Chapter 656: Mortal Divine Refinement (6)

Levi said calmly when he saw that the injured beast had not broken through his defense.

"It's fine if you don't want to submit, but why do you have to make a move? You were the one who attacked first! I'm just defending myself next!"

"Raja, Bo Gang, Tyrant!"

Immediately, Levi's three combatants appeared behind him.

Raja, who was surrounded by the power of wind and lightning, hovered in the

Sky and looked at the Six-Winged Sea Dragon in front of him with disdain.

Raja opened his mouth, and a lightning ball flew out, illuminating the lake and bombarding the Six-Winged Sea Dragon. The Six-Winged Sea Dragon was in pain.

At the same time, the Mountain Giant Bo Gang also roared and directly cast a third-circle spell towards the Six-Winged Sea Dragon.

In an instant, the Six-Winged Sea Dragon was surrounded and beaten up.

Levi did not make a move. He just sat there and watched the three of them attack the Sea Dragon Beast.
At this moment, Levi suddenly felt a sense of danger. Spider Sensing warned him.

There was a thud.

Levi exploded decisively!

He dissipated into a blood fog that lingered on the lake.

The spell passed through the blood fog, diluting it slightly.

Then, the blood fog condensed into a human form.

Levi, whose face was slightly pale, turned around and looked at the figure that had suddenly appeared behind him.

An angry-looking witch stared at Levi, her eyes threatening to kill Levi ten thousand times over.

"Why did you hurt it?" she said coldly.

"Is this your pet?" Levi's aura kept rising.

"That's right," said the witch, showing her membership card.

[Melina: Third -Circle Wizard, Spiritualism Steeple...]

"I'm sorry, this might be a misunderstanding. I thought this was unowned..." Seeing the membership card, Levi understood.

The Six-Winged Sea Dragon in front of him was not an ownerless beast. It was most likely someone else's Spiritual Beast.

The problem was that he did not know either. He had just used Perception to confirm that there were no other wizards around before making a move.

"All three of you, get over here," Levi said quickly.

Raja and the others, who were fighting three against one, came behind Levi.

He also showed his membership card to prove that he was indeed not an evil person.

Seeing that Levi had stopped, and knowing that she was no match for him, the witch did not show any mercy. She suppressed her anger and said coldly, "Forget it."

Then, she silently flew to the injured Six-Winged Sea Dragon's side and used medicine to heal it. She looked worried and did not say a word.

The atmosphere was a little awkward. "Um... I have some healing potions here."

"No need!"

Levi shrugged and watched the witch named Melina heal the Spiritual Beast.

She was a member of a high-level wizard organization. She wouldn't hold a grudge against him because of this and go back to the organization to take revenge, right?

In for a penny, in for a pound? Should he kill her to silence her?

If the other party was a dark wizard, Levi would not explain much.

However, he was also a law-abiding citizen like her. Levi really couldn't bring herself to do it.

Moreover, Levi probably could not solve the tracking method of the high-level wizard organization himself.

At that time, he might get himself into trouble.

"Speaking of which, she's from the Spiritualism Steeple. She must have a potion formula that can help Leviathan break its bloodline shackles. Isn't this an opportunity? It's not easy to meet someone from the Spiritualism Steeple. I

Have to seize it." Levi calculated.

After a long silence, Levi said, "Ordinary potions can't get rid of the poison in this Sea Dragon. If you trust me, I have a way to get rid of it."

"You wanted to capture my Spiritual Beast right from the start. How would I

Dare to trust you?" Melina said while holding her breath.

"This is a misunderstanding. I'm a transcendent creature biologist, so when I see new transcendent creatures, I can't help but want to take them away..." Levi explained.

Melina did not say anything else. Levi wanted to get the potion formula from her, so he did not leave. Instead, he stood quietly in the distance and guarded her.

"Why haven't you left yet?" Melina said after a while, having recovered a little.

"I'm waiting for you to let me heal it."

"Dream on!"

Levi looked at the Spiritual Beast. It was deeply poisoned and the poison was complex.

Therefore, he knew that unless he found a specialized pharmacist who knew how to analyze the composition of the venom and study the corresponding antidote, it would be impossible to detoxify the poison with ordinary medicine.

He was an expert in the use of poison and was a poison man himself. He wished he could eat more poison to strengthen his Scarlet Poison Body.

He had a say in this aspect.

He knew that Melina would beg him.

The next morning, the sky was bright.

Melina was sweating profusely as she looked at the Six-Winged Sea Dragon which seemed to be getting weaker and weaker. This was her Spiritual Beast that had accompanied her since she was young.

She looked at Levi, who had been sitting cross-legged the entire night to protect her. Her expression was hesitant, and her heart was constantly struggling. In the end, she said reluctantly, "You can try."

Levi opened his eyes.

"Because this treatment is also risky for me, I need to sign an agreement with you to ensure that we don't harm each other.

"In addition, I'm very interested in the formula for the medicine that the School of Spiritualism can use to break through the bloodline shackles of Spiritual Beasts," Levi said directly.

Melina's chest rose and fell. She was furious with Levi. In the end, she said, "Sure. If you hadn't hurt it and forced it to fight, its poison wouldn't have spread so quickly."

"It was the one who attacked me first..."

After quibbling, Levi threw the contract slate over. Melina looked at it. Other than what she had just said, Levi did not set any other overboard terms, so she signed it.

After the contract took effect, Levi asked Bo Gang and Raja to protect him from the witch's sneak attack.

He turned into a ball of blood fog and entered the Six-Winged Sea Dragon's body.

"This..." Melina did not expect Levi to heal in such a way.

Half a day later.

A scarlet mist that was red with a hint of black emerged from the Six-Winged Sea Dragon's body and gathered on the surface of the lake to form Levi's figure.

In Levi's palm was a squirming and twisting mass of pitch-like black liquid.

"This is the first time I've seen such poison. Now that I've completely expelled all the poison in your Spiritual Beast's body from the source level, you just have to treat its injuries well."

Levi took out the container and put away the squirming black liquid.

He planned to go back and study it slowly. In the future, he would make it into a secret medicine to increase the power of his poison body.

Melina, who was connected to the life of the Spiritual Beast, blushed slightly. She could feel that the poison was gone.

"Now, bring me the formula," Levi said shamelessly.

He always felt that he had taken advantage of others, but if he didn't, he wouldn't be Levi..
