Crystal opened her mouth and shut it again. She felt that she probably could no longer understand human language.

Corey said, "She's fine, isn't she? Why are you making a fuss?"

Eric said in disbelief, "Alda is pregnant with your younger brother. How could you say something like that?! Do you want me to settle accounts with this girl after Alda has a miscarriage?!"

Just as Corey was about to speak, Eric said in a deep voice, "She must give me an explanation!"

Corey looked at Crystal. "What happened?"
