Chapter 630: Long-Armed King Kong! Turmoil in Riptide city! Beasts in the Ancient Forest! (4)

"Lord, there's something at my home, and I'd like to take a leave and go back for a while."

In the uneasy hearts of the wizards, a Fourth-Circle Wizard, accompanied by a legion of combat wizards, arrived at the Tower of Pharmacists. This Fourth-Circle Wizard was Guerdo.

"Huffman, the people of the Tower of Pharmacists will move to Number 10 Tanton Street next. To prevent enemies from harming the pharmacists, we must take protective measures for you," Guerdo said coldly.

Huffman quickly expressed his gratitude, "Thank you, Lord Guerdo."

In his heart, though, he sighed. This wasn't protection; it was forcibly binding the Tower of Pharmacists with Blue Dragon Lady.

"Oh, I remember there's a Second-Circle Pharmacist named Levi. Where is he?" Guerdo scanned the area and asked.

Huffman replied, "Levi went on a demon-hunting mission some time ago and hasn't returned. I'm worried too. As a pharmacist, he's likely dead outside in the chaos..."

Guerdo's expression remained unchanged. After a moment of silence, he said,

"Understood. Pack up and prepare to move."

Huffman looked towards the direction outside the city. In his selfish and self-interested life, he rarely considered others. Considering Levi was an exception.

"Under the vast sky, there is no pure land."

Three days later, the tranquil night sky of Riptide City was suddenly

Interrupted by eerie laughter.

A demon with horns and powerful wings emerged from a mansion on Tanton Street 10, wreaking havoc in the city. Many casualties occurred, and even a Third-Circle Wizard fell on the spot.

As the demon manifested, chaos erupted in the city!

In an instant, a purple electrical grid covered the sky, spreading through the void.

Following the electric light, thunderous sounds echoed.

Bright lightning shattered the peace, killing the Level 4 demon.

A colossal figure, surrounded by an aura of destruction, descended like a god, unstoppable, shaking the entire city.

"Commander-in-chief Blue Dragon Lady colluding with Abyss Demons has violated the Wizard Council's 'Abyssal Blood Battle Decree.' The wizard civilization and Abyssal Civilization are mortal enemies, with deep-seated hatred. Blue Dragon's actions are unforgivable. Wizards, follow me to subdue this criminal and restore peace to Riptide City!" The voice of Thunder Spear echoed throughout the city, shocking the wizards who looked toward Tanton Street.

They looked towards Tanton Street.

"How is it possible? Blue Dragon Lady colluding with demons?"

"Sigh... It's hard to say. The temperament of dragon descendants cannot be measured by common sense."

"It must be a trick by Thunder Spear."

In the night sky over Number 10 Tanton Street, a witch in blue robes, with eyes like lightning and a demeanor as cold as an iceberg, remained composed. She said, "Sorrett, there's no need for such methods. Let's settle this with a fair fight. As a man, using such despicable means, don't you feel ashamed? I finally understand why that Level 5 demon could hide in Riptide City last time. It was all your doing."

Sorrett sneered, "Quibbling. Once I capture you, I'll hand you over to the Star Tower for judgment!"

Thunder Spear cut through the night sky, unstoppable.

"Ice Dragon's Manifestation!"

With Blue Dragon Lady's low chant, her innate spell was activated.

An illusory ice dragon, with a wingspan of possibly hundreds of meters, emerged, dominating the Upper Riptide area.

Blue Dragon Lady stood on the head of the ice dragon, fearless.

As the ice dragon clashed with the Thunder Spear, a storm descended upon Riptide City, pouring relentlessly.

How could anyone in this city escape the deluge?

Of course, some had left before the pouring rain arrived.

Levi, now, was already on his way.

"Huffman, Grimm, Tommen... I don't know if I can see you again. If no one manages Riptide City, where should I go?"

Levi, with his family, flew through the air.

His speed was remarkable, and a week later, he left the Inner Sea Region, Area 6.

Instead of heading to Area 9, he went directly to the Yellow Earth Continent.

Originally, he planned to come to the Yellow Earth Continent after advancing to the third circle. Unfortunately, plans never kept up with changes, and now, he could only escape ahead of schedule.

He came to the Yellow Earth Continent for two reasons.

First, to find Lake Naga and seek materials for refining the Lake Fairy Potion, preparing to advance to the third circle.

Second, to reclaim the Silver Frost Ice Ape that he had lured out with his life-threatening actions in the secret realm.

Of course, previously, Levi also planned to subdue the Three-horned Dragon

King in the ancient forest, as well as the vaguely discernible transcendent creature at its center, to enrich his collection of transcendent creature bloodlines.

"In some time, I'll have to go to the Star Sea region and buy Minnie Miaomiao House. Greenfield Immortal House isn't big enough. Anyway, I have money now," Levi calculated in his mind.

In the distance, Lion King City loomed, partially hidden.

He didn't enter the city recklessly but instead used perception to survey the area. After discovering that the Golden Lion Jostar Family still controlled the city, he decided to enter.

In Golden Lion Castle, Old Golden Lion was currently sitting cross-legged on the high level of the wizard tower, recuperating from his injuries.

On the training ground, Dinos was sparring with Emperor Mu.

Two brawny men, one adorned with golden mane, imposing and majestic, while the other sparkled in golden light, displaying grandeur.

Both were legendary knights, but Emperor Mu was on the verge of breaking through the legendary constraints, not far from it, while Dinos had recently stepped into legendary.

Boom!
