Chapter 524: The Saint Descends! Rob the Treasure Vault!

(3)

On the other shelves were all kinds of antiques, weapons, and even a small shelf with the breathing technique inheritance diagram.

"I've done nothing wrong. Why are you punishing me like this?"

The king roared angrily in the treasure vault. He pushed down these bookshelves as if he was venting his anger. Those expensive antiques and ancient paintings were all scattered on the ground.

The ancient painting of the beautiful fairy fell to the ground with a dull thud.

The king was breathing heavily. Anger and incomprehension erupted.

He did not know that in this era, everything he did was in vain. The Dark Wave had revived and the transcendent had returned.

Nobles and generals, fame and fortune, power and wealth, in the face of the unstoppable torrent of the era, could not withstand a single blow!

And the king didn't notice.

On one of the ancient paintings that had fallen.

The portrait of the beautiful fairy had already disappeared.

Levi quickly found the location of the King's Treasure Vault.

He looked calmly at the seven vigilant grand knights in front of him.

"Who dares to trespass into the King's Forbidden Ground? Die! " A grand knight swept his spear towards Levi.

Levi shook his head and ignored them. He let the attacks rain down on him. Then, with a gentle shake, all the grand knights were sent flying.

"I don't want to kill you. Move aside. It's not easy to cultivate to your realm. I'll give you two choices next. Submit to me or die."

Levi said calmly.

The Seven Godly Swords were all brilliant people. They might be able to become legendary knights in the future. If they could absorb them and inject fresh blood into the Twilight Knights, wouldn't it be a good thing?

It was much better than fighting and killing.

Some of the Seven Godly Swords had already begun to waver. When they saw that their attacks could not even break Levi's defense, they could not remain calm.

They were the high and mighty Seven Godly Swords, the invincible grand knights among mortals. Now, they could not hurt the person in front of them at all.

"So what if you're legendary knights? Are you afraid?"

After calming down, the Seven Godly Swords stood up again under the lead of the strongest, the Nation Protecting Divine Sword, and looked at Levi with a solemn expression.

"Although you have the power to defeat ten thousand enemies, we are the Seven Godly Swords. Even if we die, we will protect the safety of the King's

Treasure Vault!"

The old Nation Protecting Divine Sword said and pointed at Levi. His attitude was very clear.

"That's right, we're the Seven Godly Swords!"

"I was just careless just now. This time, our Seven Godly Swords will let you

know what the strongest combination of the Emerald Kingdom is!"

"The Assembly of Seven Swords is invincible!" The Seven Godly Swords swarmed forward aggressively!

They were sent flying by Levi again!

This time, he was a little heavy-handed.

He looked at the fallen grand knights and smiled.

"What about now? Are you guys still sticking to what you just thought?" Levi said.

"Well

In an instant, someone in the Seven Godly Swords began to waver in the face of the threat of death.

If the first time was because they were unprepared and Levi got it.

The second time, they were all sent flying by Levi, which meant that the person in front of them was not just a legendary knight.

With their worldview, they could not imagine that there would be such a powerful human in this world!

"I don't have that much patience. I'll give you another ten breaths of time. If you don't make a choice, you'll be tacitly giving up."

Levi said.

"I choose to submit!" "I choose to submit too!"

"I refuse to accept this!"

"As knights, why should we be afraid of death?"

In an instant, the Seven Godly Swords made their own choices.

Three chose to submit to Levi, and four chose to fight to the death!

"You're smart to choose a submissive. I'll arrange for you to be in a safe place. From now on, focus on your training. As long as you're loyal to me, it'll be easy for you to become a legendary knight. Once you become a legendary knight, you'll join an organization with a limitless future and see a wider world!"
"Those who choose to fight to the end, I respect you too. I will give you knights the dignity to die in battle!"

Levi had the three submissive grand knights retreat behind him. He looked at the old divine sword and the other three divine swords.

The old divine sword sighed. He had sacrificed his entire life for the kingdom. It was impossible for him to betray the kingdom.

If he betrayed the kingdom now, everything he had done in his life would be meaningless.

Sometimes, this was even more terrifying than death.

Levi had seen the old Nation Protecting Divine Sword before. He was the leader of the first generation of the Seven Godly Swords. He did not expect the other party to still be alive after so many years.

However, the old Nation Protecting Divine Sword clearly did not know Levi after Thousand Faces.

"Come on, everyone!"

Levi beckoned.

The four godly swords had determined expressions on their faces. The sword light from their long swords attacked. This sword attack was the strongest attack of the four godly swords!

It was also the final blow!

Levi sighed and crushed the sword lights. Then, he leaped.

He pulled out the Frostmourne made of Luminant gold.

Gray Destruction Cross Slash!

A terrifying destructive sword light storm swept out!

The four godly swords were like moths flying into the fire. They vanished into thin air and turned into a bloody mist.

Only broken armor and weapons were left on the ground.

Levi did not let the Saint Scorpions devour the flesh and blood of these loyal knights..
