Chapter 812: Crimson Dragon Slays the Heavens! (5)

The moment the giant swung his sword, the sky in front of the apprentice, including the wizard airship, turned black without warning.

In the dark night, the aura of the Flame Demon was even more terrifying!

Immediately after, the apprentice heard the furious roar of the Blood Flame Demon Lord and the explosion of the wizard airship.

Then, he lost consciousness.

He died in the aftermath.

Boom!

The wizard airship shattered, and figures wrapped in protective force fields flew out.

The leader was naturally the Blood Flame Demon Wizard.

He looked at the insufferably arrogant Flame Demon Giant and his heart trembled.

He knew that this must be the powerhouse who killed his two Third-Circle Wizard subordinates.

"Why are you so stubborn? You've already killed so many of my subordinates. We're even now." The Blood Flame Demon Wizard waved his hand, and boundless blood-colored flames formed a shield that protected him.

The third-circle innate spell, Blood Flame Barrier!

Boom!

The greatsword collided with the shield.

As the shockwave swept through,

The shield shattered, but the greatsword continued to slash down!

"Damn it..."

The Blood Flame Demon Wizard quickly used a spell to dodge the fatal blow.

However, several of the other Second-Circle Wizards in the organization died.

The power of a single sword strike was terrifying.

"You forced me to do this!" Seeing that he was unable to communicate with the person, the Blood Flame Demon Wizard smiled sinisterly and used his fourth-circle innate spell.

The blood in his body seemed to be boiling. He clasped his hands together and slapped out.

Blood-colored flames gathered in front of him and formed a huge palm that blotted out the sky.

Fourth-circle innate spell, Blood Demon Flame Palm!

This was a spell that the Blood Flame Demon Wizard had made famous for. With a single palm strike, mountains collapsed and the ground cracked, and everything was incinerated!

Levi felt the terrifying energy coming from the surface.

"I should have 60 Cas by now. With my current defense, I can't take it head-on. However, I can cut it open!

"Crimson Dragon Destruction Slash!"

To ensure that nothing went wrong, Levi had already activated the three forms of the Giant Dragon Warrior, Nightmare Walker, and Bloodline Dharma Body!

With the addition of the Destruction Sword Qi, its attack power had long exceeded 100 Cas!

An unstoppable and indomitable sword strike!

The grayish-white sword qi that was wrapped in flames slashed open the high-temperature Blood Demon Flame Palm!

The blood-red palm split into two in front of Levi.

The remaining high-temperature energy roasted Levi's body, but Levi was fearless.

Seizing this opportunity, he wanted to see if his defense could withstand the attack of the fourth-circle Burning Faction spell.

If possible, he would find an opportunity to deal with the Black-Eyed Crow in the future!

The battle between the two experts really changed the color of the world.

"Idiot, how can a fourth-circle spell be resisted with one's body? I wonder where this body-refining wizard came from. It seems that I've overestimated him. He only has brute force..." The Blood Flame Demon Wizard was overjoyed.

At the same time, he struck out with a new palm!

However, in the next moment, a sharp figure cut through his attack again and quickly arrived in front of him.

The Blood Flame Demon Wizard's protective force field lit up, and incomparably thick blood-colored demonic flames rotated around his body.

Fourth-circle defensive spell, Blood Fire Entanglement!

Splat!

The black sword was blocked by the protective force field for a moment.

Before the Blood Flame Demon Wizard could rejoice...

The protective force field shattered the next moment.

The moment the Crimson Dragon Slash pierced through his chest, the Blood Flame Demon Wizard turned into a ball of blood-colored flames that gathered and dissipated.

The third-circle innate spell, Blood Flame Body!

The Blood Flame Demon Wizard condensed his figure in the distance. It was the Blood Flame Demon Wizard who still had a lingering fear.

He realized that... he was no match for that person at all. The other party practically ignored his attack. His defensive field was also mercilessly shattered.

He immediately used a spell to transform into a blood flame and escape.

The next moment, these blood flames plunged into Levi's third-circle Heavenly Net Array.

The array flickered and resisted for a moment before it was forcefully broken by the Blood Flame Demon.

At this moment, a large ball of blood fog had already enveloped the blood flames.

Accompanied by a sizzling sound, the two sides fought in an almost elementalized form.

In the end, the Blood Flame Demon Wizard's body condensed into form. The duration of his elementalization spell was limited and could not be compared to Levi's blood fog form.

"Don't kill me, I can give you money." The Blood Flame Demon Wizard was shocked.

He was supposed to be a robber. Why was he the one being robbed now?

What answered him was the relentless Destruction Sword Qi.

"If you die, your money will be mine." Levi was amused.

In his extreme unwillingness, the Blood Flame Demon Wizard left peacefully.

His soul had been devoured by Leon. This strange insect would starve to death if it didn't eat for a minute.

His body turned into a shiny gold coin under Levi's Ashen Eye.

On the gold coin, the Death Ember Dragon tore through the sky and dominated everything!

"The Legendary Golden Coin of Life. I wonder if this thing can help Owens breakthrough?"

Levi put away the gold coin and looked at the other wizards who had fled.

With a thought, the black asphalt-like Toxic Swarm emerged from his body and turned into a black Demon. It chased after one of the Third-Circle Wizards, while the strange insect Leon went after the other.

The Wind Thunder Winged Dragon, the Crimson Netherworld Sparrow, and the other flying transcendent creatures also began to kill these surviving low-level wizards.

Levi picked up the storage bags and waited for the battle to end.

The next day.

After a night of slaughter, the Red Robe Association was completely wiped out.

Levi rode the wizard airship again and flew towards the Hundred-Eyed Demon Territory.
