Chapter 492: First Breakthrough, Boiling Beast Blood, Golden Snake Disturbing the Sea! (5)

With a sweep of his wings, violent winds formed in the cabin and destroyed the wizard airship.

The wizard guards of the wizard airship hurriedly ran over and hid beside the Violet Witch to attack Black Wings.

The Violet Witch was their only hope to fight against this dark wizard.

"Lord, we killed the dark wizard together."

"That's right. We have more people."

More and more wizards gathered around the purple witch.

At the same time, more Boiling Beast Blood wizards also arrived inside the wizard airship.

The Violet Witch frowned. From the corner of her eye, she saw the silver-haired wizard, whom she had just met in the first-class cabin, kicking the door of the cabin with his foot. It seemed that he was trying to escape in the chaos...

She sighed in her heart. There were always some people who were afraid of death and did not know how to unite in the face of danger. Instead, they

Wanted to escape alone.

This was the reason why single-handed ferocious beasts could hunt the cows and sheep all over the mountains.

However, the Violet Witch did not want to morally kidnap others, so she did not say anything.

She had already cast her second-ring spell and was engaged in a fierce battle with the black-winged wizard.

Boom!

The spell battle began in the wizard airship.

On the other side, Levi's final kick was imbued with the power of the Golden Revolving Slash.

The cabin door that could withstand the Second-Circle Wizard's attack for a moment was kicked open by him.

He quickly jumped out of the cabin and spread his Blood Wings.

"This is an emergency escape. The Star Tower won't ask me for compensation, right? I can't afford it."
Levi thought to himself.

At this moment, a Black Iron Curtain suddenly whistled towards him.

His expression changed. Dark Golden Scales Possession.

Slap!

Levi was sent flying by the Black Iron Curtain.

Then, his expression changed slightly. This was the first time he had encountered such a situation.

"What level is this Wizard Tool?"

"What a powerful force."

Black Wings, who was fighting the Violet Witch on the other side, sneered.

"When the beast blood goes out, not even a blade of grass will grow. No one can leave this place alive!"

He was the one who controlled the third-circle Wizard Tool to catch up with Levi while fighting the Violet Witch.

Levi looked at the shattered golden scales and his lacerated body. His heart was calm. As the Blood Ember floated past, these injuries recovered in an instant.

The Black Iron Curtain-like Wizard Tool twisted together and turned into something like a long whip, whipping Levi continuously in midair.

Whip! Whip! Whip!

Sonic booms rang out incessantly!

Levi was sent flying again and again like a spinning top.

He resisted the storm of attacks from the third-circle Wizard Tool and felt extremely aggrieved.

"I just f*cking broke through the legendary shackles. How could I be wronged?!"

"Being suppressed by a Wizard Tool is simply a great humiliation!" "You've let down my honorable identity as the leader of the Twilight Knights!"

After another slap.

Levi was sent flying.

He rolled in mid-air. At the same time, the dark golden scales on his body overlapped continuously, layer by layer, producing the sound of metal colliding.

His robe exploded and turned into nothingness in the scarlet flames. Lava flowed through the cracks of the dark golden scales, emitting a scorching red light.

The incomparably thick Whale Back was also enlarging. The silver dragon spine in its body shone with a mysterious luster, and its silver tendons were taut, flowing with lightning.

More and more inhuman forms began to appear as Levi rolled. Levi's body continued to grow until he finally became a five-meter-tall Flame Demon Giant.

Levi spread his Blood Wings, and a blood-colored light flashed across the sky. The seven-meter-tall phantom of the Nine Swords Asura appeared behind Levi.

The current Asura phantom was not only more realistic than the scales of the ancient general, but it also emitted a dark golden light.

This was also the change born after the level 12 Golden Snake Breathing Technique, the Nine Swords Asura.

Levi's figure shone brightly under the night sky. He did not want to waste any more time with this third-circle Wizard Tool.

His gaze was cold. After being whipped by the third-circle Wizard Tool again, he used the momentum to escape into the clouds.

Levi took a deep breath and fell from the sky. With the help of gravity and the Blood Wings, he accelerated faster and faster. A blood-colored phantom tore through the night sky like a meteor!

The wizard Black Wings, who was fighting with the Violet Witch, suddenly changed his expression and quickly retreated.

Seeing this, the Violet Witch's water curtain exploded from the surface of the sea, forming a water prison that temporarily trapped the wizard Black Wings. She also frowned slightly. A fiery meteor with a dark golden light rushed over.

Boom!

This figure was so fast that the other wizards who were fighting did not see what was happening.

The surface of the sea exploded with a bang, and water splashed into the air.

Levi stepped on the wizard Black Wings's shoulder with his Ostrich Feet and stepped into the sea.

His expression was ferocious as he looked at the black-winged giant below.

The Nine Swords Asura buzzed and spun wildly, tearing apart the other party's flesh wings!

"Are you new to Boiling Beast Blood? Why are you dealing with me? I'm Lord Black Wings! "

The wizard Black Wings thought that Levi was a new bloodline modification wizard.

Levi said nothing.

Under the Favored By The Night's Giant Whale Form and Nine Swords Form, his strength erupted, and he punched the wizard Black Wings's Black Scale, making a metallic sound.

On the other side, the Tyrant Corpse Digger was also released by Levi.. It was burning with flames as it swung its huge axe at the wizard Black Wings!
