

Wizard 302

Chapter 302: Fighting Nightmare Knights, Eliminating Green Ghost Carter, Obtaining the Stone Heart! (3)

On the other side, Green Ghost Carter's expression was gloomy as he focused on maintaining his connection with the Nightmare Knight.

With his current mental strength, it was very difficult for him to control the Nightmare Knight. If he slacked off, the Nightmare Knight might escape his control and return to hell or backfire on him.

In either case, Green Ghost Carter did not want to see this happen.

On the other side, Levi held Lion King's Pride and stopped dodging.

When the Nightmare Knight rushed over, he directly used Mountain Giant's Wrath.

It was accompanied by an earth-shattering strike!

The Earth collapsed and split open!

The shockwave swept across, and the Nightmare Knight's Flaming Warhorse fell to the ground. The shockwave dispersed the flames around the warhorse, and the warhorse's skeleton body was covered in cracks.

This warhorse was only at the level of an ordinary first-circle transcendent creature. In the face of such a fierce First-Ring Spell, it was directly caught off guard.

Immediately after, the Frost Giant's Sigh froze everything. Wave Layering from the Ghost Shark Staff, Undead Bone Armor from the Viper Wand, Golden Protection, Frost Giant Armor, and Solid State Black Scale applied layers of defense on Levi.

Right now, no one below the second circle could break through his defense instantly!

The physical attacks of the second circle should be able to withstand it for a while.

With sufficient preparation, Levi charged towards the Nightmare Knight while burning his black gas.

A terrifying chain hammer attack attacked, and a strong wind swept over.

Levi's layers of defense were shattered. Before he was finally sent flying by the huge force of the chain hammer, his Lion King's Pride and Golden Cross Slash completely shattered the Nightmare Knight's Flaming Warhorse, turning his mount into dust.

He realized that the knight's mobility was only so-so. It was mainly because the Flaming Warhorse below was too annoying. It was extremely fast and agile. Every time it charged, it was extremely fast and accurate.

And the Nightmare Knight's hammer.

Levi's two cantrip barriers were instantly shattered.

Then, there was the Golden Protection which was comparable to a first-circle defensive spell. It lasted for a moment before shattering.

Immediately after, the Frost Giant Armor made of pure mithril was completely shattered by this simple hammer without any technique. It rolled up and the spell runes dimmed.

The aftershock of the huge force tore through Levi's layers of Solid State Black Scales.

Levi instantly spat out a mouthful of blood.

He was sent flying hundreds of meters away.

All the rocks and trees along the way were shattered.

This was the Nightmare Knight's attack.

There were no fancy techniques to speak of. It was pure strength!

In the end, Levi shook his head, stuck out his tongue, and stood up. The wound on his chest was bruised, and his internal organs were churning. Levi had suffered some internal injuries.

This was an injury that Levi rarely experienced.

To be able to stand up unscathed under the attack of a second-circle Nightmare Knight, Levi was already proud of his achievement.

Of course, Levi did not want to try such an attack again.

"Without a mount, the next step will be easier. I'm no match for this Nightmare Knight at all. I have to think of a way to bypass this guy and attack the main body of the Green Ghost Carter."

"Moreover, I can't use Red Lotus Blood for the time being. I don't know how the Rock Troll is doing."

Levi took a deep breath.

The Black Snake seed exploded in his heart.

The other Life Seeds in his body also exploded.

Dense Black Scales covered his body, making him look sinister and terrifying. Frost Armor condensed on his arm, and cold air overflowed. Black Ostrich Feet bent like a bow, shaking the mountains and earth. Crimson lava flowed through his body and burned!

As the night progressed, the Favored By The Night's strength continued to increase.

At this moment, Levi had transformed into a terrifying existence that crawled out of hell. He held a heavy hammer in his hand and looked extraordinary. He suddenly erupted, his snake tongue flicking wildly in the air.

Levi laughed wildly like a demon king.

He pulled off the broken Frost Giant Armor and stored it in his ring. This mithril armor had accompanied him through countless storms and finally was completely damaged by this Nightmare Knight's attack. The spell runes on it dimmed and were no longer effective.

Without the heavy armor, Levi's speed increased.

Levi jumped into the fog. Blood gushed out from the surroundings. The Nightmare Knight's chain hammer smashed over again with a destructive force.

BOOM!

Lion King's Pride collided with the chain hammer.

The shockwave spread in all directions!

Levi felt that if Lion King's Pride continued like this, he might not be able to withstand the attack of the chain hammer.

He borrowed the force to fly far away and landed on the ground.

He did not waste any more time with this Nightmare Knight and directly looked for Green Ghost Carter, who was hiding at the side.

After killing Green Ghost Carter, the summoned creature which was the Nightmare Knight, would naturally be gone.

Green Ghost Carter immediately controlled the Nightmare Knight to chase after Levi.

The Nightmare Knight didn't have a horse, so its running speed was slower than before. However, as a second-circle hell transcendent creature, it still steadily closed the distance with Rivera.

Seeing this, Green Ghost Carter had already treated Levi as a dead person.

There was a huge gap between the first circle and the second circle. It was beyond Levi's imagination that he could last until now, but that was all.

The Nightmare Knight's hammer was already flying towards Levi.

Levi blocked with Frostmourne, and Frostmourne immediately broke.

Even the pure mithril weapon that he forged with the standard of a Forging Master could not block this attack.. This showed how terrifying this Nightmare Knight was!
