The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 51 - 51 Shen Lu on the Right Path!

Many stars want to join Haohan Company.

The company's assessment is also very strict.

Otherwise, it wouldn't have been so long and yet have only a dozen artists under its belt.

Although Jiang Yuexin boasts considerable talent and looks among the newcomers, and indeed gained some popularity after last night's "Qixi Love" lovers' dinner, to enter Haohan Company, she still needs to undergo a long-term assessment.

Shen Lu asked Qin Feng about this because her investigation revealed that Jiang Yuexin and Qin Feng were former schoolmates.

Qin Feng's wife, Xu Yunxiao, is a fan of Jiang Yuexin.

Thus, it's necessary to consult him.

"Is that so?"

Qin Feng looked at the data, pondered for a moment, and said, "What's your opinion?"

"By normal procedure, a half-year assessment is required."

"However, there is one point, among the newcomers in the current music scene, she has the greatest potential."

"Moreover, it is an era where variety show traffic is king. Our artists have too high a status in the entertainment industry and are not suitable for variety shows. We need this kind of fresh blood."

Shen Lu said.

Hearing this, Qin Feng couldn't help but look up at her.

He hadn't expected this woman to have such skill, her analysis was logical and well-founded.

Indeed, many variety shows are popular nowadays, like "My Voice", "Everyone Run Together", "Unrivaled Challenge", etc., they are very hot, and also hold a high position in the hearts of young people.

It's common for traffic stars with little achievement to gain countless fans after appearing on a few variety shows.

For the company to grow, this is indeed a viable path.

At this moment,

Shen Lu noticed the appreciative look in Qin Feng's eyes and mistook it for him having those kinds of thoughts; her face flushed red with embarrassment as she said, "Godfather, I, I'm on my period today, it's not convenient, how about I use..."

"Cough cough!"

Qin Feng, embarrassed, quickly interrupted her, "I didn't mean that, by the way, have Jiang Yuexin come here later, I'll approve it myself."

"Okay."

Shen Lu nodded and then said with embarrassment, "Godfather, I really am not convenient..."

"I really didn't mean it that way!"

Qin Feng said, exasperated.

Seeing that he indeed didn't blame her, Shen Lu felt relieved and walked out.

"By the way!"

Qin Feng called out to her and added, "I heard that you and Xu Changjian were classmates?"

"Don't worry, godfather, I know what to do."

Shen Lu said.

She already knew about the incident that occurred yesterday at the "lucky star" banquet hall.

"Alright, that's all."

Qin Feng said.

After she left, he muttered, "This woman is quite capable, but in that aspect, she's a bit over the top. If this continues, as a healthy man myself, I'm afraid I won't be able to hold out for long..."

...

Xu Mansion.

Xu Changjian, Xu Yaxin, and others in the living room were extremely indignant.

"Grandma, last night was supposed to be your celebration, but those two despicable people stole the show!"

"Hmph! That Qin Feng is really lucky. I heard that he won a lottery and was chosen as the 'lucky star' by President Wei of Wanfu Building, that's why he managed to organize the 'Qixi Love' lovers' dinner and got all the limelight!"

"Those heartless people, only caring about showing off, didn't even attend the birthday celebration afterward!"

"..."

People were yelling angrily, completely forgetting the fact that they drove Xu Yunxiao away.

The old grandma's face was very gloomy at the moment.

Originally, last night was her birthday celebration, yet it turned into Qin Feng and Xu Yunxiao being the main characters.

"The most infuriating part is, Young Master Zhou, Feng Guoqiang, Pang Dahai, they all went to give Xu Yunxiao birthday gifts!" Xu Changjian said indignantly, "They came to celebrate because of our Xu family's cooperation with Haohan Company, but they let those two take advantage of the situation!"

"Exactly, I think, they should be completely expelled from the Xu family!"

Xu Yaqian also said bitterly.

She was feeling incredibly frustrated.

Originally, Xu Yunxiao had been thoroughly humiliated, but now she had become the most dazzling woman in Lake City!

She had thought it was a rich and noble heir who had invited her to the "Qixi Love" lover's banquet, but her dream of marrying into wealth had been completely shattered!

"Grandma."

Xu Changjian added, "I'm going to Haohan Company to meet with Mr. Shen. Once we reach a cooperation with him, our Xu family will completely separate from Xu Yunxiao and her family!"

"Go on!"

The old grandma waved her hand.

She also held a deep grudge against Xu Yunxiao.

For decades, she had dreamt of owning the Golden Phoenix Jade Hairpin, only to see Qin Feng gift it to Xu Yunxiao as a present—how envious she was!

Very soon.

Xu Changjian drove hurriedly to Haohan Company.

"Hello, I'm here to see Mr. Shen. We are old classmates."

Xu Changjian said to the receptionist.

The receptionist made a call to Shen Lu's office and, after getting permission, said, "Mr. Shen's office is on the third floor, turn left, the second office."

"Thank you."

Xu Changjian got excited.

Now that Mr. Shen was already the Vice President of Haohan Company, her status was far above the Xu family's, and even the heads of the top three wealthy families in Lake City had to show her some deference. Yet, she had agreed to meet him so readily.

This must mean she still held feelings from the past!

Xu Changjian was thrilled.

Back in their school days, he had been a student who excelled in morals, intelligence, physical fitness, aesthetics, and labor.

Shen Lu had even written him a love letter.

But at that time, he was too proud, feeling that Shen Lu, with no background or power, was not good enough for him. What use would marrying such a woman be?

So, he never bothered with Shen Lu.

Never did he expect that Shen Lu would climb to the upper echelons of Lake City's society, far beyond his own standing.

Upon learning that Shen Lu had become the Vice President of Haohan Company, he thought that, given her past affection for him, she might agree to replace Xu Yunxiao and form a cooperation with Haohan Company.

Now it looked like this big shot, without any appointment, had let him go directly to her office.

This was much better than he had imagined! Spot an error? Visit the original post on M&VLEMPY&R.

"Maybe she still likes me! Hehehe... If I can get us together, I'll be completely made!"

The more he thought, the more excited Xu Changjian became.

Climbing the stairs, he spat in his hand and smoothed his hair.

In the office.

As Xu Changjian entered, he saw Shen Lu dressed in a semi-professional outfit, sitting cross-legged in an office chair, exuding a queenly aura, and the black stockings under her tight skirt were breathtakingly sexy.

Wealth and beauty—an all-in-one stroke!

These idioms popped into his mind.

"You're here!"

At that moment, Shen Lu put down her pen and looked at him.

"Yes, Lu Lu, it's been so long. I wanted to see how you are. Please accept this small token of appreciation." Xu Changjian had spent over a million to buy a new limited edition LV handbag, which he placed on the table.

"What is it you want?"

Shen Lu feigned ignorance, smiling in a half-mocking manner.

Seeing her not rejecting the gift, Xu Changjian felt even more hopeful and said with a smile, "Lu, actually, back in school, I regretted it... I've always liked you, really, including now..."

"And then?"

Shen Lu's mouth curved into a smile, her alluring eyes lifting.

That smile.

It was like a peach blossom in full bloom, completely enchanting Xu Changjian!

He silently cursed himself for not realizing how beautiful she was back then.

Fortunately, it was not too late!

"Lu, I... I want to rekindle our past relationship!"

Xu Changjian said, his throat moving.

Chapter 52: Turning Against!

Shen Lu said with a smile, "Back then, you ignored me, and now you suddenly come back, saying you want to renew our past relationship. Why should I believe you?"

"Really, really!"

Xu Changjian immediately said, "I swear to heaven! My love for you is evident to heaven and earth! I really like you a lot!"

"Empty promises."

"Then, then I'll buy you diamond rings, buy you bags, no matter how expensive I'm willing to buy!"

"Too tacky."

"..."

Xu Changjian thought about it, with Shen Lu's current status, aren't these things easy for her to get?

For a moment.

He couldn't think of a good way to prove his sincerity.

"In that case, you just need to show me your sincerity."

Shen Lu said at this time.

"Sincerity?"

"Yes, for example, King Zhou of Shang pampered Daji and implemented branding punishment; King You of Zhou lit beacon fires to amuse Bao Si; Wu Sangui led the Qing troops through the pass for Chen Yuanyuan; Emperor Shunzhi became a monk for Dong'e Concubine. What about you?"

"I can do it too!"

"No, I don't need you to do that." Shen Lu said with a smile on her lips, "If you dare to strip off your clothes and run around the street outside once, I'll agree to be with you."

"What? You want me to streak?!"

Xu Changjian frowned.

"If you don't dare, then forget it, I knew it. You men always say one thing and think another," Shen Lu said in a disappointed tone, "You can leave! Don't forget to take the bags you bought."

"Lu..."

Xu Changjian became anxious.

Once dismissed like this, everything afterward was completely ruined!

But.

Streaking was too embarrassing!

Yet again.

Although embarrassing, if he could endure it... then he could have her and gain both people and wealth!

Not only could he have such a sexy beauty, but he could also enter the upper echelons of society...

Anyway, no one on the street outside would recognize him.

For the sake of his future.

Why not give it a shot?

After a fierce internal struggle, Xu Changjian gritted his teeth and looked at Shen Lu: "If I do it, will you agree to be with me?"

"Of course!" Shen Lu said.

"Alright!"

Xu Changjian took a deep breath and then turned and went outside.

On the street.

He closed his eyes, and in front of everyone, removed his clothes, leaving only his underwear, and then sprinted forward...

Two minutes later.

He ran back, ignoring the jeering looks from the people on the street, put on his clothes, and ran all the way back to Haohan Company, extremely excited.

He did it!

That means, a woman, wealth, and status, were all about to be his!

Just as he was excited.

He was suddenly stopped by the receptionist and two security guards.

"I'm here to see Mr. Shen, you just saw me, I'm your Mr. Shen's boyfriend!"

Xu Changjian said.

"Sorry, Mr. Xu, our Mr. Shen said to tell you to get out of here, and she also asked me to tell you that she was just playing with you. Also, the collaboration between Haohan Company and the Xu

family is entirely because of Xu Yunxiao; if it were someone else, the collaboration would be canceled."

The receptionist said.

"What?!"

Xu Changjian felt like he was struck by lightning.

So he ran naked for nothing, and she says it was just to play him?

That's too humiliating!

He wanted to curse loudly.

But this was Haohan Company, and he couldn't afford to offend them, so he could only leave with a flushed face.

"By the way!"

The receptionist called him back and added, "Mr. Shen asked me to tell you that you are too ugly and also a scumbag, not her type at all. She only likes men like Qin Feng, it's just too bad he's married."

Pff!

Xu Changjian was so angry he almost spat blood!

He was already deeply humiliated, and in the end, she even said she liked Qin Feng, whom he had always looked down upon.

He felt even more devastated.

...

Wanfu Building.

Qin Feng was studying another "Withered Wood Spring" when Shen Lu called to ask him to check out the news in the "Lake City Noon News".

Curious, he went online using his phone.

It turned out to be the news about Xu Changjian running naked on the street, and it made the news!

And it also topped the Lake City trending searches!

Almost the whole of Lake City knew about it, and what cheered Qin Feng even more was that the video online was uncensored!

"Hahaha, well done, I'll reward you later!"

Qin Feng said joyfully.

"Thank you godfather!"

Shen Lu also laughed.

...

Xu Mansion.

In the living room, no one dared to speak; everyone's face was somber, and not a word was uttered.

Especially grandma.

Her most beloved grandson actually did such a disgraceful thing in public, bringing shame upon the Xu family!

"Go rest! Don't go out these days!"

Grandma coldly said.

Xu Changjian was startled.

This meant he was even being kept from managing the company, and in his anxiety, he pleaded, "Grandma, I, I was tricked... It must be that bitch Xu Yunxiao, she's close with Shen Lu, she did this on purpose to harm me!"

"Leave now!"

Grandma said again, "Reflect on yourself first!"

"..."

Seeing that grandma was resolute, Xu Changjian dared not protest any further.

He had no choice.

This incident had tarnished the Xu family's reputation and provoked grandma's anger; he had to wait until she was in a better mood to beg for forgiveness.

"What should we do next?"

Xu Yaxin asked.

"What else can we do?" Grandma said despondently, "The company will continue to be managed by Yunxiao!"

There was no alternative.

Haohan had already made it clear that they wanted to work with Xu Yunxiao.

Moreover.

From last night's dinner, she had seen the benefits of cooperating with Haohan Company, not only did it increase her connections, but even big shots like Young Master Zhou, Feng Guoqiang, and Pang Dahai came, which she couldn't refuse.

...

In the afternoon.

Qin Feng went out and returned to Wanfu Building.

He happened to run into Jiang Yuexin in the lobby, approaching her and saying, "Perfect, I was just looking for you."

At that moment, Jiang Yuexin pursed her lips and said indifferently, "Hello! What do we have to discuss?"

"..."

Qin Feng was momentarily at a loss. Love this story? Show support at

He stopped Jiang Yuexin because he wanted to discuss her joining Haohan Company.

She, on the other hand,

Seemed to recall the promise she had previously made to him.

And was intending to deny ever acknowledging it!

"Qin Feng."

Jiang Yuexin said coldly, "Don't even think about a toad lusting for a swan's flesh, thinking you can have my body. Look at yourself! Don't think just because you showed off at the 'Qixi Love' dinner, you can get carried away—you're still that good-for-nothing son-in-law!"

Qin Feng raised an eyebrow, "So, you're thinking of reneging?"

"Heh, so what if I am?"

Jiang Yuexin crossed her arms and said, "I've already thoroughly checked why you've always been at Wanfu Building, it's because you're the 'lucky star' here, nothing more than a mascot!"

"Also, I warn you, I'm about to join Haohan Company, so wise up and scram!"

Qin Feng laughed.

So this was why she suddenly became so arrogant, because of this.

"I warn you too, with your character, you won't make it at Haohan Company."

He said.

"Pfft, you think you own Haohan Company? You think you get to decide? Look in the mirror before you even say a word!"

Jiang Yuexin scoffed at him, then strode inside.

Chapter 53 - 53 The Boss's Generosity!

Jiang Yuexin took a few steps.

Seeing Qin Feng following her, she raised her eyebrows and said, "Didn't I make myself clear? Stop following me! Get as far away from me as you can!"

"Sorry, I'm actually heading this way too,"

Qin Feng said with a smile.

"Hmph!"

Jiang Yuexin continued moving forward.

When the two reached the elevator, she showed the service personnel her appointment proof with the boss and they swiped an exclusive elevator card for her.

The elevator doors closed.

Jiang Yuexin, noticing Qin Feng had no intention of pressing the elevator button, crossed her arms and scoffed, "What, still want to stick around me? Do you even know where I'm going now?"

"Where?" Qin Feng deliberately asked.

"Obviously, I'm going to meet the boss of Haohan Company!" Jiang Yuexin said proudly, "The boss invited me to the top floor office to discuss joining them. Do you know how formidable Haohan Company is? I'll be one of them soon. Keep bothering me and you might just end up dead!"

"Cough, cough, you're scaring me to death."

"You don't believe it?" Jiang Yuexin saw he wasn't taking her seriously and grew even more furious, "Or are you just a country bumpkin who has no idea how powerful the boss of Haohan is?"

During their conversation,

The elevator had already reached its destination.

Jiang Yuexin glared at him one more time, then marched toward the office door in her high heels. First published on *.

At the door,

She took out her sexy lipstick and applied it, then took out a mirror to touch up her makeup. Still not satisfied, she unbuttoned one more button on her white blouse, exposing a swathe of pale skin, before she knocked on the door.

But after knocking several times, there was no response.

At this moment.

Qin Feng also arrived at the door.

Seeing him, Jiang Yuexin frowned and said, "Are you really not going to leave me alone? Do you have a death wish? I warn you, you worthless son-in-law, you're not fit to touch my body. I'm about to become the woman of the boss of Haohan, competing with him for a woman will cost you more than your life!"

Qin Feng just smiled faintly, then pulled out a card and swiped it on the electronic lock, and the office door automatically opened.

"How do you have a card for this office?"

Jiang Yuexin asked in surprise.

"Miss Jiang, please come in,"

Qin Feng said with a smile, inviting her inside.

After Jiang Yuexin entered, she looked around the office in awe, impressed with the boss's office. Seeing Qin Feng suddenly sitting at the very impressive desk, she exclaimed in shock, "You, you dare to sit in the boss's chair? Get up right now!"

Qin Feng sat with his fingers interlocked, looking at her saying, "I think, I need to explain something to you."

He pressed a bell.

At that moment, Shen Lu entered.

As soon as Jiang Yuexin saw her, she immediately started flattering. How could she not recognize the new Vice President?

"Mr. Shen, hello, hello, I am Jiang Yuexin, he... sorry, I don't know him, I also don't know how he dares to sit here so casually..."

While Jiang Yuexin was talking,

She saw Shen Lu walk past her without even looking, but respectfully bowed to Qin Feng, saying, "Boss!"

Boss?!

Jiang Yuexin's heart skipped a beat, "He, he is the boss?!"

"Yes,"

Shen Lu said to Jiang Yuexin, "According to normal procedures, you aren't yet qualified to join Haohan Company, but since the boss wants to see you, take this chance well."

"There's nothing else, you can leave now," Qin Feng said.

"Yes."

Shen Lu turned and left, closing the door behind her.

Jiang Yuexin was stunned.

Eyes wide open, mouth slightly agape.

If Mr. Shen, such an important person, can be summoned and dismissed by Qin Feng just like that, if he's not the boss, then what is he?

It means.

I used to curse and despise... the boss of Haohan?!

"Besides being the owner of Haohan Company, I also own Wanfu Building."

Qin Feng added with a smile.

"..."

Jiang Yuexin was stunned again inside.

No wonder he could do whatever he wanted here, it turns out he is the boss!

Thinking of this.

She staggered and almost fell to the ground.

"But... aren't you 'lucky star'?"

Jiang Yuexin said blankly.

"That's just what's said to the public," Qin Feng said, "Only three people know my identity: Wei Yunxiang, Jiang Zhongtian, and Shen Lu. You understand what I mean, right?"

"I, I understand, I will definitely keep it a secret!" Jiang Yuexin hastily said.

"It seems you still don't get it."

Qin Feng smiled.

Upon hearing this, Jiang Yuexin's heart skipped a beat, and she said in a panic and fear, "Are you, are you going to kill me to keep me quiet? Boss, I was wrong, I was wrong before, please spare me..."

"No, think again."

Qin Feng continued.

Not going to kill me?

Jiang Yuexin blinked and then suddenly realized, widened her eyes, and said in disbelief, "Boss, do you mean..."

"That's right."

Qin Feng nodded.

Jiang Yuexin was shocked and said, "But, why would you favor me after how I've treated you?"

"It's simple, because you have a thick skin, and are a typical opportunist."

Qin Feng said.

"..."

Jiang Yuexin's face flushed.

It was really embarrassing how many times she had quarreled with Qin Feng and begged him for favors.

"Starting today, you are part of Haohan Company. The company will dedicate substantial resources to promote you, but you belong only to me, understand?"

Qin Feng said.

"I, I understand..."

While she spoke.

She began to tremble and started unbuttoning her clothes, "I, I promised the boss, after Qixi Festival I would give myself to the boss, it's only right..."

"Cough cough..."

Qin Feng, embarrassed, quickly raised his hand to stop her, saying, "That's not what I meant."

The reason he did this:

Firstly, as Shen Lu said, Jiang Yuexin, both in terms of talent and appearance, had the most potential among the newcomers to become a superstar.

Secondly, if Heavenly King Mountain wants to test his ability with Haohan Company, he not only needs to handle the troubles of his company's artists but also needs to have the ability to promote stars himself. He knew Jiang Yuexin quite well; aside from being an opportunist, she had no major flaws.

Moreover, being an opportunist is very suitable for a subordinate role; they are easier to control than those who play cunning games, as long as you hold enough power, such people will always treat you like a god.

"Boss..."

Seeing him stop her from unbuttoning, Jiang Yuexin panicked, "I know I was wrong, let me 'serve' you! It's still my first time, really clean, honestly..."

Qin Feng, speechless, raised his hand and said: "Now is not the time for this, I..."

Seeing her still panicking, Qin Feng didn't bother saying more and called Shen Lu to instruct, "You tell her what she should pay attention to in the future!"

"Yes."

Shen Lu smiled, taking Jiang Yuexin to an adjacent office.

Inside the room.

Jiang Yuexin was under too much pressure and nearly broke down, crying and telling Shen Lu about the multiple times she had quarreled with Qin Feng, feeling very regretful and guilty.

Shen Lu comforted her with a smile, "The boss has a broad and inclusive heart, more so than ordinary people, and will surely be a distinguished figure of his generation in the future. We just need to follow him well."

Chapter 54 - 54 Li Jie's Troubles!

"Mr. Shen."

Jiang Yuexin wiped away her tears, sounding worried, "I promised my boss I would give myself to him after the Qixi Festival in order to sing at the 'Qixi Love' banquet. Now he doesn't seem to want me anymore. Does he hate me?"

"I think it's because the boss is a good man, and his wife is as beautiful as a Heavenly Immortal."

Shen Lu said.

"Right!"

Jiang Yuexin suddenly remembered something else and continued, "Right! Last time I met him at Wanfu Building, he said he wanted to buy whips, candles, and such. Could it be because I didn't bring those items, that's why he's not interested in me?"

"Definitely not..."

Shen Lu replied.

But in her heart, she was muttering to herself. Did her godfather like "candle play"?

No wonder she felt he was tempted last time, but in the end, nothing happened...

...

Ever since the night of the Qixi Festival, the rumors about Luo Hongyan's throat issues were completely put to rest.

Xu Yunxiao's work also became much smoother.

Weekend.

She finally had some time to rest, sitting on the sofa enjoying a foot massage from Qin Feng while calling her best friend Li Jie, saying, "How about we go shopping? I've been exhausted these past few days and feel like relaxing with some shopping."

Pfft!

Qin Feng almost fainted.

Women are indeed strange creatures, considering shopping as relaxation.

"Is your husband coming?"

Li Jie hesitated before asking.

"Relax, this time it's just for shopping, no need for any drudgery, just the two of us."

Xu Yunxiao responded.

"I, I..."

Li Jie stammered for a while before saying, "Why don't we invite him too?"

"Why? I thought you didn't like him!"

Xu Yunxiao said.

"I, I just want to buy more stuff, and need someone to carry it."

Li Jie said.

"Okay!"

Xu Yunxiao, who was getting her feet massaged by Qin Feng, asked if he wanted to go shopping, and naturally, Qin Feng was willing.

On the other hand.

After hanging up the phone, Li Jie felt very conflicted.

Since the "Qixi Love" banquet, she hadn't contacted Xu Yunxiao again, because Qin Feng had made such a strong impression on her that night.

The prince on a white horse she had secretly adored was actually Qin Feng, who she had never taken seriously before.

And Qin Feng was her best friend's husband.

This left her at a loss.

Shortly after.

The three of them met at the entrance of a mall.

Seeing Qin Feng, Li Jie's face flushed, and she became inexplicably nervous, her heart rate increasing. She could even hear her own heartbeat speeding up.

Sourced directly from *.

These past few days, her mind was filled with images of Qin Feng.

Especially that night, when he showed up dressed in a suit at the outdoor lovers' banquet, he truly looked like the world's most handsome man.

"What's wrong? You don't look very well."

Xu Yunxiao expressed her concern.

"Oh, it's nothing..."

Li Jie uttered awkwardly, sneaking a glance at Qin Feng while walking towards the mall.

As they walked and talked.

Xu Yunxiao, arm in arm with her, whispered, "Li Jie, can we discuss something?"

"Hm?"

"I know you don't like Qin Feng, but can you stop ridiculing him? I know he's not very accomplished, but he is still my husband, and he genuinely loves me."

Xu Yunxiao said.

"Um..."

Hearing this, Li Jie felt even more uncomfortable.

Especially when she heard Xu Yunxiao refer to Qin Feng as her husband, her heart felt as if it was being forcefully squeezed tight, a mix of sourness and pain.

After a moment.

Xu Yunxiao spotted a piece of clothing she liked and went to the fitting room.

Qin Feng and Li Jie waited outside.

With just the two of them left, Li Jie's heart pounded uncontrollably, and she couldn't help but turn her head to ask Qin Feng, "You, you... are you really the person who defeated Coach Fang Wudi that day and took the Heart of the Blue Sea?"

"Not me." Qin Feng smiled.

"No, it's you!" Li Jie insisted, "That night at the 'Qixi Love' open-air restaurant, I fainted, but I was still conscious. I could feel your silver needle treating me with the legendary Inner Strength. You are him, right?"

Qin Feng, afraid that she was speaking too loudly and that Xu Yunxiao might hear, whispered, "Shh, keep it down, low profile..."

"It really is you!"

Li Jie's eyes widened, her heart pounding like a bell.

This time, she could finally confirm that he was that man!

Thinking back on how she had always mocked and derided him, calling him a worthless good-for-nothing, and had even always urged Yunxiao to divorce him, she felt an infinite sense of guilt.

And him, a Big Shot who could make Coach Fang Wudi kneel, had never sought revenge on her!

What a great and noble magnanimity!

For a moment,

Li Jie's admiration for him grew more and more profound.

"Qin Feng, you, you're so amazing, why have you always hidden it from Yunxiao?"

Li Jie asked again, curious.

"You don't understand, I'm protecting her."

Qin Feng said.

"..."

Li Jie indeed didn't quite understand.

But a man who, to protect a woman, would allow himself to be scorned and ridiculed by the whole world as a worthless wimp; such a man was too great, too rare!

Seeing Xu Yunxiao was about to come out, Qin Feng quickly spoke to Li Jie again, "This way, you've always wanted to become a disciple of Fang Wudi, right? I'll arrange it for you later, but first, keep my secret for me. I can't let Yunxiao know too much just yet, it's for her own good."

"Really? That's great!"

Li Jie exclaimed excitedly.

Just then,

Xu Yunxiao came out wearing the new clothes, and seeing the two of them whispering, asked curiously, "What are you two doing? What's so funny?"

"Oh, nothing, nothing."

Li Jie hastily said with a blushing face.

Somehow, even though she had done nothing wrong, she felt like she was having an affair.

Afterward,

Li Jie, who initially didn't plan to buy any clothes, ended up buying several pieces.

Mainly to try on different styles of dresses for Qin Feng to see.

It's a pity,

It seemed that Qin Feng's eyes were only on Xu Yunxiao.

This left her feeling a bit dejected.

The three of them walked down the street, and Xu Yunxiao seeing Li Jie carrying five or six pieces of clothing, then said, "Why are you carrying them yourself? Give them to Qin Feng to carry! Isn't that what he's here for?"

"No need, no need..."

Li Jie hastily said.

She was worried about Qin Feng carrying so many things and was thinking of an excuse to carry them for him; how could she let him carry her things?

"Hey, you're acting really strange today."

Xu Yunxiao said suspiciously.

Li Jie's face instantly flushed red, unable to lift her eyes to meet hers, and quickly changed the subject, "Let's check out that shop."

Only after entering did they realize, we've come to a lingerie store.

"Just in time, I need to buy some lingerie too."

Xu Yunxiao also said.

At this moment, Li Jie had an idea and purposefully asked the store manager loudly, "Hello, do you have a size 36, D-cup?"

While saying this,

She sneaked a peek at Qin Feng.

She was very satisfied with her own size, but Qin Feng seemed indifferent, his eyes still focused on Xu Yunxiao.

Xu Yunxiao, seeing Qin Feng also entering the store, suddenly blushed and pushed him saying, "What are you looking at as a big man? Go somewhere else and wait for us."

"..."

Qin Feng felt embarrassed.

The plan to overhear his wife's measurements had failed, and he reluctantly left the store.

Looking around the street,

He saw Feng Guoqiang's "Cloud Peak" property sales office on the street corner and said goodbye to Xu Yunxiao and the others, mentioning he'd find a place to rest...

Chapter 55 - 55 Cloud Peak Property!

Cloud Peak.

Built against the mountain, it's the largest and most luxurious real estate development in all of Lake City.

At the base of the mountain are thirty-two ordinary high-rise buildings.

The price is one hundred thousand per square meter.

Scattered up the slope are eight villas, even pricier at two hundred thousand per square meter.

At the top of the mountain, there's a twenty-acre estate named "Emperor Villa," costing two hundred million!

This development was constructed by Feng Guoqiang of Er Long Group.

Back when he was at Qingyuan House, as a first meeting gift, Feng Guoqiang gave Qin Feng a villa, located just below "Emperor Villa" on the slope, the foremost among the slope villas, priced at eighty million!

Qin Feng was out shopping with his wife this time and knew the sales office wasn't far from the shopping area, so he conveniently brought along the contract and took the opportunity to pick up the keys.

Entering the sales office.

The tall and slender saleswoman approached him with diligent politeness and greeted, "Hello, welcome to 'Cloud Peak'!"

As she finished speaking.

The saleswoman recognized Qin Feng and immediately frowned: "Is that you?!"

This woman was his high school classmate, Li Qian, also the beauty queen of their year.

Almost every boy admired her greatly, but Qin Feng was the only one who showed little interest in her.

Once before a mock exam, her pen broke, and she haughtily said to Qin Feng, who sat at the next desk: "Lend me your pen!"

Under normal circumstances, almost every boy would have handed over their pen without hesitation, even if it meant scoring a zero on that exam.

But Qin Feng simply glanced at her indifferently and said, "Are you sick?"

Lending someone something with such arrogance.

Isn't that sick?

From then on, she bore a grudge against Qin Feng, and here they were running into each other again.

"What a coincidence!"

Qin Feng greeted with a smile.

"Huh, I heard that you became the Xu family's live-in son-in-law, and your wife gives you only six hundred yuan a month?"

Li Qian said mockingly at the corner of her mouth.

At the previous class reunion, this had become a laughing stock and was widely known.

Qin Feng let out a sigh.

Why do all his old classmates seem to dislike him so much? My Virtual Library Empire (M|V|LoEMPYR) hosts the original.

He simply couldn't be bothered with Li Qian and went on his own to look at the model layout.

Li Qian, thinking that she had struck a nerve and feeling triumphantly justified, followed him and continued, "Speaking of which, weren't you pretty good at pretending back in school? What now? Huh, reduced to this level, do you even have the face to go on living?"

Qin Feng raised his eyebrows.

He couldn't care less about her, and she still wouldn't stop?

It was at this moment that Manager Gao from the sales office came over, and Qin Feng said to the manager, "Could we switch to another saleswoman? She's as annoying as a fly."

Unexpectedly.

Manager Gao merely looked at him with disdain.

Then she said to Li Qian, "How often have I taught you? This is a luxury development. Look at this man's appearance and his clothes, can he afford it? Spend your time on worthwhile customers, go, attend to those people over there."

With that, Manager Gao left in her high heels.

"...Hey!"

Qin Feng was frustrated and called after her, "I'm here to view houses."

Manager Gao turned back with a disdainful smile, "View houses? Do you know this is 'Cloud Peak'? The most expensive and luxurious houses in all of Lake City, and you, wearing clothes worth only a few hundred yuan, can't even afford the ordinary ones, yet you're here to look at our 'Cloud Peak' units?"

"Manager, I'll have him thrown out right away."

Li Qian interjected from the side.

She looked at Qin Feng with a mocking smile and said, "Did you hear that? This is 'Cloud Peak.' Do you think you, a good-for-nothing son-in-law with your tail between your legs, can afford it? Hurry up and scram! Don't disgrace yourself here. Look at the people here, who isn't wearing designer clothing? Only someone as rustic as you—I would be utterly shamefaced to step through this door if I were you!"

"...Alright then!"

They were old classmates, after all; Qin Feng didn't want to make her feel too displeased.

But now that it had come to this, he wasn't about to be polite anymore.

He took out his phone and called Feng Guoqiang.

As soon as Feng Guoqiang heard it was him, he excitedly said, "Master, what can I do for you?"

"Oh, nothing much, I came here to look at houses, just stopping by to pick up the Key, and your people tried to kick me out."

Qin Feng said.

"What?! Which bastard dares to disrespect the Master? I'm on my way, I'll be there in five minutes!"

Feng Guoqiang said.

He hung up the phone.

Qin Feng found a place to sit down and wait for him.

Li Qian saw he wasn't leaving and immediately frowned, saying, "You've got some nerve to still stick around here! Aren't you ashamed, being such a grown man?"

Manager Gao noticed him at this moment too, and came over quickly, saying, "You are now seriously disrupting the order of our sales office, so we have the right to forcibly expel you—security!!"

Four security guards immediately surrounded him.

Qin Feng laughed, sitting back with one leg over the other, and said, "I came to look at this house, how does that disrupt your order? Besides, it's you who've been jabbering on while I've been sitting here in silence. How am I affecting you?"

"You..."

Manager Gao, flustered, said, "You can't afford a house here, yet you still come here to take up a seat, if this isn't causing trouble, what is?"

"Exactly, this guy must be sick!"

The other onlookers began to mutter at this point.

Just then,

A Land Rover rushed and stopped outside.

As soon as Feng Guoqiang got out of the car, he hurried inside and, upon seeing Manager Gao and Li Qian bickering with Qin Feng, didn't say another word and went straight up to slap them both across the face, shouting, "Damn it! Is this how you treat a guest?"

Suddenly,

Everyone was stunned.

Manager Gao held his painful face, dumbfoundedly said, "Mr. Feng, he can't afford the house, he came here to make trouble..."

"Exactly!"

Li Qian also pleaded grievously, "He's just a poor man, grew up in the countryside, and is also a son-in-law who married into the wife's family; he definitely can't afford it!"

Slap!

Feng Guoqiang slapped her again, scolding, "So what if he's from the countryside? I too grew up in the countryside! How have I taught you normally? Do not underestimate any customer, any person!"

After the scolding,

He then said to Li Qian and Manager Gao, "You two can get lost! From today onwards, don't bother coming back!"

Upon hearing this, both felt their hearts sink.

This was the sales office for "Cloud Peak"; selling one of these houses earned a commission several times higher than ordinary properties!

"Mr. Feng, I—I realize my mistake, I'll definitely change for the better, please don't fire me..."

Manager Gao said in panic.

Li Qian was also very anxious inside, begging, "I won't dare anymore, please spare me, Mr. Feng!"

But Feng Guoqiang paid them no heed, simply waved his hand.

To have those four guards throw them both out.

Only then did the lobby quiet down.

Feng Guoqiang hurriedly smiled apologetically at Qin Feng, saying, "I'm truly sorry, it's my fault for not managing them strictly, Mast... Mr. Qin, please right this way."

"No need, I'll just take the Key and go."

Qin Feng said, placing the contract that Feng Guoqiang had given him earlier on the table.

Feng Guoqiang immediately ordered someone to handle the follow-up procedures.

The onlookers who had been mocking him inadvertently caught sight of that contract and were instantly dumbfounded.

That was Villa Number One!

It was the most luxurious villa under Emperor Villa in the entire "Cloud Peak" property, priced at eighty million!

Could he really possess such a villa?

Chapter 56: Shifang Taoist, Old Thing?

While handling the procedures,

Feng Guoqiang led Qin Feng to the sand table model and pointed at the location of the villa, saying, "Mr. Qin, your house is here."

"Not bad..."

Qin Feng looked at the sand table and nodded in satisfaction.

Seeing his satisfaction, Feng Guoqiang was also very pleased. It seemed he had something to say, but was hesitating, looking quite troubled.

At this moment, Qin Feng continued, "The entire estate, with mountains behind and water in front, whether in terms of its north-south configuration, the Five Elements direction, or the layout of the

buildings, has excellent Feng Shui. Moreover, this mountain is located to the north of Lake City, according to the 'Yin Yang Five Elements Skill', it is a Feng Shui treasure land of Lake City!"

"You also understand Feng Shui?"

Feng Guoqiang was surprised.

"Oh, a little bit."

Qin Feng waved his hand and continued, "The most spiritually receptive place of the entire estate is the top of the mountain, that is, Emperor Villa. If I'm not mistaken, a purple mist hovers above Emperor Villa every morning, doesn't it!"

"Indeed it does!"

Feng Guoqiang said, "We've had experts look into it, they say it's due to the geographic location and principles of optics."

Qin Feng smiled without saying a word.

Could those experts really understand that purple mist?

It could only be said that the Feng Shui was too good!

Good enough to make people envious.

"How much for Emperor Villa? Two hundred million?"

Qin Feng asked.

He still had more than two hundred million on his Black Dragon Card, enough to buy it.

Seeing his interest in Emperor Villa, Feng Guoqiang's eyes lit up, and he lowered his voice, "Since Master likes it, I'll gift it to Master!"

"Oh?"

Qin Feng raised his eyebrows and looked at him, "Tell me, what's the matter?"

Back in Qingyuan House when he gave away villa No.1 worth eighty million, he thought him too generous. Now, without batting an eye, he was giving away Emperor Villa worth two hundred million, which meant there was a big problem.

Even if Feng Guoqiang was a real estate mogul, giving away two hundred and eighty million all at once was almost half his fortune!

Therefore.

Qin Feng guessed he must need something!

As expected!

Feng Guoqiang looked a bit troubled and said, "Master, please, come to the office with me..."

Inside the office.

As soon as he entered, Feng Guoqiang knelt down in front of Brother Qin, pleading desperately, "Master, you must save my life! Now, I can only rely on you!"

Qin Feng sat down and said indifferently, "Get to the point!"

"Yes, yes..."

Feng Guoqiang hurriedly nodded.

Originally, he was developing another large estate.

But this estate had been facing continuous problems; accidents would happen on the construction site, resulting in deaths or people being severely injured and hospitalized.

Later, it was rumored that the Feng Shui of that place was bad, infested with Ghost Evil.

He had also called for some Monks and Taoists.

Strangely, after those Monks and Taoists performed their rituals, not only did it not help, but they fell seriously ill afterward, and even one Taoist died inexplicably!

Thus, the matter became even more bizarre.

This directly affected the sale of the houses, as no one dared to buy there.

He had invested over ten billion in total, but couldn't recover a cent, and the bank loans were being pressed urgently, on the verge of a funds rupture and declaring bankruptcy.

Earlier on.

He had inquired about Fang Wudi, whose Master seemed to come from Dragon and Tiger Village.

That village was shrouded in mystery.

Those who came from the village either had unrivaled medical skills, astonishing boxing prowess, or were Feng Shui Grandmasters.

In short, not one was ordinary!

So, he had set his sights on Qin Feng, especially after seeing Qin Feng's understanding of Feng Shui, which made him willing to give such a valuable gift.

Otherwise,

He would be losing over a billion!

"Master, I beg you, please help me!"

Feng Guoqiang said anxiously, "I've heard from my master that you seem to come from Dragon and Tiger Village, so you must know some Daoist who has achieved the way, right? I've heard that Shifang Taoist once visited there. Could you please invite him for me? No matter the cost!"

Shifang Taoist.

A Daoist renowned throughout the entire world.

Whether in geomancy, dragon vein exploration, or Qimen Dunjia and exorcism mysticism, he possesses the highest level of expertise.

There was a corporation facing bankruptcy, owing a debt of over a billion, that had the fortune of sharing a meal with him. With his enlightenment, within a year the company's valuation reached ten billion!

Those who received his guidance, whether individuals, companies, or other affairs, all saw rapid and dramatic ascents!

If they could invite him.

This real estate project could be saved!

"Are you looking for that old coot Shifang?"

Qin Feng said in surprise.

"Old, old... coot?!"

Feng Guoqiang was immediately startled, even though this was his office, he still looked around nervously, fearful of being overheard, and hurriedly said, "Master! Please, speak softly. If someone were to hear us, just one word from Shifang Taoist could be the end of us..."

"Cut it out. That old guy owes me two hundred bucks and hasn't paid back yet. I also want to know where he is."

Qin Feng said indignantly.

Two hundred?!

Feng Guoqiang was momentarily confused.

He didn't know that Dragon and Tiger Village was remote, and the villagers there lived by farming their own land much like a utopia; to them, money was as insignificant as weeds, so the village was somewhat "poor," and two hundred yuan counted as a small sum of money!

After Shifang Taoist spent some time in Dragon and Tiger Village, he found himself penniless. Once, while passing a foot massage parlor in town that charged two hundred yuan, he managed to cajole Qin Feng into lending him the money before entering, and then the fellow never returned to Dragon and Tiger Village.

That two hundred yuan of Qin Feng had thus become bad debt.

"Don't let me catch that old coot."

Qin Feng sulked at the thought.

He then said to Feng Guoqiang, "No worries, we don't need him. Later, take me to see that 'Ghost Evil' place."

"Okay, okay!"

Feng Guoqiang hurriedly replied.

Shifang Taoist, such an eminent figure, seemed trivial in his eyes, which suggested that his own Master might be even more formidable! This content originates from *, My Virtual Library Empire.

With this thought.

He immediately made a phone call to his subordinates to process the paperwork for Emperor Villa.

After finishing a cup of tea.

The paperwork and keys for villa No.1 and Emperor Villa were all handled properly and handed over to Qin Feng.

Qin Feng wanted to pay for it himself, to cover the two billion.

But Feng Guoqiang wouldn't allow it, almost kneeling to have him accept it, and only then reluctantly did he take the keys and leave the sales department.

At that moment,

Li Jie and Xu Yunxiao had already left the shop, waiting for Qin Feng at an ice cream parlor not far from the door. As soon as they saw Qin Feng, Xu Yunxiao complained, "Where did you run off to, taking so long to come back, really, making people worried. If Li Jie scolds you again, I won't step in!"

"No, no..."

Li Jie quickly shook her head and waved her hands.

How could she scold Qin Feng again? She was willing to wait no matter how long it took.

Qin Feng smiled and said, "Let's go."

The three of them passed an intersection.

Xu Yunxiao suddenly stopped in her tracks, looking up to the north with a captivated expression, saying, "Over there... how beautiful!"

Qin Feng also looked back.

In the distance, he saw a mountain with a cluster of villas scattered upon its slopes, and on top of the mountain was a manor. Bathed in the sunset's afterglow, Emperor Villa appeared utterly sacred.

Even for a moment, it felt like the sensation of seeing the Statue of Liberty in New York...

"That's 'Cloud Peak,' the pinnacle of realty—Emperor Villa."

Li Jie also gazed longingly in that direction.

Chapter 57: Ghost Lady?

Qin Feng looked at the golden afterglow above Emperor Villa with even more amazement at this moment.

To the average person,

it was a breathtakingly beautiful scene.

But he could feel something that ordinary people couldn't.

"Really is a piece of treasure land!"

Qin Feng murmured.

He had only inferred from the model at the sales office that "Cloud Peak" had good Feng Shui, but Emperor Villa was an even more precious Feng Shui site. Now, seeing the golden mist, he was even more certain it was a great place!

"From the top of the mountain, one can overlook the entire beauty of Lake City! It's a shame that we can only look from a distance."

Xu Yunxiao said.

"Yes, Cloud Peak is a high-end residential area, and those who live there are all people of power. I'm afraid we can't even get up the mountain, let alone go to Emperor Villa."

Li Jie said.

Qin Feng smiled and said to Xu Yunxiao, "As long as you want to go, I'll take you there after some time."

The key had just been received; it would require some time for renovations.

So there was no point in going up the mountain now.

"You're just bragging!"

Xu Yunxiao rolled her eyes at him, "You better change this habit of yours in the future; it's annoying to hear!"

As she said this, she glanced at Li Jie.

Li Jie, on the other hand, unusually, said, "Qin Feng will definitely be able to take you there. You have to believe him."

"Oh?"

Xu Yunxiao blinked her bright eyes in wonder, saying to Li Jie, "Why are you so different today? Protecting Qin Feng at every turn..."

Li Jie immediately blushed, hurriedly waving her hands and said, "No, absolutely not! How could I possibly like him? That's not the case!"

"Why are you nervous? I know you have a Prince Charming in your heart," Xu Yunxiao said with a chuckle, "Speaking of which, we never saw your Prince Charming at Wanfu Building that night?" Check My Virtual Library Empire (*) for the latest updates.

"...No."

Li Jie glanced at Qin Feng with a blushed face and shook her head.

At this time.

Qin Feng's phone rang; it was a call from Hong.

After the call, he said to Xu Yunxiao, "I have something to take care of and need to leave first."

"Sure, put the things in the car and go!"

Xu Yunxiao said.

...

Night fell.

In a suburb of Lake City, a warehouse full of ruins.

Qin Feng knocked and entered.

Hong led him to a man who was tied up and said, "We've caught him; this is the mastermind behind the rumors about Luo Hongyan, named Kong Yuan."

Qin Feng looked over.

Kong Yuan was already bruised and swollen, his arms and legs had taken a serious beating, indicating that Hong had used torture on him.

"And then?"

Qin Feng asked.

"We've tried all possible methods. He seems to have undergone professional training and we still can't get anything out of him."

Hong said with a frown.

At this moment, Kong Yuan heard their conversation and put on an innocent face, saying, "I've said it; I wasn't inspired by anyone. I just couldn't stand Luo Hongyan and slandered her. I don't understand why you're treating me so harshly."

Seeing this, Qin Feng squatted in front of him, looked into his eyes, and said, "I admire your courage. So, you don't have to tell me who instructed you, just tell me, who is the one using the Gu Worm?"

At those words, a subtle trace of shock flashed through Kong Yuan's eyes!

That Gu Worm could only be detected by a Divine Doctor Level physician, and there are only three such doctors in the world.

The first one, Divine Doctor Zhuge, is in Yanjing, who swore an oath years ago never to leave the Capital.

The second one, Luo Shui Divine Doctor, has a secret whereabouts, seldom coming to the mortal world, as elusive as a wandering cloud and wild crane.

The third one, Beidou Divine Doctor, disappeared inexplicably three years ago. There were rumors that he was murdered and has not appeared since.

None of the three Divine Doctors would likely appear in little Lake City, and given Luo Hongyan's status, she might not even qualify for their treatment. How did Qin Feng come to know about this?

Soon.

Kong Yuan put away his look of horror and said, "What Gu Worm? How come I don't know about it?"

"Hehe."

Qin Feng had already caught the abnormality in his eyes, he stood up and indifferently said, "I'm giving you a chance. You can't betray the person behind this, but you just need to reveal the user of the Gu Worm. If you refuse, then let's not stand on ceremony."

"Hmph, use whatever methods you have!"

Kong Yuan said resentfully.

"There's no special method."

Qin Feng shrugged, then lit a cigarette, turned his back to Kong Yuan, and said to Hong, "Stamp down! Just like you did to Young Master Li before at Langtaosha Nightclub."

Old Fu had already told him about the chaos at Langtaosha Nightclub, defeating over a hundred people all by herself, and crushing Young Master Li's manhood with a single stomp – that was Hong's doing.

"Yes."

Hong nodded her head.

At this moment, Kong Yuan suddenly became tense.

He had just found out that it was this woman who had crushed Young Master Li's manhood in Lake City.

"Hey, hey, don't mess around!"

Kong Yuan, seeing her approaching, became panicked.

He had undergone professional training and could endure any form of torture, any intense pain, even bone-breaking, tendon-picking, or being locked in chains, he could grit his teeth and remain silent!

But still.

The manhood is a man's dignity; if it gets crushed, especially by a woman, that would be worse than death!

At this moment.

Hong had already reached in front of Kong Yuan, as if she hadn't heard his shouts, she emotionlessly lifted her foot.

"Hey! You, if you stomp down, I won't say anything!"

Kong Yuan said in a panic.

Qin Feng, with his back to him, chuckled and said, "As if you would talk if she didn't stomp."

"..."

Kong Yuan was left speechless.

Seeing Hong's foot coming down, he was shocked and couldn't help but shout with his eyes tightly closed, "It's the Ghost Lady!!"

Hong's foot stopped half a centimeter above his crotch.

He was so scared that he wet his pants.

"The Ghost Lady?"

Qin Feng, hearing this name, was somewhat puzzled.

Although he was raised in Dragon and Tiger Village, he wasn't interested in the affairs of the Jianghu and didn't know many people.

At this moment, Hong frowned and said, "I have heard of her. She's a terrifying person. Three years ago, during the Martial Arts Tournament for the Sky Dragon List, a top ten finalist had a verbal dispute with her. That night, the man died of severe flesh decay with his body full of maggots."

"I see."

Qin Feng mused upon hearing this.

"Hmph! If you are scared, you better release me now; maybe I can beg the Ghost Lady to spare your lives!"

Kong Yuan said.

Qin Feng looked at him indifferently and said to Hong, "Take care of him."

After speaking, he began to walk away.

Kong Yuan became stupefied and called out, "Hey, why don't you ask who's behind me?"

"If you won't tell, why should I waste my time? I'll just go find the Ghost Lady and ask."

Qin Feng spread his hands.

"You..."

Kong Yuan felt stifled.

He never expected to meet such a person in an interrogation.

At this moment, Hong said, "Don't you need to ask where the Ghost Lady is?"

"No need. With the Ghost Lady's status, he probably doesn't know. Moreover, I have the Gu Worm from the Ghost Lady, and that Gu Worm is a treasure. So, she'll come to us."

As Qin Feng spoke, he walked outside.

Kong Yuan became desperate, realizing that the other party truly didn't care about the information he had!

That meant he had no bargaining chip to play against the other party.

Feeling depressed.

He had to concede, calling out hurriedly, "If you spare my life, I will tell you the person behind this is Gu..."

Chapter 58 - 58 Xu Changjian's Cunning Plan!

Who knew.

Just as he uttered a single word, his body stiffened.

And then.

He felt a wave of nausea, and suddenly vomited a mouthful of disgusting maggots!

After that, there was no more sound...

"He, too, was cursed with a Gu, the 'Silence Gu'!"

Hong's eyebrows were tightly knotted.

"I know."

Qin Feng said.

"Showing off..."

Hong muttered softly to herself.

Even as a top ten expert on the Sky Dragon List, she hadn't noticed it, yet he claimed he knew? A so-called wise man playing the prophet!

What she didn't know was that Qin Feng, from the moment he started questioning Kong Yuan, had been watching him closely. He had detected the Gu poison and knew that if Kong Yuan spoke, he would die, so he only asked about the person who placed the Gu.

"What's our next move?"

Hong asked.

"You can go back to protecting my wife."

Qin Feng replied.

"What? But we're dealing with the Ghost Lady, shouldn't we be formulating a plan?"

Hong said.

"When I first saw that Gu Worm, I was quite worried, but after you mentioned the Ghost Lady, it seemed like no big deal, not worth too much concern. So let's just get on with our business!"

Qin Feng waved his hand indifferently.

"..."

Seeing this, Hong felt quite irritated.

The Ghost Lady's Gu Technique was exquisite, and even a top ten expert like herself could fall victim to it without careful attention, yet he thought it was trivial?

He's really full of himself!

"Hmph! When the Ghost Lady actually shows up, I'll see how you keep up your act!"

Hong said dejectedly.

...

In the past two days.

The preparations for Luo Hongyan's concert were ongoing, with a flurry of activity.

Qin Feng had also introduced Li Jie to Fang Wudi.

Fang Wudi's apparent identity was still that of a Taekwondo instructor, more than capable of teaching them, the uninitiated.

At the same time, Qin Feng had given Fang Wudi some further pointers to improve his martial arts skills.

Xu Yunxiao's work was progressing smoothly.

The first concert tickets had already started pre-selling, with numbers reaching a hundred thousand, and with over a month until the concert began, she believed the numbers would increase greatly under her planning, setting a national record for a concert!

Upon learning this, people like Xu Changjian and Xu Yaxin were all frowning with worry.

Especially Xu Changjian.

The Fruit Sprint incident not only embarrassed him greatly but also led his doting grandma to cast him into the "cold palace."

Fortunately, grandma always favored boys over girls, so the punishment was merely symbolic.

He was far from idle, however.

That day, Xu Changjian found Xu Yaxin and asked, "Are you still working at Yunxiao's company?"

"Yes!"

Xu Yaxin was also feeling quite troubled.

After Xu Changjian absorbed Xu Yunxiao's company, grandma pitied him and gave the management of her company to Xu Changjian. With Xu Changjian as the future Family Head of the Xu family, she didn't dare to offend him, so she kept complaining about Xu Yunxiao.

"That bitch, I can't stand the sight of her!"

Xu Yaxin said.

"Hehe, these last few days being locked at home, I've come up with a plan!" Xu Changjian said with a sly grin, pulling out a small potion bottle and whispering, "I bought this from the black market. It's very potent. Just one drop is enough to put Xu Yunxiao in the hospital for three months!"

"Brother Jian, you..."

"Don't worry, even if the dosage were increased, it would only cause more stomach pain, no risk of death."

Xu Changjian continued, "Just think, if she can't go to work for three months, the deal with Haohan Company can't be left leaderless. Grandma will surely ask me to step in temporarily, and Haohan will have no choice because Xu Yunxiao is sick, and it's a legitimate reason!"

"I understand now!"

Xu Yaxin's eyes lit up, saying, "Three months, that's plenty of time for you to make the company your own!"

"Exactly, that's what I mean, hehe..."

Xu Changjian chuckled slyly.

Shuimu Company.

Xu Yaxin brought a bottle of potion to the company and stealthily dropped a droplet into the water cup.

But she felt it wasn't satisfying enough.

So, she poured all the potion from the bottle into the water cup, muttering, "Hmph! Serves you right to suffer!"

Then.

She held the water cup and headed to Xu Yunxiao's office, approaching with an obsequious smile, "Yunxiao, here, you look so tired. Drink more water, relax a bit."

"Yaxin sister?"

Xu Yunxiao was puzzled.

She knew Xu Yaxin didn't look favorably upon her on normal days, so why the sudden warmth?

"Yunxiao, I really owe you an apology for targeting you in the past. So, I came specifically to say sorry. We're all family, after all. We should be helping each other, not deceiving and undermining, right?"

Xu Yaxin said with a sincere face.

"Right!"

Xu Yunxiao nodded emphatically after hearing this, deeply touched.

That's what she always considered as familial affection.

Uniting together, helping each other, supporting each other, a harmonious family.

That she had realized this was wonderful!

"Alright, the water's getting cold, hurry up and drink!"

Xu Yaxin said caringly.

"Thank you, Yaxin sister, we'll definitely get along well in the future!"

Moved, Xu Yunxiao picked up the cup and drank it all in one go.

Beside her, Xu Yaxin watched her throat move, a triumphant and sinister smirk flickering in her eyes...

In the evening.

Qin Feng found an excuse to say he was working overtime, to meet Feng Guoqiang and to visit the real estate he referred to as "Ghost Evil".

Because tonight was the first day of the lunar month, the new moon.

The absence of the moon made the evil qi stronger at the real estate, a perfect time for investigation.

Soon.

Qin Feng arrived at the agreed location, a temporary office in front of the building complex.

Besides Feng Guoqiang, there was also a fat Taoist dressed in a yellow Daoist robe, holding a peach wood sword, and sporting a small tuft of beard.

"Let me introduce you. This is Huang Dalang, Master Huang, whom I've invited from Cangyun Mountain!" Thelatestchaptersareuploadedfirston*.

Feng Guoqiang said.

Huang Dalang had been hired by him with a hefty sum even before seeking Qin Feng. After arriving here, he was treated by Feng Guoqiang to a five-star hotel luxury suite, where he lay in bed for three days without getting up, took some patent medicine to recuperate his kidneys before he started feeling better.

"This is Mr. Qin, a Feng Shui Master."

Feng Guoqiang introduced.

In public, he never called Qin Feng 'Master' as per Qin Feng's preference, hence he was referred to as a Feng Shui Master.

"Feng Shui?"

Huang Dalang glanced at Qin Feng indifferently, sneering, "In my opinion, this building complex must be harboring some unclean things. What does it have to do with Feng Shui!"

Qin Feng then smiled and said, "Why did you hire such a fake Taoist?"

"This..."

Feng Guoqiang also felt awkward, caught between his master and the expensive Taoist he had hired, not wanting to offend either.

Huang Dalang, hearing Qin Feng mock him as a fake Taoist, became displeased in an instant, slapped the table, and said, "You wet behind the ears lad, dare to belittle me? Hmph, do you know about Dragon and Tiger Village? I am from Dragon and Tiger Village!"

"No way?"

Qin Feng almost tripped over his feet.

People from Dragon and Tiger Village might not be the most cultured, but they surely wouldn't have such a sham!

"Hahaha..."

Huang Dalang thought Qin Feng was scared, laughing proudly, "It seems you're not too shabby, huh. Usual folks don't know what Dragon and Tiger Village is all about. At least you've heard of it. Not bad, not bad..."

"Cough cough, I grew up in Dragon and Tiger Village, how come I've never seen you?"

Qin Feng said with embarrassment.

Chapter 59 - 59 Mosquitoes!

"You?"

Huang Dalang almost died laughing, "This is hilarious, I never expected you to be such a braggart, would Dragon and Tiger Village even admit an ordinary mortal like you? Stop kidding around—I say, Mr. Feng, where on earth did you find such a piece of work, you haven't been scammed, have you? Ha ha..."

"Please show some respect for Mr. Qin, Master Huang!"

Feng Guoqiang's face darkened.

Even though he didn't dare to offend Huang Dalang, after all, Qin Feng was his Master and he had witnessed Qin Feng's strength.

Huang Dalang also didn't dare to overly offend Feng Guoqiang, given he was there to make money from him, so he waved his hand and said, "Alright, alright, whatever you say, but the price we agreed upon earlier can't change, let's get ready to start!"

Soon.

The three men walked out the door and headed towards the center of the real estate property.

Since it was the first day of the lunar month and the moon could not be seen, the surroundings were pitch-dark, and Feng Guoqiang felt a chilling presence all the way, his back soaked through.

"What's there to fear? With me here, all kinds of demons and monsters are on a dead-end street."

Huang Dalang laughed.

Qin Feng did not say a word, carefully surveying their surroundings, feeling the chilly breeze.

Huang Dalang thought he was too scared to speak and mocked, "Look at the person you've brought, Mr. Feng. You say you've been scammed, yet you haven't realized it yourself. Here's an idea, give his share of the money to me, I alone am enough."

As soon as the words fell.

There was a "whoosh" sound.

The three of them instinctively turned their heads to look, only to see a shadow flash past a window of an unfinished building, followed by a series of sinister "cackling" laughs.

"Ghost, there's really a ghost!"

Feng Guoqiang's legs turned to jelly in fright.

Seeing this, Qin Feng said, "I'll go take a look!"

He also "whooshed" towards the darkness.

"I say, that guy didn't run away, did he?"

Huang Dalang said with disdainful laughter.

He continued moving forward.

Arriving at the central point of the property, he began to set up the necessary arrangements at a table that had been prepared earlier.

First, he lit two stoves to illuminate the area.

Then, he half-heartedly drew a few yellow talismans, closed his eyes and chanted a few sentences, and threw them into the stove.

After taking a swig of rice wine, he sprayed it on the Peach Wood Sword, striking poses as he shouted Taoist incantations and brandished the sword.

After being busy for half an hour.

Huang Dalang was sweating profusely and said, "I have now communicated with Lord Lao Zi of the Great Monad, and I can drive away the evil spirits!"

Upon finishing.

He tossed several paper charms around while shaking the copper bell and once again bobbed his head chanting.

Meanwhile, in his heart, he laughed, "Ghosts? Nonsense! Where in the world are there ghosts? It's just people scaring other people!"

He didn't believe in ghosts at all.

He even felt that conducting an exorcism was just for people to find psychological comfort.

As for terms like yin energy and Evil Qi.

He likewise didn't understand them at all.

Anyway, after he got the money from last night's ritual, he would leave this place.

At this moment.

That sharp and ghastly cackling sound echoed once again from the surroundings.

Seeing this, Huang Dalang said to Feng Guoqiang, "Mr. Feng, the demons and ghosts are coming, I'm about to start the exorcism. You're a mortal and can't watch this, please put on the blindfold and earplugs I made especially for this!"

"Okay, okay..."

Feng Guoqiang, trembling with fear, nodded hurriedly.

After he put the blindfold on, his ears also plugged, Huang Dalang put down the copper bell and called out to the surroundings, laughing, "Friend, come on out! I know you're human, not a ghost!"

Instantly.

A disheveled old crone in a black robe and with a ferocious face appeared not far from him.

At first glance, she looked like a ghost.

"You've got a good makeup job there, quite professional."

Huang Dalang said with a laugh.

The old crone, however, remained silent, stepping closer to him.

"Out of ten ghost disturbances, nine are man-made. Now that I've seen through it, let's strike a deal. I'll give you twenty thousand yuan to stay quiet tonight, and after I leave, you can restart the haunting, how about that?"

Huang Dalang said.

The old crone continued to advance without stopping, step by step walking towards him.

Until she stood right before him.

Huang Dalang immediately felt an eerie chill emanating from her, causing him to shiver involuntarily and say, "This 'cold energy' prop of yours is quite convincing, and sort of frightening too. Where did you buy it?"

The old crone remained silent, baring her ghastly yellow teeth in a sinister smile.

Huang Dalang's heart tingled at the sight, and he continued, "How about this, I'll give you fifty thousand, not a penny more. And you only need to stay quiet tonight. After I receive the money from Boss Feng tomorrow, you can do whatever you like. How about that?"

"Not good enough."

With an evil smile, the crone even caressed Huang Dalang's cheek with her withered, knobby hand claw, saying, "You seem to be in good spirits. Your blood must taste pretty good, hehehe..."

"You, you—you, are you human or ghost..."

Somehow.

Looking into her devilish eyes, Huang Dalang froze completely, shivering, his pants drenched.

This was the first time he felt fear.

The first time he questioned whether ghosts really existed in this world...

Looking at those sharp nails on her hand claw as they brushed against his neck, he felt death's arrival even more acutely, but his body was so terrified that he couldn't move, like a lamb to the slaughter...

"Hehehe..."

The old crone cackled with malicious intent, ready to slit his throat.

At that moment.

Qin Feng quickly returned, shouting, "Be careful!!"

As he spoke,

he took out a silver needle and shot it at the old crone!

Sensing danger, the old crone disappeared into the night with a "whoosh".

"Quite fast!" The lat$est! cha!pters^ are a^l!w%ays available fi$r&st% on *^.

Seeing this, Qin Feng immediately followed.

He arrived in front of an abandoned building, where everything quieted down so much that one could hear the buzzing of mosquitoes.

Slap!

Qin Feng smacked a mosquito biting him dead, then called out to the surrounding area, "Come out! I know you're nearby!"

"Hehehe..."

The sinister and terrifying cackle of the old crone echoed from the darkness once more.

Qin Feng sneered and said, "If I'm not mistaken, you must be the Ghost Lady!"

"Not bad, quite perceptive. Since you know it's me, why you still dare to come?"

The Ghost Lady appeared in front of him.

"Hmph, you're just trash!"

Qin Feng said with disdain.

"Boy, you sure are arrogant. Do you know that you've been hit by my Gu Worm? Within half an hour, your body will rot and you will die in excruciating pain, hehehe..."

The Ghost Lady said.

"What?!"

Qin Feng looked at his palm and suddenly his face turned pale with shock, then clutching his throat as if he was having difficulty breathing, he fell to the ground and screamed in agony, "You, when did you plant the Gu..."

"Just now, the mosquito that bit you was raised by me. Its poison is enough to kill you ten times over, hehehe..."

The Ghost Lady said with a shrill laugh.

While cackling,

she walked towards Qin Feng and said, "Not bad, you actually managed to capture Luo Hongyan's Gu Worm. That Gu Worm was something I took eight years to obtain from Snow Lotus Mountain, and it took me countless Heavenly Materials and Earthly Treasures to nurture it. This is also its first time being used, so I can't just hand it over to you like that."

At this point, Qin Feng was gasping for breath, on the verge of death.

The Ghost Lady crouched beside him, reaching into his pocket to search. She found a Small Jade Bottle and laughed, "Found it, my treasure should be right here!"

But then.

Just at that moment.

There was a "tss" sound!

Suddenly, the Ghost Lady's expression froze, and she looked down in disbelief.

Qin Feng, somehow, had stabbed himself in the heart with a small knife.

And he.

His pained expression changed to a smirk of triumph...

Chapter 60 - 60 Ghost, There's a Ghost!

Thick blood trickled down the dagger.

The Ghost Lady collapsed to the ground, her eyes full of disbelief as she uttered, "How, how is this possible? My mosquito, which I've fed for seven years, carries deadly poison. I clearly saw it bite you..."

Qin Feng stood up, dusting himself off, and shrugged, "As I said before, in my eyes, you're nothing but trash."

At the moment the mosquito bit him, he felt something was off.

He quietly used his inner strength to expel the mosquito's poison and turn the tables on her.

"Who, exactly, are you?"

"Well, how should I put it? The Beidou Old Divine Doctor is my honorary grandfather, the little abbot of Dragon Zen Temple is my sworn brother, the Rainbow Fairy of Yunhu Mountain insists on acknowledging me as her sworn younger brother, the previous number one on the Sky Dragon List-Little White Dragon, wants to be my follower, and the Holy Daughter of Xinghua Gully is betrothed to me as a child..."

Qin Feng went on and on, and the eyes of the Ghost Lady became increasingly filled with shock and despair!

These people he mentioned

were all characters she could only dream of meeting, and each of them could kill her in a second!

"Could it be, are you the one from the rumors, the one everyone is looking for..."

Before she could finish her sentence.

She could no longer hold on, her body stiffened, and she fell silent.

"That's right, it is I."

Qin Feng said, and heaved a long sigh.

At this moment.

Feng Guoqiang, who had been wearing an eye mask and earplugs, waited a long time without any notification and could wait no longer, cautiously beginning to remove his eye mask to look around.

It was very quiet all around.

Huang Dalang was still off to the side, sweating profusely, not daring to breathe loudly.

"Master Huang, Master Huang? What's the situation now?"

Feng Guoqiang asked tentatively.

"Ghost, there's a ghost..."

He said blankly.

The ghastly aura emanating from the Ghost Lady had filled him with fear from the inside out, making him believe in the presence of ghosts.

At this time.

Qin Feng came back, holding the Ghost Lady's body, and said, "It's taken care of."

"It's a person?"

Feng Guoqiang asked in surprise.

"That's right, she's also an important criminal on the wanted list. Hand her over to the police station, and you'll earn a hefty bounty."

Qin Feng stated.

"A person?!"

Huang Dalang was momentarily stunned, stood up to look at the Ghost Lady, and after confirming she was a person, flew into a rage, kicking her body furiously, "Damn, I always said there are no ghosts in this world, you scared the piss out of me, go to hell!"

After kicking, he wiped the sweat from his forehead and asked Feng Guoqiang, "Alright, now that the person has been taken care of by me, when will I receive my payment?"

"..."

Qin Feng was dumbfounded at this moment.

Does this guy have no shame at all?

"Cough cough, don't rush, it's not over yet..." Qin Feng cleared his throat and pointed to the surroundings, saying, "Haven't you noticed? The atmosphere here is still eerie, and what's that over there?"

Huang Dalang followed the direction of his finger and instantly felt a lump in his throat!

There was a woman in white with bright red eyes and a long tongue sticking out, with her long hair over her shoulders, floating off the ground, seemingly drifting aimlessly...

In the next moment.

He screamed in panic and ran away, "Ghost, a ghost—!!!"

"Ghost?!"

Feng Guoqiang was also startled.

"Look closely!"

Qin Feng threw a torch over.

Feng Guoqiang took a careful look and finally breathed a sigh of relief.

It turned out to be a prop.

It was something the Ghost Lady had specially made to scare the workers on the construction site, and it was very realistic and terrifying.

"So, does that mean this is resolved?"

Feng Guoqiang asked again.

"Not yet."

Qin Feng stood up and looked around. Sample from My Virtual Library Empire—read more on M&VLEMPY&R.

Although the Ghost Lady was dead, the sinister aura here had not dissipated yet.

Under such circumstances, even without the ghostly props, people with weak Yang energy would feel scared and even prone to illness.

As Qin Feng carefully sensed the eerie atmosphere around him, he calculated with pinched fingers: "East Lin Mountain, West Luo Shui, North-South Dragon... starting from the Qian Position, following the Xun Xingfeng, Kan, Gen... impermanence, gold, wood, water, fire, earth, earth, fire, water, wood... wood!!"

His spirit was shocked as he turned his gaze eastward, saying, "Found it, at the Qian Position, to the east!"

Feng Guoqiang followed him towards the east.

Soon.

On the eastern edge of the construction site, Qin Feng found an iron basin containing a pile of wood emitting a strange odor, as if it had gone moldy.

"What is this?"

Feng Guoqiang asked, covering his nose with a puzzled expression.

"Array Eye."

Qin Feng responded, "Got a lighter?"

Following that.

He lit a piece of paper and threw it into the iron basin.

Instantly.

A large flame erupted from the basin!

Inside, a sizzling burning sound, and a bunch of oddly shaped pitch-black bugs crawled out of the wood, tumbling as if fleeing for their lives, but ultimately all were burned to death by the fire.

"Those bugs are disgusting."

Feng Guoqiang remarked.

The flames gradually extinguished.

Qin Feng dusted off his hands, saying, "Done, how does it feel now?"

"Now?"

Feng Guoqiang looked around suspiciously and joyfully said, "It feels much better now!"

He clearly felt the disappearance of the gloomy, oppressive, and terrifying atmosphere around him; his body felt significantly lighter in an instant!

Moreover.

This place was near the suburbs, with wildflowers outside the property, and the scent of approaching flowers could be distinctly smelt in the night breeze!

"Amazing, Master is truly incredible! Thank you, Master!!"

Feng Guoqiang exclaimed with surprise.

"Right, Master, were that old lady and those pieces of wood the reason for the troubles here?"

He asked again.

"Yes."

Qin Feng nodded.

One has to admit, that Ghost Lady really had some tricks up her sleeve.

The bugs within the wood just now had an intense aura of Yin and evil; if used properly to create a small array, it could generate that eerie atmosphere. Combined with the Ghost Lady's mysterious appearances, it indeed seemed like the place was haunted.

"Who were your rivals when competing for this piece of land?"

Qin Feng asked.

"In Lake City's real estate circles, the only one with the credentials to compete with me is Gu Yuanshan from the Octagonal Real Estate Group. At that time, our underground people nearly came to blows over this land. Master, are you suggesting... that all this mess was his doing?"

Feng Guoqiang said.

Qin Feng pondered and responded, "As far as I know, you invited Luo Hongyan to cut the ribbon at the launch ceremony of this project and to be the publicity ambassador, right?"

"Correct."

"Then it all makes sense now, eighty percent chance it's Gu Yuanshan."

Qin Feng declared.

He had been puzzled about why the Ghost Lady who harmed Luo Hongyan would "haunt" Feng Guoqiang's place; it turns out it was orchestrated by the same person.

That Gu Yuanshan was indeed crafty.

He only harmed Luo Hongyan's throat, yet did not openly link it to the haunting issue, making it even less suspicious to connect it back to him.

"Dammit, that bastard dared to play dirty with me, I will definitely teach him a lesson!"

Feng Guoqiang said angrily.

"The rest is up to you now, I have to go back. If it's too late, my wife will scold me."

Qin Feng looked at the time and said.

Just as he finished speaking.

His phone rang, with a call from Xu Yunxiao.

A smile appeared on the corner of Qin Feng's mouth.

He wondered if his wife was missing him for not coming home so late.

But unexpectedly.

After answering the phone, Qin Feng's expression changed dramatically!

"Qin, Qin Feng, I, I'm at the hospital right now..." Xu Yunxiao's voice came from the other end of the call, sounding pained.
