Chapter 850: Emperor's Wrath! (5)

Levi thought for a moment and signed it.

After signing the agreement, under Rosa Witch's witness, Barzan handed Levi a storage bag that contained exactly 80,000 Aether Stones.

Levi accepted it happily. He then ignored Barzan's deep hostility and revealed a warm smile. "I've heard of a saying before. It's called 'when we meet, we can forget all grudges with a smile'. Senior Barzan, we're even now. Don't find trouble with this junior anymore."

Seeing this mocking smile, Barzan almost died from anger. However, he still smiled and replied, "No, I originally wanted to spar with you. Orlov misunderstood me. It's all that damn bird's fault. My strength isn't even half of what it was at my peak."

Seeing Levi's fearless smile, Barzan felt that this kid seemed to have known from the start that he was going to deal with him... Strange.

With the matter settled, Barzan snorted coldly and flew away without looking back. It could be said that he had thrown away his helmet and armor.

Rosa Witch looked at the obviously indignant Barzan as he left and could not help but smile bitterly. She said, "I'm really sorry. I didn't expect Barzan to be such a person... This war between the dark and righteous wizards has caused many people to abandon law and order."

"It's fine. Thank you for helping me out, Senior. I am extremely grateful," said Levi.

"You little fellow, you really know how to hide. You were able to endure Barzan's attack for so long and even made him suffer. Why didn't you say so earlier..." Rosa Witch sighed.

This kid, as a legendary knight... However, he did not have a legendary title and had strength close to the fourth-circle realm. However, he was very low profile in the human world, which really surprised Rosa Witch.

"I only have an explosive secret technique. If Senior hadn't come, I would have been exposed." After Levi finished speaking, he suddenly spat out a large mouthful of blood. His face was pale as he said weakly, "I'm sorry. The secret technique backfired on me... Senior, wait for me to take some healing medicine."

"Alright, since the matter has been resolved, let's go. The Mortal Barrier has been broken, and the human world will be even more turbulent. If you don't have a good place to protect yourself, you can look for me. We can help each other and overcome the difficulties together."

"Senior? What is the Mortal Barrier?" Levi asked after his expression recovered a little.

Then, Rosa Witch told Levi about the Mortal Barrier.

"This is indeed troublesome. If I can't hold on any longer, I'll go and seek refuge with you, Senior. I hope Senior will take me in," said Levi.

Rosa Witch puffed out her rich and generous chest. She smiled and said, "I love raising little guys. It's fun to watch you monsters become stronger."

Levi's face turned red as he looked at the fifth-circle witch. He did not dare to stare at her.

"Oh right, Senior, you said that there is a power behind Wizard Barzan. What is it exactly? Is it convenient for you to tell me?" asked Levi.

"You've heard of [Madam Ghost], right? The School of Death wizard who caused the Holy Mother of the Church of Earth to return empty-handed."

"I've heard of it."

"Madam Ghost is a high-ranking member of the [Spirit Catcher Steeple] of the School of Death. She should be a fifth-circle wizard. She was sent by the Spirit Catcher Steeple to the human world to take charge of the overall situation. As for Barzan, although he grew up in the Endless Sea, his mother is a fifth-circle wizard of the Spirit Catcher Steeple. He has a good relationship with Madam Ghost. You also know that the wizards of the School of Death are quite difficult to deal with. The crime rate of the dark wizards is ranked in the top three among the major sects... If you kill Barzan, they definitely won't let this matter rest. When the time comes, will you be able to withstand the troubles Madam Ghost will cause for you?" Rosa Witch said earnestly.

The moment Levi heard her explanation, he quickly thanked her, "Thank you Senior. I understand."

On the way, Levi bid farewell to Rosa Witch. Rosa Witch left in a hurry, leaving Levi behind.

The Mixed Venom True Form emerged from Levi's body and stood in front of him.

"The human world is only so big... With the mixed Venom True Form and the residual Mixed Venom in Barzan's body, I'll let you hide for a few days."

Levi did not return to the Dusk Holy Temple.

He had arrived at the Ancient Saint plane.

Ancient Saint plane.

It could be said that there was a positive momentum now.

The high and mighty Senior State Assembly managed this place, while the Crimson Dragon Emperor's four Dragon Kings monitored everything.

On this day.

In the center of the Ancient Dragon Continent, in a huge stone hall that was classified as a forbidden area.

On the lofty Inferno Throne, the Crimson Dragon Emperor opened his eyes. He stood up, and the Ancient Dragon's Might swept across.

Not long after, Golden Feathers King flew in and knelt in front of the Emperor.

"Emperor, you're awake?"

"Yes, I can sense the hostility from the Alien Demons. Inform King Yi, King Cang, and the twenty Ancient Saints of the Senior State Assembly to gather in front of the throne." Levi said in a low voice.

Golden Feathers King was overjoyed. It seemed like there was a mission.

He immediately flew out, then, Feathered People Messenger that belonged to the emperor brought the emperor's orders and flew towards the Senior State Assembly and the other kings.

Senior State Assembly.

The Ancient Saints were in the middle of discussing political affairs when a messenger of the Emperor in blazing armor suddenly descended from the sky.

"This... This is the Emperor's personal messenger. The Emperor has woken up from his Inferno Throne."

In the Southern Sea.

King Cang was messing with a Lizardwoman under his command again. A bunch of female lizards cried out. Suddenly, a messenger came to the surface of the sea, and his voice was like thunder.

"Where is King Cang? The emperor's decree!"
