The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 71: I am your husband!

At this moment.

Ding Zhihao, failing to plead with Yang Limei, hurriedly begged Qin Feng, saying, "Brother Feng, I apologize to you, I shouldn't have cursed at you, please forgive me..."

While pleading, he tried to hug Qin Feng's feet.

Qin Feng raised his eyebrows and said, "This place is disgusting, let's go!"

He stood up, turned to Pang Dahai and said, "You handle this, it's not a big deal, I'm leaving first."

"Yes, yes, Mr. Qin, take care."

Pang Dahai hurriedly bowed respectfully.

Everyone, seeing this, regretted it deeply; had they known he was acquainted with Pang Dahai, they wouldn't have mocked him from the start, but now it was too late to regret.

Especially the school beauty, Li Qian.

Only now did she truly believe that the respect Feng Guoqiang showed him at the sales department was not a fluke, but because he really was formidable...

Qin Feng, uninterested in dealing with these people any longer, found even another glance at them disgusting.

In the corridor.

Xu Hu still hadn't reacted and blankly asked Qin Feng, "What... what actually happened..."

He couldn't comprehend how the once-dominant Pang Dahai in Lake City was now showing such respect to Qin Feng.

"What if I said, I am his Master, would you believe me?"

Qin Feng said with a smile.

"Stop talking nonsense, just tell me, what happened?"

Content first released on *.

Xu Hu hastily said.

Qin Feng gave a wry smile and responded, "I already told you, but you didn't believe me."

"Please, there's a limit to showing off." Xu Hu clearly didn't believe him and after slightly pondering, said, "It must be because you married into the Xu family, using the Xu family's connections, right? Otherwise how would you know such an influential figure?"

"..." Qin Feng was embarrassed.

"No matter what, it's good to get some revenge. I never expected Ding Zhihao to be such a playboy."

Xu Hu said excitedly.

Just then,

his phone rang—it was his girlfriend asking him to come home early.

"Babe, please, I'm with Brother Feng, and it's been a long time since I've seen him..."

Xu Hu said.

Qin Feng then patted him on the shoulder and said, "Don't worry about me, go ahead! Family is most important, we can meet up some other time, rest assured, I'll definitely be there on your wedding day."

"Then, then I'm going!"

Xu Hu said, embarrassed.

"Go on, get going, and don't catch a cold." Qin Feng joked, "I guess she wants you back early to make little ones!"

"I..."

Xu Hu hesitated, looking dejected, and said, "Alright, I'll head back first."

As Qin Feng watched him leave, he sighed.

Xu Hu is almost going to be a father, and here I am with no chance to even touch my wife.

"Right, about the upcoming 'adventure activity', I wonder if there'll be a chance..."

As he was thinking,

at that moment,

suddenly from one side of the corridor, a woman rushed out, slamming right into him.

"Is it you?"

Qin Feng recognized her; it was Su Ruolan.

Su Ruolan, looking somewhat anxious and recognizing Qin Feng, quickly said, "Help me out for a second."

Right after,

a drunk man in a suit, tottering out, lecherously said to Su Ruolan, "Ruolan, just give in to me! You see I've been chasing you for so long."

"Yes!"

A fashionably dressed woman following him also persuaded, "Ruolan, Mr. Du has always been deeply in love with you, and it's also the mutual wish of both families!"

"But, I don't like him!"

Su Ruolan frowned.

The Du Family is the second-tier family in Lake City, and the older generation had always interacted with the Su Family, maintaining a good relationship.

Mr. Du had been constantly pursuing Su Ruolan.

Su Ruolan knew he was a playboy; she disliked such men and had been refusing him.

Today, after celebrating her good friend Zhou Ruoya's birthday and everyone had left, Mr. Du, having drunk too much, attempted to forcibly molest her, which she found even more unacceptable.

"I... already have someone I like!"

Su Ruolan added.

"The coworker who was speaking intertwined her hands with Qin Feng, leaned on him, and said, 'He is the one I like!'"

"Who is this now?"

Mr. Du was stunned.

Qin Feng also despised this shameless man, wrapping his arms around Su Ruolan's slender waist, smiling slightly, and said, "Hello, I'm her boyfriend. What can I do for you?"

"Boyfriend? Impossible!"

Mr. Du exclaimed in disbelief.

Zhou Ruoya, standing behind him, was also surprised and said, "Ruolan, isn't this too fake? How come I've never heard you mention someone you like?"

"It's true!"

Seeing their disbelief, Ruolan, with sparkling eyes, looked at Qin Feng, then tiptoed, wrapped her arms around his neck, and kissed him!

After the kiss.

She then said, "Do you believe it now?"

"..."

Mr. Du and Zhou Ruoya were speechless and slack-jawed.

"Let's go."

Su Ruolan took Qin Feng, heading towards the exit.

Only after exiting the Swan Lake Night Club did she hesitantly let go of Qin Feng, saying, "I'm sorry about earlier, I really had no choice."

"...No worries."

Qin Feng forced a smile.

What exactly is going on tonight?

First being kissed unexpectedly by Jiang Yue Xin, and now by Su Ruolan, could it be that my romantic luck is too strong tonight?

"How did you get here? Should I give you a lift?"

Su Ruolan asked him.

She knew that Qin Feng was not having a good time at the Xu family and didn't have a car.

"No need, I came by electric bike."

Qin Feng replied with a smile.

He went to the corner to get his electric bike.

Seeing this, Su Ruolan hesitated, but couldn't help asking Qin Feng, "I think you're much more capable than most people. Why are you... still staying at the Xu family?"

"Heh, it's obviously because of my wife." Qin Feng laughed, "I'm going!"

He rode the electric bike through the neon-lit streets.

Watching his figure disappear, Su Ruolan suddenly felt an inexplicable sourness...

Back home.

As Qin Feng entered the bedroom, he saw Xu Yunxiao trying on clothes; she was just about to take off her dress, exposing her white skin completely to the air; his eyes suddenly widened, his blood rushing...

"Ah!"

Seeing him, Xu Yunxiao screamed in shock, hurriedly covering herself and indignantly said, "You, you're shameless!"

"Cough cough... I am your husband."

Qin Feng said sheepishly.

"That's shameless too!"

Xu Yunxiao's face turned red as she hastily put her dress back on.

Tomorrow she would be joining the adventure group, an event attended by people of status. It was her first time, so she felt nervous, that's why she was choosing her outfits, packing her luggage.

"Speaking of which, you should also get your clothes ready."

Xu Yunxiao said.

"Me? Just those two or three pieces, no need to arrange them."

Qin Feng responded.

"..."

Hearing this, Xu Yunxiao felt a bit guilty.

Thinking back, over the past three years, she only bought him a suit a few days ago. His clothes were all bought by himself from street stalls.

And he, on the other hand, had bought her a car and such an expensive birthday gift.

Thinking of this.

Xu Yunxiao's tone softened somewhat, saying, "Qin Feng, have I been too harsh on you? I didn't mean to be like this; I just hope you can be more successful. To make up for before, I can fulfill one of your wishes."

"Really?!"

Qin Feng immediately looked up, his eyes gleaming as he looked at her beautiful figure.

Could it be.

Is my romantic luck actually peaking tonight?!

Chapter 72: Get on the Car!

First, being kissed by Jiang Yuexin, then by Su Ruolan—both absolute beauties. If I don't call this romantic luck, I'd be lying.

Qin Feng became excited.

He had been waiting for this day for a full three years!

"Wife, I want to sleep with you!"

Qin Feng finally voiced his deepest desire.

But who knew.

Right after he said it, Xu Yunxiao immediately responded angrily: "Scram!!"

"..."

Qin Feng's excited expression instantly froze.

He bitterly smiled to himself; as expected, it's still a no-go?

Xu Yunxiao glared at him irritably.

In fact, after coming home on the night of Qixi last time, she had already allowed Qin Feng to sleep in the bed, but he had seen her wardrobe malfunction back then and got a nosebleed, quickly abandoning that idea.

Yunxiao would have actually agreed to his request just now.

It's just that she noticed Qin Feng's gaze was too "lecherous." Although she was slowly starting to accept him, it still required a process, didn't it?

With him thinking about that immediately, she dared not let him sleep in the bed!

"Make another wish!"

Xu Yunxiao said with a flushed face.

"Ah..."

Qin Feng sighed deeply, a picture of dejection, and decided to change his strategy. Little by little, starting from the basics, he then asked, "Can I kiss you?"

"Scram!"

"Just a peck..."

"Scram!"

"..."

Qin Feng sighed with defeat again, his face full of immense sorrow, like a room full of sad autumn leaves.

Xu Yunxiao couldn't stand to watch anymore, her heart softened, she simply got up and pecked his face, saying, "Alright, hurry up and sleep, we need to get up early tomorrow!"

"..."

Qin Feng's spirits soared.

He relished the brief touch of that instant, feeling electrified all over...

At the same time.

He secretly thought to himself that the first step had been taken, and the next task was the second step. Maybe the adventure activity would provide an opportunity. When the time comes, he and she would sleep in the same tent, hehehe...

The next day.

Before dawn, the adventure group of over eighty people arrived at the designated location, with two buses already waiting.

Their destination this time was Nine Dragons Mountain, a famous wild mountain.

The mountain was steep, with small forests, rivers, valleys, and so on, rumored even to be home to wolves and tigers.

Their mission was to cross Nine Dragons Mountain without cell phones or any communication tools. Afterwards, a helicopter would be waiting on the other side to take them back.

People got on the bus one by one.

At this time, Qin Feng saw that Su Ruolan was also invited to join.

She was dressed in a pink mountaineering suit today, looking fresh and beautiful.

"You're here too?"

Su Ruolan's eyes flashed with a hint of inexplicable joy when she saw him.

At this moment, Duke also came up to Qin Feng, frowning, "Kid, you left with Ruolan last night, right?"

"Is there a problem?"

Qin Feng asked.

"I'm warning you, offending me won't end well for you."

Duke said with an ominous look. Enjoy the story by reading on

Right then, two bodyguards responsible for the adventure activity yelled, "Everyone, hurry up and get on the bus!!"

"Hmph!"

Duke snorted coldly at Qin Feng one more time, and got on the bus.

These few bodyguards were elite masters from Tiger Sect, specially invited from outside by the Zhao Family, the organizers of this adventure activity.

Tiger Sect is a renowned Martial Arts Sect in Hanjiang Province, specializing in training martial arts elites and undertaking various bodyguard and protection tasks. Especially these six people, they are frontline experts of Tiger Sect!

Nowadays, adventure activities are no longer mainly about "adventure" but instead about networking. It involves elites from the younger generation of various families, so safety is of utmost importance.

Even these rich kids have to give face to the skilled fighters from Tiger Sect.

Qin Feng and the others also began to board the bus.

As soon as they got on,

he immediately headed to a corner in the second-to-last row and called out, "Wife, over here!"

The journey from Lake City to Nine Dragons Mountain takes a full four hours. Everyone set off early in the morning and would definitely need to sleep through the morning.

This spot is more secluded after all, allowing for holding hands and hugging without being seen by others.

Just as Xu Yunxiao was about to head over there, she suddenly runs into an old friend—Lin Xue'er!

She is two or three years older than Lin Xue'er, and they have known each other since childhood, sharing a close relationship.

Lin Xue'er is the granddaughter of Elder Lin, a renowned antique master from Lake City. She had been studying archaeology abroad for the past few years and had only recently returned to Lake City. Recognizing Xu Yunxiao, she was also very excited and quickly said, "Sister Yunxiao, it's been such a long time since we've seen each other, come, sit here."

Seeing her also thrilled Xu Yunxiao, who called out to Qin Feng, "I'll sit here with Xue'er. You can sit over there by yourself!"

Having said that, she took her seat and started chatting away with Lin Xue'er.

Qin Feng let out a sigh of disappointment.

At that moment,

Su Ruolan walked up to where he was. Duke, who was sitting in the row to the left of Qin Feng, hurriedly invited her, "Ruolan, come sit here."

Su Ruolan glanced at him, and then sat next to Qin Feng, by the window.

"Ruolan, why, why did you sit next to that guy? I've already found out; he's that good-for-nothing son-in-law from the Xu family, and he's married!" Duke said in frustration.

At that,

several young men seating nearby all looked over, their eyes full of resentment.

Su Ruolan is indeed a stunningly beautiful woman.

When boarding the bus, they had all been looking forward to sitting next to her, and when they saw Mr. Du pursuing her, they didn't get their hopes up, especially since the Du Family is quite powerful among Lake City's second-tier families.

Who would have thought,

Su Ruolan would end up choosing to sit with the notorious good-for-nothing son-in-law from Lake City.

Listening to Duke's ranting, Qin Feng felt helpless and whispered to Su Ruolan with a wry smile, "My wife is here, I'm afraid I won't be able to play your boyfriend anymore."

"I'll just ignore him."

Su Ruolan said.

Following that,

she plugged in her earphones and looked out the window.

Seeing this, Duke became even more annoyed and glared fiercely at Qin Feng, "Kid, switch seats with me!"

"Why should I?"

Qin Feng glanced at him indifferently.

Then he too turned towards the window and closed his eyes, pretending to sleep.

Duke cursed out loud,

but was quickly stopped by Captain Wang, the leader from Tiger Sect, "Everyone, please start resting. This is your last chance to rest before entering the adventure zone. No shouting, please treasure this moment, and anyone causing trouble can get off the bus!"

Tiger Sect's skilled fighters are renowned and have been hired by the Zhao Family at a great expense to protect them for just a few days, with no regard for giving them any special treatment.

Silence fell in the bus.

Duke could only sulk in silence, thinking about taking his chance to get even with Qin Feng later.

Su Ruolan quietly said to Qin Feng, "Thank you."

"You're welcome." Qin Feng responded.

He wasn't actually trying to help Su Ruolan, but rather, it was because a 200-pound fat girl later sat next to Duke, with a pumpkin face, far too ugly.

Comparatively, he naturally chose to sit next to a beautiful woman.

At that moment, Su Ruolan took off one earphone, gently pushed it into Qin Feng's ear, and said with a smile, "This music will help you rest."

"Thank you."

Qin Feng felt her smooth and delicate fingers touching his ear as she pushed the earphone in, which was as comfortable as warm jade.

Listening to the soothing music,

sitting next to a gorgeous woman, Qin Feng yawned and closed his eyes to rest.

He did not know how long he had slept.

The bus suddenly jolted, waking everyone up.

Looking out the window,

they were surrounded by cliffs and crags, strange rocks everywhere...

Chapter 73 - 73 Kindhearted Young Master Zhao!

Gazing out at the mountains and rivers, these wealthy young masters are all brimming with excitement.

Clearly.

They're treating "adventure" as just a picnic.

"There's a quarter of an hour left."

One of the bodyguards spoke.

Qin Feng yawned and stretched lazily.

That's when he noticed Duke looking at him, with eyes as if he owed him millions, he blinked in confusion and asked, "What's wrong?"

"You, you shameless jerk!!"

Duke's eyes were bloodshot with anger.

Qin Feng looked down and was instantly stunned as well. Only then did he realize that Su Ruolan had somehow, at some point, crawled onto his legs and fallen asleep, her face even resting towards his crotch!

Provoked by Duke's shout.

The people in the surrounding seats all looked over, grinding their teeth in hatred.

The granddaughter of the Holy Doctor, not just beautiful enough to sink fish and fall geese, with an extremely high status, yet she's taken advantage of by Qin Feng, a good-for-nothing sponger, it's just not fair!!

At this moment, Su Ruolan groggily woke up to find herself sprawled across his legs and immediately her face flushed with embarrassment, she said, "So—sorry, I didn't do it on purpose..."

Pfft—!

The crowd felt like they were internally bleeding with anger.

The goddess was taken advantage of by that bastard, and she was actually apologizing to him.

Where's the justice in this world?!!

A moment later.

Two buses finally reached their destination.

More than eighty people, including six Tiger Sect masters, stood on the riverside clearing for a brief talk.

The organizer of this adventure was the Zhao Family.

Naturally, the leader was Young Master Zhao, Zhao Yu.

Zhao Yu stood in front of everyone, smiling, "Ladies and gentlemen, as I've informed you before, Nine Dragons Mountain is very dangerous, hence we've specifically invited six Tiger Sect masters for your protection, so there's no need to worry about safety, but you must listen to Captain Wang, as this is also part of the agreement with him."

"Second, since there are mostly mountain trails, you can't bring too much luggage; only backpacks, no suitcases."

"Third, as the best of Lake City's youth, we are the future of Lake City, so let's work together, unite, and enhance our friendship. I hope there are no conflicts between us."

"All right, that's all I have to say."

Following that.

A one meter eighty tall man, dressed in camouflage, with distinct facial features and sharp eyes, the Tiger Sect master, Captain Wang, stepped forward, "From now on, you must all follow my command. Otherwise, your safety is not within my protection responsibility, and if you die out in the wilderness, it has nothing to do with me!"

Ordinary bodyguards, in the eyes of these wealthy heirs, are like subordinates, servants.

But, these are frontline masters of Tiger Sect, full of arrogance, not the kind that these second or third-rate families can casually provoke.

Soon.

More than eighty people followed Captain Wang and set off towards the mountain.

Nine Dragons Mountain.

Named for its nine interlocking mountain ranges that resemble dragons.

Their goal is to cross Nine Dragons Mountain to mark the completion of this adventure journey.

Among the valley.

With the sounds of kingfishers and the running of streams.

People, carrying heavy backpacks, chattered and laughed along the way, it was less an adventure and more a picnic.

Zhao Yu pretended to casually walk up to Xu Yunxiao, saying with eagerness, "Yunxiao, where's your luggage? Let me carry it for you!"

"Ah?"

Xu Yunxiao was taken aback.

She and Young Master Zhao were not familiar at all, why was he coming over to bother with her out of nowhere?

Actually, Zhao Yu came with a mission this time.

Head of Zhao Family, Zhao Yuping, attended Grandma Xu's birthday feast, and had long recognized Xu Yunxiao's potential. Not only did Haohan Company collaborate solely with her, but at the "Qixi Love" romantic dinner, other big shots like Feng Guoqiang and Pang Dahai also congratulated her specifically.

Therefore, the Zhao Family didn't care if Xu Yunxiao was "second-hand" anymore, as long as they secured her, perhaps the Zhao Family could also rise to become a first-line wealthy family in Lake City!

As for her husband Qin Feng?

A reliant layabout, hardly worth mentioning.

"No need, thank you..."

After a moment of bafflement, Xu Yunxiao hastily and somewhat embarrassedly declined.

"Don't, let me help you! It's pretty tiring for a girl to carry luggage."

Zhao Yu said again.

Xu Yunxiao was about to refuse again.

At this moment, Qin Feng said, "Wife, it's rare for Young Master Zhao to be so enthusiastic, let him help!"

"You..."

Xu Yunxiao glared at him angrily.

Even a fool knows that unsolicited favors either come from a scoundrel or a thief; yet, he actually lets an outsider help his own wife, does he have no dignity at all?

Seeing this, Zhao Yu sneered to himself.

This guy is really brainless.

Which normal person would let a man, try to please his wife?

Qin Feng then smiled and said, "The mountain path ahead is tough to navigate, Young Master Zhao is just being kind, right—right, Young Master Zhao?"

"Right, right." Zhao Yu replied with a laugh.

Before Xu Yunxiao could speak, Qin Feng passed the big bag full of her luggage that he was carrying onto Zhao Yu's shoulders, smiling and saying, "Young Master Zhao, you're really a good soul, this is my wife's luggage, thank you for the trouble."

Zhao Yu almost buckled at the knees.

Damn it!

This luggage must weigh about fifty kilos!

Plus his own luggage, how's he going to climb the mountain with such a heavy load?

Zhao Yu was extremely frustrated and said to Qin Feng, "I offered to help Yunxiao, not you, take your luggage back!"

"But this is my wife's luggage!"

"Nonsense, Yunxiao's luggage is the small backpack on her shoulder!"

"Sorry, that small backpack is mine."

Qin Feng replied with a smile, showing his white teeth.

He barely brought anything with him, so carried just a small backpack naturally for Xu Yunxiao to wear.

Xu Yunxiao, on the other hand, brought a lot.

Like seven or eight sets of clothes, a small tent, shampoo, washbasin, hairdryer, and so on, hence he ended up lugging Xu Yunxiao's luggage.

"..."

Zhao Yu's face turned as ugly as if he had eaten shit upon hearing this.

Now, if he gives the luggage back, how is he supposed to pursue Xu Yunxiao afterwards?

Damn it!

He had no choice but to carry the heavy items along the mountain path.

"It's really much more relaxing."

Qin Feng happily stretched his shoulders.

Zhao Yu gritted his teeth in hatred.

Watching Qin Feng and Xu Yunxiao walk ahead, he was so frustrated he could die. Visit My Virtual Library Empire (*) for more.

He originally wanted to chat with Xu Yunxiao along the way, cultivate some feelings, but now he became a laborer carrying so much, unable to catch up with them...

Approaching noon.

The group rested on a lawn at the foot of a hillside.

Zhao Yu was already so tired that his legs were weak, drenched in sweat, sitting on the ground gasping for air.

Qin Feng squatted beside him, lifted the heavy luggage off, and said with a smile, "Thank you, Young Master Zhao, I'll buy you a bottle of water later."

Having said that.

He picked up the luggage and went to get food for Xu Yunxiao.

"Bastard!"

Zhao Yu watched his back and cursed through gritted teeth, "When I cuckold you later, let's see if you can still smile!"

Xu Yunxiao was having a meal with Lin Xue'er.

Lin Xue'er glanced at Qin Feng and said, "This is your husband, right? He's quite handsome!"

Handsome?

Xu Yunxiao looked at Qin Feng.

Actually, if you look closely, he is quite good-looking, especially when wearing a suit.

But a man without capability, no matter how handsome, is not appealing to the eye.

She sighed softly again.

Not far away, Xu Changjian, hearing Lin Xue'er praise Qin Feng, felt annoyed inside and immediately came over, saying, "Xue'er, you don't know, he is just a pathetic freeloader from the countryside."

Chapter 74: The Viper!

Upon hearing this, Lin Xue'er's gaze towards Qin Feng suddenly became somewhat peculiar.

Whether rural or not isn't important.

Her grandmother's house is also in the countryside, and she often visits.

The main point is the idea of "living off a woman".

No woman respects a man who lives off a woman.

"Sister Yunxiao, I've heard about your situation too, sigh, you've really had it tough." Lin Xue'er expressed her sympathy, and then whispered, "By the way, I've noticed Zhao Yu seems interested in you, he even carried your heavy luggage for you, won't you consider it?"

"Stop kidding, I'm already married, I wouldn't do that sort of thing, and..." She glanced at Qin Feng, then continued, "He's very good to me."

"Is his goodness something you can eat? With your qualities, you could find a towering figure of a man, why settle for such a compromise?"

Lin Xue'er advised.

Qin Feng, with his sharp hearing, overheard her faint voice while eating a ham sausage and said, "Beauty, there's a saying: better to tear down ten temples than to destroy a marriage, isn't what you're doing a bit inappropriate?"

"You..."

Lin Xue'er hadn't expected him to hear her, so she stood up and said to Qin Feng, "Come over here with me, I have something to tell you."

Qin Feng knew what she was going to say and followed her with a smile, heading towards the grove ahead.

Not knowing what was happening here, Duke and others who saw the situation became envious, "Damn it, what kind of romantic luck has that bastard stumbled upon? Lin Xue'er, such a beauty, is actually going alone with him to the grove..."

"Despicable bastard!"

Zhao Yu was also very annoyed at the sight. My Virtual Library Empire (*) hosts the original.

"It might be a misunderstanding, what status is Lin Xue'er? How could she possibly fancy that kid, don't worry too much."

Someone commented.

People thought it made sense, but still felt uncomfortable.

What could two people alone in the grove be up to?

Inside the grove.

Seeing no one around, Lin Xue'er stopped walking, crossed her arms, leaned against a tree trunk, and said to Qin Feng, "Tell me! How much money do you want?"

"Money?"

"Stop pretending, aren't you clinging onto Sister Yunxiao and refusing to leave just for the money?" Lin Xue'er sneered.

"No, it's because of her person."

"Vulgar, disgusting!"

"...My meaning is love, it's your own thoughts that are dirty."

"..."

Lin Xue'er was at a loss for words, unable to argue, so she simply said directly, "Alright, half a million, you leave Sister Yunxiao, how about that? Half a million, for someone from a rural area, it should at least save you twenty years of struggle."

"Hehe."

Qin Feng responded with a look of disdain.

Seeing this, Lin Xue'er grew so angry her face turned red, exclaiming, "Don't push your luck, I can at most add another hundred thousand, six hundred thousand, that's all you're worth!"

"If there's nothing else, could you please turn around?"

Qin Feng said.

Lin Xue'er, puzzled, blinked and asked, "If I turn around, will you agree?"

"Not that, I need to pee."

"Pee? What does that mean? Is there water here? What water?" Lin Xue'er tilted her head for a while, still confused.

"..."

Qin Feng was somewhat baffled.

This girl looked sharp-tongued, and rumour has it she's the granddaughter of a master antiques dealer, having frequently been on archaeological work abroad in recent years; one would think she'd be shrewd or at least very clever, right?

How come she seemed so naively silly, almost endearingly dumb?

"It means I need to urinate!"

Qin Feng helplessly shrugged.

"You, you... how vulgar!"

Lin Xue'er turned around, her face flushed red.

Especially upon hearing the sound of Qin Feng "peeing", she felt both annoyed and embarrassed, even covering her ears.

"Alright, I'm heading back now."

Qin Feng fastened his belt and said.

"Hey, we haven't finished our conversation!"

Lin Xue'er called out.

"I never intended to discuss this with you to begin with; I just came here to pee."

Qin Feng couldn't be bothered with her and walked back on his own.

Lin Xue'er felt played and was so angry she felt like her lungs would explode: "What an asshole!"

She too walked back and suddenly felt the urge to "release water," taking advantage of the fact that there was no one around to relieve herself behind a clump of bushes.

When she finished,

Suddenly, she felt a sharp pain at the base of her thigh, making her scream.

Qin Feng, who hadn't gone far, heard her and immediately returned. He saw that her thigh had been bitten by a colorful snake and, without a word, stepped on the snake, then grabbed its tail and flung it far away!

"It's alright, there's nothing to worry about now."

Qin Feng said to Lin Xue'er, who was in shock.

"I... I can't move..."

Lin Xue'er said weakly.

Qin Feng took a closer look and saw a bruise forming where she was bitten, frowning, he said, "Damn it, that snake is poisonous, we must suck the poison out quickly!"

"No... No way..."

Lin Xue'er's face turned red with embarrassment.

Being bitten in such a place was too embarrassing, wouldn't sucking on it be like a kiss?

Absolutely not!

"Then I'll carry you to find Su Ruolan, she's a doctor," Qin Feng said. "However, snake venom spreads quickly, I'm afraid by the time we get there, you might be paralyzed, and even if you recover, you might suffer extensive skin ulcers."

"..."

Lin Xue'er became frightened.

She could already feel a loss of strength all over her body and even some numbness. What was more important was her snow-white skin, if it ulcerated, how would she ever get a boyfriend in the future?

"Make a decision quickly!"

Qin Feng urged.

"Then... go ahead and suck out the poison..."

Lin Xue'er said, her face blushing.

Qin Feng didn't hesitate either, he first pressed on several points on her body, and then began to suck out the poison.

In a moment,

The snake venom was completely removed. Qin Feng pressed on the same points again and slapped her on the back, prompting her to involuntarily vomit for a while before it was over.

"How do you feel now?"

Qin Feng asked.

"Much... much better..."

Lin Xue'er responded.

Her body was still a bit weak, but the numbness was gone.

"Let's get back quickly then! Otherwise, there might be some misunderstandings."

Qin Feng said.

"Misunderstandings?"

"Of course, think about it, a lone man and a woman in a small grove for so long, wouldn't people misunderstand?"

"Cut it out, it's just your dirty mind!"

Lin Xue'er looked at him with disdain.

Resting area.

Duke and others, who had seen Qin Feng and Lin Xue'er enter the grove earlier, were getting anxious.

They had been in there for such a long time.

Other than that thing, they couldn't think of anything else they could be doing!

"No way, it's absolutely impossible!" one of them said, "Lin Xue'er has high standards, I heard a young master from Capital City tried to court her and didn't succeed, so there's no way she would take an interest in that loser just after meeting him."

"Exactly, it's definitely impossible, we're just overthinking it."

Duke also said.

At that moment,

They saw Qin Feng and Lin Xue'er coming back, and each of them was dumbfounded!

"How, how is this possible?!"

Duke's eyes widened with resentment.

Because Lin Xue'er was quite weak, she was supported by Qin Feng the whole time. Plus, since the bite was near her thigh, she limped a little as she walked, and her clothes were in disarray.

"Don't tell me... they really did that thing?"

The others were also astonished.

Chapter 75: Starting from One Billion!

Qin Feng and Lin Xue'er returned to their resting spot where Xu Yunxiao, upon seeing them, hurriedly asked with concern what had happened.

How could they possibly voice what had happened?

With her face flushed, Lin Xue'er awkwardly said, "Nothing, nothing, I just tripped and sprained my ankle a little. It's not a big deal."

"I happen to have Yunnan Baiyao with me..." Xu Yunxiao was about to rummage through her luggage when she was interrupted.

"No need, no need, it's just a minor injury."

Lin Xue'er hurriedly declined.

At that moment, Xu Changjian came over to show off his concern, taking out a Jade Pendant and saying, "Xue'er, this is an Amulet. I got it blessed by a Master at Dahuang Temple the year before last. It cost me 880,000. It can ward off evil spirits and disasters, it's very effective. I'll give it to you!"

Having failed to charm Shen Lu, seducing Lin Xue'er wouldn't be half bad.

Lin Xue'er's grandfather was a renowned antiques master, and she herself was as beautiful as a pristine and fair piece of jade, a delight to engage with, no doubt.

Lin Xue'er gave it only a glance before saying, "This is Fake Jade."

"Fake Jade?"

Xu Changjian was taken aback for a moment.

"Although it is made to look very realistic, it's just too realistic, so it looks too fake."

Lin Xue'er continued.

"No way? I spent 880,000 on this! And that Master claimed it was top-quality Emperor Green!"

Xu Changjian felt a jolt in his heart.

Lin Xue'er had quite the expertise when it came to identifying jade, and if she said it was fake, it was almost certainly fake.

Sure enough.

Xu Changjian tried slamming it onto a rock, but the jade didn't shatter at all. Upon closer inspection, he could see that the scrape mark revealed it was made of a special type of plastic!

"Damn!"

Xu Changjian was frustrated.

At that moment, Lin Xue'er took out two ancient-looking necklaces with a wolf tooth from her backpack, handed one to Xu Yunxiao, and said, "Sister Yunxiao, this is for you. My grandpa gave it to me, it can ward off disasters, it's very effective."

"This necklace can ward off disasters?" Xu Yunxiao was skeptical.

"Yes, one time I went with an archeological team into the mountains, and we encountered a tiger. Just as it was about to attack me, I took it out and the tiger glanced at it and then just left," explained Lin Xue'er.

She regretted not wearing it at that moment.

Otherwise, she wouldn't have been bitten by the snake.

"No way."

Right then, Qin Feng shook his head and said, "Wife, you can't wear it."

"Why?"

Xu Yunxiao was puzzled.

Lin Xue'er was also frowning, "Hey, are you suggesting my necklace is fake?"

"It's not that."

Qin Feng shook his head.

That Wolf Tooth Necklace was indeed not an ordinary piece; he could sense a kind of energy emanating from it that could deter fierce beasts and venomous insects, created by a highly skilled person.

But in the end, the energy was still weak.

Moreover, it would clash with the energy of the Golden Phoenix Jade Hairpin, and wearing it would be detrimental to both her spirit and health.

"Wife, your Jade Hairpin is more than enough to ward off disasters and evil spirits, so there's no need for this."

Qin Feng said.

This morning, before setting off, he had asked Xu Yunxiao to wear it on her head.

Hearing that, Lin Xue'er pouted and said, "It must be from some fake Monk or Taoist priest, right?"

"No, it's the Golden Phoenix Jade Hairpin."

Qin Feng said.

Xu Yunxiao took the Jade Hairpin off her head to show Lin Xue'er. At the sight of this, Xu Changjian immediately said, "That's fake, it's definitely fake! How could it have cracks on it? You dumbass, you got scammed too, didn't you? Haha..."

"Exactly! The Golden Phoenix Jade Hairpin is sought after by so many wealthy people; how could you possibly get your hands on one, especially when you know nothing about jade?"

Lin Xue'er added.

Little did they know.

The moment she caught the jade hairpin, she suddenly froze, sensing that this jade was not like ordinary jade.

It was an instinct, a natural talent.

And it was this talent that made her a young antique expert.

Lin Xue'er immediately picked up the jade hairpin and examined it closely.

Beside her, Xu Changjian, pointing at the "cracks," laughed, "Hahaha, look, these cracks are so obvious, only a fool would buy it. They must have been fooled, what idiots, hahaha..."

He was laughing cheerfully.

Lin Xue'er held the jade hairpin up to the sun, her expression serious, "This is real!"

"Real?!"

Xu Changjian was stunned.

Lin Xue'er seemed quite excited, on the verge of speaking, but seeing Qin Feng and Xu Changjian next to her, she said, "Could you two give us a moment for some private conversation?"

They had no choice but to step further away.

Lin Xue'er grabbed Xu Yunxiao's hand tightly, her eyes brimming with excitement, "Sister Yunxiao, where did you get this jade hairpin?"

"What's the matter?"

Xu Yunxiao was somewhat bewildered.

Why was she even more excited than grandma upon hearing about the Golden Phoenix Jade Hairpin?

"You might not know, but this jade hairpin was crafted by Master Yun. In the past, it was seen as a symbol of nobility because only nobles could afford its hefty price tag and were deemed worthy to possess it!" Visit My Virtual Library Empire (*) for more.

"Its value doesn't lie in the craftsmanship, nor the jade quality, but in the mysterious energy it harbors within. It truly can ward off evil spirits and disasters, bringing fortune. If you have the Golden Phoenix Jade Hairpin, you could even 'accidentally' evade a bullet fired at you – it's that miraculous!"

"Moreover, various poisonous insects won't come near you, you won't get bitten by mosquitoes in the summer, nor will you be bothered by flies."

"..."

Listening to Lin Xue'er talking non-stop, Xu Yunxiao just realized that recently, indeed, she seemed unaffected by mosquitoes or flies.

"Later there were rumors that with the passage of time, its miraculous energy was gradually diminishing, and its worth plummeted, carrying only historical value."

"But recently, some renowned experts studied Master Yun's artifacts and concluded that the Golden Phoenix Jade Hairpin still contained its miraculous energy!"

"It's just that later generations of skilled individuals concealed its aura within the 'Golden Phoenix' inside the jade."

"Unfortunately, that jade hairpin had disappeared for many years and no one could find it."

"I never expected it would be in your hands!"

Lin Xue'er exclaimed.

Xu Yunxiao was dumbfounded, "Is this jade hairpin... really that powerful?"

"Let me put it this way! If you were to auction it off and there are knowledgeable people present, its price would start at least at one billion!"

Lin Xue'er declared.

"..."

Xu Yunxiao gasped sharply.

She never imagined the Golden Phoenix Jade Hairpin could be so valuable!

"That's why I sent them away to tell you this, you mustn't reveal it!" Lin Xue'er repeatedly urged, "By the way, where did you get such a precious treasure?"

"It was a birthday gift from Qin Feng."

Xu Yunxiao said.

"Him?!"

Lin Xue'er looked towards Qin Feng in the distance oddly, "His luck is too good! Fortunately, he doesn't know it's the Golden Phoenix Jade Hairpin, otherwise, he would definitely have kept it for himself. That's a billion!"

"No, he knows..."

Xu Yunxiao said.

"He knows it's the Golden Phoenix Jade Hairpin? That's impossible!" Lin Xue'er was surprised, "If I hadn't been studying it recently, I wouldn't know myself, and besides, the Golden Phoenix Jade Hairpin has changed slightly in appearance due to the divine energy within, and there are only a handful of people in the country who could recognize it."

"Really."

Xu Yunxiao said with a wry smile.

She clearly remembered that night on Qixi Festival, when Qin Feng gave her the gift, saying it was the Golden Phoenix Jade Hairpin, which could bring safety!

"..."

Lin Xue'er bewilderedly looked towards Qin Feng.

How did he recognize it?

Chapter 76 - 76 Who is the Notable Person?

After a while, Lin Xue'er still looked doubtful when she finally shifted her gaze and said, "Maybe he didn't know that the hairpin is worth a billion and thought it was just a cracked, worthless hairpin, so he gave it to you. If he knew its true value, he probably would have kept it to himself."

"Really? Could it be..."

Xu Yunxiao said.

A billion is not a small amount; anyone would be green with envy and desire to possess it.

But for some reason, she felt that Qin Feng wouldn't.

She believed, even if he knew that the Jade Hairpin was worth a billion, he would still give it to her.

"Sister Yunxiao, don't think too highly of him. In the face of money, human nature is insignificant, especially for someone from a poor background like him."

Lin Xue'er said.

"You might not believe it, but he won a car worth over a million in a lottery and without even blinking, he gave it to me."

Xu Yunxiao said.

"Really?!"

Lin Xue'er blinked in surprise.

Recalling how she had just tried to bribe Qin Feng with 600,000, she felt somewhat embarrassed. A car worth over a million, and he gave it away without even batting an eyelid...

She thought about it.

But she still couldn't figure it out.

The years she spent constantly dealing with priceless antiques and jade wares taught her how greed can corrupt people; no one could resist the lure of money. How could such selfless people exist in the world?

"I understand now!" Lin Xue'er continued, "He must be playing the long game, fishing for a bigger catch, right?"

"But, the 'Heart of the Blue Sea' necklace he acquired unexpectedly, he gave it to me too."

Xu Yunxiao added.

"Heart of the Blue Sea?!"

Lin Xue'er widened her eyes in astonishment again.

Such a precious necklace, of course, she knew about it and desired to own one. However, there were only three in the entire world, priced at a starting point of twenty million, and even having the money doesn't guarantee you can buy one!

Twenty million! Content sourced from * – My Virtual Library Empire.

Could he get such a huge sum of money from the Xu family?

Even a lifetime may not be enough!

For a moment.

Lin Xue'er's gaze toward Qin Feng became more and more complicated; she found him somewhat mysterious...

After the mid-day rest.

Everyone began their journey at the command of Captain Wang.

Seeing Lin Xue'er still somewhat weak, limping as she walked, Xu Yunxiao said: "Xue'er, why don't you let Qin Feng carry you? You won't make it like this."

"No need!"

Lin Xue'er quickly refused.

It was midsummer. Although she wore a light training jacket, being carried on the mountain paths by a grown man was too embarrassing.

But.

After just two steps, she couldn't move further, still weak from the poison.

At this moment, Xu Changjian approached, eagerly saying, "Xue'er, let me carry you!"

"This..."

Unable to walk any further, Lin Xue'er hesitated a moment, then said, "Could you help carry my luggage?"

She had brought quite a few things.

And because of her profession, she even habitually brought some archaeological tools, which were heavy.

"No problem, of course not a problem, I'd be happy to serve you!"

Xu Changjian excitedly took her luggage immediately, feeling he was a step closer to securing his target.

That's when Lin Xue'er turned to Qin Feng and said, "You carry me!"

Crack!!

Xu Changjian, just excited moments before, suddenly felt as if a bolt of lightning struck his heart.

"Me?"

Qin Feng blinked and said, "Why should I?"

"You..."

Lin Xue'er furrowed her brow in annoyance.

She was confident in her figure and looks, capable of having men readily offer to carry her, yet he dared to refuse?

An infuriated Xu Changjian at the side was about to explode.

Damn it!

Such an opportunity, others couldn't even beg for it, does this guy have a pig's brain?

"Xue'er, I can carry you!"

He hurriedly said.

"You still have to carry my luggage, right?"

Lin Xue'er said.

"..."

Xu Changjian's heart suddenly felt like it was cruelly stabbed.

At this time, Qin Feng said: "But I still need to carry the luggage!"

Hearing this, Lin Xue'er blinked, turned her head, and asked Xu Changjian: "Can you be the luggage?"

"...Yes."

After Xu Changjian finished speaking, he felt like his mouth had betrayed him!

But.

If he refused, her impression of him would be even worse...

At this moment, Xu Yunxiao seeing Qin Feng dithering, gave him a cold look and said, "What, you don't want to?"

"Since the wife has spoken, of course I'm willing."

Qin Feng said.

Then, he put the heavy luggage bag around Xu Changjian's neck and carried Lin Xue'er.

Seeing this, Duke and others in the back envied them terribly.

On such a hot day, walking outside and carrying a beauty like Lin Xue'er was simply a treat!

Everyone began to climb the mountain.

They were all rich young masters, usually only hiking on mountains with steps, having never climbed through dense wild grass like this, and coupled with the heavy luggage, they complained incessantly.

However, Qin Feng continued walking leisurely, his breathing unchanged.

"Hey, I let you carry, why are you reluctant?"

Lin Xue'er was still unhappy about what happened just now.

"Please, the luggage weighs dozens of pounds, and you're at least a hundred pounds, right? Would I prefer carrying something light or heavy?" Qin Feng said.

"You, you're comparing me to luggage?" Lin Xue'er arched an eyebrow and slapped his shoulder.

"Stop fussing, I just saved your life, and this is how you repay me?" Qin Feng said.

"Pshaw, it was you who took an advantage of me. Our Lake City's medical prodigy Su Ruolan is also here; even without you, she could have saved me!"

Lin Xue'er argued defiantly.

At this moment.

Suddenly, people in front began to scream!

"Look, a snake!!"

People were frightened and stepped back.

A Tiger Sect expert seeing this, immediately stepped forward, drew out a dagger with a 'swoosh' sound, and cut the snake in half!

Seeing this, Duke laughed and said: "Looks like we can have roasted snake meat tonight."

"If you're not afraid of death, you can eat it."

Captain Wang said disdainfully.

Su Ruolan, who had hurried over, also frowned and said: "Everyone, be careful. This type of snake is called 'Nine Poisonous Snake,' highly venomous, and once bitten, there's almost no chance of survival."

"Is the venom really that strong?"

People were surprised.

Someone asked again: "Even your medical skills can't cope? You are our Lake City's medical genius!"

"No."

Su Ruolan's expression was solemn, saying, "If we were at a medical hall, I might be able to prepare some medicine to keep the victim stable long enough to prepare antivenom, but in these wild mountains, if someone is poisoned, they could die within five minutes."

After these words.

Everyone became tensely worried.

Even Su Ruolan had no solutions, which spoke volumes about the severity of the snake's venom.

Lin Xue'er, sitting on Qin Feng's back, had her small mouth gaping open in shock, unable to utter a word.

She recognized the snake.

It was the very one that had bitten her earlier, which Qin Feng had flung away!

According to Su Ruolan, even she couldn't treat herself after a bite; does that mean that Qin Feng really saved her life?

At this moment, Qin Feng muttered, "Such a level of venom, and Su Ruolan can't handle it, seems like she was overrated..."

Hearing these words, Lin Xue'er couldn't hold back anymore and asked, "Who exactly are you?"

A Mercedes worth over a million, the twenty million "Heart of the Blue Sea," given to Xu Yunxiao without hesitation.

Also recognized the Golden Phoenix Jade Hairpin that even renowned experts couldn't identify.

Now doubting Su Ruolan's medical skills which seemed arrogant.

The more she observed, the more mysterious he appeared!

Chapter 77: Setting up the Tent!

Xu Changjian, carrying heavy luggage, huffed and puffed as he caught up, saying, "Xue'er, I've told you before, he's just a good-for-nothing moocher from our Xu family, a country bumpkin. Let me carry you instead, and let him deal with the luggage."

This time, Lin Xue'er ignored him.

Qin Feng also asked, "Why didn't you let him carry it?"

"Let's get moving!"

Lin Xue'er, frustrated, slapped him lightly.

She didn't let Xu Changjian carry her because she felt a strong sense of filthy desire from him and the others, despite their good pretense.

But she didn't see that in Qin Feng's eyes.

And his wife was here, so it was safe for him to carry her.

Seeing that Lin Xue'er was ignoring him, Xu Changjian felt very frustrated and thought to himself, "Smug, aren't you? Just wait, I'll get you back for this!"

Under Captain Wang's urging, everyone continued onward.

The path ahead was a long downhill slope.

And it was a tough walk.

With every step Qin Feng took, Lin Xue'er, riding on his back, would instinctively squeeze a little closer to him.

The weather was scorching.

Everyone was dressed lightly.

Lin Xue'er had a voluptuous figure, the kind that wouldn't need to buy formula for five years after having a child, and it didn't take long for Qin Feng to feel something unusual, his face flushing slightly, he said to her, "Can't you walk a little steadier?"

"Please, this road is so rough, I'm already the steadiest," Qin Feng replied.

Xu Yunxiao came over, concerned, and asked, "Xue'er, why is your face so red? Are you feeling unwell?"

"No, it's not..."

Lin Xue'er was also embarrassed.

She really wanted to get off Qin Feng's back, but her physical weakness made it impossible for her to walk on her own, so she endured it awkwardly, letting Qin Feng take advantage of her...

Finally.

The sun was about to set.

Under Captain Wang's leadership, people found an open space by the river to spend the night.

Everyone was exhausted and collapsed to the ground, crying out in discomfort.

Only Qin Feng didn't look the slightest bit tired; on the contrary, he seemed to have received some delightful news as he set up the tent while humming a tune cheerfully, "There's a toad in the river croaking, bothering grandpa's heart, catch a few to accompany my drink, gulp, croak, and they're all gone..."

An exhausted Xu Yunxiao asked out of curiosity, "Qin Feng, what are you so happy about?"

"Don't mention it!"

Lin Xue'er suddenly turned flushed and said somewhat indignantly.

She thought Qin Feng was secretly pleased about taking liberties with her all afternoon and immediately felt intense disdain when she glanced at him, even believing that the composure he showed when carrying her was all an act, that he was lecherous inside!

"What's wrong?"

Xu Yunxiao was somewhat bewildered, not understanding what she was nervous about.

Qin Feng was also clueless about what she was talking about and said with a smile, "Oh, I'm happy to be of service to my wife."

After that. P@u@bli%ca-t+ion co$u*r-t$e^s!y@ of *.-

He continued to hum a tune while setting up the tent.

Xu Changjian, not far away, was filled with loathing as he watched.

He also thought Qin Feng was excited because he got to take advantage of Lin Xue'er all afternoon, hence not feeling tired.

Actually.

Qin Feng was happy because he could spend the night with his wife Xu Yunxiao.

When he was buying tents.

He had purposely bought a small one, just big enough to squeeze two people in, the kind where you can't even turn over.

I mean, who sleeps without moving all night long?

If you turn over in the middle of the night, it's normal.

Upon turning, your legs, arms, and the like would press against the other, resulting in a hug, wouldn't it?

The good days he had dreamt of for three years had finally come!

How could Qin Feng not be excited?

Very soon.

The tents were set up.

Qin Feng immediately invited Xu Yunxiao to check out the tent.

"The tent you bought, why is it so small..."

Xu Yunxiao said.

"It's not that small, it's just right for the two of us," Qin Feng said cheerfully, "Besides, it's outdoors, and it'll be cold at night. It's warmer for two people to squeeze together."

At this moment.

Zhao Yu came over with a few young gentlemen, including Duke who always hated Qin Feng, and said, "Hey, you're pretty fast at setting up the tent, come and help me with mine too!"

While saying that,

he took out two thousand yuan and said, "This is the reward, not bad for someone from the countryside, right?"

Qin Feng glanced at him and ignored him.

"Think it's too little? How about ten thousand!" Zhao Yu took out another stack of money and said, "This sum isn't small, right? It's just for setting up a tent."

"Yeah, don't start jacking up your prices just because you can."

"Exactly, don't get greedy!"

"..."

The other young masters started making a ruckus.

Qin Feng chuckled and said, "I wasn't planning on setting up your tent at all, where did you get the idea that I'm getting greedy?"

"..."

Zhao Yu was infuriated by being rejected by a good-for-nothing.

Meanwhile, Qin Feng continued, "I'm saying, don't think I can't see through your little schemes, trying to send me away, with your eyes on my wife? Aren't you ashamed, as the young master of one of Lake City's top second-tier families, coveting someone else's wife?"

He deliberately raised his voice while speaking, drawing the attention of everyone around them.

Zhao Yu's face turned red with embarrassment.

He had no choice.

Coveting someone else's wife indeed wasn't something to be proud of, especially as the organizer of this adventure activity.

"You, stop slandering me!"

Zhao Yu said angrily.

"Oh, really?"

Qin Feng's eyes had a peculiar look as he leisurely stared at him.

"You, you, a waste, dare to slander me? Are you looking to die?"

Zhao Yu shouted.

Duke also sneered, "Ignorant fool!"

The atmosphere became tense and hostile.

A crowd gathered around to watch the excitement.

Qin Feng's mouth curled into a cold smile as he stood up and said, "Not knowing the vastness of heaven and earth, I think this phrase suits you the best!"

With that,

he secretly pulled out a silver needle in his hand!

At this moment,

Xu Yunxiao also stood up, frowning as she said, "Young Master Zhao, Mr. Du, what are you doing?"

The two of them were taken aback upon hearing this.

Everyone else was also extremely surprised.

Rumors had it that she really detested Qin Feng, the good-for-nothing, and that she hadn't divorced him only because of the Chongxi gratitude. She didn't take him seriously on normal days, so why was she taking his side today?

After a brief pause,

Zhao Yu quickly offered a placating smile, "Yunxiao, what are you talking about? What could we possibly be thinking? It's just that Brother Qin and I hit it off at first sight, it's not a big deal, all a misunderstanding, hehe..."

There was no helping it.

Originally, the Zhao Family never took the Xu family seriously.

But things changed when the Xu family became partners with Haohan Company, especially since Haohan Company seemed to value Xu Yunxiao highly, making other families take notice of the Xu family.

And since Zhao Yu was pursuing Xu Yunxiao, he couldn't afford to fall out with her.

"Let's go!"

Zhao Yu left with his entourage.

Seeing this, Xu Yunxiao discreetly breathed a sigh of relief and complained, "Why did you start a fight with them!"

She was also very nervous inside.

If they really fell out, the Xu family was no match for them.

"It's because that guy had his eyes on you," Qin Feng said with a smile, "You're my wife, even if the King of Heaven came, I would still send him packing."

"Enough of your slick talk! Hurry and go prepare the food!"

Xu Yunxiao rolled her eyes at him.

Despite her complaint about his recklessness, she felt a hidden sweetness in her heart when Qin Feng deliberately embarrassed Zhao Yu just now.

Everyone called him a good-for-nothing.

But it seemed that, for her sake, he truly feared no one...

At that moment,

she looked again at the cramped tent and murmured, "Do I really have to squeeze in there and sleep with him tonight?"

As she spoke,

a blush spread across her beautiful cheeks, like a budding rose...

Chapter 78: Truth or Dare!

Evening.

The crowd had their fill of food and drink.

Qin Feng cheerfully urged Xu Yunxiao, saying, "Wife, we've been tired all day, let's hurry up and get to the tent to sleep!"

"I somehow feel that you have ulterior motives?"

Xu Yunxiao glanced at him sidelong.

"Not at all! I really care about you, I can swear to heaven!"

Qin Feng immediately raised three fingers.

At this time.

Zhao Yu came over and said to Qin Feng, "Brother Qin, we have an activity tonight. I've found some people, and we're thinking about playing Truth or Dare. Do you guys want to join?"

You've got to be kidding.

He had been waiting for this night for a long time, why waste it on some boring game?

Just as Qin Feng was about to refuse, Xu Yunxiao interjected, "Sure, we'll join."

"Great!"

A glint of excitement flashed in Zhao Yu's eyes, "I'll go and call some more people."

Qin Feng muttered discontentedly, "Wife, what are you doing?"

"Are you dumb?" Xu Yunxiao said, "The purpose of our participation in this adventure trip is naturally to socialize with them. If there are activities, we should participate as much as possible to enhance our relationships!"

Qin Feng grimaced and mumbled, "Socialize with them for what bloody use..."

"They are all elites of the younger generation in Lake City, each with their own careers!" Xu Yunxiao frowned, "You should also interact more with them, pick up their good qualities, and stop just scraping by—otherwise, you'll never make progress in life."

"Oh..."

Qin Feng was chagrined.

Everyone set up several bonfires by the riverbank, illuminating the area.

Zhao Yu found a group of more than twenty people, sitting together, playing Truth or Dare.

As soon as he saw Qin Feng and Xu Yunxiao join, his eyes lit up. He stood up and said, "Let's be clear, we're all friends here and adults. Since we're playing, we can't afford to be sore losers. Of course, we also can't dare someone to do things that are impossible. You have to abide by the rules of the game. Cheaters will be despised by everyone!"

"That's a given. If you can't handle it, don't sit down here."

Duke sneered while glancing at Qin Feng.

Zhao Yu continued, "The rules are simple. I have a bottle here, and it will be placed on a board. Whoever the bottle points to will have to choose between Truth or Dare!"

Speaking of which.

He discreetly pressed a small remote controller in his pocket.

Clearly.

The bottle was no ordinary one, it was tampered with, and together with that board, it could be controlled by the remote in his hand to spin and stop. My V.irt*ua^l L@i#br&a!ry Empire (*)

"Hehe, then let's start the game!"

Zhao Yu said.

As the initiator of the game, Zhao Yu went first, spinning the bottle on the board properly.

As the spinning of the bottle slowed down, he quietly pressed the remote, and as the bottle was about to point to the person to the left of Qin Feng, it spun a bit more under the influence of the remote, aligning it perfectly with him.

"Hehe, Brother Qin, drink up! As per the rules, men drink a cup of baijiu each time, while women just need one sip."

Zhao Yu said with a triumphant laugh.

Meanwhile, he was excited, thinking that the liquor was 68-degree suffocatingly strong baijiu, and one cup was two liang. Let's see if you can handle it!

Qin Feng drank it down in one go and said, "I choose Truth."

"Good!"

Zhao Yu was excited, just waiting for him to tell a truth and embarrass himself!

After pondering for a bit.

He asked with a smile, "Brother Qin, what's the most money you've made in one month?"

The wealthy young masters present were either holding positions in their family conglomerates or had their own companies.

Earning a few hundred thousand or even millions in a month was common.

As for him?

Working as a waiter at Wanfu Building, he could barely make a few thousand at most.

Thus, this question immediately ostracized him from everyone else, letting everyone realize that he was lowly, despicable, a mere commoner not suitable to sit with them, inviting everyone's disdain!

Xu Yunxiao's brows furrowed upon hearing the question, thinking that it would have been better not to let him join.

Duke outright admired Zhao Yu, giving him a thumbs-up, "Brother Zhao is really something!"

Xu Changjian also snickered covertly to himself.

Hmph!

You're normally so cocky, right?

How are you going to save face this time?

"Hehe, spit it out!"

Zhao Yu urged.

Qin Feng thought for a moment and said, "The most in one month... over ten million, I guess!"

Pfft!

Zhao Yu, who was drinking water, immediately sprayed it out.

"Are you kidding us?"

Zhao Yu exclaimed.

Over ten million, even their second-rate family has a monthly pure income of at least that much during the off-season!

"Hahaha..."

After a brief moment of shock, the others couldn't help but burst into laughter.

Duke even laughed and said, "That's some bold bragging, loud and clear, hahaha..."

"Yeah! Who doesn't know he's just a waiter right now? Claiming over ten million, there's a limit to bluffing!"

"Obviously, it's because he's from the countryside, he has no experience, he can't even bluff properly!"

"..."

Everyone laughed, and Zhao Yu, holding his laughter-sore belly, said, "I object, you're lying, because the figure you quoted is ridiculous."

"Exactly, who are you fooling!"

Xu Changjian wouldn't miss the chance to embarrass him and immediately said, "Even if you're talking about Yunxiao's earnings, her company couldn't make that much in a month right now, I can guarantee that, you're lying!"

Xu Yunxiao felt very frustrated inside.

First, she was annoyed at her cousin for siding with outsiders.

Second, she knew Qin Feng loved to show off.

But this time he went too big, becoming the butt of the joke.

"What I said is true."

Qin Feng then looked at Xu Changjian and said, "Have you forgotten that cliff juniper of 'Withered Wood Spring'? I bought it in the antique city for a few hundred yuan, and then you bought it at the auction for twelve million."

"..."

Xu Changjian's proud smile immediately froze.

Zhao Yu and others were also taken aback, unable to utter a word.

They had heard about this incident too but had forgotten about it for a moment.

At this point, Xu Yunxiao also breathed a sigh of relief. She almost forgot about that too, thinking to herself that she had misunderstood Qin Feng again, he wasn't bluffing after all.

Not only that.

He didn't even mention the more valuable 'Heart of the Blue Sea' and 'Golden Phoenix Jade Hairpin', proving that he was also modest...

"Alright, the challenge failed, it's your turn to drink now!"

Qin Feng smiled and shrugged.

Helplessly.

Zhao Yu, Duke, and Xu Changjian, along with a few others who challenged him, had no choice but to down a glass of hard liquor each.

The liquor burned all the way down.

Zhao Yu's face immediately turned red, and his stomach started to feel uncomfortable.

No choice.

He has always had a low tolerance for alcohol.

"Hmph, with the remote in hand, as long as I don't challenge, it won't be my turn to drink!"

He cheered himself up inside.

The game continued.

It was Qin Feng's turn to spin the bottle.

The bottle was close to stopping, and it looked like the mouth of the bottle was about to point towards Zhao Yu.

Zhao Yu sneered and pressed the remote control.

But who would have thought.

The remote control didn't work at all, and the mouth of the bottle accurately pointed at him!

"What's going on?!"

Zhao Yu rubbed his eyes, and the bottle indeed was pointing at him!

Qin Feng smiled brilliantly, showing his white teeth, and said, "Young Master Zhao, please drink!"

Chapter 79 - 79 Young Master Zhao’s Good Health!

He had noticed something was off with the bottle and the turntable during the first round. While spinning the bottle, he covertly used his Inner Strength to destroy the magnetic device inside.

"..."

Zhao Yu's face was extremely embarrassed.

After the initial drink, he felt his stomach churn as if a river had been overturned and the sea inverted.

And now, another glass...

No choice.

He pinched his nose, tilted back his head, and gulped it down in resignation, then shook his dizzy head and said, "I, I choose truth!"

Qin Feng thought for a moment, then asked with a smile, "Young Master Zhao, how often do you do that kind of thing?"

Once the question was raised.

Everyone knew what he was referring to, and many girls laughed behind their hands.

It's all about truth.

The charm of the game lies precisely in questions like this one.

The girls were also curious and couldn't help but turn their eyes towards Zhao Yu.

Xu Yunxiao, still a virgin, blushed and quietly pinched Qin Feng, whispering reproachfully, "Why would you ask that kind of question!"

Qin Feng laughed and said, "Of course, to watch the good show."

Zhao Yu puffed out his chest, posing as if mighty and strong, saying, "Usually, once a day! Sometimes, when I feel extra energetic, even twice..."

Upon his declaration.

Duke, Xu Changjian, and the others couldn't help but exclaim in admiration.

"Young Master Zhao, what a healthy body!"

"Truly impressive, one has to admire, indeed a champion among men!"

"Someday I should ask Young Master Zhao for some tips and secret remedies."

"..."

The men each offered their compliments.

By now, the women too were casting admiring looks.

A few rich young masters lead disciplined lives and look after their health, being able to do it once a day is truly rare!

At this moment, Zhao Yu was basking in the admiration, his face glowing with pride.

Qin Feng then said with a smile, "I have my doubts!"

"Doubts?"

Zhao Yu felt a sinking feeling in his heart, then retorted, "On what grounds do you doubt!"

"That's right, it seems to me you are just jealous!"

Duke chimed in from the side.

"I think it's you who can't cut it and are assuming others can't either!"

"..."

The rest of the crowd looked scornfully at Qin Feng.

After all, in their eyes, Young Master Zhao of Lake City's second-tier family was the one to be revered, not this useless wimp.

Qin Feng kept a calm expression and said, "If I'm not mistaken, you haven't done 'that thing' at all this year, right?"

"What?!"

Zhao Yu's heart skipped a beat.

In fact, what Qin Feng said was true; he indeed hadn't done 'that thing' for a long time since he lived unchecked in years past—his interest in such matters had faded. To put it bluntly, he had become "impotent."

Only he himself knew about this condition—he was even too embarrassed to see a doctor.

How could Qin Feng know?

"You, you're spouting nonsense!!" Zhao Yu's face turned red.

After all, such a matter strikes at the dignity of a man—it's something that absolutely cannot be admitted!

"Exactly!"

Coldly sneering at this point, Duke said, "Even if you question it, there should be evidence! You're just throwing around accusations; everyone here can refute you!"

"Do you all want to refute? Remember, if you fail to refute, you'll have to drink double the amount."

Qin Feng glanced around the group.

The genuine article resides on M|V|L&EMPYR.

"Nonsense, of course, we'll refute!"

Duke led the retort.

Others also shouted, "Thinking of scaring us with more drinks? Ridiculous!"

"Hmph, if we successfully refute it, then you're the one who'll have to drink double!"

Zhao Yu said coldly.

As long as he stubbornly denied, never admitting, he would be completely safe. After all, so many people present were on his side, and what chance did this trash of an outsider have against him?

Seeing the situation, Qin Feng said, "Alright, then I'll just have to offer some proof."

He turned his head towards Su Ruolan, "Doctor Su, why don't you take Young Master Zhao's pulse?"

"This..."

Su Ruolan hesitated, looking towards Zhao Yu.

Zhao Yu's heart skipped a beat.

After all, Su Ruolan was the granddaughter of the Holy Doctor Su Muqing and a well-known medical prodigy in Lake City. Her words naturally carried weight!

If she could see through the ruse, it would all be over!

Zhao Yu was about to decline.

At this moment, Duke stood up and called out to Qin Feng: "Hmph, let her check. Do you think Young Master Zhao would be scared of you?"

"That's right, we all believe in Young Master Zhao!"

"You just wait to drink your booze!"

"..."

One by one, the crowd started shouting.

Zhao Yu wanted to cry but had no tears.

At this point, he could only grit his teeth and consent to the check-up, thinking it had been almost a year, and he should have recovered by now...

At the invitation of everyone, Su Ruolan went to take Zhao Yu's pulse.

Very quickly.

Su Ruolan was surprised for a moment, then her eyes turned to Qin Feng.

"Ha ha ha..."

Seeing this, Duke thought Qin Feng had lost, so he threw his head back and laughed loudly, saying to Qin Feng, "You lost, take your drinks! Two cups, oh!"

"No."

Su Ruolan shook her head, her brows furrowed, "Qin Feng... is right."

She was surprised by Qin Feng's medical skill.

She hadn't expected him to diagnose Zhao Yu without any contact, simply by observing his face, while she, as a medical genius, had to take his pulse to discern the same.

"What?!"

Duke, who was laughing wildly, was taken aback.

The others, who were ready to continue mocking Qin Feng, were also gaping in disbelief.

"Ruolan, what did you say?"

Duke asked vacantly.

Su Ruolan continued: "Qin Feng is right, Young Master Zhao he... indeed has issues..."

Having said that.

Silence fell over the whole room like death.

Even Zhao Yu had to tread carefully around Su Ruolan, not wanting to offend her, let alone anyone else.

Especially the girls who had previously adored Zhao Yu were now giving him strange, mocking, and contemptuous looks.

After all, no matter how rich a man is, if he can't perform in that area, he's not much of a man.

"Hehe..."

Qin Feng then grinned and said, "Why does everyone look so stunned? I remember, except for my wife, Su Ruolan, Lin Xue'er, all of you here questioned my doubts, right? That means you owe two drinks."

"..."

Everyone turned to each other, with awkward expressions.

Qin Feng continued to smile and said, "We're all friends here, and we're all adults. If we choose to play, we can't be sore losers. Those who welch on a bet, will be despised by everyone."

"..."

Zhao Yu's face turned even uglier.

Those were the words he initially feared Qin Feng would be too scared to honor, but now Qin Feng had thrown them back in his face.

No choice now.

He had to bite the bullet and drink.

So.

One by one, people reluctantly picked up their glasses and drank.

With a 68-degree 'Inverted Sea Mule', two shots down and some already couldn't handle their liquor, began vomiting on the spot.

Zhao Yu collapsed on the scene, vomiting all over the place, cursing in pain, "Qin Feng, you rub salt into my wounds, I'll tear you apart... blegh!!"

Qin Feng, smiling, looked around at everyone and said, "Since everyone's like this, shall we end the game here?"

"No way!"

At this moment, Duke, his face filled with outrage, said, "The game continues!"

No matter what.

He had to bring Qin Feng down!

Following that.

He took Zhao Yu's place in spinning the bottle.

As the bottle was about to stop, just about to point towards Qin Feng, Duke excitedly shouted, "It's fate, fate! Ha ha ha..."

Chapter 80 - 80 This Place is Unsafe!

Who would have known.

Just as I was laughing, the bottle neck slowly started spinning again, pointing towards someone else.

"Damn, you lucky bastard!"

Duke grumbled in frustration.

Xu Yunxiao also breathed a sigh of relief and said to Qin Feng, "You're lucky this time. Find a chance to get away soon. You've offended them all just now and it's pretty clear they're targeting you."

"Relax, my luck is off the charts,"

Qin Feng said with a smile.

It wasn't about luck, though. Just now, he had secretly flicked a pebble at the bottle, causing it to spin away.

He was so quick, and it was so dark, that no one else could notice.

So, there was absolutely no chance the bottle neck would end up pointing at him again.

As expected.

An hour went by.

The bottle neck never pointed at Qin Feng. Even when it was about to, Qin Feng would always nudge it to change direction.

It never pointed at his wife Xu Yunxiao, nor at Su Ruolan or Lin Xue'er.

After all, when others doubted him, these two were the only ones who didn't.

The four of them sat there like they were watching a drama unfold, while the other twenty-odd people finished the remaining dozen bottles of strong liquor, ended up vomiting, lying down, and even a few who started acting crazy, grabbing knives and wanting to go chop down tigers in the mountains.

Duke was even on the ground, face smeared with vomit.

Finally.

The last person went "plop" and collapsed on the ground.

Out of the twenty-plus people, only the four of them remained.

"Looks like the game is over,"

Qin Feng glanced around them and then stretched lazily, smiling at Xu Yunxiao, "Wife, it's time for us to go to sleep."

Next.

Finally, the moment he had been longing for had arrived!

Qin Feng immediately rushed back to the tent, spread the bedding, and said to Xu Yunxiao, "Come on, it's late, let's lie down!" The most up-to-date version is on

Looking at the cramped space, Xu Yunxiao's face turned slightly red.

In such a small area, two people lying down would definitely squeeze together, a bit awkward.

"Hurry up, don't wait. We still need to climb the mountain tomorrow."

Qin Feng urged excitedly.

Xu Yunxiao hesitated for a bit, but ultimately lay down with a flushed face, saying to Qin Feng, "Let's get one thing straight, you are not to touch me!"

"Am I that kind of person?"

Qin Feng replied earnestly and seriously, looking as if he was wronged and a bit aggrieved.

Seeing this, Xu Yunxiao didn't say anything more.

Qin Feng also lay down secretly chuckling to himself, overjoyed.

Thank goodness for Zhao Yu creating this truth or dare game and making him drink a bottle of liquor. If any hands got touchy-feely, he could just blame the booze!

Thinking this way.

Qin Feng was snoring, and his hand quietly moved to embrace Xu Yunxiao...

Who knew.

Just then, Lin Xue'er suddenly called out from outside, "Sister Yunxiao, Sister Yunxiao?"

Damn it!

Qin Feng was so startled he withdrew his hand, really wanting to strangle Lin Xue'er.

After Lin Xue'er woke Xu Yunxiao up, she said with a pitiful look, "Sister Yunxiao, can I sleep with you? I'm scared by myself..."

Upon hearing this.

Several drunks outside seemed to be looking for her.

Especially Xu Changjian, who was directly lying at the entrance of her tent, snoring away.

"Alright, come in and sleep then!"

Xu Yunxiao replied.

"Me?"

Qin Feng blinked, asking.

"Of course, you're going to sleep in her tent!"

Xu Yunxiao said.

"..."

Qin Feng suddenly felt at a loss.

No choice.

He could only come out dejectedly and head towards Lin Xue'er's tent.

Reaching the entrance of the tent, he saw Xu Changjian sleeping sprawled out there and, feeling annoyed, he kicked him in the head: "It's all your fault for scaring Lin Xue'er away, wasting my great opportunity!"

After being kicked, Xu Changjian sleepily clutched at Qin Feng's foot: "Bai Suzhen, Bai Suzhen, I've liked you for so long, just be with me, hehehe..."

As he said this, he crazily kissed Qin Feng's foot.

"Damn, to insult Bai Niangzi even in his dreams? Truly disgusting!"

Qin Feng kicked him again, out of frustration.

He entered the tent.

Qin Feng turned over in bed, trying to sleep, disgruntled.

The next day.

The weather was fine and sunny.

Qin Feng sleepily turned over and his hand seemed to press against something.

Warm.

Cottony.

Soft.

...

"Damn it!"

Realizing what was happening, he abruptly opened his eyes and saw Su Ruolan actually lying next to him, with his hand in her embrace!

At this point.

Su Ruolan also woke up in shock, and upon seeing Qin Feng and his hand, almost let out a scream and quickly backed away!

"You, how come you're here?"

Su Ruolan nervously clutched at her chest.

"I was about to ask you the same!"

Qin Feng also said, confused.

As it turned out, after Qin Feng lay down and fell asleep, Su Ruolan, who had been alone, kept hearing lots of people outside going crazy with alcohol, and that Duke guy calling out "Ruolan, Ruolan" all night. Fearing those people would lose control after drinking, she sought out Lin Xue'er for company in the middle of the night.

Worried about waking Lin Xue'er, she simply lay down after entering without disturbing her, not knowing that the person sleeping there was Qin Feng.

After clarifying the misunderstanding, Su Ruolan quickly left with a red face.

Qin Feng was stunned for a good while and, looking at his own hand, mumbled: "36, D..."

...

The sun rose.

Under Captain Wang's urging, everyone continued on their journey.

Those more than twenty people who had drunk too much last night were listless, staggering as they walked, but fortunately today's route was mainly through valleys, not as tiring.

As Xu Changjian walked, he touched the two big bumps on his head and muttered: "Strange, where did I bump my head last night? Why does it hurt so much..."

Zhao Yu was now sober.

Angry at Qin Feng for exposing his bedroom issues the previous night, he harbored deep resentment towards Qin Feng.

But now he felt too embarrassed to approach Xu Yunxiao again.

How could he have the nerve to court her when that aspect was already a failure?

"Hmph, it's all that damn Qin Feng's fault; I must find a way to deal with him! And I need to reestablish my own prestige!" Zhao Yu grumbled to himself.

In the afternoon.

The group reached deep into the valley, where one could hear various bird calls from the woods and the cries of unknown animals.

Arriving at a riverside.

People stopped to rest for a short while.

Just as Qin Feng was about to sit down, he suddenly heard a noise and quickly looked up, seeing the bushes on a distant hillside move. He grew serious and said to everyone: "Don't rest; we must get out of this valley before it gets dark!"

No one paid him any attention; they just kept eating and drinking.

These were offspring of wealthy families; who would care about the advice of a nobody?

"Why?" Su Ruolan asked at this moment.

"It's not safe here. There's something."

Qin Feng explained.

This was Zhao Yu's chance to mock him finally, he contemptuously said: "We have so many people here, what's there to fear? Really, I've never seen such a coward like you!"

"Exactly!"

Duke chimed in, "Besides, aren't there several skilled fighters from Tiger Sect? What's to fear? That's laughable!"

"Even if a fierce tiger shows up, there's nothing to fear! The fighters hired by Young Master Zhao have the combat capability to take down a tiger one-on-one. Is it that you don't trust them, or are you just a coward? To think you grew up in the countryside, hahaha..."

Others also mocked and laughed.

Seeing this, Qin Feng turned his head to look at Captain Wang, the leader of the Tiger Sect, with a serious expression and said: "We should leave quickly."
