

Wizard 322

Chapter 322: Saint Ape Emperor Mu, Black Snake Levi, Supreme Knight, King of the Century! 4

This bracelet was also a Wizard Tool. It could automatically attract and gather fire elemental energy around the Spell Caster, increasing the power of the spells of the Burning Faction. There were also solidification spells on the bracelet. Kane had specially asked a craftsman to customize it to adapt to the

Environment of the Endless Sea.

After all, in the Realm of Azure Cloud, the fire elemental energy was far inferior to that of the Realm of Crimson, where he was born. A fire snake coiled around Kane before flying toward the fireball.

First-Ring Spell, Fire Snake Dance!

Kane had always been a steady person and would never underestimate his opponents.

This was the reason why he managed to do well in the Ocean School of Thought's territory.

Amidst the explosion's flames, Levi's most potent defensive spell, Encirclement of Giant Demons, was destroyed by the big fireball.

Encirclement of Giant Demons had a B-grade defense. It could not withstand the attack of an A-grade fireball.

The remaining flames spread over Levi's body. Levi immediately activated Frost Arm, Flame Body, and Black Scale simultaneously.

Even with the fire resistance of Levi's Flame Body, he could feel the high temperature roasting him. He spat out a mouthful of crimson flames as if he were burping.

Kane looked at Levi as if he had seen a ghost.

He looked at the black-scaled Levi bathed in flames and said coldly, "Are you a

Lizardman? Or are you a legendary knight? Who exactly are you?"

Kane mumbled, "I don't believe it! Did a legendary knight withstand my Big

Fireball Technique and Fire Snake Dance? That is impossible!"

As a high and mighty wizard, Kane naturally looked down on knights. He despised even the rare legendary knights. Even though he had never met one in person, he still viewed the latter in contempt.

In his opinion, a legendary knight might be able to fight an ordinary First-Circle Wizard to a draw, but the former was definitely no match for him.

He was a veteran wizard. He was Kane the Fireplay Master!

Levi did not answer Kane's question. As he fell into the sea, his body was covered in flames and black smoke.

Kane's face was gloomy as he looked down with a severe expression. He was ready to cast a new spell to deal the final blow to Levi.

Kane reasoned that if this was the extent of Levi's ability, the latter was indeed no match for him. After all, he still had a trump card up his sleeve. From the looks of it, Green Ghost Carter's death was someone else's doing.

Suddenly, a whirlpool formed on the sea, and a colossal creature jumped out. A terrifying water pillar shot out at the same time and attacked Kane instantly.

Dragon King's Breath!

Leviathan appeared out of the blue!

Kane was struck by the sudden attack from the Dragon King's Breath.

The spell runes on his robe flickered, barely blocking this attack.

A figure wielding a trident stood on top of the Dragon King Whale's head. Behind him, an evil spirit with three heads and six arms holding nine swords appeared.

Levi used the seawater to suppress the fire spell. With the help of Leviathan's thrust, he dashed forward in a flash. The nine swords of his evil spirit swung, and his trident tore through the air. Ice and fire dragons spiraled around his trident. It was a sight to behold.

"Die!" Levi had been preparing for this attack for a long time.

Kane shouted, "No! You will die! With this attack, no matter what legendary knight you were, you would definitely perish!"

Kane threw all caution to the wind. Fireballs appeared one after another as fire elemental energy gathered around him.

A total of five large fireballs appeared in front of Kane!

Second-Ring Spell, Fire Fireballs Technique!

This was Kane's strongest attack, consisting of five large fireballs!

Levi could not possibly avoid the large fireballs that covered the sky as they rained down.

He felt a wave of intense heat surging toward him.

The four Rock Trolls and Hell Strongman summoned by Green Ghost Carter all rushed forward.

They tanked most of the damage from the five fireballs for Levi.

The little Rock Trolls were burnt to charcoal in the flames and fell into the sea.

Even the Rock Troll couple were heavily injured and fell into the sea.

Green Ghost Carter's newly summoned Hell Strongman perished again. Green Ghost Carter's reputation in Hell had once again dropped.

Levi utilized the living dead as meat shields. Black scales wrapped around his body as he was enveloped in flames. The Frost Arm protected his body. He activated the Ostrich Feet to leap off the ground!

Relying on the Nine Swords Asura, Levi broke through the aftershock of the flames and cleaved apart a path through the fire.

With his trident in hand, Levi unleashed the Golden Cross Slash to pierce through the carpet protecting Kane!

Kane's expression changed drastically.

The Flaming Carpet was his most powerful Wizard Tool. It served as his means of flight and defense.

Even a First-Ring Spell would hardly put a scratch on it.

Kane thought, "Could a mere legendary knight break through my defense? What kind of skill is this? Damn it! His attacks don't resemble that of a knight at all!"

The Poseidon Trident was indestructible and was made entirely of luminant gold. Levi was not worried about damaging the Poseidon Trident.

Rip.

A gash appeared on the carpet.

Kane had been steady all his life, but he had lowered his guard when facing Levi.

Behind Levi, the Nine Swords Asura slashed through the void with nine swords!

Crack!

The defensive spells that Kane had layered earlier cracked one by one, unleashing burst after burst of light.

Kane valued stability as much as Levi. He had also layered an assortment of defensive spells on his body.

However, he would lose once Levi got close to him.

Red Lotus Blood, explode!

Where Levi's heart was, the Red Lotus Seed erupted like lava from a volcano. It opened its bloody mouth, and Burning Red Lotus Blood flowed to Levi's limbs and bones. Levi's entire body turned red, and his blood vessels became lava passageways. Levi's body was like an active volcano that had erupted!

He bathed in the flames, and his strength soared!

His attributes skyrocketed.

This was a combination of the Nine Swords Form and the Red Lotus Form! Levi had only used the Nine Swords Form to deal with Green Ghost Carter..
