

Wizard 849

Chapter 849: Emperor's Wrath! (4)

On the other hand, although Levi was also riddled with injuries, he would always recover soon after. This terrifying self-healing ability and endurance made Barzan feel that something was wrong.

"Forget it. I'll retreat first. When I recover from my injuries and reach my peak condition, I'll go and settle the score with this kid." Barzan planned to retreat.

However, he realized that a Demon dweller as black as ink had already pounced on him from behind. It was extremely ferocious.

It was Levi's Maximum level 7 [Mixed Venom True Form], which was comparable to a peak third-circle body-refining wizard. This clone formed by the poison was also quite powerful.

"This... This seems to be the Black Water Witch's Mixed Venom True Form. You killed the Black Water Witch?"

As a body-refining wizard, Barzan had a little understanding of the Black Water Witch's Mixed Venom True Form.

"Die!"

Levi completely ignored him and used all kinds of vicious methods.

Suddenly, darkness enveloped Barzan.

Nightfall, nightmares!

The terrifying dragon roar shook Barzan's mind. In this dark night created by the Nightmare Dragon, the nightmare and fear in the depths of his heart seemed to be triggered. He felt that the terrifying Levi was everywhere.

Fortunately, he was a fourth-circle wizard, and his mental strength was strong. He was able to escape from the illusion in an instant.

However, Levi, who was wielding the Crimson Dragon Slash, had already slashed over!

Boom!

In front of Barzan, a shield-shaped magic tool was released.

Bang!

Cracks actually appeared... on the third-circle wizard tool.

"This..." Barzan was scared out of his wits. Even he would find it difficult to break a third-circle magic weapon.

This meant that that brat's attack just now could heavily injure or even kill him.

"Retreat!"

He was a body-refining wizard and rarely used any Wizard Tools. He only had one third-circle tool, and it was broken. It was simply a double loss.

"It's too late to leave now. Where's your imposing manner of bullying the weak?" Levi sneered and attacked Barzan together with the Mixed Venom True Form.

The Mixed Venom True Form began to pour into Barzan's wound, infusing it.

Under the Luminant Gold skin, there was a black asphalt substance permeating it.

Barzan used his powerful physique to resist and charged out of the night.

"Stop, there's no point in us continuing to fight. No one can kill each other..." Before Barzan could finish speaking, Levi attacked with his sword again, causing Barzan to retreat.

"Barzan, stop! You want to be a dark wizard, don't you?" At this moment, Rosa Witch suddenly appeared.

Barzan was overjoyed and quickly said, "Senior Rose, I was just excited to see the prey. I sparred with the little fellow, and I kept giving in to him. I didn't expect him to be so angry. Sigh."

Levi remained silent, his expression firm as he swung his sword at Barzan.

Of course, it was blocked by Rosa Witch.

"Levi, stop. There's a power supporting Barzan... You're just a wild wizard. Even if you kill him, you won't be able to stop the power behind him. Otherwise, I wouldn't have stopped you," said Rosa Witch.

Then, she looked at Barzan and said coldly, "Compensate Levi with some sincerity and sign a contract. You are not allowed to find trouble with him again, and you are not allowed to use the power behind you. Don't think that I don't know the truth. Orlov has already told me. Otherwise, why would I have returned? I invited Levi, and he is also a good friend of my sisters and the Flower Witch. If you really kill him, how can I face my sisters?"

Barzan's expression was unsightly as he cursed that meddling old man Orlov in his heart. He would kill him one day and destroy his array of inheritance.

However, the situation was stronger than the person. He knew that he could not fool them, so he smiled and said, "Alright, I'll give you 50,000 Aether Stones. Are you satisfied? You're a third-circle wild wizard. 50,000 Aether Stones as compensation is enough for you to use for a long time."

Levi resisted the urge to throw the hundreds of thousands of Aether Stones in his storage bag at his face. He calmed himself down and took a deep breath. He put away the Crimson Dragon Slash and slowly said, "100,000."

"100,000 then. You're a fourth-circle wizard. You can't bear to spend 100,000 Aether Stones?" Rosa Witch looked at Barzan with a cold expression.

Barzan was also suppressing his anger. He had been cultivating in seclusion in the human world for so long, and because of the war, he could not return to the Wizard World. He did not have many Aether Stones on him. One hundred thousand was almost half of his entire fortune.

The problem was that he still needed to use the Aether Stones to maintain the operation of the Elemental Convergence Circle for his own cultivation. After the war was over, he would return to the Wizard World.

"Looks like Sir Barzan really can't take out 100,000 Aether Stones... How about 80,000? I won't force you. I didn't expect a dignified fourth-circle wizard to be so down and out." Levi shook his head and said in a murderous tone.

"This is the way things work. Barzan, I am truly disappointed in you." Rosa Witch looked at Levi, who had taken the initiative to lower the compensation for Balzun, with appreciation. How magnanimous of Levi.

"Come, sign the agreement." Barzan calmed down and signed the compensation agreement drafted by Rosa Witch.

Levi looked at the contents of the agreement. One of the terms that bound him was that Levi could no longer take revenge on Barzan, but it did not mention the power behind him.

Perhaps it was because he was a wild wizard, so Rosa Witch assumed that Levi had no power... On Barzan's side, he did not refute this clause because there was a clause stating that if Levi took revenge on Barzan again, he could retaliate.
