Chapter 878: Dark Ancient Tower! (5)

"Since this key is beginning to appear, does it mean that the Dark Ancient Tower is about to appear?"

"That should be the case. Those giant factions have specialized people who record the time and place of the appearance of the dark ancient tower. They can accurately calculate the next time the dark ancient tower appears and the location of the key in history. They can make preparations in advance. This way, they can seize more resources from it and become as strong as a snowball." Jacob sighed.

Then, he looked at Garcia and said with a sincere expression, "This time, the Dark Ancient Tower will appear within 100 years... Sir Garcia, to be honest, I joined the wizard academy to cooperate with you and collude with the treasures in the Dark Ancient Tower. This time, let's work together to... defeat those big families who look down on nomadic wizards!"

Holy Brilliance Calendar Year 1117, the first day of the Month of Beginning.

The 15th round table meeting of the Knights of Dusk.

127-year-old Levi sat and listened to the team's report.

"Commander, everything is fine in the Dusk Holy Temple. However, a mysterious expert suddenly came to me some time ago and asked me where you went. I said that you were in the Wizard World and they left," the Blood Knight said with a bitter smile.

"Who is it?" Levi asked.

"A woman and a man. The woman's name is Estella, and the man's name is... Dragon. I asked Knight Hogg and found out that both of them are saints of the Church."

"What do they want with me?"

"Didn't say."

Levi listened to the Blood Knight's report and fell into deep thought.

He remembered that Estella had looked for him previously and said that she wanted to cooperate.

However, Levi was worried about asking a tiger for its skin, so he hid in the Wizard World and did not return.

Now that they had come looking for him again, he was a little worried.

He did not want to interact with the Church, but since these two had already discovered his existence, it seemed that he had to find an opportunity to meet them in the future.

"Commander, do we need to move the Dusk Holy Temple?" The Blood Knight asked.

"There's no need for that for the time being. It's a blessing, not a curse. If it's a curse, it can't be avoided. Those two saints shouldn't have any strong hostility. Perhaps they want to seek cooperation," Levi said.

"Commander, I heard from my brother that the Church of Holy Light seems to be making some moves now. They've started to organize people to explore the Forsaken Land of the God with the Church of Earth.

It was said that in the Forsaken Land of the God, there were many precious resources left behind from ancient times. The Meteorite Iron minerals there were also relatively rich. From time to time, treasures from the Land of Darkness would fall to the Earth.

"The Seven Churches and many forces are already seizing the initiative... Should our Knights participate?" The Divine Light Knight was eager to try.

"Not for the time being. Let them explore first. That place is filled with danger. With the current strength of the Knights, it's not enough to explore," Levi said.

He remembered the strong sense of danger coming from the Forsaken Land of the God.

"Commander, I have a question regarding cultivation... I want to ask you." The Silver Dragon Knight raised his hand and said.

"Ask away."

Levi answered some of Kelvin's cultivation questions and enlightened him.

"Emperor Mu, what's the situation on your side?" Levi asked.

"Commander, the Goddess Knight and I were chased by dark wizards some time ago. We're now hiding in the ice cave under Bell Lake. We're safe now... However, I found something strange in this ice cave."

As Emperor Mu spoke, he raised a small black pagoda projection.

This small pagoda had ten floors. The top was severely worn, and there was a thick layer of ice on the surface. Under the ice, it emitted light.

"Is this thing unable to be stored in the storage space?" Levi's expression changed slightly as he asked.

"Yes, commander. How did you know?" Emperor Mu was shocked.

"Emperor Mu, I suggest you stay away from this thing. It might bring you danger," Levi said with a serious expression.

"Alright, commander. I understand." Emperor Mu heard Levi's serious tone and knew that this wasn't child's play. He immediately went offline.

Realm of Ice.

At the bottom of Bell Lake.

Emperor Mu's consciousness woke up from the castle.

He woke up the Goddess Knight who was sleeping soundly on his chest.

The Goddess Knight's face was still flushed. It was as if the earth that had been dry for a long time was nourished by the fierce spring rain.

"What is it, darling?"

"Let's go. It's dangerous here."

The Goddess Knight's eyes were blurry as she stood up immediately. She believed in Emperor Mu.

Soon, Emperor Mu left the ice cave with the Goddess Knight.

The next day, a powerful aura descended from the sky above Bell Lake.

This person was wearing a gorgeous white robe as he strolled in the snow.

"That key should have landed here. Unfortunately, my perception can't detect it. I can't determine its exact location, but it doesn't matter..."

The man snapped his fingers. Behind him, a single-horned Pegasus appeared out of nowhere. It was covered in frost and had wings on its back.

Within a radius of hundreds of miles, the snow that filled the sky turned into a blizzard because of its appearance.

The Pegasus was not an ordinary creature. Its entire body seemed to be made of pure ice elements.

This was an Ice Elemental Spirit, and it was an ice element overlord comparable to a seven-circle primordial soul wizard.

It was once the Guardian of the Winter Tower.

But now, it was enslaved by the traitor who betrayed the congress and joined the dark wizards.

"Crush this place!"

He gave the order softly.

Then, the Pegasus stepped into the air.

The ten thousand feet of ice that had not melted for ten thousand years below Bell Lake turned into powder, revealing the ice cave below.
