The Dominance of the Son-in-Law: My Wealthy and Beautiful Wife Novel

Chapter 81: Wolf King!

Captain Wang was already floating on cloud nine from all the flattery thrown at him by the wealthy sons; he sneered and said, "If you're scared, why thicken your face and come here?"

"Ha ha ha..."

Upon hearing this, everyone burst into laughter, "Exactly! Who asked you to come with such a thick face? This is hilarious..."

In their eyes, only the elites could enter the adventure group!

Though family members could come along,

Most people just brought their girlfriends.

Having someone like Qin Feng, a son-in-law who relied on his wife, was like a rat poop ruining the entire soup to them!

They felt his presence dragged down the adventure group.

Such a person had no right to join; if not thick-skinned, what else could it be?

Having interacted with him over the past few days, Captain Wang already knew he was the kind of son-in-law who lived off his wife. If not for him, maybe he could even charm the beauty Xu Yunxiao with his robust physique.

On the other hand,

He was a master from the Tiger Sect.

Initially protecting these second and third-tier family members was somewhat reluctant, feeling it was an underuse of his talents. If not for the good pay, he would be unwilling to come, and now he even had to protect this good-for-nothing freeloader, feeling it beneath him.

Xu Yunxiao also felt embarrassed at this moment; after all, she was the one who had Qin Feng come along, hastily pulling him and whispering, "Quick, sit down!"

"Wife, there really might be danger!"

Qin Feng said with a frown.

The crowd burst into laughter again upon hearing this.

Xu Yunxiao, feeling depressed, said, "I'm not scared, what are you worried about? Didn't you hear them? Even if there's a tiger with Captain Wang's skills, it wouldn't be a problem. Don't embarrass yourself; just sit down!"

"Exactly, even a girl like me isn't scared, and you, a grown man, are afraid?"

A girl mocked.

Ignoring them, Qin Feng said to Captain Wang, "You can kill a tiger, you can kill a wolf, but what if it's... a pack?"

"A pack?"

Captain Wang scoffed with playful laughter, "Stop joking. There might be wildlife here, but it's not deep in the forest. How could there be a pack?"

"Exactly, do you think this is a movie? You've watched too many movies! Ha ha ha..."

Zhao Yu laughed out loud.

Seeing the situation, Qin Feng sighed, turned to Xu Yunxiao, and said, "Wife, since they won't listen, let them be! You come with me and leave."

"Qin Feng!"

Xu Yunxiao, hearing the mockery from everyone, had her face burning red, "What exactly are you afraid of?"

Zhao Yu, seeing him despised even by his wife, was even more delighted and stood up, bravely yelling into the valley, "Hey—! Tigers, lions, jackals, leopards, if you've got the guts, show yourselves—!"

The sound echoed through the valley.

After Zhao Yu finished yelling, he laughed and said to Qin Feng, "Hey Qin Feng, did I scare you? Ha ha ha..."

Everyone burst into peals of laughter.

"What an idiot!"

Qin Feng muttered.

At that moment,

Suddenly, a wild beast's cry echoed in the valley: "Ahh—wooo—!"

Wolves!

Everyone instantly quieted down.

The sound was clearly that of a wolf howling!

"Are, are there wolves?!"

Zhao Yu immediately got a cold shiver and collapsed on the ground, his body uncontrollably trembling.

"Well, it's too late to leave now." Qin Feng simply sat down and said, "You've successfully attracted the wolf's attention."

Everyone looked at each other, at a loss.

"No, no, it's just a wolf!"

Zhao Yu, trying to be brave, said, "It looks just like my Husky; how bad can it be?"

Pfft—!

Qin Feng almost spat blood.

This guy must be out of his mind.

To think that a wolf was similar to a Husky!

"Alright!"

Captain Wang then pulled out his Dagger, smiling, "It's just a wolf, with us here, there's no need to be afraid."

"Right, right, right, with a master from the Tiger Sect, we have nothing to fear!"

Zhao Yu wiped the cold sweat from his forehead.

Seeing Captain Wang's calm and steady demeanor, everyone felt a sense of admiration and relief.

Even some of the girls said, "I really hope that wolf comes over soon so we can witness Captain Wang's fierce skills."

Hearing this, Captain Wang felt even more proud.

Flipping a dagger stylishly, he stood at the forefront of the crowd, waiting for the arrival of the wolf.

A moment later.

Finally, the crowd saw a wolf approaching!

It was a white wolf!

The wolf's fur was completely snow-white, and its eyes were piercingly sharp!

The crowd felt the wolf's powerful presence and all stood up to crowd behind Captain Wang, curious to see how he would handle the wolf.

They had wanted to take photos and record videos, but unfortunately, mobile phones were not allowed during this adventure activity.

"Beast, prepare to die!"

Captain Wang, dagger in hand, was about to charge at the white wolf.

Just then, Qin Feng suddenly appeared in front of him, frowning and saying, "You can't beat it; it's the Wolf King."

"Wolf King? That little white ball?"

Captain Wang laughed disdainfully.

Zhao Yu also laughed and said, "I think its size is not even bigger than my family's husky, and you're scared of it? What a coward, truly the disgrace everybody talks about! Hahaha..."

Other unnamed Tiger Sect elites also mocked Qin Feng and said, "Trash, just roll back! Last year, our Captain Wang solo-killed a wolf even bigger than this; unlike you, a complete coward." Reader support at * made this translation possible.

Captain Wang paid no more attention to Qin Feng and stepped forward.

Swoosh—!

The white wolf leapt swiftly toward Captain Wang.

Captain Wang hoped to slash at its belly to decide the victor.

But unexpectedly, the white wolf changed direction bizarrely in mid-air!

"What?!"

Seeing this, Captain Wang was extremely astonished.

Immediately after.

The white wolf's sharp claws swiftly struck across his face!

"Ah—!"

Captain Wang clutched his face and screamed in pain.

Three deep bloody scars were claws across his face.

The remaining five Tiger Sect elites, realizing the situation was dire, immediately stepped forward to help.

These normally agile fighters were perplexed dealing with the white wolf, which wasn't very large.

In five minutes.

All six of them had blood marks on their arms, legs, and bodies, wounded all over!

"It, it really is the Wolf King..."

Listening to the frightening growl of the white wolf, Captain Wang muttered, his eyes filled with terror.

The on-looking crowd was shocked.

No one expected the situation to turn out like this!

Clearly.

The six Tiger Sect elites couldn't defeat the Wolf King, and couldn't even gain the slightest advantage!

At this moment.

Suddenly there was a commotion in front of the crowd.

"What?!"

Captain Wang and the others' complexions drastically changed.

They saw numerous wolves converging towards them from the front, like rivers flowing into the sea, seemingly hundreds of them!

Thump!

Captain Wang collapsed to the ground.

The other five Tiger Sect elites had their legs go weak.

"Ah—woo—!!"

Led by the white wolf, hundreds of ferocious wolves howled together.

Their cries echoed through the valley.

Everyone was chilled to the bone, too frightened to move.

"Run, hurry, run!!"

Captain Wang was the first to recover, scrambling and crawling to get away through the crowd, while the other five Tiger Sect elites also fled in terror.

Zhao Yu and the others saw this and were filled with despair.

They wanted to run too.

But faced with the stare of hundreds of wolves, their legs trembled uncontrollably, disobeying their commands.

The white wolf looked at the people, licked its tongue, and drool dripped down from its sharp fangs.

At this moment.

In despair, the crowd saw a figure suddenly standing up.

It was Qin Feng!

Chapter 82: You Bastard, Get Lost!

"Qin, Qin Feng..."

In fear, Xu Yunxiao tightly grasped his hand, her eyes filled with terror and panic.

Qin Feng comforted her, "Don't worry, it's going to be okay."

Then,

He faced the white wolf and hundreds of fierce wolves showing their fangs!

At that moment,

Lin Xue'er suddenly stood up too, clutching the Wolf Tooth Necklace her grandfather had given her, summoning her courage, she stammered to the pack of wolves: "Do not, do not come over!!"

This necklace was an amulet.

Last year, when she accompanied the archaeological team into the mountain, she encountered a tiger and used it to scare the tiger away.

The others finally began to feel a glimmer of hope, watching her with extreme nervousness.

Because this was their only hope!

"It's useless."

Qin Feng told her, "This necklace has a peculiar aura, and it can work against a normal tiger or wolf, but here we have hundreds of wolves and even the Wolf King!"

As soon as he finished speaking,

Sure enough, the white wolf lowered its body, baring its fangs, emitting a devilish growl from its throat.

This was the preparation for hunting!

Seeing this, Qin Feng stepped forward, closed his eyes gently, and regulated his breathing.

Just as the hundreds of fierce wolves were about to attack, he suddenly opened his eyes and shouted, "Evil beasts, get lost!!"

His voice was not loud,

But it was deep and powerful, like the sound of a great bell!

The white wolf and the hundreds of fierce wolves were momentarily stunned, then, as if seeing the devil, cautiously backed up a few steps, turned around abruptly, and fled in disarray!

In the blink of an eye,

The hundreds of wolves had disappeared without a trace.

Everyone looked at each other, having no idea what had happened or why a single sentence from Qin Feng made the wolves run away, but one thing was sure–the wolves were gone, and their lives were saved!

Xu Yunxiao and Su Ruolan looked at Qin Feng's silhouette, feeling him to be tall and majestic! This copy comes from content on *.

Especially under the setting sun, a golden halo surrounded his body, making him seem immensely sacred.

"He's really brave..."

The two said in unison.

After speaking,

They looked at each other and their faces turned red at once.

Xu Yunxiao blushed because she had never praised Qin Feng in front of others before; this was the first time, while Su Ruolan felt somewhat embarrassed because she was admiring another woman's husband.

At this moment,

Everyone also completely relaxed, feeling the joy of having survived a disaster.

Xu Changjian approached Lin Xue'er excitedly, "Xue'er, you are amazing, our survival is all thanks to your Wolf Tooth Necklace!"

"Wolf Tooth Necklace?"

The others were puzzled.

Xu Changjian then explained with a smile, mentioning the remarkable aspects of Lin Xue'er's Wolf Tooth Necklace, stating no wolf or leopard could get near it.

Some among them had experience with such protective amulets, they came over to look and indeed felt a strong aura from the necklace, then said to everyone, "Yes, it was Lin Xue'er who saved us!"

"Xue'er, thank you so much!"

"If it wasn't for you, we might have died here today."

"..."

They surrounded her, full of gratitude.

Xu Yunxiao and Su Ruolan were stunned, then realized that it was Lin Xue'er's Wolf Tooth Necklace that had driven the ferocious wolves away, not Qin Feng.

That also made sense.

How could it be possible that Qin Feng's scolding alone could scare away so many wolves?

It was just their imagination...

Surrounded by people showering her with compliments, Lin Xue'er couldn't help looking towards Qin Feng, her eyes filled with incredulity.

Only she knew that it wasn't her necklace that had driven away the wolves.

Because she clearly felt, when pointing the necklace at the wolves, as if it had a life of its own, it was very fearful, this fear directly transmitted into her heart.

She knew, as Qin Feng had said, the power of the necklace was not enough to deter the wolf pack.

There was only one possibility.

It was Qin Feng who scared the wolves away!

But.

He seemed utterly indifferent to others crediting him with the achievement, instead appearing as a carefree, unruffled person.

Do such people really exist in the world?

After hesitating.

She spoke up, "Everyone, it wasn't me who drove the wolves away."

"Oh?" The crowd was puzzled.

"It was Qin Feng." Lin Xue'er said, "You all saw, it was Qin Feng who drove the wolves away."

"Hahaha..."

Xu Changjian was the first to burst into laughter and said, "Did Qin Feng just say a few words and then scared the wolf pack away? Only a fool would believe that—Xue'er, I'm not saying you're foolish, I, I mean that Qin Feng is just showing off, seeing you pull out the Wolf Tooth Necklace, he deliberately came out to say a few impressive words, making everyone think he drove the wolves away."

"Right, such people are just too shameless!"

"Absolutely faceless!"

"..."

Everyone expressed their disdain towards him.

Seeing this, Lin Xue'er wanted to defend him but ended up creating this situation, immediately feeling anxious.

Qin Feng just smiled, not taking it seriously at all.

The sun was about to set.

After complimenting Lin Xue'er, Zhao Yu suggested, "Let's go, we should leave here quickly! It will be troublesome if it gets dark!"

"Yes, yes..."

People began to quickly pack up their luggage.

At this moment, Qin Feng said, "Don't worry, the wolf pack won't dare to come back now, we can stay here for the night."

"Tch!"

Zhao Yu gave him a disdainful look, "What use are your words? You really think you drove the wolves away? What a poser!"

"Yeah, with so many people here, why would anyone listen to a useless guy like you?"

Duke also chimed in.

"..."

Qin Feng was speechless, he just spread his hands and said, "I'm thinking of your best interests, I don't mind if you aren't worried about getting tired."

"It's this time, and you're still worried about tiredness? Idiot!"

Someone in the crowd said.

Soon.

Everyone packed up and set off immediately.

The sun went down.

And the sky darkened.

Walking in the mountains at night was very difficult, especially for these rich young masters. They had low stamina and were carrying large baggage, stumbling many times along the way.

Many times they felt like lying down.

But the sound of wild beasts in the surrounding mountains scared them into continuing forward.

They walked all night.

By dawn, the crowd finally lay scattered in a clearing in the woods, all groaning in pain, with sore legs and arms, twisted ankles, and faces scratched from falls—it was a field hospital of injuries.

Only Qin Feng was energetic, having boiled some hot water for Xu Yunxiao, saying, "Wife, have some water before you rest."

"Okay."

Xu Yunxiao was also exhausted, drinking a cup of hot water at this moment felt blissfully fortunate, secretly glad to have brought him along.

At this moment, Lin Xue'er looked at Qin Feng with suspicion, "How come you are not tired after walking the mountain roads all night?"

She had been part of archaeological teams for years, far surpassing these rich young masters in physical fitness.

But even so, she was extremely tired.

Qin Feng, however, looked as if nothing had happened.

"Good health."

Qin Feng casually replied with a smile.

Not far away, Xu Changjian, sprawled on the ground, disdainfully said, "Xue'er, don't envy him, he has good stamina because he comes from the countryside."

Chapter 83: Ancient Tomb!

"Just that, he's just from a rural area."

Zhao Yu and the others were also too tired to speak up.

Now that Lin Xue'er had driven away the wolves with the Wolf Tooth Necklace, she had become the belle of the ball. Only now did people shift their attention to her and noticed that, aside from Xu Yunxiao and Su Ruolan, she was also quite beautiful, worthy of being called a beauty.

So, when they saw her complimenting Qin Feng, they felt very displeased inside.

"I'm telling you, Qin Feng, with your strong stamina, do you work in the fields every day? It's so pitiful, working hard under the sun for a whole year and still not earning much money."

Duke taunted.

"Yeah, I heard that people in the countryside only take a bath once in a while. Qin Feng, do you have an old stench on you? Haha..."

The others also started laughing.

Seeing this, Lin Xue'er got a little angry and told them, "Don't bother with them!"

"..."

Everyone internally felt even more depressed.

They had originally been talking for Lin Xue'er to hear, so why was she siding with him?

"I never cared about you guys in the first place."

Qin Feng shrugged and smiled, revealing his white teeth.

Crap!

Zhao Yu and the others were even more upset, so angry they almost spat blood.

At this moment.

Su Ruolan sniffed curiously and asked, "Do you guys smell something?"

"Is it the old stench from Qin Feng's body?"

Duke laughed.

Hearing this, the others also burst into laughter.

Su Ruolan's eyes showed a hint of disgust towards Duke, then she said, "It seems like the smell of gunpowder."

"Where would the smell of gunpowder come from deep in the old forest? It must be the stench from Qin Feng, hahaha..."

Duke laughed even more proudly.

Qin Feng also sniffed the air and furrowed his brows slightly, saying, "You're right, it's the smell of gunpowder!"

"You're quite good at covering things up. Obviously, it's your own stench."

"Just admit it, a real man faces up to what he does. Don't escape; it only makes us despise you more."

"..."

Everyone else said, laughing.

Qin Feng then stood up, looked around, and said, "Let's get ready to leave. This place is not safe!"

"What?"

Everyone looked at him with scorn, "Are you purposely using your strength to torment us because you want revenge?"

They had been traveling all night and had no energy left to walk any further.

"There have been people here!"

Qin Feng said.

The crowd was surprised, but soon regained their composure, saying, "I thought you were going to say there were tigers. What's so scary about people? It would be nice to encounter people here!"

"They might be criminals."

Qin Feng added.

"Pfft!"

Everyone ignored him and continued to rest.

Lin Xue'er began to observe her surroundings as well, stood up, and looked towards one side of the forest. Sure enough, she saw many footprints in the grass.

After a moment of confusion.

She followed those footprints and soon saw a large pit, shouting, "Everyone, come here quickly!"

Everyone went over to look and were immediately astonished.

The pit was large and deep.

Below was a huge stone gate that had been blasted into fragments.

"This is..."

Everyone was filled with doubt.

Lin Xue'er furrowed her brows at this time, her expression serious, "It's a tomb raider hole!"

"Tomb raider hole?!"

The crowd exclaimed.

They had all seen plenty of tomb-raiding stories in movies or novels, but they never expected to encounter a real ancient tomb in real life!

"Then, could there be many treasures inside?"

Zhao Yu's eyes widened with excitement.

"Yes, yes!"

Duke, Xu Changjian, and others were also excited, saying, "There must be many rare treasures! Finding just one could make us rich!"

As they spoke,

almost everyone looked excited and eager to try.

Seeing this, Lin Xue'er furrowed her brows and said, "This is illegal!" Chapter source: My Virtual Library Empire (*).

...

Everyone suddenly looked at each other in dismay.

In recent years, the authorities had indeed been cracking down on this area, and with Lin Xue'er, a member of the archaeological team, present, it wouldn't be appropriate to enter!

Zhao Yu's eyes twinkled, and he smiled at Lin Xue'er, saying, "Xue'er, don't you want to go down and have a look?"

...

Lin Xue'er hesitated, at a loss for words.

As an archaeologist, she was naturally very interested in ancient tombs, but she was aware of their purpose for going down.

"Don't worry!"

Zhao Yu once again spoke earnestly, "We swear, we'll only accompany you to collect historical data. We won't touch anything down there!"

As he spoke, he signaled Duke and the others with his eyes.

Duke and the rest got the message, immediately also saying, "Right, we won't touch anything. We're just curious."

Anyway, there were more than eighty people.

How could she, Lin Xue'er, keep an eye on them all by herself?

Plus, it was pitch dark inside, so it'd be no problem to slip something away later.

Lin Xue'er was still hesitant.

At this moment, Qin Feng said indifferently, "Curiosity killed the cat!"

"You're scared? Coward!"

Zhao Yu cursed.

Qin Feng scoffed disdainfully and said, "Idiot, open your eyes and look at this entrance. Blowing up such a large stone gate probably needs a lot of C4 explosive. Having that much explosive, it must be a professional gang, and with many hands, chances are that everything inside is already gone!"

...

Hearing this, everyone paused for a moment.

Right!

The entrance was already open; perhaps everything had long been taken.

Just as they were feeling despondent,

Lin Xue'er, hearing this, couldn't help but shiver and said, "No, we can't let them take away the artifacts. We must hurry and find them!"

Others' eyes brightened, saying, "Yes, let's go down and catch them!"

Thinking to themselves,

perhaps there were still some good items inside, and even if not, catching those people and pilfering a little for themselves wouldn't be bad either.

People were jumping into the pit and entering the gate.

Seeing that they weren't listening, Qin Feng didn't try to persuade them anymore and turned to Xu Yunxiao, who was about to go down, saying, "Wife, let's leave!"

"But Xue'er went in!" Xu Yunxiao said, worried, "Qin Feng, you aren't really scared, are you? Then you wait here for us; I'll go find Xue'er."

...

Qin Feng was speechless.

With no other option, he had to go inside as well.

The tomb passage was huge.

It was like walking through the corridor of an ancient castle, eerie and terrifying. Even with over eighty people gathered together, it felt scary, and everyone dared not speak loudly.

Lin Xue'er led the way at the front, looking around with her flashlight.

The walls were carved with murals and texts from unknown dynasties, deeply fascinating her. Regrettably, she couldn't bring a phone or camera on this adventure and could only quickly sketch their outlines and features in her work notes.

Walking forward,

she suddenly stepped on something.

Looking down,

it was shockingly a human skull!

"Ahh—!"

Lin Xue'er instinctively screamed and tightly clung to the person next to her.

Everyone immediately shone their flashlights in that direction.

Immediately, faces were filled with jealous gnashing of teeth.

Lin Xue'er, such a beautiful woman with a perfect figure, actually clung tightly to that worthless Qin Feng, how infuriating!

"It's okay, get up quickly!"

Qin Feng consoled Lin Xue'er with an embarrassed expression.

After all, Lin Xue'er was unaccustomed to such an environment, and that was just her instinctual reaction. She finally let out a sigh of relief, let go of Qin Feng, and said with a blushing face, "Sorry, I'm so sorry..."

Damn!

Hearing her apologize to Qin Feng who had taken advantage of the situation,

everyone felt as if they had been stabbed in the heart.

Chapter 84: Giant Python!

People continued forward.

This time, Zhao Yu and the others had learned their lesson, they all "protected" around Lin Xue'er, waiting for her to be frightened again so they could hold her in their arms.

But.

As they walked on, Lin Xue'er did not scream in fear anymore.

Zhao Yu then quietly approached Xu Yunxiao, hoping that if Xu Yunxiao got scared, she would burrow into his arms and he could take advantage of the situation.

But Xu Yunxiao was not scared at all along the way.

Even the ominous feeling, she couldn't sense it, which she found strange, not knowing it was because of the protection of the Golden Phoenix Jade Hairpin.

This made Zhao Yu quite frustrated.

Meanwhile, that bastard Qin Feng managed to have Su Ruolan embrace him several times out of fear, which made them grit their teeth in irritation.

After a while.

People arrived at a large hall.

The hall was very large, and several pillars stood around it, adding some majesty to it.

Unfortunately, they couldn't find any treasures after searching around.

At that moment.

Suddenly, there was a sound from above the hall.

It startled everyone.

Duke, Xu Changjian, and others seeing the situation, seized the opportunity and rushed to surround Lin Xue'er, saying, "Xue'er, don't be scared, I will protect you!"

Qin Feng saw this, frowned, and said to the people, "Hurry up and get out of the way!"

"Humph, still trying to take advantage of Xue'er? Despicable, shameless!"

Zhao Yu called out.

In the midst of talking.

A long snake, entirely blood-red, was seen crawling down along the pillar.

"Everyone, don't be afraid, it's just a snake!"

Zhao Yu drew a small knife.

Who knew.

Suddenly a second and third snake appeared...

Like rain, a bunch of long snakes started falling from above the hall!

The blood-red eyes of the snakes, flicking their tongues, slowly encircled the people.

At this moment, Su Ruolan, terrified and numb, clung tightly to Qin Feng, not daring to move.

Qin Feng, very irritated, said to the crowd surrounding Lin Xue'er, "Quick, throw away your Wolf Tooth Necklace, they are coming for your necklace!"

"Don't even try!"

Zhao Yu coldly huffed, "Qin Feng, you want Xue'er to lose her protective amulet so you can use it? That's despicable!"

"I can't believe you are this kind of person!"

"Absolutely shameless to the extreme!"

"..."

While people despised Qin Feng, they moved closer to Lin Xue'er.

They had seen Lin Xue'er's necklace fend off a pack of wolves and believed it could also drive away these snakes.

Who knew.

The dense and eerie blood-red snakes actually passed by the feet of Qin Feng and the other two as if they didn't see them and headed towards the crowd.

"Hiss—!"

The hissing of pythons echoed from above.

The snakes below, as if receiving an order, immediately opened their bloody mouths and surged towards them like a tide!

"Ah—!"

One by one, people screamed in pain.

Qin Feng immediately freed himself from Su Ruolan who was clinging to him, asked her and Xu Yunxiao to stay together, and he went to rescue others.

Xu Yunxiao had the Golden Phoenix Jade Hairpin.

The snakes here did not dare to approach her, so there was no need to worry.

As for Lin Xue'er's Wolf Tooth Necklace, originally it had the same function as the Golden Phoenix Jade Hairpin, but its mana aura was too weak, unable to act as a deterrent and instead became "delicious" in their eyes.

To put it simply.

The Golden Phoenix Jade Hairpin is like a fierce tiger, whereas the Wolf Tooth Necklace is just like a kitten not yet a month old.

If I'm not mistaken.

These snakes were also attracted by the Wolf Tooth Necklace!

Thus, the people gathered around her were unlucky.

At this moment, Qin Feng immediately rushed over and asked Lin Xue'er to throw away the necklace, but Lin Xue'er was very scared and kept shaking.

In a moment of urgency.

Qin Feng had no choice but to say, "Excuse me!"

Then, he reached into her neckline and took out the Wolf Tooth Necklace, throwing it far away.

Indeed!

Hundreds of long snakes immediately left the crowd and went after the Wolf Tooth Necklace.

"Run!"

Qin Feng shouted to everyone.

People came to their senses and immediately ran towards a doorway in the great hall.

Qin Feng was the last to leave.

Seeing one of the long snakes, holding the Wolf Tooth Necklace and climbing up a pillar. For a smoother reading experience, visit MV&LEMPYR.

He looked up.

In the darkness above, Qin Feng saw two crimson eyes, extremely terrifying...

The crowd ran wildly all the way.

They didn't stop until they reached a secret chamber, where everyone started to scream in pain.

Most of them had been bitten by the snakes a few times.

Zhao Yu looked at the snake marks on his ankle, his face pale with fright: "Help, help me, I don't want to die, someone save me..."

Su Ruolan went over and said, "Don't worry, luckily the venom of this snake is not very strong."

She took out a bottle of anti-venom powder and sprinkled some on his wound.

When preparing for the adventure, considering the possibility of encountering poisonous creatures like mosquitoes and spiders in the mountains, they brought special anti-venom powder, which came in handy now.

Then, she applied the powder to everyone's wounds.

"Hey? Where is Qin Feng?"

After Su Ruolan finished applying the powder, she looked around suspiciously.

Inside the great hall.

Qin Feng had not fled with everyone else.

Because after seeing those blood-red eyes in the darkness above the hall, he knew things were not that simple.

He picked up the small knife that Zhao Yu had dropped, his expression solemn, and looked up at those terrifying eyes, saying: "If you seek death, don't blame me then."

Immediately after.

Those blood-red eyes slowly approached, like a devil arriving.

Finally.

Under the residual light of the flashlight on the ground, its true visage was clear!

It was a gray giant python!

Its body as thick as three to five people together, those spine-chilling eyes, even bigger than a human head!

It was because of it that Lin Xue'er's Wolf Tooth Necklace did not work!

Hiss—!

Hiss—!

The giant python hissed, eyeing Qin Feng like it was staring at its prey.

"Come on!"

Qin Feng responded by gripping the knife and spreading his feet apart.

The giant python, as if understanding, sneered, then suddenly opened its huge mouth and lunged at Qin Feng, like a giant serpent swallowing the sun!

Shhh—!

A splash of fresh blood!

Qin Feng instantly moved and reversed grip on the knife, managing in a blink to slash a long cut from top to bottom on the python's abdomen!

Thump!

The giant python fell to the ground, struggled painfully for a moment, then was silently motionless, never stirring again.

The smaller snakes, seeing Qin Feng's actions, also seemed to be looking at a devil, scurrying away into the darkness.

Qin Feng looked at the blood stains on him, somewhat frustrated.

Originally, he did not intend to cause trouble, just to leave quietly without provoking anyone.

But when he left, he saw a hint of greed in the blood-red eyes of the python!

It was greedy for Xu Yunxiao's Golden Phoenix Jade Hairpin on her body!

The Golden Phoenix Jade Hairpin could deter ordinary fierce beasts and suppress evil spirits, but facing a giant python of this level might be difficult.

So, Qin Feng wanted to eliminate these potential dangers in their infancy.

Then.

He walked over to the giant python, found the vital spot, dug with the knife and removed a snake gallbladder the size of a grain of rice.

"So small?"

Qin Feng was surprised.

Even a normal snake gallbladder was bigger than this.

He held the snake gallbladder in his palm, carefully feeling its aura.

After a moment.

He opened his eyes excitedly looking at the snake gallbladder and exclaimed: "Awesome..."

Chapter 85 - 85 Lord Tianji?

"If I'm not mistaken, this giant python has been guarding this place for hundreds of years!"

Qin Feng said.

He felt the dense spiritual energy emanating from the snake gallbladder.

It was an invaluable treasure indeed!

If auctioned, the starting price would be at least in the hundreds of millions, and for those who need it, like alchemists or cultivators, it could probably sell for up to a billion!

He tucked away the snake gallbladder.

Qin Feng got up and looked around.

This ancient tomb had clearly been visited before, but the previous visitors had not lingered long in this hall, as there were no signs of snakes being killed or humans perishing. Had it not been for the Wolf Tooth Necklace, they might not have disturbed the giant python.

Therefore, this place was worth exploring.

Moreover.

Qin Feng remembered a saying from Shifang Taoist that where specters or monsters guard, eight or nine times out of ten, there lies a supreme treasure!

This giant python also counted as an extraordinary entity.

After searching for a while.

Qin Feng noticed a skeleton wearing a Daoist robe, sitting cross-legged on the ground, covered in spider webs.

As he got closer, he immediately covered his nose, pondering, "Why does such a fierce poison emit from a mere skeleton? The poison gas doesn't diffuse; it's only present around the skeleton. Could it be intended to repel people and the treasures are right here?"

He hesitated for a moment.

Qin Feng moved the skeleton aside and discovered a square-shaped lid on the spot where the skeleton sat cross-legged!

The poison gas was seeping out from the cracks in the lid.

He then figured out a way to open the lid.

Sure enough.

There was a secret compartment inside!

There were three items in the compartment.

One was a Medicine Pill emitting poison gas.

One was an Alchemy Furnace, only as big as a water cup.

And the last was a short blade, only about a foot long.

"Indeed, some fine items!"

Qin Feng picked away the poison pills and examined the short blade. Merely by touching it, he could feel the substantial aura it emitted, proving it was no ordinary item!

He then inspected the Alchemy Furnace.

In such a dark place, having been there for so long, yet not a spot of verdigris!

He opened the Pill Furnace to look inside.

Inside Qin Feng found a secret book, titled "Immortal Elixir Manual"!

Flipping through a few pages, he saw the name of the author on the title page—Lord Tianji!

"Is it him?!"

Qin Feng widened his eyes in amazement.

He had heard from Shifang Taoist that Lord Tianji was the idol of his life, a very powerful figure in their sect, whose elixirs were rumored to turn gods into ghosts and ghosts into gods!

"Unexpectedly, Lord Tianji perished here."

Qin Feng said.

Since these were his belongings, they absolutely had to be supreme treasures.

Now, with no time for further thought, Qin Feng first kowtowed to Lord Tianji, then took the Pill Furnace, the Alchemy secret book, and the short blade, and left the place...

Inside the secret chamber.

The group was clamoring to move forward, but Xu Yunxiao was anxious, wanting to wait for Qin Feng.

Seeing this, Zhao Yu saw an opportunity!

Without Qin Feng, didn't he have a chance?

He hastened to comfort Xu Yunxiao, saying, "Yunxiao, since he hasn't returned after so long, he's likely encountered more misfortune than fortune. But you can't be impulsive, think of your family, your friends and relatives, you can't jeopardize your safety and sadden your loved ones over that worthless guy!"

"Hmph! Good riddance if he's dead!" Duke said from the side, "It's all his damn jinxed mouth's fault, leading all those snakes over to us!"

"Exactly, let's move on quickly! Before those snakes come after us again."

"..."

The crowd urged one another on.

Xu Yunxiao, however, still refused to leave, and Su Ruolan and Lin Xue'er were equally adamant about finding Qin Feng.

Everyone felt irked.

How could such a worthless guy make these three stunning beauties so reluctant to leave him?

At that moment.

Qin Feng finally arrived.

Seeing this, Xu Yunxiao finally breathed a sigh of relief and approached, asking, "Are you alright?"

"It's fine."

Qin Feng smiled.

This was the first time he saw Xu Yunxiao so anxious on his behalf.

Seeing this, Zhao Yu's hopes were dashed, and he cursed in frustration, "Damn it, why did you run off on your own? You made us wait here for so long!"

"Yeah, that's not team spirit at all!"

"..."

The others also started complaining.

Qin Feng was baffled and said, "Hey, I'm the one who saved you, and this is how you act?"

"You saved us? Don't put on airs, it was clearly Dr. Su Ruolan who treated us with her medicine powder. All you did was yell 'run' a couple of times. What credit are you trying to claim?" Zhao Yu shouted.

"And on top of that, you're the one slowing us down!"

"Shameless!"

"..."

Qin Feng was speechless at these idiots and said coldly, "Fine, from now on, don't come begging to me if something happens!"

"Beg you?"

Zhao Yu laughed, "Should we beg you, a good-for-nothing who can't even stand up for himself? You really are full of yourself, if I have to beg you, I'll be your grandson!"

The others snickered as well.

The group continued on their journey.

Wandering around in the ancient tomb for quite a while, they found several secret rooms and coffins, but they didn't find any antiques or treasures, and since those coffins had been tampered with, if there were treasures, they were long gone.

After turning around for most of the day.

The group finally found a tomb raider hole, crawled out exhausted, huffing and puffing.

"Damn it, we went around in circles for nothing, there was nothing inside!"

Zhao Yu and the others said dejectedly.

"I'm so thirsty and hungry now."

Someone commented.

Only then did everyone realize that this was not the entrance they came through—their bags and belongings were not here!

"Damn, we have to go back for our stuff, our food, drinks, and tents are all the other way!"

Zhao Yu said.

But.

Thinking of the snakes in the tomb, no one wanted to go back.

"No, we have to go back, otherwise we're going to starve, and we'd have to sleep out in the open at night."

Zhao Yu began to urge everyone.

The group found his argument reasonable and set off.

After all, they were from privileged backgrounds, and sleeping in tents in the mountains was miserable enough, let alone out in the wilderness.

Qin Feng speechlessly said, "We've been walking around in the tomb for most of the day, haven't we? If we're going the right way, we should reach our destination by tomorrow at the latest. Do we really need to go back?"

"Hmph, scaredy-cat, such a coward!"

Zhao Yu scoffed at him and led everyone back into the tomb.

Xu Yunxiao was about to follow when Qin Feng held her back and said, "Wife, trust me, it won't take them three minutes to come back out."

Sure enough.

After Zhao Yu and the others entered, it only took them a minute to come out terrified, as if they had seen a ghost, drenched in cold sweat. This is a sample from My Virtual Library Empire. Read the rest on *.

"What happened?" Xu Yunxiao asked, puzzled, "Is there... something in there?"

"There's nothing..."

Zhao Yu shook his head, still visibly shaken.

"Then why are you so scared?"

"..."

The group looked at each other, clueless as to why they felt afraid. They had gone in and felt overcome with panic, as if there were ghosts inside—though they hadn't been scared before and had no idea why.

With a slight smile on his lips, Qin Feng deliberately said, "Wow, back so soon? I thought you were all so brave?"

"..."

Zhao Yu and the others were left speechless, their faces flushing red.

They didn't know that the reason they hadn't felt much fear in the tomb before was due to Xu Yunxiao's Golden Phoenix Jade Hairpin, which had shielded them from most of the evil energy.

Otherwise, in a place where a giant python lurked, it wouldn't be somewhere ordinary people could just come and go freely.

"Let's go!"

Qin Feng got up, dusted himself off, and said, "If we don't go now, it'll be too late later."

If he wasn't mistaken.

That group of tomb raiders should be nearby.

Chapter 86: The Cave!

Qin Feng had recently dug this tomb raider hole, unlike the previous one.

In terms of scale.

It was at least a well-trained team of twenty or thirty people.

Having spent so much effort, they wouldn't easily give up without finding what they wanted; they would definitely come back.

Therefore, leaving as soon as possible was the right choice.

"Hmph! We're all exhausted, if you want to leave, go by yourself, who wants to leave with you anyway."

Zhao Yu muttered.

"Alright, then let's each go our own way."

Qin Feng shrugged.

Xu Yunxiao knitted her brows and said, "Qin Feng, wait for everyone! We've been on the road all night and we're all out of energy now."

No choice.

Joining the adventure group was mainly to get acquainted with the young elites of Lake City.

If they left now, it would have the opposite effect.

Seeing his wife speak up, Qin Feng had no choice but to say, "Waiting for a bit is fine, but aren't you afraid of snakes crawling out while we guard the entrance of the tomb raider hole?"

Hearing this, everyone shuddered and quickly got up.

Now that they had come to their senses, resting at the mouth of a tomb filled with dense yin energy was indeed terrifying.

Very soon.

People got up scared and moved forward.

When they reached an open space, it was already noon. People were tired, hungry, and thirsty. Unfortunately, their belongings were not with them, making them extremely uncomfortable.

At this time, Qin Feng picked some wild fruits from the woods and gave them to Xu Yunxiao, "Wife, eat these, I've cleaned them!"

Xu Yunxiao was very grateful and immediately started eating the fruit.

Seeing Lin Xue'er and Su Ruolan staring intently as she ate, she shared some with the two of them.

Very quickly.

The seven or eight fruits were completely devoured by the three of them.

"Thank you..."

Su Ruolan and Lin Xue'er expressed gratitude to Qin Feng.

Seeing this, Zhao Yu said to Qin Feng, "Go, pick some for us to eat."

"Why should I?"

"You are the lowest status here, why do you think? Hurry up, I'm starving!" Zhao Yu shouted.

"Pfft, obnoxious!"

Qin Feng scorned him again.

"You..."

Zhao Yu, depressed, held back his anger and asked again, "Where are the fruit trees?"

"Over there!"

"Damn! Who are you fooling! That hillside is several kilometers away from here!"

"Believe it or not, that's your problem."

"..."

Zhao Yu was frustrated and coldly said, "If I find out you're tricking me, You'll see when we get back!"

Duke, Xu Changjian, and others also got up at this time and followed Zhao Yu to pick fruits.

Almost an hour later.

They returned stumbling and staggering, collapsing on the ground, appearing utterly exhausted and nearly breathless.

Others quickly asked, "It took so long, you must have picked some, right?"

"No, we didn't..."

Zhao Yu gasped heavily.

They looked around the woods and didn't find any fruit trees, so they headed up the hillside.

Finally getting to the bottom of the hill and seeing those juicy fruits, they were almost drooling, but the hillside was too steep and the trees too high; they couldn't climb up and had to return in defeat.

Everyone started feeling dejected.

Seeing this, Xu Yunxiao looked at Qin Feng with a touched expression, not expecting him to pick them from such a far place.

"Qin Feng!"

After Zhao Yu calmed down, he took out two thousand yuan and said, "Here, take this money and pick two fruits for me to eat."

"No way."

Qin Feng lay on the grass, with his legs crossed leisurely speaking.

"You, don't be too greedy! Two thousand yuan can buy several boxes already, you only have a few, what more do you want?"

Zhao Yu said angrily.

Seeing that Qin Feng ignored him.

He had no choice but to raise the price again, saying, "Five thousand!"

"..."

"Eight thousand!" Publication courtesy of *.

"Twenty thousand!"

"Fifty thousand!"

Zhao Yu, red-faced and thick-necked with anger, cursed, "Damn, it's already fifty thousand, what more do you want!"

Others also became annoyed.

"Fifty thousand is enough for you to spend for several years!"

Duke and others also expressed their displeasure.

Qin Feng, however, couldn't be bothered with them.

At this moment.

One of the fruit pickers came back, excitedly shouting, "Huge discovery! Over there, I found a big cave, and there seems to be someone inside!"

"Someone? That's great!"

Everyone excitedly got up and started walking that way.

Qin Feng frowned and said, "We can't go, people in the deep mountains could very likely be Tomb Raiders!"

"It's always you causing problems!" Zhao Yu scorned.

"So what, afraid we won't raise the price of your fruits anymore? Idiot, we just bought at a high price, and you're just being greedy, now I'm not buying anymore. Let's go to the cave and buy food from those people directly!"

"..."

Others chimed in.

Hearing this, Qin Feng straightforwardly said, "You guys go ahead! If anything happens, don't blame me for not warning you."

"Idiot, we've been wanting to split up from you!"

"You a good-for-nothing nobody, what right do you have to warn us?"

"Aren't you the one who said to split up? Go pick your fruits! Stop following us!"

"..."

Hearing this, Qin Feng spread his hands and said, "Fine! Then let's part ways here."

"Pfft, as if anyone wants to be with you."

Zhao Yu scorned him once more, then led everyone towards the cave.

Everyone got up and set out.

But they found Xu Yunxiao, Lin Xue'er, and Su Ruolan, the three beautiful women, choosing to stay by Qin Feng's side, leaving everyone else feeling gloomy.

"Ruolan, following Qin Feng won't end well for you, better to come with us. I'll spend a lot to buy you good food from the people in the cave," Duke said.

Su Ruolan shook her head: "No need, I think what Qin Feng said was right, there might be danger over there."

"..."

Duke felt more upset inside.

Xu Yunxiao wanted to persuade Qin Feng to go with them.

But Qin Feng had gone so far to pick wild fruits for her, and own just been verbally abused by them, so she held a grudge against Zhao Yu and others, choosing to go their separate ways.

So the group split there.

Xu Yunxiao sighed, "This trip meant to make friends turned out poorly, I'll probably be scolded by grandma when I return."

Hearing this, Su Ruolan said, "Actually, with Qin Feng here, we don't need to befriend anyone else."

Saying this, she glanced at Qin Feng, and a blush spontaneously appeared on her face.

Xu Yunxiao also looked at Qin Feng, feeling conflicted.

He had performed exceptionally well along the way, carrying baggage for her, taking care of her, and picking fruits for her to eat, but just couldn't blend in with those elites from Lake City. How could he achieve anything significant in the future?

The four of them also started out.

It wasn't long before.

Qin Feng suddenly heard two people talking in the bushes ahead.

"Dying from this heat, need to quickly get back to the cave, have a bowl of Daughter Red."

"Yes! That Daughter Red is said to be personally brewed by the Medicine King; the boss only reluctantly brought it out to enter the tomb, don't let them finish it!"

"..."

Lin Xue'er also heard it and exclaimed in surprise, "People?"

This shout caught the attention of the two burly men.

The two men "swooshed" over, holding long knives, and coldly said, "Who are you!"

Chapter 87 - 87 Fei Long!

"Yo!"

When the two men saw Xu Yunxiao, Lin Xue'er, and Su Ruolan, each a ravishing beauty that could topple empires, their eyes nearly popped out of their sockets with excitement. "Looks like we're in

luck today, heh heh... When we present them to the boss later, maybe we'll get to enjoy a couple more bowls of Daughter Red!"

Xu Yunxiao saw this, and the three women hid in terror behind Qin Feng.

Qin Feng, upon hearing them mention Medicine King's Daughter Red, was momentarily stunned, then his eyes gleamed with greed.

It's been a long time since I've had their wine, and I really miss that taste.

Especially out here in these desolate mountains and wild ridges, how I long for it!

Qin Feng wiped the corner of his mouth, which was also drooling a bit, and then reached out with a smile, "Come on, come on, hurry up and capture us!"

"..."

The burly men looked at each other, bewildered, then said to him, "No resistance at all, what a coward!"

...

The cave was enormous.

Just the entrance was several dozen meters high.

Zhao Yu and the other eighty-odd people entered and immediately felt a cool refreshing breeze, overwhelmed with excitement, they shouted loudly, "Anyone here?"

As soon as they finished.

A group of burly men, armed with knives, emerged swiftly from the inside, more than thirty in total!

Leading them was a built man with an icy expression. He stepped forward and coldly asked, "Who are you all?"

Zhao Yu and others were instantly frightened.

Carrying sharp knives and with fierce and aggressive faces, it was clear at a glance they were desperadoes!

"I... I am the young master of the Zhao Family from Lake City!" Zhao Yu mustered his courage, "If you're wise, you'll put down the knives. Otherwise, I'll have your entire family begging on the streets!"

People looked at each other, then all eyes turned to their leader.

With him taking the lead.

Duke, the young master of the Du Family, also stepped forward and yelled, "I am from the Du family of Lake City. Dare to touch a hair on my head and see what happens!"

"Never heard of it."

The leader shrugged off the comment with indifference.

A big-bearded man beside him, hearing this, stepped forward and slapped both Zhao Yu and Duke, "Damn it, who the hell knows some Du or Zhao family? Stop acting all high and mighty!"

"..."

Both were slapped so hard that their faces showed the clear imprint of five fingers, utterly bewildered.

Seems these fellows are not from Lake City!

"Speak!"

Big Beard held a knife to Zhao Yu's neck and demanded, "What are you here for?"

Zhao Yu trembled with fear and stammered, "We're here for an adventure trip, we stumbled upon this place by accident, truly sorry, we will leave immediately..."

"Adventure?"

Big Beard turned his head to look at the leader, saying, "Boss, our whereabouts are discovered, how about... killing them all?"

"..."

This sentence made Zhao Yu collapse onto the ground, his pants wet, as he desperately shivered, "Spare us, heroes! How much money do you want? I have plenty, just name your price..."

"Right, right, we have money, please spare our lives, heroes..."

The rest were also scared, and they knelt on the ground one by one.

Big Beard, however, maintained an icy face, wiped his sharp long knife, and said, "We don't want money. Now that you've discovered us here, it has to be this way, off to hell all of you shall go!"

With that.

He raised his long knife, ready to strike.

The leader looked disgusted at this moment and said, "Don't kill them now. Otherwise, the cave will be full of the stench of blood, and it will be unbearable. When everything's finished and we leave, we'll kill all this trash."

"Alright."

Big Beard nodded.

He led the men, herding the frightened Zhao Yu and others to the furthest depths of the cave, and closed them behind a simple iron railing.

The people were locked in a dark, damp, and cold place, feeling incredibly gloomy and regretting not listening to Qin Feng earlier...

At the cave entrance.

Leader frowned, "It seems this place isn't too secret either. Once those two guys return with the explosives, let's go down to the tomb. I believe that as long as we drink the Daughter Red brewed by the Medicine King, we can ward off the evil energy inside and have ample time to search."

In the midst of the conversation.

Those two brawny men had already returned, excitedly reporting to the leader, "Boss, we're back! Look what we've brought for you? Heh heh, three beautiful babes!"

The others, seeing the three bound Xu Yunxiao and her companions, had their eyes pop out.

They were simply too beautiful.

Especially for these bachelors who had been living in the mountains for a while, this was a fatal attraction!

At this moment.

Seeing their leader also staring wide-eyed, dumbstruck at Qin Feng and his group, the two brawny men laughed proudly, "Boss, didn't we do good? Can we have a few more bowls of Daughter Red later?"

"Damn!"

The leader suddenly slapped each of the brawny men across the face, cursing, "Quick, untie Brother Feng!"

The two brawny men were taken aback, blinking in confusion.

Seeing the young man, why did the leader get so emotional? Could it be... the boss likes men?

Noting their dazed expressions, the leader personally went to untie Qin Feng, his face filled with alarm, "Brother Feng, I'm truly sorry! It's all a misunderstanding..."

Everyone was dumbfounded.

Why did the leader show such fear towards him?

After untying the ropes, the leader angrily ordered those two men, "What are you two dawdling for? Quickly kneel and show gratitude to Brother Feng, otherwise, you'd have been dead a hundred times over!"

The two were utterly confused.

Was this "Brother Feng" really that formidable? The original source is *.

He seemed terrified to the point of not even resisting when we captured him.

There was no choice.

The leader had spoken, so they both knelt down.

Qin Feng, disregarding them, helped Xu Yunxiao and the others untie, then scrutinized the leader, speaking indifferently, "I didn't expect to encounter you here. How did you end up tomb raiding?"

The leader was known as Fei Long.

He was the infamous leader of the Flying Dragon Mercenary Group in Hanjiang Province.

Far more powerful than the Tiger Sect.

Years ago.

When Fei Long was still a rookie, he was beaten up by a group of people, and by chance, came across Qin Feng who was passing by.

To his surprise, Qin Feng managed to defeat the group in just half a minute.

Afterward, Fei Long wanted to acknowledge Qin Feng as his big brother.

While Qin Feng didn't bother with him, Fei Long was persistent, and Qin Feng, annoyed by his clinginess, tossed him the lowest level martial arts secret book.

Three years before, when Qin Feng left Dragon and Tiger Village for Lake City, he heard Fei Long had already become the formidable leader of the whole Hanjiang Province's Flying Dragon Mercenary Group. Unexpectedly, he was now involved in tomb raiding.

"It's a misunderstanding, a complicated misunderstanding!" Fei Long said with a headache.

Then, he turned to the three exhausted women by Qin Feng's side, with dry lips, and offered, "Oh right, the ladies must be sisters-in-law, right? Please invite them to rest in the room!"

Su Ruolan and Lin Xue'er blushed, wanting to refute.

But unclear of the current situation, they remained silent, allowing themselves to be called "sisters-in-law."

In the makeshift room.

Those brawny men delivered chicken legs and water to drink, making them feel like it was all a dream.

"Sister Yunxiao, what's going on with Qin Feng?"

Lin Xue'er asked skeptically.

"I'm not sure either..."

Xu Yunxiao was somewhat embarrassed.

She realized she knew far too little about Qin Feng.

Outside.

Fei Long immediately had a table of food and drinks set up for Qin Feng, filling up his bowl, "Brother Feng, if it wasn't for you, I wouldn't be who I am today. I've always wanted to repay you but never had the chance. Here, let me toast to you!"

"Cough cough, I heard you have the Daughter Red brewed by the Medicine King?"

Qin Feng cracked a smile, speaking cheerily.

Chapter 88: Daughter Red!

"..."

Fei Long's face immediately became embarrassed as he said with a bitter expression, "Brother Feng, it's not that I am unwilling to give it, but I really can't! This concerns the lives of our entire Flying Dragon Mercenary Group!"

"Oh? What happened?" Qin Feng asked.

"It's like this..."

Fei Long took a swig of strong liquor and began to talk.

A few days ago in Jiang City, the capital province, the Flying Dragon Mercenary Group took on a mission to find Lord Tianji's Pill Furnace and were given several suspicious locations to search for it. After searching for some time, they couldn't find it and wanted to give up the mission and compensate the employer with some money.

Unknown to them, the employer secretly poisoned the entire mercenary group. Each month, they would receive an antidote to keep them alive, otherwise, they would die from the poison.

There was no other way.

To protect their lives, they could only obey the employer and continue searching, leading them to Nine Dragons Mountain not far from Lake City.

After locating the tomb.

They first went in to search, found nothing, but clearly felt that the tomb was filled with heavy evil energy, unsuitable for staying long-term. Even though they were all martial artists, if they stayed too long they couldn't withstand the yin energy and would fall seriously ill.

Therefore.

He made a special trip back, bringing the Daughter Red wine that he had bought for a hefty price and treasured for many years, personally brewed by the Medicine King.

This wine contains various Heavenly Materials and Earthly Treasures that can resist evil energy, convenient for re-entering the tomb.

"This is our last chance."

Fei Long said with a wry smile, "This is the last location among all the suspected locations given by our employer. If we can't find it now, we won't have any antidote and can only wait for death."

"I see."

Upon hearing this, Qin Feng said thoughtfully, "Didn't you go for treatment?"

"We secretly sought out Holy Doctor Su Muqing in Jiang City, but he couldn't treat it. Probably only the Medicine King or those three Divine Doctors can, but what qualifications do we have to ask for their help?"

Fei Long said.

His subordinates were also all looking worried.

"Let me see your hand."

Qin Feng said.

"For what?"

Fei Long was puzzled but still extended his hand.

Qin Feng took his pulse.

After a moment.

Qin Feng opened his eyes, his expression extremely surprised.

Fei Long sighed, "This poison is quite difficult to cure, isn't it!"

"No, I am just surprised. How can a poison of this level not be cured by a holy level doctor?"

Qin Feng wondered.

"..."

Fei Long was speechless.

His subordinates, hearing this, were also all frustrated.

He was actually ridiculing such a severe poison.

Qin Feng then said, "Bring me paper and pen."

Following that.

He wrote down a prescription on the paper, handed it to Fei Long, and said, "Take this prescription, you only need three days."

"Really, really?!"

Fei Long was astounded, trembling as he took the prescription.

Big Beard, one of his subordinates by his side, quietly advised, "Boss, don't trust him! Even the Holy Doctor couldn't do it, how can his prescription work in just three days? It's too fake."

Slap!

Fei Long immediately slapped Big Beard on the head and said, "Damn it, how dare you doubt Brother Feng?"

"..."

Big Beard and the other subordinates were all stunned.

They didn't know why their leader would show such profound respect to Qin Feng.

Since seeing Qin Feng's battle many years ago, Fei Long had revered him as a deity from the bottom of his heart, never doubting Qin Feng's abilities!

"By the way, you have some medicinal herbs here, right?"

Qin Feng said.

As soon as he entered the cave, he had smelled some medicinal herbs.

"En, we bought a huge pile of herbs, sought many famed doctors, and came up with numerous antidote prescriptions, trying anything like beating a dead horse to bring it back to life."

Fei Long said with a wry smile.

Then.

He took out all those herbs.

According to the prescription, Qin Feng selected a few useful herbs and had them decocted.

After a while.

The herbal medicine was ready, and after drinking it, Fei Long's body shivered intensely as he felt alternating waves of heat and cold.

Big Beard, a subordinate, anxiously asked: "Boss, are you alright?"

As he said it.

Fei Long suddenly ran outside the cave and started vomiting intensely, as if he had drunk too much alcohol.

Seeing this, Big Beard immediately drew his knife and confronted Qin Feng: "You bastard, did you intentionally harm our boss?"

"Just keep watching."

Qin Feng said indifferently.

Very soon.

After Fei Long finished vomiting, he felt much more refreshed and comfortable!

As a martial arts practitioner, he could also sense that the poison in his body seemed to have lessened a lot – a realization that thrilled him. He kicked Big Beard to the ground and knelt down before Qin Feng, gratefully saying, "Brother Feng, thank you so much, you are like my reborn parents!"

"Your poison will take three days to be completely neutralized."

Qin Feng spoke.

This kind of poison that damages over time is hard to cure and requires a different approach. The canonical source for this content: *.

His prescription gathered all the poisonous components in Fei Long's body inside the stomach, where it could then be expelled through vomiting. As long as the approach is correct, it is not that difficult, probably those Holy Doctors they sought were only thinking about how to neutralize it.

Seeing the situation, Big Beard and the others went down on their knees: "Please, please save our lives!"

"Where's the wine? Medicine King's brew of Daughter Red."

Qin Feng said with a smile.

Having cured their poison, there was no need for them to go searching in the tomb, and they could enjoy the Daughter Red.

Hearing this, Fei Long immediately instructed his subordinates to move over two jars of Daughter Red.

Wine, no matter how precious, is not as important as life!

The jar was opened.

A refreshing fragrance instantly filled the air.

Qin Feng took a sip first, indulging himself: "That's right, this is the flavor, that old woman's brew is indeed excellent."

As he spoke, he took another sip.

Fei Long and the others were somewhat shocked at this moment.

Old woman?

Probably only he dared to speak like that!

It's rumored that the Medicine King is of old age, some say over fifty, others say over sixty, and some even claim she is over one hundred years old, and is rightfully an old woman. However, she constantly consumes her self-made Divine Medicine, making her appearance and skin look no different from a thirty-year-old woman, if not even younger and more beautiful!

Thus, she also has another title, "Medicine Fairy."

Once, a highly skilled fighter from the Sky Dragon List in his youthful vigor called her an "old woman," and that person immediately bled from all seven orifices and died on the spot, since then no one dared to use those three words to address her.

"Brother Feng, le-let's be more careful!"

Fei Long said with a trembling face.

"It's okay, that guy back then also tried to take liberties with me, and I drove him away calling 'old woman.'"

Qin Feng said.

"..."

The crowd was even more astonished.

"Why aren't you all drinking? Come on, let's drink together, drinking is more fun in company!"

Qin Feng said.

As soon as they heard that they could also drink Daughter Red, everyone became excited, hurriedly poured themselves a bowl, and repeatedly toasted Qin Feng.

On the other side.

In the deepest part of the cave.

Cold, damp, making Zhao Yu, Duke, and others miserably beg outside the bars: "Please, let us go! We'll give you money..."

"We are currently entertaining an honorable guest, keep yelling and I'll chop you up right now!"

One of them yelled while holding a knife.

Zhao Yu and his companions were so scared they dared not even cry, they could only smell the tempting fragrance of the food and wine drifting in from outside and silently shed tears...

Chapter 89 - 89 Mr. Qin!

After three rounds of drinks.

Qin Feng and Fei Long were drinking merrily.

They downed another bowl.

Fei Long, excited, asked Qin Feng: "Brother Feng, there's one more thing, can I ask you for a favor?"

"Speak."

"Can this prescription you gave be given to others?"

Fei Long asked.

"Others, are there more people poisoned with that type?"

Qin Feng wondered.

"Yes."

Fei Long nodded, sighed deeply, and said, "That mysterious employer didn't just hire us, the entire Mercenary Group of Jiang City is poisoned by him, controlled and scattered across the country in search of the Pill Furnace."

"The entire Mercenary Group of Jiang City?!"

Qin Feng was surprised.

If it were the entire Mercenary Group of Lake City, he wouldn't be so shocked, since Lake City is just a small city not ranked high in the whole Hanjiang Province.

But Jiang City is the capital of Hanjiang Province, the largest capital!

There are many formidable characters there.

To think that employer dared to control the Jiang City Mercenary Group, he's quite a character!

Fei Long continued with difficulty: "Once our poison is cured, that employer will surely come after us, and I'm afraid we won't be able to defeat him, and will still be killed by him in the end. But, if we can save other organizations and unite against this employer, we could have a chance to win."

"No worries."

Qin Feng raised his hand, then said, "However, if that person dares to offend the entire Jiang City underworld, he's probably not an easy target. Even if you all teamed up, you might kill him, but how would you catch him if he remains hidden?"

"...Ah!"

Fei Long and the others sighed heavily, dejectedly said, "How did we end up with such a demon!"

After a brief reflection, Qin Feng said, "I can help you!"

"Really?!"

"But I have one condition," Qin Feng said, "From now on, in the Jiang City underworld, you must be second to none, above thousands!"

"This... is a bit difficult."

Fei Long was troubled.

He understood what Qin Feng meant.

His Mercenary Group is ranked third in Jiang City, with fewer members, but with high martial strength and great renown.

However, compared to the top two, there is still a significant gap, and no one has ever united the various organizations in Jiang City.

Even if he provided the antidote, people would only submit verbally.

"I will help you."

Qin Feng said.

Then,

He clapped his hands.

A shadow flashed swiftly.

"Who's there!"

Big Beard and the other Martial Arts practitioners immediately sensed something was off.

By the time they grasped their knives, they saw a woman in a black leather outfit, standing at the cave entrance.

When Fei Long saw her, he froze for a moment, then terrified, scrambled behind Qin Feng, saying: "Brother Feng, save me..."

"Oh?"

Qin Feng was momentarily startled.

He knows her?

It turns out that he met her three years ago at the Martial Arts Tournament, during which he was attracted by her beauty, and couldn't resist expressing his admiration, only to get severely beaten by her, unable to fight back at all. If it weren't for the crowd, his 'manhood' might have been crushed.

After clarifying, Qin Feng smiled and said: "How about letting her help you?"

"Her?!"

Fei Long was shocked.

Qin Feng then said to her: "Later, you and they go to Jiang City."

"Yes!"

"Alright, go down now! ——Oh, and this cup of Daughter Red is for you, great wine."

Qin Feng said, tossing over a bowl.

She caught it steadily, not spilling a drop, but threw it back, saying: "I never drink during missions!"

Saying this,

She vanished from the entrance like a swift wind. Catch the formatted version at *.

"..."

Everyone was stunned.

Fei Long was even more excitedly incoherent: "Brother Feng, you, you're really amazing! That's one of the top ten experts on the Sky Dragon List, and she's your subordinate, incredible!! No, from now on I can't just call you 'brother', I should call you 'Mr. Qin'!"

He finished speaking.

With a wave of his hand, he led all his subordinates to kneel before Qin Feng, exclaiming, "From now on, we are willing to follow Mr. Qin's commands and serve at his disposal!"

Qin Feng told them to get up and continue drinking.

He did this because he was certain that he would eventually go to Jiang City, as his ambitions were grand!

Thus, it was necessary to make preparations in advance.

Night fell.

That night, Qin Feng also drank quite a lot.

Fei Long and the others received the antidote, and with the thought of uniting the circles of Jiang City, they were too excited to sleep. They said to Qin Feng, "Mr. Qin, you should stay and rest. Your sister-in-law is in the room; we won't disturb you and will take our leave first."

Following that.

They excitedly left overnight.

"Boss, why do I still feel like something is left undone?"

Big Beard said while walking.

"It does seem so," Fei Long scratched his head and simply said, "Never mind, getting back to Jiang City is what's most important!"

"Okay."

The group hurriedly advanced through the forest...

In the cave.

Qin Feng, slightly muddled from the drink, lamented, "That old lady's liquor is really good, I only drank about four or five kilograms, and I already feel dizzy..."

Seeing that Fei Long and the others had left.

He also looked for a place to sleep.

But unfortunately, in this cave, there was only a simple makeshift room where Xu Yunxiao and the others were sleeping.

After hesitating for a moment.

Qin Feng decided to go inside.

No choice.

It was chillier by the cave entrance, and sleeping on the ground would be colder.

Inside the room.

Xu Yunxiao, Lin Xue'er, and Su Ruolan had already eaten and drunk their fill and had fallen asleep.

Luckily, the bed was big enough.

Qin Feng quietly squeezed next to Xu Yunxiao, gazing at her stunningly beautiful face, and blissfully thought, "Finally lying next to my wife..."

After saying that, he quickly fell asleep.

The moon set and the sun rose.

The air in the mountain woods was very fresh.

Qin Feng groggily woke up and suddenly felt his hand resting on his wife, moreover right at her embraced position!

Instantly.

His heart raced, overwhelmed with nervousness.

He subconsciously started to withdraw his hand.

But then he thought carefully, given the circumstances, if his wife found out, he could simply claim it was due to the alcohol!

Right!

That's what he'd do!

Qin Feng continued to feign sleep, then also pressed his leg over her, seeing that she had no reaction, he pretended to turn over and embraced her entire body!

Holding the tender beauty in his arms.

Qin Feng was so thrilled he felt tears welling up!

My wife, it's been three years, I'm finally holding you once, too touching!

He wondered whether to take the next step when suddenly he felt the delicate body in his arms trembling intensely.

Moreover, this body seemed... somewhat unusual!

Qin Feng furrowed his brows, immediately opened his eyes, and upon clearly seeing the person in his arms, his face drastically changed, stammering, "Why, why is it you?!"

It turned out he had hugged the wrong person.

Xu Yunxiao was on his left, but during his sleep, he had unknowingly turned to the right, and the person sleeping on the right was Su Ruolan!

"..."

Su Ruolan's face was already flushed red, unsure of what to say.

"Your body..."

Qin Feng remembered the sudden coldness in her, just about to ask her, but then Xu Yunxiao and Lin Xue'er also woke up.

Seeing Qin Feng there, they immediately said angrily, "Why are you sleeping on our bed?"

"There aren't any blankets here, can't really sleep on the floor..."

Qin Feng responded with a wry smile.

"..."

Xu Yunxiao then stopped blaming him and turned to look at Su Ruolan, expressing concern, "Doctor Su, why is your face so red? Did you catch a cold or have a fever?"

"No, no problem..."

Su Ruolan's face turned even redder.

Chapter 90 - 90 I saw it all!

Four people got up and walked to the cave entrance, comfortably stretching and yawning, "Finally had a good night's sleep."

"Right, where are those people who captured us?"

Yunxiao looked at Qin Feng with suspicion, "What on earth happened?"

"Oh, I just happen to know their leader."

Qin Feng said with a smile.

"How do you know tomb raiders?"

Yunxiao frowned.

"They aren't tomb raiders, and I spent the whole night persuading them to see the error of their ways; they left overnight."

"So that's it. You can't hang out with those bad people, understand?"

"At your command, wife!"

"Then let's set off too! It's probably not too far to our destination."

Yunxiao said.

At that moment.

Suddenly there was a burst of 'ghostly wails and howls of wolves' coming from deep within the cave, sounding like hell. In fact, they had heard it last night, but they were too tired these past few days, and after filling their bellies they went straight to sleep and didn't pay it any mind.

And the sound wasn't as loud as it is now.

"I'll go take a look!"

Qin Feng said.

None of the three girls dared to follow upon hearing the noise and said apprehensively, "Then you be careful..."

Qin Feng swaggered deeper into the cave.

Inside the cave.

Zhao Yu, Duke, Changjian, and others had been locked up all night, despairingly clinging to the iron bars and shouting loudly for mercy.

At that moment.

They finally saw a figure approaching them around the corner and started shouting desperately, "Big brother, big brother, please spare us, I'm bowing down to you, from now on I'll call you brother, no, I'll call you grandpa every day, please let us go..."

Zhao Yu took the lead, and a group of them started to kowtow frantically.

Qin Feng walked up to the bars, saw them, couldn't help but laugh, and said, "Hey, what's going on here? How'd you end up here?"

"Qin Feng?!"

Zhao Yu looked up, recognized him, and hurriedly said, "You got caught too?"

"No."

"Then hurry up and plead with their leader, let us go, we'll agree to any conditions, no matter the cost I'll pay, kowtowing's fine too..."

Qin Feng crossed his arms and said with a smile, "Didn't you say before that you would never beg me? That if you did, you'd be the grandson."

"You..."

Zhao Yu's face turned red, but after being held in this Ghost Land for a night, he couldn't take it anymore, and with a pained expression, he said, "Qin Feng, I'm begging you, okay?" For a better reading experience, visit

"Grandson?" Qin Feng asked.

"Yes, yes, I'm the grandson, just please hurry and plead for us!"

Zhao Yu was close to tears.

Seeing this, Qin Feng grinned and went to find the key, unlocked the padlock on the bars, and said, "Okay, you can come out now!"

But.

Nobody dared to move!

Zhao Yu anxiously said, "You have to go plead with their leader! What's the use of just opening the door?"

"They've all left."

Qin Feng couldn't help but laugh and cry, had these people been scared stiff?

"Gone?"

Everyone looked at each other in disbelief.

Then, cautiously, they stepped out of the iron bars, sneaking step by step towards the cave entrance.

After confirming that only Yunxiao and the other two girls were at the cave entrance, and the gang wasn't there, Zhao Yu and the others finally completely let their guard down, tears streaming down their faces, "We're saved, finally saved!!"

Yunxiao and her companions were very surprised when they saw them.

That's when they found out they had been locked up all night.

After a while.

Once everyone had calmed down, Zhao Yu shouted to everyone, "No one speaks about today's events, or they're disrespecting the Zhao Family!"

"That's right, no one is allowed to speak out!"

Everyone else also shouted.

They were all elites of the younger generation from Lake City. If word got out, it would be too embarrassing to face anyone!

"Qin Feng, did you hear that? It's mainly meant for you!"

Zhao Yu said to Qin Feng with a stern voice.

"..."

Qin Feng was lost.

This guy was begging him just a moment ago, acknowledging himself as a grandchild, and now he's acting all high and mighty?

"Do you talk to your lifesaver like this?"

Qin Feng said.

Zhao Yu let out a snort of laughter and said, "You saved us? They probably ran away overnight because they were afraid of our identities!"

"Yeah! We are the elite of Lake City, and after they figured that out, they got scared and ran away overnight."

Duke also said.

The others also echoed this sentiment, confronting Qin Feng: "Stop trying to take credit, damn it!"

"Hey!"

Lin Xue'er couldn't stand it anymore and said, "He really did save us. We were all captured, but he knew their leader, so we were rescued."

"Knew them?"

Upon hearing this, everyone looked at each other.

Zhao Yu shouted at Qin Feng, "Wow! You actually know those villains; tell us their names, we want to seek revenge! I warn you, don't think about hiding it, or you'll regret it!"

"Yes, we must have revenge!"

People started to clamor angrily.

Qin Feng laughed disdainfully and said, "Are you sure you dare to take revenge? I'm afraid all of your families combined do not have the capability."

"Stop the nonsense and tell us what these villains are all about!"

Zhao Yu shouted.

"Jiang City, Flying Dragon Mercenary Group."

Qin Feng said.

Upon hearing this,

Zhao Yu's legs went weak, and he collapsed on the ground with a "thud"!

Although not from Jiang City, as an ambitious young man from Lake City who also aspired to develop there, he had some understanding of the powers there and had certainly heard of the reputation of the Flying Dragon Mercenary Group.

Even a family of the Zhao Family's caliber would need to treat Tiger Sect with great reverence.

And compared to Flying Dragon Mercenary Group, Tiger Sect was nothing more than a lackey.

"You, you're scaring me, right? How could you possibly know people from the Flying Dragon Mercenary Group, let alone their leader!"

Zhao Yu exclaimed.

"Yeah, you must be bluffing! Everyone knows you're a loser; how could you possibly know such bigshots!"

The others also started shouting.

Qin Feng just smiled lightly and said, "Anyway, you've seen them. If you don't believe me, you can check for yourselves when you get back."

The crowd fell silent.

They thought about checking the information on the Flying Dragon Mercenary Group after returning to see if those were the people.

...

As noon approached.

People finally reached their destination, where several helicopters were parked, waiting to take them back.

The adventure was finally over.

Back in Lake City.

After disembarking from the aircraft, everyone said a quick goodbye and hurriedly called their drivers to pick them up.

They were simply too tired and hungry.

Especially after being locked in the damp cave overnight, they had practically lost the will to live.

After Su Ruolan called for a taxi, she wanted to say goodbye to Qin Feng, but seeing his wife Xu Yunxiao by his side, she felt it wasn't appropriate to approach, feeling inexplicably sour, she could only get in the car and leave on her own.

In the car.

She thought back to Qin Feng in the tent that night and last night in the cave, subconsciously covering her neck, her face flushed with color.

Seeing this, the taxi driver smiled and said, "Miss, you must be in love!"

"No."

Su Ruolan hurriedly shook her head, but her face turned even redder.

"Hehe, I understand..."

The driver chuckled.

On the other side.

After bidding farewell to Xu Yunxiao, Lin Xue'er secretly asked Qin Feng, "What's your WeChat? I'll add you."

"Why add me?"

Qin Feng was puzzled.

"If you don't tell me, I'll tell Sister Yunxiao about how you secretly groped Su Ruolan's chest; I saw everything!"

Lin Xue'er smirked and whispered a threat with her hand over her mouth.
