

Widow 323

Chapter 323

Corey gave a fake smile and said, "Yeah, I'm also shocked. Isn't she my girlfriend?"

Harold glanced at Corey and said, "It seems that Young Master Coombs didn't learn well after the lesson last time. I know that you don't have a wife, but don't covet someone else's wife."

Corey, "..."

Alda didn't know Harold, but she could tell from the man's aura alone that he wasn't an ordinary person, let alone the fact that Eric was afraid of him. Even someone as arrogant as Corey was also afraid of him...

"Corey." Alda said, "Is... this Miss CoCo's ex-husband?"

She didn't understand. How could a girl like Crystal seduce so many good men?

As soon as she said that, the air was dead silent.

Crystal looked at Alda in shock. "This woman is really vicious. How could she frame me up like this!"

"I was talking about the plot in 'The Most Genuine Love in the World.'" Crystal whispered, "Have you watched it? The female lead has experienced three failed marriages before meeting her true love..." Harold said, "I haven't watched it before."
