

## Wizard 638

Chapter 638: Alice's Dream-traversing Ring! Seals Knight!(6)

"I was originally worried about not finding you, but unexpectedly, you delivered yourself to me. Prepare to die!"

Lehman waved his hand, and flames surged under the sea, boiling and steaming the nearby water, creating bubbles.

Levi's defensive field and layers of defensive spells around him played an excellent protective role at this moment.

Even the ordinary attacks from Lehman, a third-circle wizard, couldn't break through Levi's spell defenses, let alone Levi's Golden Snake defense.

While Lehman was enraged, he also felt a sense of shock.

The person in front of him exuded an eerie aura everywhere, a second-circle wizard with the attack and defense power of a third circle.

Not only could he control Zerg-like creatures, but also possess powerful Mountain Giant wizards equivalent to a third circle, and alchemical creatures that charged forward like a storm.

Even more terrifying, after a wave of attacks, Lehman was horrified to discover that he couldn't perceive the enemy's presence anymore...

"How is this possible?" Lehman desperately observed his surroundings, and his force field surged.

Fear crept into his heart, making him want to escape, yet he dared not act recklessly!

The next moment, ripples appeared in the void above Lehman. A nine-meter-tall Dharma Idol with three heads and six arms, wielding nine swords, appeared. With unparalleled power, it shattered the wizard airship's spell defense.

Then, to Lehman's horror, this figure tore apart his defensive field layer by layer.

In an instant, Lehman found himself in a perilous situation. The Abyss Blood within him boiled, and his entire aura began to rise.

"I possess the bloodline of a demon lord! Melted Mountain!" Lehman roared, demonic aura erupting. The flame spells turned into pitch-black demonic flames, steaming in the deep sea.

However, unstoppable, the Nine Swords entwined with the Red Lotus Hellfire directly cut through the demonic flames, tearing apart Lehman's body, and the Saint Scorpions surged forth, engulfing Lehman's soul.

Ashes scattered, and another silver Ashen Coin appeared in Levi's palm. "Even Lehman, a third-circle senior, is no match for me when I'm at my full power..."

"If I had known this, I wouldn't have used the Hermit Rune to bully Lehman.

Maybe I could have tested my limits."

"Without a doubt, using the Hermit Rune made the battle more stable, without any suspense."

"Safety first. My decision was correct," Levi summarized the lessons learned from this battle.

Lehman, who had once made him extremely fearful, was nothing more than this now.

Under full firepower, Lehman's defense was no match for Levi's supreme attacks.

After all, Levi possessed the level 13 Golden Snake, Blood Beast, Red Lotus, King Kong, and his Strength (Rune Language) in dimensions such as strength, speed, and defense were too strong, without any weaknesses.

Plus, with a form fully utilizing a more than 500% strength amplification, the outcome of the battle was well within Levi's expectations.

"No room for complacency. Lehman has just advanced to a third-circle senior and was caught off guard by me."

"In addition, my Hellfire restrains Abyss Blood. If it were another third-circle senior wizard, I might not have won so easily... I'm still not strong enough!"

Levi reflected.

On the other side, the battle had also ended.

Mountain Giants and Tyrant II, along with Gustav, crushed the low-level wizards brought by Lehman. Levi was now like an entire army on his own.

After collecting the Silver Frost Ice Ape, Levi inspected the spoils brought by the Red-Faced Sea Ghost Spider. After confirming everything was in order, he stored them away.

Then he completely shattered and incinerated the already broken wizard ship, letting it sink into the abyss, and left the area.

Not long after, the coastline of the Yellow Earth Continent slowly emerged.

It was nighttime, and the lights of Lion King City were shining brightly.

No one knew that in the depths of the Deep Sea, Levi had silently dealt with a formidable enemy that could have brought the city to the brink of destruction.

"Another day of the cheerful boy-next-door quietly saving the world," Levi remarked..
