

Wizard 774

Chapter 774: The Witch's Family (1)

Year 1094 of the Holy Brilliance Calendar, Month of Wheatfield.

In the Endless Sea.

Hundred-Eyed Demon Territory.

In the blink of an eye, a week had passed since Levi arrived in the Wizard World.

The side effects of Levi's Scarlet Escape were also gradually fading.

Now, there was finally no problem.

"This side effect is really not minor. After staying in the human world for so long, I wonder how the situation in the Wizard World is now. Let's find a place and gather some information first."

Levi stood up and put away Tyrant II and the array that was protecting him.

Then, he left the sea.

The Flying Shark was flying in the air.

He quickly rushed towards the places in his memories.

In Riptide City.

In a small tavern in the chaotic outer city area.

The strippers were doing a little dance, and the leader of the strippers was a beautiful furry woman with rabbit ears.

"I still remember that when I broke through to the second-circle, I invited a dancer from the fur clan to celebrate with Grimm and Tommen. Time has passed, Tommen and Grimm have already died in the war. The cruelty of the Wizard World is evident."

Levi changed his appearance and sneaked into Riptide City with the Hermit Rune. He then hid his realm as a First-Circle Wizard and wore a gray robe. He went to the tavern outside Riptide City to gather information.

According to the information he had gathered over the past few days, in the current Wizard World, the flames of war had yet to cease.

The war between the dark and righteous wizards had been going on for sixty years.

Black Sun Adam and the Hundred Beast Berserk Witch were both at the peak of the eighth-circle realm. They were only one step away from becoming a ninth-circle Grand Wizard.

In this war between the dark and righteous wizards, the four great wizard organizations of the black wizards, [Black Sun Steeple],[Boiling Beast Blood], [Immersed Ancient Castle], and [City of Unrighteousness], all had eight-circle wizards in charge.

Although the Star Tower was stronger, it would not be able to achieve victory in the short term.

Actually, the Realm of Azure Cloud was still in a good state.

According to the information, some of the small guilds in the Realm of the Unbelievers had completely fallen and become the territory of the dark wizard. A new dark wizard regime had been established there, and the righteous wizards had become stray dogs.

This included the Realm of Ice's School of Ice.

Although the School of Ice had risen to prominence because of the Frost Witch Gullwig, the legendary witch had already left the Wizard World and headed to the faraway Federation of the Five Planes. She was now engaged in a legendary game with the evil god under the command of the Lord of Chaos, Lady Famine.

Apart from the Frost Witch, there was not even a single Grand Wizard in the headquarters of the School of Ice.

This allowed some dark wizards to take advantage of them. Now, the School of Ice was facing a serious crisis.

The Pan-Plane Wizard Council was currently transferring manpower from various major factions to support the righteous wizards of the School of Ice.

Meanwhile, the war in Riptide City had stopped. Other than the demons that were hiding in the mortal world, the dark wizards in Area 6 have been eliminated.

Therefore, many wizards from Riptide City were dispatched to the Realm of Ice to fight on the front lines.

In terms of the Great Expedition, the Myriad Machine Plane had been recovered, and the Legendary Wizard had led their troops back to soothe the internal strife in the Wizard World.

This was one of the few good news in the Wizard World in recent years.

It seemed that the Legendary Wizard was the one who was stronger in the end. The Father of Plagues was no match for him.

"In that case, I wonder if the Tower Master will be able to return... However, the Father of Plagues was only heavily injured and not dead. Killing an evil god is still very difficult. "

Levi thought of the plague that suddenly appeared in the human world and felt that there seemed to be some connection between the two.

After gathering some information, Levi left the city.

His identity was a bit special, and he couldn't stay in Riptide City for long. Otherwise, he would be caught faking his death and be sent to serve in the army.

Half a month later.

Levi arrived at the Yellow Earth Continent.

In Lion King City, Levi saw the Old Golden Lion, Lyon.

In the past few years, the situation on the Yellow Earth Continent has been relatively stable.

After recuperating, the Golden Lion Jostar Family had also become much stronger after annexing the inheritance of the Al Hidd Family.

"Sir Levi, long time no see." Lyon smiled, his face beaming.

He had just mastered his second innate spell and became a third-circle senior wizard. He was in a good mood.

"Sir Lyon, where are Dinos and Emperor Mui?" asked Levi.

"Dinos is in seclusion. It's said that he's going to break through the shackles of the legendary realm. As for Emperor Mu, he left the Yellow Earth Continent a few years ago and went to the inner sea region."

"Which district did Emperor Mu go to?"

"I think it was Area 7..."

"Alright, I understand. Thank you, Sir Lyon."

Levi walked out of Lion King City. He originally wanted to take Emperor Mu and Dinos away, but now it seemed that he could only put this matter on hold for now.

"Emperor Mu actually went to the Inner Circle Area. He's only a second-circle wizard knight. It's not easy for him to survive in the inner sea region. And he went to Area 7, which is the territory of the Thunder Dragon Family." Li Wei pondered, "Everyone has their own destiny. Forget it, let's go and see Ms. Marlene."

Giant Tree Secret Realm.

"Granny Marlene! Levi is back!" Winnie quickly brought Levi to Marlene's treehouse.

Ms. Marlene's aged face looked at Levi, whom she had not seen for a long time.

"I knew it... I knew it was impossible for Levi to be dead." Marlene muttered as she saw the burly figure in her memories.

"Teacher, how did you know I was dead?" Levi didn't know whether to laugh or cry.
