The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 31 - 31 Master!

"You..."

Remembering the incident at Wanfu Building last time, she felt utterly humiliated.

Had intended to trap Xu Yunxiao.

But ended up being played by this guy, not only losing over eight hundred thousand but also being publicly called "Master," truly embarrassing!

Later, after some inquiries, she found out that he had won a prize, which is why he got a free meal.

Not at all friends with big shots like President Wei.

"Hmph! You, a piece of trash, a good-for-nothing son-in-law, dare to humiliate me, do you know who my friend is?" Xiao Man grabbed the middle-aged man and said, "He is the Chairman of the Er Long Real Estate Group, Chairman Feng!"

Upon hearing this, the crowd immediately became astonished!

The Er Long Real Estate Group, that's the biggest real estate company in Lake City, with assets worth billions!

Chairman Feng, Feng Guoqiang, started from scratch, and now in Lake City, even the bigger families have to take his mood into account, a real big shot!

Especially the "Cloud Peak" villa area he just developed, it's a hot property among the wealthy, even the less desirable locations cost one hundred thousand per square meter, the most expensive real estate in Lake City!

"Husband, he is the trash I told you about who bullied me."

Xiao Man cooed to Feng Guoqiang.

Feng Guoqiang stepped forward, looked over Qin Feng, and smilingly said, "Just now, I heard people say that you look handsome in this outfit?"

The onlookers, seizing the chance, burst into another wave of mockery.

"Handsome my ass!"

"Just a young pretty boy!"

"Truly a disgrace to men!"

"..."

Feng Guoqiang continued smiling and said, "No matter how handsome, if he bullies my woman, he needs to kneel before me. Would you consider it? Of course, you can choose not to kneel, but as for the consequences... well, you know, I can make you lose your hands or feet."

Xiao Man arrogantly said, "So, do you understand the consequences of angering me now?"

Qin Feng then remembered something and said, "Wait, let me make a phone call."

"Calling for people?"

Feng Guoqiang laughed and said, "I'm not joking, even if you bring the entire Xu family here, you still have to kneel in public! Alright, since you want to escalate this, come on, some of my brothers are not far from here."

The people around started scoffing.

"He actually thinks of tackling Chairman Feng? Must be a fool!"

"Yeah, truly ignorant of the high heavens and deep earth!"

"..."

After a moment.

A large group of people dressed in black suits and wearing dark sunglasses, looking stern, rushed here massively, surrounding the place inside and out!

Xu Yunxiao and Li Jie from the neighboring store, also became curious, unaware of what was happening.

In the store.

The onlookers got excited.

Such a scene, such an atmosphere, usually only seen in movies, today they had the chance to witness it in person, how exhilarating!

"I told you, Xu family's door-stepping young pretty boy, where are the people you called? Haha..."

"Better kneel down to Chairman Feng now! Otherwise, when your people arrive, they too will have to kneel, that's hilariously mortifying."

"..."

At this moment, Xiao Man coldly said, "Qin Feng, haven't your people arrived yet? Or did they all run away seeing this situation? If you're sensible, hurry up, kneel and apologize to us, I might consider sparing you!"

Qin Feng checked the time, raised an eyebrow, and thought, "Did I overestimate that guy Fang Wudi? Looks like I'll have to take matters into my own hands..."

At this time.

Feng Guoqiang's phone rang, and he relaxed again.

Feng Guoqiang took a drag of his cigarette, answered the call, and after listening, his face changed suddenly, his mouth opened wide in shock, and the cigarette fell from his mouth with a "plop."

"Really?!"

He asked in disbelief holding his phone.

After getting confirmation.

Feng Guoqiang put away his phone, walked up to Qin Feng, his eyes filled with disbelief.

"Husband, beat him to death!"

Xiao Man thought he was going to hit Qin Feng and vigorously shouted.

However.

Just after she finished speaking, Feng Guoqiang turned around, and with a "smack," he fiercely slapped Xiao Man, knocking her to the ground!

Following that.

He fell on one knee in front of Qin Feng with a "thump" and said, "It was ignorant of me to offend Master, please punish me, Master!" Please read this chapter on its original platform—M|V|L1EMPYR.

What?!

Everyone was instantly dumbfounded!

Those who had been waiting to see Qin Feng get beaten, as well as Feng Guoqiang's suit-wearing bodyguards, were all left staring at the scene, completely stunned.

"I don't like commotion, if there's nothing else, please leave!"

Qin Feng gestured casually.

"Master, it's my fault, please punish me!"

Feng Guoqiang knelt and refused to get up.

"Didn't you understand what I said? Leave now!"

Qin Feng said again.

"Yes, yes..."

Only then did Feng Guoqiang reluctantly stand up.

He then left with his hundreds of suited bodyguards, leaving everyone still puzzled.

What kind of phone call did he receive that made Chairman Feng, a billionaire, worship like this?

Just now.

Qin Feng had made a call to Wei Yunxiang, asking her to contact Fang Wudi.

Because on the way here, he heard from Li Jie that Feng Guoqiang, chairman of Er Long Group, is one of the only five disciples taken by Fang Wudi.

Such a big shot taking someone as a master might, to ordinary people, seem to be due to a hobby in Taekwondo.

But Qin Feng understood.

This "taking as a master" was not that simple; it was about seeking a powerful backer!

People like Feng Guoqiang, at such a level, often face some trouble in business or in life.

Usually, the solution to these troubles involves "violence".

Hence, they hire capable people as bodyguards, be them ex-military or from a Martial Arts Family.

But at higher levels, these are often not enough.

They need to find stronger people.

And that requires a greater cost, not just in terms of money.

Thus.

They need to "take a master," seeking protection from a higher authority as their backer.

And it is for this reason.

That Fang Wudi had set up a challenge match in Lake City, with the real purpose not to recruit students but to showcase his strength to these big shots and attract them to "take him as a master."

Fang Wudi.

Was the "high authority" sought by Feng Guoqiang!

Therefore, Qin Feng asked Fang Wudi to resolve this issue.

As the crowd dispersed.

Xu Yunxiao and Li Jie, who were unaware of what had happened on the periphery, curiously asked Qin Feng, "What happened here? Why was it so lively?"

"Oh, nothing much, they just thought I looked handsome in a suit, so they came to watch."

Qin Feng said with a smile.

"Just keep flattering yourself!" Xu Yunxiao rolled her eyes at him.

However.

She couldn't help but feel a flash of amazement seeing Qin Feng in that suit.

He does look quite handsome...

At that thought.

She paused.

What's wrong with me? Why would I think he's handsome?

Her cheeks flushed as she hastily averted her gaze, posing as if she were disdainfully unimpressed.

Qin Feng grinned wryly, spread his arms and asked the people around, "What do you think, handsome or not?"

"Handsome, handsome..."

The people immediately bowed and nervously complimented.

Even the man who had previously mocked him as a young pretty face hastily agreed.

There was no helping it.

Even someone as awesome as Chairman Feng had kneeled; how could they dare to mock?

Chapter 32: Refusal!

"Pfft, no matter how handsome, he's still not as handsome as my Prince Charming..."

Li Jie couldn't help but make a face as she said this.

Somehow,

she also admitted to herself that Qin Feng, once he put on a suit, really looked like a different person, incredibly handsome—despite her not wanting to admit it.

"Alright, after buying clothes, let's go buy a present for grandma! She likes antique decoration, so let's go to the antique city!"

Xu Yunxiao suggested.

"You really don't need to ingratiate yourself with her..."

Qin Feng muttered.

Hearing this, Xu Yunxiao got annoyed and said, "Without ingratiating myself, what will become of my company, just gift it to someone else? We should hurry up then."

The three of them headed off to the antique city.

...

At the Xu Mansion,

the elite of the family were all gathered in the living room, waiting for news of success from Xu Changjian.

Grandma was grinning from ear to ear,

and even brewed some top-grade puerh tea she usually was reluctant to drink.

Finally,

Xu Changjian returned home, travel-weary.

"Jian'er, how did it go?"

Grandma eagerly went up to him, her eyes sparkling with joy.

"Don't worry, I've settled it!"

Xu Changjian lifted his head and took a big gulp of water, saying excitedly.

His "settled it" let grandma, as well as the other family members, finally drop the stone that had been hanging in their hearts.

"Great, my Xu family is going to flourish and prosper!"

Grandma wiped away tears of excitement.

"Brother Jian, hurry up and tell us, how did you negotiate? I want to learn from you, gain some experience!"

Xu Yaxin and others said excitedly.

Xu Changjian continued with enthusiasm: "Do you know if Wanfu Building has any events going on? Haha, on the night of Qixi, Wanfu Building has a 'Qixi Love' themed outdoor restaurant, only inviting one couple from Lake City, and even has celebrity performances!"

"Just think, besides Young Master Zhou and Young Master Liu, who else could have this privilege? That means, on that night, there'll be quite a few Big Shots attending! You can imagine how difficult it would be to book Wanfu Building for a birthday banquet, right?"

On hearing this, everyone's eyes widened with astonishment.

Originally, Wanfu Building doesn't accept birthday banquet reservations and it was extremely difficult to book. And given it was grandma's birthday on the night of Qixi, coupled with the star performance, it's easy to see that for the Xu family's status in Lake City, it would be impossible to book!

"I got a reservation, haha!"

Xu Changjian laughed proudly, "And what's more, we got the best banquet hall on the sixth floor—for a 50% discount!!"

"A 50% discount?!"

People gasped at the implication.

To hold a banquet there was very expensive.

To save half of the funds was a huge deal!

"Jian'er is truly the most capable child of our Xu family, grandma has not pampered you for nothing!"

Grandma said excitedly.

"Right, how about the matter with Haohan Company?"

Xu Yaxin asked at this moment.

Everyone turned their excited glances towards him again.

"Err, there was a bit of a mishap..." Xu Changjian's expression became a bit embarrassed.

The hearts that were originally excited suddenly sank!

Xu Changjian reluctantly recounted his experience at Haohan Company, indignantly said, "Those snobbish guys, they actually told me to get lost, outrageous! —— Fortunately, I booked Wanfu Building..."

The room fell silent.

People's faces turned dim, not knowing what to say.

Haohan Company was the most important.

Without reaching a cooperation with Haohan, going to Wanfu Building for a birthday banquet was a sheer waste.

"Why do they only want Xu Yunxiao to go?"

Someone began to question at this point.

"Could it be that someone at Haohan Company has taken a liking to Xu Yunxiao? Our family is not lacking in beauties, why not let someone else try?"

Xu Changjian said.

As long as it wasn't Xu Yunxiao, he could accept anyone who succeeded in the negotiations.

"Grandma, let me give it a try!"

Xu Yaxin spoke up.

Although she was not as beautiful as Xu Yunxiao, she could still be considered a complete beauty.

Love this story? Show your support on *.

"Alright, the burden of the family now rests on your shoulders."

Grandma said.

Soon.

Xu Yaxin changed into a more revealing outfit, even deliberately unbuttoning the top a little, and drove straight to Haohan Company...

An hour later.

She came back dejected, equally indignant: "Those bastards who look down on people!"

Clearly.

She was also kicked out.

"Ah..."

Grandma sighed heavily and said to Xu Changjian, "Call Yunxiao!"

There was no other way.

Haohan Company was just too important for the Xu family!

Even if they disliked her so much, at this time, they had to endure.

Xu Changjian was also very distressed but had no choice but to obey grandma and call Xu Yunxiao...

...

Antique City, Yuxuan Hall shop.

Xu Yunxiao looked at a jade hairpin in her hand, feeling extremely troubled, knowing that Grandma liked jade hairpins, but this hairpin cost sixty thousand yuan.

She had just solved the company's cash flow problem, but her personal account was still empty.

At this moment.

Xu Changjian called her.

Seeing this, Qin Feng, who was nearby, first stopped Xu Yunxiao from answering the phone, saying, "Do you remember what I told you last night?"

"What did you say?" Xu Yunxiao didn't understand.

"If they ask you to negotiate a partnership with Haohan Company, don't agree!" Qin Feng said.

"Stop joking, as if they would talk to me about that!"

Xu Yunxiao rolled her eyes at him and then answered the phone.

After hearing what Xu Changjian said.

She was completely stunned.

Turns out, Xu Changjian was actually talking to her about negotiating a partnership with Haohan Company!

For a moment, she felt dazed, looked at Qin Feng, recalled what he had said, and on a whim, said to Xu Changjian: "No, I won't go!"

After saying that, she hung up the phone, still unable to calm her emotions.

Li Jie, seeing this, anxiously said, "Are you crazy! How can you not go? That's wasting an opportunity!"

Xu Yunxiao glanced at Qin Feng.

Li Jie got angry, "Was it you who told her not to go? Really the kind that is more trouble than help! Do you know how important Shuimu Company is to Yunxiao!"

"I'm well aware."

Qin Feng shrugged his shoulders.

Xu Mansion.

Xu Changjian, after being hung up on, became furious and exclaimed, "Grandma, isn't she being rebellious? She even hung up on me! I'm so mad..."

Grandma was also very angry.

But after hesitating for a long time, she finally said gravely, "I'll call her!"

Antique City.

Xu Yunxiao's phone rang again, and when she looked, it was grandma calling personally!

"Yunxiao, heh, I'm really sorry about last night, don't take it to heart, you are so capable, the family still relies on you to shine brightly, how about taking a trip to Haohan Company?"

Grandma said gently, laughing on the phone.

Xu Yunxiao felt at a loss, looked at Qin Feng, and Qin Feng shook his head at her, with a firm look in his eyes.

"Sorry, Grandma, I'm just Brother Chang Jian's assistant now, I no longer have the qualifications to negotiate with Haohan on behalf of Shuimu Company, please contact Brother Chang Jian!" Xu Yunxiao said, extremely nervous, and immediately hung up the phone.

"You, you actually listened to Qin Feng, are you insane!"

Li Jie said anxiously.

Xu Yunxiao was unclear why she trusted Qin Feng at this moment.

But for the first time, after daring to refuse Grandma's request, she suddenly felt very refreshed.

Like she had been suffocating under water for too long and finally surfaced, her mood suddenly cleared.

...

At this moment.

Xu Mansion.

Grandma, hearing the "doo doo" sound as the call was disconnected, her face looked as ugly as if she had eaten shit...

Chapter 33 - 33 Withered Wood Spring!

After a long while.

The grandma swallowed her frustration and said in a deep voice, "Call a family meeting!"

"Right!"

Xu Changjian, filled with righteous indignation, echoed, "Xu Yunxiao actually dared to talk back to grandma, we must hold a meeting to strongly condemn her, and also strip her of all her shares and assets in the Xu family, depriving her of her right to inherit assets!"

"Even, I think expelling her from the family tree wouldn't be too much!" Xu Yaxin added indignantly on the side.

But who would have thought.

The grandma merely lifted her hand and sighed helplessly, "No, we need to ask her in person..."

"What?!"

Xu Changjian and the others were all stunned and dumbfounded.

The grandma had no choice.

If they wanted to enter the upper social circles and become a respected and wealthy family, cooperating with Haohan Company was the only shortcut...

...

Antique city.

Xu Yunxiao bargained with the shop owner for a hairpin, but only managed to bring the price down to sixty thousand yuan.

Unfortunately, she was short on money now and didn't even have sixty thousand.

Li Jie's money was all tied up in stocks, so she had to think of another way.

Qin Feng saw his wife wanting to buy something but not having the money, and felt very heartbroken; he still had over two hundred million in his card, how should he give his wife some pocket money? Enjoy the story by reading on *.

At that moment, he noticed a few cliff junipers on the shelf, only about tens of centimeters long, and suddenly had an idea: "Got it!"

"Boss, how much are these cliff junipers selling for?"

Qin Feng asked.

"Oh, this one here is eight hundred, the one on the right is two thousand, and there are even better ones over there..."

"No need, just these two!"

Qin Feng picked up the cliff junipers and paid.

Xu Yunxiao frowned beside him, "Why are you buying cliff junipers?"

Li Jie also looked annoyed, "Exactly, knowing that Yunxiao is having difficulties, you're still splurging!"

"Cough cough, these things are very valuable."

Qin Feng said.

"I think you're silly! No matter the color, texture, oil content, or fragrance, these cliff junipers are not top-notch. They are only a few hundred years old and don't have that historical depth and aged feeling, they're not worth much at all!"

"And look at this smaller one, its quality is even worse, and its scent isn't the unique mellow fragrance of cliff junipers, I even suspect it's fake."

Li Jie exclaimed.

Xu Yunxiao was getting more and more annoyed with Qin Feng, gave him a stern look, and turned around to leave the store.

Qin Feng just shrugged his shoulders and muttered, "You'll know how valuable it is later..."

The three of them drove away.

Qin Feng, using work as an excuse, had Xu Yunxiao drive him to Wanfu Building.

Just arrived at the office.

He received a text message from Xu Yunxiao saying that grandma was calling a family meeting tonight and asked him to come home early.

Qin Feng smirked.

Naturally, he knew what the meeting was about.

Then.

He placed the twenty-centimeter-long cliff juniper in front of his desk and said, "This cliff juniper might not be valuable, but through my hands, it becomes different..."

He closed his eyes, calming his mind and seemingly gathering his Inner Qi.

After a long while.

His body produced a vaporous aura as he exercised his powers.

Then.

He gently stroked the cliff juniper with one hand, then quickly swept over it!

In an instant.

The cliff juniper visibly sprouted many tender shoots at a speed visible to the naked eye!

It looked lush and full of life!

Qin Feng wiped the fine sweat beads from his forehead and said, "It's been a while since I practiced, I'm a bit rusty."

He made a call, asking Wei Yunxiang to come over.

As soon as Wei Yunxiang entered the office, she immediately felt a refreshing aura. Curiously looking around, she finally set her eyes on the cliff juniper on the desk, and immediately widened her eyes in astonishment, "Boss, this, this is...Withered Wood Spring?!"

"Yes, help me deal with this. Put the money in my wife's bank account, I'll give you her account details later."

Qin Feng said.

"Yes!"

Wei Yunxiang nodded, then said, "Boss, Mr. Fang Wudi has been wanting to meet you."

"Another day! I have other things to do today."

Qin Feng said.

"Okay!"

Wei Yunxiang nodded and left, feeling even more amazed by Qin Feng!

This "Withered Wood Spring" is indeed very rare, rumored to be a skill only the Three Great Divine Doctors of Huaxia, Luo Shui Divine Doctor, could perform, yet Qin Feng also possesses it, could he know the Luo Shui Divine Doctor?

That is indeed an incredible person!

On the other hand.

People like Young Master Zhou of the Zhou Family and Feng Guoqiang of Er Long Group, all big shots who are apprentices of Fang Wudi, yet Qin Feng dismisses Fang Wudi nonchalantly.

How strong is he really?

Truly a mystery!

After Wei Yunxiang left.

Qin Feng took out a small cliff juniper, just a dozen centimeters long, which he bought for eight hundred yuan, his lips curved into a smile, saying: "This cliff juniper indeed looks fake because... it might actually be ten thousand years old!"

Originally, he planned to just buy any random cliff juniper, using the "Withered Wood Spring" skill to make the cliff juniper valuable, providing a reason to give Yunxiao money.

But he stumbled upon this one.

Had he not encountered a traveling Taoist in Dragon and Tiger Village, he wouldn't have recognized its age.

An object of ten thousand years, without any damage, must contain Essence Qi!

Its value would exceed hundreds of millions!

If someone in need had it, they might even buy it for a billion!

However, to him, money is as trivial as weeds, no amount would compel him to sell.

Qin Feng used the same method as before, with the "Withered Wood Spring" skill, making the millennia-old juniper sprout new buds, looking full of vitality.

Following that.

He took out the Small Jade Bottle, placing the barely visible Gu Worm inside into the cliff juniper.

This Gu Worm was extracted from Luo Hongyan's body.

Many renowned doctors and precise instruments had not been able to detect its presence, so after extracting the Gu Worm, Qin Feng kept it, as it might be useful if cultivated.

Just so, the ten-thousand-year-old cliff juniper contained a strand of Essence Qi, enough to nourish it.

"Stay well here, otherwise, you only have a path of death!"

Regardless of whether it could understand or not, Qin Feng warned it.

After sorting these matters, it was getting late.

Qin Feng immediately hurried home to head to the Xu Mansion with Yunxiao.

In the mansion's main hall.

As soon as Qin Feng and Yunxiao entered, they attracted everyone's attention.

Everyone was aware that Haohan Company had kicked out Xu Changjian and Xu Yaxin, specifically choosing to only negotiate with Yunxiao.

They also heard that Yunxiao had rejected grandma's request.

"Hmph!"

Xu Changjian stood up angrily upon their entrance, "Yunxiao, as a junior, you actually refused grandma's request during the day, do you still have grandma in your eyes?"

"That's right!"

Xu Yaxin also exclaimed, "You are being disrespectful and utterly unfilial! Apologize to grandma immediately!"

Qin Feng glanced at grandma, said nothing, and just sat there drinking tea, seemingly waiting for Yunxiao to apologize, muttering to himself: "They've even called a family meeting, yet they still care so much about saving face..."

Seeing Yunxiao about to apologize, he immediately stopped her, then stepped forward and said, "What has my wife done wrong? Why does she need to apologize?"

"Wow, do you think you have a say in this? You're nothing but a freeloader in our Xu family, who gave you the right to butt in?"

Xu Changjian angrily said.

Qin Feng sneered and responded: "Shouldn't you fulfill the bet first before you scold me?"

As he said that.

He threw a plastic bag in front of him on the table.

Xu Changjian opened it and almost vomited from disgust, while others around also exclaimed, "You actually brought cow dung, how disgusting!"

"Country bumpkin, truly lacking any class!"

"..."

Watching everyone's curses, Qin Feng sat down, shrugged with a smile, and said, "This is prepared for Brother Jian."

Chapter 34: A Family?

Xu Changjian's heart skipped a beat at this moment.

Last night at the summary meeting, he made a bet with Qin Feng that if he couldn't negotiate a partnership with Haohan Company, he would eat shit, and to his surprise, this guy actually brought it!

"Go ahead and eat! It's still warm!"

Qin Feng said with a smile.

"Fuck off!" Xu Changjian exclaimed furiously, "You actually dare to make me eat shit, seems like you don't want to survive in this circle anymore!"

"Heh, can't afford to lose now?"

Qin Feng retorted sharply.

Just as Xu Changjian was about to curse again, grandma suddenly slammed the table: "Quiet!!"

Everyone immediately quieted down.

Grandma changed the subject and looked at Xu Yunxiao with a kind and amiable expression, "Yunxiao, how about this, you continue to manage Shuimu Company, and you represent the family to negotiate with Haohan Company."

"Grandma..."

A flustered Xu Changjian on the side, the duck that just came into his hands was about to fly away before it even warmed up.

"Shut up!"

Grandma gave him a stern look.

Although she cherished Xu Changjian, this issue concerned the future of the family, a crucial step in whether Xu family could become a distinguished household in the future!

Xu Yunxiao's heart leaped upon hearing this.

Shuimu Company was her own hard work; just last night she cried her eyes red because it was being taken over by others, and now it was finally about to be returned to her?

She was about to agree.

Suddenly, Qin Feng stopped her, saying, "That wouldn't work!"

"That wouldn't work?!" The authentic version is on *.

Grandma glared at him.

The others were also furiously angry at this moment, and Xu Changjian even said, "You living off a woman, where do you have the right to speak?"

"Yunxiao, since when did he have a say over your matters?"

Xu Yaxin despised from the side.

Xu Yunxiao was taken aback.

Indeed!

Normally, he just did house chores; since when did he start interfering in her business matters?

"Do you trust me?"

Qin Feng looked at her at this moment.

Xu Yunxiao hesitated for a moment, then nodded: "I trust you!"

Last night, Qin Feng had said others would beg her, she didn't believe it at first, but now this was already the third time they were begging her, she couldn't help but believe him!

"Very well!"

Qin Feng looked back at grandma, and said, "To partner with Haohan Company, just the capabilities of Shuimu Company are not enough."

"Yes." Grandma said.

She admitted this point.

After all, the one to hold the concert this time was the queen of pop, Luo Hongyan, planning to hold twelve large-scale concerts across the country, and with an initial budget of sixty million, such a huge project wasn't something Shuimu Company could handle alone.

"To partner with Haohan Company, we must at least merge Chengguang Company into Shuimu Company."

Qin Feng further stated.

The moment his words fell, Xu Changjian burst out cursing: "Fuck your motives! What do you mean? You want to swallow my company too?"

"That's right, why do you have the right!"

Xu Yaxin also shouted.

"Shut up!"

Grandma stopped them again.

Then she looked at Xu Yunxiao, with a hint of displeasure in her eyes, and said in a deep voice, "Yunxiao, what do you think?"

Xu Yunxiao, seeing her eyes, felt a bit frightened.

After all, she had managed the Xu family for a long time, obviously if she offended her, there wouldn't be good outcomes in the future.

However.

Seeing Qin Feng's resolute gaze, she clenched her teeth and said, "I'll listen to Qin Feng."

Upon her words.

Everyone looked at each other with surprise, not expecting her to listen to a man who was kept by a woman!

Grandma also took a deep breath and then reluctantly nodded.

Seeing this, Xu Yunxiao completely breathed a sigh of relief.

She had always been afraid of offending grandma and missing the chance to take back Shuimu Company, but now everything was finally settled, and she even got Xu Changjian's company!

This made her feel jubilation from the bottom of her heart.

At the same time.

The way she looked at Qin Feng was filled with added layers of mystery and bewilderment.

Why was he so confident?

As if everything was under his control.

"Grandma..."

Changjian's Company is gone, he was so anxious that his face turned red, almost crying.

Grandma comforted him, saying, "Jian'er, for the future of the Xu family, let it be..."

Xu Yaxin was also displeased and said, "Grandma, this is unfair to Brother Jian."

"Well..." Grandma said, "Yaxin, later on you can go help Yunxiao. Be her assistant or something, since after the company merger, she can't manage everything by herself."

"..."

Xu Yaxin was stunned.

Being a subordinate to Xu Yunxiao, that's really embarrassing!

"Grandma, I have my own company to manage, I'm afraid I can't spare the time!" Xu Yaxin hurriedly said.

"Your company can be managed by Jian'er temporarily." Grandma continued.

"What?!"

Xu Yaxin, upon hearing this, was struck like a bolt from the blue, her face ashen.

Xu Yaxin tried to plead again, but Grandma no longer paid attention to her, instead turned towards Xu Yunxiao and asked, "Is this acceptable?"

"But..."

Xu Yunxiao was about to nod.

But at this moment, Qin Feng suddenly said, "Grandma, it seems like there's still something remaining to be done?"

"What is it?"

Grandma asked.

Everyone else was also puzzled.

Having conceded this much, what else does he want?

Under everyone's gaze, Qin Feng pointed to the bag of cow dung in front of Changjian's desk.

Everyone suddenly realized.

Changjian was so furious that he seemed about to explode, cursing loudly, "Damn! Is this never going to end? You take over my company and that's still not enough? Damn it, believe it or not, I'll kill you!"

Grandma's expression darkened as well, saying, "Qin Feng, we are all family, is this necessary?"

"Family?!"

Qin Feng laughed coldly, "You remember we're family now? When you made me take the blame for Xu Changye, did you consider me as family? When you coveted the company my wife painstakingly established, did you treat her as family?"

"..."

Everyone's faces turned livid, embarrassed.

Grandma then said, "Are you sure you want to do this? Have you thought about the consequences?"

Xu Yunxiao also felt it was too much and quietly tugged at Qin Feng.

Qin Feng spread his hands and said, "Of course I've thought about the consequences! 'A gentleman's word, swift as a horse, is the mark of a true man. If one breaks his word, how can he be considered part of the Xu family?' These words were what you said, Grandma, when he and I made the bet!"

"If he breaks his word, how can he face being part of the Xu family?"

"If he breaks his word, ignoring your words, isn't that slapping your face?"

"..."

Changjian, furious, bellowed obscenities, "Bullshit! Now I'll kill you!"

"Shut up!"

Grandma shouted again.

She turned to look at Xu Yunxiao, signaling for her opinion.

After all, it was Yunxiao who was negotiating the partnership with Haohan.

Seeing this, Yunxiao, although feeling it was a bit too much, still chose to stand by Qin Feng, saying, "I think what Qin Feng said is right, it concerns the honor of my Xu family."

"..."

For a moment.

The hall fell completely silent.

Everyone dared not speak, their gaze fixed on Changjian.

"Grandma..."

Knowing that things were going poorly, Changjian sought to plead with Grandma.

Grandma was silent too, evidently embarrassed.

After all, eating cow dung was a great indignity!

The standoff continued.

Finally, Qin Feng said with a smile, "Actually, Grandma was right; we are all family, there's no need to be this tense."

Phew—!

Grandma, Changjian, and others relaxed.

"But..."

Qin Feng continued.

Chapter 35 - 35 Let Them Frolic First!

"What do you mean 'but'?"

Xu Changjian hurriedly asked.

"But, just having a symbolic sniff should be okay, right?"

Qin Feng spread his hands.

"...Alright!"

Xu Changjian clenched his teeth and reluctantly agreed.

Just a sniff anyway; worst case, he could just hold his breath.

Plus, he knew his grandma well, aware of her eagerness to join the ranks of the wealthy—it might eventually lead her to really force him to eat it.

Next.

Xu Changjian, holding his breath, lifted the cow dung to his nose and pretended to sniff it.

Just as he was about to set it down.

Qin Feng secretly smirked, and suddenly kicked a small stone with his foot!

The small stone hit Xu Changjian's leg, making him cry out, "Ouch," losing his balance, he lurched forward and ended up with cow dung smeared all over his face, even getting some in his mouth!

"Ah—!!!"

Xu Changjian screamed disgustingly, echoing through the hall.

"Brother Jian, Brother Jian? I told you there's no need to eat it, just sniffing was fine, why did you go ahead and eat it, ai..."

Qin Feng pretended to rebuke from the side.

...

The next day.

With expectations from the entire Xu family, Xu Yunxiao headed to Haohan Company.

She was also quite uncertain.

After all, she didn't know anyone in Haohan Company, nor why they specifically asked for her by name to discuss collaboration.

Upon reaching the reception area.

Shen Lu came over with a smile to greet, "Yunxiao, long time no see!"

"Is it you?!"

Upon seeing her, Xu Yunxiao immediately frowned.

She and Shen Lu used to be friends, but Shen Lu was jealous of her beauty, so once she got her drunk, trying to hand her over to a young master, but Qin Feng unexpectedly intervened and stopped it. Since then, Xu Yunxiao didn't keep in touch with Shen Lu.

Now Shen Lu didn't dare to offend Xu Yunxiao, hurriedly stepping forward to please her: "Yunxiao, I was wrong about what happened before, I've recognized my mistake, can you forgive me? Or should I kneel and kowtow to you?"

Xu Yunxiao, soft-hearted, seeing her genuinely apologize, didn't say much else, merely asked, "What are you doing here?"

"I'm here to handle the signing with you!" Shen Lu sat down smiling, saying, "Starting from now, Luo Hongyan's twelve concerts are all in your hands!"

Xu Yunxiao suddenly realized and said, "So it was you who named and requested to sign with me?"

"No, I don't have that authority." Shen Lu hurriedly waved her hands, she didn't dare take credit.

"Then who?"

Xu Yunxiao mumbled, "I don't know President Jiang either!"

"Don't worry about who it is, just know it's a good thing for you, hurry and sign!" Shen Lu smiled.

Xu Yunxiao couldn't figure it out, but seeing no unreasonable demands from the other party, she quickly signed.

"Ah, I'm really envious of you, having such a good husband..."

Shen Lu said enviously.

"Envious of me?"

Xu Yunxiao laughed bitterly, "That good-for-nothing husband of mine?"

"You can't say that! Mr. Qin... oh no, your husband Qin Feng is an exemplary person, graceful like a scholar, truly a dragon and phoenix among people!" Shen Lu hurriedly said, "Really, you're so enviable, if I were you, I would treat him so well."

"..."

Xu Yunxiao was puzzled.

She used to mock her with Qin Feng's incompetence, what's going on today?

And.

Her attitude towards her today was also too enthusiastic.

She has become the Vice General Manager of Haohan Company. Even grandma has to bow and greet her, yet she's so kind to herself...

...

Three days later.

The news of Luo Hongyan starting her national tour spread across Lake City! For character sheets and glossaries, visit *.

It even made the headlines in the Lake City Daily!

Many fans of Luo Hongyan were extremely excited.

Of course.

The most thrilled was the Xu family.

These pieces of news were released by Shuimu Company, which was responsible for the concert.

The entire Xu family felt proud due to their collaboration with Haohan.

Especially Mother-in-law Li Cuilan, these past few days she's been grinning from ear to ear, like she found gold.

In the morning.

While the family was having breakfast, Li Cuilan spoke, "Qin Feng, look at how well Yunxiao's career is doing, and here you are just a mere waiter at Wanfu Building, completely embarrassing my family. How about this, when Yunxiao makes some money, she gives you twenty to thirty thousand, and then you divorce her, how about that?"

"Ptui!"

Qin Feng almost spat out the porridge he was drinking.

Twenty to thirty thousand?

She speaks as if she's brushing off a beggar, who would divorce whom, how foolish!

"What, is that too little? You've been living off us for three years, giving you twenty to thirty thousand is a lot!" Li Cuilan added, "Here, I'll throw in another five thousand, twenty-five thousand, how about that?"

Qin Feng pretended not to hear and continued eating.

Li Cuilan glared at him, then turned to Xu Yunxiao, advising, "Yunxiao, you're doing so well now, don't you feel ashamed being with such a loser? He listens to you, tell him to get out of our house..."

"Mom!"

Xu Yunxiao said frustratingly, "I'm already troubled enough, can I just eat in peace?"

"Troubled, things are going well right now, what's there to be troubled about?"

"Things aren't as smooth as I imagined," Xu Yunxiao frowned and sighed, "I'm done eating, I need to go to the company and get busy."

Initially, everything was going smoothly.

But suddenly, rumors began circulating that Luo Hongyan's concert was a hoax!

Under the post made by Shuimu Company, many anonymous accounts claimed Luo Hongyan's voice was already damaged, that she could never sing again, and urged everyone to be vigilant and not be deceived.

They even posted some proof of Luo Hongyan's vocal cord damage, like exam and lab results from various major hospitals.

This situation would directly affect the pre-sale of concert tickets and possibly the involvement of some sponsors.

If Haohan Company felt that she couldn't do well in her first concert, then future collaborations would certainly fall through.

Thus, Xu Yunxiao was very worried and had been putting in overtime daily.

After she left.

Qin Feng also put down his bowl, saying, "I'm full too, I have to go to work."

Li Cuilan murmured displeased curses, "Hey, what's wrong with you? Recently you're not even washing the dishes..."

Qin Feng ignored her and went out directly.

At the Wanfu Building office.

He browsed through various web forums about posts claiming Luo Hongyan had vocal injuries, his eyebrows knitted tightly.

Shen Lu reported from the side, "We are trying to find out who leaked the hospital lab results and doctor's diagnosis, but it's not going smoothly. The other party did not bribe the doctors or hospitals, it seems they stole the documents, it's hard to trace but we are working hard."

"What about those paid commenters spreading the rhythm?" Qin Feng asked.

"We did find a bunch, but all small fish. The main person goes by the ID 'Black-eyed Knight,' and they use a foreign network, hard to trace," Shen Lu frowned, "They obviously came prepared."

"Yeah!" Qin Feng leaned back in his chair.

Those willing to use such rare Gu Worm to harm Luo Hongyan surely have significant backing.

"What should we do next? Should we have Miss Luo step forward, break these rumors, and dispel the negative influence?" Shen Lu asked.

"We'll need her to appear, but let's wait until tomorrow night," Qin Feng said, "Tomorrow night is Qixi Night, and I want her to dazzle Lake City!"

Chapter 36 - 36 Qingyuan House!

At this moment,

Xu Yunxiao called and said, "Grandma's birthday banquet is tomorrow night. I transferred $60,000 to you, please help me buy that hairpin we saw a few days ago as a birthday gift. I'm busy at the company and don't have time to go."

Hearing this, Qin Feng said, "Wife, can we not go to grandma's birthday banquet tomorrow night? She treats you like that, as long as you speak up, we can leave the Xu family, and I will make sure you shine brightly!"

"What nonsense are you talking!" Xu Yunxiao said angrily, "Blood is thicker than water. I forbid you to say such things in the future, otherwise I'll ignore you!"

"..."

"We must not only go but also try to please grandma and ease the previous conflicts. We should be harmonious as a family." Xu Yunxiao continued, "Hurry and buy that jade hairpin, what if someone else buys it? I only borrowed $60,000 now, and can't afford any other expensive gifts; that jade hairpin looks presentable."

"Alright..."

Qin Feng felt helpless; his wife was too soft-hearted, and such a cold-blooded family might as well not be kept.

After hanging up the phone,

Qin Feng asked Wei Yunxiang about the money from selling the 'Withered Wood Spring' cliff juniper, wondering why it hadn't been transferred to his wife's account yet, as she was so broke that she had to borrow money.

It turned out that the cliff juniper was sold yesterday, but since it was sold at an auction, it had to go through the process before the money could be transferred.

"Also, boss, Mr. Fang Wudi would like to meet you; it seems he has encountered some trouble."

Wei Yunxiang said.

"Give me the address, I'll go by myself! And I'll also buy the jade hairpin as my wife said."

Qin Feng stood up and said.

After he left,

Shen Lu and Wei Yunxiang sighed, "If only we could marry a man like the boss, that would be so blissful..."

...

Qin Feng went straight to the antique city.

After all, his wife's request was most important.

When he arrived at the previous shop, Qin Feng asked the owner to bring out the jade hairpin, and was about to pay when he suddenly paused.

Upon close inspection,

There were two fine cracks on the jade hairpin!

Seeing this, the shop owner chuckled, "Young man, these aren't cracks, just minor scratches, they don't affect the quality of the jade..."

He was also quite heartbroken.

The jade hairpin, both in terms of craftsmanship and quality, was top-notch and could have sold for a good price,

But those two scratches affected the overall appeal of the hairpin, hence it was sold for a low price of $60,000.

Qin Feng ignored him, furrowed his brows, pondered for a moment, then went to the doorway and looked at it in the sunlight.

Upon this examination,

He was surprised!

The jade hairpin had not only two "scratches" but several!

Under the sunlight, these so-called "scratches" bizarrely emitted golden lights, forming a vivid, soaring "Golden Phoenix" among auspicious clouds!

"Indeed, I guessed right, this is the long-lost 'Golden Phoenix Jade Hairpin'!" Qin Feng exclaimed with joy.

Golden Phoenix Jade Hairpin.

It is said to have been made by Master Yun a hundred years ago.

Although not ancient, it was rumored to possess magical powers and was once fiercely contested by major families, with bids reaching over a hundred million!

However, it was later rumored that the Golden Phoenix Jade Hairpin's magical power gradually depleted over time, which is why the price decreased, but due to its glorious past and being crafted by Master Yun, it still held a value of five to six hundred thousand just for its collectible worth.

"The jade hairpin's divine power hasn't disappeared; it's gathered in the 'Golden Phoenix,' unnoticeable by ordinary people!"

Qin Feng intently felt the aura of the jade hairpin and was amazed.

At this moment, seeing Qin Feng murmuring while holding the jade hairpin, and not looking wealthy, the owner bluntly said, "Young man, how about this, I'll give you a discount, a round figure, $30,000, what do you think?"

No choice.

The quality of the jade was good, and the craftsmanship was excellent; it's just that the crack gave an inauspicious impression of "broken jade," making people hesitant.

Now, he was just content to sell it.

"Okay."

Qin Feng came to his senses and immediately paid.

When the owner saw the $60,000 in cash he brought, he was dumbfounded and extremely regretful, not realizing he actually had enough money; it was all because he was too impatient...

Qin Feng walked out of the shop, looking at the jade hairpin and muttering to himself.

"This fine treasure, is it a waste to give as a birthday gift to the Old Dowager?"

After a moment's thought.

He decisively turned around and headed towards the herbal market.

Since his wife places great importance on this kinship, let her gift stand out among the rest!

After finishing up at the herbal market.

Qin Feng then proceeded to the place arranged by Fang Wudi — Qingyuan House.

Qingyuan House is located in the suburban area of Lake City.

On the surface, it appears to be a tea house, with an antique appearance, entrance, and decor in the main hall.

Indeed, there are tea rooms inside.

But besides drinking tea and dining, there is also—an underground boxing ring!

The underground boxing ring.

That is the main reason people come here.

At this moment.

On the second floor in Qiuya Tea House.

Fang Wudi paced back and forth in the tea room, looking somewhat anxious.

His five disciples were all there.

Including Young Master Zhou, Zhou Yiming!

Chairman of Er Long Real Estate Group, Feng Guoqiang!

The martial champion of Lake City, Pang Dahai! Check for the latest updates on My Virtual Library Empire (*).

A fourteen-year-old hacking expert, Momo.

And the beautiful and elegant owner of Rainbow Cosmetics Company, dressed in a red cheongsam, Zheng Weiwei.

Zhou Yiming said gloomily at that time, "Master, this Master of ours you mentioned, I feel he's unreliable! He hasn't even shown up yet, is he too scared to come?"

"Exactly! Is he really our Master?"

Feng Guoqiang also said.

He had encountered Qin Feng at a mall a few days ago, and even knelt down to him on the spot, but later when he looked into Qin Feng's information, he found that, just as Xiao Man said, Qin Feng has been a worthless son-in-law for three years.

This made him feel depressed.

If he was wrong, then that previous kneeling was in vain!

"Relax, just trust me, you won't be wrong!" Fang Wudi said firmly to Zhou Yiming, "Now, probably only he can help you!"

"But the expert invited by Liu Qianyu is someone from the Sky Dragon List!"

Zhou Yiming said dejectedly.

At this time.

The door of the tea house was opened.

Liu Qianyu entered, holding a paper fan and wearing a white suit, followed by a bare-chested martial artist with a headband and well-defined muscles.

Although upon seeing him, a subconscious fear arose in their hearts.

He exuded an overpowering aura, especially those eyes, which seemed as if they could kill!

"Brother Zhou, the competition is about to start, are you nervous?"

Liu Qianyu said with a smile.

"Nervous my ass!"

Zhou Yiming cursed angrily.

He and Young Master Liu, Liu Qianyu, have always been mortal enemies, fighting fiercely over the position of the outdoor restaurant under the Qixi Love theme at Wanfu Building, finally deciding to settle it by martial combat as per the underworld's rules!

Thus, Zhou Yiming summoned Fang Wudi to Qingyuan House, preparing to have a fierce battle against his opponent.

However, upon arriving here, he found out that the person Liu Qianyu invited was Zhao Tianba, a top expert from the Sky Dragon List. Before the fight even started, Fang Wudi knew he was no match, so he had to seek help from Qin Feng.

The other four disciples, knowing of Qin Feng's arrival, also wanted to witness their Master's strength.

At this moment.

Liu Qianyu did not get angry but sneered disdainfully.

Taking a step forward, Zhao Tianba behind him coldly laughed at Fang Wudi, "Fang Wudi, we meet again. Two years ago at the Heavenly Dragon Martial Arts Tournament, I beat you black and blue, don't you remember? Hahaha..."

Chapter 37: Scapegoat?

Two years ago, Fang Wudi participated in the Sky Dragon List Martial Arts Tournament and was grouped with Zhao Tianba. Unfortunately, lacking sufficient strength, he was soon beaten till he spit blood continuously and Zhao Tianba smoothly advanced to the next round, completely overpowering him.

Young Master Zhou, Feng Zhiqiang, and others witnessing this, couldn't help but feel astonished.

They were not familiar with the Sky Dragon List of the Hidden World and only knew that those ranked were very powerful, but they had no idea just how powerful.

In their perception, Fang Wudi was a powerful existence!

They never expected that they had already crossed hands before and that Fang Wudi had already faced defeat, losing in an extremely embarrassing manner...

"Damn it! Just you wait! My master is about to arrive!" Facing the humiliation in front of his disciple, Fang Wudi's face was flushed with anger.

"Heh, anyone who would take a trash like you as a disciple must be trash as well," Zhao Tianba disdainfully said, "If you don't want to be beaten to death on the stage later, kneel and admit your wrongs now, crawl between my legs, how about that?"

"I'll kill you!"

Enraged, Fang Wudi immediately struck out with a palm!

Zhao Tianba did not dodge. Facing Fang Wudi's full-force strike, he directly landed his right fist on Fang Wudi's approaching palm!

Crack!

Everyone heard a sharp cracking sound of bone!

Following that,

Fang Wudi, clutching his arm, screamed out in pain!

"..."

Everyone gasped in shock!

With a single move, Zhao Tianba had broken Fang Wudi's arm!

This is the power of Inner Strength!

Zhao Tianba had actually reached the level of Inner Strength!

"Hahahaha..."

At this moment, Liu Qianyu opened his fan excitedly, saying to Zhou Yiming, "Your master isn't all that impressive! This year's Wanfu Building 'Qixi Love' seat is mine! Plus, Wei Yunxiang, whom you have been yearning for, will obediently lie in my bed to serve me, hahahaha..."

Laughing wildly.

He and Zhao Tianba left the place.

The tea house quieted down.

Zhou Yiming and the others had complex, extremely embarrassed expressions on their faces.

Originally thinking that having Fang Wudi as a master meant having a strong backer.

Unexpectedly, the guy that Liu Qianyu found could defeat Fang Wudi with a single move.

The most embarrassed, naturally, had to be Fang Wudi.

Not only had his arm been fractured, but he had also been humiliated in front of his disciples, truly a loss of face to the extreme.

He even saw from their eyes that they seemed to be considering changing masters.

If that's the case, it's completely over!

His martial arts talent was lacking, and he needed a large amount of money to purchase resources to further advance his martial arts. Without the support of these tycoons, he couldn't afford those expensive resources.

At that moment.

A voice came from the doorway, saying, "Did I come to the wrong place?"

Fang Wudi turned his head and saw that Qin Feng had arrived.

"Master!!"

Fang Wudi, seeing his savior, almost cried out in excitement.

Everyone then turned to look at Qin Feng, all quite astonished.

Zhou Yiming was even more bewildered, his eyes wide as he said, "Master, he can't possibly be the 'Master' you've mentioned?"

He and Qin Feng were about the same age.

He couldn't believe that this man, who did not appear very strong, was actually the revered "Master" of Fang Wudi!

"That's right, this is your 'Master', hurry and pay your respects!"

Fang Wudi hurriedly called out.

"But everyone knows he's merely the stay-at-home son-in-law of Lake City's number one beauty! Rumor has it he's a complete loser!"

Zhou Yiming said bewilderedly.

He turned his head to look at Feng Guoqiang of Er Long Real Estate Group, who had seen Qin Feng before.

Feng Guoqiang remained silent.

He himself did not know whether the day he kneeled to Qin Feng was right or wrong.

"What nonsense are you talking about!" Fang Wudi said angrily, "This is the 'Master' I've always mentioned to you, hurry and pay your respects!"

Zhou Yiming still couldn't believe it, looking towards Qin Feng and said, "Could you prove somehow that you indeed qualify to be our 'Master'?"

"If you're unwilling, it's fine by me; I'm used to being alone."

Qin Feng shrugged his shoulders and spread his hands.

"You..."

Zhou Yiming immediately frowned.

As the young master of one of Lake City's three major families, he was quite annoyed by Qin Feng's indifferent and dismissive attitude.

Qin Feng couldn't care less about him, and turned to ask Fang Wudi, "So, what exactly is going on?"

"It's like this..."

Fang Wudi sighed and explained the situation to Qin Feng in detail.

After hearing it, Qin Feng muttered, "So it's about fighting for the 'Qixi Love' spot at Wanfu Building... Alright, leave it to me."

He came here to solve the troubles for Fang Wudi.

After all, last time at the mall, Fang Wudi made Feng Guoqiang kneel down to him, which counted as a favor.

On the other hand,

Wei Yunxiang had mentioned to him that Young Master Liu of the Liu Family had been paying close attention to her, so it was a good opportunity to deal with that as well.

Everyone present was taken aback by how readily Qin Feng agreed.

Soon, a staff member came to notify the contestants to come on stage. Content first released on *.

As Qin Feng walked out, Zhou Yiming and others quickly surrounded Fang Wudi, "Is it really okay? I feel like this is too fake. He's notoriously a useless guy in Lake City!"

"Yeah! I've heard that too, Master, you haven't been fooled, have you?"

Other people chimed in as well.

Fang Wudi, exasperated, said, "Why don't you just watch and see?"

Upon hearing this, everyone headed to the spectator seats.

At this moment,

The whole venue was dimly lit and packed with people.

Many people enjoyed these rule-free underground boxing matches for the thrill.

Soon,

Zhao Tianba climbed onto the ring.

The host loudly introduced him to the audience, "This, is the 'Death Fist Tyrant' Zhao Tianba!!"

Loud cheers erupted from the crowd!

"The person he's challenging today is..."

The host continued.

It was supposed to be Fang Wudi.

But backstage, the staff had changed the list last minute and, glancing again at the name in his hand, he shouted, "Qin Feng!"

The previously enthusiastic shouting immediately quietened down.

"Who is Qin Feng?"

People looked at each other, having never heard the name before.

The host hadn't heard of this boxer either.

When Qin Feng stepped onto the stage, the crowd below instantly turned chaotic.

This Qin Feng, with a thin frame and not very tall, looked like an ordinary person, nothing like someone who trained in Martial Arts!

In the spectator seats.

Liu Qianyu looked at Zhou Yiming not far away, laughed loudly and said, "I say, your trashy Master got scared pissless, so he found someone to die in his place? That's just hilarious, hahaha..."

"..."

Zhou Yiming's face was extremely uneasy.

Looking at Zhao Tianba's solid muscles and then at Qin Feng, they seemed like people from two different worlds!

He secretly made up his mind.

After this fight, he definitely had to "fire" Fang Wudi as his Master, it was too embarrassing!

Feng Guoqiang and three others were also thinking the same at this moment.

Fang Wudi, seeing their expressions, felt very distressed and pinned his hopes on his own, Qin Feng.

At this moment,

As the gong sounded, the boxing match started.

Everyone mostly supported Zhao Tianba who had a stronger physique, shouting, "Quickly punch that idiot to death!"

There were also people cursing Qin Feng, "Idiot, go die! Do you even know where you are? You're just seeking death!!"

On the stage.

Zhao Tianba sneered at Qin Feng, "I really didn't expect that trash Fang Wudi didn't dare to come up himself and even found a substitute to die, haha, then I will not hold back, only blame your own bad luck, go to hell!!"

Chapter 38 - 38 Quick, too quick!

Talking.

Zhao Tianba stomped on the ground and launched a fierce punch toward Qin Feng.

The audience near the ring, at this moment, all opened their eyes wide in shock and said, "Do you, do you feel it?"

"We feel it, his punch is mixed with an unmatched strong aura!"

"Yes, that's Inner Strength!"

"He has actually reached the realm of Inner Strength. It is said that masters of Inner Strength can kill a bull with a single punch!"

"That guy... is doomed!"

"..."

Even.

The boxers waiting for the match were also surprised by Zhao Tianba's punch!

Inner Strength!

This is the power every martial artist dreams of!

Those with Inner Strength are fundamentally different from ordinary martial artists!

For example, Fang Wudi.

Among ordinary martial artists, he is already very powerful, having defeated twelve boxing experts in a row.

But Zhao Tianba, who possesses Inner Strength, just needs one move to break his arm.

That's the difference!

"Amen..."

Outside the ring, a Western boxer is already praying to God, hoping that Qin Feng won't die too horribly.

At this moment.

Zhao Tianba has reached Qin Feng, his punch aimed straight at Qin Feng's face!

Qin Feng still looks calm, simply stepping aside, causing Zhao Tianba's punch to miss!

"What?!"

Zhao Tianba was shocked!

During Qin Feng's side step, one foot seemed to retreat half a step slowly, "accidentally" tripping over Zhao Tianba's foot.

Zhao Tianba, using too much force and unable to stop, tripped and lunged forward.

Finally, he fell under the ring, tumbling over, and fainted...

"..."

At this moment, the whole venue was silent!

Everyone was dumbfounded.

Nobody expected the powerful and domineering Zhao Tianba to lose in such a dramatic manner!

"Damn! This, this is too fake!"

"Fixed fight!!"

"Definitely that guy bribed Zhao Tianba, damn it all, completely lost everything!"

"..."

The people below were furiously shouting.

There was no other way.

They had placed their bets on Zhao Tianba at the start of the game, and within a minute, such a scene happened, which they couldn't accept!

Even Zhou Yiming and others were stunned!

"We won!"

Fang Wudi excitedly shouted, "What did I tell you? This is your Master's strength, hahaha, we won!!"

Zhou Yiming finally relaxed and said to the open-mouthed Liu Qianyu, "It seems, I've won!"

"Damn it..."

Liu Qianyu, frustrated, punched the seat.

It was supposed to be a guaranteed win.

Who would have thought it would end like this?

He spent a lot of money to hire Zhao Tianba, how could he just lose like this!

"Hahaha... Let you be arrogant! I tell you, in the eyes of my Master, you are nothing but ants! No, even less than ants! Hahaha..."

Fang Wudi, excited, laughed loudly at this moment.

The previously stifled Fang Wudi finally breathed a sigh of relief and was extremely excited.

Now he could finally hold his head high!

Feng Guoqiang and the other four disciples blushed...

Although it was a win.

This way of winning wasn't technically cheating, but it also didn't seem very dignified, no need to be so excited...

"Cough cough, let's return to the tea house first!"

Zheng Weiwei, in a cheongsam, said somewhat awkwardly.

The others agreed, not wanting to be embarrassed here.

In the tea room.

Fang Wudi continued to brag about Qin Feng: "What did I tell you? My Master, which is your Grandmaster, is definitely an outstanding expert! Just one move and he defeated the Heavenly Dragon List master Zhao Tianba, haha..."

"Cough cough, Master, that's enough, don't you think there was a lot of luck involved?"

Pang Dahai from the Underworld said, sweating.

"Yes! Because he dodged slowly, retracted his foot slowly, and happened to trip Zhao Tianba, who was charging too fiercely and directly fell off the stage, passing out. That's clearly luck!"

Feng Guoqiang chimed in.

"Yes..."

Zhou Yiming also spread his hands.

Although they won.

Winning by luck instead of strength, they felt uneasy in their hearts.

What if Zhao Tianba seeks revenge later?

Next time, they might not be so lucky.

Fang Wudi sighed and sat down, saying, "Do you really think that was luck?"

"If not luck, then what?"

Everyone looked at each other.

"I ask you, do you really think a master of Inner Strength like Zhao Tianba would faint from just being tripped lightly?"

Fang Wudi countered.

"This..."

Zhou Yiming and others didn't know how to respond.

"But, besides being tripped, Qin Feng didn't make any extra movements!"

Pang Dahai said.

"That's because his movements were too fast!"

Fang Wudi stated.

Too fast?

Pang Dahai and the others looked at each other, wondering if someone could move so fast that the eyes couldn't see?

At this moment.

A fourteen-year-old hacker girl, Momo, with two long braids, sucking on a strawberry lollipop, looked at her phone screen and said, "Indeed too fast. If it weren't slowed down by so many multiples, probably no one would see his movements clearly..."

Upon hearing this, Zhou Yiming and the others immediately leaned in.

Finally.

In the slowed-down video Momo showed, they saw Qin Feng pull out three silver needles with his left hand and swiftly strike Zhao Tianba's acupoints on his stomach three times, then quickly retract them back...

"Fast, too fast!"

Zhou Yiming and others, stunned, couldn't utter a word. Your support at * keeps the series going.

They couldn't believe someone could be so fast.

In the world of martial arts, nothing is indestructible, only speed is unbeatable!

This proves.

Qin Feng is a true master!

"I told you that your Master is unimaginably strong, and you didn't believe it."

Fang Wudi proudly crossed his arms.

His expression, as if he was Qin Feng himself.

At this time.

Qin Feng returned to this place from the arena.

Just as Fang Wudi was about to flatter excitedly, Zhou Yiming, Pang Dahai, Feng Guoqiang, Zheng Weiwei, and Momo, all directly knelt on the ground, shouting in unison with utmost respect, "Greetings, Master!!"

"..."

Qin Feng was startled and looked towards Fang Wudi.

Fang Wudi, feeling extremely smug at the moment, hurriedly helped Qin Feng sit down with one arm injured, saying, "Master, you were really amazing, they respect you! Oh, let me introduce them, they are my disciples..."

Starting with Zhou Yiming.

Qin Feng looked at Zhou Yiming and said indifferently, "I heard that you want to compete for the 'Qixi Love' spot at Wanfu Building? Coincidentally, I also want to book that spot."

Zhou Yiming faltered for a moment, then immediately said, "Of course, it belongs to Master!"

Now with such a powerful Master.

That spot is no longer important.

"I was competing for Master!"

Zhou Yiming buttered up.

Then,

He took out a Jade Pendant from his body and said, "Master, this is a gift for our first meeting, please accept it with modest respect..."

Qin Feng originally didn't intend to accept it.

But he was astonished when he saw that Jade Pendant.

The Jade Pendant was engraved with a lively white horse!

On the back side, an "apricot blossom" was carved, equally delicate and slightly raised, more compelling than a real apricot blossom, and beautiful!

"If I remember correctly, this should be a token from the women of Xinghua Gully..."

Qin Feng muttered, frowning.

Chapter 39: A Meeting Gift!

"Where did you get this?" Qin Feng asked suspiciously as he received it.

"Oh, a friend of mine found it in an underground market. Seeing the jade was of good quality, I bought it and specially offer it to Master!" Zhou Yiming respectfully said.

Underground market?

How could the tokens of the women from Xinghua Gully appear in the mortal world?

Qin Feng was very puzzled but accepted it.

At this time.

Feng Zhiqiang took out a contract and presented it respectfully: "Master, this is a small token of my regard. Please accept it, Master!"

"Oh?"

Qin Feng opened the contract to see.

It was the villa No.1 from the Cloud Peak estate!

Villa No.1, located closest to the peak, with fresh air and an overview of the entire Lake City, is the most luxurious in the Cloud Peak villa series!

It is said that villa No.1 is priced at 80 million in total!

At that moment.

Even Fang Wudi, Zhou Yiming, and others were shocked by Feng Guoqiang's grand gesture, not expecting him to give such a valuable villa right off the bat!

"Master!"

Pang Dahai from the Underworld, with an eager smile, brought forward a box and said, "I'm not as wealthy as Old Feng, but the content of this box took some effort to acquire. Please don't look down on it, Master."

Qin Feng opened it to look. Thiscopycomesfromcontenton*.

Inside were two Medicine Pills.

Qin Feng took a sniff and exclaimed with surprise: "Is this the Small Rejuvenation Pill?"

"Master has great eyesight!"

Pang Dahai excitedly said.

Being able to recognize this at a glance further proved Qin Feng was someone formidable!

The Small Rejuvenation Pill, a creation of one of the Three Great Divine Doctors, Luo Shui Divine Doctor, was said to have the effect of resurrecting the dead and was extremely rare!

When you roam the jianghu, how can you avoid injuries!

Pang Dahai had paid a considerable price to procure these Small Rejuvenation Pills for precaution.

Now, it was the perfect time to present them as a gift to Master.

"Master!"

Zheng Weiwei, dressed in a red cheongsam, presented a rectangular wooden box and said, "I have nothing decent to offer, so please accept this folding fan as a token of our first meeting, Master!"

Qin Feng opens it to look.

On the fan was a bamboo painting with two lines of text: "Others laugh at me for being too insane, I laugh at them for being unable to see through!"

The signature was Tang Yin!

Seeing the folding fan, everyone's eyes widened in astonishment.

This was an authentic work by Tang Bohu!

Just last year, the transaction value of Tang Bohu's calligraphy and paintings averaged around 20 million!

Even before, a painting by Tang Yin, the Pine Cliff Villa Painting, sold for over 70 million at an auction.

This showcased the value of an authentic piece by Tang Bohu.

Therefore, this folding fan could also be worth tens of millions!

At that moment.

Only Momo, with a lollipop in her mouth, was left. She blinked her bright eyes and said to Qin Feng: "Master, I don't understand elixirs, calligraphy, or anything else. So, I have nothing to offer you. How about, when I turn eighteen, I marry you?"

"pfft!"

Qin Feng, who was drinking tea, almost sprayed it out and embarrassingly said, "cough cough, no need, I'm not here to receive gifts."

"But they all gave you gifts, I have to give one too. When I turn eighteen, I'll marry Master, I will be the gift myself, how about that?"

Momo stubbornly said.

Beside her, Fang Wudi covertly whispered to Qin Feng: "Master, don't worry. She has already been betrothed since a young age and will marry at eighteen, she won't bother you."

"I see..."

Qin Feng suddenly understood.

If he was not mistaken, she intended to use him as a shield!

Zhou Yiming felt rather down at this moment, Feng Guoqiang had given a more than 60 million villa, Pang Dahai had given two of Luo Shui Divine Doctor's Medicine Pills, Zheng Weiwei had given a folding fan by Tang Bohu, and his own gift, the Jade Pendant, was bought from a friend for two million.

After thinking for a bit.

Zhou Yiming then said: "Master, I was a bit rushed today. I will give you another gift later!"

"No need, as I said, I'm here for two things."

Qin Feng said.

"What's the matter?"

People turned their attention to him.

"First, I hear Fang Wudi has run into some trouble, so I came to have a look."

Qin Feng said.

Fang Wudi was stunned at first, almost moved to tears.

He had just been humiliated by Zhao Tianba, losing face in front of his apprentices, even thinking they might abandon him.

Now, with his Master saying he came for him, it really saved his face!

"Second."

Qin Feng looked towards Zhou Yiming and said, "I've reserved 'Qixi Love' at Wanfu Building, and also, Wei Yunxiang is my person. No one else should think about targeting her again."

"Yes, yes..."

Zhou Yiming hurriedly responded.

He had long had his eyes on the beautiful and sexy Wei Yunxiang, considering an opportunity to deal with her, but with Master making such a statement, how could he dare harbor any further thoughts?

"Okay, I'm leaving."

Qin Feng said.

At that moment.

He suddenly remembered something, turned his head to Momo, and said, "I just remembered, there's one more thing."

Momo looked startled and subconsciously covered her chest, "Master, it's not possible now, is it? I'm still a minor, it would be illegal..."

"..."

Qin Feng was speechless.

What are young people thinking these days?

"Fang Wudi introduced you as a hacker expert?" Qin Feng asked.

"Yes, that's right."

Momo responded.

Fang Wudi added on the side: "She can completely destroy Lake City's network system within half a minute, hack into any company's top-secret intranet, and transfer money from one company's account to another's any time..."

"That powerful?!" Qin Feng exclaimed.

"It's precisely because she's that strong, that she needed to take me as her Master for protection..."

Fang Wudi said ruefully.

Actually, he didn't dare to take Momo on as his apprentice at all, praying all the while and advising her not to use her skills for illegal activities, or else she could alarm those above—Fang Wudi couldn't protect her at all.

"Perfect, could you do me a favor? You don't have to transfer anyone's money, it's quite simple."

Qin Feng continued.

Momo looked enlightened and said, "I get it, Master, are you asking me to help you with antivirus?"

"Antivirus?"

"Yes, Master, do you often visit adult-only websites and get viruses on your computer? Don't worry, leave it to me, it's a piece of cake. In half a minute, I can download 100GB of clean, virus-free seeds for you, fast speed, enough for you for a whole year!"

"..."

Qin Feng was almost spitting blood, embarrassingly said, "No, I'm trying to track someone down on the internet..."

He told Momo about several main IDs that had been relentlessly defaming Luo Hongyan online, asking her to help find and deal with them.

"That's simple, I'll get on it once I'm back."

Momo said.

"Good, then we'll leave it at that! I'm off now."

Qin Feng said.

After his departure.

Zhou Yiming and the others were bustling about Fang Wudi, serving him tea and water, eagerly trying to please him, and even apologized to Fang Wudi for their initial attitude.

They knew that by pleasing Fang Wudi, they could please the Master.

With the skills of the Master, he was a big shot!

Meanwhile.

Zhao Tianba had regained consciousness, but was powerless and in extreme pain.

Liu Qianyu had called for some doctors to treat him, but they helplessly shook their heads, saying, "It's over, from now on, he's no longer someone who can practice martial arts..."

"What?!"

Liu Qianyu's brows furrowed.

She hadn't expected that a mere fall could completely ruin his martial arts!

Lying on the bed, Zhao Tianba's eyes were bloodshot, he clenched his teeth and shouted angrily: "That bastard, I will kill him! I will have my Master come, and make sure that bastard is hacked to pieces! Kill his family, defile his wife and daughters, and make him regret in hell!!"

Chapter 40: July 7th!

The next day.

Lunar calendar, the seventh day of the seventh month!

This day is the traditional Valentine's Day for the Huaxia people.

Many couples stroll leisurely down the streets hand-in-hand, their faces brimming with happiness.

Qin Feng stands in front of the floor-to-ceiling window of his top-floor office in Wanfu Building, overlooking Lake City, and asks Wei Yunxiang, who has just come in, "How is it going?"

"Everything is arranged," Wei Yunxiang says.

"Good."

Qin Feng nods and says, looking out the window, "Tonight, I want to give her the most romantic dinner!"

Wei Yunxiang watches his back, a feeling in her eyes that's hard to describe.

She envies Qin Feng's wife for having such a husband.

Qin Feng turns around and sees Wei Yunxiang staring at him, suspiciously asking, "What's up, is there something on my face?"

"No, nothing."

Wei Yunxiang's face turns red, her gaze flickering, she hurriedly changes the subject, and asks again, "Boss, are you really not worried about Young Master Zhou and Young Master Liu?"

"I've said before, with me, you need not have any worries."

Qin Feng states.

"..."

Wei Yunxiang, upon hearing this, feels a warm surge in her heart.

She has struggled for so many years.

For the first time, she feels such reliability in a man!

Shuimu Media Company.

Xu Yunxiao focuses solely on her work, not caring about Valentine's Day.

Li Jie calls her, excitedly saying: "Yunxiao, what are your plans for tonight? How about joining me for dinner at Wanfu Building? It's my treat!"

"How could you afford to dine there?" Xu Yunxiao asks.

"Of course, I want to see my Prince Charming!"

Your support at * keeps the series going.

"I've heard from the grapevine, the 'Hero' with Inner Strength I told you about before is actually Coach Fang's Master! Coach Fang is now preparing a gift, apparently, he's going to Wanfu Building tonight!"

"Just think, who else could make Coach Fang personally present a gift?"

"It must be his Master, which means my Prince Charming."

"That means, going to Wanfu Building might allow me to see him!"

Li Jie says excitedly.

"Please, aren't you worried that your Prince Charming might already have a girlfriend? Tonight is Chinese Valentine's Day, maybe he's dining with his girlfriend, you never know!"

Xu Yunxiao says.

"Hey, don't crush my hopes, okay? Even if there's one in ten thousand chance, I'll take it!" Li Jie states, "Even if he has a girlfriend, I can be the spare tire, waiting for them to break up, then I'll have a chance!"

"You're insane..."

"No, this is love!" Li Jie asserts, "You've seen that silhouette I showed you before, I'm sure, he's my Lifetime Love, I won't marry anyone else in my life!"

"..."

Xu Yunxiao has no idea what to say anymore, so she merely says, "Anyway, I can't accompany you, tonight is grandma's birthday celebration, I have to attend her party, though it's also at Wanfu Building."

"Fine, after your party, find me, and accompany me to meet my Prince Charming."

Li Jie says.

Ending the call.

Xu Yunxiao sighs speechlessly.

She can't believe Li Jie, usually so clever and rational, can be so blinded by love, and all for someone whose face she doesn't even know!

"Today is Valentine's Day..."

She looked up towards the window and saw a couple buying roses from a child on the big street, sighing heavily in her heart.

She too longed for love.

But...

Her mind drifted back to Qin Feng, and she sighed again, "He is quite good to me, but the man I like is towering and imposing, shining with brilliance, not just able to do laundry and housework..."

Withdrawing her thoughts.

She stood up to deliver a document outside the office. Just as she got to the working area, she suddenly heard the employees chattering excitedly about some gossip, and her name was mentioned.

Looking towards the crowd, she saw Xu Yaxin cracking sunflower seeds while spilling the beans to everyone, "You guys don't know yet? Xu Yunxiao's husband is so spineless, I heard they've been sleeping in separate beds for three years now, don't you think Xu Yunxiao must be lonely?"

"Really?"

"How could it be false? I'm her cousin, what about her affairs do I not know? Think about it, a woman like that without a man's affection, how lonely she must be!" Xu Yaxin swaggered, legs crossed, "Also, that loser Qin Feng, I heard once he made a salty meal, and my third aunt, his mother-in-law, slapped him, and he didn't even dare to fart!"

"Hahaha..."

The employees laughed uproariously.

"If you ask me, President Xu is way too tolerant, why keep such a husband?"

"Exactly!"

"..."

At this moment, Xu Yunxiao's face was beet red with anger, and she shouted, "It's working hours now, what are you all doing!"

Seeing the situation, everyone quickly stopped laughing and hurried back to their seats.

"Xu Yaxin, take this document to Haohan Company."

Xu Yunxiao instructed Xu Yaxin again.

But Xu Yaxin, still arrogantly with her legs crossed and munching on seeds, retorted, "Yo, not even calling me cousin now? Quite the high and mighty attitude!"

"This is the company!"

Xu Yunxiao said sternly, "If you don't want to do it, you can go back and tell grandma!"

"You!"

Xu Yaxin was infuriated.

Because Xu Yunxiao managed to collaborate with Haohan Company and swallowed Xu Changjian's company, but grandma was sympathetic towards Xu Changjian, so she gave her company to him and relocated Xu Yaxin to be Xu Yunxiao's assistant here.

This made her very angry and unwilling to accept it.

Now, in front of so many employees, being asked to deliver things, she felt even more humiliated!

However.

She dared not go to grandma, after all, Xu Yunxiao had become the key focus of the family.

Xu Yunxiao felt a throbbing headache.

She actually hoped that Xu Yaxin would hurry to Grandma to request a transfer away from here; otherwise, she would only spread rumors about her, even claiming that Xu Yunxiao's cooperation with Haohan Company was because she had been taken advantage of by Haohan's Jiang Zhongtian.

"Hmph! Just you wait and see!"

Xu Yaxin took the documents and stormed out.

In the elevator.

While she was cursing Xu Yunxiao in her heart, she heard a suit-clad boss on the phone anxiously saying, "President Zhang, don't worry, I will find out who stole those eight million, just give me two more days, I will catch that person!"

Eight million?!

Xu Yaxin trembled inwardly, muttering to herself, "Rumors say... the eight million Xu Yunxiao repaid debts with, no one knows where it came from, and she's in the same office building as this boss..."

With that thought.

The corners of her mouth curled into a sinister smile, and after the boss finished the call, she said, "Hello boss, maybe, I can help you with something..."

...

In the evening.

Qin Feng looked out the window at the half-sky dyed red by the setting sun and said to Shen Lu behind him, "Let's start! Spread the news that Luo Hongyan will perform tonight! At the same time, have Momo watch the 'Paid Commenters' online, they're sure to show up at this time!"

"Alright, I'll get right on it!"

Shen Lu nodded and left.

Qin Feng shifted his gaze back to the sunset outside the window, murmuring softly, "Tonight, it will be as brilliant as fireworks!"
