Chapter 523: The Saint Descends! Rob the Treasure Vault!(2)

The pope landed lightly at the bottom of the stairs and climbed up step by step.

"What is it?"

The pope had yet to reach the top.

A slightly immature but benevolent voice resounded throughout Heavenly Mountain!

"Lord saint, an unimaginably powerful enemy has invaded the capital. If we don't stop it, I'm afraid it will lead to an immeasurable disaster. The foundation of our faith in this plane will also be shaken," the pope said loudly.

"Got it."

That kind and tender voice sounded again.

Seven rays of white light shot into the sky and landed in front of the pope.

Then, seven powerhouses wearing silver-white armor and holding all kinds of weapons appeared. They looked like knights but had a pair of white wings.

"Let the Seven Saints settle it for you. I still have to continue sensing the astral world and obtain divine power. It's not appropriate to attack."

The voice came from the top of the mountain.

"Thank you, Lord Saint. With the Seven Saints here, we can handle everything."

The pope was overjoyed.

Seven silent Double-Winged Saints followed behind the pope.

In the holy painting of the church.

The portraits of the seven angels beside the benevolent father seemed to come alive.

Then, they turned into rays of white light and quickly flew to the sky above the capital.

These Seven Saints were the most outstanding among the Seven Holy Knights of the World of the Church when they were alive. The weakest of them were top grand knights, and the strong ones were close to legendary knights.

They were the Patronus of the Church, the guardians of the Heavenly Mountain, and the incarnations of the seven angels around the Heavenly Father!

Relying on the angelic power in their bodies, they could exert combat power comparable to the top Second -Circle Wizards in the human world, which was far beyond that of legendary knights.

In the human world, this was invincibility.

Therefore, since ancient times, no one who broke into Heavenly Mountain had returned alive.

Even a true legendary knight could not withstand a single blow from the Seven Saints of the church!

And now that the saints had descended and were guarding Heavenly Mountain, this place would be even more impregnable!

Outside the capital.

Levi's Transcendent Perception saw the seven sacred and vast figures that suddenly appeared in the sky above the royal city from afar.

"Seven powerhouses comparable to Second -Circle Wizards are actually hiding in this capital? Oh my god, fortunately, I, Levi, have always been steady and not arrogant."

Who would have thought that in this world where legendary knights were as rare as phoenix feathers, there were actually such aces in the Church, and there were even seven of them!

This was the foundation of the Church!

In the Wizard World, under normal circumstances, only a larger Third-Circle Wizard organization could have such a configuration.

And this was the human world in the Doomsday Era.

Levi sat on the mountain and watched the tigers fight. He hid his aura to the minimum and was prepared to take advantage of the situation at any time to rob the King's Treasure Vault.

At this moment, there were blood-colored rivers flowing in the capital. Mortals were struggling on the isolated island.

This was literally a river of blood.

In the face of such a natural disaster, be it ministers, nobles, peddlers, or commoners, everyone was equal.

If a knight was contaminated by the Blood River, they would also turn into blood in the blink of an eye.

Only the great knights who could cover their bodies with black gas could barely resist the blood for a moment.

Piles of blood-red corpses, soil, rocks, wood, and other miscellaneous items formed a towering tree that was rapidly rising.

Blood began to spread into the sky, and blood-colored cracks seemed to appear in the void. It looked like a blood-colored willow tree growing savagely in the capital, waving its branches.

At this moment, the Seven Saints each held a weapon in their hands. A pure white light was injected into the weapon. In an instant,

Seven dazzling lights tore through the sky.

It slashed at the blood-colored tree that was growing in defiance of the heavens.

Rumble, rumble!

Loud bangs resounded in the capital.

Houses collapsed one after another, and corpses littered the ground, turning into blood.

Many of the branches of the giant tree had been destroyed, but with the injection of fresh blood, the giant blood-colored tree began to grow higher.

100 feet, 300 feet... In the end, the huge tree grew to 100 feet tall and stopped after a hundred floors.

It replaced the church and became the most majestic thing in the dynasty.

"What the hell is this?"

Levi was also shocked.

He felt an endless bloody aura on the blood-colored tree, as if the trunk was filled with mountains of corpses and seas of blood!

'I've seven power III samts crisscrossed and attacked the giant tree With attacks that were comparable to second -ring spells!

Levi saw that the battle was getting more and more intense. His figure quietly disappeared from the spot and quickly ran towards the capital from the panicked crowd.

Now that both sides were fighting, no one should pay attention to him.

Levi took this opportunity to turn into an out-of-law fanatic!

He prepared to rob the King's Treasure Vault.

Emerald King City.

It was chaos.

Under the protection of the Nation Protecting Divine Sword, the king quickly arrived at the most important ancestral land of the Emerald Family.

It was a forbidden area in the depths of the palace. It was guarded by the Seven Godly Swords, and no one could barge in.

The treasury made of hard boulders stood here and was heavily guarded.

This place had not been invaded by the Blood River, so it was relatively safe.

The treasure vault was very solid and integrated. It was both a place to hide treasures and a place to seek refuge.

"Close the door."

The king entered the treasury and ordered the servants to close the door.

He sat dejectedly on the small mountain that was piled up with gold coins and all kinds of jewelry.

On the shelf behind him were ancient paintings. In one of the oil paintings, a beautiful fairy smiled sweetly and covered her lips. It was intoxicating..
