Chapter 481: Great Expedition Era! Level 12 Golden Snake!(7)

"Bloodline... Is there anything special about our Al Hidd Family's bloodline?" Lehman asked.

Adam shook his head. "No, your Al Hidd Family's bloodline is ordinary and not worth mentioning. However, your Al Hidd Family's ancestor once formed a Demon Contract with a high-level demon of the Abyss. The result of this contract is the trace of High-level Abyss Blood in your body. This high-level demon is the demon lord of the sixth level of the Abyss, the Molten Mountain Demon Bat.

"This is a high-level demon lord comparable to a high-level primordial soul wizard. If you can activate this trace of bloodline, your talent will not be inferior to the Child of the Fire Element at all."

When Lehman heard this, he looked excited. "Teacher, what should I do?"

As long as he could obtain Strength, it didn't matter if he had demon blood or not. He just needed to be strong. Lehman had already seen through it. Otherwise, he wouldn't have betrayed the parliament and secretly sided with Black Sun Adam.

"Kill! Just like the Abyss Demons, kill, destroy, and end everything! Use your killing will to turn this world into an abyss! Only in this way can the High-level Abyss Blood in your body awaken, and you can obtain the power of the Molten Mountain Demon Bat!" Adam said in an extremely bewitching voice.

When Lehman heard this, a flame mark that looked like a bat appeared in his pupils. Endless killing desire seemed to have suddenly surged out of his body.

However, he was a Third-Circle Wizard after all. He relied on his powerful spiritual force and willpower to calm down and asked solemnly, "Teacher, is there any other way other than killing? Killing might activate and stimulate the bloodline, but it's easy to be targeted by the Star Tower's enforcers..."

Adam shook his head and stared at Lehman with a black hole-like gaze. Then, he sighed in the tone of an elder and said, "Your killing intent is not firm enough, my disciple!"

"There's no need to worry about the Star Tower because they won't be able to protect themselves very soon. The five federal rebellions planned by Lord Asta are only the first step in resisting the Pan -Plane Wizard Council.

Next, the Endless Sea Wizard Liberation Alliance led by me and the Hundred Beast Berserk Witch would also rise.

The other Realm of the Unbelievers would be the same.

The Pan-Plane Wizard Council had ruled the world for a long time!

A spark could set a prairie ablaze. If he could not do whatever he wanted, what kind of wizard was he?

"We're not dark wizards. We're just liberated wizards who yearn for freedom and freedom!

"What is truth?

"Power and freedom are the truth!

"A free world needed to be exchanged with slaughter.

"When the expeditionary army embarks on the path of an expedition, it will be time for us to resist!

"Abyss City would fall! The Star Tower would also fall!

"Next, you, Master of Flames Claur, and Morpheus from Whale Song Island will work together to take down Area 7, Area 8, and Area 9.

"By the way, the supervisor of Area 7, Fifth-Circle Wizard Tris, is also one of us. He was the one who saved Morpheus from Whale Song Island. However, don't trouble him unless necessary to prevent him from exposing his identity too early. "

"I see. In that case, I'm confident. Thank you, Teacher. Freedom and power are

What I pursue!"

Lehman looked excited. He was overwhelmed with emotions and could not calm down for a long time. It turned out that his teacher's ambition was so great!

"There's no need to thank me. I'm just pointing out a path for you. If you want to strengthen your Abyss Blood, feed it with the blooming Killing Flower."

After Black Sun Adam finished speaking, the projection disappeared, and the black mirror returned to normal.

Lehman's face was gloomy as he suddenly revealed a strange smile.

"It won't be long before a new era begins. Let some people die and ignite the first fire of this new era."

Holy Brilliance Calendar Year 1036, Month of Winter.

The first and second divisions of the expeditionary army had already been prepared. Led by the Legendary Wizard of the Burning Faction, Dragon Flame God, Lehger, they set off to support the garrisons of the five federations. After Levi cultivated crazily day and night,

Levi's Golden Snake Breathing Technique was finally cultivated to level 12. He opened the proficiency panel.
