

Wizard 768

Chapter 768: The Greatest in the World! (6)

The Ancient Secret Techniques should rightfully belong to him. Only by breaking through to Ancient Saint could he possibly reach the realm of the Original Ancient Saint, standing out from the crowd and dominating all other Ancient Saints.

Human nature was greedy and selfish, and it was no different in this case.

"Cyan Scale, I'll be frank. Give me the Ancient Secret Techniques, and I'll ensure your safety. You should know these guys never intended to obtain what you have legally. The Ancient Secret Techniques are not something you can dabble in," the Snake Demon Ancient Saint spoke.

"Heh, how dare you?"

Suddenly, from the crowd, a scream rang out. A figure exploded from the ground, soaring into the sky and reaching directly towards Cyan Scale on the platform.

A fierce wind swept through, causing a sandstorm. Many Lizardmen in the Colosseum were blown away.

This distinctive strength rune caused the expressions of all Ancient Saints to change slightly.

"Skybreaking! Others may fear you, but I don't!" The Snake Demon Ancient Saint soared into the air, shattering stone pillars. The endless earthy strength converged in his right arm, transforming into an exaggerated rock serpent, wildly lunging towards Skybreaking.

"Wind Fury Strike!"

Skybreaking Ancient Saint's wings flapped, unleashing a slashing blow that tore through everything, heading straight for the Snake Demon.

In an instant, chaos ensued in the arena.

Cyan Scale quickly tossed the inheritance diagram to the Snake Demon Ancient Saint. "Snake Demon, I'm entrusting my safety to you!"

Cyan Scale spoke and immediately made his escape.

There was no time to wait any longer. The strength of Skybreaking Ancient Saint was something he couldn't contend with alone. His life was in danger here!

At first, the Snake Demon Ancient Saint was ecstatic, but then he felt something was amiss. He realized he had been played, but giving up at this point was out of the question.

Boom!

The battle of Ancient Saints was earth-shattering. The Colosseum's structures collapsed, and the spectators panicked and fled.

Levi, hidden in the crowd, watched the intense battle.

"Fight, fight. By the way, it seems the first and second ones haven't shown up. It's a bit of a pity. I originally wanted to take care of all of them at once. Well, let's capture these Ancient Saints first and then pay a visit to those two."

Levi remained calm. After the battle with Cyan Scale, he realized he had overestimated these Ancient Saints. With his current strength, he could completely suppress them; it was just a matter of finding the right opportunity.

The majority of the third, fourth, and so on Ancient Saints were in a chaotic battle in the Colosseum, shrouded in darkness, with no light from the sun or moon.

Levi found a good spot to watch the spectacle and set up an array called Shadowless Maze, making himself invisible to the Ancient Saints. With their spiritual force, they couldn't discern Levi's array. He was completely unflustered.

He even took out a bottle of Snow Beer from his storage space, sipping it while enjoying the show.

"Burp... This is the life."

Levi couldn't help but sigh.

Boom!

"Skydomine Slash!"

Skybreaking Ancient Saint's hands formed a sword, and an endless stream of green energy circulated around him, converging into a colossal sword that cleaved through the ground. The Snake Demon was blasted into the ground, and other Ancient Saints scattered in all directions. The entire Colosseum was split in half by the terrifying sword, creating a shocking scene!

"If you force me to reveal my strength, why bother? Can't I continue to keep a low profile?" Skybreaking Ancient Saint muttered.

He put away the breathing technique inheritance diagram and the ancient magic ring.

"You... you."

The Snake Demon Ancient Saint was shaken to the core. Skybreaking Ancient Saint's strength seemed much stronger than before. In their previous battle, he had been only slightly inferior, but now, he was easily defeated without any chance of retaliation. Even if Hellfire Ancient Saint came, he might not be able to surpass the opponent.

Only the first Ancient Saint, Rex, the Tyrannosaurus Ancient Saint, could stand a chance against him.

"You're... too weak. Do you know why that old guy Rex didn't come?" Skybreaking shook his head and laughed, looking down from a high vantage point with ease. "That old guy is on his last legs and is no longer my match. Before I came here, I specifically went to the capital and killed him. While you were all squabbling, you didn't know that the first Ancient Saint had long been me."

After finishing his words, Skybreaking held a lizard skull resembling a tyrannosaurus rex in his hand. The skull shattered into blood mist and broken scales, dispersing in the wind.

"Now, I, Skybreaking, possess the Ancient Secret Techniques and the power to suppress all of you. I'll ask one question: does anyone dare to defy me?"

Skybreaking felt exhilarated and couldn't help but roar toward the sky.

He had been lurking on the northern border for many years, always in the position of the third most powerful. Now, he appeared directly, stunning the world. The feeling was beyond description.

"I do not accept."

As Skybreaking's words fell, flames swept out from the void behind him, creating a sky filled with rosy clouds.

A pair of large hands reached around Skybreaking Ancient Saint's waist from behind.

A colossal, red-colored beast that traversed the sky appeared, and suddenly exerted force!

Crack!

The nearly indestructible flesh of Skybreaking Ancient Saint was almost severed.

Endless green energy burst forth, pushing the large hands away. The momentarily uncontrolled Skybreaking Ancient Saint stared in horror at what was behind him.

A three-headed, six-armed Flame Giant showed no emotion. With a sudden movement, it kicked, and a torrent of energy swept Skybreaking into the ground. Dust and debris filled the air as rocks scattered.

Afterward, the giant descended from the sky, and Skybreaking quickly withdrew.

Boom!

The ground beneath the entire Colosseum began to collapse.

Skybreaking Ancient Saint, who had narrowly escaped death, hadn't had time to rejoice.

From all directions, streaks of light shot straight into the sky. These were array flags.

"Heaven's Net! Suppress!"

Levi was a wizard and wouldn't compete fairly with these guys. He used a third-circle array without hesitation.

Skybreaking, who wanted to escape, was temporarily blocked by the array. At this moment, the Flame Giant had already reached his front.

Relying on his speed surpassing Levi's, Skybreaking dodged and lurked within the array.

"Darting around like a fly, quite annoying."

With a single thought, Levi activated the power of the Five Dragons, Dragon's Might, surging like the tide.

In the moment of Skybreaking's awe, Levi pointed a finger.

Mixed Venom!

A swarm of deadly toxins enveloped Skybreaking, infiltrating his wounds and infecting him.

"Destruction Sword Qi!"

Levi's sword energy severed Skybreaking's wings.

Then, the Great Black Sky Curtain completely suppressed him.

"Who... who are you?" Skybreaking, bewildered, couldn't help but ask. Even Hellfire Ancient Saint wasn't his match, and now there was a powerful member of the Fire Lizard clan who surpassed him.

With a shocked expression, Skybreaking realized something, his mind was in turmoil.

"You... you are the Initial Ancient Saint!"

Levi frowned, then with an imposing aura, he calmly said, "Yes, I am the Initial Ancient Saint. I have come to make the Ancient Saint Empire great again!"

Reviving the glory of the Ancient Saints was an undeniable duty!
