

Wizard 671

Chapter 671: Divine Tower! (3)

If he advanced without one in each circle, it meant that after advancing to a high-level wizard, Levi would have three fewer innate spells than a perfected Nine Talent Wizard. This would definitely be extremely disadvantageous in a battle with wizards.

The effect of an innate spell was equivalent to a bunch of ordinary spells.

Moreover, the power of innate spells could continuously increase with the advancement of the wizard realm.

Even the innate spells mastered during the third-circle could be useful in Levi's ninth-circle wizard realm.

Without the proficiency panel, Levi might have advanced to the fourth-circle with two innate spells like other wizards in a hurry.

Since there was a cheat, he had to do it perfectly. There could be no regrets. This was Levi's thoughts and attitude.

Of course, the choice of innate spells was the same as the third-circle defensive field. There was no rush.

This choice could not be changed. Levi was not in a hurry. She would choose slowly in the future.

He stood up and stretched his muscles. He had been in seclusion for several years and was completely isolated from the world. He did not know how the outside world was doing.

His spiritual force almost covered the entire island. After discovering that there was nothing abnormal, he heaved a sigh of relief. "I have to say, the Black Fire Island is really a good place."

Levi arrived outside the cave abode.

Coulomb left a message for Levi as he was not on the island.

It was said that something major had happened when the Extreme Fire Ancestral Wizard summoned all the Second-Circle Wizards.

According to the scouts, Whale Song Island was about to launch its final attack on the Tower of Ocean Currents.

Lady Whitewater asked the Extreme Fire Ancestral Wizard to gather all the experts above the second-circle and head to the Tower of Ocean Currents to discuss how to deal with the aggressive enemies. Levi looked at Coulomb's message, his heart calm.

"Morpheus, that old thing..."

With Levi's current state of mind, he no longer had that extreme hatred for the so-called Whale Song Island.

However, if he did not settle the scores and settle the previous grudges, he felt that his thoughts were not smooth.

After all, Whale Song Island had almost killed him.

"From the age of ten to the age of eighty, I didn't seem to have done anything spectacular, much less take revenge.

"No, I have to take revenge against Morpheus. I can't give up!"

Levi muttered to himself.

He had once regretted not killing the Wild Boar Knight himself because he was too cowardly.

Such a tragedy could not happen again!

Even with the support of the Black-Eyed Crow, Levi felt that this old dog might not be able to jump around for long.

Sensing Levi's exit, the transcendent creatures scattered all over the Black Fire Island ran towards him.

"Come, follow me to meet... an old friend."

Levi's heart was cold, and his expression was calm. The transcendent creature army had all entered Levi's Alice's ring.

Then, he rode his griffin and flew towards the Tower of Ocean Currents.

Area 9.

Ocean Current Island.

A storm was brewing.

In the sky, dark clouds were pressing down on the city, threatening to destroy it. On the sea, the waves were surging, and the cold wind was roaring angrily.

Busy figures were setting up various arrays to make final preparations for the upcoming battle.

Tower of Ocean Currents.

At the top of the tower, two Third-Circle Wizards stood proudly.

One of them was wearing a tight white robe. She had a graceful figure and was flirtatious. Her golden curly hair was charming.

The other was an old man in a gray robe with deep and deep eyes.

They were Lady Whitewater and the Extreme Fire Ancestral Wizard.

These two were the only two Third-Circle Wizards in Area 9's righteous wizard camp.

"Extreme Fire, the upcoming battle concerns the life and death of our Area 9. You won't disappoint me, right?" Lady Whitewater's expression was proud and aloof, like a proud and independent white narcissus.

"Don't worry. At a time like this, I'll do my best. Next, I'm looking forward to the performance of White Narcissus, one of the 24 Flowers."

The Extreme Fire Ancestral Wizard grinned and was calm and confident. He naturally had his trump cards to survive until now as a rogue cultivator.

Like Violet Witch and Rose Witch, Lady Whitewater was also one of the 24 Flowers, a dual-elemental affinity.

It was also because of her that Area 9 managed to withstand the attack from Whale Song Island.

The 24 Flowers had varying strengths. The strongest among them had the strength of a Fifth-Circle Wizard and was only slightly weaker than the Flower

Witches before they reached the advanced level.

The weakest one was Violet, who was only a second -circle senior.

As the reputation of the Flower Witch rose, so did the reputation of the 24 Flowers.

Their beauty had their own unique characteristics, and they also had their own unique temperament. Moreover, there were all kinds of sects inside. They were mysterious, elegant, and powerfully confident.

In the Tower of Ocean Currents alone, Lady Whitewater had many admirers.

Not long after, the entire Ocean Current Island entered the highest state of martial law.

There were two third-circles and more than a dozen Second-Circle Wizards gathered here. Almost all the high -end combat power in Area 9 was gathered here.

There were as many as 50 official wizards, plus those apprentice wizards.

There was an army of about a thousand wizards guarding this place.

This meant that the truly decisive battle was about to arrive.

After an unknown period of time.

On the surface of the sea in front of Ocean Current Island, the sea was rolling. In the waves, a huge sea beast in the shape of a toad was floating.

On the head of the toad, a white-haired elder in a whale-patterned robe was standing there with his staff. His gaze swept across the entire place, and he couldn't help but smile. "It seems that our Whale Song Island indeed has spies from the Tower of Ocean Currents. The two of you are well-prepared.."
