

Wizard 632

Chapter 632: Long-Armed King Kong! Turmoil in Riptide City! Beasts in the Ancient Forest! (6)

In the present day, the Flower Knight successfully advanced to the sixth circle, becoming a high -level primordial soul wizard. In the Endless Sea, there were even fewer people she would consider.

Newt was still a good choice. Such a wizard, though not easy to open up to, once allowed into his world, would be treasured forever.

"Newt, when are you going to tame it? I really want to ride with you and enjoy the breeze," the Rose Witch said with starry eyes, looking at Newt.

Newt replied seriously, "With my current strength, the probability of defeating the Wind Thunder Winged Dragon is less than half. For the sake of our safety, we can only appreciate it for now. Besides, the Wind Thunder Winged Dragon is a spirit of wind and thunder in the sky, and the sky is its better home."

"Okay, didn't expect this guy to be so powerful," the Rose Witch pouted, then her mouth opened slightly.

Newt did the same.

At an unknown time, a figure fell from the high sky like a shooting star.

Breaking through the dark clouds, bathed in lightning, an endless thunderous snake trailed behind him. He seemed to transform into a Thunder God!

In the blink of an eye, this figure landed a foot on the back of the Wind

Thunder Winged Dragon.

"Groundbreaking! "

Boom!

The Wind Thunder Winged Dragon seemed to be hit by a meteorite.

Its whole body began to fall from the high altitude, crashing onto the mountaintop.

At that moment, it seemed like thunder had lost its sound.

Simultaneously, another mountain-like mountain giant descended from the high sky.

The giant rode on the back of the Wind Thunder Winged Dragon, firmly suppressing it.

The figure bathed in lightning swung out a black curtain, tightly entwining the Wind Thunder Winged Dragon.

Then came the sounds of a vigorous battle.

"Do you yield?"

"Follow me, and there will be only benefits for you, no harm. Don't believe me?"

Ask this big guy."

"Give you one minute, make a Dragon's Covenant, acknowledge me as the Master Dragon!"

"Still thinking of resisting? Bold creature, it seems you don't quite understand the current situation."

"Bo Gang, break its tail for me, and shock it. I'll show you my Thunderbird.

Who doesn't know a lightning spell?"

"If my Glacial Finger goes down, you might die. Don't resist in vain. Follow me, and I'll treat you well. The more you defy me, the more excited I get. Let me see where your limits lie!"

In the end, the battle at the mountaintop finally concluded.

"Raja, from now on, you're my dragon. This is Gustav. Get to know each other," Levi looked satisfied as he addressed the obedient Wind Thunder Winged Dragon.

Doing it this way earlier could have saved a lot of trouble.

After subduing Raja, Levi effortlessly subdued the other nearby transcendent creatures. These beings were all under Raja's command, including the Three-horned Dragon King, one of Raja's left and right guardians. The other guardian was a Dragon Finch, another rare second-circle transcendent creature and also a hybrid of the Dragon Clan.

In Raja's territory, there were unexpectedly three Dragon Clan hybrids, a pleasant surprise.

"Ah, the Greenfield Immortal House is full all of a sudden."

Levi looked at the crowded Greenfield Immortal House and felt the need to hurry up and buy Minnie Miaomiao House.

The journey in the ancient forest yielded rich rewards.

Raja resolved the secret medicines for both wind and thunder attributes at once.

The Three-horned Dragon King's horn served as a superior substitute for Leviathan's single horn.

The Dragon Finch was a superior replacement for the Crimson Fire Dragon Lizard.

The other transcendent creatures weren't particularly useful to Levi, but he had already decided to start a personal zoo. As long as the transcendent creatures could fit, he welcomed them all.

This way, Levi could enrich his bloodline storage, facilitating his future research and the practice of breathing techniques.

After subduing these creatures, Levi arrived at a peculiar place. Smiling, he said, "Inside there, if you don't come out soon, I'll just go in.."
