The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 21 - 21 Gu Worm!

"May I ask if you are looking for Miss Luo..."

The receptionist asked.

"Oh, we had an appointment in advance. I am her doctor."

Qin Feng said.

He didn't want to reveal his boss identity too early, so he came as a doctor.

Soon.

The receptionist led him to a suite.

Li Li, dressed as Luo Hongyan's assistant, upon seeing Qin Feng as a young man dressed no different from ordinary people, instantly lost interest and said, "Are you sure you're the doctor recommended by President Jiang?"

"Yes, where is Miss Luo?"

Qin Feng said.

"You can leave now! You won't be able to cure Miss Luo's illness, don't waste your efforts," Li Li said.

Qin Feng was taken aback and said with a wry smile, "Then let me try, that's alright, isn't it?"

"Try?"

Li Li frowned and said, "We've had many foreign specialists before who couldn't cure her, what skills do you have? I've seen many people like you who use the pretext of treating an illness to get close to Miss Luo!

Seeing this, Qin Feng could not explain himself and said, "Just wait a moment."

He made a phone call to Jiang Zhongtian.

Right after.

Li Li's phone rang, it was Jiang Zhongtian calling her.

No choice.

As a celebrity assistant, she couldn't afford to offend Jiang Zhongtian. After being scolded violently, she suppressed her anger and said to Qin Feng, "I warn you, if you really have no true skills and can't cure her, then I will assume you are deliberately disturbing Miss Luo, you know the consequences!"

Qin Feng couldn't be bothered with her and walked further inside.

She was puzzled.

Previously, when inviting renowned foreign doctors, President Jiang never got this emotional; why would he scold her for him?

At this moment.

Luo Hongyan entered the hall.

Her eyes sparkling like gems, glancing around, she wore a beautiful black dress which perfectly showcased her graceful figure, adorned with dazzling diamonds that made her even more radiant.

Her hair was neatly styled up, revealing her fair and noble neck.

The beautiful legs beneath the dress were exceptionally enchanting.

At this instant.

A single thought ran through Qin Feng's mind—astonishingly beautiful!

Even more beautiful than on TV!

However, her eyes, resembling the autumn moon, revealed a hint of sadness and melancholy, presumably worried about her throat issue.

"You... can you really cure me?"

Luo Hongyan looked at him with her beautiful eyes.

Her voice was very soft.

And seriously hoarse.

"I can try,"

Qin Feng said.

"If you can cure me, you will be my benefactor!"

Luo Hongyan said earnestly.

"Alright."

Qin Feng stepped forward, "Give me your hand."

"Huh?"

Luo Hongyan frowned slightly.

Although she had been in the entertainment industry for many years, she was still a virgin and not used to strange men touching her hands.

"It's just to feel the pulse."

Qin Feng explained.

Upon hearing about taking the pulse.

Li Li nearby mocked, "Taking the pulse? We used foreign equipment costing millions and couldn't find the problem, and you just want to check the pulse—miss, I think he's just trying to take advantage!"

"In a physician's eyes, there are no genders!"

Qin Feng said.

Luo Hongyan looked into his eyes, seeing his gaze was extremely clear, with no impure thoughts, she bit her lip and extended her hand.

The moment Qin Feng touched her hand.

He felt a shock throughout his body.

Her skin was cool and smooth like perfect warm jade!

However, he quickly adjusted his spirit, closed his eyes, and checked her pulse.

For a moment.

He furrowed his brows, pondered a little, then asked Luo Hongyan to open her mouth to check her throat, finally saying, "Your illness can be cured."

"Cured?!"

Luo Hongyan's heart skipped a beat.

Following that,

a surge of heat almost escaped her eyes.

During this time, many famous doctors from home and abroad have been consulted, but mostly shook their heads in regret.

This is the first time she heard the words "can be cured!"

"But..."

Qin Feng's brows furrowed again.

"But what?" Luo Hongyan's heart sank anxiously, "No, didn't you say it could be treated? Is it not possible now? Doctor, I beg you! I want to sing, please help me! I am willing to do anything to repay you, as long as I can sing again!"

"Miss..."

Li Li, standing by, couldn't hold back her tears.

She knew how much Luo Hongyan loved to sing, one could say she was born to sing. When she first learned there was a problem with her throat, she was so upset she even thought of suicide; not being able to sing felt like life had no meaning to her!

"Do not misunderstand, it can definitely be cured, it's just..."

Qin Feng spoke, his expression troubled again.

"Do you need money? I can give you all my wealth!"

Luo Hongyan said.

"I do not want money..." Qin Feng saw her emotional state, gritted his teeth and said, "What I mean is, to treat you, you need to come into the inner room with me and remove your clothes..."

"What?!"

Luo Hongyan, shocked by his words, felt her heart pound.

Li Li cursed, "You, you shameless rogue, how are you any different from taking advantage of a disaster? You are worse than a beast!"

"No way!"

Luo Hongyan wiped away her tears, her voice cold, "Though I am willing to endure hardship for singing, my chastity is as precious as life to me. Leave!!"

"You misunderstand!" Qin Feng said exasperatedly, "I mean, your illness requires acupuncture treatment, but there are some rather hidden acupoints that require removing your clothes. I am not trying to take advantage of you."

"Really?"

Luo Hongyan's eyes brightened, but then she said, "But even so, won't you see me?"

"...As a doctor, I see no gender."

Qin Feng stated.

"..."

Luo Hongyan hesitated.

Li Li advised her to think carefully, because no matter how she looked at it, Qin Feng seemed like a scammer.

What if something indecent happens once they're in the room?

After a while,

Luo Hongyan took a deep breath and decided to take a chance, saying, "Okay, I will trust you once!"

In the bedroom,

a naked Luo Hongyan, like a budding flower, beautiful and shy. This chapter was uploaded by the team at *.

Like ripples stirring a calm lake's surface, her heart could not be stilled.

Qin Feng, mentally prepared, still found himself swallowing nervously, taking several deep breaths before finally calming himself and took out the silver needle, beginning to apply needles on her selected acupoints...

For a full hour.

After finishing with the needles, Qin Feng sharply patted her back, upon which she spit out a mouthful of black filth.

Following that,

Qin Feng took out a small jade bottle prepared in advance, and a thin Gu Worm, hardly visible to the naked eye, was placed into the jade bottle!

While taking her pulse earlier, he detected that Luo Hongyan's throat ailment was not an ordinary virus.

But caused by the hard-to-detect Gu Worm!

A person possessing this kind of Gu Worm must be a master of the Gu Technique!

In other words,

Luo Hongyan's illness was caused by someone harming her!

Harming her was cutting off her own source of income; he must find out who it was!

A cold gleam flashed through Qin Feng's eyes.

But he quickly adjusted his expression, stored the Gu Worm, and told Luo Hongyan, "I will prescribe another medicine; you should recover completely within three days!"

Luo Hongyan opened her eyes, her heart filled with immense joy.

She could distinctly feel that her throat no longer felt as uncomfortable as before. It always felt as if there was phlegm that she could not cough out, but now her throat felt even more comfortable than when it was healthy!

Then,

She gently opened her lips and tried singing a song softly.

"Waking from a dream, I no longer see you, trying to close my eyes, continuing to dream, to see you more in the dream..."

Simple lyrics, but because of her voice like the sounds of nature, it touched the depths of one's soul...

Without any instrumental accompaniment, as if her voice was the finest instrument in the world.

Qin Feng, moved by her singing, remembered Miss Lianghua from Dragon and Tiger Village, the first girl he secretly watched bathing... ahem, the first girl he had a crush on...

After a song of longing,

He was still immersed in the beautiful, nostalgic conscious realm.

At this moment, Luo Hongyan deeply bowed to Qin Feng, her voice filled with sincere thanks, "Thank you so much, Mr. Qin!"

Tears streamed down her face.

She clearly felt that her throat was not only healed but even better than when it was healthy!

Chapter 22: Great Promotion!

Seeing that Qin Feng didn't react,

She looked up and saw that Qin Feng's nose was bleeding. Anxiously, she said, "Mr. Qin, you, did you overexert your Inner Strength, causing a huge depletion and leading to physical deficiency?"

"No, you put your clothes on first."

Qin Feng spoke while covering his nose.

"..."

Luo Hongyan only then noticed that she was still fully undressed and quickly put on her clothes with a flushed face.

Qin Feng wrote a prescription, placed it on the table, and said, "Take this medicine according to the prescription for three days and it will take effect. I have something urgent to attend to, I'm leaving now!"

Saying this,

He walked out of the room and headed straight outside.

There was no way.

Luo Hongyan was too damn beautiful. What if he committed a crime by staying?

After he left,

Luo Hongyan remained incredibly astonished, unable to recover for a long time.

Everyone in the world admires her for her beauty.

But this man, after curing her illness, didn't indulge in any desires and simply left.

Is there really such a good man in the world?

Her eyes were full of doubt.

...

After leaving Brocade Pavilion, Qin Feng returned to his office and took a while to calm down, muttering to himself, "Damn, luckily I have enough self-control, otherwise I'd be really letting my wife down..."

Following that,

He made a call to Jiang Zhongtian and said, "Luo Hongyan's vocal condition is now fine, and indeed, she possesses an exceptionally high musical talent. Aren't we planning a concert for this year? Change that, we are holding twelve concerts!"

"Oh?"

Jiang Zhongtian didn't understand.

Nowadays, the income of celebrities mainly comes from variety shows and online music rights.

For example, a song on a music app could sell for tens of millions of yuan, but holding concerts could even result in a loss, unless it's for a huge megastar. Hence, there are fewer and fewer people attending concerts.

Holding a concert now is truly an unrewarding endeavor.

"Her voice was kissed by an angel, she should be even more popular than she is now!" Qin Feng spoke earnestly, "Therefore, we must promote her heavily!"

Even though Luo Hongyan is already a queen in the music world.

But Qin Feng felt it was still not enough; her talent isn't merely this, she is someone who ought to be remembered in history!

"But if it's overdone, it might backfire."

Jiang Zhongtian replied.

"I understand! Just go ahead with the plans! Let me know if there are any difficulties, I will take care of them."

Qin Feng said.

He knew what Jiang Zhongtian meant.

When a tree stands out in a forest, it is likely to be knocked down by the wind.

If Luo Hongyan becomes too popular, it would bring more trouble, such as increased jealousy from competitors, her own potential for becoming arrogant and so forth, which could all result in her popularity being just a fleeting moment.

Thus, Haohan Company has always been maintaining a balance, not letting Luo Hongyan reach the pinnacle of fame too rapidly.

Qin Feng also relished the challenge!

Wasn't Heavenly King Mountain about to evaluate him?

Then, he would use Luo Hongyan as the first step to see if he was qualified to inherit the mantle of Heavenly King Mountain!

Following this, Qin Feng continued, "Regarding the concert's marketing strategy, public relations planning, and promotion, let's hand it all over to Shuimu Media Company!"

"Shuimu Media? As far as I know, that company doesn't seem to be very large."

Jiang Zhongtian was somewhat puzzled.

"The size of the company isn't important, what matters is the capability and strength. I believe Shuimu can do it well."

Qin Feng said.

"Additionally, we will increase the investment in the concert compared to before. Just for the preliminary planning and promotion, the budget will be fifty million. Afterwards, we'll increase it further. I want to make it so well-known that everyone from the streets to the alleys knows about it. I want her to become famous all over the south and north of the river, famous throughout the whole country!"

Qin Feng said.

Haohan Company.

Jiang Zhongtian hung up the phone, feeling somewhat puzzled.

The newly appointed vice president, Shen Lu, asked him what happened, and he briefly explained. He really couldn't understand why Luo Hongyan, a diva of her caliber, would entrust a small media company with the planning and promotion of her concert.

Upon hearing this, Shen Lu suddenly realized, laughed, and said, "President Jiang, you might not be aware, but Shuimu Media Company is owned by the Xu family."

"Which Xu family?"

"The one Mrs. Qin is from," Shen Lu continued with a smile as a reminder.

"I see!"

It dawned on Jiang Zhongtian, who then said, "No, I have to inform the boss. We need to increase the budget... Right, you start drafting the contract, and try to get it done before tonight. We can't delay it."

...

After finishing his tasks, Qin Feng looked out the window and saw that it was nearly dark.

"Damn! I forgot today is the family's annual summary meeting!" Note: Check * for any corrections.

Qin Feng's heart skipped a beat.

If he was late, his wife would definitely be angry.

He hurriedly left the Wanfu Building, rode his electric bike frantically towards home, but was still a bit late.

Xu Yunxiao and her party had already gotten into the car, ready to leave.

Upon seeing Qin Feng, the mother-in-law, Li Cuilan, frowned and scolded, "Why are you wearing these clothes? Never mind how embarrassing it is in front of grandma, I'm used to it, but what about getting Yunxiao's car dirty? It's a new car!"

Next to her, Xu Yunxiao's face blushed, and she muttered unhappily, "Mom, stop it..."

There was no helping it.

The car was a gift from someone else, and here they were, complaining about it getting dirty – the shame was too much to bear...

Xu Yunxiao glanced at Qin Feng and asked, "Didn't you get a transfer for three thousand yuan? Why didn't you buy clothes?"

"What?!"

Li Cuilan overheard and immediately blew up, "You gave him three thousand? Wasn't it supposed to be only six hundred? Why give him so much!"

"..."

Xu Yunxiao couldn't find words to speak, her face just reddened.

Li Cuilan coldly said to Qin Feng, "Qin Feng, Yunxiao gave you so much money, and you didn't even buy clothes. Are you stashing private savings? Hand it over! Or else don't even think about eating!"

"No, I just didn't have time to buy any, was busy with work."

Qin Feng said with a wry smile.

"Work?"

Li Cuilan snorted, "You? Completely incompetent, lacking education, just a good-for-nothing living off a woman, what work could you possibly have?"

Xu Yunxiao also looked at him, puzzled.

Qin Feng had no choice but to make up a reason, "Wife, it's because of last time at Wanfu Building, remember I won a prize, and the owner said I was a 'lucky star'? He said I could bring good fortune to the restaurant, so he arranged for me to be a manager there."

Anyway, he would have to spend a lot of time at the Wanfu Building.

It was a good excuse to use.

"You? A manager at the Wanfu Building?"

Xu Yunxiao was incredulous.

Next to her, Li Cuilan laughed and said, "You, a manager? You could barely pass as a waiter. Don't you know your own worth?"

"That's right, you must be working as a waiter, right?"

Xu Yunxiao said.

"..."

Qin Feng was rendered speechless.

Might as well let them think what they want!

"Even though you're just a waiter, at least you're showing some ambition and willing to work,"

Xu Yunxiao said as she drove.

After a while.

The family arrived at the entrance of a five-star hotel.

Although for a third-rate family like the Xu family, it seemed a bit extravagant and wasteful, the grandmother loved to show off, wanting to make an impressive display to outsiders.

Xu Yunxiao parked the car, and the group headed into the hotel.

At that moment.

Coincidentally, the eldest uncle's family drove by...

Chapter 23 - 23 Report!

Uncle's son, the eldest grandson of Grandma Xu Changjian, upon seeing Xu Yunxiao, rolled down his car window and laughed, "I was wondering, Yunxiao, where is your car parked?"

"Oh?"

Xu Yunxiao furrowed her brows, always feeling his intentions were not good.

The two of them have always been arch-enemies.

Grandma doted on Xu Changjian immensely; he was likely to be the future leader of the Xu family.

But Xu Yunxiao's performance in recent years has been getting better and better, bringing more profits to both the company and the family, subtly beginning to surpass him.

Thus, they never got along.

Indeed.

Xu Changjian then laughed and said, "This place is full of luxury cars, I was worried parking next to your beat-up Santana would be embarrassing, so I wanted to ask where you parked to make sure I park farther away."

"..."

Xu Yunxiao's face flushed with anger.

Beside her, Qin Feng spoke up, "So you know these are all luxury cars? Then isn't it embarrassing for you to drive a BMW 5 series here? Listen, our car is in Zone B, Row 2, Space 6, make sure you stay away from us, we'd be embarrassed to be parked next to you—honey, let's go."

"...Damn!"

Xu Changjian angrily said, "Qin Feng, who gave you the right to speak? Besides, your old Santana is nearly scrap metal, and you still have the nerve to mock me..."

Who knew.

Before he could finish speaking. First seen on *.

Qin Feng, as if he hadn't heard a thing, took Xu Yunxiao and entered the hotel without paying any heed to him.

Xu Changjian was so angry he was nearly bursting.

His BMW 5 series, worth at least five or six hundred thousand, and there they were, acting superior with their hundred-thousand yuan Santana!

"Calm down!"

Sitting in the back, Xu Guoqiang, with a stern face, firmly said, "Don't get happy with things, don't get sad about yourself. To succeed, you must not be angered by such insignificant people. After tonight, their family's business will belong to you; act with the dignity of a big shot."

"Yes."

Xu Changjian nodded and secretly thought, I'll definitely find a chance to deal with that worthless guy at the door!

At this time, there was only one parking space left.

In Zone B, Row 2, Space 7.

Xu Changjian got out of the car, and seeing a brand-new Mercedes-Benz S450 next to him, he expressed his admiration, "I just checked this car out a couple of days ago, it's over 1.4 million, I've been thinking about getting it."

"Once Xu Yunxiao's Company is completely yours, I'll get it for you right away," Xu Guoqiang said.

"I really can't wait!"

Xu Changjian's eyes were filled with longing.

At this moment.

He suddenly paused, muttering, "This parking space... isn't this what Qin Feng just mentioned? Could this be their car?"

After thinking about it, he felt it was impossible.

Xu Yunxiao's company was in debt by eight million, how could they afford a new car?

"It must be that Qin Feng showing off, claiming this space is theirs, what a shameless bastard!"

Xu Changjian said.

Inside the hotel.

The Xu family had booked out twelve large tables on the second floor.

Everyone also gradually arrived, first warmly greeting Grandma, as she controlled the entire Xu family.

It was Xu Yunxiao's turn to greet her.

But the warm smile on Grandma's face abruptly stopped, and she didn't even lift her eyes as if she hadn't heard anything, just kept drinking her tea.

She had just warmly welcomed even distant cousins!

Xu Yunxiao felt displeased but had to retreat to her seat.

Seeing this, Li Cuilan, annoyed, said, "It looks like Grandma is still holding a grudge about a few days ago when you didn't take the blame for your Uncle Changye's son—Qin Feng, it's all because of your uselessness. If you had taken the blame for Changye, Yunxiao wouldn't be in this predicament. Marrying you really brought her bad luck for eight generations!"

"How is that my fault!"

Qin Feng scoffed.

Speaking as if it was his duty to take the blame.

"Still daring to talk back, are you? How heartless you are!" Li Cuilan continued to scold, "If you had taken the blame for Changye, it would have been counted as Yunxiao making a merit in the family, plus there was also two hundred thousand, just gone like that!"

"..."

Qin Feng simply turned his head away, unwilling to deal with his unreasonable mother-in-law.

The summary meeting soon began.

As in previous years, it was mostly dining while everyone took turns toasting Grandma and reporting the situation of their respective companies.

"Grandma, the Yunmeng Cosmetics Company I manage has increased its profits by ten percent compared to last year!"

Xu Yaxin from the second uncle's family said at this moment.

"Good!"

Everyone applauded and cheered upon hearing this.

Grandma also revealed a satisfied smile, saying, "Very good, very good, women indeed hold up half the sky. Later, the family will invest more into Yunmeng Company to expand it!"

"Thank you, Grandma!"

Xu Yaxin said joyfully.

As she sat down, she glanced at Xu Yunxiao with a hint of pride. In previous years, it was Xu Yunxiao's Company that had the fastest profit growth, but this year, she finally surpassed her!

Others also began reporting.

Grandma praised everyone with a kind look.

It wasn't long before.

It was Xu Changjian's turn to report.

Xu Changjian stood up, full of pride, and said with a smile, "Grandma, the company I manage has increased its profits by twenty percent this year!"

Twenty percent?!

People were astonished and started praising him.

"And..." Xu Changjian continued, "My company just secured the contract for Zhu Li's concert, worth six million!"

"What?!"

People were amazed.

The Xu family, although involved in many industries, has always intended to lean towards the entertainment industry.

Because the entertainment circle is the easiest way to build connections, they established several companies, such as Xu Yunxiao's Shuimu Media Planning Company, the Uncle's agency company, and Xu Changjian's Chengguang Company.

However, they were all relatively small companies.

Previously, the jobs they took were mostly for bars, corporate party events, and some small-scale venues.

A six million deal was significant for such companies!

What's more important.

Zhu Li was a rising star who had just become popular from a variety show.

This also meant that the Xu family was officially making connections with entertainment circle stars, a first step into the entertainment industry!

"My grandchild truly does me proud!"

Grandma stood up excitedly at this moment, "Changjian, you are indeed the hope of our Xu family's future!"

As soon as she finished speaking.

Others also started praising loudly.

"Yes, Changjian is amazing!"

"I wish my children had one-tenth of Changjian's capability."

"Here, Changjian, your fourth uncle will toast to you today, wishing you a promising future, leading our Xu family to glory..."

"..."

It was clear to everyone that Grandma really favored him and intended to groom him as the successor of the family. What better time to curry favor than now?

Xu Changjian, hearing everyone's praises, was extremely pleased.

After drinking with his fourth uncle.

He looked towards Xu Yunxiao, a sneer flickering at the corner of his mouth, and said, "Next, it should be little sister Yunxiao's turn to report, right?"

Upon hearing this, everyone turned their gaze towards Xu Yunxiao.

Their eyes filled with anticipation for a good show.

In the past.

Every year, Xu Yunxiao performed better than Xu Changjian, but everyone knew that this year was going to be drastically different!

It was well known that Xu Yunxiao's company was facing difficulties, urgently needing eight million.

So, she was bound to fail this year.

But that wasn't the main point.

The main point was, there were rumors that a few days ago Qin Feng was unable to take the blame for Xu Changye, which led to Xu Changye being imprisoned. Grandma felt this disgraced the Xu family and fell severely ill, not yet fully recovered. Someone proposed taking advantage of Xu Yunxiao's company crisis to revoke the rights of Shuimu Company back to the family, which improved her illness a bit.

Otherwise, the annual summary meeting would not have been scheduled so early.

If Xu Yunxiao were to be kicked out of the family.

That would mean one less person to divide the family assets, which many were very happy about!

At this moment.

Xu Yunxiao stood up, raised her glass towards Grandma.

Grandma still had an indifferent look, which made her feel somewhat gloomy as she started her report...

Chapter 24: Shameless!

"The focus of Shuimu Company's development this year is on expanding the scale. Hence, there are no profits at the moment, but since the expansion phase is already complete, I believe future profits will double..."

Xu Yunxiao reported.

Suddenly, Xu Changjian interrupted her with a sneer, "You're quite good at boasting, aren't you? As far as I know, your company is facing financial difficulties, right? I heard you signed a mortgage agreement with someone. If you don't repay the money on time, 51% of the company's shares will belong to the other party, is that correct?"

"Yes."

Xu Yunxiao did not deny it.

Last year Shuimu Company had reached its limit and couldn't progress further. The only way to achieve better development and profit was to expand, but the family was unwilling to invest, and loans were difficult to come by. So, she had no choice but to sign such an agreement, borrowing eight million for investment.

"Heh, good that you admit it," Xu Changjian snickered triumphantly, "Then how will you make up that eight million?"

People turned their gazes toward Xu Yunxiao, their eyes filled with mockery and anticipation.

"If you can't make it up, then you will have brought a huge loss to the company. Therefore, the family has the right to take the company back and re-establish the General Manager!" Xu Changjian proclaimed loudly.

Xu Yaxin, the cousin from the second uncle's family, immediately chipped in, "That's right, it should indeed be so. The capable one should take the position!"

"If the company loses money, then that person is not worthy of managing the company!"

"..."

At this point, others also started clamoring.

The old grandma sipped her tea leisurely and asked Xu Yunxiao, "Is this true?"

"Yes."

Xu Yunxiao candidly admitted.

"Then don't blame me!" The grandma put down her teacup and said, "You've brought a loss to the company; that is the rule of our Xu family. From tomorrow on, Shuimu Company will be managed by Changjian. As for you... you can be Changjian's assistant."

"Exactly, Changjian should manage it. Brother Chang Jian is so capable!"

Others echoed.

"Thank you, grandma, I will definitely perform well!"

Xu Changjian grinned ear to ear with joy.

At that moment.

Qin Feng at another table suddenly laughed, looking as if he was watching a joke.

"What the hell are you laughing at?"

Xu Changjian cursed.

"I'm laughing at how you all can't even wait to divide the spoils for such petty interests, truly shameless!"

Qin Feng continued mockingly.

"How dare you!"

The grandma's face turned steel blue, and she slammed the table angrily.

"Did I say anything wrong?"

Qin Feng was unfazed by the intimidation and continued.

"At first, the family only gave my wife a starting fund of five hundred thousand, while others started with millions. With just that five hundred thousand, my wife developed the company to the point where it profits millions annually in just a few years, bringing considerable benefits to the family. It was on track to become the top company in the family."

"And now, you can't wait to start dividing it up."

"You tell me, is that funny?"

"..."

Hearing this, everyone looked embarrassed and turned pale. Xu Changjian, particularly angry, stood up and yelled, "Damn you, who the hell are you? You're not even fit to speak here! You're nothing compared to a dog in our Xu family!"

"Cousin!"

Xu Yunxiao was furious, "Don't you go too far!"

After all, Qin Feng was her husband.

To humiliate him was to humiliate herself.

Moreover, the words Qin Feng had just spoken echoed deeply in her heart.

She, a mere woman.

Not only did she have to work hard outside, but her family was also eyeing her like a tiger watches its prey, which made her feel suppressed for years. It turned out that Qin Feng was the only one who understood her long-term hardships.

"Oh, you dare to talk back to your brother over this loser?"

Xu Changjian sneered.

As the argument escalated, the grandma slammed the table again.

Everyone immediately fell silent.

"What on earth do you look like?" the grandma scolded, "Do you know where you are? No composure, no manners, it would bring shame to the family if word got out!"

"..."

Everyone bowed their heads, no longer speaking.

Then.

The grandmother looked at Xu Yunxiao again.

"Yunxiao, I know you've done a lot for the family over the years and I understand your hardships, but, these are the family rules that have been in place for many years. So, don't hold any resentments. Rest assured, just assist Changjian well for now, and there will be opportunities for you in the future. Grandma has high hopes for you..."

"But the 8 million gap has already been filled!"

Xu Yunxiao said. C&ont*e*nt& so$ur%c@ed fr.om% M#V4LEM%PY&R – My Virt%u!a&l& L*i-br@a-r*y$ Em^pi&re%.

What?!

Everyone was shocked upon hearing this.

8 million!

That's no small amount.

Where did she borrow it from?

Even grandma was taken aback for a moment.

"It's impossible, you're bluffing!" Xu Changjian stood up and shouted.

"Right, she must be lying because she's afraid of being fired!" Xu Yaxin also snorted at this moment.

Grandma narrowed her eyes unhappily and said, "Yunxiao, as you know, our Xu family always values ethics. If you're lying, it would be hugely disappointing. The family wouldn't nurture a liar."

"I'm not lying, it's really solved!"

Xu Yunxiao reiterated.

"Good, very good!" Xu Changjian took out his cell phone, sneered, and said, "I'm going to call my friend now to ask the person who lent you the money. If you're lying, then don't even think about being an assistant anymore. Go work at the reception!"

He made the call.

Others excitedly said, "Yunxiao, you said it yourself, grandma is here, you can't go back on your word!"

They were all waiting to see Xu Yunxiao's downfall.

But who knew.

After Xu Changjian finished the call, his face suddenly changed, and he said, "It's actually been repaid..."

For a time.

Everyone was also in utter disbelief.

The hall quieted down, the original plan and expectations having fallen through; no one knew what to say.

At this moment.

Grandma took a sip of tea and spoke indifferently, "Rules are rules. Yunxiao, I'm asking you, how much profit did the company make this year?"

"Grandma..."

Xu Yunxiao frowned, "As I've reported earlier, this year the focus was on expanding the scale. It's an investment phase; there hasn't been a formal profit yet. With the current new scale, if we land an order, it can match half of last year's orders..."

"Have you secured any orders?" grandma asked again.

"..."

Xu Yunxiao looked into her calm eyes and felt a jolt in her heart.

Clearly it's an investment phase, but she insisted on asking about orders.

She finally realized, grandma is determined to take her company away!

At this time, Xu Changjian, who had recovered his senses, excitedly said, "Right, right, rules are rules! Even if you covered the 8 million, so what? Your company hasn't made a penny in profit this

year, it's still mismanagement! I suggest withdrawing your position as General Manager of Shuimu Company!"

"Yes, we can't break the rules, I also suggest withdrawal, with Brother Jian taking on the role of General Manager!"

Xu Yaxin and others also echoed.

At this moment, Xu Yunxiao felt a coldness in her heart, having worked so hard for the family, and yet this blood-related kin treated her this way!

For a time.

A surge of aggrieved warmth spilled from her eyes.

"Honey, don't worry, everything will be okay."

Qin Feng comforted her with a worried frown.

At this time.

Hearing her daughter's company was no more, Li Cuilan, in a rage, slapped Qin Feng's face hard, scolding, "You, you... it's all your fault, you useless thing! If it weren't for you not taking the blame for Ye'er back then, Yunxiao wouldn't be in this situation, you good-for-nothing sick dog, get out, get out now!"

Then.

Li Cuilan started begging grandma to spare Yunxiao.

But grandma just calmly drank her tea, pretending she didn't hear.

At this moment, Qin Feng's face burned with pain, his eyes flashing with sharp anger.

Xu Yunxiao wiped her tears and said to Qin Feng, "I'm sorry, my mother is just anxious, she didn't mean to..."

Only then did Qin Feng suppress the rage in his heart, his gaze fixed on her, "Wife, do you still want to stay in such a cold-blooded family? If you don't, I can..."

He was speaking.

Tears flowed from Xu Yunxiao's eyes, "Shuimu Company, I built it with my own hands..."

"I understand."

Qin Feng's expression turned solemn, and he nodded.

Then.

He took out his cell phone and messaged Jiang Zhongtian, "The contract hasn't been prepared yet? You have five minutes..."

Chapter 25 - 25 Haohan's Arrival!

Xu Changjian, having acquired Xu Yunxiao's Company, was in high spirits, drinking merrily!

At this moment, Jiang Zhongtian arrived, dusty and travel-worn.

"Who are you? We, the Xu family, have booked this hall. Are you lost?"

Xu Changjian called out.

"Hello, I am Jiang Zhongtian from Haohan Company, here to discuss cooperation."

Jiang Zhongtian said.

Haohan Company?

Discuss cooperation?

Everyone looked at each other, extremely astonished.

The prestigious name of Haohan Company, known nationwide as a major entertainment firm, was something they looked up to!

Jiang Zhongtian took a step forward, slightly bowed to grandma, and said: "Our company has an artist, Luo Hongyan, who wants to hold a national concert tour. In terms of planning, packaging, and promotion, we would like to cooperate with your esteemed company."

"Really, really?!"

Grandma trembled with excitement, finding it hard even to breathe.

Haohan Company taking the initiative to seek cooperation with them?

She dared not even imagine it!

Grandma hastily took a heart medication to calm down.

She picked up a cup of tea to steady her shock.

But her hand trembled violently from excitement, she spilled the tea on herself, and the cup shattered on the floor...

It took a while.

She finally managed to control her excitement, stood up, and bowed deeply at ninety degrees: "President Jiang, please have a seat, let's talk slowly..."

Not to mention President Jiang.

Even any random department manager from Haohan Company, she dared not slight.

"I still have matters to attend to, so I won't disturb you further. Here's the contract; review it, and if you find it satisfactory, sign it and send it to our company tomorrow."

Jiang Zhongtian said.

Having said that.

He then turned and left.

As he passed by Qin Feng, he slightly bowed and said, "Mr. Qin, I'll be leaving first."

Seeing this, everyone was dumbfounded.

He was President Jiang; why would he bow to Qin Feng, a loser?

At this time, Xu Yunxiao also looked at Qin Feng in great surprise and asked, "Do you two know each other?"

"We do."

Qin Feng casually shrugged and said.

"Damn it!" Xu Changjian was furious now, "What are you pretending for? How could President Jiang possibly know a trash like you! It must be out of respect for our Xu family, considering grandma's face, that he treated you like that, and you still have the face to pretend!"

"Exactly, so shameless!" Xu Yaxin joined in.

"..."

Xu Yunxiao then thought of the good "acting" of Qin Feng and shook her head in disappointment.

Grandma, now too busy to care about these issues, waved her hand: "Enough, enough, quiet now! Let's look at the contract first, this could be the future for our Xu family!"

To cooperate with Haohan Company was like skyrocketing to success!

The whole Xu family's status in Lake City would also be greatly elevated!

"Yes, yes, let's inspect the contract first. This is the concert of Luo Hongyan, the top diva. The budget they have for the planning must be very high!"

People eagerly said.

Grandma opened the contract and immediately flipped to the budget page, gasping in shock, almost having another heart attack!

Sixty million!

The budget they gave was a whopping sixty million!

And that was just for the initial phase.

If not enough, they would further increase the investment!

"Big, big, huge, huge deal!"

Xu Changjian, by the side, was so excited he couldn't even speak properly, it was ten times the size of the deal with Zhu Li he had before!

And that didn't even include event hosting, just planning and promotion!

"Who, who negotiated this deal with Haohan Company?"

Grandma stood up to look at everyone.

Whoever clinched such a huge deal was definitely a treasure of the Xu family, the future of the Xu family!

We must cultivate them well, and focus on cultivating!

At this moment, everyone looked at each other, also curious about who had the ability to clinch a deal with Haohan Company. Whoever had such ability certainly deserved to be ingratiated...

"Wife, raise your hand!"

Qin Feng said to Xu Yunxiao.

"Stop kidding, how could I possibly secure Haohan Company's order!"

Xu Yunxiao gave him a glance.

At this point, seeing that no one else spoke up, grandma finally looked at Xu Changjian with a smile, "Changjian, it's you, isn't it?"

"Yes, yes, it must be Changjian!" other people see the situation, and also started to echo.

"Now only Changjian's company is truly entering the entertainment industry, and only Changjian has this ability. Come on, Changjian, here's a toast from your second uncle!"

"Brother Chang Jian, your little sister toasts you too!"

"And me, I toast to you too."

"..."

Xu Changjian was overjoyed.

Although he also didn't know what was going on, who else could it be but him? For a better reading experience, visit *).

"Haha, then I shall humbly accept. To my uncles, cousins, from now onwards just watch my performance, I will definitely bring glory to the family!" Xu Changjian excitedly downed a glass of 53-degree fen liquor.

Qin Feng couldn't stand it anymore and leisurely said, "Say, don't you all look at the contracting company on the contract?"

People then came to their senses.

Want to know who signed the contract, why not just look at the 'Party B' on the contract?

Grandma also suddenly realized and immediately flipped to the first page of the contract.

People also excitedly squeezed over to take a look.

"What?!"

Xu Changjian completely froze when he saw the words behind "Party B".

The other people were also at a loss.

The "Party B" on the contract was—Shuimu Media Co., Ltd!

People turned their gaze towards Xu Yunxiao in unison.

This was the company she managed!

At the moment, Xu Yunxiao was also stupefied.

She didn't think she had the capability to secure the Haohan Company's order.

Qin Feng leaned back in his chair, smiling and said, "This contract is worth sixty million, anyone can tell how much profit it can bring. That means, my wife's company has the highest earnings, no objections, right? So, according to the rules, Shuimu Company is still hers!"

"..."

The hall quieted down, and people were at a loss for words.

"Damn!"

Xu Changjian's brows furrowed with annoyance, his fists clenched.

Just when he was about to acquire Xu Yunxiao's company, this incident happened. Not only did the duck that was almost in his hands fly away, but Xu Yunxiao might also very likely become the future heir of the Xu family because of this order!

At this moment, grandma spoke up, "Yunxiao, tell everyone, what happened?"

Her tone was warm and friendly, as if Xu Yunxiao was her only beloved granddaughter, a stark contrast to her previous indifference.

"I, I don't know either..."

Xu Yunxiao said awkwardly.

"Don't know?"

Grandma was slightly astonished.

The others also began to discuss.

Lastly.

Grandma brewed another cup of tea, regaining her previous aloof demeanor, and said, "If that's the case, I think this contract must have come to negotiate because of the Xu family's influence."

"Yes, yes, heaven bless our Xu family!"

"Our ancestors must be smoking with pride!"

"..."

The others also excited up.

Qin Feng almost vomited on the side.

Damn!

These people really are narcissistic to the core!

"So..."

Grandma then continued, "Therefore, this merit can't be credited to Yunxiao, we'll still follow the previous rules. Shuimu Company will be managed by Jian'er, and Haohan Company will also be contacted by Jian'er."

Chapter 26: Want to go to Wanfu Building!

Grandma turned to Xu Yunxiao and said, "Yunxiao, from now on you will be Jian'er's assistant! Grandma trusts that you can handle this position, don't disappoint me..."

"Grandma..."

Xu Yunxiao was on the verge of tears.

She had worked so hard to build her career, and just as she was about to reap the rewards, she ended up making a wedding dress for someone else!

Anyone would feel upset about this.

Li Cuilan was even more anxious and pleaded with grandma, but grandma waved her hand and said sternly, "Enough, this matter is settled, no more discussion!"

"..."

Xu Yunxiao's heart sank instantly, and tears streamed down her face.

Qin Feng comforted her from the side, "Wife, don't worry, Haohan won't be dealing with Xu Changjian."

Xu Changjian, who was immersed in excitement, heard this and got furious, stood up and cursed, "Damn it, who gave you the face to say that? I'm not capable, but are you?"

"Yeah, just look at yourself!" Cousin Xu Yaxin sneered.

"You trash, how dare you look down on Brother Jian?"

"..."

Seeing this, Qin Feng sneered, "What if you can't sort it out tomorrow?"

"If I can't sort it, I'll eat shit, what about it?"

Xu Changjian shouted.

Qin Feng laughed and spread his hands, "You said it yourself!"

"Heh, if I sort it out, Xu Yunxiao will roll out of the Xu family and won't inherit a penny from the Xu family, how about that?" Xu Changjian laughed.

"Fine!"

Qin Feng agreed.

Seeing this, Li Cuilan was so angry she wanted to slap Qin Feng to death and scolded, "You damn thing! Who let you make such a bet? Are you showing off?"

Then she hurriedly flattered Xu Changjian, "Jian'er, don't stoop to his level, he isn't one of our Xu family, his words don't count."

Seeing the situation, others chimed in with various comments.

"It's not Jian'er's fault, it was that useless outsider who proposed this."

"Yeah, you can't say something and not mean it, right!"

"..."

Without Xu Yunxiao, when it came time to inherit the family property, naturally more would be shared, who wouldn't be happy about that?

Li Cuilan was almost in tears.

The entire family was relying on Xu Yunxiao alone to earn money, if she really got kicked out of the family business, they would be doomed!

She hurriedly pleaded with grandma again.

Grandma calmly put down her teacup and said, "A gentleman's word, swift as a horse, this is what a man should do, if he does not keep his word, how can he be worthy of being a member of our Xu family?"

Thump!

Li Cuilan heard this and collapsed into the chair.

It was clear.

Grandma supported Xu Changjian.

"Hahaha..."

Xu Changjian burst into excited laughter and said to Xu Yunxiao, "Everything that just happened, I recorded it all on my phone, you can't back out, hehe, I'm sending a copy to everyone now, this is evidence..."

Saying that.

He sent the video to all family members, including Xu Yunxiao.

Xu Yunxiao was furious, her eyes red, and she yelled at Qin Feng, "You, you... this is your doing!"

"Trust me!"

Qin Feng looked at her seriously, "He won't succeed!"

Xu Yunxiao wanted to scold him.

But from his eyes, she saw an inexplicably firm look, which oddly calmed her down as well.

The desperate Li Cuilan, extremely angry, wanted to slap Qin Feng dead at the moment but was stopped by Xu Yunxiao, "Don't..."

"Yunxiao, why are you helping him? We are all going to be ruined by this damn thing! Let me beat him to death!"

Li Cuilan shouted angrily.

"It will be alright."

Xu Yunxiao comforted her, then looked at Qin Feng, "Right?"

For some reason.

She instinctively chose to believe Qin Feng.

"Yes!" For a better reading experience, visit *).

Qin Feng affirmed firmly.

At this point, grandma waved her hand and scolded, "Enough! Don't make a fuss about your family affairs here, so as not to be laughed at by outsiders!"

People laughed as if watching a drama.

"Next, onto the second matter," grandma continued, "For this year's seventieth birthday celebration, I am thinking... of changing the location."

"Oh?"

Everyone was surprised.

Grandma always cared about appearances, hosting each birthday celebration at this five-star hotel, inviting numerous relatives and business partners, and spending a great deal as well.

Has she had a change of heart this year, realizing the need to save money?

"Grandma, where would you like to go?" Xu Changjian asked.

"Wanfu Building."

Grandma stated.

Once she had spoken.

Everyone was embarrassed.

It wasn't about saving money; it was about finding a better place...

"It's like this," grandma said, "Firstly, because someone failed to take the blame for Yunxiao, it has tarnished the Xu family's reputation in Lake City and made us a laughingstock. Therefore, the Xu family urgently needs to restore its vigor."

Everyone simultaneously turned their gazes to Qin Feng.

Qin Feng sneered inwardly.

These people are shameless, blaming him for the mistake Xu Changye himself made that embarrassed the Xu family.

Moreover.

If you want to restore vigor, you could well focus on developing the business!

Why all these superficial acts?

Just for show?

"Secondly," grandma stated, "Now that we have formed a partnership with Haohan Company, it's time to step up further. Going to Wanfu Building is also to let everyone see the strength of our Xu family!"

"Good, good, I agree!" Xu Changjian immediately brown-nosed, "Grandma is truly wise!"

"Indeed, we agree too!"

"..."

Others also agreed.

They usually couldn't afford to dine at Wanfu Building, and now they were excited about the chance to go.

Grandma smiled satisfactorily and then said, "So, who will go to Wanfu Building to book the banquet?"

"..."

Those who were excited just a moment ago suddenly quieted down, none spoke.

There was no choice.

Wanfu Building wasn't a star-rated hotel, but it was a symbol of Lake City.

It was a gathering place for the influential, and events like a birthday banquet, which could attract too many assorted guests, were generally not accepted by Wanfu Building.

For a small, third-rate family like the Xu family, it was even less likely to be considered.

Finally.

An intoxicated Xu Changjian, confidently said, "Leave it to me! I'll handle the booking!"

"Good! Truly worthy of being my good grandson!"

Grandma praised.

Others began to flatter.

"Jian'er is so capable, he will definitely be able to make the booking!"

"We believe in Brother Jian!"

"..."

Xu Changjian excitedly downed another drink.

Moments later.

The meeting wrapped up, and everyone dispersed.

Xu Changjian found a designated driver and went to the parking lot to drive, coincidentally going the same way as Xu Yunxiao's family, and called out, "Why are you following us?"

"Who is following you? Our car is also parked over there."

Qin Feng said.

"F*ck, didn't we tell you not to park near us? Driving that old Santana, aren't you embarrassed!"

Xu Changjian scoffed.

Arriving at the car, he pointed to his BMW 5 series, showing it to Xu Yunxiao boastfully, "I'm planning to change cars soon, maybe I'll sell this one to you for cheap? Heh, but I'm afraid with your financial status, you can't even afford a second-hand one!"

Then.

He pointed at a Mercedes-Benz S450 nearby, saying, "See this car? My next car is going to be this. What do you think? High-end enough, impressive enough, classy enough, right? Hahaha, you'll never afford it, can only dream..."

As he was talking.

He suddenly saw Xu Yunxiao taking out car keys, unlocked the car, then opened the door and got into that Mercedes-Benz S450...

Chapter 27 - 27 I'm a Married Man Now!

"What, what's the situation? Did he really drink too much?"

Xu Changjian rubbed his eyes in a daze.

He couldn't believe it, Xu Yunxiao actually got into a Mercedes-Benz S450, the very car he'd dreamed of owning!

"Let's go, goodbye."

Qin Feng rolled down the car window, smiled, and said goodbye to him.

Watching them drive away in the Mercedes.

Xu Changjian's face suddenly felt burning hot.

He was just showing off to them in that old Santana, and now he was slapped in the face...

"Hmph, they must have rented it to show off. Had I known, I would have rented one too."

He said resentfully.

Besides this reason, he really couldn't figure out where Xu Yunxiao would get the money to buy a new car.

...

Once back home.

Mother-in-law Li Cuilan was furious, threw all of Qin Feng's clothes out, and scolded: "Yunxiao was doing just fine, it's all because of you, you damned dog, causing trouble. Get out now, go wherever you want, and never come back to our house again!"

"Mom..."

Xu Yunxiao tried to intervene.

Li Cuilan continued: "Yunxiao, this marriage must end! You can't continue following him, he's our family's curse! It can't go on, you must divorce!"

"No!"

Xu Yunxiao's eyes were swollen.

No matter how useless Qin Feng was, from the moment he entered to bring 'chongxi', she had never thought about divorce.

Seeing this, Qin Feng tenderly wiped her tears and said, "Don't worry, I'm fine. Wanfu Building has dormitories, I'll stay there for now, and come back after a couple of days."

Then.

He packed his clothes and left on his electric bike. H^el%p us c&o@n^t%inu#e# by rea$din!g at the s^ou!rce: M-V&2*LE+MPY&R..

"You're thinking of coming back? Not a chance! I warn you, from now on you're not part of the Xu family, our Xu family doesn't acknowledge trash like you!"

Li Cuilan cursed at his retreating figure.

The night deepened.

At the top floor office of Wanfu Building, there was a luxurious suite where Qin Feng was temporarily staying.

Wei Yunxiang was personally helping him make the bed at this moment.

Her long and beautiful legs were dressed in sexy silky black stockings. She knelt on the bed tending to it, and the raised posture hinted at the scenery underneath, making Qin Feng's mouth go dry with desire.

"Cough cough, you should go out first! I can manage on my own."

Qin Feng said.

"Yes, boss."

Wei Yunxiang stood up and said.

She noticed Qin Feng kept glancing at her neckline and blushed, subconsciously wanting to button up her collar. But as she raised her hand, she hesitated for a moment and put it back down.

Then.

She took a deep breath, then leaned forward slightly, pressing close to Qin Feng, shyly saying, "If, if you want, actually... you can."

Soft jade in his arms.

Qin Feng's body trembled at once!

Fortunately, he had self-control, and quickly pushed her away, took a seat on the chair, gazing into her eyes and said, "Let's start by talking about what happened?"

He remembered Boss Ma saying that many wealthy men in Lake City were thinking about Wei Yunxiang, but she remained chaste.

Now, counting the time they had tea, this was her second time tempting him.

He didn't believe his charm alone could make her submit unconditionally.

At this moment.

Wei Yunxiang looked startled, then rubbed her face, showing a melancholic expression, and said: "I'm sorry, boss, for being inappropriate just now. I was just looking for a protector..."

"A protector?"

Qin Feng was puzzled.

Wei Yunxiang continued with a bitter smile.

As Boss Ma had said before, various wealthy sons in Lake City were eyeing her. Without any family backing or power, the pressure on her was immense, she couldn't afford to offend anyone, and could only rely on her social skills to navigate through situations, maintaining her purity.

But.

Young Master Liu from the Liu Family, one of Lake City's three major families, had been harassing her lately. He even insisted on booking the "Qixi Love" outdoor restaurant for her, wanting to confess his feelings for her on that day.

Under pressure, she had no choice but to seek protection from Qin Feng.

Because Qin Feng had casually mentioned that whether it be Young Master Zhou or Young Master Liu, they were nothing but ants.

"From what you're saying, Young Master Liu treats you pretty well then!"

Qin Feng commented.

"But he's a womanizer, rumored to have contracted that kind of disease!" Wei Yunxiang said with a bitter smile, "And deep down, I'm very aware that he's just toying with me, how could it be true love?"

"""

"I see."

Qin Feng nodded, thinking to himself that Wei Yunxiang was quite sensible.

Ordinary women, once coveted by Young Master Liu, knowing they will be toyed with, would still rush towards the flame like moths.

The temptation of aristocratic families is too great!

"Relax, if he comes again, just say I'm your boyfriend and tell him to give up."

Qin Feng added.

"But, he is Young Master Liu..."

"I'll repeat myself—it's just an ant, not worth your attention."

Qin Feng waved his hand dismissively.

Seeing him so nonchalant, Wei Yunxiang's heart swelled with joy, and she quickly bent over to express her gratitude: "Thank you, Boss!"

"Cough cough..."

Qin Feng's gaze was involuntarily drawn to the white expanse at the collar of her dress, and he hurriedly said, "Alright, alright, no need to bow anymore..."

Wei Yunxiang, realizing what had happened, blushed.

She bit her lip, reached out her jade hand, and started to unbutton Qin Feng's shirt.

Qin Feng, alarmed, stopped her: "What... what are you doing?"

"I, I... am I not your woman now?"

Wei Yunxiang said with a flushed face.

"I meant pretend to be my woman in front of Young Master Liu, and besides, I'm already a married man!"

Qin Feng said hastily.

"I know, and I won't expect anything more, I just wanted to show my gratitude to Boss..."

Wei Yunxiang continued.

"..."

Qin Feng was at a loss for words.

What to do?

What should he do?

He absolutely couldn't betray his wife!

But...

With the atmosphere having reached this point, what should he do?

Should he pretend to faint, let her fuss over him, so it wouldn't count as his fault, it would be him being forced?

While he was infinitely conflicted.

At that moment.

Suddenly, his phone vibrated, breaking the mood.

He looked at his phone.

It was a message from Xu Yunxiao.

Qin Feng was jolted, and told Wei Yunxiang to stop, saying, "You can go now! I need to rest!"

"Oh..."

Wei Yunxiang's eyes flickered with a touch of disappointment.

She knew all too well that the higher the circle, the more they valued interests. If she could offer nothing to Qin Feng, how could he help her deal with Young Master Liu?

As she left, Qin Feng saw her still full of sorrow, and added, "Don't worry, you're my person, and I won't let anyone bully you."

Wei Yunxiang trembled at his words, turned around, and gratefully said, "Thank you, Boss!"

After she left.

Qin Feng opened WeChat to read the message.

It was Xu Yunxiao apologizing for her mother kicking him out of their house.

"It's okay," Qin Feng replied, "By the way, if they come looking for you tomorrow, asking you to go to Haohan Company for a collaboration, don't go."

"Why?"

"Because I want to see her begging you to go!"

"..."

Xu Yunxiao at the other end of the phone was speechless.

Her question was about why grandma would seek her out, not why she shouldn't go herself.

The contract with Haohan Company was all set up, very sincere, and probably just a formality for Xu Changjian to attend, so why would it be her turn to go?

Moreover, there was no way she could secure the deal even if she went.

However.

Qin Feng had been very confident about this matter from the start, which left her feeling complex. Eventually, she asked, "Can... can I trust you?"

"Yes!"

Qin Feng replied.

"""

Chapter 28 - 28 Get Out!

Morning.

Qin Feng was busy in his office dealing with Haohan Company's business, planning to bring Luo Hongyan to Wanfu Building on Qixi Night as a re-launch event and also as a publicity stunt for the upcoming concert.

At this moment, Jiang Zhongtian called and said that Xu Changjian had taken the contract to Haohan Company.

"Just tell him to get lost," Qin Feng said, "If they want to cooperate, it must be represented by Xu Yunxiao."

Haohan Company.

Xu Changjian was excitedly savoring high-end tea, thinking about how to expand his grand plans.

When Jiang Zhongtian's secretary arrived, he quickly got up and fawned over.

"Mr. Xu, I'm sorry, but President Jiang has instructed me to inform you that the cooperation is cancelled, and you should get out," the secretary said respectfully yet firmly.

"What?!"

Xu Changjian was stunned, and hesitantly asked, "Why?"

"President Jiang also said, we were only interested in cooperating with Miss Xu Yunxiao from Shuimu Company, now that it's someone else, there's no need for this cooperation anymore," the secretary explained, "Please leave now!"

"..."

Xu Changjian felt as if he had plunged into a deep ice pit.

After leaving Haohan Company.

He was extremely frustrated, as his grandma and the entire family had high hopes for this, and now that he had messed it up, he had no face to return!

"Hopefully, I can settle the issues with Wanfu Building..."

Xu Changjian muttered gloomily.

He had originally planned to negotiate with the manager of Wanfu Building after securing the cooperation with Haohan Company. That would have made things much easier.

Even if not for his own sake, at least out of respect for Haohan!

Now, he could only leave it to fate...

Wanfu Building.

At this time, Qin Feng received a call from Xu Yunxiao, saying, "We're going shopping, do you want to come?"

"Yes, of course!"

Qin Feng was pleasantly surprised.

This was the first time in three years that Xu Yunxiao had initiated an invitation to go shopping with him, how could he not be excited?

He immediately put down everything and walked out.

Passing through the lobby.

There was a disturbance in the lobby right then.

A few people wearing Taekwondo uniforms were making a ruckus, and Wei Yunxiang also was there, but it seemed that the other party was not to be trifled with, so she dared not offend them.

"What happened?"

Qin Feng came over and asked.

Wei Yunxiang frowned slightly and said, "They are people from Young Master Zhou, wanting to book the 'Qixi Love' outdoor restaurant... giving us three choices, first, we call the police, second, we fight, third, we agree to their demands."

Call the police?

That's impossible.

If this kind of matter in their circle was resolved by calling the police, then Wei Yunxiang could forget about getting along in Lake City, and it would also greatly diminish Wanfu Building's reputation.

A fight?

Just now, Wanfu Building's veteran security guards were all knocked down, clearly these people came prepared.

Thus, Wei Yunxiang was very troubled.

"Is that so! Why bother negotiating with them about choices, just tell them to get lost?"

Qin Feng said indifferently.

"Damn, what did you say?"

One of them, a towering figure nearly 1.9 meters tall, began to shout at Qin Feng, "You dare tell us to get lost? You must be tired of living!"

"Who is this kid? Where did he pop up from?"

Another person angrily said.

At that time.

In the crowd of onlookers, someone recognized him and said with a laugh: "Hey, isn't this the son-in-law from the Xu family?"

"How did he end up here? He can't even afford a bowl of noodles here, can he?"

"..."

There was no helping it.

As someone who had married the number one beauty of Lake City, he was too famous.

Of course.

Mainly famous for being envied.

Then the tall guy, hearing that he was the son-in-law of the Xu family, sneered, "Who do I think it is, let me tell you, the little Xu family is nothing in my eyes, let alone you're just a pathetic loser who married into the family, and you dare to act tough with me? What a joke!"

"Shut up!"

Wei Yunxiang suddenly changed her hesitant demeanor, stepped forward, her eyes fierce, and said, "Apologize to Mr. Qin!"

What?!

The crowd, seeing the situation, was utterly perplexed.

She, the esteemed General Manager of Wanfu Building, actually offended Young Master Zhou just for that useless visitor?

At this moment, Qin Feng glanced at the time, waved his hand indifferently, and said, "I'm in a rush and don't care to hear their apologies. Just tell them to get lost, I'm leaving..."

Merely ants.

He never took them seriously.

For him, the most important thing was his first "date" with his wife; he couldn't be late!

Of course, he knew Wei Yunxiang was not yet capable of contending with the Zhou Family, so he took out his phone, intending to call Hongyan to come over and handle it.

"Damn! He's really putting on airs now!"

The taller individuals were thoroughly infuriated by his dismissive demeanor.

They decided to teach him a lesson first.

Just as they were about to make a move.

Unexpectedly.

Suddenly, from behind someone, a "smack" sound resonated as a hand slapped the back of their heads!

The person was also dressed in a Taekwondo Uniform, slapping their heads while cursing, "Damn it, what are you trying to do? Did I teach you Taekwondo to use it for fighting? How are you any different from a brute or a beast if you behave like this? Don't you even know how to be polite? Hurry up and apologize to Mr. Qin!"

"..."

The taller guys were dumbfounded.

This was their coach.

Like them, he was also sent by Young Master Zhou to handle things.

When they first arrived here, he even said that those who learn martial arts needed to be ruthless, and if they failed Young Master Zhou's task, they should resolve it with their fists and blood would splatter across Wanfu Building.

After all, Wanfu Building wouldn't dare to call the police.

How did things take such a drastic turn just because he went to the restroom?

The onlookers were also quite baffled.

Of course.

The most bewildered was Qin Feng, who was about to call Hongyan.

He recognized this coach; it was Fang Youcai, Fang Wudi!

Fang Wudi clearly recognized him too, and was continuously winking at him, signaling him to rest assured, that he'd handle everything.

Then. Thank you for reading. This was brought to you by *.

Fang Wudi once again scolded and hit his few students, demanding them to apologize to Qin Feng.

"Better control your people."

Qin Feng didn't want to waste any more time here, with Fang Wudi around, it also saved him from inviting Hongyan over, so he said, "I'm leaving."

Quickly.

Fang Wudi and his group dispersed, and Wei Yunxiang also left.

The crowd of onlookers.

At this moment, each one was utterly confused.

They all thought the Xu family's son-in-law would be beaten to a pulp by Young Master Zhou's men, but in the end, nothing happened.

Even more baffling was.

Wei Yunxiang, being such a notable figure, dared to coldly confront Young Master Zhou's people for that guy!

"I heard that the young fellow is the 'lucky star' of Wanfu Building, specially chosen by President Wei to bring great fortune, so he's treated well."

Someone in the crowd said.

"Even so, she shouldn't dare oppose Young Master Zhou!"

"Could it be... she has taken a fancy to that young guy?"

...

At this moment.

Qin Feng was walking outside when suddenly he sneezed twice, muttering, "Two sneezes... is someone cursing me behind my back?"

After finishing.

He saw a person standing still in front of him.

On that person's face.

Were all his own snot...

Just as Qin Feng was about to awkwardly apologize, he realized the person was Xu Changjian, and he suddenly laughed.

Karma!

Serves him right to have a face full of snot!

Xu Changjian, disgustedly wiping the snot off his face, saw it was Qin Feng, and furiously said, "Damn it, it was you, you did it on purpose, didn't you!"

Before he could finish.

Fang Wudi came out following behind and directly grabbed Xu Changjian's collar: "Who are you cursing?"

Chapter 29 - 29 Master, You've Lost Weight!

Xu Changjian, seeing the man's towering figure and extraordinary aura, coupled with his Taekwondo attire, immediately knew he was someone who practiced martial arts and instantly wilted, tremblingly he said, "I... I didn't curse at you, I was cursing him, not you, really..."

"Fuck your mother!"

Fang Wudi directly scolded him and gave him a beating, leaving him with a black eye.

Upon seeing this, Qin Feng had no desire to bother with him and hurriedly left.

Fang Wudi was mainly looking for Qin Feng.

After beating up Xu Changjian, he also left in a hurry to catch up with Qin Feng, and finally caught up with him at a corner of the street, excitedly hugging Qin Feng's thigh: "Master!!"

"..."

Qin Feng was embarrassed.

"I've finally found you, after searching for so many years! Master!" Fang Wudi, sniffling and in tears, said, "Master, you, you've lost weight, haven't you been eating well?"

"Get lost, scram right now!"

Qin Feng was very frustrated.

So many people were on the street, and being hugged on the leg by a grown man was far too embarrassing!

"No, I won't leave!"

Fang Wudi held onto his leg as tightly as a wife who's been dumped.

"What on earth do you want!"

Qin Feng was speechless.

"Master, I want you to give me some guidance once more! Ever since our last parting, I've made no progress throughout these years..."

Fang Wudi begged sincerely.

"Alright, alright, I'm busy at the moment, go find Wei Yunxiang, she knows how to contact me."

Qin Feng said, annoyed.

Upon hearing this, Fang Wudi's tears turned into joy, and he got to his feet, saying, "Alright, Master, I won't disturb your date then!"

"You... know I have a date?"

Qin Feng said, puzzled.

"I guessed it, look over there, that person seems to be waiting for you."

Fang Wudi pointed across the street.

Qin Feng looked over.

Xu Yunxiao, who was waiting for him on the roadside, was at that moment sitting in her car, staring dumbfounded at the scene...

...

At this time, Xu Changjian was covering his panda eyes and feeling utterly miserable.

Being sworn at by Haohan Company was bad enough, but to be inexplicably beaten up was infuriating. He cursed, "Damn Qin Feng, sooner or later I will kick you out of the Xu family and have someone take care of you properly!"

He entered Wanfu Building.

He found Manager Gao and humbly and obsequiously said, "Hello, I'm Xu Changjian from the Xu family..."

"Which Xu family?"

"..."

Xu Changjian felt embarrassed inside. After all, the Xu family was a third-tier family, and it was unexpected that not even a minor department manager here would take notice of them. Wanfu Building was indeed formidable!

"It's like this, I would like to host a birthday banquet here in a few days, please accommodate..."

While saying this, Xu Changjian forced a red envelope into the manager's hands.

Manager Gao refused to accept the gift and hesitated before calling President Wei.

Over the phone, Wei Yunxiang heard it was the Xu family related to Qin Feng's wife and said, "Sure, grant them the best banquet hall on the sixth floor and offer a 50% discount!"

"Okay."

After hanging up, Manager Gao told Xu Changjian, "President Wei said there's no problem."

"Really, really? Thank you so much!"

Xu Changjian was overjoyed as if in a dream, holding Manager Gao's hand and thanking him repeatedly, nearly shaking the hand to pieces.

After being driven out by Haohan Company, he hadn't hoped for success and had resolved to just take a shot in the dark.

Now, he had finally accomplished something!

...

Another side.

Qin Feng quickly got into Xu Yunxiao's car and as soon as he was in, he said with a sly smile, "Wifey, did you miss me last night when I didn't come home?"

"Get lost! Can't you be serious for once!"

Xu Yunxiao glared at him then asked, "What was that about just now? Why was that person clinging to your leg?"

"Uh, he wanted me to give him a few tips."

Qin Feng said with a smile.

A girl in the back seat snorted, "You've been kicked out of your home, and you still act so cocky, have some shame, why don't you?"

Qin Feng turned his head to look.

Only then did he notice that Li Jie was also there.

"That man is Taekwondo Master Fang Wudi, a coach who has won two Taekwondo championships. He's my idol, and I've always wanted to be his student, but I've never been qualified. He needs your advice? Who do you think you are!"

Li Jie said with disdain.

Xu Yunxiao was also very displeased, saying, "How many times have I told you? I hate people who boast too much!"

"Doesn't Fang Wudi have a lot of students?"

Qin Feng asked skeptically.

"He does, but true disciples aren't many. Only those with a certain status are qualified to be his apprentices. Even Yang Junchao isn't good enough, he can only call him 'coach'. As far as I know, there are only five disciples in the entire Lake City."

"For example, Young Master Zhou of the Zhou Family, Brother Hai of the underworld, Pang Dahai, and Chairman Feng Guoqiang of the Er Long Group, etc. Each one of them is a top-notch person with connections everywhere."

"To become his disciple would be an immense honor!"

Li Jie said longingly.

The latest chapters are always available first on *.

Then she snorted at Qin Feng, "I spent two hundred thousand trying to pull strings before and still didn't manage to become his apprentice, and here you are, acting all high and mighty."

"..."

Qin Feng was embarrassed.

He never expected Fang Wudi to be so well-known.

After a short consideration, he promptly revised his story, "He's suffering from a serious illness, and he wanted me to cure him, so he begged me."

"Pfft!"

The two of them looked down on him even more.

"..."

Qin Feng felt helpless, realizing that no matter how he explained it, he would not satisfy them, so he simply changed the subject and asked, "Wifey, isn't today...our date? Why is she here?"

"Date my foot!"

Xu Yunxiao gave him a cold look and said, "I've thought it over carefully about yesterday's incident. Today we'll go shopping for clothes first, and then pick out a birthday gift for grandma. She might be happy enough to give me the company back on her birthday."

"..."

Qin Feng felt embarrassed and said, "Didn't I tell you to trust me, that everything would be alright."

Behind them, Li Jie scoffed, "Haven't you caused enough trouble for Yunxiao already? Trust you? I'd rather believe in ghosts! Also, do you really think you're here for a date? You're just here to be free labor!"

"Enough, stop bickering."

Xu Yunxiao interrupted them, saying, "Let's listen to music."

At that moment, a song by the singing star Jiang Yuexin was playing in the car. Xu Yunxiao was driving while entranced by the music, thoroughly enjoying it, and her body involuntarily swayed with the melody.

Beside her, Qin Feng watched, captivated.

As the song ended, Li Jie suddenly remembered something and said, "Right, do you remember when we went to Wanfu Building last time? They mentioned a 'Qixi Love' open-air restaurant theme. The singing star they've invited is said to be Jiang Yuexin!"

"Really?!"

Upon hearing this, Xu Yunxiao's eyes sparkled, "I really don't know who's so lucky to spend Qixi night with Jiang Yuexin's singing. I'm so jealous!"

"It goes without saying, it has to be either Young Master Zhou or Young Master Liu," said Li Jie.

"That's right, sigh, only the two of them have the clout to vie for the 'Qixi Love' restaurant spot. We don't stand a chance."

Xu Yunxiao spoke with a touch of disappointment.

She saw from the rearview mirror that Li Jie was flipping through a fashion magazine that was quite old, occasionally showing a silly look. Out of curiosity, she asked, "Haven't you already read that magazine?"

"I'm looking at 'Heart of the Blue Sea'!"

Li Jie got excited, saying, "Yunxiao, I heard that there's an exceptional master who has emerged in our Lake City. A few days ago, in a martial arts challenge match, he used his inner strength to injure Taekwondo Coach Fang Wudi and took away the invaluable 'Heart of the Blue Sea'."

Chapter 30 - 30 Wow, that man is so handsome!

"Is that so?"

Xu Yunxiao was surprised.

Like Li Jie, she really liked the "Heart of the Blue Sea" necklace.

She even dreamed of owning it at one point.

"Yeah, there's a rumor that Qin Feng took away the 'Heart of the Blue Sea'. They say, taking advantage of the moment Coach Fang Wudi fought against twelve masters and was completely exhausted, Qin Feng picked up a huge bargain without even making a move and won."

Li Jie said.

"Qin Feng?!"

Xu Yunxiao instinctively turned her head to look at Qin Feng.

"..."

Qin Feng felt a pang of anxiety in his heart.

It's over.

He let it slip too soon!

He sighed, resigned to his fate, smiled, and said to Xu Yunxiao, "Actually, I was planning to surprise you..."

"Pfft!"

At this moment, Li Jie scoffed, "Still trying to pretend? I later pulled some strings and asked Coach Fang directly. He adamantly said that he was injured by someone's Inner Strength, not because he was tired. So how could it be you?"

Qin Feng: "..."

"Maybe it's because of the same name, so people mistook that 'Qin Feng' for you, this good-for-nothing husband!"

Li Jie sneered.

"That makes sense."

Xu Yunxiao nodded in agreement.

"..."

Qin Feng was speechless. They really didn't believe him.

Li Jie then became dreamy again, excitedly telling Xu Yunxiao, "Inner Strength, eh! This means Inner Strength really exists, and there are truly Heroic martial artists roaming about! If I met one, I'd dream of marrying a Hero!"

"Not to mention, he also has the 'Heart of the Blue Sea' necklace..."

As she spoke.

Li Jie took out her phone, excitedly saying, "I even have a video of his competition here!"

"..."

Qin Feng was perplexed.

If there's a video, how could they not recognize him?

I don't want to think about it.

After watching the video, he realized it only captured the moment he took the "Heart of the Blue Sea," and his face wasn't visible.

"Isn't it handsome, right, right?"

Li Jie dreamily asked Xu Yunxiao.

"From just the back, what can you tell?"

Xu Yunxiao was embarrassed.

"People were all focusing on the competition back then, and they forgot to film more, only this clip was spread."

Li Jie looked disappointed, then dreamily said, "But look at that slim figure, solid strides, even his walking carries a breeze. Feel it, isn't it handsome, quite impressive?"

"..." Xu Yunxiao was speechless.

Qin Feng, watching his own silhouette in the video, laughed, "Yeah, it is pretty handsome!"

"You, the good-for-nothing, finally have some taste!"

Li Jie said, satisfied.

"Didn't you notice, I also have a piece of clothing like that man in the video?"

Qin Feng couldn't help but laugh.

Li Jie was shocked, looked at him, and indeed found his clothes matched exactly with the silhouette in the video!

Then.

Her eyebrows raised, her face displeased as she said, "I warn you, change out of that outfit immediately. Don't embarrass my Prince Charming!"

"..."

Qin Feng was completely at a loss for words.

"One day, I'll definitely find him and make you feel ashamed in front of him, hmph!"

Li Jie said.

Soon.

The three of them entered the shopping mall.

Women are a strange creature, one second agonizing over the events of last night to the point of their hair turning white, but as soon as they enter a shopping mall, they brighten up, eyes glowing, as if in a room full of gold, joyously frolicking around...

Qin Feng followed behind them, serving as a porter, carrying all sorts of large and small bags.

"How does this dress look?"

Xu Yunxiao tried on a floral long dress, paired with a sunhat, looking fresh as a breeze and radiating Immortal Energy.

People passing by nearly had their eyes popping out.

Even a couple, when they passed by this store, the man's eyes were firmly attracted to Xu Yunxiao as if glued, and even after walking a good distance, he still twisted his neck to look and walked straight into a trash can in front.

"Not bad."

Qin Feng nodded with satisfaction.

Mainly because his wife is beautiful, she looks like a fairy no matter what she wears.

Li Jie is likewise stunning, enough to make people drool.

But what frustrated her was that Qin Feng, that good-for-nothing, didn't spare her a single glance and was only attracted to Xu Yunxiao.

"Don't just look at us, go and buy something too. We can't afford to embarrass ourselves at grandma's birthday banquet."

Xu Yunxiao said to Qin Feng.

Qin Feng nodded, went to the men's clothing store next door, and picked out a suit.

He's never been particular about dressing; as long as it's clean and comfortable, that's enough. It wasn't for grandma's birthday banquet that he bought it, but for the upcoming birthday party of Xu Yunxiao— he couldn't embarrass his wife.

Soon.

He changed into a suit and walked in front of a mirror.

At that moment.

He immediately drew the attention of the girls shopping around.

"Wow! So handsome..." Toreporterrors,pleasevisittheoriginalposton*.

One beauty exclaimed in surprise.

"Yes, my husband has a suit like that, but he can't pull it off like this. His figure is really perfect for suits!"

Another beauty said.

The store manager, also a beautiful woman, couldn't resist walking over to Qin Feng wearing the suit and said, "Sir, could you do us a favor?"

"Oh?"

"It's like this, our store wants to shoot a male model video for promotion on a huge 30-square-meter screen on the exterior wall of the building, and I think you are very suitable. What do you say? The reward starts at six figures, and there's also a year-end bonus!"

The beautiful store manager said.

The other men around were green with envy!

This suit, after all, was from a famous Italian brand, very high in sales. Even just this store's share would be a lot over a year!

"Can I try?"

"I do bodybuilding, I should be good, right?"

"And me, I'd like to try too."

"..."

Unfortunately, no matter who they were, the store manager only glanced at them indifferently, then refocused her attention on Qin Feng.

No helping it.

This man's look in the suit was just too handsome!

Like a shooting star, as if blinking might make him disappear.

"Sorry, not interested."

Qin Feng smiled and kindly declined.

At this moment.

One of the women said in a mocking tone, "He's just a young man living off a woman."

As soon as these words came out,

There was an uproar among the crowd.

Especially the men, who got excited after being jealous for so long, finally saw a chance to vent!

"So he's a freeloader!"

"Really disgraceful!"

"Yes, for a man to end up like this, he's lost all face!"

"If I were him, I'd just find a block of tofu and kill myself!"

"..."

Even those women who were fascinated by him felt a wave of disappointment.

Even the very admiring beautiful store manager shook her head in disappointment, privately thinking she had misjudged him.

After all, compared to looks.

Capability is the most important measure of a man.

Qin Feng turned around to look, it was Xiao Man!

By Xiao Man's side, there was a different man, not Sun Family's Sun Xudong, but a middle-aged man.

Just as well.

After that incident at Wanfu Building that night, she couldn't possibly continue well with Sun Xudong.

"So it's you, I forgot what you should call me?"

Qin Feng said with a teasing smile.
