

Wizard 520

Chapter 520: Level 12! Dragon Body Born, Red Lotus Hellfire! (5)

Yasad was different from Schinn. He was initially a clansman of the Lösenba Family. The Demonic Feast Alliance only knew about Schinn's situation but was unaware of Yasad's current condition.

Therefore, not long after Levi left the Emerald King City, Yasad received a message from the Lösenba Family.

The family wanted Yasad to rush to the Emerald King City and contact the person in charge of the Church of the Moon God.

All the humans in the Emerald King City would be sacrificed to the Blood God!

This would ultimately open up the passage connecting the Blood River Plane to the human world, allowing the experts of the Blood River Plane to descend upon the human world in human form.

After hearing Yasad's report, Levi was glad he did not kill Yasad.

Otherwise, he would not have been able to discover such important information.

Now that Schinn was useless as a pawn to the Lösenba Family and had been discarded, Yasad was his replacement.

Those people probably thought Yasad was still sleeping in seclusion somewhere in the human world.

Levi decided to stay in the area for the time being.

He lived in seclusion in the valley outside the capital to prevent himself from falling into the trap of the Blood Clan.

Since the Blood Clan was going to sacrifice the entire city, they had to prepare some form of terrifying array. At that time, Levi might be unable to escape even with his power.

Levi planned to observe the situation from outside the city. If the situation was chaotic enough, he would take the opportunity to disguise himself as a Blood Clan member and rob the King's Treasure Vault with Schinn. After looting the breathing techniques, he would leave the city behind.

For Yasad to not be exposed, Levi had him move freely for the time being. After all, Yasad was Schinn's Blood Slave, so he could never escape Levi's grasp.

Levi had never expected that the Demonic Feast Alliance would choose the capital as the location of the Blood Sacrifice.

After all, the Emerald King City was the headquarters of the Church of Holy Light. The experts of the church would be hiding in the city. The Demonic Feast Alliance was courting death.

However, since the Demonic Feast Alliance dared to carry out their plan, they must have someone backing them.

This group of wild beasts was always so crazy and wild!

It was the Year 1038 of the Holy Brilliance Calendar, the Month of Vitality.

Outside the capital, in an underground cave in a valley, a colossal dragon crawled on the ground with its four limbs. Its strong and slender body twisted as it moved.

Its entire body was ablaze like a blooming red lotus. Beneath the flames were dark golden scales that revealed a metallic luster. On the monster's forehead, there was a golden horn.

The monster had a human face. It looked pretty strange, like a Torch Dragon in the Classic of Mountains and Seas in Levi's previous life.

It flicked out its forked tongue. The ground was charred black wherever it passed, and the rocks cracked. After a long time, the earth turned into a pool of lava.

Occasionally, the dragon would open its huge mouth and emit endless flames that burned everything in the cave. Soon, the entire cave was blazing red, like Hell on Earth.

A moment later, the flames on the dragon's body began to fade, and the tall and sturdy dragon turned into an average person.

Levi stood naked in the cave, deep in thought.

"The commotion caused by the level 12 Red Lotus Breathing Technique is hard to keep hidden. I looked a little inhuman just now."

Today, Levi's Red Lotus Breathing Technique advanced to level 12!

His previous Solid State Flame Body had advanced to Newborn Dragon Body.

However, he did not expect the Red Lotus Breathing Technique to undergo such a massive change after level 12.

After using the ability of the Newborn Dragon Body, Levi's torso became

Thicker and longer. He could not help but crawl on the ground and move like a dragon.

Levi dripped a drop of his blood onto the Rowling Crystal.

[Unknown dragon bloodline 5.1%. Red Lotus Dragon bloodline 5%. Human bloodline 99-9%...]

Levi cursed, "F*ck, my human bloodline was still at 100% the last time I checked. Why did it drop by 0.1%? The Rowling Crystal is inaccurate."

He then convinced himself, saying, "However, with a purity of 99-9%, I'm still a human. There's no need to worry. I am not a monster. I am just a perfect human constantly evolving towards becoming an ultimate lifeform."

"Yes, that must be the case," Levi muttered to himself before putting away the Rowling Crystal.

The outcome was almost as Levi had expected.

After the Red Lotus Breathing Technique reached level 12, his Red Lotus Dragon bloodline would reach 5%. This was similar to when he advanced the Golden Snake Breathing Technique.

"It seems 5% is the starting point of level 12. If the bloodline is greater than 1% and lower than 5%, it's considered the Blood Awakening Realm. If it's higher than 5%, it's considered the Bloodthirst Realm."

Levi analyzed his changes this time and opened his proficiency panel.

[Levi]

[Red Lotus Breathing Technique: Level 12 (12/400000). Special Effect:

Newborn Dragon Body, Red Lotus Blood, Child of Hellfire.]

[Newborn Dragon Body: The Bloodline Seed in your body has given you the body of a Red Lotus. Although this is only the level of a Red Lotus youngling that has broken out of its shell, its physical strength and explosive power cannot be underestimated. At the same time, you have the same level of fire element immunity as the Red Lotus youngling. You can swim in lava with your own body. The Red Lotus youngling spends its weakest period in the magma ocean filled with rich fire elemental power. It absorbs the radiation power of the magma and continues to grow.]

Levi exclaimed, “In other words, my current body is already at the level of an infant Red Lotus Dragon?”

From the looks of it, even a legendary or mythical creature like the Red Lotus Dragon was not very strong when it was a newborn. After all, a second-circle creature’s strength was only considered lower tier in the Wizard World..
