Chapter 811: Crimson Dragon Slays the Heavens! (4)

It was not bad to kill a few dark wizards to get some money.

With this thought in mind, Levi flew towards the lair of the Blood Flame Demon Wizard.

Area 6 of the outer sea region.

A red island on the sea.

There were several active volcanoes on the island. The island's underground contained rich underground fire power, and the fire elemental power was also relatively rich.

This was the Red Robe Association's base. On the coast, a red wizard tower stood there, merging with the Earth.

From time to time, wizards in red robes would come in and out.

At the top of the wizard tower, a Fourth-Circle Wizard emitting a powerful aura was listening to his subordinate's report.

He was the Blood Flame Demon Wizard, ranked 23rd on the Dark List in the outer sea region. In Area 6, he was considered a notorious fiend. Ordinary people did not dare to provoke him.

Suddenly, the two tokens hanging on the Blood Flame Demon Wizard's waist shattered and scattered on the ground.

"What's going on? Rick and Bodo... are dead?" The Blood Flame Demon Wizard's expression changed. He clearly couldn't believe that his two capable third-circle subordinates would die at the same time.

"Could it be that they provoked some powerful enemies?" The Blood Flame Demon Wizard was also a black wizard who had fought from the bottom.

At this moment, he did not panic. Instead, he analyzed calmly.

"To be able to kill two Third-Circle Wizards at the same time, he shouldn't be weaker than me. He might even be stronger than me. He may be a powerful enforcer on the righteous wizard's side..."

Thinking of this, he immediately returned to the wizard tower and packed up his things.

"Everyone, prepare to leave this place. Our location might have been exposed," the Blood Flame Demon Wizard ordered.

In an instant, the Red Robe Association took action.

"Lord, the wizards led by Rick and Bodo... are all dead," a Third-Circle Wizard said fearfully.

This was the first time such a thing had happened since the establishment of the Red Robe Association.

"I already know. The enemy's strength is extraordinary. Let's lie low for the time being," the Blood Flame Demon Wizard said.

In addition to him, there were also two Third-Circle Wizards, more than ten Second-Circle Wizards, dozens of First-Circle Wizards, and hundreds of apprentices.

These forces could make a comeback in any region of the outer sea region, there was no need to fight to the death here.

"Alright, I'll arrange it immediately."

Soon, the Red Robe Association took the Blood Flame Demon Wizard's airship and left this place.

Before he left, the Blood Flame Demon Wizard used a spell to activate the power of the underground fire under the active volcano.

Then, with the eruption of the volcano, magma and ash engulfed the island.

"Boss, aren't we worrying too much? How many people in the outer sea region are your match?"

In the airship, a Third-Circle Wizard asked carefully.

The Blood Flame Demon Wizard sneered. "What do you know? In our line of work, if we're not careful, we'll die without a burial place sooner or later. The enemy can kill two Third-Circle Wizards at the same time. With such strength, he's probably in the top ten of the Dark List. It's really not wise to fight him head-on."

Every one of the top ten on the Dark List had their own strengths. Basically, they were all fourth-circle senior wizards. Although he was ranked 23rd, he knew that the gap between him and the top ten was not small.

When Levi arrived at his base based on the clues obtained from the red-robed wizards he killed, the people from the Red Robe Association had already left.

He landed on the island and activated his Intuition. A smile appeared on his lips. "Interesting. They actually retreated."

When Dinos saw this scene, he asked, "Commander, are we still going to chase after them? How are we going to find them in this vast sea?"

Levi's snake tongue moved, capturing any remaining aura on the island.

"They just evacuated not long ago. You enter my transcendent creature space. I'm going to do my best next," Levi said.

"Yes, commander."

As a crack appeared, Alice's ring sucked Dinos into it.

This was the first time Dinos had entered someone else's transcendent creature space. He was stunned the moment he entered.

What he saw was all kinds of transcendent creatures galloping in the wilderness. In the sky, the Wind Thunder Winged Dragon and a huge black bird soared in the sky. In the lake, there were also creatures with powerful auras.

"These are all our commander's pets?" Dinos was shocked. He couldn't even defeat his commander's pets...

In the outside world.

Levi had already followed the direction where the scent had disappeared and was chasing after it.

He planned to spend a few days looking for it. It would be best if he could find it, but if he couldn't, he would give up.

On the boundless sea.

The Blood Flame Demon Wizard's wizard airship slowly advanced.

"This time, I'll find a remote sea area to hide for a period of time. After the storm passes, I'll return to Area 6." He pondered.

At this moment.

In the sky in front of the wizard airship, flames suddenly rushed out of the white clouds. The white clouds turned into burning clouds, and the sky was filled with red clouds!

"What's that?"

Inside the wizard airship, an apprentice wizard looked puzzled.

The next moment, the clouds dispersed.

In the sky, a majestic figure that was 100 feet tall and held a black greatsword appeared!

Endless grayish-white air currents wrapped around the sword, and the power of flames rose on the surface!

Behind this majestic figure, there was also the phantom of a golden-armored god with three heads and six arms.

The phantom wore gilded scale armor that shone brightly under the sunlight. He wore a scarlet cloak that fluttered in the sky. On one of his arms was an exaggerated black greatsword engraved with a dragon pattern!
