

Wizard 303

Chapter 303: Fighting Nightmare Knights, Eliminating Green Ghost Carter, Obtaining the Stone Heart! (4)

The remaining force of the hammer fell on Levi's body.

The terrifying force shattered Levi's layers of defense. He was sent flying like a cannonball.

Levi endured the intense pain and suddenly took the opportunity to shoot out.

He felt like his bones were about to fall apart.

In other words, he was a defensive legendary knight, plus the attributes panel of the all-rounded warrior.

If it were any other First-Circle Wizard, they would have been shattered instantly.

Green Ghost Carter, who was concentrating on controlling the Nightmare Knight, was scared out of his wits.

This brat was too f*cking resistant to beatings.

Even he himself, who had a first-circle defensive spell, did not dare to receive this Nightmare Knight's attack.

That would definitely kill him.

But this little brat had already withstood two attacks.

Green Ghost Carter wanted to attack a third time.

However, Levi would not give him the chance.

If this happened again, Levi would not be able to take it anymore.

With this force, he quickly closed the distance between him and Green Ghost Carter. In the blink of an eye, he had already arrived in front of Green Ghost

Carter.

The Seal of Flame that he had prepared beforehand poured out.

The colorless flames burned the void, and the fog dissipated.

A twisted high-temperature tunnel was instantly formed.

This was a seal attack comparable to the first-circle Burning Palm.

All of it poured onto Green Ghost Carter.

The defensive spell he had prepared was destroyed.

Green Ghost Carter really wanted to use spells like the ghost fire body again.

Unfortunately, such a powerful spell could only be cast once a day.

Levi's black gas hand pierced into Green Ghost Carter's left chest.

Crack.

The huge hand wreaked havoc on his body.

Levi dug out his heart.

Green Ghost Carter was in disbelief, his expression pained.

Under Levi's ferocious Black Scale face, his snake tongue was flickering. His left hand was holding the heart of the Green Ghost Carter.

Levi revealed a cruel smile and crushed the heart.

Green Ghost Carter's eyes dimmed and he finally fell to the ground.

As Green Ghost Carter died, the Nightmare Knight behind him also stopped.

Without Green Ghost Carter's control, the Nightmare Knight no longer looked at Levi with a ruthless gaze.

The red flames in its eyes became smaller and seemed to calm down. It stared at Levi.

He panted heavily and looked at the Nightmare Knight.

A red hellish array appeared under the Nightmare Knight's feet.

He stared at Levi with the skeleton of his warhorse and disappeared into the array.

"The Nightmare Knight can attack me during this last bit of time, but he only watched. It seems that my hell affinity is working. After all, the Nightmare Knight is also a type of hell creature."

Although he did not use the Red Lotus Blood, he received two hammer blows from the Nightmare Knight and suffered internal injuries. Even with his Top-tier Physique, it would take some time for him to quickly recover from these injuries, so he was relatively weak now.

Thus, he quickly cleaned up the battlefield and left this place. He found a relatively safe place, took some sacred medicines, and began to rest.

It was the night of the fifth day. Levi only had one day left to travel at full speed.

"If I had a Transcendent Physique, these injuries would be healed soon," Levi muttered to himself.

He put away Green Ghost Carter's storage bag and his iconic large staff.

He was not in a hurry to look at the gains. Instead, he quickly made the Green Ghost Carter into a living dead. Levi first took out an ordinary Core of the Undead, but after casting the seals, he realized that he did not succeed.

His intuition told him that the quality of this Core of the Undead was too low. It could not support a First-Circle Wizard like Green Ghost Carter to become a

Living dead.

He took out a better quality Core of the Undead and tried it on the living dead that was transformed from a knight, but it still did not work.

In the end, he could only take out the Core of the Undead of the grand knight living dead.

As the blue light was injected,

Green Ghost Carter's corpse finally stood up.

Levi gave Green Ghost Carter an attack command.

Green Ghost Carter began to chant the First-Ring Spell, Soul Flame.

The terrifying green fireball exploded on the rock wall, creating a huge charred hole.

Levi looked at the energy of the Core of the Undead.

Just like that, it was reduced by about 5%.

This was the best Core of the Undead Levi had. There were only a few of them in total. "I have to use it sparingly."

Levi frowned.

Ordinary Core of the Undead couldn't carry a living dead like a First-Circle Wizard.

He suddenly remembered that the Hell Strongman was also a hell creature. Although it was not an Undead, it should have some energy cores.

He hurriedly brought Green Ghost Carter to the battlefield to search.

In the end, he found two green things in a pile of green stone fragments, similar to the Core of the Undead.

After these two things were taken out, they emitted green flames.

Levi could feel the immense energy contained in it.

This energy seemed to be slightly inferior in quality compared to the one brought by the blue frost, but the quantity was especially huge.

After all, the blue frost's energy could even make the Blue Frost Undead immortal and constantly heal itself. Once the Hell Strongman died, it would be completely dead.

He took out the grand knight-level Core of the Undead from Green Ghost Carter's head and replaced it with this green energy core.

While swaying, Green Ghost Carter stood up again. Levi got Green Ghost Carter to use another Soul Flame..
