

Wizard 376

Chapter 376: Power of the Third Circle, Knight's Body, Second-circle Reversal! (6)

Pinoz did not dare to continue fighting for fear that the enemy would catch up to him. As he dodged the giant snake's attack, array items that looked like small flags spun and danced around him. He wanted to use the second-circle array, Swarm Shark Dance, to kill Jorman and end the battle quickly.

At this moment, a figure turned into a bloody light and shot out. The Crimson Flame Scroll in Levi's hand was torn apart, and five Big Fireball Techniques that emitted scorching heat and were like small suns quickly appeared and blasted towards Pinoz without any blind spots!

Second-circle spell, Five Fireballs Technique!

As soon as he came up, he used the second-ring spell that he had always been reluctant to use!

Boom Boom Boom!

Five fireballs exploded in succession, and the sea was lit up!

There was nothing that a Big Fireball Technique could not solve. If there was, then he would fire five consecutive shots!

The Five Fireball Divine Sect was the most awesome!

The most classic second-ring spell of the Burning Faction, which was known for its unparalleled attack power, was naturally powerful!

Pinoz had nowhere to hide.

"There's a Second-Circle Wizard? And he's from the Burning Faction?" Pinoz was shocked. He was confident that he could defeat the white snake, but if there was a Second-Circle Wizard, he would definitely not be able to defeat it!

Pinoz's Swarm Shark Dance Array was interrupted by Levi halfway. He had no choice but to stop and deal with the sneak attack from behind!

Behind Pinoz, a tall and burly monster with a Black Scale Flame Body, Frost Arm, Ostrich Feet, Blood Ember, Whale Back Dragon Spine, and Blood Wings flew over. This monster grinned wildly and flicked its tongue. The Red Lotus Blood burned fiercely, causing the monster's aura to rise to an unprecedented peak!

It was Levi in the Legendary Three-Dimensional State.

Behind him, he had three heads and six arms. His Dharma Form was solemn, and black belts fluttered. The five-meter-tall Nine Swords Asura evil spirit suddenly appeared, and above the nine swords, the nine stars appeared again!

Three-dimensional legendary + Red Lotus Blood + Nine Golden Swords!

This should be Levi's strongest state in history. Other than the Favored By The Night, all other states were effective!

In the face of a powerful Second-Circle Wizard, Levi only had one chance to attack. He could only succeed and not fail!

Ever since the great battle began, he had been lying dormant until now. He had been enduring silently all this while, waiting for this kind of opportunity to slash out his most sublime sword strike!

At the same time, a scorching breath mixed with flame flow gushed out of Levi's mouth and arrived instantly!

Red Lotus Breath!

The scarlet flame breath directly hit the back of Pinoz, who was fighting with Jorman. The defensive spell of the second-circle robe on Pinoz automatically protected his body, blocking Red Lotus Breath. Apart from the defensive field of the second circle, as a Second-Circle Wizard, he naturally had other defensive means.

However, what followed was the Nine Swords Asura's brilliant, nine-star chain and the nine golden swords that burned Red Lotus!

"Slash!"

After the gorgeous attack, the robe was torn apart, and the spell runes dimmed. Flesh and blood splattered on the sea. Second-circle wizard, Lost Wizard, Pinoz.

Die!
