyes wide open, her face tinged with red, staring blankly at his lower body.

He looked down.

Qin Feng was shocked and quickly covered up, slamming the door closed as he rushed to get dressed.

He had completely forgotten his habit of sleeping in the nude when he opened the door.

After getting dressed.

Qin Feng opened the door again and asked, "What's up?"

Wei Yunxiang was still caught up in the shock of the moment, her heart pounding like she had seen a grand and majestic palace, her eyes uncertain. It took her a moment to calm herself by patting her chest and then saying, "Mrs. Qin is looking for you."

Chapter 198: Fang Wudi's Master!

The news of Gao Yunkui from Hengyuan Group being beaten up last night had already spread throughout the entire upper echelons of Lake City!

Qin Feng's reputation thus soared!

Because it was Qin Feng who dragged Gao Yunkui onto the teahouse's open-air balcony to show him the number of people on his side, many witnesses made it easy for the word to get out.

People never imagined that a mere son-in-law who had married into a family would dare to hit Gao Yunkui.

Upon hearing the news, Xu Yunxiao immediately went to see Qin Feng.

In the living room.

As soon as Qin Feng entered, Xu Yunxiao approached him with concern, "Qin Feng, are you alright?!"

Her eyes were swollen and red.

Last night he slapped Hang Chengzhi in the face in front of everyone for her, and after leaving the Xu Mansion, people said he had fled. But they didn't expect him to go and beat up Gao Yunkui; his courage and bravery touched her.

"Don't worry, I'm fine."

Qin Feng gently wiped the tears from her face with a smile, and then handed her a stack of contracts, saying, "Here's your Shuimu Company, I got it back for you."

"What?!"

Xu Yunxiao was greatly surprised.

Only then did she remember the words Qin Feng said last night, that he would definitely take back what belonged to her!

It wasn't just a comforting phrase, he really did it!

In a flash.

Tears streamed down Xu Yunxiao's face, and she threw herself into Qin Feng's arms, crying.

Qin Feng held her gently and comforted her, "It's alright now."

In that moment, he too felt a warmth.

She finally recognized the strength of his shoulders.

After a while.

Xu Yunxiao dried her eyes and said, "You should leave Lake City for a while! I know you used Brother Hai's connection to beat Gao Yunkui, but I've heard that Hengyuan Group is very powerful and will certainly tear you into pieces!"

"Brother Hai?"

Qin Feng could not help but laugh and cry.

So people think that it was thanks to Pang Dahai that he beat Gao Yunkui last night.

That's right.

Who would believe a worthless son-in-law like him is their "boss"?

And indeed, the few hundred people last night were mostly Pang Dahai's brothers from the streets, so it made sense for them to think that way. To report errors, please visit the original post on *.

On the other hand.

Last time at Qingyuan House, Xu Yunxiao saw Pang Dahai warmly greeting Qin Feng, saying they've known each other for a while, and she even praised Qin Feng's networking skills, suggesting that he should handle business.

"Although Brother Hai is tough, Hengyuan Group is tougher, so you better lay low for a while!" Xu Yunxiao said worriedly.

"Don't worry about it."

Qin Feng grabbed her shoulders and said, "Plus, Brother Hai is from Invincible Club, aren't they? They're not afraid of Hengyuan Group."

"But, people are saying that even with all of Invincible Club's power combined, they're not enough to withstand Hengyuan Group's bullying, and now everyone is waiting to laugh at them."

"Invincible Club might not be capable, but Fang Wudi's Master can!"

Qin Feng said with a smile.

Hearing this, Xu Yunxiao's eyes lit up, "Right! I forgot about that, I heard from Li Jie before, Fang Wudi's Master is very formidable, a real expert, and he's also the one she's been secretly in love with!"

"Ah?!" Qin Feng was clueless.

"You don't know, during the Qixi Love Banquet she almost met her Prince Charming, who's also Fang Wudi's Master, she's been crushing on him. She said recently she joined Invincible Club; I can ask her for help!"

Xu Yunxiao's eyes sparkled.

Without waiting for Qin Feng to intervene, she was already dialing Li Jie's number.

After quickly explaining the general situation, Xu Yunxiao said, "Li Jie, you must help me, otherwise Qin Feng is finished!"

"Don't worry, I'm actually on my way to Jiang City, to negotiate with Hengyuan Group."

Li Jie replied with a laugh and a cry.

Xu Yunxiao finally breathed a sigh of relief, hung up the phone, then told Qin Feng, "She agreed to help, she's on her way to Jiang City. I know she looked down on you before, and you were also hard on her, but you can't be like that anymore, she's now part of Invincible Club, very powerful, and she's helping us again."

"Okay, let's be good..."

Qin Feng hastily said with an embarrassed smile.

After chatting for a bit, Xu Yunxiao left with the Shuimu Company's share agreement.

Everything about the company depended on her.

With Luo Hongyan's concert just around the corner, there wasn't much free time.

She was sent away.

Qin Feng also received the medicinal materials sent by Mu Jiangyue, muttering, "Her efficiency is indeed fast!"

He stayed at Wanfu Building these past two days, continuing to prepare the elixir.

Two days later.

After the batch of medicinal materials was refined, Qin Feng felt stifled.

Looking at the sunset outside, he felt like going home to see his wife.

But just thinking about the mother-in-law, his mood wasn't the slightest bit better.

"Right!"

Qin Feng remembered the house he was renovating at Cloud Peak Villa No.1.

If they moved to the new house.

With so many rooms, no one would stop him from sharing a bed with his wife!

Thinking of this.

He immediately called Wei Yunxiang over and asked, "How is the renovation of Villa No.1 going?"

"It's almost finished, I was just about to go and check."

Wei Yunxiang said.

She would check on the renovation progress and effects almost every day, after all, it was Qin Feng's house.

"It's just right, I need to get some fresh air too."

Qin Feng stretched lazily.

After a moment.

Wei Yunxiang, driving a Porsche, arrived with Qin Feng at the foot of Cloud Peak.

The Cloud Peak residential area is divided into three parts.

A few 12-story western-style buildings at the foot of the mountain make up one part, likewise a luxury neighborhood where many wealthy people from Lake City reside.

The second part.

Consists of the villa district on the hillside.

Only big stars and major entrepreneurs and the like would live in such villas.

The price also increases from low to high, in order.

The third part.

Is Emperor Villa.

Until now, aside from the renovation work, hardly anyone has gone there, and no one knows who the owner is.

Having been cooped up in Wanfu Building for two days, Qin Feng wanted to take a walk, so he had Wei Yunxiang park the car on the main road at the foot of the mountain, and they walked along the wide road toward the hill.

The road up the mountain is very wide, capable of accommodating six cars side by side.

The grass on both sides is also very lush and pleasing.

Walking here, the air is fresh.

The setting sun's afterglow adds a layer of tranquillity and dreaminess to the place, stretching their shadows long.

"Sometimes walking on such an open road feels very comfortable."

Qin Feng walked and enjoyed this pleasantness.

Wei Yunxiang also revealed a contented smile on her lips.

Although somewhat tired, her heart felt relaxed, this moment far away from the deceitful complexities of human interactions, truly comfortable.

At this time.

A Maybach S900 drove up from behind, breaking the calm, and stopped beside them.

The window rolled down.

Young Master Liu of the Liu Family, one of the three major families of Lake City, Liu Qianyu, upon seeing Wei Yunxiang, his eyes revealed a greedy glint.

Wei Yunxiang was too sexy.

Dressed in a red semi-professional hip-wrapped skirt, she unveiled her perfect figure without reservation.

Paired with wavy curls, she was not only sexy but also exuded the charm of a mature woman.

Especially under the sunset, her long beautiful legs beneath the hip-wrapped skirt were perfect to the point of obsession.

"Wei Yunxiang?!"

Liu Qianyu's eyes gleamed as he spoke.

Chapter 199 - 199 At Least 70%!

Wei Yunxiang gave him a look, her eyes flashing with a hint of disgust.

She, seasoned in the business world, was very accurate in judging people and situations.

She could immediately see the disgust in his gaze.

Moreover,

she also knew that Liu Qianyu had always harbored those kinds of thoughts towards her, even wanting to use the Liu Family's power to force himself on her before "Qixi Love."

Fortunately, Zhou Yiming did not get along with him at that time and started to compete with him.

In the end, Qin Feng took action, defeating Zhao Tianba, the inner strength expert hired by Liu Qianyu, in one move, making him dare not lay his hands on her again.

She had thought Liu Qianyu had given up.

But his unabashed gaze was still so disgusting.

"Miss Wei the beautiful, how about getting in my car? There's no one else in my car."

Liu Qianyu said with a smile at the corner of his mouth.

Wei Yunxiang frowned and said, "Please show some self-respect!"

"Self-respect? Hahaha..." Liu Qianyu laughed aloud, sneering, "Why bother with self-respect around me? If you were truly self-respecting, you wouldn't have had an affair with that young guy! What's the phrase? Right, right, playing the saint after being a whore!"

"You!"

Wei Yunxiang was somewhat angry.

"Come on, we know each other too well. How about this, spend a night with me, and you can name your conditions, how about that?" Liu Qianyu said.

"Get lost!"

"Telling me to get lost? Heh, still so snippy? I'm telling you, Yunxiang, don't think just because you're close with the Invincible Club that nobody dares to touch you. You've offended Hengyuan Group, you're already in deep trouble. According to the information I've collected, they will come to Lake City tomorrow, and you'll be completely finished."

Liu Qianyu sneered, "If you agree to be my lover and satisfy my needs at any time, the Liu Family can guarantee your safety."

"I don't need it!"

Wei Yunxiang replied coldly and continued walking.

Seeing this, Liu Qianyu frowned and said, "Don't tell me you think that trash beside you can help? I heard that guy, although being Wanfu Building's 'lucky star', have you thought about it? What times are these, still believe in that trash?"

Hearing Qin Feng being called trash, Wei Yunxiang's expression turned cold.

But Qin Feng directly wrapped his arm around her smooth waist and said to Liu Qianyu, "If I am trash, doesn't that make you worse than trash? Because Miss Wei would rather be my woman than even look at you."

"You..."

Liu Qianyu's heart ached with anger, "You, a gigolo, have the nerve to act tough? Don't think just because you rely on Li Jie from the Invincible Club to beat Gao Yunkui, that you think you're invincible. You won't even know how you'll die!"

Rely on Li Jie? The M|V|LE&MPYR team worked hard on this chapter.

Qin Feng blinked, bewildered.

It turns out Xu Yunxiao and Li Jie are very close, and Li Jie is a member of the Invincible Club. These past few days, Li Jie has been negotiating in Jiang City with Hengyuan Construction.

So, everyone thought it was through his wife's connections that he leveraged the Invincible Club to beat Gao Yunkui.

Qin Feng was not angry, continuing to hold Wei Yunxiang's waist, provoking him, "What if I am a gigolo? You have money and power, but you can't even get a sniff of her, how frustrated are you?"

"You..."

Liu Qianyu's heart ached with anger again.

This loser, not only did he marry Lake City's most beautiful woman, he also steadfastly refused to divorce her, and now he hooked up with Wei Yunxiang, the woman Liu Qianyu had always dreamed of. What's most frustrating was that Wei Yunxiang would rather give her body to this loser than even look at him.

"Hmph, you'll soon know what despair feels like!"

Liu Qianyu said with a pale face.

He then looked towards Wei Yunxiang again and said, "Wei Yunxiang, I have another thing to ask of you; I heard your backer is very mysterious?"

"So?"

"It's like this, go back and tell your boss, the Liu Family wants to challenge him to a boxing match."

"What do you mean?" Wei Yunxiang's brows furrowed.

Liu Qianyu's mouth curled into a sinister smile, spreading his hands and saying, "Of course, it'll be according to Qingyuan House's rules. If the Liu Family wins, he has to give us Wanfu Building, including you, heheheh..."

"Impossible!"

Wei Yunxiang immediately refused.

The Liu Family suddenly issuing a challenge must have been prepared.

但秦风这时问:"若你们输了呢?"

"But what if you lose?" Qin Feng asked at that moment.

"Lost? Haha..."

Liu Qianyu laughed as if he had heard a joke, and disdainfully said, "If we lose, the Liu Family is willing to offer up thirty percent of our shares, how about that?"

"Not enough."

Qin Feng curled his lips to show disinterest.

"You..."

Liu Qianyu was so angry he wanted to stab this ignorant guy to death.

He's just a freeloader, a good-for-nothing son-in-law, and he's even picky about a 30% share of the Liu family's business!

The Liu Family is one of the three major families in Lake City, and 30% shares amount to almost two billion!

"Either 70% or get lost," Qin Feng said again.

"What the hell's it to you!"

Liu Qianyu cursed.

Wei Yunxiang then said, "What he says, I say. 70% shares, not a percentage less, then we can fight in the match."

"Really? You can represent Wanfu Building?"

Liu Qianyu was taken aback, a glint of light flashing in his eyes.

"Of course."

Wei Yunxiang said.

"Deal!!"

Liu Qianyu gritted his teeth and his eyes also showed excitement.

He originally thought that the owner of Wanfu Building would never agree to this boxing match.

It's simple.

Anyone with a bit of sense would know, if someone suddenly challenges you, they must be prepared, so the other party would basically not agree; he was just trying his luck by asking.

As expected at first, Wei Yunxiang decisively refused even before he asked the owner.

But he didn't expect Qin Feng to be such a greedy fool.

And even more unexpectedly, Wei Yunxiang really treated this fool as her "lucky star" and obeyed his advice.

That's perfect!

Liu Qianyu looked up proudly at Qin Feng and laughed, "Didn't expect you to be somewhat useful, haha..."

Thanks to this fool, Wei Yunxiang agreed.

70% shares are too much.

But.

Can they win?

Extremely proud, Liu Qianyu thanked Qin Feng and immediately drove off to share the good news with his family.

"Boss, his sudden proposal must have an ulterior motive," Wei Yunxiang reminded.

"No worries."

Qin Feng waved his hand, not caring at all.

"Boss..."

Wei Yunxiang called him again, her face slightly flushed.

Qin Feng then realized he was still holding her sexy waist, he quickly let go and said: "Sorry, I was just trying to anger Liu Qianyu."

"Okay."

Wei Yunxiang nodded, and they continued walking uphill.

The sun was about to set.

They finally reached Cloud Peak Villa No.1, which was only second in height to the Emperor Villa.

"The scenery here is nice!"

Qin Feng stood at the entrance, overlooking Lake City.

He could see the skyscrapers, streets, and the dozen or so lakes scattered across the city.

The sunset spread over the land, everything was so tranquil.

"It would be great to live here."

Wei Yunxiang was also captivated by the sunset beauty of Lake City.

"That's easy, I remember that villa No.2, villa No.3, and so on, haven't been sold yet, I'll give Feng Guoqiang the money later and have him give you one," Qin Feng said.

"Ah?"

Wei Yunxiang was surprised, a villa for her? Did she hear it right!

"I've said, following me, you won't be mistreated," Qin Feng felt the cool breeze mixed with the sunset and continued, "Besides, one villa is only a few tens of millions."

Chapter 200 - 200 No Need to Be Ambiguous!

Several tens of millions... that's all.

Wei Yunxiang felt deeply embarrassed.

When the owner of Wanfu Building was Boss Ma, even he did not treat several tens of millions as a trifling matter.

In his eyes, how come several tens of millions seem like just several thousand.

Regardless.

Living in a villa at Cloud Peak is good as well.

Because it means staying by his side.

Thinking of this, the corners of Wei Yunxiang's mouth curled up in a contented smile, looking particularly beautiful under the sunset.

"Let's go! Let's take a look inside."

Qin Feng said.

The villa was not too big.

Its advantage was not in its size.

But the design of the house was excellent, with bedrooms, living room, reception room, gym, swimming pool, study, and so on – everything that should be there, was there!

At this time, the decoration was also basically complete, with only the details left.

"When I have time, I'll prepare some Devil's ivy and other plants, to place here in advance, to absorb formaldehyde as soon as possible."

Wei Yunxiang said.

"No need."

Qin Feng spoke and then stroked a tree branch in the villa's courtyard with inner strength.

The next moment.

That tree branch instantly sprouted numerous new buds!

He planted the branch full of new buds in a pot and placed it in the hall, saying, "There, this is even better than a hundred pots of Devil's ivy."

Having said this.

Seeing Wei Yunxiang's eyes widen, her mouth slightly agape, a look of extreme astonishment on her face.

"Boss, you, you can do 'Withered Wood Spring'?!"

She said in a stunned manner.

She used to help Qin Feng sell cliff juniper 'Withered Wood Spring,' and although she was shocked at the time, she was more shocked about whether Qin Feng knew the Luo Shui Divine Doctor because only the Luo Shui Divine Doctor could perform this technique.

Now she realized that it was Qin Feng who did it himself!

"All little tricks, let's keep moving!"

Qin Feng said with a smile.

Wei Yunxiang was utterly shocked.

Each time she thought Qin Feng was stronger than she had imagined, each time her understanding of him was renewed.

Who exactly is he...

There are a total of six bedrooms here.

Qin Feng entered the master bedroom and, looking at the cozy decorations, the 380,000 duck down quilt on the bed, felt an extreme sense of comfort.

The wallpaper on the walls was also the highest standard domestically.

Just the wallpaper in this one bedroom cost over two hundred thousand.

Not to mention the wooden flooring.

Every pattern, every fine seam was perfect to the extreme, without a single flaw.

The most surprising thing for Qin Feng was a huge photo frame on the wall above the bed.

In the frame was his wedding photo with Xu Yunxiao!

He wore a white suit, standing by a white piano underneath a European-style court, while Xu Yunxiao wore a red wedding dress, listening to his beautiful playing. Both of their faces were brimming with sweet and happy smiles.

"Where, where did this come from?" This content originates from *, My Virtual Library Empire.

Qin Feng's eyes widened.

He and Xu Yunxiao had a simple wedding, not many relatives came, let alone wedding photos!

Wei Yunxiang replied, "It was made by the top imaging experts in the country. If you're not satisfied, it can still be changed."

"Satisfied, very satisfied!"

Qin Feng laughed loudly.

He never dreamed that one day he would have a wedding photo with Xu Yunxiao. He didn't expect Wei Yunxiang to be so attentive to have even prepared this.

"You really know me inside out!"

Qin Feng couldn't help but praise.

"If the boss likes it, that's great."

Wei Yunxiang said with a smile.

After touring the villa, Qin Feng grew more and more pleased with her, and he kept praising her effusively, saying, "You have exceptional abilities and you're considerate too. Whoever marries you will have struck it rich."

"I don't want to get married; I just want to follow the boss."

Wei Yunxiang stated.

"That won't do. Although there are many people these days who value freedom and don't want to get married, it is ultimately not good. It goes against the cycle of natural law. Not to mention other things, let's just talk about physiological issues! Not having a partner for a long time is very bad for your health."

"..."

Wei Yunxiang's cheeks were flushed with a hint of redness.

Seeing this, Qin Feng apologized with a smile, "Sorry, I was just talking nonsense. Let's go!"

Wei Yunxiang wanted to say something, but she ended up not opening her mouth and just sighed softly.

After looking at the villa.

The sky had already darkened.

Lake City had become brightly lit; from here, it looked like a galaxy of twinkling stars, very splendid.

"I originally wanted to look at Emperor Villa too, but let's forget it!"

Qin Feng said.

The two of them walked down the mountain together.

Not much time had passed.

Suddenly, their path was blocked by two cars!

Several people got out of the cars immediately and surrounded them.

Wei Yunxiang looked at the middle-aged man in the forefront, and said with furrowed brows, "You are... Li Chenggang?"

"That's right, it's me."

Li Chenggang took a puff from his silver tobacco pipe, looking smug.

He was the Family Head of the Li Family, one of the three major families in Lake City.

"President Wei, don't worry, we're not here for you, we're here for him." Li Chenggang said with a smile, looking towards Qin Feng.

"Finding him is finding me!" Wei Yunxiang declared.

"Heh heh heh, I say, President Wei, you can't even protect yourself, and you still think about protecting him? Tsk, that's really deep affection!" Li Chenggang said.

At this moment, Qin Feng took a step forward and asked, "What do you want with me?"

"Humph, of course, it's to settle an old score with you." Li Chenggang took another puff of his tobacco pipe and said with a laugh, "Two months ago, my son was beaten up at a nightclub, and according to our investigation, it was because of your wife Xu Yunxiao. So, we suspect, it's related to you."

Wei Yunxiang immediately retorted, "Suspect? You need to have evidence when you speak!"

"This kind of matter is inherently murky. Since we can't get to the bottom of it, I suggest we settle it in the ring with a real fight, how about a boxing match?"

Li Chenggang's mouth curled into a sly smile.

He indeed had no direct evidence that Qin Feng or Xu Yunxiao were involved, but the reason he came knocking was to plunder whatever he could before they would be retaliated against by Hengyuan Fourth Construction!

Just a few days ago.

The revered expert that the Li Family had as their Sacrifice had successfully advanced to become a Half-step General!

Such a powerful strength, if only used for the Sacrifice, would be too wasteful; it was better to use him to gain some benefits.

On the other hand.

After that expert became a Half-step General, if the Li Family didn't expand their influence and raise their status, they might not be able to keep the expert. He would leave Lake City for a better place to be revered.

Therefore, it was necessary to start fighting for industries, to vie for the position of the number one family in Lake City.

Actually, at first, he wanted to target Wanfu Building.

But he found out that the Liu Family had got there first, so he had to start with Qin Feng.

Firstly.

Xu Yunxiao's Shuimu Company had huge potential, which is why the relatively asset-poor Xu family became the second-tier family in Lake City.

Secondly.

Although they had the backing of the Invincible Club, with Hengyuan Fourth Construction soon coming to obliterate them in Lake City, it was perfect to seize Shuimu Company before their downfall.

So, whether his son's manhood was crushed by Qin Feng and Xu Yunxiao or not, it didn't matter anymore.

He was just looking for an excuse.

As for finding Qin Feng?

Because Xu Yunxiao would definitely not agree to a boxing match, but Qin Feng, who lacked wit, was different. He even dared to fight Gao Yunkui; with just a little provocation, he would take the bait.

"So, in order to prove your innocence, do you dare to accept the challenge?"

Li Chenggang continued with a laugh.

Wei Yunxiang was just about to refuse, but Qin Feng pulled her aside and said to Li Chenggang, "There's no need for any confusion or ambiguity. The crushing of your son's manhood was indeed ordered by me."
