Chapter 698: The Dao of Humanity! (6)

Her strength was still too weak!

Not enough, not enough!

She wanted to be stronger!

"Interesting. Is this a place where you can come and go as you please? I'll let you know what a wizard is!" The Snow White Witch chanted.

Her red lips moved slightly, and she waved an ice-blue magic wand. In the blink of an eye, ice cones formed and attacked Denise.

"Although my strength is limited in the human world, a mere legendary knight dares to be so presumptuous. She's simply courting death!"

From the perspective of most wizards, knights were born to be servants or laborers for wizards.

The icicle pierced through the five-colored light, and Denise's expression changed.

The Immovable King Armor blocked the further attack of the icicles.

The tremendous force almost knocked Denise off her horse.

At the command of the Black Bone Wizard, another terrifying ghost servant appeared.

First-Ring Spell: Summoning Ghosts!

The ghost was extremely fast, and accompanied by a sharp howl that directly attacked the mind, it was simply too easy to deal with knights.

Soon, the ghost was about to catch up to Denise.

At this moment.

A black figure descended from the sky and landed on the ground with a bang.

The black ox-head phantom stepped on the ghost with its hooves. The ox-head spat out a mouthful of black gas and sucked the ghost away.

"Delicious."

A knight wearing pitch-black armor and a minotaur mask smiled.

"Black Knight!"

Andrew quickly ran over to the Black Knight's side.

"Andrew, I'm sorry I'm late." The Black Knight was always late. "I didn't expect there to be such an evil lair in the suburbs of Flower City." A blood-colored light descended from the sky and stood beside the Black

Knight.

It was the Blood Knight.

"Two dark wizards and one ghoul." The Blood Knight clenched his fists and placed his hand on the blood-red sword.

Denise had been running, but she was stunned by what she saw.

"Denise, come on," the teacher urged.

"Teacher, this is... a legendary knight, a legendary knight like me. No, I feel that they are stronger than me..." Denise said in disbelief.

The teacher's expression changed slightly as he looked over.

Two knights, one black and one red. The black and red auras around them soared into the sky, as if they were burning with black and red flames.

"Which powerhouse is this?" Her teacher was knowledgeable and had traveled the world, but he had never seen such an extraordinary person.

"I'm not sure. I suspect... this is the group of people that Knight Hogg mentioned," Denise muttered.

"Humans always like to poke their noses into other people's business." The ghoul nobleman's clothes were suddenly torn, and in the blink of an eye, he turned into a pile of rotten meat monsters that looked like a small mountain.

In fact, he was the strongest existence among them. He was already close to the strength of a Second-Circle Wizard.

"Wizards, let's do it. These two people are something." A buzzing sound came from the rotten meat.

"I don't need you to tell me." The Black Bone Wizard and the Snow White Witch both chanted spells, and more skeletons appeared. Ghosts lingered in the sky, and the aura of ice filled the air.

"I'll deal with these two wizards, you deal with the ghoul," the Black Knight said calmly. He suddenly rushed forward, and a minotaur phantom waved its chain hammer. The Earth was trembling.

Boom!

Skeletons were sent flying by the grass, and ghosts were crushed by the minotaur.

The ice arrow was sent flying by the chain hammer.

At this moment, the two wild wizards realized that something was wrong.

"What... What's going on? Is a knight that strong?"

"If you ask me, who should I ask? Retreat!"

The two of them used their escape lights and prepared to escape. The minotaur's chain hammer turned into a greatsword. Terrifying black flames wrapped around it and transformed into a black sword light that was nearly 40 meters long!

The defensive spells around the two wild wizards were instantly shattered. Under the sword light that split the sky and earth, they were reduced to ashes.

In front of the Blood Knight, a pile of rotten flesh had already been burnt by the blood flames.

The Black Knight and the Blood Knight rushed into the ground of the mansion, accompanied by wails.

Not long after. The world fell silent.

"Well

Denise's teacher was shocked speechless.

As a legendary knight, Denise was no better.

"Is this a knight? Is it really not some kind of wizard?" Denise's teacher asked in confusion.

"Another nest has been destroyed. Recently, the activity of evil beings has become more and more frequent." After easily killing a group of monsters, the Blood Knight did not look too excited.

"That's right. We can't contact the leader either. We don't know how the Wizard World is doing. The war between the dark and righteous wizards is very cruel,' the Black Knight said worriedly.

"With our leader's strength and personality, it shouldn't be a problem for him to survive," the Blood Knight said.

They came to Andrew's side and glanced at Denise. "Divine Light Knight Denise?" The Blood Knight asked.

"Yes, senior, are you a Blood Knight?" "Uh... I was, but I'm Anderson now."

"That's the Black Knight?"

"Mm." The minotaur behind the Black Knight disappeared and said softly.

"I'm your admirer, Denise!" Denise said excitedly.

"We can't stay here for long. Let's go and talk somewhere else," the Blood Knight said.

After cleaning up the battlefield, they brought Denise and her disciple to a stronghold in Storm City.

"I didn't realize the two of you are still alive..." Denise said. "We are just old farts." The Blood Knight mocked himself..
