Chapter 532: Disappearing Weak Human Bodies, Embrace the Red Beast! (5)

Schinn, who had just advanced, could not be compared to him at all.

He had the Blood Feather Bow and the Moonlight Greatsword.

He believed that as long as the other party was not a saint of the church or an apostle with Sealing Sacred Objects, he would not be a match for him.

In this world, other than the Church, he was invincible!

If the Church was involved, he would run away without hesitation.

"How dare you snatch the treasure of my Lösenba family? No matter who you are, I will definitely let you die without a burial place!"

Dusk Island.

That was the name Levi had come up with.

It was nighttime, and the workers were sleeping.

The Blood Knight and the Black Knight were playing chess in a corner.

It was not Black Knight's fault. It was just that the old Blood Knight was addicted to chess and insisted on playing chess with him.

To the Black Knight, wasting such precious time on chess was a waste of his life.

The Blood Knight of the Blood Clan didn't have such self-awareness.

Levi found a quiet place to cultivate his breathing technique in a corner of the island.

However, Levi could not get into the mood today. He felt uneasy. Spider Sensing was also acting up his arm.

"I'm already hiding on this deserted island that's isolated from the world. Who's having designs on me?"

Levi was speechless.

If the enemies of the Wizard World were hostile, they shouldn't be able to make him feel danger across the human world, right?

If he was in the human world, he didn't seem to have made many enemies.

Furthermore, logically speaking, other than the Church and the Blood Clan, no one in this world should be his match.

"Blood Clan..."

When Levi thought of this, he immediately looked at his storage space. In a corner, the ten Blood Imprisonment Awls were actually trembling slightly, as if they were about to fly away at any moment.

"What's going on? Could it be..."

In an instant, Levi understood.

This was definitely a Blood Clan expert using a secret technique to locate the location of the Blood Imprisonment Awl!

"I knew it. This Blood Imprisonment Awl isn't so easy to obtain."

Levi did not panic.

He could defeat Schinn when he was only a level 12 Golden Snake. Now that he had a level 12 Red Lotus and a Blood Slave, Schinn, his strength had increased significantly compared to before.

Among the Blood Clan, there shouldn't be any level 3 experts. The only level 3 incarnation was also killed by the Church.

As long as it wasn't Level 3, Levi could still put up a fight.

Since he knew that someone would deal with him, Levi would definitely not sit still and wait for death.

After some thought, he came in front of Anderson and Blake and said, "I might have been targeted by a Blood Clan powerhouse." "What?" Blake stood up, his expression grave.

"It's the Lösenba family, right?" Anderson said.

"I guess so. I snatched their Blood Imprisonment Awl, so they naturally won't let it go," Levi said calmly.

"What should we do now? Should I look for Anduin?" Anderson asked.

"It's too late. Find a place to hide. Arrange all these workers to the shelter that we've prepared in advance. I think there might be a huge battle," Levi said methodically.

"You're going to deal with the Lösenba family alone? Let us participate in the battle," the Black Knight said eagerly.

"This time, the enemy should be a level 2 Blood Clan. You guys are not their match. You might even drag me down," Levi said bluntly.

Anderson blushed and thought for a moment. That was indeed the case...

"If the person who comes is Bloodeye Yax with a crack on his forehead, you have to be careful. Two Schinns aren't Yax's match. Yax is the strongest person

In the Demonic Feast Alliance, and Demonclaw Guillermo is inferior to him," Anderson reminded.

"Also, I heard that Yax's forehead can shoot out rays that are comparable to the attacks of level 3 Blood Clan. Even my father is especially afraid of it," Schinn added.

"Understood."

With that, Levi took the initiative to leave the island with Schinn. He did not want to destroy the half-built Dusk Holy Temple because of the war, nor did he want to expose the location of Dusk Island.

Anderson and Blake sighed as they watched Levi leave the island.

"We're still too weak. We can't help the team leader at such a critical moment.

Blake, I've decided. From tomorrow onwards, I want to stop playing chess! Tomorrow is the first day!"

"Anderson, don't say what you can't do first. Otherwise, you will only be slapping yourself in the face when the time comes," the Black Knight said mercilessly.

Anderson was momentarily speechless.

On the other side, Levi finally found another island on the sea a thousand miles in front of Dusk Island.

He wanted to find a deserted place to avoid harming the innocent.

He hid Tyrant and the living dead at the bottom of the sea, and so did Schinn.

After letting his army lay in ambush, Levi took out a Blood Imprisonment Awl and watched as it trembled in midair. It was obvious that the Blood Clan expert was getting closer and closer.

Levi's sense of danger from the Spider Sensing became more and more obvious. This meant that this enemy was indeed not weak. He was not an ordinary Level 2 Blood Clan.

"Come, I also want to see where my current limit is!"

The Constellation Empire was located beneath the Tuva Empire.

The orthodoxy was the Church of the Stars and the Lord of the Stars.

In the wilderness of the Constellation Empire.

A young girl in a black starry dress was bathing in starlight in a mountain stream, guiding the starlight into her body to cultivate..
