The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 61 - 61 Just a Minor Illness?

Ever since Xu Yaxin drank the potion, Xu Yunxiao had been feeling unwell, and by evening, her stomach began to hurt.

She is now the family's treasure.

Qin Feng's father-in-law and mother-in-law hurriedly sent her to the hospital.

While they were away, Xu Yunxiao couldn't help it and called Qin Feng.

For some reason.

In the past, when she was sick and hospitalized, she never paid attention to Qin Feng, let alone have him come to the hospital, but this time she really liked having him by her side.

A moment later.

Qin Feng rushed to the ward in a hurry and asked with concern, "Yunxiao, are you alright?"

Mother-in-law Li Cuilan came back at this moment and saw Qin Feng, immediately started scolding him: "Who let you come? What are you doing here!"

"She is my wife, I must come!"

Qin Feng said with a frown.

"Ha, my Yunxiao was tricked by your sweet talk. It seems like you care, but what's the use? Can you afford the medical bills?" Li Cuilan said disdainfully, "Get out of here! I do not want people to know that I have a son-in-law from the countryside, can't afford to lose face like that!"

"Mom!"

Xu Yunxiao said in frustration.

Seeing Yunxiao's pained expression, Li Cuilan approached her with distress and said, "Daughter, don't worry, I just used my connections to invite the best doctor in the hospital, Director Liang!"

As they were speaking.

Director Liang arrived at the ward, and immediately exchanged pleasantries with Li Cuilan and Xu Yunxiao.

Xu Yunxiao made a great impression on the night of Qixi Love and her career developed smoothly, so Director Liang was also very enthusiastic about her, saying, "Don't worry, I will definitely cure you!"

This chapter is from the collection at *.

"Thank you, thank you so much, Director Liang."

Li Cuilan said with gratitude.

Director Liang asked someone to bring Xu Yunxiao's previous medical test results and started examining them closely.

The more he looked, the deeper his frown became.

Because all the tests showed no serious problems, why did the patient look so pale, weak, and complain about stomach pain?

After a while.

Li Cuilan could not help but ask, "Director Liang, my daughter's illness... it's not serious, is it?"

"Oh, it's not serious, not serious at all." Director Liang quickly replied with a smile, "Let's do an infusion for now!"

He then prescribed a treatment.

Qin Feng went over to look and immediately frowned, saying, "No, this will only make Yunxiao's condition worse!"

"Who is he?"

Director Liang gave him a glance.

Li Cuilan hurriedly said, "Director Liang, this is my son-in-law, he's ignorant, please don't mind him—Qin Feng, what are you waiting for? Quickly apologize to Director Liang!"

"I'm serious, this medicine will only aggravate Yunxiao's illness!"

Qin Feng insisted with a frown.

"Nonsense! What kind of person are you? Do you understand medicine, or does Director Liang understand? Hurry up and apologize, or get out of our Xu family!"

Li Cuilan shouted.

Director Liang also smirked and said, "Young man, may I ask if you have a medical license?"

"No."

Qin Feng said, looking at him, "But the medicine you're prescribing has a problem. You are having Yunxiao be infused with Omeprazole, Kremermycin, and anti-inflammatory drugs, which are clearly intended to treat conditions like stomach ulcers and duodenal ailments, and her condition is completely unrelated to those!"

"You..."

Director Liang's face changed.

Indeed, he treated her as if she had a stomach ulcer because the tests revealed no problems. As the best doctor in the hospital, he didn't want to admit in front of them that he couldn't figure out the issue, so he decided to try this treatment based on the highest probability, then consult the dean later.

Unexpectedly, Qin Feng saw through it.

Li Cuilan, furious, pushed Qin Feng and shouted, "How dare you contradict Director Liang? You... you're infuriating, get out of here right now, as far as you can go!!"

At that moment.

The granddaughter of the Holy Doctor Su Muqing, medical genius Su Ruolan, was passing by and came over upon hearing the noise.

Though she was just over twenty, she was already sought after by major hospitals.

Her grandfather, to train her in clinical skills, allowed her to practice medicine in various hospitals on rotation, and today, she happened to be at City First Hospital.

Seeing Qin Feng.

Su Ruolan was immediately surprised.

A few days ago, on the night of Qixi Love, Qin Feng and Xu Yunxiao were the center of attention in Lake City, which left a deep impression on her.

Especially at the grandma's birthday banquet, when Qin Feng found and cured the grandma's heart disease, it astonished her, given that even with her medical expertise, she did not notice at the time that it was due to cliff juniper, Withered Wood Spring.

"What happened?"

Su Ruolan asked as she came over.

Director Liang saw her coming and immediately greeted her with a fawning smile, "Oh, it's nothing serious, just a minor illness, haha, Doctor Su must have finished her shift, right?"

"It's fine, I came to have a look."

Su Ruolan said.

"How could I possibly trouble you with this!"

Director Liang was flattered.

On regular days, someone of Su Ruolan's caliber—even the hospital director or board members—would not dare to seek her consultation about a medical condition after her working hours.

Now she was taking the initiative to help him.

This made him very excited.

He secretly rejoiced, wondering if it was his mature masculine charm that attracted her.

Li Cuilan and Xu Guosheng became very excited when they saw Su Ruolan personally checking all the test results.

Her grandfather was the only Holy Doctor in Lake City.

She was naturally quite famous.

"Doctor Su, thank you so much for your trouble, haha..."

Li Cuilan said excitedly.

Su Ruolan studied the test results for a moment and frowned, asking Director Liang, "What medication did you prescribe her?"

"It's here..."

Director Liang handed her the prescription.

Su Ruolan glanced at it and said, "This prescription won't work; it will only make the patient's condition worse."

"..."

Director Liang's face immediately flushed red.

He had no choice.

She was the granddaughter of the Holy Doctor and a medical genius of Lake City. Her words held more authority.

Xu Yunxiao in the bed was now surprised.

At first, she wondered how Qin Feng, a simple village doctor, could argue with the prestigious Director Liang. Now, even Su Ruolan was saying the same thing.

A coincidence?

Or did Qin Feng really see something?

At this moment, Su Ruolan glanced at Qin Feng, a hint of astonishment flashing in her eyes.

She had just heard their argument over this prescription and did not expect Qin Feng to know something about Western medicine.

"What should we do then?"

Li Cuilan asked, bewildered.

Su Ruolan withdrew her gaze from Qin Feng and checked Xu Yunxiao's pulse, then examined her eyes, throat, and more.

For a while, there were no results.

Finally.

She furrowed her brows, shook her head, and said, "She's been poisoned by food, but this poison is very difficult to cure. If we continue with the previous prescription and administer IV fluids, she would probably die on the spot."

"What?!"

Director Liang shuddered in fright.

If he really caused a death.

Not to mention the loss of his official cap, he also didn't want to offend someone like Xu Yunxiao, who had some reputation in Lake City!

Fortunately, that son-in-law stopped him, and after their argument, they summoned Doctor Su.

Otherwise, his career as a director would have been over.

A cold sweat broke out on Director Liang's back.

"So, what should the treatment be?"

Li Cuilan asked again at this point.

Su Ruolan let out a sigh and said, "I am powerless in this situation; if only my grandfather were in Lake City right now..."

"What?!"

Upon hearing this, Li Cuilan's heart skipped a beat.

Powerless?

There were scarcely a few people in all of Lake City with better medical skills than her. If she couldn't handle it, who could?

Li Cuilan immediately clutched Su Ruolan's arm tightly, pleading desperately.

"Doctor, you must find a way to save my daughter, her career is progressing so well, our entire family is depending on her, you must save her! If anything happens to her, we will all have to beg on the streets..."

"..."

A look of disgust flickered across Su Ruolan's face.

Then.

She looked up at Qin Feng.

Chapter 62: Treating Illness Ah!

"Is there any way, Mr. Qin?"

Su Ruolan's clear eyes gazed at him.

Seeing this, Li Cuilan anxiously said: "Doctor Su, he's just a good-for-nothing, we can't count on him!"

"That's right!"

Director Liang also chimed in from the side, "He is just the Xu family's useless son-in-law, we shouldn't take him seriously."

However, Su Ruolan ignored the two of them and continued to stare unblinkingly at Qin Feng with her clear eyes.

She didn't believe that on the night of Qixi, Qin Feng had been able to diagnose grandma's heart disease as being caused by "Withered Wood Spring" just by luck; she always felt there was something mysterious about this man.

"There is a way, but..."

Qin Feng hesitated for a moment, then looked towards Xu Yunxiao.

Seeing his concern, Su Ruolan said, "But, it requires the transfer of the virus to another host, right?"

"Yes, that's correct."

Qin Feng nodded.

The poison inside Xu Yunxiao's body was extremely difficult to treat, but normally, the virus should be able to eliminate itself in three months.

However, because of the large number of viruses, it caused her great pain.

This level of pain, no one could endure for three months.

Unless the virus is transferred to another host.

"What, what does that mean?"

Li Cuilan then asked from the side.

Su Ruolan explained: "That means, we need to transfer the patient's virus to another person, but this method only treats the symptoms and not the root cause, and the other person will get sick as a result, so it is not encouraged."

"Don't be like that!"

Li Cuilan slapped her thigh and said, "Transfer, it must be transferred! Yunxiao is in the midst of her career rise, we can't afford to delay!"

"But you're already at an advanced age, I'm worried you won't be able to withstand it."

Su Ruolan said.

"I didn't say it's me."

Li Cuilan pulled Qin Feng to her side and said, "Transfer it to him, just let him bear the virus!"

"..."

Su Ruolan's eyebrows furrowed immediately.

She hadn't expected there to be such shameless people in the world.

Xu Yunxiao shook her head painfully at this time, saying: "No, no, I don't agree..."

"Silly child! What are you thinking? If it is not cured, what about your company? Besides, that guy has been freeloading off our family for three years, what's wrong with letting him suffer on your behalf? It's not at all excessive, it's what he ought to do!"

Li Cuilan cried out.

As Xu Yunxiao was about to shake her head again, Qin Feng stepped forward with a smile and said, "Don't worry, I'll be alright."

Watching from the side, a hint of sympathy flashed through Su Ruolan's heart.

Li Cuilan then pressed up close to Su Ruolan, saying: "Doctor Su, when do we start?"

"But..."

Su Ruolan looked at Qin Feng, reminding him, "Not many people in the world can endure such pain for three months, it's very likely to cost you your life!"

"Don't worry about him!" Li Cuilan waved her hand and said, "He's a grown man, sharing the pain for his wife, that's what he should do! Doctor Su, let's get started right away! Yunxiao really can't afford to delay!"

"It's okay."

Qin Feng also said.

Su Ruolan, seeing they had all decided, could only sigh lightly and said: "In that case, I will call my grandfather to come back to Lake City earlier! Even though I can think of the method to transfer the host, my medical skill is not up to the task."

"What? Doctor Su, you, you have to make the call quickly! My daughter loses a lot of money for every day of work she misses..."

Li Cuilan urged anxiously.

At this time, Qin Feng said: "You all go out first! I'll handle it."

"You? You're a good-for-nothing, can't you just stop with the nonsense!"

Li Cuilan was furious and yelled.

Su Ruolan, upon hearing Qin Feng take the initiative, showed a touch of surprise in her eyes.

Ever since Qin Feng had mentioned the host transfer method, she knew Qin Feng's medical skill was not simple; now that he wanted to do it himself, it was an opportunity to confirm his abilities.

"Alright, please everyone go out!"

Su Ruolan said.

Seeing this, Li Cuilan got anxious and said: "Doctor Su, you can't really be letting him treat her, right? What skills does he have? He's just a useless wimp!"

"Yes, Doctor Su, think twice!"

Director Liang also said anxiously.

After all, he was Xu Yunxiao's primary doctor, and he would also bear responsibility if anything went wrong.

"I trust him!"

Su Ruolan said.

Seeing the situation, Li Cuilan wanted to say more, but Su Ruolan directly said, "If you don't trust me, you can transfer to another hospital." Please read this chapter on its original platform—*.

"..."

Li Cuilan then closed her mouth.

There was no other way.

Of all the doctors in Lake City, there were few as skilled as her; where else could they transfer to?

Soon.

Li Cuilan, Xu Guosheng, and Director Liang were asked to leave the ward.

Su Ruolan watched from the side, while Qin Feng said, "I'm sorry, but could you step out for a moment, too?"

"..."

Su Ruolan felt ashamed.

On one hand, she wanted to see how exactly Qin Feng was going to treat the patient.

On the other hand, she wasn't sure whether Qin Feng was up to the task, and if something unexpected happened, it would be good to have someone to assist.

Seeing Qin Feng put it that way.

She also knew that many secret Medical Skills are generally not disclosed, so she reluctantly nodded and left.

Now, only Qin Feng and Xu Yunxiao remained in the ward.

Xu Yunxiao anxiously said, "Qin Feng, this is no joke, don't mess around!"

"Relax, I know."

Qin Feng said.

Just as he was about to act, he suddenly remembered something and said, "Wait for me a moment, I'll be right back."

With that, he hurried out.

Outside.

Li Cuilan was very anxious, and then she saw Qin Feng suddenly running out and rushing toward the exit of the hospital.

"He, he's leaving?"

Li Cuilan said blankly.

After realizing what was happening, she anxiously slapped her thigh and exclaimed, "It's over! That guy must be escaping. He doesn't want to endure the pain for Yunxiao, the despicable, selfish person. Three years of upbringing wasted on him!"

While clamoring.

She angrily pushed Xu Guosheng again, shouting, "You useless thing, what are you standing around for? Go after him! Or are you planning to transfer the virus for Yunxiao?"

Su Ruolan couldn't watch any longer and shouted, "This is a hospital, please be quiet! Also, I believe in him!"

With that.

She looked in the direction Qin Feng had left.

For some reason.

Although it was without any basis, she felt very confident in her heart that Qin Feng wasn't the sort of person to run away; he must have had something to do.

A moment later.

Qin Feng finally returned in a hurry.

Seeing him, Li Cuilan finally let out a sigh of relief and scolded, "You waste of space, tell me, were you trying to run away just now? If you had run, never step foot in the Xu family's house again, you useless piece of garbage..."

Qin Feng couldn't be bothered with her and went straight into the ward.

"This time, it should be okay."

Qin Feng said.

"Qin Feng, you... you're really willing to do this for me? Doctor Su said it would be pain for three months long, and it might even cost a life..."

Xu Yunxiao said weakly.

"I've told you, for you, I'm willing to give the whole world; not to mention a mere life."

Qin Feng said.

"..."

Xu Yunxiao moved, shed a tear.

"Let's begin!"

Qin Feng said, and started to undress her.

She was abruptly taken aback and hurriedly asked, "What are you doing?"

"Treating you!"

"But, why are you taking off my clothes?"

"This illness requires acupuncture, and it involves some seldom used acupoints. Only by removing your clothes will it not impede the needle placement."

"..."

Hearing this, Xu Yunxiao's face immediately turned as red as a beet.

She and Qin Feng had been married for three years, but she had never allowed him to touch her body, nor had she let him see anything.

Now, wasn't he going to see?

Chapter 63: A Bit Upper Fire!

Xu Yunxiao tensely covered the neckline of her clothes, looking at him with a strange look in her eyes. Qin Feng said helplessly with a smile, "Wife, I really didn't mean to do this. I originally wanted Su Ruolan to treat you, but she said she had to call her grandfather. Think about it, her grandfather is a dirty old man..."

Xu Yunxiao thought about it.

Indeed, it was after Su Ruolan said she couldn't cure her and had to call her grandfather that Qin Feng offered to treat her.

It's better to let him see than a strange old man, right?

And.

He is still her husband, even if just in name.

With that thought.

Xu Yunxiao felt somewhat relieved, her face turned red, she closed her eyes, and reluctantly began to slowly undo her clothes...

"Okay."

She kept her eyes closed, not daring to look at Qin Feng.

"Cough, wife, you also need to remove the ones on your leg..."

Qin Feng said, embarrassed.

"You..."

Xu Yunxiao's face turned bright red, but there was no other way now.

In the end.

She just had to continue removing...

"It's done."

Qin Feng nodded and began to treat her with acupuncture.

First, he inserted needles into various acupoints for a moment.

Then.

He helped her sit up and applied pressure on several acupoints on her back.

Whether it was the silver needle or bloodletting, it was like playing chess, ultimately threatening and leading the virus hidden in her body to the forefinger!

This was also the most difficult part.

Without decades of power, it was impossible to achieve such finesse, so even Su Ruolan's acupuncture technique was inadequate.

Soon.

Xu Yunxiao's forefinger turned a dark black, as if it was about to rot.

Seeing this, Qin Feng took another silver needle, pricked her finger open, then pricked his own forefinger, aligning the two wounds together.

The dark, dirty toxins on Xu Yunxiao's finger, as if cornered with nowhere else to go, quickly found a breakthrough and surged into Qin Feng's body!

After a moment.

When her finger returned to normal, Qin Feng also sighed in relief, removed all the silver needles from her body, and said, "It's done."

Xu Yunxiao then opened her eyes, put on her clothes, and was surprised to feel much better.

That intense pain in her stomach had completely disappeared.

"Qin Feng, I didn't expect you to be so amazing!"

Xu Yunxiao said joyfully.

At this time.

She saw Qin Feng with a nosebleed and immediately became worried, "Qin, Qin Feng, are you alright? Did you get too deeply poisoned?"

Su Ruolan and the others who had been waiting outside also came in, saw his nosebleed, and frowned, "This is bad, is the transfer of toxins through the blood more serious than I imagined?"

Li Cuilan didn't even glance at him, instead went to Xu Yunxiao's side to offer warm concern, "My darling daughter, are you alright? I was so worried!"

"Mom, I'm fine. Quick, see how Qin Feng is doing."

Xu Yunxiao said anxiously.

"What's there to see about him? He won't die from a little bleeding, as long as you're fine that's good."

Li Cuilan said.

Su Ruolan immediately pulled Qin Feng to a chair and began to take his pulse seriously.

After a moment.

She opened her eyes and released Qin Feng's hand, her cheeks slightly flushed.

Xu Yunxiao hastily asked how he was.

She said, "It's nothing serious, just a bit, a bit... Upper Fire."

As she spoke.

Su Ruolan's face turned completely red.

Because when she took Qin Feng's pulse, she found out that his nosebleed was caused by the sight of Xu Yunxiao's stunning skin and figure when she undressed for the treatment, which induced an uncontrollable rush of blood in him...

"That's good..."

Xu Yunxiao also relaxed.

After it was over.

Su Ruolan immediately arranged a ward for Qin Feng and told him, "Bear with it a bit, I'll call my grandpa and come back as soon as possible." Th*is v@er&s-io.n is sou^rc!ed fr#o*m M%V.3&L3M@P#YR.+

"No need, I..."

Before Qin Feng could finish, Su Ruolan had already left the room.

She immediately called her grandfather, Su Muqing, described the case and the situation in detail, and said, "Grandpa, please come back soon! The disease is not fatal in the short term, but it's extremely painful."

"Wait, you said... a young man transferred the virus to himself?"

Su Muqing on the other end of the phone replied with skepticism.

"Yes, he was very brave. Although, although he's always been ridiculed for being a live-in son-in-law, and only works as a waiter in a hotel, he really is the most selfless and bravest person I've ever met. Grandpa, you must come back early to help him!"

Su Ruolan said.

For some reason, her heart pounded when she praised him.

"What I'm asking is not about this, but that I don't believe that if even you can't do anything, he could transfer the virus away. Your medical skills are now second only to the 'Holy Doctor.' How could a useless son-in-law who's a mere hotel waiter have such ability? Stop kidding your grandpa."

"... I'm telling the truth!"

"Stop joking."

"..."

She made the call outside.

In the ward.

Qin Feng had already sat cross-legged, removed his upper clothing, and started to insert silver needles into himself.

After inserting a dozen or so.

He "pap pap" pressed on a few acupoints on his chest, pricked the tip of his left index finger, brought his right index and middle fingers together into a sword finger, and pressed forcefully down from his left shoulder to the elbow, then the wrist, and finally to the finger.

Next.

Under the force of his right sword finger, a Gu Worm as fine as a hair and almost invisible to the naked eye was forced out of the puncture on his left index finger, dropping into the Small Jade Bottle he had prepared in advance.

Qin Feng breathed a sigh of relief, immediately capped the bottle, and smiled at the corner of his mouth, "Indeed, it's good stuff!"

This Gu Worm was exactly what he had forced out of Luo Hongyan's body, which he later raised on a Ten-thousand-year-old cliff cypress rich in Essence Qi.

Initially, when he was treating Xu Yun, he suddenly thought that maybe this Gu Worm could fight poison with poison, eliminating all the toxins, so he went back to retrieve it, causing Li Cuilan to mistakenly think he had fled.

Just as he expected.

The virus from Xu Yun was quickly devoured by the Gu Worm.

He then figured out a way to expel the Gu Worm from his body.

Su Ruolan was very frustrated.

No matter what she said, her grandpa wouldn't believe such a thing happened.

She had no choice but to go back to the ward and said to Qin Feng, "In that case, I'll take you to see my grandpa tomorrow."

"No need, I'm fine."

"No, you're not."

"I really am fine..."

"..."

The two were at a stalemate for a while.

Su Ruolan went to check Qin Feng's pulse again and was immediately astonished!

She could no longer feel the virus inside him!

"How did you do that?"

"Perhaps it's just that my body is naturally resistant to poison, haha."

Qin Feng casually laughed it off.

Su Ruolan was about to say that it was impossible, but then she suddenly remembered something.

Three years ago.

Xu Yunxiao was seriously ill and needed someone for a Chongxi marriage to transfer her condition, which would infect the Chongxi partner, causing all those rich heirs who had crazily pursued her to shy away. It was then that Qin Feng stepped forward.

Surprisingly, after the Chongxi, Qin Feng was perfectly fine!

This made everyone regret immensely, thinking the transfer of the illness was a hoax. If they had known, they would have gone through with the Chongxi to win the beautiful lady.

But Su Ruolan, who studied medicine, knew it was not an accident.

There had to be a condition.

But because she was unfamiliar with the Xu family at the time and as time went on, she forgot about this incident.

Now, on top of that, to have transferred the toxins from Xu Yun's body without harm to himself, it made Su Ruolan even more incredulous, muttering to herself, "Could it be, he truly is invulnerable to all poison?"

Chapter 64: Immune to All Poisons?

She called Su Muqing and said, "Grandpa, I've discovered a case of someone immune to all poisons!"

She explained Qin Feng's situation just now.

Su Muqing replied, "Lanlan, what's gotten into you lately? Why are you talking nonsense? In this whole world, there are only three people immune to all poisons, and they are all legendary big shots. The most recent one to appear is known as 'Medicine Fairy', the Medicine King. And you're telling me you found someone immune to all poisons?"

...

Suddenly, Su Ruolan found herself at a loss for words.

Right!

On second thought, those immune to all poisons are big shots. How could it possibly be Qin Feng?

Maybe it was just an accident with Qin Feng.

"Lanlan, your mind seems troubled. Could it be love? Based on your current state, only romances can ripple your heart like this," said the Su Muqing on the other end of the phone.

"Grandpa, you know I don't like Duke at all. He's the one who's been infatuated all by himself," Su Ruolan responded.

"I know that. What I meant was, do you have feelings for someone else?"

"Of course not!"

"That's good. Anyway, if you want to advance further and become the youngest Holy Doctor in history, you need to remain calm and not behave like you did today."

"...Oh."

She hung up the phone.

Su Ruolan rubbed her cheeks and sighed softly, muttering, "I do feel a bit unsettled. What's going on? Do I actually like someone?"

The image of Qin Feng appeared in her mind, and she quickly shook her head, saying, "No way, I don't even know him well. How could it be possible? Besides, he's already married... It must be because I'm too tired today..."

Xu Yunxiao, after confirming she was fine, immediately wanted to be discharged.

There was no choice.

She was very busy with work and needed to return to rest early to jump back into work.

Qin Feng also came out from the next hospital room, wanting to go back together.

However, at this moment, Li Cuilan called out, "Don't follow us anymore. Stay in the hospital in case you infect us!"

"Mom!"

Xu Yunxiao called out frustratingly.

At her strong insistence, Li Cuilan reluctantly agreed to let Qin Feng come along.

She was quite moved by his selflessness.

Back at home.

In the bedroom, Xu Yunxiao couldn't help but ask Qin Feng, "By the way, is your medical skill really that amazing?"

After all, even Director Liang couldn't handle her illness.

And. T#h%i+s+ ! is par&t+ of the c&olle+ct.ion on *@.+

It made her remember how he had luckily cured Mr. Fu, the wealthiest man in Hanjiang Province.

"Of course it's amazing," said Qin Feng as he was making a makeshift bed on the floor.

"How amazing exactly?" Xu Yunxiao asked again.

"Wife, to tell you the truth! Actually, I am a disciple of Beidou Old Divine Doctor, and in some respects, I have already surpassed him," Qin Feng said.

"Stop bluffing!" Xu Yunxiao rolled her eyes at him. "I've told you many times that I really dislike men who just boast. I find it very annoying!"

...

Qin Feng gave a wry smile.

Xu Yunxiao simply lay down, no longer questioning him.

She thought, maybe it's just because he grew up in the countryside and knows a lot of home remedies for difficult illnesses.

No matter what.

It was he who saved her, even at great risk.

After thinking it over.

Xu Yunxiao turned to Qin Feng and said, "You've just recovered and you're sleeping on the floor, is that okay? Maybe..."

Before she could finish, Qin Feng interrupted her, "No need, you've just recovered too. Don't worry about me, my body is very strong, sleeping on the floor won't be a problem at all."

"Who said I was going to sleep on the floor for you. I was saying... Anyway, since you're fine, let's leave it at that! I'm going to sleep."

As she was speaking.

Xu Yunxiao reached out to turn off the bedside lamp.

Damn!

In that moment, Qin Feng finally realized what was going on, and he stomped his feet in frustration, utterly annoyed with himself!

How could he be so foolish?

After painstakingly waiting for three years, he had just ruined his chance!

It's such a sin!!

"Honey, honey? I understand what you mean, how about..."

"Get lost!"

...

The next day.

Grandma had Xu Changjian send a message to everyone, calling for an urgent family meeting!

The hall was bustling, and everyone was chatting happily.

Especially Xu Changjian, having regained his freedom, he was thrilled at the thought of soon taking over Xu Yunxiao's company.

"Are you sure it's foolproof?"

He quietly asked Xu Yaxin.

"Don't worry, I put all the medicine in!"

Xu Yaxin smiled and gestured OK to him.

"What?!"

Xu Changjian was shocked.

Just one drop could cause stomach pain for three months, and she put it all in—that would be severe!

Then.

His expression changed, and with a laugh, he said, "I like it, haha!"

"It serves her right for being so cheap!"

Xu Yaxin said joyfully.

At this moment, Grandma said with a smile, "Well, let's start the meeting!"

Everyone quieted down.

Someone then said, "There are still ten minutes left. Huh? Why hasn't Yunxiao arrived?"

Grandma glanced at Xu Changjian and said with a smile, "I think she won't be able to come, let's start earlier!"

She had already heard from Xu Changjian about Xu Yunxiao being sick.

Xu Changjian didn't mention the real reason he had Xu Yaxin administer the medicine, merely saying Xu Yunxiao was seriously ill and would need to stay in the hospital for at least three months.

Knowing this news, she was overjoyed and immediately called a meeting, so her beloved grandson could replace Xu Yunxiao's position.

Although Haohan Company stated they only wanted to cooperate with Xu Yunxiao,

this was due to sickness, a normal job handover, and she believed Haohan would have no reason to refuse.

"Not coming?"

Some started to question.

"Yes!"

Grandma said with a smile, "Today's meeting topic is about Yunxiao's sickness. Everyone knows how important Haohan Company is to our Xu family. Without a leader, we're headless dragons, so, I suggest..."

Just as she was speaking,

the door of the hall was suddenly opened.

Xu Yunxiao and Qin Feng hurriedly arrived.

Everyone was stunned.

Grandma, Xu Changjian, and Xu Yaxin were also shocked.

Wasn't she seriously ill?

Why did she come?

Xu Yunxiao also seemed a bit stunned, checking the time—there were still over ten minutes to the meeting. Why had they started already?

"Who says we are leaderless?"

Qin Feng, with keen ears, heard Grandma's words before entering and frowned, "Isn't my wife doing fine?"

"Do you have any right to speak!"

Xu Changjian stood up and shouted.

"Do you want me to repeat the video of your disgraceful moment once more?"

Qin Feng said.

"You, you... you are corrupting family virtue!"

Xu Changjian's face turned red with anger, that was a lifetime of shame for him!

"It's you who is disgraceful, who's corrupted what?"

Qin Feng said with a smile.

"You, you, you..."

Xu Changjian was so angry he was nearly spitting blood.

At this time, Grandma smiled and said to Xu Yunxiao, "Yunxiao, come, sit down, don't tire yourself."

"Grandma, are you thinking of letting my cousin manage my company again?"

Xu Yunxiao said with a frown.

When entering, she had also vaguely heard Grandma's words.

With what Qin Feng had just said, it convinced her further of the purpose of this family meeting—to target her company again...

Chapter 65: Adventure Group!

"Hehe..."

Grandma asked her to sit down and gently smiled. "Yunxiao, grandma is just worried about you."

"Worried about me?"

"Yes, running such a big company must be exhausting for a girl like you. Look, you've even fallen ill! Grandma knew you went to the hospital last night, so she wanted to lighten your workload by having Changjian help you. Grandma has your best interests at heart."

Grandma said.

Xu Yaxin also smiled and added, "Exactly, grandma means well. You should be grateful."

"Then thank you very much, Grandma." Xu Yunxiao responded, "However, I've already recovered from my illness, so there's no need for Grandma to worry about me anymore. Thank you for your concern."

"Already better?"

Grandma was momentarily taken aback and looked towards Xu Changjian and Xu Yaxin.

She had heard that Yunxiao's illness would require a long hospital stay and that she was only able to attend today's meeting because she wanted to uphold her responsibility as the head of the family, compelled by her own authority, despite her illness.

How could she have recovered already?

"You're talking nonsense!" Xu Changjian suddenly stood up and yelled at Xu Yunxiao, "You need to be hospitalized for at least three months with such a severe condition, and with the amount of medication you're on, it might even be up to a year or more. How could you possibly be better now!"

Before Xu Yunxiao could respond, Qin Feng smirked and coldly asked, "And how would you know all of this?"

"I, I..."

Xu Changjian, realizing his slip up, quickly shut himself up.

"Did you cause this?"

Qin Feng pressed on.

"Nonsense!"

Xu Changjian stammered, "I...I was just guessing!"

Seeing his nervous demeanor, Qin Feng intentionally added, "Cut it out! I have surveillance footage of you poisoning her."

What?!

Hearing about Xu Changjian poisoning Xu Yunxiao, everyone was instantly uproarious.

Even Grandma furrowed her brow.

Xu Changjian retorted, "Are you taking me for a fool? You don't have any surveillance! The one who poisoned her was Yaxin, not me! I just provided the medicine! Trying to trick me? You're still too naive!" Chapter source: My Virtual Library Empire (*).

He was finished speaking.

Seeing Xu Yunxiao's furious gaze, Qin Feng's complacent smile, and everyone's focused attention, he suddenly realized what he had done and hurriedly covered his mouth.

Xu Yaxin felt bewildered and cursed the fool silently.

"..."

At this moment, Xu Yunxiao felt a chilling disappointment.

She knew the siblings were not on good terms, but they were still family; yet, they could actually do such a thing!

What hurt her the most was Xu Yaxin.

Just yesterday, she was moved by Yaxin's care, thinking that the family was getting better, but it turned out Yaxin wanted to harm her!

"Grandma."

At this moment, Qin Feng turned his gaze towards Grandma and said, "You heard it too, my wife's illness is all because of Xu Changjian and Xu Yaxin. If outsiders knew that family members were poisoning each other for profit, what dignity would the Xu family have left?"

"..."

Grandma's face immediately turned ashen.

Xu Changjian felt his heart sink further as if falling into an ice cellar, murmuring to himself, "It's over... completely over..."

Grandma always prioritized face.

If this matter isn't handled well, the Xu family will become a laughingstock, and he would also suffer severe punishment!

Even worse, there might be a humiliating public punishment by Grandma to show her righteousness and protect the Xu family's dignity!

"That damn Qin Feng! He's deliberately exploiting Grandma's weakness to target me!"

Xu Changjian felt deeply frustrated.

At this point.

Xu Yaxin adjusted her expression and said with a smile, "Everyone misunderstood, actually the medicine Brother Chang Jian gave me was a tonic he specially bought from a friend, entrusted to me to supplement Yunxiao. But I knew Yunxiao wouldn't accept it, so I secretly put it in her water."

Xu Changjian brightened up and nodded in agreement immediately upon hearing this.

"Yes, yes, yes! Grandma, the thing I bought wasn't poison, it was a tonic! I felt that Yunxiao managing such a big company alone was too hard, so I wanted to show I care about her. Since we had some conflicts, I was afraid she wouldn't accept it, so I had Yaxin deliver it discreetly.

Pfft!

Qin Feng was drinking water and spit it out laughing when he heard this reason, "I say, if you're going to make up a reason, at least make it believable. This is too fake!"

"How is it fake?"

Xu Changjian said, "Then you tell me, why is Yunxiao fine now?"

"..."

Qin Feng was at a loss.

Really felt like giving this guy a thumbs up.

"Exactly!"

Grandma also chimed in, "If Chang Jian had poisoned her, why would Yunxiao be perfectly fine?"

Xu Yunxiao, seeing her defending Xu Changjian again, hurriedly said, "That's because Qin Feng cured me!"

"He cured you?"

Xu Changjian immediately laughed and said, "Don't be ridiculous, do you think we would believe that?"

"Exactly!"

Xu Yaxin also followed, "Who doesn't know, that guy who came to our door, just a country quack doctor who emerged. If you say he can really heal, then show us his medical license!"

"..."

Xu Yunxiao was choked up, anxious, and didn't know how to explain.

At that moment.

Grandma spoke up, "Alright, it seems we all misunderstood Chang Jian and Yaxin. The two of them were just concerned about Yunxiao, they didn't mean to harm her."

"Grandma..."

Seeing this, Xu Yunxiao felt resentful.

Grandma continued, "Yunxiao, you should thank them both. I know everyone has their differences normally, but we are family, we should stand united more often to protect and glorify our Xu family, not degrade and suspect each other..."

"..."

Xu Yunxiao was choked up and didn't know what to say next.

In her heart, she knew that Grandma wanted this outcome, safeguarding Xu Changjian while not damaging the Xu family's reputation.

"Alright, next, we need to discuss something."

Grandma immediately changed the subject.

Xu Changjian didn't give Xu Yunxiao another chance to question, and immediately asked, "Grandma, what is it?"

Grandma said smiling, "This is good news, a very big step forward for our Xu family!"

"Grandma, what's the good news?"

Others, seeing her cheerful demeanor, couldn't help but become curious.

Grandma sipped her tea smiling and said, "Has anyone heard of the 'adventure group' from our Lake City?"

"I have."

One of them said, "It's that gathering where the various family elites come together to participate in an annual 'adventure activity' convened by different families!"

While speaking.

The person's eyes filled with longing and anticipation, clearly regarding the "adventure group" as high-end.

"Exactly."

Grandma continued smiling, "You know, in our Lake City there are three first-rate families, seven second-rate families, and twenty-one third-rate families."

"Those three first-rate families won't participate in the event; the main members of the 'adventure group' are from the seven second-rate families and some elite youngsters from society, like Holy Doctor Su Muqing's granddaughter Su Ruolan, Antique Master Elder Lin's granddaughter Lin Xue'er, etc."

"Moreover, they also select seven families from the twenty-one third-rate families for invitations."

"..."

At this point, someone already guessed and asked excitedly with wide eyes, "Grandma, do you mean that our Xu family... has also been invited to join the 'adventure group' this time?!"

Chapter 66: Invitation from a Brother!

Everyone's gaze collectively turned toward the elderly grandma.

Joining the "adventure group" would truly bring the Xu family even closer to prestige!

The initial purpose of the adventure group was due to the younger generation of the families indulging in too much luxury and debauchery, causing worries that they would become useless in the future. Thus, to strengthen their courage, will, and other qualities, they were sent to climb wild mountains and traverse valleys.

As time went on, it gradually evolved into an activity for establishing close connections between the younger generations of the major families.

Joining the adventure group.

Firstly, it meant acquiring more connections!

Secondly, it symbolized honor!

Only those families that were invited, besides the three major families, were the most influential in Lake City.

The Xu family was just at the bottom of the third-tier families, and the adventure group only invited members from seven third-tier families; they had never been invited before.

If they could be invited this time, it would mean the Xu family had suddenly jumped into the top seven of the third-tier families!

Maybe they'd even be first!

Therefore.

People one after another were exceptionally excited, their faces filled with anticipation as they looked at the elderly grandma.

"That's correct."

The elderly grandma laughed smugly, "As you all think, our Xu family has also been invited!"

As soon as these words were spoken.

The stone that everyone had in their hearts finally fell to the ground.

"That's great!"

"Our Xu family, from now on in Lake City, we'll also be people of status and influence!"

"..."

The elderly grandma was also uncontrollably happy, raising her hand to quiet everyone down before saying, "This time, the adventure group has given our Xu family two spots!"

"Two spots? That's fantastic!"

People rubbed their hands together in eager anticipation, waiting for the elderly grandma to make the announcement.

Although most knew that such a precious opportunity wouldn't come to them, they still hoped in their hearts—what if a miracle happened?

"The first spot, naturally, is... Yunxiao."

The elderly grandma looked at Xu Yunxiao.

Actually, she was also quite helpless.

It was obvious to everyone that the adventure group's invitation to the Xu family this year was due to the Xu family's collaboration with Haohan Company.

As a partner, Xu Yunxiao had to be present.

Originally, they hoped today the partner would become Xu Changjian, but that wish had fallen through.

When Xu Yunxiao heard her name, she also secretly rejoiced in her heart.

She had naturally heard of the adventure group.

Joining the adventure group meant gaining more connections, which would be of great help for future developments—it was a rare opportunity!

"Grandma, I will definitely work hard!"

Xu Yunxiao said.

The elderly grandma then announced the second spot, her kindly gaze turned to Xu Changjian, and said, "Jian'er, you will represent our Xu family and attend!"

"Him?"

Qin Feng spread his hands, "During the fruit evasion incident, he caused the Xu family to lose face completely. Aren't you embarrassed to let him go?"

"Damn it, you still dare to bring that up, don't you?"

Xu Changjian was filled with rage.

The elderly grandma told him to be quiet, then said, "Among the young generation of the Xu family, Jian'er is the most capable. Moreover, the reason why the adventure group invited us is related to the birthday banquet we held at Wanfu Building, showing them the bright future of our Xu family. Plus, he was also the one who booked the banquet hall at Wanfu Building through his connections, so he has contributed."

"Yes, yes, Brother Jian should go."

Others echoed.

Everyone present wasn't dumb; they all saw how much the elderly grandma favored Xu Changjian.

Even after the incident with the evading fruit, the elderly grandma had only punished him symbolically.

"Alright, it's settled then. Dismissed!"

The elderly grandma declared.

Everyone was beaming with joy, except for Xu Yaxin, whose expression was gloomy. She looked at Xu Yunxiao's retreating figure, filled with resentment.

According to the original plan.

Xu Yunxiao would fall seriously ill, Xu Changjian would take over Shuimu Company, and she would take back her own company.

Then the adventure group's spot was designated for Xu Changjian and her.

Who knew.

Xu Changjian's poison was actually ineffective! Always read at the source—

"Hmph, I don't believe I can't move you, you'll be doomed sooner or later!" Xu Yaxin gritted her teeth in secret, her eyes filled with jealousy.

...

In the car.

While driving, Xu Yunxiao asked Qin Feng, "Do you want to come with me? I heard a family member can be brought along."

"Oh?"

Qin Feng looked at her in surprise.

Xu Yunxiao's face turned slightly red and she rolled her eyes at him: "What are you looking at!"

"My wife is just so beautiful!"

Qin Feng said playfully.

It must be said, she looked super pretty when her face blushed, like a freshly bloomed pink petal.

"Say, are you going or not!"

"Going, when the wife commands, of course I must obey!"

"That's more like it."

Xu Yunxiao said.

In the past, she never asked Qin Feng to attend such occasions.

This time she was a bit nervous.

After all, it was the first time she was invited by the adventure group, and the people she'd meet had a higher status than the Xu family in Lake City.

So she thought of bringing Qin Feng along.

For some reason.

Even though he was just a waiter at Wanfu Building, a useless son-in-law.

But with him by her side, she inexplicably felt at ease.

At this moment.

Qin Feng's cell phone rang, it was Xu Hu calling.

Xu Hu, one of the few phone numbers Qin Feng had saved in his mobile, was his high school classmate, his close buddy.

Once, when a group was trying to beat up Qin Feng in the toilet, Xu Hu, not knowing Qin Feng was tough, stepped in with a brick and started throwing it into the crowd, single-handedly taking on more than a dozen people; although he lost the battle, Qin Feng saw him as a person to make friends with.

However, after graduating from high school, they gradually lost contact.

But Qin Feng had always kept the bond of high school friendship, brotherhood, in his heart, and valued this friend.

"Hu Zi, long time no see, what made you think of calling me?"

Qin Feng said with a smile.

"Brother Feng, it really is you, that's great, I've been wanting to get in touch with you for years, but you changed your number a long time ago, and if it weren't for a classmate mentioning you a few days ago, I wouldn't have known you were in Lake City!"

Xu Hu was also very happy to hear Qin Feng's voice.

"You were talking about me?"

Qin Feng was puzzled.

He hadn't interacted with any classmates after graduation.

"Yeah! Tonight we have a class reunion, in the WeChat group, our class's beauty, Li Qian, mentioned you, she said you... said you... not only became a live-in son-in-law but also, also... are having quite a hard time?"

"Yes, that's right."

Qin Feng smiled.

He recalled seeing Li Qian a few days ago at the Cloud Peak sales office, and then being slapped by Feng Guoqiang, leading to him losing his job.

It must be her slandering him all over the place!

"Regardless, we are still good brothers!" Xu Hu said, "Will you come to the class reunion tonight? Oh right, I forgot to tell you, Jiang Yuexin is also coming, do you remember Jiang Yuexin? She's a big star now, very famous!"

"Okay."

Qin Feng replied crisply.

"Haha, I knew as soon as I mentioned her, you would come, even though you've always been aloof and never participated in class activities, no man would refuse the chance to meet a beautiful star, haha... but I remind you, she's not someone we ordinary folks can think about, just look from a distance when the time comes."

Xu Hu laughed.

"..."

Qin Feng was speechless.

His reply was so straightforward, purely because of Xu Hu's invitation.

How could he not accept a brother's invitation?

Chapter 67: Having a Really Rough Time!

Nighttime.

The streets are aglow with lights and mirth, neon signs flickering.

Qin Feng rode his electric bike to the Swan Lake Night Club, where Xu Hu was already waiting for him at the door.

"Brother Feng!"

Xu Hu excitedly approached and gave him a solid bear hug, "Amazing, it's been years, and finally, we meet again!"

"Alright, alright, let me go, I'm quite straight, you know."

Qin Feng said with a laugh.

"Buzz off, you're the one who's not straight!"

"Don't even. As if I don't remember the time we went to the bathhouse together, and you couldn't take your eyes off the hunk holding the soap bar."

"That was..."

"Enough, no need to explain. I get it, I get it, just don't crush on me, will you?"

Qin Feng said, chuckling.

It was only with Xu Hu that he would make these kinds of jokes.

This kind of friendship wouldn't fade with time, nor would it grow strange with long absences; on the contrary, it's like aged wine, becoming more and more mellow.

"By the way, Brother Feng, I heard things aren't going so well for you lately." Xu Hu sized him up and down, saying, "You haven't been beaten up, have you?"

"What do you mean?"

"I heard from our classmates that you get beaten up every day, a single disagreement and your mother-in-law slaps you, your wife also kicks you around from time to time, even making you wash her feet daily." Xu Hu said, "Brother Feng, tell me, are you being forced? If so, I'll go settle the score with them right now!"

"Stop it, how could that be?"

Qin Feng couldn't help but give a bitter smile.

Just at that moment.

Their class monitor, Ding Zhihao, came to the entrance, mocking with a laugh, "How could that not be possible? Coming to such a fancy hotel and you're riding an electric bike. If you don't have a car, at least hail a taxi, right?"

Ding Zhihao had always disliked Qin Feng.

Back in high school, in other grades and other classes, it was always the handsome, intelligent class presidents whom the pretty girls liked.

But only in their class did the beauties seem more interested in Qin Feng instead.

Even though Qin Feng was usually sloppy, always slept in class, and didn't pay attention to people.

Especially the school beauty Li Qian and the gorgeous Jiang Yuexin, it was rumored they both wrote love letters to Qin Feng, which intensified his hatred toward Qin Feng even more.

A couple days ago when organizing a class reunion, someone mentioned Qin Feng's sad plight, and he couldn't wait to have Xu Hu contact Qin Feng and invite him too, just to have the chance to ridicule him.

"I mean, Qin Feng, this is Swan Lake. Riding some beat-up bike here, isn't that an embarrassment to our class?"

Ding Zhihao said with a smile.

"This electric bike is newly bought, what's beat-up about it?"

Qin Feng shrugged.

"Ha ha! Really down on your luck, I truly feel sorry for you!"

Ding Zhihao said cheerfully.

"Monitor!"

Xu Hu, hearing the sarcasm in his words, frowned, "Don't talk about Brother Feng like that!"

"Hey, I'm saying, Xu Hu, do you even remember your last name? Believe it or not, with one phone call, I can get you fired? And I could make sure no delivery company in the whole Lake City would dare hire you!"

Ding Zhihao laughed arrogantly.

"..."

Xu Hu was instantly choked up, looking extremely embarrassed.

"Hmph, you better be more polite to me from now on!"

Ding Zhihao said proudly.

As he made his way inside, Xu Hu was still visibly upset, clenching his fists, but finally he let out a helpless sigh and said to Qin Feng, "Brother Feng, I'm really sorry. I'm about to get married and I can't lose my job, otherwise whoever insults you, I'd slap them square in the face!"

"It's fine, it's not a big deal. Speaking of which, you packing on so much weight, can you even keep up with the delivery work?"

Qin Feng said with a smile.

"Got no choice. I was bad at studying, couldn't find a good job. I worked in a factory before, but the pay was too low. Delivery is tough, but it pays more!" Xu Hu said, "Don't laugh at me. Look at you, coming to a gathering, and you're riding an electric bike too."

"I'm doing it for convenience."

Qin Feng said.

This place is too close to home, just like going to Wanfu Building, it takes less than five minutes by electric bike, and if you take a taxi, you'd arrive on a bike before the taxi even comes.

"Alright, brother, I understand the life you're living now. Let's head in too!" Chapter source: My Virtual Library Empire (*).

Xu Hu said.

As the two of them walked in, Xu Hu reminded him, saying, "When you see Jiang Yuexin later, don't even think about making a move on her! She wrote you love letters back in the day, but that's all in the past. Now she's become a big star; only a bastard like Ding Zhihao is worthy of her. Ding Zhihao is pursuing her, so you better not dwell on it, to avoid getting in trouble with him."

"Oh? What's he doing now?"

Qin Feng asked.

"He's big time now! Do you know Brother Hai? He's one of the top dogs in Lake City's underworld and also the owner of Swan Lake."

Xu Hu said.

"Pang Dahai?"

Qin Feng was taken aback for a moment.

He remembered one of Fang Wudi's disciples was also involved in the underworld.

Xu Hu immediately tensed up and covered his mouth, anxiously saying, "Brother Feng, you absolutely mustn't mention his nickname! Otherwise, it's a dead end; you must address him as 'Brother Hai'!"

"..." Qin Feng was embarrassed and said, "So Ding Zhihao is with Brother Hai?"

"Not really, but I heard his boss is very powerful and has some connections to the all-seeing Brother Hai."

Xu Hu explained.

"..."

Qin Feng was stunned.

That's stretching the connections a bit too far!

"Scared now, huh? Brother Hai is a Big Shot! Anyway, Ding Zhihao already has a beef with us, we definitely don't want to provoke him."

Xu Hu cautioned again.

Inside the luxurious private KTV room, everyone had already arrived, totaling over forty people, sitting at five long tables, with a mix of men and women.

The best seats in the middle naturally belonged to those who were most successful, people like class president Ding Zhihao, Jiang Yuexin, the school beauty Li Qian, and others.

Everyone was also gathered around them, fawning over them.

"Yue Xin, you're getting more and more beautiful, truly the pride of our class!"

Someone buttered up.

Ding Zhihao glared at that person and said, "Can you speak properly? She's not just the pride of our class but of the entire school!"

"Right, right, right..."

Everyone chimed in in agreement.

Li Qian then said, "Yue Xin, I'm so envious of you, becoming a big star. Unfortunately for me, I just resigned recently... Do you think I could enter the entertainment industry?"

"Of course you can!"

Jiang Yuexin said with a smile, "You've been the joke of our school, but you look great and have a fantastic figure, plus you sing well. You can definitely make it."

"Really? That's great, could you possibly refer me later?"

Li Qian's eyes shone with excitement.

"Actually..."

Jiang Yuexin wanted to say that someone from the same class, Qin Feng, was her boss.

But thinking that Qin Feng treated her as his own and kept his identity hidden, she held back and smiled, "I'll ask for you later on, there shouldn't be any big problems."

She had heard from Qin Feng that he wanted to cultivate a couple of new talents.

From an external standpoint, Li Qian was indeed very suitable, and they were classmates too, so it might just work out.

"That's wonderful, I'm so grateful to you!"

Li Qian was delighted.

Then,

She snorted and said, "Having you in our class is really great, someone who could be useful. Unlike some people, don't even talk about expecting help, they even show up at people's doorsteps acting like a kept young man, utterly shameless."

The crowd all laughed.

Everyone knew she was referring to Qin Feng.

Speak of the devil, and he shall appear.

At this moment, Qin Feng and Xu Hu arrived at the private room. Xu Hu greeted everyone with a smile, "Sorry, everyone, we're a little late."

Chapter 68: Cephalosporin!

"I was thinking, did you just finish delivering food before you came here?"

Someone laughed.

"I'm saying, Hu Zi, after all these years, you ended up delivering food for a living. How did you manage that?"

Everyone else joined in the laughter.

"I don't steal, nor do I rob. I earn my living through honest work. What's there to laugh at?"

Xu Hu was somewhat displeased and pulled Qin Feng to a corner of the room.

Seeing him, Li Qian's mouth curled into a sneer, and she purposefully raised her voice, "Oh, isn't that Qin Feng? I heard from the class monitor that you came on an electric scooter?"

"Ha-ha, coming to such a fancy restaurant and you arrive on an electric scooter, you're even worse off than Xu Hu."

People burst into laughter.

Li Qian then mockingly laughed and said, "You guys are wrong about him. He's now the Xu family's live-in son-in-law. He doesn't need to work; he's got food to eat. Could any of you do that?"

"Ha ha ha ha..."

The room burst into laughter again.

Only Jiang Yuexin was feeling very embarrassed. She couldn't dare to mock Qin Feng. She initially wanted to help Li Qian speak to Qin Feng in good terms, but Li Qian started mocking Qin Feng first.

"Qian Qian, stop it..."

Jiang Yuexin anxiously tugged at her quietly.

Li Qian, unfazed, continued, "Yuexin, just look at him now. It's fortunate that I didn't end up with him; it's really too disgraceful. Tell me, can't a man make an honest living, must he leech off someone and be a kept young man?"

"Exactly!"

Ding Zhihao also jeered, "For a man to stoop this low, there's no dignity left to speak of. How did our class end up with such a loser?"

At this moment,

Xu Hu, seeing this, angrily exclaimed, "Ding Zhihao, have you no end!!"

He had already tolerated it at the entrance.

But now, in front of so many people and still insulting Qin Feng, he couldn't stand it anymore.

"What, you want to fight me?"

Ding Zhihao sneered disdainfully and said, "You're just a deliveryman, don't act tough with me! One call and I can make you beg in Lake City, believe it or not?"

Qin Feng stepped forward and shrugged, "Alright then! Make the call!"

"Brother Feng, this is my issue..."

Xu Hu was worried for him.

"Your issue is my issue."

Qin Feng said.

Xu Hu knew well that he couldn't afford to offend Ding Zhihao, but still stood up for him. This loyalty could not go unremembered!

"Alright, then I won't hold back, my boss just happens to be at Swan Lake tonight."

Ding Zhihao sneered and took out his phone, pretending to make a call.

The others also started getting excited.

They didn't have any particular feelings for Qin Feng or Xu Hu; they were just eager to see the extent of the class monitor's influence!

At that moment,

Jiang Yuexin suddenly stood up and sternly said, "Ding Zhihao, enough!"

"Oh?"

Everyone turned their gaze to her.

Not understanding why she suddenly got upset.

Jiang Yuexin continued, "We are all classmates; is it fun mocking each other like this? This is a class reunion, not a mocking competition!"

"Yuexin, you've said it wonderfully; truly a kind-hearted goddess."

Ding Zhihao eagerly nodded in agreement.

He was pursuing Jiang Yuexin and, since she had signed with Haohan Company, he couldn't afford to slight her.

The others also praised her.

However, she couldn't bear these compliments and nervously glanced at Qin Feng. Seeing he didn't take it to heart, she finally relaxed.

The drinks and dishes quickly arrived.

Ding Zhihao, raising his glass, addressed everyone, "It's not easy for us, classmates, to gather after so many years; come, let's drink together!"

Everyone raised their glasses.

As the wine flowed, people mingled and reminisced about their school days.

Of course.

Everyone was listening to Ding Zhihao and toasting to him, ignoring Qin Feng and Xu Hu as if they didn't exist.

At that moment, Xu Hu held up his glass, stood up, and smiled at everyone: "Here, I'd like to toast everyone and share something."

People looked at him.

"It's like this, in another week, I'm getting married, and I would like everyone to come."

Xu Hu said with a smile.

Upon hearing this, everyone exchanged glances, clearly, no one was interested in going.

Even a few pretended not to hear and continued chatting and drinking on their own.

Your support on * keeps this series going.

No one responded, and Xu Hu felt embarrassed.

At this moment, Qin Feng lifted his glass and said, "Don't worry, I will definitely be there. Cheers!"

After he spoke,

he drained his glass.

"Good brother!"

Emotion flickered in Xu Hu's eyes.

Seeing Qin Feng make a statement, Jiang Yuexin immediately held up her glass and smiled: "Hu Zi, congratulations in advance, I'll be there too."

What?!

Everyone was shocked.

A big star like her rarely appears in such gatherings, and now she's attending the wedding of a classmate who delivers food?

Xu Hu was also taken aback and somewhat flustered.

With Jiang Yuexin leading,

others followed with insincere congratulations, saying they would definitely attend.

At the same time, they felt very jealous.

Why would such a big star like Jiang Yuexin attend his wedding!

Then, someone noticed that Xu Hu was drinking tea and exclaimed: "Hu Zi, why aren't you drinking alcohol and instead having tea? That's too perfunctory!"

"Oh, I've been running a fever these past few days and am on antibiotics; I can't drink alcohol, so I'm substituting it with tea."

Xu Hu apologized.

"How can that be acceptable? All of us have agreed to go to your wedding, and you are just drinking tea? You're not showing respect to your brothers!"

Another person scoffed.

"Probably wants to finish this meal and then go deliver food! I mean, Hu Zi, it's rare for us classmates to gather, are you really going to dampen everyone's spirit?"

"Really not thoughtful enough!"

"..."

People began to speak up.

Xu Hu anxiously took out a box of antibiotics and said, "Really, I am taking medication and can't drink."

"Cut it out, so what?"

Ding Zhihao stood up, smiling, "If you're a brother, just drink the liquor and don't use sickness as an excuse. Do you want a minor illness to affect our brotherhood, or do you simply look down on us?"

"Exactly, who hasn't been sick before."

"Clearly looking down on us."

"..."

Xu Hu's face became difficult, seeing this, Qin Feng said, "Are you guys idiots? Drinking alcohol after taking antibiotics can kill a person!"

"Like you have a say? Good brothers share weal and woe, life and death, all in this liquor, you don't know shit!"

Ding Zhihao snapped.

"Yes, yes, not even willing to drink together, what kind of brother is that! How are we supposed to attend your wedding?"

The others also said.

Seeing this, Qin Feng turned to Xu Hu and said: "Let's go! We might as well skip this meal gathering, and there's no need to invite them to your wedding either."

"Okay!"

Xu Hu nodded.

He has always taken Qin Feng's advice.

As the two were about to leave, Ding Zhihao felt upset and shouted: "What the hell do you mean? Looking down on us? One is a freeloader, and the other a food delivery guy, are we just supposed to tolerate you guys?"

"Exactly, not drinking yourself but still inviting us to the wedding, truly shameless!"

Others also joined in.

Chapter 69: Miss, Please Have Some Self-Respect!

At this moment.

Qin Feng took the cephalexin from Xu Hu and turned to Ding Zhihao, saying, "If that's the case, let's do this—each of us takes a cephalexin and then drinks. Whoever refuses is a coward. Dare to do it?"

After speaking.

He quickly pretended to put a pill into his mouth, then picked up a cup of wine from the table, tilted his head back, and drank it all in one go. He then placed the pill tablet in front of Ding Zhihao's table, adding, "I've taken the medicine and I've drunk the wine, what about you? I believe, in front of so many people, as a squad leader, you won't back down, right?"

"You, you..."

Ding Zhihao was dumbfounded.

Who doesn't know that drinking after taking cephalexin could be fatal?

Qin Feng actually did it.

He wouldn't dare, even if it killed him.

But just now, he spoke harshly about Xu Hu, and if he backed down in front of so many people, how could he maintain his authority in the future? How would Jiang Yuexin see him?

This put him in a difficult position.

"Squad leader, why bother dealing with such people? Please, take a seat!"

Li Qian was giving him an out at this moment.

Seeing the situation, others also chimed in, "Exactly, it's foolish to drink after taking cephalexin. There's no need to be serious with a fool. They are about to leave anyways; just let them go and we'll continue our drink."

"Right, right, those two are the worst in our class, so embarrassing. Good riddance, we do not want such classmates. It'd be shameful to mention them."

"..."

In the private room.

People were toasting to Ding Zhihao, not paying any attention to Qin Feng and Xu Hu any longer.

"Right, squad leader, don't you have important matters to attend to?"

Li Qian shifted the topic at this moment and winked at him.

Ding Zhihao caught on immediately and cheered up, taking out a gift box and saying to Jiang Yuexin, "Yuexin, this is a gift I carefully prepared for you. If possible, would you be my girlfriend?"

Seeing this, everyone started to cheer, "Truly a golden boy and jade girl of our class!"

"Yes, yes, this couple is truly a match made in heaven!"

"..."

When the gift box was opened.

Everyone looked and their eyes widened in astonishment.

Inside was a diamond necklace, with a diamond as big as a pigeon's egg, sparkling brilliantly!

"Such a large diamond, even the most ordinary one would be a million, right?"

Li Qian exclaimed in amazement.

"No."

Ding Zhihao said with a proud smile, "This diamond is from the 'fanya' brand of Xiāngjiāng jewelry, costing seven million!"

"What?!"

Everyone gasped in shock.

Seven million!

That was a truly breathtaking price!

No girl could say no to such a precious and beautiful diamond; many girls were already green with envy, wishing they could have it immediately.

"So beautiful!!"

"Yes, the squad leader truly adores Yuexin!"

"..."

Seeing the expressions of everyone, Ding Zhihao's mouth curled into a smug smile.

Everyone knew that Jiang Yuexin was a big star, but they didn't know how powerful Haohan Company, the company she was under, really was. Ding Zhihao had seen her potential early on. By winning her over, his own future would also be bright!

Therefore, spending more money would yield greater returns!

"Yuexin, I am so envious of you!"

Li Qian said with immense envy at this moment.

Little did anyone know.

Jiang Yuexin stood up at this moment, saying calmly, "Sorry, Qin Feng has just taken medication and had alcohol; we must rush to the hospital immediately."

Saying so,

she immediately went to help Qin Feng, concernedly asked, "How are you feeling right now? Come on, let's quickly go to the hospital."

"..."

Everyone was stunned.

They hadn't expected Jiang Yuexin to disregard the diamond necklace offered by Ding Zhihao and lower her own status to care for that incompetent Qin Feng?

"Yue Xin, I, I..."

Ding Zhihao was somewhat baffled.

Jiang Yuexin turned her head and looked at him coldly, then said, "I don't like you, so please stop bothering me from now on. Also, I already have someone I like!"

Someone she likes?

The crowd exchanged looks, and Ding Zhihao was even more astonished.

He had already inquired earlier and found out that Jiang Yuexin was still single.

"The person I like is Qin Feng!"

She said again.

"What?!"

Everyone was shocked to the point of dropping their jaws. Enjoy the story by reading on *.

"Yue Xin, no way? He is a total loser now, how could he possibly be worthy of you?"

Li Qian hastily said.

"Yeah! He, he doesn't match up to you in any aspect!"

Ding Zhihao also said anxiously.

Jiang Yuexin glared at him, and without another word, kissed Qin Feng on the lips!

In an instant.

The entire room seemed, seemed to have frozen, everyone was dumbfounded!

Even Qin Feng was completely baffled!

After a while.

Qin Feng then awkwardly pushed Jiang Yuexin away, saying, "Please respect yourself..."

Pfft!!!

Everyone almost spat blood.

A beautiful celebrity took the initiative to kiss you, you pushed her away, and you even asked her to respect herself?

Ding Zhihao was even gnashing his teeth in anger.

Jiang Yuexin ignored him and walked out of the room with Qin Feng and Xu Hu.

As soon as they left.

Jiang Yuexin immediately bowed respectfully to Qin Feng, saying, "Sorry, just now I...I only kissed you because they kept ridiculing you, so in a rush, I kissed you to shut them up..."

"Alright, I know. You can leave; I still have to meet up with Hu Zi."

Qin Feng said indifferently.

"You've taken medicine and drunk alcohol; I should still hurry and take you to the hospital!"

Jiang Yuexin was very concerned.

"No need, I have a plan."

Qin Feng said.

Seeing his insistence, she finally gave up, saying, "I will leave now, and from now on, I will not contact them anymore."

"Yes, go on!"

Qin Feng said.

Jiang Yuexin bowed respectfully to Qin Feng again, before hurriedly leaving the place.

At this moment, Xu Hu was so shocked that his jaw dropped, and he said, "Brother Feng, you, you are amazing! She's a big celebrity and she actually kissed you directly, and it seems she even listens to you, not caring about your poor conditions or that you're married!"

"Now I understand why she attended my wedding, it was completely for Brother Feng's sake!"

"..."

Qin Feng, feeling embarrassed, said, "No need to make a big fuss."

At the same time.

He also sighed deeply in his heart, "My first kiss, just gone unexpectedly like that, sigh..."

After Xu Hu finished exclaiming, he said, "But right now, the urgent matter is to hurriedly take you to the hospital, mixing medicine with alcohol is no joke."

"Really, it's not necessary."

Qin Feng, smiling, took out the pill of cephalosporin, saying, "I didn't actually take it, just scared that guy!"

He had pretended to take it, but actually kept it between his fingers.

His movement was so fast, not to mention them, even the masters of the Sky Dragon List might not have noticed.

"So that was it, you scared me into a cold sweat!"

Xu Hu finally let out a sigh of relief.

At that moment.

Ding Zhihao, who had just stepped out, happened to hear this and his eyes turned green with fury, uncontrollably saying, "You, you dared to trick me? Alright, very good! You two, don't even think about leaving here tonight!"

Chapter 70 - 70 Boss, Godmother?

People in the private room heard the shouting and came out one by one.

Upon learning that Qin Feng hadn't taken the antibiotics previously, they became angry, "Dammit! We treated you like a brother, and you played us!"

"Heh, brothers?"

Qin Feng sneered disdainfully, saying, "Sorry, I don't have 'brothers' like you."

"You, you're seeking death!"

An athlete from the class immediately raised his fist and rushed over.

At this moment, the security guard heard the disturbance here and called out, "Hey, what are you all doing! Think about where you are before you cause trouble!"

"Big brother, we're all old classmates, just joking around, hehe..."

Ding Zhihao said with a forced smile.

Then.

They took Qin Feng and Xu Hu back to the private room.

Xu Hu immediately grabbed a wine bottle from the table and shielded Qin Feng with it, saying, "Brother Feng, you go first, leave this to me!"

"Put the bottle down, it's not worth dirtying your hands hitting them."

Qin Feng said.

"Dammit!"

Ding Zhihao was furious, saying, "Are you freaking that arrogant?"

Qin Feng ignored him and dialed a number.

Seeing this, Ding Zhihao's mouth curled into a cold smile, "Calling for help? Hah, aren't you just the Xu family's son-in-law! Do you think the Xu family is that powerful? Let me tell you the truth, my boss is Brother Hai from the Underworld. Your ten Xu families aren't even enough to fill the gaps in Brother Hai's teeth!"

"Let him call for reinforcements!" Li Qian said with a smile at this moment, "Wait until his people arrive, we can take care of them all together, then pin them to the floor and scrape them, that'll be fun!"

"Alright, let's listen to the school belle, hahaha."

Ding Zhihao also sat down and called his boss.

Qin Feng's call went through, and before he could speak, Pang Dahai excitedly said, "Master, what instructions do you have for calling me?"

Taking the initiative to call on the phone, no matter what, it means one thing.

That is, he regards you as important!

Having such an important person regard him, Pang Dahai was extremely agitated.

"I'm at your place, Swan Lake."

Qin Feng said.

As he finished, Ding Zhihao also ended his call, leaned back on the sofa, crossed his legs, and said, "Qin Feng, I've disliked you for a long time, now I can finally take care of you!"

Less than three minutes.

The door to the private room was opened.

A bulky man with a brawny stature, fierce look, and a scar on his face, Pang Dahai, arrived here.

"Brother, Brother Hai?!"

Ding Zhihao, shocked, dropped the cigarette he was holding to the floor.

He had just called his boss.

But he hadn't expected Brother Hai to show up!

This made him extremely flattered and jittery with excitement.

Everyone heard the words "Brother Hai" and were equally extremely astonished, not expecting the class leader to have called such a Big Shot from the legends, it was incredible!

They looked at Ding Zhihao with eyes full of admiration.

While Ding Zhihao was feeling smug, rising to offer a cigarette, he saw Pang Dahai speaking to Qin Feng in a respectful and warm manner, "Mr. Qin, your visit truly graces our humble place. Why didn't you notify me earlier so I could have made arrangements?"

"No need, it's just a meal with classmates."

Qin Feng said indifferently.

Dammit!

What is this guy playing at?

He clearly was the one who called Brother Hai here!

Ding Zhihao cursed inwardly.

Just as he was about to explain, Pang Dahai looked towards Ding Zhihao and Qin Feng's classmates and warmly said, "You all are our own people, eat well, drink well, have fun tonight, and all expenses are on the house!"

"Really? That's great!"

"Thanks a lot, Brother Hai!"

"..."

Everyone began feeling overwhelmed with joy.

Brother Hai is so enthusiastic, and he even says we're his own people. If this gets out, we can brag about it for half a year!

Ding Zhihao couldn't hold back anymore and stepped forward with a smile: "Brother Hai, there's been a misunderstanding, we're classmates, not with those two guys. Those two pieces of trash wanted to cause us trouble!"

"Right, right, those two are not with us."

"Don't give these two faces."

"..."

Pang Dahai looked doubtfully at Qin Feng and Xu Hu.

Qin Feng still shrugged indifferently and said, "They're right, the two of us are not with them."

"So that's how it is, understood!"

Pang Dahai finally understood what was going on.

Then.

His previously warm expression suddenly turned cold, and with a "smack," he slapped Ding Zhihao across the face and said coldly, "Dare to insult Mr. Qin? And you guys, seems like you all want to die!" Find the translation on MV&LEMPYR.

"..."

Everyone shivered in fear right then.

Ding Zhihao, covering his face, stammered: "Brother Hai, it's a misunderstanding, a misunderstanding! I was the one who invited you here, Sister Mei, she's my boss."

"Yang Limei?" asked Pang Dahai.

"Yes, yes, exactly, it's her, I was the one who called her, she is my boss...," Ding Zhihao hurriedly said, "not that piece of trash!"

Trash?

Upon hearing this, Pang Dahai slapped him another time.

Ding Zhihao didn't dare to utter a word after that.

Then.

Pang Dahai called Yang Limei to come here quickly.

Seeing this, Ding Zhihao finally breathed a sigh of relief.

As long as the boss comes, all the misunderstandings would be cleared up, and these two slaps he received must be returned tenfold by Qin Feng!

Now, everyone deeply resented Qin Feng.

Ding Zhihao had pulled connections to invite Brother Hai, yet it was Qin Feng, that bastard, who put on airs!

Soon.

A woman who was dressed flamboyantly with lots of snow-white skin visible under her neck, but who was extraordinarily ugly with freckles on her face and buck teeth, arrived at the private room.

Seeing her, Ding Zhihao was overjoyed, the savior had finally arrived!

He hurried forward, with a ready-to-cry wronged facial expression.

Yang Limei noticed the tense atmosphere and cautiously asked Pang Dahai, "Brother Hai, what happened here?"

Pang Dahai pointed at Ding Zhihao and said, "He insulted my esteemed guest, he's said to be your man?"

Yang Limei felt the chill in his tone and shuddered immediately.

She remembered the last time he got angry; it was years ago when several people died, causing chaos in the entire Underworld of Lake City for three months!

"Smack!"

Without another word, Yang Limei slapped Ding Zhihao and scolded, "Useless trash!!"

Then.

She anxiously said to Pang Dahai, "Brother Hai, he is just a foster son I keep. From now on, there is no relationship between us whatsoever, please have mercy Brother Hai..."

Foster son?!

Qin Feng, Xu Hu, and even Li Qian were stunned.

Ding Zhihao, feeling the hot sting on his face, no longer cared about his pride. He scurried and clung to Yang Limei's legs, pleading, "Foster mom, I know I was wrong, please don't abandon me..."

His entire affluence, the luxury cars, yachts, villas, and the respected status, all were provided by Yang Limei.

Without his foster mom.

He would be no different from an ordinary nobody, and he didn't want to end up like that.

"You useless trash!"

Yang Limei slapped him again on the face, saying, "Before it was still okay, now you can't even last three minutes every time, why should I keep you? Now you've even offended Brother Hai's esteemed guest, you're just asking for death!"

"..."

Everyone was completely stunned at this moment.

Turns out Ding Zhihao was a young man kept by a wealthy woman!

And this wealthy woman was damn so ugly!
