Chapter 672: Divine Tower! (4)

"Heh, it takes one to know one. I know that there are spies from Whale Song Island in the Tower of Ocean Currents. Didn't you come prepared?" Lady Whitewater sneered.

"Hmph, that's right," Morpheus sneered.

He said confidently, "I'll give you another chance. Join Lord Black-Eyed Crow and you'll obtain a chance to be a human again.

"Our Wizard Liberation Alliance is not like the Wizard Council, where we fight and kill for no reason.

"As long as you sincerely join us, everyone can abandon the past and become the same person... If you don't know how to appreciate kindness, don't blame me for being impolite."

Morpheus was very confident. He was a veteran Third-Circle Wizard.

Just a while ago, with the help of the Black-Eyed Crow, he successfully mastered the second innate spell and advanced to a third-circle senior wizard.

In addition to the two innate spells, he had mastered a total of four third-circle spells.

He also had the third-circle Wizard Tool bestowed by the Black-Eyed Crow.

Therefore, his strength was above average among the Third-Circle Wizards.

Of course, this was not enough reason for him to be so confident.

After all, be it Extreme Fire Ancestral Wizard or Lady Whitewater, they were not ordinary people.

As the maid of the Flower Witch, Lady Whitewater didn't lack third-circle spells and Wizard Tools.

The reason why she dared to come was definitely because she had helpers. She suddenly smiled and said, "Friends, come out."

On the sea behind Morpheus, wind and clouds surged, and two figures appeared on the top of the huge waves.

One of them was tall and two stories tall. His entire body was covered in pitch-black scales, and he had a long tail behind him. His ink-black tongue was flickering.

"Evil Dragon Wizard, Delgo."

Madam Bai Shui was shocked, as if she recognized this person.

‘Whitewater, who is this?’ Extreme Fire Ancestral Wizard asked telepathically, his heart pounding.

"Evil Dragon Wizard is a dragon descendant. He was once a member of the dragon descendant priory of the Endless Sea branch, but because of his lewd nature, he wanted to violate the Blue Dragon Lady, who had yet to rise back then.

"In the end, after the Blue Dragon Lady advanced to the fifth-circle and became a high-ranking member of the dragon descendant priory, she threw him into Abyss City’s prison. Unexpectedly, this terrifying and abnormal fellow escaped.

"It seems that this Evil Dragon Wizard has sided with the Black-Eyed Crow.

"Delgo is a third-circle dragon descendant wizard. As far as I know, although he only mastered one innate spell, because of his dragon descendant identity, his true strength is not inferior to a senior wizard who has mastered two innate spells.

"There might be a fierce battle coming up. Extreme Fire, get ready.” Lady Whitewater’s expression was solemn.

"Damn it, even the dragon descendant wizards are here, right? Didn’t the dragon descendant priory declare permanent neutrality? Are they not going to care about Delgo?” Extreme Fire cursed silently.

And the most terrifying thing was that there was another powerhouse beside him. It was a bald wizard in a black robe.

This wizard looked young. Judging from his spiritual force fluctuation, he wasn't even at the third-circle level, but he was on par with Morpheus and the others.

Lady Whitewater did not know this person either. She only knew that this person definitely had an extraordinary background.

"Hehehe, this is Lady Whitewater, one of the 24 Flowers. She's really beautiful.

Lady Whitewater... Whitewater, could it be what I'm thinking?" The Evil Dragon Wizard looked down at Lady Whitewater and smiled wretchedly, revealing his perverted temperament.

"Watch your mouth, or you'll die a horrible death," Lady Whitewater said coldly.

"Delgo, I'll leave this woman to you. I'll deal with that old man. Morpheus, you hold the line," the bald wizard said confidently.

"Sure, let me see how powerful your Diamond Dragon Fruit is." Brother Diel looked at the bald wizard meaningfully.

This bald wizard was a Miracle Wizard!

As a Miracle Wizard, it was obvious that he had some skills to be able to survive until now.

After all, everyone wanted to kill the Miracle Wizard and take his Miracle Fruit for themselves.

"They're stubborn. Looks like they plan to die on Ocean Current Island today. Then I'll have to trouble the two of you. I'll hold the fort. With the two of you taking action, I don't think I need to do anything," Morpheus said with a smile.

As a cunning old fox, he couldn't wait for the two of them to test the other party's strength.

Since they wanted to take the lead, let them go.

Morpheus sneered in his heart.

On the other side, the Extreme Fire Ancestral Wizard and Lady Whitewater looked like they were facing a great enemy. Their respective protective force fields lit up and flickered with the light of runes.

"I've already survived the terrifying Nightmare World. There will be no problem with such a small scene." Extreme Fire Ancestral Wizard encouraged himself.

On the other side, the Miracle Wizard could no longer hold back his urge to attack. Ever since he obtained the Diamond Dragon Fruit, he had rarely lost.

In front of his indestructible Diamond Body, all enemies were like chickens and dogs, unable to withstand a single blow.

He shouted, and the runes on the surface of his body flickered. Waves of seven-colored power circulated in his body.

A diamond-like luster began to appear on his body.

He had turned into a diamond-carved monster.

His robe had already been torn apart by his expanding diamond body, revealing his firm chest.

On the other side, the Evil Dragon Wizard also put on his third-circle defensive field. With a thought, he activated his innate spell.

Black floodwater swirled around him, as if countless Undead and Water Ghosts stretched out their pale claws in the floodwater and wailed..
