Chapter 111: Chaos, Insanity! (1)

Abraham Church.

The night was cold.

A church clergyman woke up and went to the toilet at night. He found a thin figure wearing a black bird's beak mask running out of Abraham's priest's room and disappearing into the night.

He immediately realized something was wrong and shouted, "Someone! An assassin! Catch the assassin! Send help!"

Immediately, the clergymen of the church woke up from their sleep.

They picked up their weapons and got up to look for the assassin. In the end, they searched for a while but found nothing.

"Where is the assassin?"

"Who said there was an assassin!"

The assassin, Levi, had left the Abraham Church long ago. After destroying the corpse, he quickly returned to Black Water Valley.

After returning to the shelter, Levi placed his loot on the ground and counted it. He was overjoyed!

This time, he had obtained a total of 6,000 gold coins, as well as some of Abraham's treasures. The total value should be over 10,000 gold coins.

"It's only been a few years, and you've earned so much?"

"D*mn it, being a priest is profitable."

"But what's the use of this rascal earning so much money if he doesn't have the life to spend it?"

If possible, Levi did not want to make a move so early.

He still wanted to wait a while longer.

However, Abraham had done this before he left. He could not hold it in any longer and acted in advance.

The church's ability to make money far exceeded his territory.

It was far more profitable than the money Levi made from construction.

No matter the era, honest money-making was inferior to the other illegal ways to earn money.

Levi's assassination was very secretive. No one knew about the infiltration after he infiltrated the church beside the victims, Knight Glimmer and Priest Abraham. As for the clergyman who discovered it in the end, Levi did it on purpose.

Abraham. As for the clergyman who discovered it in the end, Levi did it on purpose.

He wanted to give the other church staff members a wrong hint that a Bird of Death's Voice assassin had assassinated Priest Abraham.

With his strength as a grand knight, assassinating a mere priest without anyone noticing was a piece of cake. He deliberately waited for someone to wake up at night, creating a coincidence.

"Frost Giant's Sigh is useful."

Knight Glimmer was a high-level knight, after all, but he was instantly killed by Levi's Frost Giant's Sigh and frozen into an ice sculpture. He did not even make a move. This was the power of the Frost Giant Armor. Even the grand Imight, Magic Shark, was beaten, let alone a high-level knight.

The rascal Abraham was not even worth mentioning.

Levi crossed out the name "Abraham" on his Revenge List.

Levi dared not confront the Church directly, but he could still kill one of the leaders.

Abraham must have made many enemies outside over the years. It was reasonable for someone to hire an assassin from the Bird of Death's Voice to assassinate him.

"The church should be in a mess now."

"But what does it have to do with me?"

"I'm just a kind noble who donates to the church yearly. I'm a noble friend of Priest Abraham."

"If you want to blame someone, blame that d*mned Bird of Death's Voice," Levi muttered.

Besides gold coins, Levi found a piece of parchment in Abraham's residence.

The parchment was not a breathing technique inheritance diagram.

It was a treasure map. Levi looked at it.

The location of this treasure map seemed to be his territory.

"Was this why Abraham was so obsessed with the Black Water Valley?"

The treasure map wasn't very accurate, and there were many mistakes.

Curious, Levi wandered around his territory for the next few days according to the treasure map.

In the end, he found a treasure trove that he could match.

This place was the Wolf King's Lair that Levi had been to before.

Levi did not know whether to laugh or cry. He gradually understood everything.

"Abraham, that rascal, schemed to get my Black Water Valley. So it was for this."

"I thought it was some kind of treasure."

Before Abraham died, he would never have thought of it.

He was trying his best to get the Mellon family's treasure, which Levi had obtained.

With the power of the Frost Giant Armor, it was not an exaggeration to call it a treasure.

To mortals, this was priceless!

Three days later, the news of Priest Abraham and Knight Glimmer's disappearance spread to Black Water Valley.

Levi immediately sent his sincere condolences to the church, expressing his deep sympathy for such a tragedy and severely condemning the murderer's actions!

A few days later, this matter reached the church branch in Icewind City.

The branch reported to the headquarters while sending people to the Abraham Church to investigate.

Abraham's status was relatively high as a priest sent by the headquarters. He always had Radiant Knights like Knight Glimmer to protect him.

But now, the priest and knight had both been killed.

Such a thing had not happened for many years, so the church had to investigate it thoroughly.

However, Levi had done it without anyone noticing. With the criminal investigation technology of this era, it was impossible to find out where Levi was.

And even if they did find out, Levi was not afraid.

Given his current strength, where could he not go? The world was his oyster..
