Breathing Technique Advancement, The Night Before the Storm! (5)

Then, he would have to learn a lot of low-level spells, which was relatively time-consuming.

However, considering the power of top-grade spells, Levi felt that it was worth it.

Moreover, after the second-circle, the price of spells skyrocketed. It was too expensive to buy them himself, and the cost-performance ratio was not high. It was better for Levi to synthesize them herself. It was even more so after the third-circle.

Including Glacial Finger, Levi had already mastered seven second-ring spells.

His strength was increasing day by day.

On this day, Levi was cultivating at home.

Someone was outside the door. He opened his eyes.

"It's Huffman."

Algerta went to open the door.

Huffman came to the wizard tower and sat down to drink his beer.

"Rex has been dead for so long, but the authorities are still investigating. The Thunder Dragon Family is really powerful," Huffman suddenly sighed. Levi walked out and smiled. "Fifth-circle clans are so terrifying." "Who do you think killed Rex?" Huffman asked.

"I don't know. Rex is a Third-Circle Wizard. There aren't many people in

Riptide City who can kill him," Levi analyzed seriously while drinking tea.

"No matter what, it can be considered as eliminating evil for the people. Refreshing, hehe." Huffman smiled until his face was full of wrinkles.

After Rex died, the Tower of Pharmacists did not recruit a new supervisor.

Instead, he assigned Rex's employees to the other three supervisors.

This way, Huffman would have one less strong competitor.

Therefore, even though Levi did not work as hard as before, it did not stop Huffman from continuing to sit firmly on the throne of the number one supervisor.

Huffman had high hopes for a hero like Levi.

"Lord Huffman, you don't visit unless you need something. Do you have something to say to me?" Levi asked.

Huffman smiled and said, "Levi, I have an opportunity here. An opportunity for you to rise to the top in Riptide City."

Levi's heart skipped a beat. "Lord, please elaborate."

"The Blue Dragon Lady is recruiting advisors. You can be considered a pharmacist genius. Do you want to join? If you do, I can recommend you,"

Huffman said.

"The Blue Dragon Lady? Would this fifth-circle powerhouse be interested in me? I'm only at the second-circle..." Levi could not help but smile bitterly.

"The Blue Dragon Lady values potential more. You're only in your sixties, but you're already a Second-Circle Wizard and a Second-Circle Pharmacist. A talent like you is considered top-notch in Riptide City.

Don't be humble. We know each other very well. There's no need to be like this," Huffman said with a smile.

"The Blue Dragon Lady should be trying to establish her own faction to resist Thunder Spear, right..." Levi asked.

Huffman nodded. "You're very smart, kid. That's right. A hundred years ago, the Blue Dragon Lady prepared an organization called the Dragon Tea Party.

"In this organization, there are hidden dragon descendants in Riptide City and all kinds of talents. To be honest, I'm also a member of the Dragon Tea Party.

"You were already discovered by the Blue Dragon Lady when you stood out previously. However, she was also observing your performance at that time.

"From the looks of it, you have the qualifications to enter the Dragon Tea Party.

"I'm not fooling you. The Dragon Tea Party should be the top faction in Riptide City, second only to the Riptide Steeple.

"Otherwise, why do you think the Blue Dragon Lady could defeat Thunder Spear and run for the position of commander-in-chief?"

"Now that Riptide City is in turmoil, as far as I know, the couple's heart is no longer in Riptide City. They have a better home to return to. They no longer care about the open and secret struggles below.

"Although Thunder Spear had lost the election, his evil intentions did not change. He will definitely think of ways to rely on the power of the Thunder Dragon Family to obtain the power of Riptide City.

"Nobodies like you and me can't leave Riptide City for the time being because of the military service. We definitely have to rely on something to gain a foothold

In this f*cking era.

"What do you think? Think about it.

"Oh right, the participants of the Dragon Tea Party can obtain a third-circle Wizard Tool.

"So far, other than you, the members of the tea party are all wizards above the third -circle.

"Kid, you should be secretly happy that the Blue Dragon Lady values you so much."

Huffman looked pleased with himself.

Levi smiled on the surface, but in his heart, he could not help but be cautious.

"I'm already so low-key, but I've still been targeted by the Blue Dragon Lady. I can't even hide my damn talent. If I leak even a little, I'll be noticed." Levi thought.

Levi paused for a moment and said, "Lord, I have to consider this. I want to ask, do I need to sign any agreement to join the guild? There's no free lunch in the world. If I can obtain a third-circle Wizard Tool, what obligation do I have to fulfill? To be honest, I'm a coward. I can be poor, but I don't want to die for others. "

"Of course, you have to sign the agreement. The rights and obligations are written clearly. I can show you the agreement later and you can decide for yourself. I won't force you. I can only say that there aren't many chances to build a relationship with the Blue Dragon Lady. You have to think carefully," Huffman said.

"In that case, thank you, Lord. Let me think about it. I might not be able to decide in a short period of time. I hope you don't mind," Levi said. Huffman nodded and handed Levi a slate before turning to leave..
