Chapter 792: Strength Breaks All Techniques! (4)

The Rose Witch's eyes were focused. In front of her, a mirror made of huge water currents appeared.

A ray of white light shot out and shot towards the Crimson Netherworld Sparrow.

This was the Rose Witch's innate spell, Flowing Water Shot!

As for Lady Whitewater, she used her second innate spell, Gluttony Flower.

As a terrifying giant man-eating flower took shape, the black bird was enveloped.

Its tragic cries pierced through the clouds and cracked rocks, making one's eardrums feel uncomfortable.

"Levi, get ready!" Rose said.

Slash!

The black bird claw tore apart the Gluttony Flower's defense and was riddled with wounds. However, these wounds were constantly healing. Without the effect of the grand array, the self-healing effect was weaker.

The Crimson Netherworld Sparrow wrapped in black flames rushed towards Levi and the others.

Levi revealed his Fire Dragon True Form and the Death Ember Power wrapped around his body.

Boom!

He rose from the ground and collided with the Crimson Netherworld Sparrow.

In the next moment, the Crimson Netherworld Sparrow was forced back. Levi retreated slightly. His large hand that was wrapped in the Death Ember Power grabbed at the Crimson Netherworld Sparrow.

Endless black flames swept across and drowned Levi.

Although these flames were strange, they were still flames.

To him, who had high fire element resistance, the damage was very low. Moreover, he had the golden scales to protect his body, so Levi was fine after the flames swept past.

This shocked the Rose Witch and Lady Whitewater, and then they were overjoyed.

Levi's strength was stronger than they had imagined. From the looks of it, killing the Crimson Netherworld Sparrow should not be a problem.

Seconds ticked by.

Half a minute later, Lehger Leo was already urging him.

"Come on, I can't hold on much longer."

Levi's Frostmourne slashed out, and Destruction Sword Qi swept out!

The Crimson Netherworld Sparrow was beheaded!

In the next moment, new heads began to appear on the cross-section.

The Death Ember Power wrapped around it and restrained its growth.

Levi took a step forward and stepped the Crimson Nether Sparrow from the sky into the ground!

Rumble!

In the botanical garden, countless birds were startled. The Earth trembled, and the fog parted. It suddenly opened up!

The power of a single kick was so terrifying!

Levi quickly cut the Crimson Nether Sparrow into pieces.

This fellow's shattered body was trembling, as if it wanted to reassemble.

"Death Ember!"

Levi increased the power of the Death Ember. A surging power that was like a tide of ashes wrapped around these bodies like chicken pieces wrapped in bread.

The Great Black Sky Curtain bound the Crimson Netherworld Sparrow. Levi's Five Dragon's Might formed waves of mental attacks that attacked the Crimson Netherworld Sparrow's soul.

The enslavement effect of the Five Dragon's Might was only effective on the Dragon Clan. However, it could also produce a mental attack effect on other existences whose spiritual force was weaker than Levi's.

The Crimson Netherworld Sparrow, which was held down by Levi, wailed. Its spirit gradually dissipated and it was about to turn into ashes.

Levi's Scarlet Dragon Breathing Technique had yet to advance. Otherwise, he could forcefully contract the other party now.

He prepared a third-circle Life-binding Ring that he had prepared long ago. He had deliberately prepared this to capture the Crimson Netherworld Sparrow and had spent nearly 200,000 Aether Stones on it. It could be said that he had invested a lot. Some trashy fourth-circle Wizard Tool might only cost this much.

Levi now had less than 100,000 Aether Stones on him.

However, with the Crimson Netherworld Sparrow's potential and importance, it was still worth it.

With the Contract Wizard Tool taking effect, the Crimson Netherworld Sparrow began to stop struggling. Levi did not let go of the other party. After tying it up with the Great Black Sky Curtain, he placed it in Alice's ring and let the Wind Thunder Winged Dragon Raja and Tyrant II take a good look.

"Now that I've resolved one of my worries, the next step is to think of a way to leave this place."

Levi quickly rested. On the other side, Lehger Leo put away the array. His face was pale. After drinking some expensive-looking potions, his face quickly turned rosy.

"Didn't I ask you to kill it?" Lehger Leo questioned coldly.

"I'm a transcendent biologist. Isn't it the same if I capture the other party alive?"

"What if the other party breaks your contract?"

"Don't worry, it won't happen." Levi's expression didn't change.

Golden lightning flashed in Leo's pupils. Lady Whitewater grabbed his arm and shook her head gently, indicating for him to relax.

"Then you can only take 10% of the medicinal herbs," Lehger Leo said.

"It doesn't matter." Levi shrugged.

Rose walked over and tried to smooth things over. "Levi is a transcendent biologist. Although he's a little stronger than Newt and not to the extent that he can't bear to kill transcendent creatures, he definitely can't bear to kill a transcendent creature with his own hands. Don't worry, he has the ability to suppress it."

"There won't be a next time," Lehger Leo said coldly. Then, he quickly brought Lady Whitewater to the precious medicinal herb garden on the other side of the array.

Rose smiled bitterly. "Let's go too."

Levi looked apologetic. "I'm sorry."

"Sigh, we're all friends. There's no need to do this. I should thank you. If it weren't for you, it would be very difficult for us two witches to deal with the Crimson Netherworld Sparrow in a minute." After Rose finished speaking, she quickly flew towards the herb garden.

As the battle subsided, the scattered fog surged over from all directions. It was cold and gloomy, and it made a comeback.

Levi stepped out and extended his hand into the fog at the same time. He grabbed a chameleon with a beautiful woman's head. The beauty was caught and could not move. She opened her mouth and stuck out her long tongue like a chameleon. Along with her saliva, she shot towards Levi's face.
