

## **Wizard 880**

Chapter 880: Dual Cultivation of Body and Magic! (1)

Witch's Family, Magic Potion Cabin.

Madam Triss sat in front of Levi, her long and fair legs casually crossed under her nightgown.

Seeing that Levi was silent, she thought for a moment and said, "After this mission is completed, I can fight for a spot for you in the future exploration of the Dark Ancient Tower from the organization. I'm sure you've heard about the Dark Ancient Tower, right?"

"What is the Dark Ancient Tower?" Levi asked with a puzzled expression.

His intuition told him that this thing was definitely related to the small pagoda that had appeared some time ago.

"It seems that the other organizations have done a good job of keeping secrets. I haven't come into contact with a wizard like you."

"You can keep the rest to yourself. Don't tell anyone else. Only the primordial soul witch and some core members of the Witch's Family are qualified to know about this."

"Generally speaking, an external wizard like you is not qualified to know... But who asked you to be so extraordinary?"

Triss stared straight at Levi. Levi coughed and said, "Ma'am, I will definitely keep it a secret. I can sign a confidentiality agreement!"

"There's no need for a confidentiality agreement. I believe in you. Moreover, with your strength, it won't be long before you come into contact with this news. It's just a matter of time."

Triss's chest heaved up and down. She changed her position and placed both her legs on the sofa. She lay on her side and said, "The Dark Ancient Tower, or the Chaos Ancient Tower. It's not clear who built this tower. Some say it's the gods, some say it's a powerful ruler of the multiplanes, and some say it's... Sauron."

"In short, this pagoda would open once every ten thousand years. There were countless benefits inside. As long as one could enter and come out alive... Basically, they could gain a lot."

"The Dark Ancient Tower was also known as [one of the ten wonders of the Land of Darkness that had been explored] by some wizard who had traveled in the Land of Darkness."

"According to the notes of our Witch's Tower's predecessors, when they first saw the Dark Ancient Tower, even primordial soul wizards were shocked."

"The ancient tower was 10,000 feet tall, and there were layers and worlds inside. It didn't seem like it could be built by human power at all."

"If you have the chance to enter the Dark Ancient Tower, with your scheming and ability, you should be able to return with bountiful rewards as long as you don't take the initiative to fight with those powerful wizards for big opportunities. At that time, the Witch's Family will give you corresponding rewards according to the resources you obtain."

Triss looked at Levi with a charming smile, exuding the charm of a mature woman who was a few hundred years old.

When Levi heard this, he was also shocked.

The Dark Ancient Tower was something that completely exceeded his understanding.

"Chaos Ancient Tower... I feel that it should be related to the Chaos Ancient Serpent. It can be confirmed that the Dark Ancient Tower is a treasure refined by Sauron from the remains of the Chaos Ancient Serpent!"

"Madam Triss, does the key to the Dark Ancient Tower look like a small tower? A total of ten levels?" Levi asked.

Triss immediately turned from a lazy old female cat to a serious one.

"Little fellow, have you seen it before?"

"Yes, I happened to see it half a year ago after Garcia's primordial soul ceremony. However, it seemed that I couldn't store it in my storage bag. I was worried that there was a trap, so I didn't take it away... Then a group of wizards started fighting for it, and I left." Levi said regretfully.

"You brat, you are really too cautious..." The witch rolled her eyes and gently poked Levi's forehead with her finger. "However, with your current strength, it is indeed impossible for you to take that key away. Otherwise, some old monsters will discover that your body is glowing and kill you."

"Thank you for your trust, Madam. I will accept this mission," said Levi.

Even if there were no benefits, he would still go.

He didn't care about the Lush Forest Witch, but he had the strength to save the members of the Gray Tower and Marlene.

"Then hurry up and go. I've prepared a rescue team for you. You're the team leader. The vice team leader will be Rose, I know you two are close." Triss said considerately.

Levi wanted to say that he could handle it alone, but he thought about it and decided that it would be too much. After all, there were so many third-circle wizards and a group of underlings. It did not seem reasonable for him to deal with them all by himself.

Moreover, the enemy was able to surround the Giant Tree Secret Realm, so they must have come prepared. Perhaps there was a fourth-circle dark wizard behind it. It was also a good thing to have a few more teammates.

After leaving Triss's residence, Levi headed straight for the witch's shop.

"Do you have any knowledge of spiritual force liquefaction and crystallization?" Levi asked.

The witch from the Witch's Shop looked at Levi, one of the few male wizards in the Witch's Family, and immediately stood up.

"Yes."

She flipped open a thick ancient book, and the words on it began to float in the air.

A menu appeared in front of Levi.

[Deep Sea Liquefaction Technique, Level Three. Author Unknown. Ancient Liquefaction Knowledge. Value: 100,000 Aether Stones.]

[Lightning Liquefaction, Level Two. Author Unknown. Ancient Liquid Knowledge. Value: 200,000 Aether Stones.]

[Extreme Cold Liquefaction, Level 1. Author: Frost Witch Gullwig. Modern Liquefaction. Value: 300,000 Aether Stones.]

[High-pressure crystallization method, third-grade. Author: Unknown. Modern liquification method. Value: 1 million Aether Stones.]

"Alright, there's no need to even think about the Crystal Phase. The most ordinary third-grade is already starting at 1 million Aether Stones. Indeed, knowledge is the most valuable, especially this kind of key knowledge that involves breaking through realms." Levi sighed in his heart.
