Chapter 914: Stab The Thunder Dragon, Snatch The Succubus! (5)

The moment the Blue Dragon Lady saw the small pagoda, her heart skipped a beat.

"He actually brought it out...What was this guy doing? Does he not intend to go to Dark Ancient Tower? Or could it be that the Thunder Dragon Family already has many keys?"

Just as Blue Dragon Lady was thinking.

Boom!

Suddenly, rays of light lit up the area around the entire island.

The light of the grand array that covered the entire island soared into the sky. In an instant, a dense lightning net surrounded the entire auction venue.

The lightning net emitted a destructive aura.

Levi's expression changed slightly.

"Fifth-circle array, Thunder God's Net...From the information that the Mind Flayers had sent me, I thought that Sorrett's plan was the same as before. He would frame the Blue Dragon Lady with some demons and then take the opportunity to make a move."

"From the looks of it, the Thunder Dragon Family was even more ruthless this time. They are planning to kill all the wizards who participated in this auction!"

"The Mind Flayers have a Scarlet Contract. They can't betray me. It seemed that Victor and Sorrett did not tell the Mind Flayers the truth from the beginning...Could it be that his plan had been seen through?"

"No, if the Mind Flayers were seen through, Victor's Feather would not have been given to him. It should be purely because Sorrett had a trump card..."

Levi did not panic. He was a third-circle array wizard. Although he did not know how to create the Thunder God's Net, he could find a weak point and focus all his strength on it to break out and escape.

Since he had already come, he could not return empty-handed. He had not seen the shadow of the succubus yet.

"Sorrett!"

The Blue Dragon Lady's expression changed. She had also guessed that Sorrett would attack her.

However, she had thought that the other party would at least find a reason to attack.

From the looks of it, the Thunder Dragon Family wanted to keep all the wizards who participated in the auction here. How arrogant was this?

Boom!

The Blue Dragon Lady and the Sea Serpent Grand Duke's auras erupted, and their fifth-circle spiritual force swept across the island. Sorrett's spiritual force clashed with them, and the corners of his mouth curled up.

"Sir Sorrett? What do you mean by this?" A few wizards who had not figured out the situation asked.

Sorrett ignored them. He waved his hand, and a rumbling sound suddenly came from below the island.

A mountain-like giant creature nearly a hundred meters tall appeared out of nowhere.

"A fifth-grade demon! Sorrett, you really colluded with the demons. This is illegal!" The Sea Serpent Grand Duke's expression changed.

"If everyone dies here, no one will know that I colluded with the demons." With a thought, Sorrett shot out a spear formed from lightning toward the Blue Dragon Lady.

The Sea Serpent Grand Duke charged at the fifth-grade demon.

At the same time, the fifth-circle array, the Thunder God's Net was shrinking.

Levi saw that some low-level wizards and third-circle wizards who had overestimated themselves were crashing into the thunder net like moths flying into a flame. It did not take long for them to turn into ashes. Those wizards who tried to use elemental spells to escape were also annihilated by the lightning. Some wizards wanted to escape by burrowing underground, but they discovered that there was also a dense thunder net below.

"If you want to blame someone, blame the Lord of Riptide City. This woman knew that there was a trap in this auction, but she didn't warn you all. She wanted you to die with her! Hahaha!" Sorrett laughed.

Around the island, the auras of more than ten Level 4 demons appeared. The Barr Flame Demon, the Four-Eyed Toad Demon...And the giggling succubus.

The succubus was holding a purple whip full of thorns. Purple flames were wrapped around it, emitting a strange fragrance that was intoxicating.

They had been hidden on the island by Sorrett with a high-level concealment array. Even the Blue Dragon Lady did not notice them.

The Succubus's Thorny Whip lashed at the low-level male wizards below. Their eyes were blurred, and then a crazy and deformed gaze was revealed. They panted heavily as they looked at the succubus's extremely good demonic body.

Some of them stood rooted to the ground and allowed the succubus to whip them until their skin was torn open and their souls were scattered. They did not resist. It was obvious how powerful the succubus's charm was!

It wasn't just the succubus. The other demons also began to happily kill and celebrate.

This was the killing feast that Sorrett held for the demons to satisfy their bottomless desire for destruction.

Somewhere on the island.

"Found it!"

Levi found his target.

At the same time, Blue Dragon Lady and Soret were fighting fiercely.

Guerdo found an opportunity to fly over and rush towards the Blue Dragon Lady.

Sorrett's eyes were cold. He attracted the Blue Dragon Lady's attention and created an opportunity for Guerdo to attack.

The Blue Dragon Lady suddenly sensed Guerdo's purple tendrils rushing toward her, and her expression changed.

"Mind Flayers?!"

How could she not understand that her commander, Guerdo, had long been possessed by the Mind Flayers under Sorrett and had been working as a spy by her side?

Hualala!

The Blue Dragon Lady's fifth-circle protective force field, Ice Dragon's Ring Dance.

Light up!

Under her blue robe, frost-blue scales appeared on her body. The scales, which were as white as jade, were protecting her.

Sorrett attacked the Blue Dragon Lady crazily. Lightning exploded around the Blue Dragon Lady, and purple light filled the sky.

The [Victor's Feather] in the Mind Flayers' hand was burning with black gas and emitting a destructive aura. Elsie's face was ashen. She was busy fighting with Sorrett and could only rely on her force field and her Dragon body to resist.

Crack!

Elsie's defensive force field cracked under Victor's Feather.

Victor's Feather continued to pierce deeper into Elsie's body. However, when it was about to pierce Elsie's body, it deviated a little and brushed past Elsie's waist.

The Mind Flayers pushed hard and injected all their demonic energy into Victor's Feather!

Boom!

Victor's Feather was completely ignited and turned into a black light!

Stab.

Before Sorrett could react.

The black feather pierced into Sorrett's lightning protective force field.

Then, it pierced his chest.

At this moment, black flames burned around Sorrett's body. His face turned black and green, looking extremely ugly.

"Guillermo?" Victor's hoarse voice suddenly sounded. "You betrayed me?"

"I'm sorry, I missed..."

Boom!

The Thunder Dragon descended from the sky.

It instantly hit Guerdo.

The Fourth-Circle Wizard's body exploded instantly.

The phantom of the Mind Flayers escaped.

"You can't escape!"

Victor's ferocious face appeared on Sorrett's face as well. A huge palm made of demonic energy grabbed towards the Mind Flayers.

In the next moment, an ice dragon struck the demonic palm and shattered it.

Lady Blue Dragon was also confused. She could not figure out which faction this Mind Flayer belonged to.

However, since the other party had backstabbed Sorrett, it meant that the other party was more likely to benefit her. Under such circumstances, she naturally had to make a move.

"Hehe, Sorrett, prepare to die."

The Blue Dragon Lady's expression was cold as she launched a terrifying killing move at the weakened Sorrett.

Take advantage of his weakness and take his life!

This was a great opportunity to destroy the Thunder Dragon Family in one fell swoop.

As for the big shot behind their family, Blue Dragon Lady had already thought of a countermeasure.

"Victor, hurry up and suppress your strength!" Sorrett roared at Victor in his body.

"I'm doing it. This damned Guillermo, what good does betraying me do him?" Victor was still confused.

Fortunately, Victor was the master of the Black Feather. He used a secret technique to temporarily preserve Sorrett's power.

Sorrett heaved a sigh of relief. He still had the fifth-circle array as his trump card. He still had a chance to save the situation. He also had Victor, the demon king. He might be able to summon the demonic spirit!

The thunder forged armor, the lightning illuminated the heavens!

Sorrett's momentum rose again, and he focused on his fight with the Blue Dragon Lady.

"Sorrett!" Suddenly, the succubus Miraya's desperate voice echoed throughout the island. "Sorrett, save me!"

Sorrett took a look.

A burly wizard covered in crimson golden scales and burning with flames rode on the succubus's slender waist and pressed Miraya down to the ground. His hands grabbed Miraya's throat and kept smashing her into the ground. Miraya's body was already covered in wounds and purple blood flowed out.

Miraya's four limbs were pressed down by a strange insect, a demonic corpse, a strange swordsman, and an alchemical creature.

Taking advantage of the chaos, Levi and his subordinates had already swarmed forward and subdued the succubus in no time. His Scarlet Power surged out and entered the succubus's forehead.

It was only when the Scarlet Dragon pattern appeared and disappeared that the succubus gave up struggling that he heaved a sigh of relief.

"Master..." The succubus was about to speak.

"Stop calling for your master, let's quickly retreat!"

Levi picked up Succubus Miraya and put her into Alice's ring. The four King Kong under his command cleared the way and flew towards a corner of the array.

"Snatching the Thunder Spear's woman in broad daylight is so f\*cking thrilling."
