Chapter 799: Blood Forged Divine Weapon, Knight's Life! (4)

At the same time, Levi analyzed that it was also because of the Extreme Fire Ancestral Wizard that the Man-Faced Spider had a medium to invade the secret realm.

Otherwise, without any medium and separated by two distant worlds, even an illusion-type ability should not be able to be used.

Even Legendary Wizards and the Seven Gods were not that powerful. The Seven Gods also had to send saints and angels to interfere with the main material plane.

As for Lehger Leo, this unlucky fellow, there was a high chance that he had already been pulled to the Nightmare World.

If he had not arrived in time and broken the white cocoon, Rose and Lady Whitewater might have been pulled into the Nightmare World as well.

"Are the Man-Faced Spiders actually some powerful Nightmare Creatures?"

In terms of appearance and style, the Man-Faced Spider did indeed look like a Nightmare World creature. In fact, among the six-dimensional breathing techniques, Perception-type creatures seemed to be some strange creatures, such as Great Nightmare, Dream Dragon, Cloud Insect...

"My realm is still too low and I fell for the Man-Faced Spider's trick. This thing is similar to what I guessed. I can only rely on illusions and Death Fall to kill it.

"Because the Man-Faced Spider's main body was in the Nightmare World in the mirror, it was not in the secret realm. Therefore, even if I faced it directly, it could not do anything to me.

"Of course, it might also be related to the Heavenly Nightmare Power in my body. The Man-Faced Spider Breathing Technique is only of shallow quality, while the Heavenly Nightmare Technique is far superior to the Man-Faced Spider.

"From the looks of it, the Sky Nightmare might also be a Nightmare Creature, including the Nightmare Lizard and the Dream Dragon... These are all related to Nightmares."

Levi looked at the trembling creature he called the Nightmare Crown Lizard in Alice's ring.

"I still have to continue cultivating the Dream Dragon Breathing Technique. If I want to resist the Nightmare Creatures that might invade the Wizard World, the Perception-type breathing technique might be the key." Levi made up his mind. He did not retreat because of this.

No matter what, he could not give up on the breathing technique. If he ran away because of his fear of nightmares, he would only be toyed with in front of that damned Man-Faced Spider.

If there was a chance, when Levi was strong enough, he would personally visit the Nightmare World and let these mysterious fellows know what true fear and nightmares were!

Not long after Lady Whitewater woke up, the Rose Witch also woke up.

"Are we out yet?" she asked, looking around.

"That's right, Sir Levi saved us." Lady Whitewater hugged her knees and curled up in a corner, her eyes gloomy.

"Where's Lehger Leo?"

"He's missing. According to Levi and my analysis, he might have entered an alternate plane. I have his soul lamp. He's still alive..." A small lamp appeared in Lady Whitewater's hand.

The candle flame inside was burning quietly.

"This is troublesome. The last time we entered the secret realm, it was not this terrifying. If I had known earlier, I would not have come." Rose touched her body. Her storage bags were still there.

"What should we do next?" Rose looked at Lady Whitewater.

"I don't know. I think I should tell Lehger Leo's father about this. His father is a Fifth-Circle Wizard. There might be a way to resolve it..." Lady Whitewater said, feeling uncertain.

"That way, you might die," Rose said. "With Lehger Leo's cautious and suspicious personality, he would not tell anyone, including his father, that he would explore the secret realm.

"Now, you are saying that you went to explore the secret realm with Lehger Leo. You came out alive, and Lehger Leo went missing. What would his father think? Even if he knew the truth, that you are innocent and that Lehger Leo was brought to the alternate plane by a monster, how likely do you think that he would not blame you at all?

"Actually, I didn't agree with you being with Lehger Leo at first. You think it's a good thing to marry into a big family.

"In my opinion, this is also a restriction. You should know your place. The Letney Family doesn't fancy you, but your master behind you, a young and promising primordial soul wizard. To them, you're just a tool for marriage."

Lady Whitewater felt that what she said made sense. She said in a low voice, "Lehger Leo is missing. It's fine for a short period of time, but as time passes, the Letney Family will definitely discover it."

"It's wartime now. It's normal to go out and be robbed by dark wizards and disappear or die... You don't have to go back to the Letney Family either. Find a place to hide and wait for Master to come back from her plane trip," Rose said.

Levi listened to the two women's conversation and wiped his Frostmourne. There might be two disciples of the Letney Family who had entered the secret realm.

The first one had been dead for some time. He must have gone crazy from the torture of the illusion and committed suicide in the tree hole. Until now, the Letney Family had not found his corpse.

He felt that Lehger Leo would not be able to return.

In any case, Levi had gained a lot this time. It was not a loss.

"Sir Levi, let's sign a contract. No one should tell anyone about this secret realm. This might be better for us," Rose said.

"That's fine with me," Levi said.

Lady Whitewater also nodded.

The three of them signed a confidentiality contract.

Rose said to Lady Whitewater, "Find a place to hide. Don't enter that secret realm again. Let it be buried deep at the bottom of the sea. When Master comes back, we will tell her about this matter. She seems to have done some research on that Nightmare World."
