Chapter 842: Nightmare Dragon! (4)

Led by the fat nobleman, Levi went all the way to the backstage of the tavern.

In an ordinary-looking makeup room, a beautiful noblewoman was combing her hair in front of the mirror.

She was wearing an aristocratic dress that was as hot as fire. There were hand-embroidered roses on it, making her look gorgeous.

Levi used Perception and realized that the other party should be an ordinary person. There was nothing special about her.

"Please wait a moment, Your Excellency." The noblewoman raised her corset in front of the mirror and propped up her breasts, revealing an enchanting sight.

Levi was deep in thought. He stood there and waited quietly.

"You're a wizard, right..." The noblewoman smiled like a flower and looked straight at Levi.

"Interesting, how could you tell? You're just an ordinary person," Levi said.

Upon hearing that, the noblewoman burst out laughing. "Sir, do you really think that ordinary people can become the masters of so many Shining Taverns?"

The noblewoman smiled and said, "When I was in charge of this tavern, even Hundred Flowers wasn't born yet..."

Hearing this, Levi's heart changed slightly. "You're a wizard?"

The noblewoman released a trace of spiritual force fluctuation. After sensing this vast spiritual force, Levi was shocked.

The person in front of him should be at least a Fifth-Circle Wizard...

Levi had also come into contact with Fourth-Circle Wizards before, and Levi felt that he was far inferior to this one.

The boss of Shining Tavern was actually a Fifth-Circle Wizard...

No wonder she could stand tall in the human world for so long.

"Senior, please forgive me. I'm too weak to tell that you're a wizard," Levi said.

In front of a Fifth-Circle Wizard, he should show some respect.

Although from Danger Perception, this person had no ill intentions towards him.

"It's not your fault. The elemental power in the human world is thin. Most of the time, I use a secret technique to seal the cultivation of a wizard to prevent it from decreasing. As time passes, I feel like an ordinary person," she said.

Levi thought to himself that he was indeed inexperienced. There was such a secret technique in the Wizard World.

From the looks of it, there were probably many wizards hiding in the human world.

These old things were all hiding in the city and watching the changes in the world from an outsider's perspective.

He remembered that the "Madam Ghost" who appeared in the Gaia Kingdom some time ago should also be a powerful wizard.

With the sharpness of wizards, they had probably long sensed that the convergence of the Heavenly Spheres and the Dark Wave Revival were about to happen. Perhaps some wizard organizations had already secretly started plotting in the human world.

It was just that he was too weak previously and could not come into contact with the world of these big shots.

"You don't have to worry. I don't have any ill intentions. It's just that I passed by this Shining Tavern today and realized that you're a little special, so I specially called you over for a chat," the noblewoman said with a smile.

"I'm just a wild wizard forced to stay in the human world because of the war... What's so special about me?" Levi smiled bitterly.

"Because you're not only a wizard, you're also a legendary knight... I've been running the Shining Tavern for 500 years. Other than the lionheart knight who's been around for a long time, I've seen a golden knight among the Seven Shining Knights. I've also come into contact with the Thousand Faced Knight, but I don't like him. I even personally sent the Flower Knight to the Wizard World and witnessed her as a little girl rise like a comet and become a primordial soul wizard..."

The noblewoman drank her wine and casually told stories that were enough to be a legend to outsiders.

Levi could understand her state of mind. He was only a hundred years old, but he had witnessed so many changes in the human world, let alone an old monster who was five hundred years old.

"After saying so much, I still don't know your name..." Levi asked.

"Me? In the human world, my employees like to call me Lady Rosa. In the Wizard World, I'm Rosa Witch..."

"Rosa Witch... If I remember correctly, this is one of the 24 Flowers under the Flower Witch, right?"

"That's right. I'm considered the guide of the Flower Knight. After she reached the primordial soul realm, I took the initiative to join the 24 Flowers. I've been running this Shining Tavern. It's interesting to witness the rise and fall of the family and the destruction of the dynasty in the human world," said the rose witch.

"Speaking of which, I've met the Whitewater Witch, the Violet Witch, and the Rose Witch once. Our relationship is quite good. Now that I've met you too, it's wonderful," Levi said with a smile.

"Whitewater died some time ago. I have her soul token here. It's broken..." The rose witch took out a token engraved with the image of White Narcissus and said in a low voice.

Levi's expression changed as he asked, "Senior, do you know the reason?"

He already had an answer in his heart. There was a high chance that it had something to do with the Nightmare World.

"I'm not sure either. I've been in the human world for a long time. Coupled with the effects of the war, the passage was closed, and my connection with the other witches was cut off," said the Rosa Witch.

"Senior, you didn't look for me just to chat, right?" Levi asked.

"I want to know your legendary name. I've heard of all the new legends in the world, but I know nothing about you. That's why I'm curious," said the Rosa Witch.
