Chapter 467: Unbridled Snatching and Killing of the Second-circle! (6)

"One Second-Circle Wizard, two First-Circle Wizards... ambush me in front, right?"

Levi thought to himself, 'Since you like ambushes, I'll beat you at your own game.'

I've got a big surprise for you.

He did not dodge and flew directly to where the Second-Circle Wizard was.

At the same time, Black Gold Scale, Wind Spirit Shelter, Rock Body, Water Shield, Giant Demon Bind, and other defensive spells appeared one after another!

In a valley more than ten miles ahead, Boss Black Flame, who had restrained his aura and was lying in ambush, revealed a happy expression.

"Looks like this kid really didn't notice me. I was overthinking. With his first-circle perception, how could he have sensed my existence?" Boss Black Flame had already begun to cast a spell. Terrifying black flames began to burn at the end of the magic wand.

In the end, they were getting closer and closer.

Levi plunged into the valley below.

The giant ape leaped high into the air and chased after Levi. The giant ape struck out with its palm and an ice palm with a diameter of 30 feet formed in the air. It pressed down on Levi with a frost aura.

Meanwhile, the boss's black flames, which were filled with high temperatures, also swept towards Levi.

Both sides were filled with terrifying second-ring spells.

The black flames and ice palm attacked Levi from both sides.

It was unavoidable.

Boom!

The shockwave of the explosion swept out, and a loud bang echoed in the valley.

A stream of green smoke rushed out. After throwing a sealed box containing

Herbs beside Boss Black Flame, it fled into the distance.

It was Levi, who had used the Green Smoke Escape.

This escape technique of the School of Death could reduce a portion of the damage.

After all, it was an attack from two second-ring spells. Levi felt that he had to do his best to resist it, or his life might be in danger. Just now, the terrifying black flames instantly destroyed the defense of Levi's First-Ring Spells. Only the Black Gold Scale could resist it.

After the Green Smoke Escape ended, Levi appeared.

Circles of black flames were burning on the outer layer of his scales like maggots.

Levi frowned slightly. This kind of Burning Faction spell did not seem like the authentic Burning Faction. It felt like the style of a dark wizard.

The impact of this black flame was not strong, but it was especially long-lasting and vicious.

Fortunately, Levi had the Flame Body, so his fire resistance was limited.

In the end, after Levi shed his scales a few times and used the Blood Ember to heal himself a few times, the flames finally subsided.

He escaped from the second-circle attack unscathed.

He looked back. Boss Black Flame did not chase after him because he was fighting the giant ape.

"Boss, the box contains the treasures I took from that big guy's island. It's yours now. I'll leave first," Levi suddenly shouted at Boss Black Flame from afar.

He guessed that another reason why this giant ape was chasing him relentlessly was because he had taken the Seven Days Soul Returning Grass. Therefore, he wanted to see if he could use this method to attract the hatred of the black-robed wizard.

Unexpectedly, it really succeeded.

After the giant ape landed on the ground, it successfully fought with the black-robed wizard.

"This damned human actually snatched the treasure I'm protecting!"

"Who's your boss? Damn it, not good! This kid framed me! You actually discovered me long ago. This is impossible!"

The boss of Black Flame looked at Levi, who was quickly fleeing in the distance, and came to a realization. "You're dead, kid! When I get rid of this beast, it'll be your death!" Boss Black Flame cursed angrily.

"You two, chase after that brat! Don't let him escape!" Boss Black Flame suddenly shouted.

The two First-Circle Wizards immediately chased after Levi.

After flying for about a hundred miles, Levi landed on the ground and looked at the two First-Circle Wizards who were chasing after him.

He stopped for a moment and asked, "I have no enmity with you, why are you chasing after me?"

Levi's expression was calm at this moment. He did not look flustered at all.

"We, the Black Sun Flames, do not need to explain ourselves to you. Kill us if you want to," one of the dark wizards said with a sneer. He had already used a First-Ring Spell to attack Levi.

"Black Sun Flame? Never heard of it. Forget it, I'll just kill it and be done with

Levi grinned and flicked his snake tongue. One of them was an ordinary first-circle, while the other was a senior first-circle. Even if they worked together, they would not be his match.

"Ace, it won't be a problem to deal with that weak one, right? Don't disappoint me."

He looked at Ace, who had just come out of the Bug House.

Ace nodded. His body began to expand, and a five-meter-tall Flame Giant took

Shape.

"Fire Elemental Spirit? You actually have such a good thing? Then I can't keep you. This good thing should belong to Boss Black Flame!"

One of the dark wizards had a ferocious expression as he fought with Ace.

On the other side, Levi revealed his original form. Frost Arm, Flame Body, Ostrich Feet, Sharp Claws, Whale Back... All kinds of inhuman forms were released.

Then, he shot out and attacked another senior first-circle wizard.

"It's so ugly! What kind of stupid thing is that?"

The dark wizard couldn't help but curse. This monster in front of him was too damn ugly.

He used a first-circle defensive spell to protect his body. Then, he moved his body and waved his magic wand. A Big Fireball Technique suddenly appeared and smashed towards Levi.

With a bang, Levi's figure crashed into the Big Fireball Technique. Then, he bared his teeth and shot out from the explosion.

"What did you just say?! Die!" Levi's expression was ferocious. He felt that his appearance was very handsome and tough, but he did not expect this damn fellow to have such poor aesthetics..
